The allocation for County Governments as per the County Allocation of Revenue Act (CARA) 2017 amounts to KSh. 331,013,018,508. The amount of KSh. 306,200,000,000 represents the Equitable share and Level 5 Hospital allocations. The balance of KSh. 24,813,018,508 will be disbursed by the respective National Government Agencies.

Grand Total	2,080,220,957,126.00	2,141,082,776,666.93	1,559,806,347,840.05
Exchequer Balance as at 30.04.2018 (Note 2)	-	-	155,108,071,455.05

Note 1: The Net Domestic Borrowing and Public Debt exclude Roll-overs.

Note 2: The Commercial Loan and closing balances include funds held in the Sovereign Bond 2018 proceeds account.

Dated the 15th May, 2018.

HENRY K. ROTICH,
Cabinet Secretary for the National Treasury.

GAZETTE NOTICE NO. 5075

THE LAND ACT

(No. 6 of 2012)

UPGRADING OF KIBWEZI-MUTOMO-KITUI-KABATI-MIGWANI ROAD (B7)

INQUIRY

IN PURSUANCE of section 162 (2) of the Land Act, 2012, and further to Gazette Notice No.177 of 2018. The National Land Commission intends to acquire additional parcels of land on behalf of Kenya National Highways Authority for the upgrading of Kibwezi–Mutomo–Kitui–Kabati–Migwani Road (B7). Inquiries for hearing of claims to compensation by people interested in the land to be acquired shall be held on the dates and places shown here below.

Addendum

Every person interested in the affected land is required to deliver to the National Land Commission on or before the day of inquiry land ownership documents, a written claim to compensation, copy of National Identity Card (ID), Personal Identification No. (KRA PIN), and bank account details. Commission offices are in Ardhi House, 3rd Floor, Room 305, Nairobi.

MR/4794653

MUHAMMAD A. SWAZURI,
Chairman, National Land Commission.

GAZETTE NOTICE NO. 5076

THE LAND ACT

(No. 6 of 2012)

CONSTRUCTION OF KIBWEZI–MUTOMO–KITUI–KABATI–MIGWANI ROAD PROJECT

INQUIRY

IN PURSUANCE of the Land Act, 2012 Part VIII and Transitional provisions contained in section 162 (2) of the same Act, and further to Gazette Notice No. 177 of 2018. The National Land Commission intends to hear claims to compensation by people interested in the land to be acquired to be held as follows:-

Every person interested in the affected land is required to deliver to the National Land Commission on or before the day of inquiry Land ownership documents, a written claim to compensation, copy of National Identity Card(ID), Personal Identification Number (KRA PIN), and Bank Account details. The Commission offices are located in Ardhi House, 3rd Floor, Room No. 305, 1st Ngong Avenue.

Dated the 16th May, 2018.

MR/4807196

MUHAMMAD A. SWAZURI,
Chairman, National Land Commission.

GAZETTE NOTICE No. 5077

THE CONSTITUTION OF KENYA
NATIONAL LAND COMMISSION

Corrigendum

DETERMINATION OF REVIEW OF GRANTS AND DISPOSITIONS OF PUBLIC LAND IN RESPECT OF THE FOLLOWING GRANTS AND ORDERS

IN EXERCISE of the powers conferred by Article 68 (c) (v) of the Constitution of Kenya and section 14 of the National Land Commission Act, 2012, the Chairman of the National Land Commission informs the general public that the National Land Commission upon receipt of complaints from the National Government, county governments and members of the public, undertook review of grants and dispositions (titles) of public land to establish their legality or otherwise. The Commission via public notices in the national dailies invited all interested parties to appear before it to inspect documents and make written and oral representations and submissions. Consequently, the Commission has made determinations in respect of the following grants/titles and orders for revocation, regularization, upholding of the titles where applicable as indicated or give further orders. Where the order calls for revocation, the Chief Land Registrar is directed to revoke as per section 14 (5) of the National Land Commission Act and attendant laws.

Corrigendum to Special Issue Gazette Notice No. 6866 of 17th July, 2017 Vol. CXIX-No. 97 Table 19 Item No. 356 and 376 Page 4310 and 4313

GAZETTE NOTICE No. 5097

THE ENVIRONMENTAL MANAGEMENT AND
CO-ORDINATION ACT
(No. 8 of 1999)

THE NATIONAL ENVIRONMENT MANAGEMENT AUTHORITY
ENVIRONMENTAL IMPACT ASSESSMENT STUDY REPORT
FOR THE PROPOSED MACHAKOS TOWN WATER SUPPLY
PROJECT, MANZA, MACHAKOS CENTRAL CONSTITUENCY
IN MACHAKOS COUNTY

INVITATION OF PUBLIC COMMENTS

Pursuant to Regulation 21 of the Environmental Management and Co-ordination (Impact Assessment and Audit) Regulations, 2003, the National Environment Management Authority (NEMA) has received an Environmental Impact Assessment Study Report for the above proposed project.

