THE PERSONS WITH DISABILITIES ACT

(No. 14 of 2003)

PUBLIC NOTICE TO ISSUE APPROPRIATE ADJUSTMENT ORDER(S) TO PROPRIETOR(S)/OWNER(S) OF PUBLIC AND PRIVATE BUILDINGS OF PRIVATE NATURE, BUILT ENVIRONMENT, OPERATORS OF PUBLIC VEHICLES AND PROVIDERS OF ANY SERVICES OR AMENITIES ORDINARILY PROVIDED TO MEMBERS OF THE GENERAL PUBLIC PURSUANT TO SECTIONS 21, 22, 23, 24 AND 26 OF THE PERSONS WITH DISABILITIES ACT NO. 14 OF 2003 CHAPTER 133 LAWS OF KENYA (THE ACT)

Statutory Mandate and Functions of the National Council for Persons With Disabilities

The National Council for Persons with Disabilities is a State Corporation established by the Persons with Disabilities Act No. 14 of 2003 on 31st December, 2003. The Council was operationalized by Legal Notice Number 64 of 16th June, 2004.

The council is managed by a board of non-executive directors who are responsible for strategic policy formulation and direction and a Secretariat headed by the Chief Executive Officer.

The council is a high level inclusive policy, legislative, regulatory, implementing and programming oversight agency under the Ministry of Labour Social Security and Services.

The functions of the council include, to:

1. Promote, protect and uphold the rights, habilitation and rehabilitation of Persons with Disabilities within their Communities and the society.
2. Co-operate with the national government during national census and register persons with disabilities on a continuous basis to ensure that accurate figures of persons with disabilities are obtained in the Country for purposes of planning, development and service delivery.
3. Develop and Implement inclusive policies, legislations, regulations, and programmes on education, employment, health, accessibility, transport, sports and recreation, communication culture, and in all other aspects of social-economic life on the rights of persons with different categories of disabilities.
4. Conduct accessibility audits and usability of built environment.
5. Issue appropriate adjustment orders to owners of public and private buildings, services or amenities to secure and ensure access by persons with disabilities to the premises, services or amenities concerned.
6. Achieve equalization of opportunities for persons with disabilities and prevent discrimination against them.
7. Register institutions, associations, places and disabled persons organizations, including those that are controlled and managed by government, that provide services for the rehabilitation and welfare of persons with disabilities.
8. Advise on the provisions of any international treaty or agreement relating to the welfare or rehabilitation of persons with disabilities and the benefits of such treaty or agreement to Kenya.
9. Disability mainstreaming of public and private institutions.

10. Provide assistive devices, implements, sunscreen lotions, assistant to students with disabilities in the form of scholarships, loan programmes, fee subsidies and other similar forms of assistance in both public and private institutions.

11. Support vulnerable households caring for persons with severe disabilities who are duly registered with the council.

12. Enhance awareness raising on persons with disabilities and activities of the council.

13. Process in consultation with Kenya Revenue Authority income tax and any other levies exemptions on income, materials, articles and equipment, including motor vehicles and any government levies which would in any way increase costs to the disadvantage of persons with disabilities.

14. Engage or make other arrangements with any other person to carry out research on, or supply information on any matter relating to the welfare and habilitation and rehabilitation of persons with disabilities.

In order to effectively implement the provisions of the persons with disabilities Act, and give greater effect to the Constitution, 2010, the United Nations Convention on the rights of persons with disabilities, the council implements the following pieces of subsidiary legislations and standards:

- (a) The Persons with Disabilities (Access to Employment, Services and Facilities) Regulations, 2009.
- (b) The Persons with Disabilities (Cost Care, Support and Maintenance) Regulations, 2009.
- (c) The Persons with Disabilities (Registration) Regulations, 2009.
- (d) The Persons with Disabilities (Income Tax Deductions and Exemptions) Order, 2010.
- (e) The Persons with Disabilities (National Development Fund for Persons with Disabilities) (Conduct of Business and Affairs of the Board of Trustees) Regulations, 2009.
- (f) The Kenyan Standard, KS ISO 21542: "Building Construction-Accessibility and Usability of built environment". The standard provides building users, policy makers and legislators with requirements and recommendations to create a sustainable built environment which is accessible.

