LENIENCY PROGRAM GUIDELINES

IT IS notified for general information that pursuant to 89A of the Competition Act, 2010, the Competition Authority of Kenya has issued the guidelines set out in the Schedule as the Programme for purposes of the Act.

SCHEDULE

PART 1.0—PRELIMINARY PROVISIONS

1.1. Citation.

These Guidelines may be cited as the Leniency Programme Guidelines.

1.2. Introduction

(1) These Guidelines contain the collection of principles and conditions adopted by the Competition Authority of Kenya and which govern the processing and granting of leniency to undertakings as defined in the Act.

(2) The Guidelines have been prepared to inform parties to horizontal agreements and practices prohibited under sections 21 and 22 and the Act, legal practitioners and the general public on how the Authority will handle applications for leniency as provided for in section 89A (1) of the Act.

(3) The operative sections of the Act for the purpose of these Guidelines are sections 21 and 22 which deal with prohibited restrictive agreements between undertakings, decisions by associations of undertakings and practices of trade associations; however, it is restricted to horizontal agreements, decisions by associations of undertakings and concerted practices entered into by competitors.

1.3. Glossary of terms

In these Guidelines, unless the context otherwise requires—

“Act” means the Competition Act, 2010;

“Authority” means the Competition Authority of Kenya;

“conditional leniency” means provisional immunity granted in writing to an applicant initially upon successful application for leniency once the Authority is satisfied that the applicant is providing material evidence and information that will aid in its investigations, findings, decisions or subsequent proceedings and which require the applicant to cooperate with the Authority as well as to respect the other conditions specified in these guidelines;

“first through the door” means the first person to qualify for conditional immunity with regard to participation in a certain cartel, after the Authority is satisfied that the person qualifies for Leniency and has provided sufficient evidence;

“full, total or permanent leniency” succeeds the conditional leniency and is given to an applicant upon the completion of the entire investigation process, when a determination is issued;

“immunity” means total or 100% reduction in administrative financial penalty, pursuant to section 89A of the Competition Act on an undertaking found to have committed an offence amounting to horizontal restrictive agreements prohibited under section 21 and 22 of the Act; and the applicant shall not be subject to prosecution for the criminal aspects of the offence, subject to the concurrence of the Director of Public Prosecution;

“marker” means a formal acknowledgement by the Authority of a leniency application intent which records the timing of the application and priority relative to other applicants and reserves a place for an applicant for a period of twenty-eight days in the queue whilst it conducts further internal investigation and attempts to perfect its application for leniency.

1.4. Aim of the Guidelines

The overall objective of these guidelines is to improve the level of compliance with the Act. It enhances and facilitates investigations and enforcement actions within the economy by encouraging undertakings that have been engaging in wrong doing to provide direct evidence and

proactively cooperate in bringing successful enforcement action in return of full or partial immunity.

1.5 Application for Leniency

An application for leniency shall be in the form set out in the Schedule.

PART 2.0—GENERAL PROVISIONS

2.1 Eligibility Criteria for the Guidelines

(1) An undertaking or a division of an undertaking would be eligible for leniency through the legal entity which it formed and which controls its decision-making process.

(2) A leniency agreement shall cover the applicant's directors and employees as long as they respect the obligation to co-operate with the Authority.

(3) The leniency applicant shall not coerce or instigated others to operationalize the agreement, and any claim that the applicant coerced or instigated others shall need to be substantiated with irrefutable and direct evidence, and the burden of proof for any such claim shall lie with the undertaking or person alleging these grounds for disqualification.

(4) If a subsidiary applies, it would be eligible for leniency in relation to its participation in prohibited conduct but not in relation to its parent's participation in the prohibited conduct (as the parent undertaking is not under the control of the subsidiary).

(5) A parent undertaking of a subsidiary would be eligible for leniency in relation to its own and its subsidiary's participation in prohibited conduct as the subsidiary is under the control of the parent).

