GAZETTE NOTICE No. 4388

THE ANTI-CORRUPTION AND ECONOMIC CRIMES ACT

(No. 3 of 2003)

FIRST QUARTERLY REPORT FOR THE YEAR 2010 COVERING THE
PERIOD 1ST JANUARY, 2010 TO 31ST MARCH, 2010*Preamble:*

The Kenya Anti-Corruption Commission is required under section 36 of the Anti-Corruption and Economic Crimes Act, 2003, to prepare quarterly reports setting out the number of reports made to the Attorney General under section 35.

Section 35 provides that:

1. Following an investigation, the Commission shall report to the Attorney General on the results of the investigation.
2. The Commission's report shall include any recommendation the Commission may have that a person be prosecuted for corruption or economic crime.

Section 36 provides that:

1. The Commission shall prepare quarterly reports setting out the number of reports made to the Attorney General under section

35 and such other statistical information relating to those reports, as the Commission considers appropriate.

2. A quarterly report shall indicate if a recommendation of the Commission to prosecute a person for corruption or economic crime was not accepted.
3. The Commission shall give a copy of each quarterly report to the Attorney General.
4. The Attorney General shall lay a copy of each quarterly report before the National Assembly.
5. The Commission shall cause each quarterly report to be published in the Gazette.

This report is therefore made pursuant to section 36 of the Anti-Corruption and Economic Crimes Act, 2003. The report covers the first quarter of the year 2010, and is for the period commencing 1st January, 2010 to 31st March, 2010

INVESTIGATIONS COVERING THE PERIOD 1ST JANUARY TO
31ST MARCH, 2010

KACC/FI/INQ/141/09

Inquiry into allegations that the acting Deputy Director, Secondary and Tertiary Directorate of the Ministry of Education misappropriated an imprest in the sum of KSh. 5,545,300 that was meant for conducting workshops described as Sensitization/Capacity Building Workshops on Secondary School Infrastructure Management in Western, Nyanza and Rift Valley Regions. The investigation revealed that the suspect misappropriated the imprest and purported to surrender the same using false documents. A report was compiled and forwarded to the Attorney General on 1st February, 2010 with recommendations for prosecution of the suspect for the offences of fraudulent acquisition of public property contrary to section 45 (1) (a) and abuse of office contrary to section 46 of the Anti-Corruption and Economic Crimes Act, 2003.

The Attorney-General accepted the recommendation for prosecution on 11th February, 2010.

KACC/INQ/FI/145/2009

Inquiry into allegations of embezzlement of KSh. 1,945,000 by a Deputy Director of Education, while conducting a sensitization Capacity Building Workshop on Management of Instructional materials in Secondary Schools for Coast Province. The investigations carried out revealed that whereas the suspect received the imprest, he did not utilize it for the intended purposes. In surrendering the imprest, the suspect used false documents that were forgeries. A report was compiled and forwarded to the Attorney General on 3rd February, 2010 with recommendations that the suspect be prosecuted for fraudulent acquisition of public property contrary to section 45 (1) (a) of the Anti-Corruption and Economic Crimes Act, 2003, as well as false accounting by a public officer contrary to section 331 (1) and uttering false documents contrary to section 353 of the Penal Code.

The Attorney-General accepted the recommendation for prosecution on 11th February, 2010.

KACC/AT/INQ/7/F

Inquiry into allegations of irregular purchase of land L.R No. 14759/2 Machakos for cemetery use by the City Council of Nairobi. The investigation established a well orchestrated fraud in which Nairobi City Council was misled by its officers in collusion with others into buying a parcel of land unsuitable for the purpose for which it was intended and at a price of KSh. 283,200,000.00 which price was far above the fair market value of land in similar location. A report was compiled and forwarded to the Attorney General on 1st April 2010, recommending that a number of suspects be charged with offences including breach of procurement laws and regulations, wilful neglect of duty and conspiracy to commit fraud against the public.

The Attorney General's response is awaited.

KACC/FI/INQ/02/2010

Inquiry into allegations that an Assistant Director of Education, misappropriated KSh. 7,230,065 from the World Bank/Government funded Kenya Education Sector Support Program (KESSP), purportedly in conducting workshops to train 2,500 Primary School representatives on HIV/AIDS prevention and life skills. The

investigation revealed that the suspect embezzled the imprest received, and purported to surrender it using false documents. A report was compiled and forwarded to the Attorney General on 5th February, 2010 recommending that the suspect to be charged with false accounting by a public officer contrary to section 331 (1) of the Penal Code and knowingly making a false statement to ones principal contrary to section 41 (1) of the Anti-Corruption and Economic Crimes Act, 2003

The Attorney-General accepted the recommendation for prosecution on 11th February, 2010.

KACC/FI/INQ/149 (a) /2009

Inquiry into allegations that an Assistant Director of Education, Ministry of Education embezzled a sum of KSh. 9, 732,000, from the World Bank/Government funded Kenya Education Sector Support Program (KESSP) that was intended for conducting workshops to train primary school teachers on HIV/AIDS prevention and life skills. The investigation revealed that the suspect embezzled the imprest received, and purported to surrender it using false documents. A report was compiled and forwarded to the Attorney General on 19th March, 2010, recommending that the suspect be charged with false accounting by a public officer contrary to section 331 (1) of the Penal Code and deceiving principal contrary to section 41 (1) of the Anti- Corruption and Economic Crimes Act, 2003.

The Attorney-General accepted the recommendation for prosecution on 6th April, 2010.

