GAZETTE NOTICE No. 2829

THE ETHICS AND ANTI-CORRUPTION COMMISSION

THE FOURTH QUARTERLY REPORT COVERING THE PERIOD FROM 1ST OCTOBER, 2020 TO 31ST DECEMBER, 2020

Preamble

The Ethics and Anti-Corruption Commission (the Commission) is required under section 36 of the Anti-Corruption and Economic Crimes Act, 2003 (ACECA), to prepare quarterly reports setting out the number of reports made to the Director of Public Prosecutions (DPP) under section 35 of the ACECA, 2003 as read with section 11 (1) (d) of the Ethics and Anti-Corruption Commission Act, 2011, (EACCA).

Section 36 of ACECA provides that:

- The Commission shall prepare quarterly reports setting out the number of reports made to the DPP under section 35 and such other statistical information relating to those reports, as the Commission considers appropriate.
- A quarterly report shall indicate if a recommendation of the Commission to prosecute a person for corruption or economic crime was accepted or not accepted.
- The Commission shall give a copy of each quarterly report to the Attorney General.
- The Attorney-General shall lay a copy of each quarterly report before the National Assembly.
- The Commission shall cause each quarterly report to be published in the *Gazette*.

This report is therefore made pursuant to section 36 of ACECA. The report covers the Fourth Quarter and is for the period commencing 1st October, 2020 to 31st December, 2020.

INVESTIGATION REPORT COVERING THE PERIOD 1ST OCTOBER, 2020 TO 31ST DECEMBER, 2020

1. EACC/AT/INQ/26/2020

Inquiry into Allegations of Irregular Procurement and Fraudulent Payments in Relation to the Purchase and Supply of Covid-19 Emergency Commodities at Kenya Medical Supplies Authority (KEMSA) by Public Officials that led to Irregular Expenditure of Public Funds to the tune of KSh. 7.8 Billion

The Commission received a complaint that Kenya Medical Supplies Authority (KEMSA) had flouted the relevant procurement laws and regulations during the procurement of Covid-19 management items.

Investigations established that the tendering process was commenced by the suppliers who submitted letters of intent to supply Covid -19 management items to KEMSA and in return KEMSA issued them with commitment letters

Investigations further established KEMSA did not engage any of the prequalified service providers for the delivery of the Covid-19 materials but opted for the following companies: Accenture Kenya Limited, Angelica Medical Supplies Limited, Gadlab Supplies Limited, Kilig Limited, Merakay Healthcare Limited, Shop 'N' Buy Limited, Steplabs Limited and Wallabis Ventures Limited; most of which lacked the requisite financial capacity. Further investigations established that the items were procured way above the market price and on delivery were not inspected for value for money, in terms of quality and quantity.

On 19th November, 2020, a report was compiled and forwarded to the DPP with recommendations that the Chief Executive Officer, Director, Procurement, Director, Commercial Services, Director, Finance and Strategy, Quality Assurance Manager, the following companies: Accenture Kenya Limited, Gadlab Supplies Limited,

Meraky Healthcare Limited, Steplabs Technical Services Limited, Wallabis Ventures Limited, Angelica Medical Supplies Limited, Shop n Buy Limited, Kilig Limited and their respective Directors be charged with the following offences; giving a bribe contrary to section 5(1), receiving a bribe contrary to section 6 (1) all as read with section 18 of the Bribery Act. Willful failure to comply with the law relating to procurement contrary to section 45 (2) (b), unlawful acquisition of public property contrary to section 45 (1) (a), abuse of office contrary to section 46, conspiracy to commit an economic crime contrary to section 47A (3) all as read with section 48 of the Anti-Corruption and Economic Crimes Act, 2003. Entering into obligation that has a financial implication for the National Government Budget without authority contrary to section 196 (3) as read with section 196 (6) of the Public Finance Management Act. Neglect of official duty by a public officer contrary to section 128 as read with section 36 of the Penal Code.

Awaiting the DPP's response.

2. EACC/KSM/FI/INQ/18/2015

Inquiry into Allegations of Irregular Purchase of 32 acres of Land by The County Government of Bungoma to be used in Construction of the Official Residence of the Governor at a Cost of KSh. 163, 200,000.00

The Commission received a complaint alleging that the County Government of Bungoma spent KSh. 153 million to purchase a 32-acre piece of land for the Governor's residence at an inflated cost and that there were glaring irregularities in the procurement process.

Investigations established that the procurement process for this purchase was not in accordance with the law.

The tender was awarded to New Nyanza Wholesalers at an inflated price of KSh. 163,200,000/- without engaging a government valuer.