The council's vision, mission and values

The council is committed to upholding the following vision, mission and core values for its operations.

Vision

An institution of excellence responsive to disability human rights protection and mainstreaming in development.

Mission

To mainstream disability issues in all aspects of social-cultural, economic and political development.

Core values

Inclusivity, social justice, human dignity, equality, equity, integrity, transparency, accountability and good governance in implementing the Persons with Disabilities Act and other laws on disability.

PUBLIC NOTICE

Under sections 21, 22, 23, 24 and 26 of the persons with disabilities act no. 14 of 2003 chapter 133 laws of Kenya.

Under sections 21, 22, 23, 24 and 26 of the Act, there is a legal duty on proprietors/owners of public and private buildings of private nature, built environment, operators of public vehicles and providers of any services or amenities ordinarily provided to members of the general to adjust the same to accommodate various categories of persons with disabilities.

Pursuant to the said sections of the Act, the grace period upon which such proprietors/owners of public and private buildings of private nature, built environment, operators of public vehicles and providers of any services or amenities ordinarily provided to members of the general public were required by law to have adjusted their built

environment, services or amenities and fully complied with the Act lapsed in December, 2014.

SECTION 26 OF THE ACT

Offences on adjustment order and discrimination

FURTHER, failure to make such public and private buildings of private nature, built environment, operators of public vehicles and providers of any services or amenities ordinarily provided to members of the public disability compliant amounts to commission of offence(s) and discrimination targeting persons with disabilities in terms of section 26 of the Act.

Forty Five (45) Days Compliance Notice

It is in view of the above that the Council now requires proprietors/owners of public and private buildings of private nature, built environment, operators of public vehicles and providers of any services or amenities ordinarily provided to members of the general public to submit to the council within forty five (45) days from the date of this notice, their complete and comprehensive adjusted/re-adjusted built environment plans that allow persons with disabilities to carry out their duties without being at a disadvantaged position compared to persons without disabilities.

Further take notice that failure or refusal to comply with this notice and sections 21, 22, 23, 24 and 26 of the Act, shall be a proper legal basis for the Council to issue and confirm appropriate adjustment orders against the proprietors/owners of public and private buildings of private nature, built environment, operators of public vehicles and providers of any services or amenities ordinarily provided to members of the general public.

The attention of interested parties is drawn to the Teachers Service Commission Act 2012 Article 30 (5) and 23 (2) which state as follows:

A teacher whose name has been removed from the register shall cease to be a teacher for purposes of this Act with effect from the date of such removal—Article 30 (5).

A person shall not engage in the teaching service unless such person is registered as a teacher under this Act - Article 23 (2).

Any person who:

(a) Not being a registered teacher, teaches or assists in teaching in any school, shall be guilty of an offence.

(b) Permits or employs to teach in any school a person not being a registered teacher, shall be guilty of an offence.

Persons cited in categories (a) and (b) above shall, in accordance with Regulation 18 (1) (d) of the Code of Regulations for Teachers, be liable to a fine not exceeding five thousand shillings or to imprisonment for a term not exceeding six months, or to both such fine and such imprisonment.

NANCY N. MACHARIA,
for Secretary/Chief Executive,
Teachers Service Commission.

THE ENVIRONMENTAL MANAGEMENT AND
CO-ORDINATION ACT

(No. 8 of 1999)

THE NATIONAL ENVIRONMENT MANAGEMENT AUTHORITY
ENVIRONMENTAL IMPACT ASSESSMENT STUDY REPORT
FOR THE PROPOSED CHANGE OF USER AND DEVELOPMENT
OF CREST APARTMENTS ON PLOT L.R. NO.
MOMBASA/BLOCK XXVI/157, KIZINGO AREA, MOMBASA
COUNTY

INVITATION OF PUBLIC COMMENTS

PURSUANT to regulation 21 of the Environmental Management and Co-ordination (Impact Assessment and Audit) Regulations, 2003, the National Environment Management Authority (NEMA) has received an Environmental Impact Assessment Study Report for the above proposed project.

The Proponent (Kizingo Crest Limited) is proposing to construct Crest Apartments to be located on plot L.R. No. Mombasa/Block XXVI/157, in Kizingo area of Mombasa County.