KACC/INQ/144/09

Inquiry into allegations that an Acting Assistant Director of Education, Ministry of Education misappropriated KSh. 3,334,600/= meant for the World Bank/Government of Kenya funded Education Sector Support Program purportedly in conducting double shift sensitization workshops for secondary schools in Kisumu and Mombasa. The investigation established that the suspect surrendered the imprest using fake receipts and forged reimbursement schedules. A report was compiled and forwarded to the Attorney General on 8th February, 2008 with recommendations that the suspect be charged with the offence of false accounting by a public officer contrary to section 331 (1) of the Penal Code and deceiving principal contrary to section 41 (2) of the Anti- Corruption and Economic Crimes Act, 2003.

The Attorney-General accepted the recommendation for prosecution on 11th February, 2010.

KACC/FI/INQ/142B/09

Inquiry Into allegations that a Senior Education Officer at the Ministry of Education misappropriated an imprest of Kshs 3,161,000 from the World Bank funded Kenya Education Sector Support Project (KESSP) to facilitate a workshop on Management of Instructional Materials in Secondary Schools for North Rift. Investigations revealed that he surrendered the said imprest using false documents. A report was compiled and forwarded to the Attorney General 8th February, 2010, with recommendations that the suspect be charged with the offences of fraudulent acquisition of public revenue contrary to section 45 (1) (a) of the Anti-Corruption and Economic Crimes Act, No. 3 of 2003, false accounting by a public officer contrary to section 331 (1) of the penal code and several counts of uttering false documents contrary to section 353 of the Penal Code.

The Attorney-General accepted the recommendation for prosecution on 11th February, 2010.

KACC/INQ/FI/143/2009

Inquiry into allegation of misappropriation of KSh. 1,478,581 by a Deputy Director of Education, while carrying out Infrastructure Needs Assessment for secondary schools in the Coast Province. The investigations carried out revealed that the imprest in question was received by a Senior Education Officer who went to the Coast Province to facilitate and conduct the exercise. The investigation also showed that at the time of surrendering the said imprest, the said officer used false documents to purport to explain the expenditure. A report was compiled and forwarded to the Attorney General on 10th February, 2010 with recommendations that the suspect be prosecuted for the offence of false accounting by a public officer contrary to section 331 (1) of the Penal Code and giving a false statement to one's principal contrary to section 41 (2) of the Anti- Corruption and Economic Crimes Act, 2003.

The Attorney-General accepted the recommendation for prosecution on 11th February, 2010.

KACC/FI/INQ/142A/09

Inquiry Into allegations that a Deputy Director of Education at the Ministry of Education misappropriated an imprest of KSh. 1,790,256 from the World Bank funded Kenya Education Sector Support Project (KESSP) while conducting a Capacity Building Workshop on management of instructional materials in secondary schools. Investigations established that the suspect surrendered the said imprest using forged hotel receipts and payment schedules. A report was compiled and forwarded to the Attorney General on 10th February, 2010 with recommendations that the suspect be charged with the offences of fraudulent acquisition of public revenue contrary to section 45 (1) (a) of the Anti-Corruption and Economic Crimes Act, No. 3 of 2003, fraudulent false accounting by a public officer contrary to section 331 of the penal code, uttering false documents contrary to section 353 of the Penal Code and abuse of office contrary to section 46 of the Anti-Corruption and Economic Crimes Act, No. 3 of 2003 .

The Attorney General accepted the recommendation for prosecution on 11th February, 2010.

KACC/FI/INQ/ 27/09

Inquiry into allegations of fraudulent payment of KSh. 5 million by National Aids Control Council (NACC) officers to M/s Plutonic ICT Ltd. It was alleged that M/s Plutonic ICT Ltd were awarded a contract to survey, design, install and commission Local Area Network for NACC; received payment, but they did not render fully the services for which the payment was made. The investigation established that contrary to the said allegations, the Local Area Network was installed and working and the payment was therefore not irregular. No impropriety or offence was established. A report was compiled and forwarded to the Attorney General on 9th February, 2010, recommending closure of the inquiry file.

The recommendation for closure was accepted by the Attorney General on 11th March, 2010.

KACC/MSA/FI/INQ/13/2008

Inquiry into allegations of abuse of office by the Director of Matuga Government Training Institute. The investigation revealed that the Director of the said institute in collusion with the director of a private company manipulated the procurement procedures to favour the said company. The Director received several payments that were made after several supply contracts were awarded to the private company. The investigation established that the Institute's Director placed himself in a position of conflict of interest with his employer by acquiring an interest in the supply contracts emanating from the Institute that he was heading. A report was compiled and forwarded to the Attorney General on 11th February, 2010 recommending that the suspect be charged with the offence of abuse of office contrary to section 46 and conflict of interest contrary to section 42 (3) respectively, of the Anti- corruption and Economic Crimes Act, 2003.

The Attorney-General accepted the recommendation for prosecution on 11th February, 2010.

KACC/FI/INQ/94/2005

Inquiry into allegations of abuse of office against a former Receiver Manager for Muhoroni Sugar Company Ltd (in receivership) . The investigation revealed that a Receiver Manager of Muhoroni Sugar Company Ltd (in receivership) had placed a sum of KSh. 100 million for investment purposes with a stock brokerage company he was associated with. The investigation established that in the course of his functions as a Receiver/Manager; the suspect gave instructions to the then Financial Controller of Muhoroni Sugar Company to transfer an amount of KSh. 100 million from its account to the brokerage company for investment. The Receiver/Manager disregarded clear guidelines issued by the appointing authority regarding the receivership. He also acted in conflict of interest by using public funds for investment by his own company. A report was compiled and forwarded to the Attorney General on 18th January, 2010, with the recommendation that the suspect be charged with abuse of office contrary to section 46 and conflict of interest 42 (3) respectively, of the Anti- corruption and Economic Crimes Act, 2003.

