THE ANTI-CORRUPTION AND ECONOMIC CRIMES ACT

(No. 3 of 2003)

THE ETHICS AND ANTI-CORRUPTION COMMISSION ACT

(No. 22 of 2011)

THE ETHICS AND ANTI-CORRUPTION COMMISSION

FOURTH QUARTERLY REPORT FOR THE PERIOD OF 1ST OCTOBER, 2013 TO 31ST DECEMBER, 2013

Preamble

The Ethics and Anti-Corruption Commission is required under section 36 of the Anti-Corruption and Economic Crimes Act, 2003, to prepare quarterly reports setting out the number of reports made to the Director of Public Prosecutions under section 35 of the Anti-Corruption and Economic Crimes Act, 2003 as read with Section 11(1) (d) of the Ethics and Anti-Corruption Commission Act, 2011.

Section 36 provides that:

1. The Commission shall prepare quarterly reports setting out the number of reports made to the Director of Public Prosecutions under section 35 and such other statistical information relating to those reports, as the Commission considers appropriate.
2. A quarterly report shall indicate if a recommendation of the Commission to prosecute a person for corruption or economic crime was not accepted.
3. The Commission shall give a copy of each quarterly report to the Attorney General.
4. The Attorney General shall lay a copy of each quarterly report before the National Assembly.
5. The Commission shall cause each quarterly report to be published in the Gazette.

This report is therefore made pursuant to section 36 of the Anti-Corruption and Economic Crimes Act, 2003. The report covers the Fourth Quarter of the year 2013 and is for the period commencing 1st October, 2013 to 31st December, 2013.

EACC/INQ/26/2013

Inquiry into allegations that the Independent Electoral and Boundaries Commission (IEBC) irregularly awarded the tender for the supply of Solar Lanterns to a private company.

Investigations established that the procurement of solar lanterns was done together with several other materials that were required by IEBC in preparation for the March, 2013 General Elections. Investigations further established that after the tenderers submitted their bids and they were subsequently opened, the tender price in respect of the successful bidder was irregularly changed before evaluation thus giving the said bidder undue advantage over other prospective bidders. The changing of the bid price was done in

collusion between officials of IEBC and the successful bidder. The evidence obtained disclosed offences of conspiracy, forgery and breach of public procurement laws and regulations against the IEBC officers and those of the private company that was awarded the tender for the supply of the solar lanterns.

A Report was compiled and forwarded to the Director of Public Prosecutions on 2nd October, 2013 recommending that the IEBC officials and the Directors of the private company be charged jointly with the offences of conspiracy to commit an offence of corruption contrary to section 47(A) (3) of the Anti-Corruption and Economic Crimes Act, 2003 and colluding to change a tender document contrary to section 42 (1) of the Public Procurement and Disposal Act. It was further recommended that the IEBC officials be charged with careless failure to comply with the law relating to procurement contrary to section 45(2) (b) of the ACECA and the directors of the private company with the offence of forgery contrary to section 349 and an alternative charge of uttering a false document contrary to section 353 of the Penal Code.

On 28th October, 2013, the DPP accepted the recommendation for prosecution.

EACC/FI/INQ/33/2013

Inquiry into allegations that the Independent Electoral and Boundaries Commission (IEBC) irregularly awarded the tender for the supply of Electronic Voter Identification Kits (EVID) and accessories to a private company.

Investigations established that the procurement for the EVID was done together with several other materials that were required by IEBC in preparation for the March, 2013 General Elections. Investigations further established that the hand held devices that were to be supplied as per the tender technical specifications and award were irregularly changed thus leading to the supply of lap tops instead of the hand held devices provided for in the contract signed between IEBC and the successful tenderer. Investigations further revealed that the said changes to the devices that were supplied were effected without the approval of the Tender Committee as required under the Public Procurement and Disposal Act and Regulations. The evidence obtained disclosed offences of abuse of office and breach of public procurement laws and regulations against the IEBC officers and those of the private company. A Report was compiled and forwarded to the DPP recommending the prosecution of several officials of IEBC on the 4th October, 2013.