(6) Leniency may only be granted to one of the legal entities involved in a joint venture. However, a joint venture constituted as a separate legal entity under the joint control of two parent companies is eligible for leniency. Nonetheless, the direct involvement of the parent companies in prohibited conduct would not be eligible for leniency since the joint venture does not exercise control over its parent.

(7) Generally, the involvement of the joint venture in prohibited conduct is not covered by the application by one of the parent's undertaking because control over the joint venture does not rest solely with the parent applicant.

2.2 Scope of the Guidelines

Applications for leniency will be accepted in the following circumstances—

- (a) when the Authority has no knowledge of the contravention; or
- (b) when the Authority has knowledge of the contravention but lacks sufficient information to start an investigation; or
- (c) when the Authority has commenced investigations but requires additional evidence to penalize the offenders in which case, applications may be received for as long as new evidence can be introduced in the file.

2.3 Conditions, Obligations and Requirements under the Guidelines

The applicant shall qualify for leniency if it meets the following conditions and requirements on a continuous basis throughout the Authority's investigations until determination—

- (a) provide full, timely and truthful information: The applicant must honestly provide the Authority with complete and truthful disclosure of all evidence, information and documents in its possession or under its control relating to any restrictive agreements, practices and decisions. This also implies not destroying, falsifying or concealing information or misrepresenting any material facts of any restrictive trade practice it is involved in;
- (b) total co-operation: The applicant must offer full and expeditious co-operation to the Authority concerning the reported restrictive agreements, practices or decisions.
- (c) keep the application process confidential. The applicant must not alert other cartel members or any third party that it has applied for leniency;
- (d) the applicant must immediately stop the conduct unless otherwise directed by the Authority.

2.4. Principles of the Guidelines

(1) These Guidelines strive to ensure certainty, transparency and predictability for potential applicants. Consequently, eligible applicants who qualify for leniency as per the conditions set in these Guidelines shall be awarded leniency in the following order—

- (a) first through the door applicant shall be granted 100% percent reduction in penalties, also termed as immunity;
- (b) second through the door applicant may be granted up to 50% percent reduction in penalties;
- (c) third through the door may be granted up to 30% percent reduction in penalties; and
- (d) any subsequent applicant who approaches the Authority before investigations are completed and provides useful information that significantly contributes to success of the investigations may be given up to 20% percent reduction in penalties.

(2) The identity of the applicant for leniency shall be kept confidential throughout all stages of the procedure. The identity of the applicant shall not be disclosed to anyone outside the Authority during the investigation or once a decision has been taken. The Authority shall undertake all necessary steps to preserve the identity of the leniency applicant.

(3) Conditional leniency, which precedes permanent leniency, shall be provisionally granted at the initial stage of the investigation pending final determination by the Authority.

(4) In order to obtain permanent leniency the applicant has the obligation to co-operate with the Authority and fulfill any other condition or requirement set out in these Guidelines. Only a serious breach of these obligations can preclude an applicant from obtaining permanent leniency.

(5) If permanent leniency is not granted, the Authority would be at liberty to deal with the applicant as provided for in the Act. In the same breath the Authority may consider a settlement agreement usually initiated by the undertaking concerned.

PROCEDURE UNDER THE LENIENCY PROGRAMME GUIDELINES

3.1 First Contact with the Authority

(1) Where a firm is unsure whether or not these guidelines apply to a particular conduct, it may seek clarity from the Authority through telephone or in writing and a firm may choose to remain anonymous and once a firm it is satisfied that it can apply for leniency, it may apply for a marker.

(2) For the purposes of Marker and Leniency application, applicants shall contact the Manager Enforcement and Compliance in person or via a designated email (leniency@cak.go.ke) or phone (+254 202628233 between 8.00 a.m. and 5.00 p.m. Monday to Friday).

3.2 Marker Application

(1) The application must contain information substantial enough to enable the Authority to identify the conduct and its participants in order to determine whether or not an application for leniency has been made in respect of the same conduct.

(2) The applicant is given an initial period of 28 days to submit relevant documentation information either orally or in writing.