On 7th December, 2020 a report was compiled and forwarded to the DPP with recommendations that the Chief Officer in Charge of Lands, Urban and Physical Planning, Interim Head of Supply Chain Management, Members of the County Tender Committee be charged jointly and severally with the offences of willful failure to comply with the law relating to procurement contrary to section 45 (2) (b) as read with section 48 of Anti-Corruption and Economic Crimes Act.

On 4th March, 2021, the DPP returned the file with instruction for further investigations.

3. EACC/FI/INQ/62/2017

Inquiry into Allegations of Irregular Awarding of Tender for Partitioning of Council of Legal Education Office Space at Karen Office Park and Misappropriation of KSh. 14 Million

The Commission commenced this investigation pursuant to a report from the Efficiency Monitoring Unit (EMU). The report had several allegations regarding misappropriation of public funds at the Council of Legal Education (CLE). The complaint pointed to procurement irregularities in the tender for partitioning of CLE office space at Karen Park.

Investigations established that the procurement process was irregular and based on forged documents including the Tender Committee Meeting Minutes and bid documents. Financial investigations revealed rampant money transfers from the Director of Howard Construction Company Limited to Procurement Manager at Kenya School of Law, the District Works Officer and the Quantity Surveyor among other officers involved in the procurement process.

On 7th December, 2020, a report was compiled and forwarded to the DPP with recommendations that the Procurement Manager at Kenya School of Law, Langata Sub-County Works Officer, the Quantity Surveyor, Director of Howard Construction Company Limited and Ashford Construction Limited, Sales Manager at AMACO Insurance Limited and the Proprietor of Boarder Line Solutions be charged with the following offences; conspiracy to commit an economic crime contrary to section 47A, willful failure to comply with the applicable law relating to procurement and tendering of contracts contrary to section 45 (2) (b), unlawful acquisition of public property contrary to section 45 (1) (a), dealing with suspect property contrary to section 47 (1) and 47 (2) (a) all as read with section 48 of Anti-Corruption and Economic Crimes Act. Corruptly giving a benefit

contrary to section 39 (3) (b) and corruptly receiving a bribe contrary to section 39 (3) (a) as read with as read with section 48 of the Anti-Corruption and Economic Crimes Act (repealed) and section 27 (2) of the Bribery Act, 2016.

On 3rd March, 2021, the DPP returned the file with instruction for further investigations.

4. EACC/ELD/FI/INQ/13/2019

Inquiry into the Allegations of Irregular Award of Tender for Supply of a Fire Engine by Turkana County Government which was never delivered after part Payment of KSh. 20 Million was Made

The Commission received a complaint of irregular procurement of a fire engine by the Turkana County Government. The complaint indicated that the county entered into an agreement with Winston International Company Limited for the supply and delivery of the fire engine and made an advance payment of KSh. 20,180,000.00.

Investigations established that the fire engine was purchased by the Directorate of Urban Areas Management under the Ministry of Lands, Physical Planning and Urban Areas Management without the requisite budgetary allocation for the purchase of the fire engine in the financial year 2014/2015. Investigations further established that vide a supplementary budget in April, 2015 the Directorate of Urban Areas Management was allocated KSh. 50,000,000.00 for the purchase of one fire engine but no such purchase was made.

Investigation further established that during Financial Year 2015/2016 there was no budgetary allocation for the purchase of the fire engine neither were the funds budgeted in the previous financial year reallocated. Despite this, the Directorate of Urban Areas Management initiated the procurement process for the supply of the fire engine.

The investigator established that eleven companies placed their bids and Winston International Limited won the tender at KSh. 42,561,560.00. The County Government made an advance payment of KSh. 20,180,050.00 to the said Winston International Limited but the fire engine was never delivered to the Turkana County Government.

On 7th December, 2020, a report was compiled and forwarded to the DPP with recommendations that the Chief Officer, Ministry of Finance, Director Procurement, Chief Officer, Ministry of Lands, Physical Planning and Urban Areas Management, Deputy Director, Supply Chain Management, Procurement Officer, Accountant, Director, Revenue and the Directors of Winston International Limited to be charged with the following offences; conspiracy to commit an economic crime contrary to section 47A, abuse of office contrary to section 46, willful failure to comply with the law contrary to section 45 (2) (b), Engaging in project without prior planning contrary to section 45(2)(c), deceiving principal contrary to section 41 (2) and unlawful acquisition of public property contrary to section 45 (1) (a), all as read with section 48 of Anti-Corruption and Economic Crimes Act. Unauthorized spending of public money contrary to section 196(1) as read with section 196 (6) of the Public Finance Management Act, 2012. Making a document without authority contrary to section 357 of the Penal Code.

