GAZETTE NOTICE NO. 3071

## THE INDUSTRIAL COURT

CAUSE No. 46 OF 1976

## Parties:—

Amalgamated Union of Kenya Metal Workers  
and  
International Tractor (K) Ltd.

## Issues in dispute:—

Illegal and unapproved intended redundancy of 12 employees.

1. The Amalgamated Union of Kenya Metal Workers shall hereinafter be referred to as the Claimants and International Tractor (K) Ltd. shall hereinafter be referred to as the Respondents.

2. The parties were heard in Nairobi on the 31st day of August, 1976, and relied on their written and verbal submissions.

## AWARD

3. The Notification of Dispute Form "A" dated 24th May, 1976, duly signed by the parties was received by the Court on 22nd June along with the statutory certificate signed by the Labour Commissioner.

This dispute stems from the termination of the services of twelve employees of the Respondents with effect from 28th February, 1976.

Undated letters were handed sometime prior to 28th February, 1976, to the persons involved in this dispute and they were told the following:—

"It is regretted that as from 28th February, 1976, your services with this company will no longer be required.

As you know we are no longer the holders of the International Harvester Franchises and as such we have had to implement certain reorganizations within the company to counteract our loss of business.

However, with your pay packet for the month of February you will receive whatever leave pay there may be due to you on that date."

The Court would like to dispose of one point straightaway and that is the Claimants' allegation that these letters were served on the employees a day or two before 28th February. The Court is satisfied that although these letters are undated there is ample documentary evidence that they were served on the employees at least a month before the 28th of February as the Claimants on 2nd February, 1976, in a letter had referred to these undated circular letters declaring all the Respondents' employees redundant at the end of the month.

Without going into unnecessary details the position briefly is that the Respondents found towards the end of 1975 that with effect from November, 1975, International Harvester Company of Chicago franchise would be controlled by Lima Ltd. instead of the Respondents. This necessitated on the Respondents' part to drastically reduced their staff and on 15th November, 1975, they wrote a letter to the Claimants informing them of the situation and in that letter the relevant paragraph reads as follows:—

"On completion of successful negotiation with Lima Ltd. it is our intention to inform the staff of this company about the proposed changes and give the staff 30 days' notice from 30th November, 1975, and to terminate their employment by this company at the end of 1975. On that date it is assumed that Lima Ltd. will take physical possession of our premises in the event of sale going through before this date.

All payments due to staff including leave pay will be paid on the date of termination of employment."

On 21st November, 1975, the Claimants' General Secretary replied and in his reply there are two paragraphs which are reproduced hereinbelow because of their importance to this dispute as the Respondents have relied on them in order to justify their submissions:—

"I must make it clear that any such redundancy must comply with both the requirements of the Law and the terms of the collective agreement between you and ourselves. The Law requires that you seek the Union's agreement and in the case of the Union refusing the Industrial Court's sanction before you can declare any redundancies.

In view of the facts which you have explained in your letter under reference the Union will not withhold agreement

to the redundancy providing you give us the figure or number or persons to be affected in each grade. We would also like to know how many the new employer is taking on."

No further developments took place as far as the Respondents' employees were concerned until 26th January, 1976, when the Claimants raised the question of underpayment to their members contrary to the agreement between them and the Motor Trade & Allied Industries Employers' Association. The Respondents promptly corrected the underpayments and implemented the Association agreement.

On 21st January, 1976, the Claimants reported a trade dispute to the Minister for Labour on the issue of illegal and wrongful redundancy by the Respondents but the dispute was referred back to the parties to exhaust their own machinery as the discussions on this particular item had not been concluded at the J.I.C. meeting held on 21st January, 1976.

In the meantime on 30th January, 1976, the Respondents wrote to the Permanent Secretary, Ministry of Labour, informing him of the previous correspondence that had taken place between them and the Claimants and stating that it was their intention to declare 12 workers redundant as from 28th February, 1976. They further wrote as follows:—

"In view of the lapse of time since our letter to the Union on 15th November when we informed the Union of our intentions to declare staff redundant and their lack of response we assume everything is now in order for us to implement our decisions. We would be obliged therefore if you would now advise the Industrial Court of the action we are taking.

For your information 32 of our staff have already been offered employment by Lima Ltd. who have advertised in the National Press that they now are the appointed I.H.C. distributors for Kenya. It is our intention to retain 37 for the time being at our premises on Kampala Road and the balance of 12 as referred to in the first paragraph of this letter will receive their redundancy notices with their wage packet this month."

On 2nd March, 1976, the Permanent Secretary informed the parties that after having studied the correspondence on this matter he was of the view that they should discuss the matter in accordance with the appropriate machinery laid down in their recognition and collective agreements after which the matter could be reported to the Minister for Labour.

On 22nd April, 1976, the Claimants once again reported the dispute to the Minister for Labour which was accepted and as there was no settlement at the conciliation level the matter is before the Court.

During the hearing the parties informed the Court that three of the twelve employees involved had been reabsorbed by the Respondents, these three being Messrs. Josphat Endechei, Simon Kiponga and Jethero Amise.

The Claimants vigorously submitted that the Respondents had seriously violated the provisions of the Trade Disputes Act in declaring people redundant without the approval of the Industrial Court and further that the Respondents had tried to mislead the Ministry of Labour by stating that they the Claimants had not responded to their request to declare certain of their employees redundant. This the Claimants submitted was clearly false because they had written to the Respondents as far back as 21st November, 1975, that they would not withhold agreement to the redundancy provided the exercise was carried out in strict compliance with the provisions of the agreement between them.