3.3 Marker Extension

An applicant may seek an extension of its marker after the expiry of the twenty-eight days if due to unavoidable circumstances, which shall be reviewed on a case by case basis, it is unable to perfect its application.

3.4 Initial Meeting with the Authority after the Marker has been Perfected

(1) The applicant shall bring any information or evidence it deems relevant and answer the questions posed by the Authority in relation to the conduct being reported or matters relating thereto.

(2) The Authority may only have sight of and peruse all the documents brought by the applicant but may not make copies.

3.5 Communication for Qualification for Leniency

The Authority shall within fourteen days after the date of the first meeting make a decision on whether or not the applicant's case qualifies for leniency and inform the applicant accordingly in writing within fourteen (14) days thereof.

3.6 Meeting with the Authority after the applicant has qualified for Leniency

The aim of this meeting is to discuss and grant conditional leniency to the applicant pending finalization of any further investigations and determination by the Authority in the matter. At this stage, the Authority would be able to make copies of all documents provided.

3.7 Grant of Conditional Leniency

(1) A written agreement otherwise known as the conditional leniency agreement shall be executed between the application and the Authority which will be granted subject to the conditions and requirements under these guidelines.

(2) The conditional leniency agreement shall explicitly also cover the directors and employees of the applicant undertaking.

(3) The Authority shall engage with the office of the Director of Public Prosecution in respect of the prosecution of the criminal aspects of the contravention.

3.8 Confidentiality Claim

(1) Any applicant who gives or discloses any material to the Authority may claim confidentiality in respect of the whole or any part of the material in accordance with section 20 of the Act.

(2) The applicant may grant a waiver so that the Authority may disclose necessary information for enabling co-ordination of leniency applications presented in other jurisdictions.

3.9 Investigation, Analysis and Verification

After the granting of conditional leniency, the Authority shall move forward with its investigations relating to the prohibited conduct. The applicant granted conditional leniency is expected to co-operate fully and in good faith with the Authority throughout this stage.

3.10 Subsequent Meetings with the Authority

Should the Authority wish to communicate in matter concerning the investigation to the applicant, it may contact the applicant through any mode of communication it deems fit or even convene a meeting if and when needed during the process.

3.11 Final Meeting with the Authority

The purpose of this meeting between the Authority and the applicant is to give the applicant a Leniency Certificate or sign the Leniency Contract. This only happens when the applicant has met all the conditions set out in these Guidelines and when the Authority has completed its investigation.

3.12 Revocation of a Conditional Leniency Contract

(1) Only a serious breach of the cooperation obligation may result in revocation of the conditional leniency by the Authority. Before the Authority makes a decision to revoke the conditional leniency, it shall inform the applicant in writing and provide an opportunity to meet with the Authority and make good the breach. While the Authority is considering revoking the conditional leniency, it shall suspend the obligation of the applicant to co-operate.

(2) The Authority shall revoke a conditional leniency by notice in writing

(3) Where conditional leniency is revoked, the Authority may decide to pursue the matter in terms of the relevant provisions of the Act. The undertaking involved may also initiate a settlement process under section 38 of the Act.

ENVIRONMENTAL IMPACT ASSESSMENT STUDY REPORT
FOR THE PROPOSED RECLAMATION OF LAND FROM SEA
ON PLOT L.R.NO. MN/V/2407 AT KIBARANI AREA IN
MOMBASA COUNTY

INVITATION OF PUBLIC COMMENTS

PURSUANT to regulation 21 of the Environmental Management and Co-ordination (Impact Assessment and Audit) Regulations, 2003, the National Environment Management Authority (NEMA) has received an Environmental Impact Assessment Study Report for the above proposed project.

The proponent, Ware Transport Limited, is proposing to reclaim land from the sea (Tudor Creek) and contiguous to Plot L.R. No. MN/V/2407 located at Kibarani area of Mombasa County for the purposes of light industrial activities which include the construction and commissioning of a Container Freight Station (CFS). The existing land area belonging to the proponent is 9 acres and the size of the land to be reclaimed will be 3 acres making a total of 12 acres.