The Attorney-General accepted the recommendation for prosecution on 22nd March, 2010.

KACC/MSA/FI/INQ/14/2009

Inquiry into allegations that an importer and a clearing agent colluded with officers at Kenya Bureau of Standards (KEBS) and Kenya Revenue Authority (KRA) to allow the importation of 32 used vehicles which were more than eight years old into Kenya contrary to Regulation KS 1515:2000 of KEBS. The investigation established that before any imported used motor vehicles were cleared for release into the country, it had to be verified that they met the age requirement stipulated in KS 1515:2000. This verification was the responsibility of the officers at KEBS and KRA. The investigation revealed that the verification and inspection officers from the two institutions failed to carry out the verification of both the vehicles and the import documents to ascertain the year of manufacture of the vehicles. Instead they passed the vehicles and issued release orders. The 32 vehicles were later inspected and found to be over eight years old. They were impounded before they could be released to the importers. The investigation also established that the clearing agents presented forged import documents. A report was compiled and forwarded to the Attorney General on 22nd March 2010, with recommendations that the KEBS and KRA officers be charged with the offence of deceiving principal, abuse of office and wilful neglect to perform official duty; and the importers and clearing agents be charged with conspiracy, and uttering false documents.

The Attorney General accepted the recommendation for prosecution on 6th April, 2010.

KACC/MSA/INQ/9/2007

Inquiry Into allegations of a flawed procurement of two ship to shore cranes by the Management of Kenya Ports Authority (KPA). The allegation was that KPA intended to enter into a contract with an Italian Firm for the supply of the two cranes without obtaining the necessary approvals, and there was no quality assurance clause in the intended contract. The investigation revealed that had KPA proceeded with the award of the contract, they would have flouted the procurement regulations. However, before the contract could be executed, KACC intervened to stop it. No offence was disclosed since the contract was not entered into. A report was forwarded to the Attorney General on 11th February, 2010, recommending the closure of this inquiry.

The Attorney-General accepted the recommendation for closure on 16th March, 2010

KACC/FI/INQ/25/2009

Inquiry into allegations of irregular increment of the salary of the Director General of the National Environment Management Authority (NEMA). The investigation revealed that the Director General applied for a salary review which was approved by NEMA's Finance and Establishment Committee. The Board of NEMA also gave its approval. Prior to the salary increment being effected, the approval of the PS Ministry of Environment was required. The investigation revealed that prior to the PS giving his approval; the Director General directed that his salary increment be effected immediately. In authorizing the payment before Ministerial approval, the Director General and the Director of Finance and Administration failed to comply with specific guidelines that were applicable to the subject. A report was compiled and forwarded to the Attorney General on 4th January, 2010, recommending that the two officers be charged with wilful failure to comply with procedures relating to incurring of expenditure and procurement contrary to section 45 (2) (b) of the Anti-Corruption and Economic Crimes Act, 2003

The Attorney-General returned the file on 1/4/2010 with the advice that administrative action be taken instead.

KACC/FI/INQ/3/2009

Inquiry into allegations that the former Managing Director of Kenya Tourist Board (KTB), misappropriated KSh. 38,007,173 meant for the operations of KTB by making direct payments to M/s Prime Outdoor Network Limited for advertising services that were not rendered. The investigation established that the procurement in respect of the advertising services, to prime Outdoor Network Ltd had not been planned nor budgeted for by KTB. The procurement was not deliberated upon by the Tender Committee of KTB. It was also established that the company awarded the contract for advertising did not render the services fully. A report was compiled and forwarded to the Attorney General on 25th February, 2010, recommending that the suspect be charged with abuse of office contrary to section 46, wilful

failure to comply with the law relating to procurement contrary to section 45 (2) (b) and fraudulently making payment from public revenue for services not rendered contrary to section 45 (2) (a) (iii) of the Anti-Corruption and Economic Crimes Act, 2003

The Attorney General's response is awaited.

THE NATIONAL ENVIRONMENT MANAGEMENT AUTHORITY

ENVIRONMENTAL IMPACT ASSESSMENT STUDY REPORT FOR THE PROPOSED SETTING APART OF 50,000 HECTARES OF TRUST LAND FOR JATROPHA CULTIVATION IN BUNGALE AREA, COUNTY COUNCIL OF MALINDI

INVITATION OF PUBLIC COMMENTS

PURSUANT to regulation 21 of Environmental (Impact Assessment and Audit) Regulations, the National Environment Management Authority (NEMA) has received an environmental impact assessment study report for the proposed Jatropha cultivation.

The proponent of the proposed project intends to lease 50,000Ha of land from the County Council of Malindi to support the cultivation of Jatropha for an initial period of 33 years.

The project site is situated about 120km north of Mombasa and approximately 27km to the North West of Malindi town and in the newly created Marafa District (formerly Malindi District).

