THE ENVIRONMENTAL MANAGEMENT AND CO-ORDINATION ACT

(No. 8 of 1999)

THE NATIONAL ENVIRONMENT MANAGEMENT AUTHORITY ENVIRONMENTAL IMPACT ASSESSMENT STUDY REPORT FOR THE PROPOSED REDEVELOPMENT OF SUN N SAND BEACH RESORT ON PLOT NO. 329/3097, KIKAMBALA, KILIFI

INVITATION OF PUBLIC COMMENTS

PURSUANT to regulation 21 of Environmental (Impact Assessment and Audit) Regulations, the National Environment Management Authority, (NEMA) has received an environmental impact assessment study report for the implementation of the proposed redevelopment of Sun N Sand Beach Resort.

The proposed development for the new Sun N Sand development comprises of 332 suites in 7 buildings, 5 of which will be for clients like conference delegates and upmarket Kenyans, COMESA residents and tourists; while 2 will be approximately 5,000 sq. m. of retail space including a spa, gym, restaurants, business centre, bank, etc.

The development will be split into six construction phases:

- (a) Block 1: 15 storeys, 56 suites, (27 x 2 bedroom suites and 29 x 3 bedroom suites).
- (b) Block 2: 18 storeys, 68 suites, (33 x 2 bedroom suites and 35 x 3 bedroom suites).
- (c) Block 3: 23 storeys, 84 suites, (42 x 2 bedroom suites and 42 x 3 bedroom suites).
- (d) Block 4: 18 storeys, 68 suites, (33 x 2 bedroom suites and 35 x 3 bedroom suites).
- (e) Block 5: 15 storeys, 56 suites, (27 x 2 bedroom suites and 29 x 3 bedroom suites).
- (f) Block 6 and 7: 7 storeys each retail space build-out; approximately 5,000 sq. m. to be used for banks, supermarkets, conference room spa gym, restaurants, and shops.

The proposed project site for development of suits is within the Sun N Sand Beach resort. The resort is located in Kikambala, on the North Coast of Kenya. It sits approximately 13 kilometres from Vipingo Ridge Golf resort and 23 kilometres from the heart of Mombasa Island and is close to some of the North Coast's finest cultural venues. The resort is approximately 2 kilometres from the main Mombasa-Malindi Road.

The following are the anticipated impacts and proposed mitigation measures:

Possible impacts	Mitigation measures
Soil disturbance and pollution	<ul style="list-style-type: none"> Excavation only at areas of construction. Ensure vehicles delivering materials and machines are in good condition no leaks. Part of the excavation material will be used for landscaping and beautifying the project site. Landscaping will be done and additional trees planted to enhance the environment.
Water pollution	<ul style="list-style-type: none"> Refrain from releasing any construction waste into the water. Check the site drainage to refrain from sedimentation of the marine environment through storm outfall. Contain packaging of building materials of new equipment installed. The location of the sewage treatment plant should not be close to water sources or bodies and should be such that the flow is aided by gravity to minimize costs of pumping. Monitoring quality of effluent discharge.
Air pollution	<ul style="list-style-type: none"> Ensure the vehicle engines are in good condition to reduce levels of exhaust gases.
Possible impacts	Mitigation measures

- Noise pollution
- Construction during daylight hours.
 - Drive vehicles into the site without undue noise (hooting)
- Socio-economic
- Careful driving vehicles delivering materials.
 - Provide personal protective equipment (overalls, safety shoes and gloves) to employees.
 - Keep an accident register.
 - Implement safety measures, emergency plans and contacts.
 - Install fire fighting and first aid equipment.
 - Train of the community on new technology.

The full report of the proposed project is available for inspection during working hours at:

(a) Director-General, the National Environment Management Authority (NEMA), Popo Road, off Mombasa Road, P.O. Box 67839-00200, Nairobi.

(b) Permanent Secretary, Ministry of Environment and Mineral Resources, N.H.I.F. Building, Community, P.O. Box 30521, Nairobi.

