# Reuter's Telegrams.

MAY 1ST.—The British Ambassador left Washington yesterday, the German and French Ambassadors are expected to go home shortly.

It is believed in Diplomatic Circles that King Edward, the Kaiser, Presidents Loubet and Roosevelt, have unofficially communicated to the Tsar their earnest desire to see the war ended.

Lord Selborne sailed on Saturday for Cape Town.

Count Goluchowski arrived at Venice on Saturday and had an interview with Signor Tittoni.

The "Times" correspondent in Seoul shows in an article that the Japanese have established a complete and effective control over Korea.

The British Fleet will visit Brest on the 10th July and stay till the 17th.

King Edward left Marseilles for Paris on Saturday receiving a great and popular ovation.

Reuter's Agent at Tangier interview Count Tattenback and was informed that the object of the German Mission to Fez was to thank the Sultan for the welcome accorded to the Kaiser, and to repeat Germany's assurances concerning the integrity of Morocco, that Germany had no intention to ask for concessions, or to propose a commercial convention. Had France communicated with Germany the latter would have pointed out the incompatibility of private agreements in connection with the International Convention of Madrid. Over this Convention France has now offered to enter into pourparlers but Germany could not go behind this Convention. Count Tattenback added that Germany needed room for her expanding population and that German Colonies were few and small and that she would warmly support an international conference should Morocco propose it.

The French negotiations with Morocco are not progressing being delayed pending the arrival of Count Tattenback.

King Edward arrived in Paris on Sunday night; his visit is quite private and unofficial. Her Majesty does not accompany him but continues her cruise in the Mediterranean.

A recent article which appeared in the "Matin" declaring that France had nothing to fear from Germany as the latter would find herself isolated if she disturbed the peace, has evoked an official declaration that it was not inspired.

No fresh incident has occurred in connection with the Franco-German negotiations regarding Morocco.

M. Doumer speaking at Bordeaux stated that the outlook for France was black and that Germany was outrunning her.

Reuter's Agent at St. Petersburg states that General Linievitch reports that two Russian forces on the night of the 29th ultimo simultaneously attacked the Japanese near the town of Tunkhusian they drove the Japanese from five consecutive positions and occupied Tunkhusian.

The Easter midnight services in St. Petersburg have passed off quietly and no disturbances are expected to-day.

MAY 2ND.—King Edward and President Loubet exchanged the most cordial visits on Sunday afternoon, crowds waited patiently in the rain and cheered the King with remarkable fervour. M. Delcassé called on His Majesty and had an interview for 20 minutes. His Majesty received Admiral Fournier and congratulated him at the way he conducted the North Sea Enquiry and conferred on him the Order of St. Michael and St. George. A state banquet at the Elysée was given on Sunday evening.

All is quiet in St. Petersburg and reports of disorders have been received from the Provinces.

Reuter's Agent at Tsingtan wires that the Baltic Fleet including Admiral Neibogatoff's Squadron is now near Hainan.

An Ukase has just been issued establishing practically complete religious freedom for all creeds in Russia. It has been received with the greatest enthusiasm and is hailed as the greatest concession to liberal thought yet granted and is regarded as the precursor to political freedom.

A telegram from Saigon dated 1st states that a part of the Baltic Fleet is lying at Dayet and the remainder at Dinhkoi 40 miles north of Kamranh Bay outside territorial waters.

At Warsaw yesterday afternoon the Cavalry charged and the Infantry fired on a Mayday procession of workmen carrying red flags. Thirty one were killed and 15 wounded of the latter, some have been taken to hospitals and others to their homes. Twenty workmen were killed or wounded in another collision.

The Warsaw disturbances were renewed in the suburb of Praga yesterday at 11 a.m. The Hussars fired on the mob killing four and wounding many.

MAY 3RD.—During the Naval Manœuvres at Berehaven on Monday night the Destroyer "Syren" ran on a reef and broke her back, no lives were lost.

The Aliens Bill was read for a second time in the House of Commons by 211 to 59. Mr. Balfour in his speech maintained that we were amply justified in determining the conditions on which we would or would not admit the citizens of other nations to the country.

Referring to the riots at Warsaw in yesterday's telegram the number of killed is now known to be 62 and the wounded are probably nearly 200.

MAY 4TH.—The French Foreign Office intimated on Monday in reply to an informal representation from the Japanese Legation that they believed that all the Russian vessels had quitted French waters.

The following is the result of the Two Thousand Guineas Stakes:—

1st Veda	...	(Mr. de Wend-Fenton's)
2nd Signorino	...	(Chev. Ginistrelli's)
3rd Llangibby	...	(Mr. L. Neumann's)

MAY 5TH.—His Majesty after lunching with the Marquis de Breteuil on Wednesday had an interview with M. Delcassé lasting over an hour.

It is believed in Paris that Admiral Djonquieres has himself gone in search of the Russian Fleet to renew the formal injunction that the neutrality of France shall be respected.

Four Russian Battleships, an armoured Cruiser one gunboat and 5 Colliers passed Malacca yesterday afternoon going South, the ships are doubtless Admiral Niebogatoff's Squadron.

Mr. Balfour, Lord Lansdowne, and Mr. Akers Douglas met His Majesty at Victoria Station yesterday evening. They made their reports and the King spent some minutes in conversation before leaving the Station for Buckingham Palace.

Reuter's Agent at Singapore telegraphs on the 5th that 6 Russian Warships and 4 Colliers were sighted passing at 5 a.m. in semidarkness and haze.