On 30th November, 2020, the DPP returned the inquiry file for further investigations. Upon completion of further investigations, the Commission resubmitted the inquiry file to DPP on 14th January, 2021. The DPP returned the inquiry file on 8th March, 2021 accepting recommendation for prosecution subject to addressing a few areas.

5. EACC/NKR/INQ/FI/14/2019

Allegations of Procurement Irregularities by the Officials of the Nakuru Water and Sanitation Services Company Limited in the Award of Contract for the Provision of Security Services in the Financial Year 2019/2020

The Commission commenced investigations following a complaint of irregular procurement process for security services by the Nakuru Water and Sanitation Services Company Limited (NAWASCO). Investigations established that NAWASCO Tender Committee proposed the tender be awarded to Dango Five Security Services. The professional opinion concurred with the decision of the evaluation committee.

Investigations established that the evaluation criteria were neither objective nor quantifiable. Further, Evaluation Committee did not follow the criteria set out in the tender documents. Bonarys Security

Services Limited being the lowest evaluated bidder was not awarded the tender and it filed Nakuru High Court Civil Suit No. 708/2019 to contest the award of tender to Dango Five Security Services the second lowest evaluated bidder. The High Court in Nakuru referred the matter to the Public Procurement Administrative Review Board. The same was received as PPARB Review Application No. 76/2019 and determined on 5th August, 2019. The board ruled that Bonarys be awarded the contract as the lowest evaluated responsive tenderer.

On 7th December, 2020, a report was compiled and forwarded to the DPP with recommendations that the Managing Director, Procurement Manager and the Officer in-Charge of Administration at NAWASCO be charged with willful failure to comply with the law relating to procurement contrary to section 45 (2) (b), and abuse of office contrary to section 46 both as read with section 48 of Anti-Corruption and Economic Crimes Act. Inappropriate influence on evaluation contrary to section 38 (1) (b) as read with section 38 (2) of the Public Procurement and Disposal Act.

On 25th February, 2021, the DPP returned the file and concurred with the Commission's recommendation to prosecute the suspects.

6. EACC/OPS/INQ/164/2019

Inquiry into an Allegation of Bribery, Abuse of Office and Conspiracy to Commit an Offence of Corruption against Kenyatta University Officers from Procurement, Finance Departments and the Director of Metnetwork Solution Limited

The Commission commenced this investigation following a complaint received on 9th October, 2019. The complaint indicated that the Director, Hospitality, Officer in-charge, Central Food Stores and a Finance Officer at the Kenyatta University as well as the Director of Metnetwork Solutions had conspired to defraud Kenyatta University of a sum of KSh. 288,000.00.

Investigation established that indeed the KSh. 288,000/- was paid to Metnetwork Solutions. The payment was initiated by use of an LPO that had been issued to the supplier to raise an invoice and subsequent payment voucher for the payment of goods that were actually not supplied. Upon payment KSh. 223,000/- was wired to the account of the Officer in-charge of Central Food Stores.

On 7th December, 2020, a report was compiled and forwarded to the DPP with recommendations that the Director, Hospitality, Officer in-charge, Central Food Stores, the Finance Officer and the Director of Metnetwork Solutions be charged with the following offences; conspiracy to commit an economic crime contrary to section 47A (3), abuse of office contrary to section 46, fraudulent acquisition of public property contrary to section 45 (1) (a) all as read with section 48 of the Anti-Corruption and Economic Crimes Act, 2003. Money laundering contrary to section 3 as read with section 16 of the Proceeds of Crime and Anti-Money Laundering Act, Cap 59B.

On 25th January, 2021, the DPP returned the file with instruction for further investigations.

7. EACC/MSA/OPS/INQ/25/2018

Inquiry into Allegations that a Police Officer at the DCI, Changamwe Police Station, Requested a Financial Advantage of KSh. 20,000/- from the Complainant with intent that in Return he would Terminate Police Case No. 343/176/2018 of Publishing Defamatory Information in the Facebook against Him

On the 6th June, 2018, EACC Mombasa Office received a complaint that a police officer attached to DCI Changamwe Police Station had requested for a bribe of KSh. 20,000/- from the complainant with intent that in consequence, he would terminate Police Case No. 343/176/2018 of publishing defamatory information in the Facebook against him. The bribe was negotiated and reduced to KSh. 10,000/-

Investigators verified the allegation and through a trap operation the police officer was arrested on receipt of the KSh. 10,000/- from the complainant in Changamwe area within Mombasa County. During the arrest, KSh. 8,000/- was recovered from the police officer part of which KSh. 3,000/- was the trap money. The police officer concealed KSh.7000/- of the trap money which was not traced or recovered from him.