(c) Provincial Director of Environment, Coast Province.

(d) District Environment Officer, Kilifi District.

The National Environment Management Authority invites members of the public to submit oral or written comments within thirty (30) days from the date of publication of this notice to the Director-General, NEMA, to assist the Authority in the approval process of the project.

THE NATIONAL ENVIRONMENT MANAGEMENT AUTHORITY ENVIRONMENTAL IMPACT ASSESSMENT STUDY REPORT FOR THE PROPOSED KILIMANJARO COMMUNITY TRUST FENCE IN EMPIRON—MISIGIYIO AREA, RIFT VALLEY PROVINCE

INVITATION OF PUBLIC COMMENTS

PURSUANT to regulation 21 of Environmental (Impact Assessment and Audit) Regulations, the National Environment Management Authority, (NEMA) has received an environmental impact assessment study report for the implementation of the proposed Kilimanjaro Community Trust Fence.

The proposed development involves laying down five strands wire, whereby three will be live wires and two earth wires. The fence shall cover a distance of 25 kilometres in total.

The proposed fence shall extend from the southern end of the existing Kimama fence running at the lower edge of the Loitokitok farmland and ends near the International boundary of Kenya and Tanzania making a length of 25 km. The Kilimanjaro community fence is located in Kajiado South Division, Rift Valley Province.

The following are the anticipated impacts and proposed mitigation measures.

Possible Environmental Suggested Mitigation Measures Impacts

- Loss of vegetation
- Restrict clearing only to fence alignment section.
 - Use some trees which falls under fence line as posts.
- Vegetation trampling
- Fence line to follow park-community land boundary as much as is possible.

Possible Environmental Suggested Mitigation Measures Impacts

- Vegetation degradation due to restricted animal movement
- Drive or walk along designated tracks.
 - Scientific management of the mega herbivores in the park.
- Loss of soil micro organism
- Human labor to be used during clearance, transportation of materials to site and installation.
 - Avoid use of heavy machineries.
- Bar elephants access to watering points and salt licks
- Provide alternative watering points and salt lick supplements.
- Soil erosion
- Human labor to be used during clearance, transportation of materials to site and installation.
 - Allow regeneration of graminoid layer along the fence line after installation to cover the soil.
- Soil compaction
- Minimized use of heavy vehicles for poles transportation.
 - Human labor to be used as much as is possible.
- Air pollution and vegetation destruction
- Pole treatment done outside the national park area and far from human settlements.
 - Choice of pole treatment area to be relatively open and void of important plant species.
 - Appropriate disposal of the treatment oil and chemicals.
- Increased solid waste (from the construction and implementing team)
- Appropriate waste material disposal methods to be employed; bins to be used and later disposed to designated municipal disposal sites.
- Cleared trees and construction material remnant.
- Cleared trees and shrubs to be disposed as firewood and logs using the existing Park Department legal procedures.
- Fence vandalism by poachers
- Establish community park policing.
 - Increase community conservation education awareness.
 - Establish alternative income generating projects that are conservation compatible to reduce dependency on the park resources.
 - Enhance the existing conservation compatible community projects.
 - Encourage community subsistence agriculture.
- Electric shock
- Sensitization and creation of awareness.
- Fence destruction source of park fire
- Fix lightning arrestors strategically.
 - Regular maintain the fence maintenance track to act as fire break.
- Skin injuries from fallen nails or wires and tree stumps
- Awareness and proper advice to those involved.
 - Workers should not walk bare-footed during clearance and fence construction.
 - Provide protective working gears.
 - Provision of First aid kits whenever work is in progress.
- Falling injuries in the dug post holes
- No holes should be left dug overnight.
 - Workers advised on taking safety precautions.