The project anticipates the following impacts and mitigation measures:

<i>Possible Impacts</i>	<i>Mitigation Measures</i>	
Impact on biodiversity	<ul style="list-style-type: none"> No part of the cultivated area under <i>Jatropha</i> shall include or be in close proximity to Dakatcha Woodlands. An appropriate buffer zone shall be created through establishment of woodlots in areas towards the woodland. The areas to be leased for cultivation of <i>Jatropha</i> shall be those that do not threaten the woodland and initial activities shall be implemented on an experimental basis to allow for research and consultations. The Kenya <i>Jatropha</i> Energy Limited shall have an obligation under the lease agreement to support initiatives (Nature Kenya and Arocha Kenya) aimed at the conservation and management of the woodland for the benefit of the local community. The <i>Jatropha</i> oil processing plant shall be set as far away from the woodland area as practical. No access routes shall be constructed through or near the woodland in compliance with the provisions of the Forest Act, 2005. An ecological buffer zone to include community managed conservation areas shall be established between the <i>Jatropha</i> farm and the forest. The design of the farm units shall include provisions for establishing woodlots of casuarinas (or other drought resistant plants as research and consultations may inform) 	<p>provided to affected households</p> <ul style="list-style-type: none"> Important cultural and ceremonial sites for the community should be preserved within the farm plan for the cultivation of <i>Jatropha</i>. The areas set aside for community farming should focus on developing the local subsistence agricultural practices i.e. the farming of maize and pineapples especially in the Bungale and Marafa areas.
		<p>Solid wastes</p> <ul style="list-style-type: none"> Provide for composition of cleared vegetative material to make organic manure for use by local farmers and as input to the process of establishing <i>Jatropha</i> stands. Woody shrubs should be selected for use by the local community as wood fuel. Wrappings and plastic materials for farm tools and implementations should be disposed in designated areas in line with the Waste Management Regulations. Where necessary, the proponents will liaise with the County Council of Malindi to identify spoil dumping areas during land preparation. In the case of transportation of waste, the proponent will procure the services of NEMA licensed waste handler. Use of the seed cake for making of fertilizer for use in the <i>Jatropha</i> farms or for sale to out growers
		<p>Air pollution</p> <ul style="list-style-type: none"> Obtain serviceable machinery with low emissions standards Working in less windy conditions Ensure that all workers are provided with Personal Protective Equipment Working under wet conditions were practical
Land tenure	<ul style="list-style-type: none"> Since the proposed farming is large scale and over 70% of the proposed land for <i>Jatropha</i> cultivation is inhabited, it is proposed that the proponent begins setting up farms in areas that are not inhabited by local communities. This strategy will beget several advantages in that it will ensure adequate time for community concerns mainstreaming into the project and assist the community in appreciating the value of the project. Since some of the members of the community have indicated that they would not like to be resettled elsewhere, the proponent might consider developing the villages to house the workforce and develop agreements with the local community to use their farms as outgrowers. For those who opt to be relocated voluntarily, the proponent will put in place measures to ensure that a competitive resettlement action plan (RAP) is developed and agreed upon between the community members affected, county council of Malindi, local administration, politicians and the proponent. Ensure that any resettlement does not in any way impact negatively on social networks within the community. That the resettlement is tailored to enhance the economic benefits likely to be generated by the project to the community. Adequate relocation compensation is 	<p>Noise pollution</p> <ul style="list-style-type: none"> Ensure that the machines acquired for use in preparing the farms meet national and international standards <p>Effluent management</p> <ul style="list-style-type: none"> Design and implement a waste water recycling/treatment plant especially for the processing and use in irrigation systems in line with the standards specified under Legal Notice No. 120 of 2006. Ensure that discharge of effluent residuals to the environment conforms to the standards set out in the Third Schedule of the Water Quality Regulations. Upon commencement of operations of the processing plant, apply and obtain an effluent discharge license from NEMA in line with Legal Notice No. 120 of 2006. Ensure the effluent from workforce quarters (black water) shall be treated and discharged into the environment with standards equivalent to the specifications on schedule III of Legal Notice No.120 of 2006. <p>Energy resources use</p> <ul style="list-style-type: none"> The proponent shall carry out an energy audit prior to the commencement of the operations of the <i>Jatropha</i> processing plant.

- Comply with the Energy Act, 2006.
 - Only energy saving machinery shall be installed within the processing plant.
 - For lighting purposes within the plant and workforce quarters, energy saving bulbs shall be installed.
 - Awareness will be created among all members of staff on energy saving measures and policy as will be documented by the proponent before commencement of operations.
 - The power generation plant and the biogas production facilities proposed under the project shall be subject to an Environmental Impact Assessment, each on its own merit
- Health and safety
- Health and safety regulation no.15 of 2007 shall be adhered to during land preparation activities.
 - All workers shall be trained in health and safety skills especially in safe working procedures, for farm tools and machinery
 - The proponent shall provide all workers with Personal Protective Equipment (PPE) for their health and safety and ensure that they comply with their use all the time during land preparation activities
 - There shall be an emergency response plan developed for the farm preparation activities
 - The proponent will always ensure that there is standby vehicle within the sites being prepared at any given time to provide ambulance service in the event of an accident or injury
 - A first aid kit and trained personnel in this regard shall be availed to the workers at all times during land preparation activities.

The full report of the proposed project is available for inspection during working hours at:

KAREN/NAIROBI

INVITATION OF PUBLIC COMMENTS

PURSUANT to regulation 21 of Environmental (Impact Assessment and Audit) Regulations, the National Environment Management Authority (NEMA) has received an environmental impact assessment study report for the implementation of the University of Air Travel and Related Studies.

The Proposed project entails construction of the following:

- Administration and academic blocks
- Ladies hostel blocks, Men's hostel blocks
- Dinning hall and auditorium, Students' centre, Graduation square
- Staff quarters (principal and senior staff residence).
- Garage
- Sports field (site for future expansion)
- Cold water storage tanks to specification.
- Strip foundation on solid ground.
- All openings to habitable rooms to have permanent vents (P.V).
- All drainage pipes laid under building and driveway to be of PVC type/concrete surround.
- Water metre to be 300mm above G.L.
- 200mm thick smooth dressed masonry wall with fair faced recessed horizontal joints.
- Dump proof course under all walls 150mm above G.L.