---

MAY 6TH.—The French proposals with regard to Morocco include the formation of a State Bank which will place the currency on a firm footing.

The following is the result of the One Thousand Guineas.

1st Cherry Lass

2nd Keorhaan

3rd Jongleuse.

A telegram from Saigon states that Admiral Rozhdestvenski on the 2nd was lying near Bangkok, he was preparing to leave on the 3rd and had informed the French authorities of his impending departure.

The Police Authorities in Luebeck have stopped two torpedo destroyers which were built in Kiel for Russia. They were railed to Luebeck in sections for shipment as machinery.

The Tsar has dissolved the Ministerial Commission examining into the question of schools which was presided over by M. de Witte. This action is interpreted as a mark of the Tsar's disfavour against M. de Witte.

---

MAY 8TH.—Reuter's Agent at Tokio wires that 4 Torpedo Destroyers from Vladivostock appeared on the west coast of Hokkaido on Saturday and burned a small sailing ship the crew of which escaped but the Captain is a prisoner.

There are renewed rumours in political circles of strained relations between M. Rouvier and M. Delcassé. It is stated that the latter visited King Edward without previously notifying M. Rouvier. A semi-official note however declares that the rumours are unfounded.

An agitation has been started in France to secure an amnesty to M. Deroulede.

Great preparations have been made at Brest to give an enthusiastic and splendid welcome to the British Fleet.

Reuter's Agent at Tokio telegraphing yesterday states that it is officially announced that the Japanese advanced north from Tanghna, dispersed the Russian Cavalry and occupied Konyatai 28 miles north of Tanghna. The Japanese advanced again on the 1st towards Fenghna from Fakuman and dispersed the Russians in the vicinities of Erhsiaotum and Tasiaotum 30 miles to the northeast. Fakuman was occupied on the 4th and Papaotum on the same evening.

There is no further news of damage done by the Destroyers from Vladivostock and it is believed that they have returned to the port.

---

MAY 9TH.—The steamer "Chiengmai" passed on the 5th inst. 70 miles northeast of Labuan an unknown fleet in two divisions apparently coaling.

The authorities in Luebeck have released the torpedo destroyers considering that it would take six months to make the sections seaworthy.

The Japanese Press are urging that strong measures should be taken in consequence of the stay of the Russian Fleet in French waters.

The "Times" correspondent in Tokio states that the indignation in Japan is increasing and that the most sober Journals now declare that France is virtually taking up arms against Japan and they plainly state that it is the duty of England to prevent the interference of a third party.

The "Times" in a significant article stated that France would commit a deplorable error if she supposes that the complaints made by Japan against her breach of neutrality can be treated lightly. The "Times" goes on to say that while everything is being done to prevent a rupture of the "Entente Cordiale" France must remember that England would have no choice but to comply should Japan ask her to fulfil the obligations of the Alliance provided that the facts alleged by Japan are established.

The European Markets are weak owing to the international situation and the article in the "Times."

The Japanese Minister in Paris had a prolonged interview with M. Delcassé yesterday.

An official statement has been published in Paris to the effect that the French Government has not only sent the most positive instructions to the authorities in Indo-China to enforce neutrality regulations, but has unremittingly seen to the execution of these instructions.

---

MAY 10TH.—The Japanese Minister in Paris has not lodged a formal protest against breach of neutrality but has pointed out the facilities accorded to the Russians for concentration and revictualling in Indo-China. M. Delcassé assured him that France had scrupulously respected neutrality. The French papers admit that the situation is unsatisfactory but do not consider it critical.

The French Press resent considerably the charges brought against them of violation of neutrality; they insist that they have done everything possible from the moment that Admiral Rozhdiestvensky arrived unannounced at Kamranh Bay. It is however generally agreed that they are now bestirring themselves to move the Russian Fleet whenever she shows signs of stopping in French waters.

---

MAY 11TH.—A telegram from Nhatrang dated 9th inst. states that Admiral Rozhdestvensky who has been cruising off the Bay of Banfong for several days left that day with the whole of his fleet.

Signor Tittoni stated in the Senate that he will submit a Naval Bill to Parliament with the object of safe guarding Italian interests in the Mediterranean.

---

MAY 12TH.—M. Neratoff of the St. Petersburg Foreign Office was interviewed by Renter's Agent and stated that any change in the French neutrality regulations in response to pressure from great Britain and Japan would be regarded by the Russians generally as an unfriendly act.

Lieut. Iwasaki who was expelled from the Japanese Navy in 1904 has been arrested in connection with the Boudouin affair.

A tornado partly wrecked Snyder near Guthrie Oklahoma 500 were killed or injured.

At the first reading in the House of Commons of the estimates prepared by the Imperial Defence Committee Mr. Balfour delivered an important speech; he stated that an invasion of Great Britain was considered to be impossible owing to the increased efficiency of Torpedo Destroyers and Submarines; he opined that if Russia was prevented from extending strategic Railways in Afghanistan in time of peace it was not beyond the Military power of Great Britain without any fundamental reorganisations of forces such as conscription or similar devices to absolutely secure her eastern possessions as well as her Colonies.

Renter's Agent at Tokio states that the report is confirmed that the Vladivostok Cruisers "Rossia" and "Gromoboi" appeared off Aomori on the 9th. They have apparently captured no Japanese coasters.

---

MAY 13TH.—The French Fleet visits Portsmouth on the 7th of August and remains till the 13th.

General Linievitch telegraphing on the 11 inst., states that the Japanese resumed decisive offensive movement against his right flank on the 7th but were repulsed.