The full report of the proposed project is available for inspection during working hours at:

- (e) Director-General, the National Environment Management Authority (NEMA), Popo Road, off Mombasa Road, P.O. Box 67839-00200, Nairobi.
- (f) Permanent Secretary, Ministry of Environment and Mineral Resources, N.H.I.F. Building, Community, P.O. Box 30521, Nairobi.
- (g) Provincial Director of Environment, Rift Valley Province.
- (h) District Environment Officer, Kajiado District.

The National Environment Management Authority invites members of the public to submit oral or written comments within thirty (30) days from the date of publication of this notice to the Director-General, NEMA, to assist the Authority in the approval process of the project.

THE ENERGY ACT
(No. 12 of 2006)

PROPOSED REGULATIONS IN RESPECT OF SOLAR
PHOTOVOLTAIC SYSTEMS

INVITATION OF PUBLIC COMMENTS

Part I

1. PURSUANT to section 110 (3) of the Energy Act, 2006, the Energy Regulatory Commission hereby invites members of the public to submit written comments within forty (40) days from the date of publication of this notice to the Director General, the Energy Regulatory Commission, on the proposed Regulations in respect of Solar Photovoltaic Systems which are set out in Part II hereunder.

2. Comments may be hand-delivered, posted, and facsimiled or e-mailed to the Energy Regulatory Commission.

3. Physical address: The Energy Regulatory Commission, First Floor, Eagle Africa Centre, Longonot Road, Upperhill, Nairobi

4. Postal address: P.O. Box 42681 -00100 GPO, Nairobi

Part II

THE ENERGY (SOLAR PHOTOVOLTAIC SYSTEMS)
REGULATIONS, 2011

Citation

1. These Regulations may be cited as the Energy (Solar Photovoltaic Systems) Regulations, 2011.

Application

2. (1) These regulations shall apply to a solar PV system manufacturer, importer, vendor, technician, contractor, system owner, a solar PV system installation and consumer devices.

(2) Where AC electricity is involved the the Electric Power (Electrical Installation Work) Rules, 2006, shall apply.

Interpretation

3. In these Regulations, unless the context otherwise requires-
“Act” means the Energy Act, No 12 of 2006;

“consumer devices” means off the shelf, readymade kits with no installation required and of less than 10 W, and may include PV lanterns, dc phone chargers and PV kits;

“contractor” means a business, or organization that provides goods or services to another entity under terms specified in a contract;

“battery based system” means an electrical energy supply system based on a battery without an integrated charging source or the charging source on site, and may include a single DC battery up to 200 Ah;

“hybrid system” means an integrated solar PV system incorporating other electricity generation sources such as diesel generator or wind generator ;

“commission” means the Energy Regulatory Commission established under section 4 of the Act;

“Kenya Standard” means a specification or code of practice declared by the National Standards Council under section 9 of the Standards Act ;

“licensee” means the holder of a licence;

“manufacturer” means an entity that makes solar PV system, components or products through a process involving raw materials, components, or assemblies;

“medium system ” means a solar PV system incorporating multiple modules or wind generator up to 300 Wp;

“Minister” means the minister for the time being responsible for energy;

“photovoltaic or PV” means the direct conversion of sunlight into electric current.

“solar cell” means a solid state device that converts the energy of sunlight directly into electricity by photovoltaic effect;

“solar PV module” means a packaged interconnected assembly of solar cells, also known as photovoltaic cells;

“solar photovoltaic system or solar PV system” means a system consisting of photovoltaic modules, electrical, mechanical connections and mountings and regulating and/or modifying electrical output components that generate and provide electricity;

“system design tools “means equipment, software, spreadsheets, charts, or matrices used in the design, installation, testing and maintenance of solar PV system.

“solar PV system installation” means a set up comprising a solar PV system, modules and components fixed at a specific site for the provision of electricity service.

“vendor” means a distributor, promoter, and supplier of solar PV system or components or consumer devices to a user for installation by a technician, contractor or user.;

“warranty” means an assurance or guarantee given to the purchaser by a manufacturer or his agent stating that a product will perform as stated, is reliable and free from known defects and that the manufacturer will, without charge, repair or replace defective parts within a given time limit and under certain conditions.