The project is located about 3 km. off Dagoreti road through Rhino Park road on LR. Nos. 11916/18, 11916/19 and 12252/24, Karen/Nairobi.

The project anticipates the following impacts and mitigation measures:

Possible Impact	Mitigation measures
Air, dust and noise pollution	<ul style="list-style-type: none"> • Ensure strict enforcement of on-site speed limits • Avoid excavation works in dry weather and sprinkle water to reduce dust generation. • Restrict construction activities to day time only. • Ensure that noisy machineries are insulated/temporary fencing. • Use appropriate personal protective equipments (PPEs). • Noise hazard signs should be put displayed where necessary. • Machinery should be well lubricated and serviced.
Clearance of vegetations and soil erosion	<ul style="list-style-type: none"> • Establish grass lawns, flower gardens and trees around and within the site. • Minimize disturbance to flora and fauna in the neighbouring areas • Apply soil erosion control measures • Reuse the topsoil in landscaping other places.
Waste management	<ul style="list-style-type: none"> • Proper containment & disposal of solid waste in all project phases • Segregate, separate and re-use construction wastes. • Contract a licence waste collection and

ENVIRONMENTAL IMPACT ASSESSMENT STUDY REPORT FOR THE PROPOSED TRANSMISSION LINE 132KV LESSOS- KABARNET-NYAHURURU-NANYUKI

INVITATION OF PUBLIC COMMENTS

PURSUANT to regulation 21 of Environmental (Impact Assessment and Audit) Regulations, the National Environment Management Authority (NEMA) has received an environmental impact assessment study report for the proposed Lessos-Kabarnet-Nyahururu-Nanyuki 132kV transmission line.

The proposed development will involve construction of a new single circuit 132kV transmission line between Lessos-Kabarnet-Nyahururu-Nanyuki covering 235km.

The project anticipates the following impacts and mitigation measures:

Possible Impacts	Mitigation Measures
Terrestrial Habitat Alteration	<ul style="list-style-type: none"> • Re-vegetation of disturbed areas with native plant species. • Undertake selective clearance by removing tall woody species leaving saplings, for quick regeneration of vegetation along the way-leave.
Aquatic habitat alteration	<ul style="list-style-type: none"> • Minimizing clearing and disruption to riparian vegetation.
Power line related avifauna mortalities	<ul style="list-style-type: none"> • Minimize collision, undertake wire-marking to alert birds to the presence of power line, allowing them time to avoid the collision. • Build raptors platforms on top of pylons for roosting and nesting.
Soil erosion	<ul style="list-style-type: none"> • Soils excavated for the erection of towers should be used for re-filling and should not be left exposed to wind or water for long periods. • The contractor should avoid steep terrain during the transportation of construction material by using alternative routes or use light vehicles where appropriate. • Riverine vegetation should be minimally disturbed during the construction phase to reduce soil erosion and safeguard riverbank protection. • Re-plant degraded areas with local species common in the area to complement natural vegetation regeneration to improve ground cover.
Air Pollution (dust, fuel emissions)	<ul style="list-style-type: none"> • Control speed of construction vehicles. • Prohibit idling of vehicles. • Water should be sprayed during the construction phase on excavated areas. • Regular maintenance of plant and equipment. • Provision of dust masks for use when working in dusty conditions.
Water Pollution	<ul style="list-style-type: none"> • Maintenance of construction vehicles should be carried out in the Contractor's camp.
Management of Solid Waste	<ul style="list-style-type: none"> • Contractor must dispose solid wastes away from the site to an approved disposal site.
Management of Hazardous substances	<ul style="list-style-type: none"> • Use of designated areas for repair and maintenance of machinery e.g. garages to avoid fuels and lubricant spills at the camp-site.
Risk of fire	<ul style="list-style-type: none"> • Establishing a network of fuel breaks of less flammable materials or cleared land

 - Deactivating and properly grounding live power distribution lines before work is performed on, or in close proximity, to the lines.
 - Ensuring that live-wire work is conducted by trained.
 - Workers should not approach an exposed energized or conductive part even if properly trained.
- Working at heights
- Testing structures for integrity prior to undertaking work.
 - Implementation of a fall protection program that includes training in climbing techniques and use of fall protection measures.
 - Inspection, maintenance, and replacement of fall protection equipment.
 - Installation of fixtures on tower components to facilitate fall protection systems.
 - An approved tool bag should be used for raising or lowering tools or materials to workers on structures.
 - Use of helmets and other protective devices will mitigate against scratches, bruises, punctures, lacerations and head injuries due to dropping objects.
- Spread of Diseases
- Education, guidance and counseling on HIV/AIDS and other STDs – construction staff.
 - Avail condoms to construction staff.
- Land acquisition and Resettlement
- Ensure that the displaced persons are:
 - Informed about their options and rights pertaining to resettlement.
 - Consulted on, offered choices among, and provided with alternatives.
 - Provided prompt and effective compensation at full replacement cost for losses of assets attributable directly to the project.
 - Offered support after displacement, for a transition period, based on a reasonable estimate of the time likely to be needed to restore their livelihood and standards of living.
 - Provided with development assistance in addition to compensation measures.
- Visual impact
- Extensive public consultation during the planning of power line and power line right-of-way locations.

