GAZETTE NOTICE No. 122

THE INDUSTRIAL COURT

CAUSE No. 6 of 1986

Parties:

Kenya Timber and Furniture Workers' Union
and
Mwenja Ngure Saw Mills

Issue in dispute:

Dismissal of Peter Mugunyi

THE Kenya Timber and Furniture Workers' Union shall hereinafter be referred to as the claimants and Mwenja Ngure Saw Mills shall hereinafter be referred to as the respondents.

2. When this dispute came up for mention on 28th February, 1986, the respondents failed to attend the mention and the court proceeded to fix a hearing date in their absence. On 15th July, 1986, when it came up for hearing the respondents again failed to attend the court even though they had been informed about the hearing date by the court's letter dated 28th February, 1986, and the court proceeded to hear the dispute in their absence. After the claimants' opening submissions, the court ordered the chief industrial relations officer to instruct the Provincial Labour Officer, Nyeri to ascertain from the respondents records whether the grievant was a monthly employee or a daily employee and that they report back to the court within two months. The dispute was again mentioned on 15th October, 1986, and the hearing was fixed for 12th November, 1986. The court informed the respondents about the hearing date and also forwarded the Nyeri Provincial Labour Officer's report to them.

AWARD

3. Finally this dispute was heard on 12th November, 1986, as scheduled in the absence of the respondents who failed to turn up.

The claimants also called the grievant to give evidence.

The Minister for Labour signed the reference of this dispute to the Industrial Court on 9th January, 1986, in accordance with section 8 of the Trade Disputes Act which reference was received by the court on 10th January, 1986, together with the statutory certificates signed by him and the Labour Commissioner.

The grievant Peter Mugunyi was engaged by the respondents as an artisan in June 1982. The claimants submitted that the grievant was wrongfully dismissed because of his trade union activities and that he was employed on a monthly basis. The claimants further stated that his main duties were operating planing and lathe machines.

The claimants further stated the respondents contention during investigations that the grievant was dismissed because of stealing a screw spanner was just a frame up to get rid of him. They stated that the grievant was not serving the respondents on contract, as there was no written contract.

The claimants requested the court to make an award in their favour.

After careful consideration of the claimants submissions and the Nyeri Provincial Labour Officer's report and the evidence adduced by the grievant the court finds that Peter Mugunyi was engaged by the respondents on a daily basis and at the most on piece work rate.

The court also finds the claimants' claim to be misconceived, and just a waste of the court's time. The court has no hesitation in dismissing the claimants' demands and directs the grievant to collect Sh. 530 deposited by the respondents with the Labour Office, Nyeri if he has not done so.

GAZETTE NOTICE No. 124

THE INDUSTRIAL COURT

CAUSE No. 121 OF 1985

Parties:

Kenya Engineering Workers Union
and
Pelican Limited

Issues in dispute:

1. Failure to grant wage increments.
2. Dismissal of 11 employees.

THE Kenya Engineering Workers Union shall hereinafter be referred to as the claimants and Pelican Ltd. shall hereinafter be referred to as the respondents.

2. This dispute was first mentioned on 22nd November, 1985, and the court fixed it for further mention for 31st January, 1986. The dispute was heard on 28th May, 1986, and after the parties opening submissions the court directed the Division of Manpower Planning and Development to prepare a detailed report on the two issues in dispute and the court further directed that the dispute be mentioned after the D.M.P.D. report had been received by the court.

The dispute was again mentioned on 21st July, 1986, and the hearing was fixed for 3rd November, 1986. Finally the parties were heard in Nairobi on 3rd November, 1986, and relied on their written and verbal submissions.

AWARD

3. The Minister for Labour signed the reference of the dispute to the Industrial Court on 1st October, 1985, in accordance with section 8 of the Trade Disputes Act. The court received the notification of dispute from the Minister on 4th October, 1985, together with statutory certificates signed by him and the Labour Commissioner.

Failure to Grant Wage Increments:

The claimants submitted that the parties had entered into a collective agreement effective from 1st August, 1980, for a period of two years and they had it registered by the court in June 1982 under RCA. No. 102/82.

They stated that under this agreement all the unionizable employees were entitled to a wage increase of 12 per cent for the first year and another increase of 13 per cent for the second year. They submitted that after the agreement was registered the respondents became adamant in implementing the agreement and that when they implemented the agreement they deliberately denied 10 employees their wage increases. They further stated that the respondents refused to give them these increases on the ground that they had been erroneously given a wage increase in July 1981 along with the non-unionizable staff. The claimants strongly submitted that the wage increase these employees had received in July 1981 were merit increases and not the increases due to them under the parties collective agreement.