Powers of inspection

4. (1) The Commission or its agent may carry out inspection, in relation to the compliance with these Regulations, in accordance with section 24 of the Act.

(2) Where the Commission finds that any provisions of these Regulations have been contravened by a manufacturer, vendor, technician or contractor or that a condition has arisen that has the potential of contravention of these Regulations, the Commission or its agent may issue a compliance notice thereof.

(3) A notice issued under this Regulation shall state the—

- (a) specific provisions that have been contravened;
- (b) measures that must be taken to rectify the contravention; and
- (c) period within which the notice shall be complied with.

(4) The Commission shall, upon request, issue a compliance certificate where the manufacturer, vendor, technician, contractor or installed solar PV system is in compliance with these Regulations.

Warranty on system and components

5. (1) A manufacturer, vendor, technician and contractor shall provide a warranty to the end-user for the components in the solar PV system and the PV Installation in accordance with the prescribed Kenya Standard (KS 1673-1:2004) as set out in the First Schedule.

(2) Consumer devices that incorporate the use of solar PV system shall have a warranty of not less than 1 year.

(3) A manufacturer or vendor shall ensure the warranty period is clearly labelled on any displayed solar PV system product.

Design, installation, repair and maintenance

6. (1) The design, installation, repair and maintenance of a solar PV system shall be in accordance with the Code of Practice – Solar PV; Kenya Standard 1673-1: 2004 or successor editions or replacements.

(2) Any solar PV system design and specifications shall take into account the user electrical energy needs, safety and ensure that the components are appropriately matched.

(3) A vendor or contractor shall be responsible for solar PV system design and specifications.

(4) A vendor or contractor shall submit the solar PV system design tools to the Commission for approval.

(5) A solar PV system technician or contractor shall issue an installation completion certificate, showing as a minimum, the date of installation, details of the installer, details of owner, location, capacity and warranty upon commissioning of the solar PV system.

(6) The owner of a solar PV system shall use and ensure maintenance and carry out repairs required to keep the installation in good and efficient working condition.

Documentation

7. (1) The Commission shall maintain a register of all licensed solar PV systems manufacturers, vendors, technicians and contractors.

(2) The contents of the register shall be available for inspection by the public.

(3) All vendors, technicians and contractors shall provide to the owner of a solar PV system the prescribed documentation as set out in the Second Schedule.

(4) All manufacturers, vendors, technicians and contractors shall provide to the Commission the annual returns of solar PV systems and components manufactured, sold and installed on the prescribed form ERC 001 as set out in the Fifth Schedule by March 31 of the following year.

(5) A solar PV system manufacturer, vendor, technician and contractor shall maintain any documentation required under these Regulations for a minimum period of five years.

Use and disposal of solar PV systems and components

8. (1) All Manufacture, sale, installation, use and disposal of solar PV systems and components shall be in accordance with the provisions of the Environmental Management Coordination Act (EMCA) No. 8 of 1999, the Occupational Safety and Health Act No. 15 of 2007.

(2) A manufacturer or vendor of a solar PV system and components shall affix appropriate safety and health warning labels on the solar PV system and components.

(3) A technician or contractor shall affix appropriate safety and health warning labels on completed solar PV system installations.

Licensing of solar PV system manufacturers

10. (1) A person shall not engage in the business of manufacture of any solar PV system and components unless he is licensed by the Commission.

(2) A person desirous to be licensed as a solar PV system and components manufacturer shall make an application on the prescribed form ERC 002 as set out in the Fifth Schedule.

(3) To be licensed as a solar PV system manufacturer, the licensee shall pay the prescribed licence fees to the Commission as set out in the Third Schedule

Licensing of solar PV system technicians

11. (1) A person shall not design or install any solar PV system unless he is licensed by the Commission.