On 7th December, 2020, a report was compiled and forwarded to the DPP with recommendations that the police officer be charged with the offence of receiving a bribe contrary to section 6 (1) (a) as read

with section 18 (1) of the Bribery Act, 2016. Concealing evidence contrary to section 66 (1) (c) as read with section 66 (2) of the Anti-Corruption and Economic Crimes Act, 2003.

On 10th February, 2021, the DPP returned the file with instruction for further investigations.

8. EACC/OPS/INQ/121/2019

An Inquiry into Allegations of Corruption against a Principal State Counsel in the Office of the Director of Public Prosecutions, a Businessman and a Police Officer, Respectively.

The Commission received a complaint that a Bungoma State Counsel requested and received a financial benefit of KSh. 5,000/= from the complainant, as an inducement for him to forbear approving charges of malicious damage to property preferred against the complainant. It is further alleged that a police officer based at Bungoma Police Station also received a bribe of approximately KSh. 14,000/= from the complainant.

Investigations established that indeed the two officers received money through their M-Pesa from the complainant. However, there was no evidence pointing to the received money as a bribe because there was no evidence to prove that the officers requested for the same and or the complainant offered the money as a bribe. Nevertheless, the evidence established that the two officers violated the provisions of sections 9 (1) (a) and 11 (2) (a) of the Public Officers Ethics Act which provide that a public officer shall carry out his duties in a way that maintains public confidence in the Integrity of his office.

On 7th December, 2020, a report was compiled and forwarded to the DPP with recommendations that the State Counsel and the police officer be subjected to administrative action by their respective employers.

On 8th February, 2021, the DPP returned the file and concurred with the Commission's recommendation for administrative action.

9. EACC/OPS/INQ/111/2019

Inquiry in Respect of Bribery Allegations against Persons Purporting to be Immigration Officers

The Commission received a complaint that the suspect impersonated as an Immigration Officer and asked for a bribe of KSh. 8,000/= so as to assist the complainant in fast tracking the process of obtaining his passport.

Investigations ensued and the allegation was verified. A trap operation was carried out and the suspect was arrested upon receipt of KSh. 4,000/=. During the operation, a second suspect was also arrested who was later established to be a secretary at the Civil Servant Registration Unit, in the Ministry of Interior and Co-ordination of Government.

Further investigation established that the first suspect does not work with the government but was using the office of the second suspect to meet up clients whom she was assisting to process passports for.

On 7th December 2020, a report was compiled and forwarded to DPP with recommendations that the secretary at the Civil Servant Registration Unit and the suspect impersonating Immigration Officer be charged with the following offences; receiving a bribe contrary to section 6 (1) (a) as read with section 18 (1) of the Bribery Act, 2016 and both suspects be charged with the offence of Conspiracy to commit an offence of corruption contrary to section 47A (3) as read with section 48 of the Anti-Corruption and Economic Crimes Act, 2003.

On 8th February, 2021, the DPP returned the file with instruction for further investigations.

10. EACC/OPS/INQ/116/2020

Inquiry into Allegations of Bribery against the Director-General at the Energy and Petroleum Regulatory Authority

The Commission received a complaint that the Director-General of Energy and Petroleum Regulatory Authority demanded a bribe of KSh. 500,000.00 from the complainant as inducement to issue a clearance letter to unseal and open Nyangija Filling Station which was closed for selling adulterated petrol.

Investigation established that indeed there was a bribe demand of KSh. 200,000/=. The Commission conducted a trap operation that led

to the arrest of the Director-General upon receipt of the KSh. 200,000.00 trap money and the same was recovered.

On 14th December, 2020, a report was compiled and forwarded to the DPP with recommendations that the Director-General be charged with the following offences; Receiving a bribe contrary to section 6 (1) (a) as read with section 18 of the Bribery Act, 2006. Abuse of office contrary to section 46 as read with section 48 of the Anti-Corruption and Economic Crimes Act, 2003.

On 11th January, 2021, the DPP concurred with Commission's recommendation to prosecute.

