Delete the section in its entirety and *insert*:—

90. Motor-cars, motor-cycles and motor-scooters, Accompanying Passengers.

(1) MOTOR-CARS

(a) Motor-cars privately owned, on wheels, accompanying passengers will be charged at the rates quoted in subparagraphs (b) and (c) below provided that—

(i) the owner consigns the car between the same points as those for which one valid first or two valid second class passengers tickets (single or return as the case may be), paid for at the standard fares detailed in section 70 and 74, are produced at the time of booking and charges are prepaid;

(ii) the car may be carried in an open railway wagon on those sections of the journey requiring rail transit;

(iii) the Administration reserves the right to load other traffic in the same wagon. Sole use of a wagon will not be guaranteed;

(c) Charges will be based on passenger mileages calculated in accordance with section 310 by the actual route travelled provided that, if at the Administration's convenience a car booked at accompanied car rates over part of its journey by train or lake steamer does not accompany the passenger, charges may be calculated at Scale "A" rates on goods mileages for that portion of the journey for which the car is not accompanying the passenger.

KENYA POST OFFICE SAVINGS BANK ACCOUNTS FOR THE YEAR 1962

REVENUE AND EXPENDITURE ACCOUNT

INVESTMENTS ADJUSTMENT ACCOUNT

RESERVE ACCOUNT

BALANCE SHEET

ACCOUNTS OF DEPOSITS AND WITHDRAWALS

I have examined the accounts listed above in accordance with Section 13 of the Post Office Savings Bank Ordinance. I have obtained all the information and explanations that I have required, and I certify, as the result of my audit, that in my opinion these accounts are correct, subject to the following observations.

REVENUE AND EXPENDITURE ACCOUNT

2. *Interest Credited to Depositors*—£144,000.—This has been estimated from total monthly balances standing to the credit of Depositors in the Main Ledger for 1962.

3. *Interest Credited to Depositors for 1961*.—The attention of the Controller of Savings Banks has been drawn to numerous errors found in audit in the calculation of interest credited to depositors. Only a few accounts were examined and of these over 2.5 per cent contained errors. It would appear, therefore, that the internal check on these transactions is not entirely satisfactory.

4. *Losses of Savings Bank Moneys*—£4,432-5-94.—This amount comprises 260 items and includes:—

- (i) a net loss of £880-10-45 resulting from misappropriation by two Post Office employees working on the Nyanza Development Scheme.
- (ii) losses amounting to £581-17-83 due to fraudulent alterations in various Savings Bank passbooks by an organized gang operating in the Kisumu area.
- (iii) losses amounting to £129-5-00 due to the fraudulent operation of several Savings Bank accounts, believed to be attributable to the same person.
- (iv) a large number of cases, in which Savings Bank accounts were opened with small deposits but against which, due to various types of forgery, withdrawals of much larger amounts were made. Such cases show a considerable increase over similar cases in 1961 and during 1962 account for nearly one-third of the total cases written-off during the year.

BALANCE SHEET

5. *Balance due to Depositors*—£6,249,541-3-99.—The comparison of the total amount standing to the credit of individual depositors' accounts with the relevant account in the Main Ledger as at 31st December, 1962 is being undertaken but is not yet completed.

6. The known difference by which depositors' accounts exceed the Main Ledger account as at 31st December, 1961, after allowing for errors brought to light in 1962, is £5,071-13-60. This is an increase of £2,697-13-03 over the difference at the end of the previous year.

7. *Cash and Investments held by the Crown Agents*.—Statements certified by the Comptroller and Auditor-General of the United Kingdom in respect of cash and investments held by the Crown Agents on behalf of the Savings Bank at the 31st December, 1962 have not yet been received although uncertified copies of these statements have been seen.

4. The successful applicant will be required as a condition precedent to a grant, to deposit with such person or body as the Commissioner may direct, securities of a nature to be approved by the Commissioner equal in value to a total of 10 per cent of the amount of capital it is proposed to expend on the project exclusive of the cost of the land and the roads, drains and sewers to serve it and will accompany those securities by signed forms of transfers and/or other documents necessary to vest the said securities in the person or body directed by the Commissioner without further assurance in the event of the same becoming forfeited as hereinafter provided. The said securities, together with the signed transfers and/or documents shall be held by the person or body aforesaid upon the following terms and conditions, that is to say—

- (i) so long as the applicant shall perform and observe all and singular the covenants and conditions herein expressed to be performed and observed by the applicant, the Commissioner shall not direct that action upon the said transfer and/or documents should be taken;

- (iii) when the applicant shall have duly performed and observed all the covenants and conditions to be performed by him as aforesaid within the time herein prescribed (time being the essence of the contract), the Commissioner shall hand to the applicant both the securities and transfers and/or documents hereinbefore referred to;
- (iv) if the applicant shall fail to comply with Special Condition No. 1 of the grant (time being the essence of the contract), the Commissioner shall be at liberty to direct that the said transfers and/or other documents be presented and the said securities shall be forfeited.

2. The grantee shall maintain the buildings (including the external paintwork) in good and substantial tenantable repair and condition.

3. The buildings shall not be erected until plans (including plans showing the positions of the buildings and a system of drainage for disposing of sewage, surface and sullage water of the land), drawings, elevations and specifications thereof shall have been approved in writing by the Local Authority and the Commissioner. Such plans, drawings, elevations and specifications shall be submitted in triplicate to the Commissioner through the Local Authority within nine months of the commencement of the term.

8. The grantee shall pay such rates, taxes, charges, duties, assessments or outgoings of whatever description as may be imposed, charged or assessed by any Government or Local Authority upon the land or the buildings erected thereon including any contribution or other sum paid by the Governor in lieu thereof.

9. The Governor or such person or authority as may be appointed for the purpose shall have the right to enter upon the land and lay and have access to water mains, service pipes and drains, telephone or telegraph wires and electric mains of all descriptions, whether overhead or underground, and the grantee shall not erect any building in such a way as to cover or interfere with any existing alignment of main or service pipes or telephone or telegraph wires and electric mains.
