## THE INDUSTRIAL COURT

CAUSE No. 7 OF 1964

Parties:—

The Kenya Engineering Workers' Union  
and

The Engineering and Allied Industries Employers' Association.

Issues in dispute:—

- (a) Overtime rates.
- (b) Annual leave.
- (c) Sick leave.
- (d) Long service award.
- (e) Reduction of working hours.
- (f) Method of wage payment.

1. The parties were heard in Nairobi on 5th October 1964.

## GENERAL BACKGROUND

2. The Kenya Engineering Workers' Union (hereinafter called the Union) was registered on 7th October 1959, and the Engineering and Allied Industries Employers' Association (hereinafter called the Respondent) was registered on 7th April 1960. The Union is open to all locally engaged industrial employees in Admiralty Establishments and to all workers employed in general engineering and manufacturing industries, other than those employed in Motor Engineering, Electrical Engineering trades and Civil Engineering.

The Respondent represents all those employers who are members of the aforesaid association except those engaged in the Civil Engineering and Motor Engineering trades and industries within Kenya.

A recognition agreement between the two parties was signed on 10th June 1960, and both the parties agreed to set up machinery in the shape of a Joint Industrial Council. It is apparent that there has been an extremely harmonious relationship between the parties hitherto and a large number of items affecting terms and conditions of service have been voluntarily agreed upon since June 1960.

The current dispute between the parties stems from deadlock reached during the course of Joint Industrial Council negotiation on eight demands made by the Union. In accordance with the agreed procedure the dispute was in the first instance referred to the Ministry of Labour, and Mr. Lawrence, Labour Officer, Mombasa, was appointed Conciliator. Conciliation proceedings were partially successful and two items, wages for watchmen and terminal benefits, were resolved. The other items are before the Court for consideration.

## MAIN SUBMISSIONS ON BEHALF OF THE UNION

3. (a) *Overtime.*—The Union is demanding that overtime worked on week-days and Saturdays be paid for at the rate of one and a half times the hourly rate as against the current rate of one and a quarter times the basic hourly rate from Monday to Friday. The Union draws the Court's attention to the fact that Wages Council for the Tailoring and Garment Making Industry, the Footwear Industry, the Building and Construction Industry and the Motor Engineering trade have established overtime rates on the lines demanded by the Union. The Union further states that Messrs. Ideal Case-ments, which is a member of the Respondent Association is paying overtime at the rates demanded by the Union since 1960.

(b) *Annual leave.*—The Union is demanding annual paid leave for 28 working days to an employee on completion of one year of service as against the present 18 consecutive days' leave, excluding Gazetted Public Holidays. During conciliation the Union reduced its demand to 21 working days which is the same as is given in the Dock and Oil Industries. The Union further wants an employee whose service is terminated before the completion of one year to receive proportionate payment for the leave days earned.

(c) *Sick leave.*—The Union's original demand was for six months on full salary to be paid to an employee in any period of twelve months' service, subject to the production of the necessary medical certificate. This demand the Union also brought down to two months' sick leave on full pay and two months on half pay and states that the Civil Service in Kenya is enjoying sick leave at the rate of three months on full pay and three months on half pay in one year of service.

(d) *Long service award.*—The Union states that job evaluation establishes a series of basic rates for jobs without reference to personal effort or merit. The minimum wages for different groups which have been fixed do not include a length of service award. The Union further says that it has entered into agreements on this item with the Metal Box Company Limited and Sterling Astaldi Engineering Limited, both of whom have agreed to the payment of long service awards.

(e) *Reduction in working hours.*—The Union is demanding a reduction in the working hours from 45 to 42 hours per week because it maintains that with reduced hours productivity would increase and progress maintained.

(f) *Method of wage payment.*—The Union states that only three Companies are not paying wages monthly and these Companies should be brought into line with the other employers in this Industry as the parties are now endeavouring to standardize all terms and conditions of service.

## MAIN SUBMISSIONS ON BEHALF OF THE RESPONDENT

4. (a) *Overtime.*—The Respondent states that the current terms of service viewed as a whole are realistic and on a par with any other comparable industry in Kenya. The Respondent has during the previous negotiation demanded evidence from the Union to prove that the rates it is paying are out of date and adversely affect the welfare of the employee, but the Union did not produce any evidence. The Respondent further draws the Court's attention to the fact that its members are in competition with numerous Companies who are members of the Minor Engineering Employers' Association and who have an agreement with the Union to pay time and a quarter for all overtime.

(b) *Annual leave.*—The Respondent states that the current 18 consecutive days' leave is adequate and was implemented, though reluctantly, due to the recommendation of the Joint Disputes Commission. The Respondent maintains that the Union's demand for 28 working days' leave is unrealistic and one which the Respondent Association cannot afford. Whilst the Respondent appreciates the necessity for adequate leisure hours, to the mutual benefit of the employee and his work, it stands by the view that the leave currently granted is more than sufficient.

(c) *Sick leave.*—The Respondent maintains that the present amount of sick leave on the basis of 30 days on full pay and 30 days on half pay is quite adequate and that in the last four years the Respondent has not heard of an employee having suffered hardship under the current terms. The Union has not established the shortcomings of the present arrangement.

(d) *Long service award.*—The Respondent states that this item in dispute is a paradox. The Union has over a considerable period of time worked hand in hand with the Respondent to conclude job classification for the industry. Having classified the jobs, wages were related to them and the industry has, in complete harmony with the Union, arrived at the rate for the job. This made the Union's demand for a long service award completely illogical. The Respondent further states that the lay-out of job classification for the engineering industry does, in itself, cater for the advancement of an employee, by length of service, to a higher grade. The Respondent states that the Metal Box Company by paying a long service award is honouring its obligation, undertaken previously, and that this Company is not giving long service awards to new employees and is in line with the other members.

(e) *Reduction in working hours.*—The Respondent states that the Union has not advanced any logical argument for changing the current practice. The hours worked are not onerous and they are in keeping with most of the Wages Council Orders. They fit in with international trends and can be said to fulfil the Government's wishes on the consolidation of the economy.

(f) *Method of wage payment.*—The Respondent accepts the wisdom of uniformity but has rejected the Union's demand for monthly pay periods on the basis that the uniformity they propose is retrogressive. The Respondent's ultimate objective is to pay wages on a weekly basis. The Respondent further maintains:—

- (i) that it would be a retrograde step, in conflict with the Government's avowed policy, and
- (ii) the establishment of shorter pay periods has come about with the willing compliance of the employees and not through imposition by the employer.

## AWARD

5. The Court has given very careful thought and consideration to all the points urged by both parties and rejects the Union's demand under the headings of:—

- (c) Sick leave.
- (d) Long service award.
- (e) Reduction of working hours, and
- (f) Method of wage payment.

The Court was impressed by the arguments produced by the Respondent and finds no reason or justification to award under the aforesaid headings.

The Court finds, however, that the Union has made out a case for a slight increase in overtime rates and annual leave and, therefore, awards as follows:—

(a) *Overtime rates.*—Overtime rates paid on week-days, Monday to Saturday inclusive, shall be paid at the rate of time and a half.

(b) *Annual leave.*—On completion of one year's unbroken service each employee shall be entitled to 18 working days' leave on full pay. In cases of termination of service on grounds of redundancy prior to the completion of one year's unbroken service the employee shall be entitled to payment for the number of working days proportionate to his leave-earning service with the employer.

Made in Nairobi this 17th day of October 1964.