THE ENVIRONMENTAL MANAGEMENT AND CO-ORDINATION ACT

(No. 8 of 1999)

THE NATIONAL ENVIRONMENT MANAGEMENT AUTHORITY

ENVIRONMENTAL IMPACT ASSESSMENT STUDY REPORT FOR THE PROPOSED INFRASTRUCTURE DEVELOPMENT FOR MOMBASA SPECIAL ECONOMIC ZONE (SEZ) IN MOMBASA AND KWALE COUNTIES

INVITATION OF PUBLIC COMMENTS

PURSUANT to regulation 21 of the Environmental Management and Co-ordination (Impact Assessment and Audit) Regulations, 2003, the National Environment Management Authority (NEMA) has received an Environmental Impact Assessment Study Report for the above proposed project.

The proponent, Kenya Ports Authority, proposes to develop Mombasa Special Economic Zone (SEZ) as a logistic and industrial base with components such as Free Port, Free Trade Zone (FTZ), industrial park and energy base. High grade and globally competitive infrastructure including power supply, water supply, water treatment and telecommunication, associated facilities and amenities will be developed in Mombasa and Kwale counties.

The following are the anticipated impacts and proposed mitigation measures:

Possible Impacts	Mitigation Measures
Minor accidents during survey work	• Observe safety code of conduct in field work.
Tension associated with proposals for cross-County water transfer	• Intensified stakeholder engagement to explain broad scope, goals and benefits from PID.
Displacement of people from land, investments and livelihood	• Full implementation of the Abbreviated Resettlement Action Plan-ARAP.
Elderly, disabled, poor, affected persons by displacement	• Implement Livelihood Restoration Programme as per ARAP.
Disturbance to shrines and sacred sites and other heritage resources	• None of the shrines will be traversed by PID.
Nuisances-dust, noise, atmospheric pollutants, fumes, vibrations from operation of plant and equipment	• Develop and implement an approved equipment deployment plan inclusive of maintenance and monitoring plan.
Generation of Green House Gases in transportation of construction materials	• Local sourcing of materials to minimize transportation footprint.
Pollution from construction waste, waste oils and spares	• Apply the 3R rule of Reduce, Recover and Recycle waste.
OHS concerns in construction	• Develop and implement Health and Safety Plan with clear budgetary allocation.
Disruption of life by noise, truck movement, dust etc. in soil transport	• Implement an approved Traffic/ Transport Safety Plan.
Minor loss of carbon sinks in destroyed cover vegetation	• Minimize logging, then replace lost tree species.
Risk of fire hazards from construction camp	• Develop and implement Construction Plan including OSHA Plan.
Socio-impacts including sanitation concerns from construction crew and labour camps	• Develop and follow Construction Plan including OSHA plan to include local sourcing for labour and personnel.
Concerns on HIV and AIDS	• Local sourcing of labour, aggressive campaign and VCT services.
Degradation of the Tiwi Aquifer	• Aquifer monitoring study before and after commissioning. • Waste water recovery through a Common Effluent Treatment Plant-CEMP.

Possible Impacts Mitigation Measures

Political/Social tension over cross-county water transfer

- Continuous monitoring on Tiwi Aquifer. Switch sourcing to Mwache dam when operational.

The full report of the proposed project is available for inspection during working hours at:

- (a) Principal Secretary, Ministry of Environment and Forestry, NHIF Building, 12th Floor, Ragati Road, Upper Hill, P.O. Box 30126-00100, Nairobi.
- (b) Director-General, NEMA, Popo Road, off Mombasa Road, P.O. Box 67839-00200, Nairobi.
- (c) County Directors of Environment, Mombasa and Kwale counties.

The National Environment Management Authority invites members of the public to submit oral or written comments within thirty (30) days from the date of publication of this notice to the Director-General, NEMA, to assist the Authority in the decision making process regarding this plan.

THE ENVIRONMENTAL MANAGEMENT AND
CO-ORDINATION ACT

(No. 8 of 1999)

THE NATIONAL ENVIRONMENT MANAGEMENT AUTHORITY

ENVIRONMENTAL IMPACT ASSESSMENT STUDY REPORT
FOR THE PROPOSED KWALE MINERAL SANDS PROJECT,
SOUTH DUNE EXTENSION, KWALE COUNTY

INVITATION OF PUBLIC COMMENTS

PURSUANT to regulation 21 of the Environmental Management and Co-ordination (Impact Assessment and Audit) Regulations, 2003, the National Environment Management Authority (NEMA) has received an Environmental Impact Assessment Study Report for the above proposed project.

The proponent, Base Titanium Limited, proposes to expand their current mining activities to the "South Dune" extension which will involve the relocation of existing Hydraulic Mining Units, establishing satellite workshops and supporting infrastructure in Kwale County.