ENVIRONMENTAL IMPACT ASSESSMENT STUDY REPORT FOR THE PROPOSED SHREEJI SILICATE PLANT ON LR NO. 548/V/MN MIRITINI, MOMBASA

INVITATION OF PUBLIC COMMENTS

PURSUANT to regulation 21 of Environmental (Impact Assessment and Audit) Regulations, the National Environment Management Authority (NEMA) has received an environmental impact assessment study report for the proposed silicate plant.

The proposed Project will include construction of a godown, installation equipment including furnace to produce sodium silicate through the thermal process with a solid (cullet) product that is easy to handle and transport.

The proposed project site is within a fast growing industrial area located approximately 7 km from Mombasa city centre along Mombasa–Nairobi Highway on LR No. 548/V/MN, Miritini, Mombasa.

The project anticipates the following impacts and mitigation measures:

Possible Impacts	Mitigation Measures
Soil Erosion	<ul style="list-style-type: none"> • Control earthworks • Rehabilitate degraded environmental to avoid siltation and was offs. • Compact loose soils • Landscaping • Ensure management of excavation activities. • Control activities especially during rainy conditions. • Provide soil erosion control and conservation structures where necessary. • Proper disposal of excavated loose soil.
Garbage and solid waste Management	<ul style="list-style-type: none"> • Collect and separate the waste into recyclable and non-recyclable • Use a NEMA registered contractor for disposal.
Air Pollution through dust and Gaseous Emissions.	<ul style="list-style-type: none"> • Prohibit idling of vehicles at site during construction. • Water should be sprayed during the construction phase to excavated areas. • Regular maintenance of construction plant and equipment. • Enclosing the site.

COMMUNITY COMPRISING OF 569 LUXURIOUS APARTMENTS AND ASSOCIATED AMENITIES

INVITATION OF PUBLIC COMMENTS

PURSUANT to regulation 21 of Environmental (Impact Assessment and Audit) Regulations, the National Environment Management Authority (NEMA) has received an environmental impact assessment study report for the proposed construction of residential apartments and associated amenities.

The proposed project entails construction of 569 luxurious 3 bedroomed apartments with associated parking spaces, common Masjid with Madrasa, recreational area and drilling of a borehole.

The project anticipates the following impacts and mitigation measures:

Possible Impacts	Mitigation Measures
Soil erosion and siltation	<ul style="list-style-type: none"> • Site excavation works to be planned such that a section is completed and rehabilitated while another section begins • Apply soil erosion control measures such as leveling of the project site to reduce run off velocity and increase infiltration of storm water in to the soil
Noise Pollution	<ul style="list-style-type: none"> • Construction works will entirely be planned to be during day time. No construction shall be undertaken at night • Ensure that all generators and heavy duty equipment are insulated • Workers operating noisy machinery should be provided with ear muffs or plugs • Noise hazard signs should be put displayed where necessary • Iron sheets or other suitable means should be used to reduce noise exposure to neighbours or passersby • Noisy machinery should be modified or replaced with better machinery, well lubricated and serviced • Construction should take shortest time possible
Solid and Liquid waste generation	<ul style="list-style-type: none"> • Provide waste collection bins, segregate at source and ensure NEMA licensed transporter collects the waste for appropriate disposal • Make provisions for sanitary facilities • Construction debris and materials to be disposed off at sites approved by the City Engineer and in accordance with the Waste Management regulations of 2006 • The building designs provide for sanitary facilities which will be connected to NCWSC sewage system • Use tamper proof and good quality fittings • Open drains adjacent to site will be used • Construction of water storage tanks to collect storm water for construction purposes and gardening
Blockage of Access Road	<ul style="list-style-type: none"> • Alternative access for vehicles and pedestrians passing by the site can be arranged with the City Council of Nairobi • Transportation of construction materials

	to and from the site should be done during weekends and off peak hours
Air / Dust pollution	<ul style="list-style-type: none"> • Set maximum on-site speed at 10Km per hour • Ensure strict enforcement of On-site speed limit regulations • Avoid excavation works in extremely dry weather • Sprinkle water on graded access routes each day to reduce dust generation by construction vehicles • Provide appropriate dust screens to reduce dust exposure • Provide dust masks to workers in extreme dust producing operations • Maximize the use of manual labour and hand tools • Avoid spillage of loose soil to the road where it will be disturbed and blown away by traffic
Oil Spills	<ul style="list-style-type: none"> • Ensure that all transport and construction equipment are in good serviceable condition and no service is carried out on site • Ensure that no fuels or oils are stored on site but procure them when needed
Occupational health and safety	<ul style="list-style-type: none"> • Provide suitable PPEs to all workers • Reserve each PPE for one worker to avoid sharing • Provide adequate sanitary convenience and in a clean state • Provide wholesome drinking and bathing water and facilities for workers • Minimize soil disturbance and sprinkle water regularly to reduce dust generation • Provide an insurance cover for all workers • Provide first aid facilities
Traffic Management	<ul style="list-style-type: none"> • Adhere to the Traffic Management Plan – establishment of deceleration and acceleration lanes, provision of adequate driveways and parking spaces, erection of traffic signage, limiting traffic speed, prohibiting hooting within estate, provision of pedestrian and cyclist lane and clearly marked pedestrian crossing

FOR THE PROPOSED RENOVATIONS, EXTENSIONS AND
INSTALLATION OF SALT REFINING PLANT FOR
KRYSTALLINE SALT LTD

INVITATION OF PUBLIC COMMENTS

PURSUANT to regulation 21 of Environmental (Impact Assessment and Audit) Regulations, the National Environment Management Authority (NEMA) has received an environmental impact assessment study report for the proposed renovation, extension and installation of a salt refining plant.