(2) To be licensed by the Commission as a technician, a person must have—

- (a) Prescribed qualifications and experience as set out in the Fourth Schedule; and
- (b) certification recognized by the Commission

(3) The Commission may on application being made to it, grant to the applicant one of the following classes of licences:

- (a) Class T1, which shall entitle the holder to carry out solar PV system installation work for single PV module or single battery DC system of up to 100 Wp.
- (b) Class T2, which shall entitle the holder to carry out solar PV system installation work for medium size PV systems i.e. multiple modules of up to 300 Wp or multiple batteries which may include an inverter.
- (c) Class T3, which shall entitle the holder to carry out solar PV system installation work for advanced, including grid connected and hybrid solar PV systems.

(4) An application for a solar PV system technician licence shall be made to the Commission on the prescribed form ERC 003 as set out in the Fifth Schedule, and such application shall specify the class of licence in respect of which the application is made. The application

shall, depending on the class of licence applied for, be accompanied by the prescribed application fees to the Commission as set out in the Third Schedule.

(5) The applicant shall furnish to the Commission such evidence or particulars as may be required by the Commission relating to the applicant's previous experience of solar PV system installation work.

Licensing of solar PV system contractor or vendor

12. (1) A person shall not design, distribute, promote, sell or install any solar PV system unless he is licensed by the Commission.

(2) To be licensed by the Commission as a vendor or contractor a person must have in his employment, a licensed Solar PV system technician.

(3) The Commission may on application being made to it, grant to the applicant one of the following classes of licences:

- (a) Class C1, which shall entitle the holder to carry out design and installation work for solar PV systems. In this case the contractor shall have in his employment a class T3 technician
- (b) Class V1, which shall entitle the holder to carry out design, distribution, promotion, sale or installation work for solar PV systems.
- (c) Class V2, which shall entitle the holder to carry out import, design distribution, promotion, sale or installation work for solar PV systems.

(4) An application for the registration of a vendor or contractor shall be made to the Commission on the prescribed form ERC 004 as set out in the Fifth Schedule, and such application shall specify the class of licence in respect of which the application is made. The application shall, depending on the class of licence applied for, be accompanied by the prescribed application fees to the Commission as set out in the Third Schedule.

Grant conditions for licences

13. (1) The Commission may grant the applicant such type of licence as in its opinion he is qualified to hold, and the Commission may refuse to grant any licence to any applicant, setting out in writing reasons thereof.

(2) The Commission may require and cause such applicant, for the purpose of ascertaining his ability to undertake, engage in or perform solar PV system promotion, distribution and installation work, to be examined, in such manner as it may determine, upon any matter or thing in connection with his application.

(3) The Commission shall process all applications expeditiously and in any case, not later than ninety days from the date of receipt of the application, and it may—

- (a) grant the licence applied for accordingly, with or without conditions as it may deem fit, or
- (b) refuse to grant the licence applied for, giving reasons thereof.

(4) A licence issued under this Regulation shall be valid for one year from the date of issue.

(5) A solar PV system technician licence holder shall be required to practice for at least 2 (two) years before applying to upgrade his licence.

Renewal of licence

14. (1) An application for renewal of a licence shall be made at least thirty days before the expiry date of the current licence. The prescribed licence renewal fees shall be as set out in the Third Schedule

(2) Where, upon application, it is shown to the satisfaction of the Commission that a licence has been lost, destroyed or defaced, the Commission may issue a duplicate licence.

Revocation of licences

15. (1) The Commission may suspend or revoke the licence of any licensed solar PV system manufacturer, vendor, contractor or technician upon being satisfied that the licensee has contravened any of the provisions of these Regulations.

(2) Upon the suspension or revocation of the licence of any licensed solar PV system manufacturer, vendor, contractor or technician under paragraph (1), the Commission may by written notice to such licensee, disqualify him from holding a licence or a particular type of licence for such period as the Commission deems fit.

(3) Before exercising its powers under paragraph (1), the Commission shall by notice in writing afford the licensed solar PV system manufacturer, vendor, contractor or technician whose licence it is proposed to suspend or revoke an opportunity of appearing or being

represented before it to show cause why the Commission should not exercise its power under these Regulations.