The following are the anticipated impacts and proposed mitigation measures:

Possible Impacts Mitigation Measures

- | | |
|---|--|
| Impacts to soils | <ul style="list-style-type: none"> • Mine in blocks to allow for a reduction in the volume of vegetation to be cleared and stripped, confining mining activities to active mine blocks. • Vegetate topsoil stockpiles expected to remain stockpiled for more than three months, with indigenous grass species, especially creepers. • Disturbance areas to be stripped progressively to reduce erosion and sediment generation, and utilize topsoil as soon as possible for rehabilitation. • Erosion on steep slopes is to be controlled through revegetation and shade netting, placed at right angles to erosion gullies and gulley repair. |
| Surface groundwater resources and contamination | <ul style="list-style-type: none"> • Construction of settlement ponds, gabions and artificial wetlands, to manage turbidity and suspended solids as a result of storm water runoff. • Reuse of wastewater from hydraulic process to reduce ex-situ discharge. |

Possible Impacts Mitigation Measures

- | | |
|---|--|
| | <ul style="list-style-type: none"> • Erection of silt traps downstream of activity areas, on specific streams of most value to the communities or in recharging the main rivers. • Continuation with water quality monitoring activities at identified sites, and any other sites that will be noted to be at significant risk to contamination. |
| Water supply to communities and flora | <ul style="list-style-type: none"> • Base will strictly adhere to the surface water abstraction permit conditions in cases where water from Mkurumudzi River or others replenishing wetlands is to be used for mining activities. Groundwater abstraction will meet or be below current permitting needs. Any localised effects resulting from groundwater drawdown on community boreholes and wells can be mitigated by providing an alternative source of water, or by deepening a shallow well. |
| Noise and vibration from mining operations | <ul style="list-style-type: none"> • All households within the South Dune will be resettled as per the RAP prepared by Base. Resettlement is also assumed within the buffer zones identified. • Where the heavy equipment causing vibrations are to be used close to settlements, the households will be sensitised prior to such activities. • Night time activity (specifically heavy machinery use) to be minimised where possible, especially for activities conducted close to mining area perimeter. • Construction of berms/ walls along mining area perimeter to act as a noise screen, directional 'smart' reverse alarms to be utilised on mining equipment. |
| Exposure of workers and communities to dust fallout and PM10 emissions | <ul style="list-style-type: none"> • Although radiation impacts are not expected to increase due to the project, Base will maintain radiation monitoring as per the Radiation Management and Monitoring Programme in both air and water. • Personal radiation badges will be worn by workers at the identified radiation risk areas to measure their personal radiation doses to ensure these are maintained well below international standards. |
| Impacts on fauna and flora (Loss of species and reduction in surface vegetation cover/ habitat) | <ul style="list-style-type: none"> • Maintain all indigenous tree and shrub species in the established nursery to replant during rehabilitation. • All of the critical habitats and No Go environmental sensitive areas within the mining area and on its outer fringes are to be avoided. • Maintain a buffer of preferably 100 m around edges of forest patches and any wetlands that do not fall within the mining resource area, and ensure no runoff from mining infrastructure/area gets into any rivers/wetlands/swamps/pans, without being cleaned (establish silt traps where necessary). • Avoid less disturbed wooded grassland thickets as far as possible, especially where threatened species have been confirmed, or where such woodland patches are in close proximity of wetland areas. Avoid wetland habitats as far as possible, especially areas around springs. • Avoid clearing indigenous trees with above >50 cm diameter and/or a height over 8 m where such trees fall outside the mineral resource areas. |