The Proposed project entails renovation one of the Godowns in Gongoni, put up three additional godowns, also construct an office block. In one of the godowns they intend to install a salt refining plant.

The proposed project is to be carried out in an already established plot no. 10755 opposite Gongoni shopping center off Malindi- Lamu road about 22 kilometers from Malindi town. It has an area of 1026 hectares.

The project anticipates the following impacts and mitigation measures:

<i>Possible Impact</i>	<i>Mitigation Measures</i>
Occupational Health and Safety	<ul style="list-style-type: none"> • Staff to be trained and be conversant in fire fighting skills • Connection to emergency alarm systems of the local fire brigade, police and hospitals. • Provision of safe drinking water for all workers at the construction site. • Provision of separate clean toilets facilities for ladies and gentlemen • Security to be provided on 24 hours basis to guard both life and property for employers and employees alive. • Serviced fire extinguishers to be placed at strategic locations within the residential project. • The fire extinguisher should be of various types to fight the different kinds of fire which may arise. • Contracted security personnel to be trained in fire fighting skills and to do regular fire drills. • Entrance to be kept clear and without any obstacle at all times. • Provision of personal protective equipment. • Medical support for any worker who fall sick. • Provision of first aid kit. • Recruitment of some personnel trained in first aid management. • Group insurance cover/workmen compensation scheme for all workers. Hoarding the site during construction. • Employment of security guards to guard life and property. • Immediate access to hospital in case of emergency. • Joint security arrangement with

- neighbor.
- Solid waste Management • Segregate solid waste.
- Arrange to recycle possible solid wastes
 - Store solid waste then transport in NEMA registered vehicles to official dumping site.
- Liquid Waste • Use NEMA registered exhauster
- Monitoring quality of water at the wells and dunes in the plant area.
- Noise Pollution • Reduce noise generation activities
- Provide PPEs to workers
- Dust and air pollution • Provide proper PPE's

ENVIRONMENTAL IMPACT ASSESSMENT STUDY REPORT FOR THE PROPOSED 2 BEDROOM LOW COST HOUSING SCHEME ON L.R. NO. 12715/290 WITHIN SYOKIMAU FARM LIMITED, MAVOKO MUNICIPAL COUNCIL, MACHAKOS DISTRICT

INVITATION OF PUBLIC COMMENTS

PURSUANT to regulation 21 of Environmental (Impact Assessment and Audit) Regulations, the National Environment Management Authority (NEMA) has received an environmental impact assessment study report for the proposed 2 bedroom low cost housing scheme.

The proposed development will comprise of 360 housing units which will be multi-storied with four floors each with 10 houses, per floor on a land parcel area of 2.024ha. Common facilities will also be constructed i.e. sewerage treatment plant, a parking area and a community hall.

The project site is located on L.R. No. 12715/290 within Syokimau Farm Limited, Mavoko Municipal Council.

The project anticipates the following impacts and mitigation measures:

Possible Impacts *Mitigation Measures*

- | | |
|--|---|
| Hydrology and Water supply quality Degradation | <ul style="list-style-type: none"> • Hazardous substance control and emergency response plan that will include preparation for quick and safe clean up of accidental spill • Hazardous materials handling procedures to reduce the potentials for spill during construction • Identify areas where refueling and vehicle maintenance activities and storage of hazardous materials, if any, shall be permitted • Make sure the project is at least fifteen metres away from the centre/ highest flood point of the river touching on one site of the project |
| Dust and exhaust emission | <ul style="list-style-type: none"> • Ensure strict enforcement of on-site speed limit regulations • Sprinkle water on graded access routes when necessary to reduce dust generation by construction vehicles • Personal protective equipment to be worn • Alternatively fueled construction equipment shall be used where feasible; equipment shall be properly tuned and maintained. |
| Noise pollution and vibration: | <ul style="list-style-type: none"> • Sensitive construction vehicle drivers machinery operators to switch off vehicle or machinery not being used • Ensure that construction machinery are kept in good condition to reduce noise generation • Trees around the site shall provide some buffer against noise propagation • The noisy construction works shall entirely be planned to be during day time when most of the neighbours shall be away at work |
| Incidents, accidents and dangerous occurrences | <ul style="list-style-type: none"> • Ensure that provisions for reporting incidents and dangerous occurrences during construction using prescribed forms obtainable from the local occupational health and safety office (OHSO) are in place. • Enforcing adherences to safety procedures and preparing contingency plan for accidental response in addition to safety education and training shall be emphasized • Ensure that the premises are insured as per statutory requirements (Third party and workman's compensation) • Develop, efficient, clean well-lit and adequate sanitary conveniences have been provided for construction workers |

- Ensure that damaged or wasted construction materials are recovered for refurbishing and use in other projects
- Donate recyclables /reusable or residual materials to local community groups, institutions, and individual local residents or home owners.
- Provide facilities for proper handling and storage of construction materials to reduce the amount of waste caused by damage or exposure.
- Use building materials that have minimal or no packaging to avoid the generation of excessive packaging waste
- Reuse packaging materials such as cartons, cement bags, empty metals and plastic containers to reduce waste at the site.
- Dispose waste more responsibly by dumping at designated dumping sites or landfills only
- Waste collection bins to be provided at designated points on site.
- Running educational campaigns amongst residents, e.g. through use of posters, to encourage reuse or recycling of the solid waste.