The proposed project involves the construction, subsequent occupation and possible decommissioning of residential apartments and auxiliary amenities, christened Crest Apartments that will feature two but combined towers at different floor elevations. Tower one will rise from ground to 15th floor in tandem with tower two which will then be constructed for a further 9 floors to attain a maximum height of 24 floors. At completion the project will have 67 apartments designed to cover 44% of the plot area i.e. 0.872 acres.

The following are the anticipated impacts and proposed mitigation measures:

Environmental and Social Mitigation measure impacts

- | | |
|---|---|
| Occupational health and safety of wrkers | <ul style="list-style-type: none"> • The contractor will provide workers with appropriate Personnel Protective Equipment (PPE) and ensure their use. • Workers to be trained on equipment use. • First aid facilities to be available on site. • Contractor to comply with the requirements of the Occupational Safety and Health Act (OSHA) by registering the site as a work place. • All visitors to the site to be provided with PPEs. |
| Solid wastes at construction site | <ul style="list-style-type: none"> • Procure the services of a NEMA licensed waste handler to manage solid wastes from the construction site. • All recyclable materials should be collected and sent to a licensed company for recycling. |
| Increased demand for water for construction use | <ul style="list-style-type: none"> • The contractor will ensure prudential use of water resources during construction by avoiding wastage such as running pipes and taps. • The proponent should meter and monitor the water yields from the borehole on a monthly basis. |
| Air pollution | <ul style="list-style-type: none"> • Contractor to deploy fine dust screens at the project site during construction. • Sprinkle dust producing materials such as ballast with water during offloading on site. • The contractor has retained sediment binding grass within the site to mitigate against dust generation by vehicles delivering raw materials on site. • Use serviceable machinery and vehicles for supply of raw materials. |
| Noise pollution | <ul style="list-style-type: none"> • Delivery of raw materials to site to be done only during the day. • No delivery of raw materials should be undertaken during weekends. • Workers on site should be provided with earmuffs to attenuate high noise levels associated with concrete mixing machines, hoists and lift installations during casting works. • Use of serviceable vehicles and machinery is also expected to reduce noise levels. |
| Insecurity | <ul style="list-style-type: none"> • Proponent and contractor to vet all workers on site. • Require certificates of good conduct from potential employees and copies of identification documents for all workers to be retained by the contractor. |
| Speed and neighborhood safety concerns | <ul style="list-style-type: none"> • Erect speed limit signage along Mwamba Avenue. • Compel drivers to comply with recommended speeds. • The proponent could also consult with KURA to erect one or two speed bumps which should be clearly marked with the appropriate signage. |
| Air emissions | <ul style="list-style-type: none"> • Contract to use only serviceable trucks for transportation to and from the site. • Trucks and vehicles to be switched off when idling on site or during offloading of raw materials. |

- of raw materials.
- Solid waste generation
- Provide litter bins that encourage the separation of wastes into paper, glass, plastics etc. for recycling.
 - Contract a NEMA licensed solid waste handler to manage wastes from the development.
 - Comply with Legal Notice No. 121 of 2006 in management of solid wastes generated by the development.
- Increase in electricity demand
- Apply to KPLC to obtain a higher capacity transformer for the area to accommodate the new development within the national grid.
 - The overhead cables traversing the site will be replaced with a suitable capacity underground cable.
- Firefighting
- A fire safety guide to be provided to all tenants.
 - Firefighting equipment such as extinguishers and water to be provided.
- Traffic increase and congestion on Mwamba Avenue
- The development will provide for acceleration and de-acceleration lanes for traffic to and from the apartments.
 - The development should be serviced by two gates instead of one and provide dedicated entry and exist lanes.
 - The entrance to the development will be truncated to ensure that vehicles waiting to access the gate do not stop along the road but within the truncation.

The full report of the proposed project is available for inspection during working hours at:

(a) Director-General, NEMA, Popo Road, off Mombasa Road, P.O. Box 67839-00200, Nairobi.

(b) Principal Secretary, Ministry of Environment and Mineral Resources, NHIF Building, Community, P.O. Box 30521, Nairobi.

(c) County Director of Environment, Mombasa County.