Possible Impacts Mitigation Measures

- Relocate individuals of threatened tree species as far as this can be done with success (e.g. *Ficus faulknerae*).
 - Areas of high conservation significance in proximity, but outside the physical mining footprint, need to be clearly demarcated with appropriate barriers and signage to ensure no further encroachment or disturbance.
 - Upon completion of mining, rehabilitate and restore wetlands and the riverine vegetation.
 - Rehabilitate progressively and as soon as areas are mined out, fully utilising insights gained from the rehabilitation trials.
- Risks to safety and health at the workplace
- Base's existing OHS Management System and various OHS Management Plans are fully embedded into the operations, and includes appropriate documentation, procedures, guidelines, standards, risk assessments and monitoring records, with assigned accountabilities and responsibilities. In addition, the OHS Management System undergoes frequent review. Various system elements are audited monthly and identified corrective measures implemented to further improve the system. Also, the operations' Hazard and Operability Study (HAZOP) has been undergoing monthly review.
- Loss of housing; private land and orchards; communal land and natural resources; businesses; public facilities and services; breakdown in community networks and structure
- Mitigations to be implemented include developing a Resettlement Action Plan (RAP) consistent with national law, international good practice and precedent established in previous RAPs. The RAP will comply with national compulsory land acquisition laws. It will establish options for cash compensation and/or resettlement assistance to all eligible persons that have lost access to their land, lost their homesteads and associated structures, assets or any improvements made on their homesteads, lost annual or perennial crops or productive trees, lost business income and worker salaries during the transition phase, as well as the option of reinstating the business or traders at a suitable alternative location near their existing client base/catchment. It will establish the relevant allowances (disruption, moving and other applicable allowances) to be granted to eligible persons, as well establishing as a Community Agreement with all affected communities to address the loss of communal land and natural resources. The agreement will be supported by a compensation fund that will be exclusively used for community development measures to offset the loss of communal land / communal natural resource harvesting areas. The RAP, as well as the Community Agreement and Community Development Plan, will restore any loss of public services, facilities, and infrastructure (clinics, schools, churches) at a suitable alternative location. It will also encompass the protection, relocation, or offsetting any affected cultural heritage.
 - The RAP will establish programmes for livelihood restoration; will be supported via ongoing stakeholder engagement with Affected Persons; will establish a Grievance Mechanism that will become operational prior to the Asset Inventory and Valuations; and will profile potential vulnerable people that form part of the displacement Affected Persons and made special provisions for affected persons.

Possible Impacts Mitigation Measures

- Restriction of access and mobility
- Base will co-ordinate with Kwale County for the removal of existing roads, on condition that Base will provide replacement roads or access paths to households. The routing, design and maintenance requirements for new roads will be agreed between Base and relevant authorities. Base will show that any new roads will retain, and ideally, improve household mobility and accessibility between communities. Public roads will remain as public and Base will avoid, to the maximum extent possible the conversion of existing public roads to mine roads. Where conversation is needed, Base will construct alternative public roads.
- Employment and labor and work seeker influx
- Base will update the LRIMP to cover the South Dune operations as well as neighbouring communities. The LRIMP will establish preferential employment rules based on differing priority areas. Preferential employment targets will also be established for women and young men. The LRIMP will be amended to establish local training and skill development programmes by Base (or third party contractors) in advance of the mobilisation of the EPC Contractor to enable local people to be recruited. The LRIMP will extend all Fair Treatment Principles, any existing labour law requirements, and IFC or ILO standards.
- Local economic content, development and CSI spend
- Local supplier development to be promoted via existing Base Procurement Plans or Local Content Plan/Plan, and existing plans will focus on supporting and developing existing small, medium enterprises in the local communities, and incorporation of these SMMEs in the procurement process.
 - Base will expand and amend any existing CSI initiatives to include communities that are directly or indirectly affected by the South Dune operations.
 - Base will make specialist provision for the establishment of CSI initiatives that support vulnerable households and women in particular.
- Community health, safety and security
- Base's Health and Safety Department to review the community health, safety, and security risks associated with the South Dune mining operations, and amend any existing Health and Safety Plans to ensure effective coverage of the South Dune mining operations and any affected communities.
 - Base to ensure that there is sufficient resourcing (emergency staff, equipment, and funds) to expand current H&S plans to cover the South Dune mining operations and affected communities. The Traffic Management Plan will be updated, taking into consideration the surrounding South Dune communities.

THE ENVIRONMENTAL MANAGEMENT AND
CO-ORDINATION ACT

(No. 8 of 1999)

THE NATIONAL ENVIRONMENT MANAGEMENT AUTHORITY

ENVIRONMENTAL IMPACT ASSESSMENT STUDY REPORT
FOR THE PROPOSED PROPOSED RESIDENTIAL APARTMENTS
ON PLOT L.R. NO. 1/701 ALONG CHANIA AVENUE IN
KILIMANI AREA NAIROBI CITY COUNTY

INVITATION OF PUBLIC COMMENTS

PURSUANT to regulation 21 of the Environmental Management and Co-ordination (Impact Assessment and Audit) Regulations, 2003, the National Environment Management Authority (NEMA) has received an Environmental Impact Assessment Study Report for the above proposed project.

The proponent, Brickford Heights Limited, proposes to develop fifteen (15) storey residential apartment (2 No. of basements, ground floor and 13 No. of floors) comprising of two hundred and eight (208) units (104 one bedroom units and 104 two bedroom units), 306No. parking bays, associated facilities and amenities on plot L.R. No. 1/701, along Chania Avenue in Kilimani Area, Nairobi City County.