The claimants further stated that instead of the respondents giving these employees a wage increase under the agreement they withdrew these merit increases which were given in July 1981 after these employees had enjoyed the increases for a year. They stated that the 10 employees were entitled to a wage increase as per the parties agreement and that these increases were to be based on their salary as at 31st July, 1981. They further submitted that even if these employees received merit increases in July 1981 they were entitled to receive a further increase under the parties collective agreement. They requested the court to order the respondents to pay these employees all their dues in accordance with RCA. No. 102/82.

Dismissal of Ten Employees:

The claimants submitted that the 10 employees were transferred by the respondents to their sister company whose terms and conditions of employment were quite different. They stated that they demanded that the respondents should pay these employees all their dues under the collective agreement R.C.A. No. 102/82 before the transfers were effected. The claimants strongly submitted that as a result of these transfers all the unionizable staff went on strike until the Ministry of Labour had to intervene and that even when the parties had reached a return to work formula the respondents went ahead and dismissed these 10 employees alleging that they had defied a lawful order to go on transfer. They stated that the agreement reached by the parties when there was a strike in the respondents undertaking was no longer valid as they had victimized the 10 employees under the pretext that they had defied a lawful order.

They finally told the court that the respondents are a very difficult employer and indulged in unfair labour practices.

Failure to Grant Wage Increment:

The respondents on the other hand countered the claimants submissions by strongly submitting that the 10 employees were erroneously given a wage increase in July along with non-unionizable employees while the respondents personnel manager was on leave. They stated that all the non-unionizable staff receive their wage increment on 1st July every year as stipulated in their letters of appointment while all the unionizable staff receive their increments through collective bargaining agreement.

The respondents further submitted that when these employees received the July increases the parties were in the process of negotiating their wage increases among other terms of service covering the period 1st August, 1980 to 30th July, 1982. They further stated that when they finalized negotiations and the agreement had been registered by the court they implemented the wage increase less the increases these employees had received in July 1981. They submitted that they had off-set the wage increment under the collective agreement against the July 1981 increments as otherwise these employees would have got double compensation, thereby defeating their salary and wage increase policy. They strongly submitted that the 10 employees never suffered any loss as far as the collective agreement is concerned and requested the court to reject the claimants demand.

Dismissal of 11 Employees:

The respondents strongly submitted that the 1981 recession led to a situation whereby they had very little business and that at times they virtually had nothing to do. They further stated that in February and March they were forced to send 21 employees on compulsory leave as there was no enough work. They submitted that by July 1981 when the situation did improve they made arrangements with their sister company R.H. Devani to take eight of their employees instead of declaring them redundant, but they had assured these employees

in their letters of transfer that they will remain on the respondents payroll and that if the situation improves they will be recalled back.

They stated that all the employees were made aware of the company's situation by their standard letter which was dated 22nd July, 1981, addressed to all employees. They further stated that the grievants totally refused to go on transfer and opted to report at the respondents undertaking every day and just sit idle the whole day, but were paid for all these days. The respondents strongly submitted that they exercised a lot of patience up to an extent of calling these employees individually and stated that this was last of their pleas.

They informed the court that two employees accepted to go on transfer and that one of them is still with the respondents but the other had resigned. They stated that those who had refused to go on transfer were dismissed. The respondents castigated the claimants for calling the strike after the dismissal of these employees and for adopting a hostile attitude during negotiations of return to work formula. The respondents denied the allegation that they never complied with the return to work formula as they had reinstated 5 employees as agreed. They stated that the issue of the 6 employees who refused to go on transfer was settled amicably during the parties negotiations of the return to work formula and that if the claimants wanted to revive the issue of the 6 employees they should report a new trade dispute.

They finally submitted that all the six employees who had refused to go on transfer were paid all their dues and they requested the court to dismiss the claimants demand.

After a careful consideration of all the submissions on the first issue the court is unable to accept the respondents plea that the 10 employees concerned had been paid wage increases through an error. The court is inclined to believe that these were merit increases. Accordingly the court awards that the 10 employees concerned are entitled to benefit fully from the wage increases as agreed in the collective agreement under question in addition to the merit increases they had received. The court directs that the respondents should immediately adjust the salaries of the 10 employees and pay them all their arrears forthwith.

On the second issue the court finds that the claimants have failed to make out a case of wrongful dismissal and their demands are accordingly rejected.