Increased Storm water runoff and soil erosion

- Roof water to be harvested and stored in underground reserves for use in cleaning and in the toilets. The tanks shall have a capacity of at 100,000 litres .To ensure the use of such water for the stated purposes, the building shall be fitted with a dual distribution system
- A storm water management plan that minimizes impervious area infiltration by use of recharge areas and use of detention and /or retention with graduated outlet control structure shall be designed
- Apply soil erosion control measures such as leveling of the project site reduce run-off velocity and increase infiltration of storm water into the soil.
- Ensure those construction vehicles are restricted to existing roads to avoid soil compaction within and around the project site.
- Ensure that any compaction areas are ripped to reduce runoff.

Generation of wastewater

- Provision of means for handling sewerage generated by construction workers (there are toilets connected to septic tanks on the site)
- Conduct regular checks for sewage pipe blockages or damages since vices can lead to release of the effluent into the land water bodies
- Monitor effluent quality regularly to ensure that the stipulated discharge rules and standards are not violated

THE ENVIRONMENTAL MANAGEMENT AND CO-ORDINATION ACT

(No. 8 of 1999)

THE NATIONAL ENVIRONMENT MANAGEMENT AUTHORITY

ENVIRONMENTAL IMPACT ASSESSMENT STUDY REPORT
FOR THE PROPOSED KAREN COUNTRY CLUB BULK WATER
SUPPLY PROJECT, NAIROBI

INVITATION OF PUBLIC COMMENTS

PURSUANT to regulation 21 of Environmental (Impact Assessment and Audit) Regulations, the National Environment Management Authority (NEMA) has received an environmental impact assessment study report for the proposed Karen country club bulk water supply project.

The Karen Country Club, (the Proponent), is proposing a Bulk Water Supply for the Karen Country Club facility in Karen, Nairobi. The proposed project scheme involves the abstraction and storage of flood water from the Mbagathi River,

The project anticipates the following impacts and mitigation measures.

Possible Impacts	Mitigation Measures
Noise generation and vibration	<ul style="list-style-type: none"> • Install portable barriers to shield compressors and other small stationary equipment where necessary; • Use of quiet equipment (i.e. equipment designed with noise control elements); • Limit pickup trucks and other small equipment to a minimum idling time and observe a common-sense approach to vehicle use, and encourage workers to shut off vehicle engines whenever possible; • Provision of appropriate personnel protective equipment; • Construct mainly during the day; and • Consider labour based construction methodologies
Dust emission	<ul style="list-style-type: none"> • Minimizing the number of motorized vehicles in use; • Rehabilitate disturbed areas; • Provide scour checks on over -15% slopes or when working in loose soils; • Manage erosion agents including water by channeling it into predetermined areas; • Use predetermined tracks; • Avoiding machinery working in seasonally marshy areas; pans and floodplains. • Wet all active construction areas as and when necessary to lay dust; • Pave, apply water when necessary, or apply (non-toxic) soil stabilizers on all unpaved access roads, parking areas and staging areas at construction sites; and • Undertake staff training and allocate roles to trained/responsible staff members.
Disposal or excavated soil	<ul style="list-style-type: none"> • The excavated soil will not be disposed off from the way leave. Instead the soil will be re-spread in areas to be landscaped to enhance aesthetics along the way leave area.
Increased water demand	<ul style="list-style-type: none"> • The Proponent through the Contractor shall ensure that water is used efficiently a the site by sensitizing construction staff to avoid irresponsible water use. • Any water handling equipment, facility and systems shall be appropriate for the intended use. • Any water handling equipment, facility and systems shall be appropriate for the intended usage.

Workers accidents and hazards during construction

• The Proponent will develop and commit the contractors to Site Occupational Health and Safety rules and regulations as stipulated in the Occupational Safety and Health Act, 2007

- Workers accidents especially in trenching operations shall be mitigated by enforcing adherence to safety procedures and preparing contingency plan for accident response.
- Safety education and training shall be emphasized.

Solid water generation

• Sourcing of construction materials such as sand and hard core from registered and approved quarry and sand mining firms whose projects have undergone satisfactory environmental impact assessment/audit and received NEMA approval.

- Construction waste to be recycled or reused as much as possible;
- Ensure that materials that would otherwise be disposed of as waste are diverted for productive uses.
- The Proponent shall put in place measures to ensure that construction materials requirements are carefully budgeted and to ensure that the amount of construction materials left on site after construction is kept minimal;
- Use of durable, long-lasting materials that will not need to be replaced often, thereby reducing the amount of construction waste generated over time.

Interference with flora and fauna

• Clearance of part of the vegetation (mainly grass and trees) in the Project area will be inevitable. However, the Proponent will ensure proper demarcation of the Project area to be affected by the construction works;

- In the same vein, there will be strict control of construction vehicles to ensure that they operate only within the area to be disturbed by access routes and other works;
- Furthermore permission and easement shall be sort form the various owners and institutions concerned with each section of the route where vegetation has to be disturbed in order to allow for any development including the laying of pipes, construction of weirs and sump and other temporary work.

The full report of the proposed project is available for inspection during working hours at:

- (a) Director-General, the National Environment Management Authority (NEMA), Kapiti Road, off Mombasa Road, P.O. Box 67839-00200, Nairobi.
- (b) Permanent Secretary, Ministry of Environment and Mineral Resources, N.H.I.F. Community, P.O. Box 30521, Nairobi.
- (c) Provincial Director of Environment, Nairobi Province.
- (d) District Environment Office, Nairobi West District.

The National Environment Management Authority invites members of the public to submit oral or written comments within thirty (30) days from the date of publication of this notice to the Director-General, NEMA, to assist the Authority in the approval process of the project.