The following are the anticipated impacts and proposed mitigation measures:

Possible Impacts	Mitigation Measures
Commissioning of the construction works	• Site hand-over and ground breaking.
Securing construction site	• Construction of perimeter wall and hoarding.
Security construction material	• Construction of site stores. • Construction materials to be delivered in small quantities to minimize storage problems.
Extraction and use of building materials	• Availability and sustainability of the extraction sites as they are non-renewable in the short term. • Landscape changes e.g. displacement of animals and vegetation, poor visual quality and opening of depressions on the surface. • Ensure suppliers are licensed by NEMA.
Soil excavation leading to site disturbance soil erosion	• Excavate only areas to be affected by buildings. • Dumping of excess excavated materials to sites designated by NEMA and the County. • Restoration of sites excavated. • Create and maintain soil traps and embankments. • Excavated soil to be used for back filling.
Noise pollution and vibration	• Switch off engines not in use. • Construction work to be confined to between 7 a.m. and 6 p.m. • Ensure use of earmuffs by machine operators. • Provide and enforce use of PPE e.g. earmuffs.

Possible Impacts

Mitigation Measures

		<ul style="list-style-type: none"> • Proper servicing of machinery and equipment (oiling and greasing). • Monitor noise levels as per NEMA guidelines.
Air emissions		<ul style="list-style-type: none"> • Water sprinkling of driveways or the use of biodegradable hydrant e.g. Terraform polymer will reduce dust emission during construction. • Cover loads of friable materials during transportation. • Control speed of construction vehicles and switch off machines when not in use. • Provide PPE to workers.
Health and safety		<ul style="list-style-type: none"> • Provide First Aid Kits on site. • Proper signage and warning to public of heavy vehicle turning. • Ensuring building strength and stability. • Provide clean water and food to the workers. • The contractor to abide by all construction conditions especially clause B12 which stipulates health safety and workforce welfare. • Personnel to stick to standard operation procedures. • Personnel to wear complete protection gear. • Provision of firefighting equipment. • Put in place an emergency response plan.
Solid generation	water	<ul style="list-style-type: none"> • Ensure waste materials are disposed of on County and NEMA approved sites. • Use of SRs—Reduce, Re-use, Recycle. • Solid waste to be put in designated areas for appropriate disposal (waste cubicle). • Waste segregation at the source. • Engage a licensed, competent and effective waste handler.
Energy consumption and excessive water use		<ul style="list-style-type: none"> • Use electricity sparingly since high consumption of electricity negatively impacts on these natural resources and their sustainability. • Use of standby generators. • Use of renewable sources of energy i.e. solar panels. • Drilling borehole. • Abstract as indicated in the WRMA permit. • Installation of toilet flushes with low volume cisterns.
Distortion of neighbourhood aesthetic image		<ul style="list-style-type: none"> • Harmonize building scale with existing developments in neighbourhood. • Harmonize detail, material and finishes for roofs and walls with existing development in the neighbourhood.
Solid generation and management	waste	<ul style="list-style-type: none"> • Regular inspection and maintenance of the waste disposal systems during operation phase. • Establish a collective waste disposal and management system. • Provide waste disposal bins to each suite well protected from adverse weather and animals.

<i>Possible Impacts</i>	<i>Mitigation Measures</i>
	<ul style="list-style-type: none"> • Ensure waste materials are disposed of on County approved sites. • Engage a NEMA licensed waste handler to transport the waste. • Use of SRs—Reduce, Re-use, Recycle.

**IMPORTANT NOTICE TO SUBSCRIBERS TO
THE KENYA GAZETTE**

THE following notes are for the guidance of persons submitting "copy" for inclusion in the *Kenya Gazette, Supplement*, etc.:

- (1) *The Kenya Gazette* contains Notices of a general nature which do not affect legislation. They are, therefore, submitted to the Government Printer directly.
- (2) *Legislative Supplement* contains Rules and Regulations which are issued by the National or County Governments. Because of this, they must be submitted to the Government Printer through the office of the Attorney-General.
- (3) *Bill Supplement* contains Bills which are for introduction in the National Assembly, Senate or County Assemblies.
- (4) *Act Supplement* contains Acts passed by the National Assembly, Senate or County Assemblies.

All "copy" submitted for publication should be prepared on one side of an A4 sheet no matter how small the Notice is, each page being numbered and should be typed with double spacing. Copy should be clear, legible and contain no alterations.

Particular attention should be paid to the following points:

- (i) Signature must be supported by rubber-stamping or typing the name of the signatory in capital letters.
- (ii) Must be correct and filled in where necessary.
- (iii) Care should be taken to ensure that all headings to Notices and references to legislation are up to date and conform with the Revised Edition of the Laws of Kenya.