(4) An issuing officer may at any time by giving seven days notice in writing to a solar PV system manufacturer, vendor, contractor or technician, a copy of which shall forthwith be sent to the Commission, suspend the licence of the business of such a licensee or of a branch thereof until the next meeting of the Commission.

(5) Any licence issued and is not renewed for two consecutive years shall, unless the licence holder has before expiry of the licence informed the Commission in writing of his intention and reasons not to renew the licence, be deemed to have been cancelled and shall not be considered for renewal.

(6) Where the Commission suspends or revokes the licence of any licensed solar PV system manufacturer, vendor, contractor or technician it shall remove his name from the register of licensees for the time being licensed under these Regulations.

(7) A licence holder shall recover his licence through a new application and shall be required to go through an oral interview.

(8) Every licence shall, unless previously suspended or cancelled remain in force until it expires and shall not be transferable but may subject to such conditions as may be specified by the Commission, be renewed.

Compliance with other technical, legal and regulatory requirements

16. The installation of solar PV system and battery based system in premises shall comply with all other relevant technical, legal and regulatory requirements applicable in Kenya.

Offences and penalties

17. Any person who

- undertakes or carries out by himself, his servant, or agent any solar PV system manufacture, vending or installation work without being the holder of a license then in force appropriate to the work undertaken or carried out or without being under the direction of such a license holder;
- contravenes or fails to comply with any of the terms and conditions of any license issued under these Regulations or willfully gives false or misleading information under or for the purposes of these Regulations
- submits or causes to be submitted to the Commission or its agent a completion certificate which he knows or has reason to believe is false in any material particular;
- being an owner or occupier of any premises or any developer or contractor of any premises under construction, who causes or permits to be carried out upon the premises any solar PV system installation work in contravention of these Rules;
- contravenes or fails to comply with any of these Regulations or who fails to comply with any prohibition or order of the Commission under any of these Regulations;

shall be guilty of an offence and shall, on conviction, be liable to a fine not exceeding one million shillings, or to a maximum term of imprisonment of one year, or to both.

**IMPORTANT NOTICE TO SUBSCRIBERS TO
THE KENYA GAZETTE**

THE following notes are for the guidance of persons submitting "copy" for inclusion in the *Kenya Gazette, Supplement*, etc.:

- (1) *The Kenya Gazette* contains Notices of a general nature which do not affect legislation. They are, therefore, submitted to the Government Printer directly.
- (2) *Legislative Supplement* contains Rules and Regulations which are issued by the Central Government. Because of this, they must be submitted to the Government Printer through the office of the Attorney-General.
- (3) *Bill Supplement* contains Bills which are for introduction in the National Assembly.
- (4) *Act Supplement* contains Acts passed by the National Assembly.

All "copy" submitted for publication should be prepared on one side of an A4 sheet no matter how small the Notice is, each page being numbered and should be typewritten with double spacing. Copy should be clear, legible and contain no alterations.

Particular attention should be paid to the following points:

- (i) Signature must be supported by rubber-stamping or typing the name of the signatory in capital letters.
- (ii) Dates must be correct and filled in where necessary.
- (iii) Care should be taken to ensure that all headings to Notices and references to legislation are up to date and conform with the Revised Edition of the Laws of Kenya.

EXTRACT FROM THE CODE OF REGULATIONS, SECTION D—

Kenya Gazette

"D 34. (1) Communications for the *Kenya Gazette* should reach the Government Printer not later than 9 a.m. on Friday of the week before publication is desired. The Government Printer will not publish communications received after that hour until the next subsequent issue of the Gazette.

(2) Ministries will be required to pay for the *Kenya Gazette* and to meet the cost of advertising in it.

It is emphasized that these notes are for guidance only, but it is requested that persons submitting copy for publication first satisfy themselves that such copy is complete in every respect.