The following are the anticipated impacts and proposed mitigation measures:

<i>Impacts</i>	<i>Proposed Mitigation Measures</i>
Materials used in reclamation at source	<ul style="list-style-type: none"> Determine the appropriate quantities of reclamation materials required. Obtain reclamation materials from quarries that are compliant with the Environmental Management and Coordination Act, Cap 378.
Impact on marine life	<ul style="list-style-type: none"> The key mitigating factor on marine life form during reclamation will be to ensure that reclamation activities are conducted during the low tides to minimize impact on sea dwelling organisms. Develop and implement a monitoring programme for marine life forms to determine resilience upon completion of the reclamation activities and seek the cooperation of Kenya Marine and Fisheries Institute (KMFR) in this regard. The rapid undertaking of the overall dredging operation to conceptually decrease the severity and range of impacts in space and time.
Tidal prism change	<ul style="list-style-type: none"> Reduce the gradient of the slopes of the bund used in reclamation. Continually monitor the tidal regime change of the creek. Restore ancient adjacent reclaimed and filled areas of the creek, which are not in use as constructed areas, into salt marshes in order to compensate the loss of tidal prism and the surface of intertidal areas. Monitor the stability of adjacent properties regarding renewed tidal erosion and provide sufficient and suitable embankments.
Water quality	<ul style="list-style-type: none"> Obtaining and use of coarse gravel and rock boulders from quarries rather than fine material for creation of bunds and backfilling. Slowing down the tipping processes and funneling backfilling materials. Undertake construction of bunds and backfilling during low tides. The construction of the bunds can be

particularly planned to coincide with the spring low tides.

- Use French drains and underground piping to ensure continued flow of fresh water into the creek area.
 - Decrease time frame over which the dredging operation is to take place, to avoid the daily re-suspension of sediments.
 - Ameliorate the impacts of the daily re-suspension of sediments by the suctioning of sediments that have resettled.
 - Monitor the quality storm water discharging from the reclaimed area.
 - Monitor the impact of the reclaimed area on ground water systems.
- Chemical disturbances
- The materials to be used as backfill for the reclamation process will be tested for chemical loading or possible contamination.
 - Such materials will only be obtained from quarries or sites that are compliant with NEMA Regulations.
- Habitat alterations
- Directing disposal of backfilling materials using silt curtains.
 - Ensure that there is no spread of backfilling materials to adjacent areas within the reclamation site i.e. sites that are not within the plot boundaries of the proponent's area that is not going to be reclaimed.
- Landscape changes
- Ensure that dredged and filled areas are restricted to those previously established by the deed plan conditions as set out in the title deed.
 - Comply with the provisions of the draft zoning plan for Changamwe area and its environs.
- Potential instability
- Use of appropriate substrate for creating bunds and backfilling.
 - Conducting scheduled compaction tests at defined levels of the reclamation process.
 - Ensure engineering integrity.
 - Allow adequate time for curing of reclaimed area upon completion.
- Shoreline alterations
- Implement a specific monitoring of sedimentary processes in the creek by means of bathymetric surveys, for a minimum period of five years after construction.
 - The shoreline area abutting the development will be stabilized through construction of a reinforced retaining wall.
 - Observe the conditions of use of the land as stipulated under the title deeds for the land.

The full report of the proposed project is available for inspection during working hours at:

(a) Director-General, NEMA, Popo Road, off Mombasa Road, P.O. Box 67839-00200, Nairobi.

(b) Principal Secretary, Ministry of Environment and Mineral Resources, NHIF Building, Community, P.O. Box 30126-00100, Nairobi.

(c) County Director of Environment, Mombasa County.

The National Environment Management Authority invites members of the public to submit oral or written comments within

thirty (30) days from the date of publication of this notice to the Director-General, NEMA, to assist the Authority in the decision making process of this project.