The Claimants asked that the Court should make a deterrent award and ask the Respondents to pay each one of the remaining employees twelve months' wages as their services had been wrongfully terminated by the Respondents.

The Respondents gave a very detailed submission in which they set out the background to the International Harvester franchise and how they had lost it to Lima Ltd. This had resulted in their having lost about 85 per cent of their business and they further stood to lose a lot of money on unsold spares which Lima Ltd. had refused to buy from them.

The Respondents submitted that they had acted in good faith and had taken the Claimants' General Secretary's letter dated 21st November, 1975, to be their approval to the redundancy they intended to carry out. On this assumption they had thereafter followed the procedure as specified in the Permanent Secretary's circular to the unions and the employers on the subject matter of redundancy and the approval of the Industrial Court for such redundancies.

The Respondents submitted that redundancy was fully justified and if at all they may have committed a mistake inadvertently in not seeking the Court's approval before declaring their employees redundant then the Court should award a small additional pay to them for loss of employment.

The Respondents also tendered a cheque for Sh. 831 made out in the name of Theuri Kihiiu which represented the arrears due to him and which the Respondents had not paid when they adjusted the wages of their employees in implementing the Association agreement.

The Court was told that the following eleven employees were affected by this dispute:—

"Daniel Mwangi—Watchman (day).  
Theuri Kihiiu—Watchman (night).  
Rose Oduol—Telephone operator.  
Moses Inyarya—Clerk.  
Josphat Endechi—Labourer.  
Simon Kipkonga—Labourer.  
Humphrey Eshirisha—Welder.  
Jethero Amisi—Labourer.  
James Mutinda—Labourer.  
Robert Olechiri—Welder.  
Suleiman Jagona—Labourer."

Out of the above eleven, No. 5, 6 and 8 have been absorbed by the Respondents so they are not affected by this dispute.

The Court is satisfied that the Respondents have indeed slipped up in not following the proper procedure re redundancy matters and in not obtaining the Industrial Court's approval for these redundancies.

The letter dated 21st November, 1975, from the Claimants' General Secretary on which the Respondents have relied so heavily in this case is no more than an intimation by the Claimants to the Respondents that they would sympathetically consider their request for declaring some of their employees redundant as and when they decided to embark on such an exercise. It is quite clear that the Claimants had promptly responded to the Respondents' first feeler after which they waited for further developments on the part of the Respondents who unfortunately after having kept quite until towards the end of January, 1976, served letters of termination on the employees concerned informing them that their services would be terminated because of redundancy on 28th February, 1976.

The Court is further satisfied that the loss of International Harvester franchise to the Respondents has indeed affected their business adversely and that this has necessitated their reducing the number of their employees.

After careful consideration of all the submissions the Court finds that the redundancy of the aforesaid employees by the Respondents was justified but unfortunately for them they failed to obtain the approval of the Industrial Court before declaring them redundant.

The Court would like to clarify for the benefit of the parties that the circular issued by the Permanent Secretary, Ministry of Labour, on the subject matter of redundancy does not supercede the provisions of the Trade Disputes Act and it is only intended to facilitate the approval of the Industrial Court in matters of redundancy. Even where parties agree to a redundancy such agreement has got to be formally approved by the Industrial Court.

The Court finds for the aforesaid reasons that the services of the aforesaid eight employees were wrongfully terminated on grounds of redundancy as no prior approval of the Industrial Court had been obtained.

The Court awards that all of them should be paid four months' wages each by way of compensation for the wrongful dismissal they have suffered.

Given in Nairobi this 11th day of October, 1976.

## GAZETTE NOTICE No. 3074

## THE TRADE MARKS ACT

(Cap. 506)

NOTICE is hereby given that any person who has grounds of opposition to the registration of any of the trade marks advertised herein according to the classes may, within 60 days from the date of this Gazette, lodge notice of opposition on Form T.M. No. 6 (in duplicate) together with a fee of Sh. 50.

Notice is also hereby given that official objection will be taken under rule 21 (3) to all applications in which the specification claims all the goods included in any class unless the Registrar is satisfied that the claim is justified by the use of the mark which the applicant has made, or intends to make if and when it is registered. Where an applicant considers that a claim in respect of all the goods included in a class can be justified it will save unnecessary delay in examining applications if a claim is filed simultaneously with the application, accompanied in appropriate cases by supporting documents.

The period for lodging notice of opposition may be extended by the Registrar as he thinks fit and upon such terms as he may direct. Any request for such extension should be made to the Registrar so as to reach him before the expiry of the period allowed.

Formal opposition should not be lodged until after reasonable notice has been given by letter to the applicant for registration so as to afford him any opportunity of withdrawing his application before the expense of preparing the notice of opposition is incurred. Failure to give such notice will be taken into account in considering any application by an opponent for an order for costs if the opposition is uncontested by the applicant.

Where it is stated in the advertisement of the applicant that the mark, upon its registration, is to be limited to certain colours, the colours are, as far as possible, indicated in the accompanying representations of the mark in the usual heraldic manner.

Representations of the marks advertised herein can be seen at the Trade Marks Registry, State Law Office, Nairobi.

Applications for registration in Part A of the Register are shown with the official number unaccompanied by any letter. Applications for Part B are distinguished by the letter B prefixed to the official number.