The National Environment Management Authority invites members of the public to submit oral or written comments within thirty (30) days from the date of publication of this notice to the Director-General, NEMA, to assist the Authority in the decision making process of the plan.

GAZETTE NOTICE No. 3011

THE ENVIRONMENTAL MANAGEMENT AND CO-ORDINATION ACT

(No. 8 of 1999)

THE NATIONAL ENVIRONMENT MANAGEMENT AUTHORITY ENVIRONMENTAL IMPACT ASSESSMENT STUDY REPORT FOR THE PROPOSED MOUNT KIPIRI GOLF RESORT CONSTRUCTION PROJECT ON PLOT NO. L.R. 3777/416/4 IN KIPIRI, NYANDARUA COUNTY

INVITATION OF PUBLIC COMMENTS

PURSUANT to regulation 21 of the Environmental Management and Co-ordination (Impact Assessment and Audit) Regulations, 2003, the National Environment Management Authority (NEMA) has received an Environmental Impact Assessment Study Report for the above proposed project.

The Proponent (Mount Kipiriri Golf Resort) is proposing to construct a resort on Plot L. R. No. 3777/416/4, in Kipiriri, Nyandarua County

The proposed development will comprise of an eighteen (18) hole golf course, a club house, a five star Hotel and a Conference centre, and holiday houses, a theme park, a ridding park and a botanical garden on circum 1400 acres parcel of land.

The following are the anticipated impacts and proposed mitigation measures:

Environmental and Social Mitigation measure impacts

- Demand of raw material
- Source building materials from local suppliers who use environmentally friendly processes in their operations.
 - Ensure accurate budgeting and estimation of actual construction material requirements to ensure that the least amount of material necessary is ordered.
 - Ensure that damage or loss of materials at the construction site is kept minimal through proper storage.
 - Use at least 5% to 10% recycled refurbished or salvaged materials to reduce the use of raw materials and divert material from landfills.
- Vegetation disturbance
- Ensure proper demarcation and delineation of the project area to be affected by construction works.
 - Specify locations for trailers and equipment, and areas of the site which should be kept free of traffic, equipment and storage.
 - Designate access routes and parking within the site.
 - Introduction of vegetation (trees, shrubs and grass) on open spaces and around the project site and their maintenance.
 - Design and implement an appropriate landscaping program to help in re-vegetate of part of the project area after construction.
- Increased storm water, runoff and soil erosion
- Surface runoff and roof water shall be harvested and stored in tanks so that it can be used for cleaning purposes.
 - A storm water management plan that minimizes impervious area infiltration by use of recharge areas and use of detention and/or retention with graduated outlet control structure will be designed.
 - Apply soil erosion control measures such as leveling of the project site to reduce run-off velocity and increase infiltration of storm water into the soil.
 - Ensure that construction vehicles are restricted to use existing graded roads.
 - Ensure that any compacted areas are ripped to reduce run-off.
 - Site excavation works to be planned such that a section is completed and rehabilitated before another section begins.
 - Interconnected open drains will be provided on site.
 - Roof catchments will be used to collect the storm water for some substation uses.
 - Construction of water storage tanks to collect storm water for substation uses.
- Increased solid waste generation
- Use of an integrated solid waste management system i.e. through a hierarchy of options: Reduction at source, Recycling, Reusing, Incineration, Sanitary land filling.
 - Through accurate estimation of the dimensions and quantities of materials