The proponent, Athi Water Services Board, is proposing to design and construct a new water supply infrastructure comprising reservoir on Miwongoni River, treatment works, transmission lines, storage tank and distribution network for Machakos Town.

The following are the anticipated impacts and proposed mitigation measures:

<i>Impacts</i>	<i>Proposed Mitigation Measures</i>
Air quality	<ul style="list-style-type: none"> • Maintenance of equipment and machinery by regular servicing to maintain efficiency in combustion and reduce carbon emissions. • Use environmentally friendly fuels such as low sulphur diesel. • minimize idling of machinery. • ensure no burning of waste on sites/non-designated areas. • Sprinkling of all active construction areas as and when necessary. • Control of construction vehicle speeds by imposition of speed limits. • Immediate backfilling of trenches and rehabilitation of disturbed areas once completed. • Use of tarpaulins to cover trucks carting away spoil using public roads. • Proper planning in transportation of spoil to ensure that the number of trips done or the number of vehicles used is as minimum as possible. • Provision of appropriate Personnel Protective Equipment such as dust masks to site workers • Strict adherence to Air Quality Regulations, 2014.
Visual and landscape	<ul style="list-style-type: none"> • Reinstatement in accordance with the project's reinstatement specification. • Avoidance of the removal of existing mature trees which form important visual focal points. • Replacement of any removed trees during the reinstatement phase using indigenous species of local provenance.
Water environment	<ul style="list-style-type: none"> • Develop and implement a site construction waste and wastewater management plan to minimize environmental damage from construction activities. • Install secondary containment measures in areas where fuels, oils, lubricants etc. are stored and loaded or unloaded, including filling points. • Implement soil erosion control measures at construction sites. • Design and implement an agreed seasonal compensation flow regime during operation. • Manage operations to avoid rapid fluctuations in downstream flow. • Undertake regular (preferably continuous) flow monitoring downstream. • Undertake regular water quality monitoring in reservoir, to include dissolved oxygen, nutrients (N & P), pesticides and nuisance plants. • Seek an abstraction license from WRMA and adhere to the conditions of the license. • Construction of silt check dams, traps and vegetation (capable of thriving in waterlogged
<i>Impacts</i>	<i>Proposed Mitigation Measures</i>
Ecology and biodiversity	<p>conditions) at and upstream of the tail of the reservoir, along and across the valley.</p> <ul style="list-style-type: none"> • Provide for rescue of rare or distressed animals. • Selectively harvest tall trees within the inundation area prior to impoundment to force tree-dwelling wildlife to migrate from the area prior to flooding. • Begin reservoir inundation after the dry season once hibernating animals have emerged. • Reduce the biomass that will be flooded by selective vegetation clearing. • Implement 'nuisance' plant monitoring programme for the reservoir. • Minimize riverbed and shoreline disturbance (e.g. restricting access of construction activities and workers to susceptible areas that could contribute to sediment loading). • Implement education programmes for construction workers on, inter alia: respect for wildlife and vegetation, avoidance of fires and accidental damage, and generally minimizing the footprint of the construction camp and work areas. • Prohibit development of unnecessary spur roads off main access roads, to limit land degradation and habitat disturbance. • Develop "good construction environmental management" protocols to reduce effects on vegetation and wildlife. • Replant or take measure to encourage recolonization by native vegetation in disturbed or denuded areas immediately following construction.
Soil resources	<ul style="list-style-type: none"> • Back-fill material to be compacted to a similar value to the original surrounding soils to avoid subsidence as a consequence of rain water channeling. • Implementation of a project specific Reinstatement Plan which includes mitigation for impacts to soils. • Implementation of spillage prevention and control measures for hazardous materials in use and storage at sites.
Waste	<ul style="list-style-type: none"> • Land-fill spoils as much as possible within the sites or identified fill areas. • Felled trees, shrubs and stumps can be isolated for collection by locals as firewood. • Organic wastes can be composted on site. • Provide pit latrines at the camp(s) and construction sites for use by workers. • Vehicle maintenance to be done off-site (at the construction camp's garage/workshop or commercial garage) and wastes (used oil, oily rags, cans and used parts) disposed in a designated area. • Ensure that construction materials left over at the end of construction are used elsewhere rather than their disposal. • Washing of concrete coated vehicles or equipment to be done off-site or in a designated wash area, a minimum of 50 feet away from drainage channels.