	<ul style="list-style-type: none"> required. Use of durable, long lasting material that will not need to be replaced as often, thereby reducing the amount of construction waste generated over time. Provide facilities for proper handling and storage of construction materials to reduce the amount of waste caused by damage or exposure to the elements. Use building materials that have minimal or no packaging to avoid the generation of excessive packaging waste. Reuse packaging materials such as cartons, cement bags, empty metal and plastic containers to reduce waste at site. Dispose waste more responsibly by contracting a registered waste handler who will dispose the wastes at designated sites or landfills only. Waste collection bins to be provided at designated points on site. 	<ul style="list-style-type: none"> off automatically when water is not being used. Promote recycling and reuse of water as much as possible. Install a discharge meter at water outlets to determine and monitor total water usage. Promptly detect and repair of water pipe and tank leaks. Sensitize construction workers to conserve water by avoiding unnecessary toilet flushing etc. Ensure taps are not running when not in use.
Dust emission	<ul style="list-style-type: none"> Ensure strict enforcement of on-site speed limit regulations. Avoid excavation works in extremely dry weathers. Sprinkle water on graded access routes when necessary to reduce dust generation by construction vehicles. Personal Protective equipment to be provided to employees and worn. 	<ul style="list-style-type: none"> Provide means for handling sewage generated at the construction site. Conduct regular checks for sewage pipe blockages or damages since such vices can lead to release of the effluent into the land and water bodies. Monitor effluent quality regularly to ensure that the stipulated discharge rules and standards are not violated.
Exhaust emission	<ul style="list-style-type: none"> Vehicle idling time shall be minimized Alternatively fuelled construction equipment shall be used where feasibly equipment shall be properly maintained. Sensitize truck drivers to avoid unnecessary running engines of stationary vehicles and to switch off engines whenever possible. 	<ul style="list-style-type: none"> Ensure compliance with The OSHA (Building Operations and Works of Engineering Construction Rules), L.N. 40 of 1984.
Noise and vibration	<ul style="list-style-type: none"> Sensitize construction vehicle drivers and machinery operators to switch off engines of vehicles or machinery not being use. Sensitize construction drivers to avoid running of vehicle engines or hooting. Ensure that construction machinery are kept in good condition to reduce noise generation. Ensure that all generators and heavy duty equipment are insulated or placed in enclosures (containers) to minimize ambient noise levels. Trees to be planted around the site to provide some buffer against noise propagation. The noisy construction works will entirely be planned to be during the day time when most of the neighbours will be at work. 	<ul style="list-style-type: none"> Ensure compliance with the Occupational Safety and Health Act (OSHA) 2007 provisions e.g. employees to be provided with appropriate PPE.
Increased energy consumption	<ul style="list-style-type: none"> Ensure electrical equipment, appliances and lights are switched off when not being use. Install energy saving bulbs/tubes at all lighting points instead of incandescent bulbs which consume higher electric energy. 	<ul style="list-style-type: none"> Install oil trapping equipment in areas when there is a likelihood of oil spillage such as during the maintenance of construction facility. Soil in such an area will be well protected from contamination.
Increased water demand	<ul style="list-style-type: none"> Water to be brought in from the City Water and Sewerage Company. Harness rainwater for office and gardening. Install water conserving taps that turn-

**IMPORTANT NOTICE TO SUBSCRIBERS TO
THE KENYA GAZETTE**

THE following notes are for the guidance of persons submitting "copy" for inclusion in the *Kenya Gazette, Supplement*, etc.:

- (1) *The Kenya Gazette* contains Notices of a general nature which do not affect legislation. They are, therefore, submitted to the Government Printer directly.
- (2) *Legislative Supplement* contains Rules and Regulations which are issued by the Central Government. Because of this, they must be submitted to the Government Printer through the office of the Attorney-General.
- (3) *Bill Supplement* contains Bills which are for introduction in the National Assembly.
- (4) *Act Supplement* contains Acts passed by the National Assembly.

All "copy" submitted for publication should be prepared on one side of an A4 sheet no matter how small the Notice is, each page being numbered and should be typewritten with double spacing. Copy should be clear, legible and contain no alterations.

Particular attention should be paid to the following points:

- (i) Signature must be supported by rubber-stamping or typing the name of the signatory in capital letters.
- (ii) must be correct and filled in where necessary.
- (iii) Care should be taken to ensure that all headings to Notices and references to legislation are up to date and conform with the Revised Edition of the Laws of Kenya.

EXTRACT FROM THE CODE OF REGULATIONS, SECTION D—

Kenya Gazette

"D 34. (1) Communications for the *Kenya Gazette* should reach the Government Printer not later than 9 a.m. on Friday of the week before publication is desired. The Government Printer will not publish communications received after that hour until the next subsequent issue of the Gazette.

(2) Ministries will be required to pay for the *Kenya Gazette* and to meet the cost of advertising in it.

It is emphasized that these notes are for guidance only, but it is requested that persons submitting copy for publication first satisfy themselves that such copy is complete in every respect.