<i>Impacts</i>	<i>Proposed Mitigation Measures</i>	<i>Impacts</i>	<i>Proposed Mitigation Measures</i>
	<ul style="list-style-type: none"> • Runoff from the on-site concrete wash area to be contained in a temporary pit where the concrete can set. • The temporary pit to be lined with plastic or clay to prevent seepage of the wash water into the ground. The wash water should be allowed to evaporate or collected along with all concrete debris in a concrete washout system bin. • To the extent possible, hydraulic test water should be discharged into the next section of the pipeline to be tested. • Strict adherence to Waste Management Regulations, 2006. 	<ul style="list-style-type: none"> • Spray construction areas and roads regularly with water to suppress dust emissions. • Ensure that potentially disturbing construction noise is not produced outside of working hours. • Provide safety training, traffic management and place a high priority on public safety. • Ensure that the workers camp(s) and construction areas are open only to formal employees. • Develop and enforce a strict code of conduct for workers to regulate behavior in the local communities. • Ensuring a safe and healthy environment for the construction workers. • Provide awareness training to the workforce regarding the transmission of STDs, and traffic safety awareness. • Structural dam integrity monitoring. • Establishment and implementation of emergency preparedness plans. • Maintenance of the perimeter fencing around the reservoir. • Creation of awareness among the surrounding community on safety and coexistence with the dam. • Ensure adherence to OSHA, 2007 	
Noise and vibrations	<ul style="list-style-type: none"> • Portable hoods to be installed to shield compressors and other small stationary equipment where necessary. • Pumps, generators and other mobile equipment to be sited as far as practicable from housing and other noise sensitive locations. • The contractor to endeavor to use equipment installed with noise abatement devices as much as practicable. • Idling time on trucks and other noisy equipment to be limited to a minimum. • Personal protective equipment such as ear muffs will be provided to workers at the sites as necessary. • Adherence to Noise and Excessive Vibration Pollution (Control) Regulations, 2009. 		
Land acquisition	<ul style="list-style-type: none"> • Cash compensation based on market value of land or provide with option of replacement land within the village if available of equivalent size and quality. • Cash compensation to be provided for lost agricultural productivity during the construction period. • Reinstatement of land to a least the condition it was in prior to construction. 	<p>The full report of the proposed project is available for inspection during working hours at:</p> <p>(a) Director-General, NEMA, Popo Road, off Mombasa Road, P.O. Box 67839-00200, Nairobi.</p> <p>(b) Principal Secretary, Ministry of Environment and Mineral Resources, NHIF Building, Community, P.O. Box 30126-00100, Nairobi.</p> <p>(c) County Director of Environment, Machakos County.</p>	
Occupational and public health, safety and security	<ul style="list-style-type: none"> • Provision of all workers on site with the necessary Personal Protective Equipment. • Workers accidents to be mitigated by enforcing adherence to safety procedures and preparing contingency plans for accident response. • The Contractor to have qualified first aid personnel among the workers and maintain fully stocked first aid kits at the sites. • Hazards and accidents involving the public to be minimized by controlling access to the construction sites. • Contractor to ensure that workers have access to sanitary facilities at the sites and provide potable water. • Inform local communities of major activities in advance. • Endeavour to lay pipes and backfill as soon as possible to reduce the time of hazards exposure to the public from open trenches; • Enforce and monitor road safety standards; • Follow best practice to prevent the creation of breeding areas for vermin. 	<p>The National Environment Management Authority invites members of the public to submit oral or written comments within thirty (30) days from the date of publication of this notice to the Director-General, NEMA, to assist the Authority in the decision making process of this project.</p> <p>GEOFFREY WAHUNGU, Director-General, National Environment Management Authority.</p>

**IMPORTANT NOTICE TO SUBSCRIBERS TO
THE KENYA GAZETTE**

THE following notes are for the guidance of persons submitting "copy" for inclusion in the *Kenya Gazette, Supplement*, etc.:

- (1) *The Kenya Gazette* contains Notices of a general nature which do not affect legislation. They are, therefore, submitted to the Government Printer directly.
- (2) *Legislative Supplement* contains Rules and Regulations which are issued by the Central Government. Because of this, they must be submitted to the Government Printer through the office of the Attorney-General.
- (3) *Bill Supplement* contains Bills which are for introduction in the National Assembly.
- (4) *Act Supplement* contains Acts passed by the National Assembly.

All "copy" submitted for publication should be prepared on one side of an A4 sheet no matter how small the Notice is, each page being numbered and should be typewritten with double spacing. Copy should be clear, legible and contain no alterations.

Particular attention should be paid to the following points:

- (i) Signature must be supported by rubber-stamping or typing the name of the signatory in capital letters.
- (ii) Must be correct and filled in where necessary.
- (iii) Care should be taken to ensure that all headings to Notices and references to legislation are up to date and conform with the Revised Edition of the Laws of Kenya.

EXTRACT FROM THE CODE OF REGULATIONS, SECTION D—

Kenya Gazette

"D 34. (1) Communications for the *Kenya Gazette* should reach the Government Printer not later than 9 a.m. on Friday of the week before publication is desired. The Government Printer will not publish communications received after that hour until the next subsequent issue of the Gazette.

(2) Ministries will be required to pay for the *Kenya Gazette* and to meet the cost of advertising in it.

It is emphasized that these notes are for guidance only, but it is requested that persons submitting copy for publication first satisfy themselves that such copy is complete in every respect.