On 28th October, 2013, the DPP accepted the recommendation for prosecution.

EACC/FI/INQ/40/2013

Inquiry into allegations of irregular procurement of a private medical Centre by the National Hospital Insurance Fund (NHIF) for the provision of outpatient medical cover under the Civil Servants and Disciplined Services Medical Scheme leading to irregular payment of KSh. 202, 161, 187.50 for services not rendered or not adequately rendered.

The investigations established that sometime in 2011, the Government through the Ministry of State for Public Service (MSPS) decided to provide medical cover to civil servants and members of the disciplined forces. Pursuant to this the MSPS entered into negotiations and subsequently a contract with the NHIF. NHIF was to roll out the scheme on behalf of the Ministry. The Ministry released funds to NHIF for payment to service providers who would be contracted to provide the medical services.

Investigations further revealed that the NHIF Board approved the scheme and mandated the management to ensure that the scheme was successful. It was expected that in identifying the service providers for the scheme, NHIF would advertise for interested bidders. Investigations however established that there was no procurement done for the said medical scheme. Instead, NHIF hand picked two service providers and awarded them the contract to provide medical care for civil servants and the members of the disciplined forces without following due procurement process. In addition, NHIF did not comply with the accreditation guidelines before contracting the service provider. The result of this was that NHIF enlisted the services of the service provider's facilities which were not accredited.

Whereas the service provider contracted by NHIF received the full payment of KSh. 202, 161, 187.50, investigations revealed that the

provider did not have presence in all the parts of the country where civil servants and disciplined forces members were to access the medical services. Therefore, the medical service provider received payment even for services that were not rendered since they had no facilities in some areas.

A Report was compiled and forwarded to the Director of Public Prosecutions on 11th October, 2013 with recommendations that the former Chief Executive Officer, NHIF, and the Manager, Strategy and Corporate Planning be charged with the offence of wilful failure to comply with the law relating to procurement of services contrary to section 45 (2) (b) of the Anti-Corruption and Economic Crimes Act, the two together with the Assistant Manager, Benefits and Quality Assurance be charged with the offence of abuse of office contrary to section 46 of the Anti-Corruption and Economic Crimes Act; that the three officers together with the Directors of the service provider be charged with conspiracy to defraud contrary to section 317 of the Penal Code. It was further recommended that the Directors of the service provider be charged with obtaining money by false pretences.

On 28th October, 2013, the DPP accepted the recommendation for prosecution.

KACC/FI/INQ/25/2011

Inquiry into allegations that Kitutu Chache Constituency Development Fund (CDF) irregularly used public funds to purchase sugar worth KSh. 137, 058, 429.80 for internally displaced persons from Chemelil Sugar Company Limited and withheld value added tax amounting to KSh. 18, 461, 196 which was never remitted to the Kenya Revenue Authority

The investigations established that Kitutu Chache CDF through its Member of Parliament applied for and was issued with a Tax Withholding Certificate. Pursuant to this appointment, the MP wrote a request to Chemelil Sugar Company for the purchase of sugar for internally displaced persons. Investigations further established that the purchase did not materialize since the Kitutu Chache CDF Committee did not approve the intended purchase. Documents obtained from the sugar factory purported to indicate that Kitutu Chache CDF had purchased sugar worth KSh. 132,859,110. However, investigations revealed that Kitutu Chache CDF did not purchase any sugar. Instead, businessmen purchased the sugar through an agent using the account of Kitutu Chache CDF at the factory and the agent attached the Withholding VAT Certificates purporting that Kitutu Chache, being a tax withholding agent had withheld a sum of KSh. 21,250,628 as VAT for the sugar purchased.

The evidence obtained therefore revealed that although there was purchase of sugar from Chemelil Sugar Company, no money from Kitutu Chache CDF kitty money was used. However, it was established that documents belonging to Kitutu Chache Constituency Development Fund (CDF) were used by the suspects to acquire the sugar at a price less Value Added Tax. The VAT which amounted to KSh. 21, 250, 628 were never remitted to the Kenya Revenue Authority as required by the law.

A Report was compiled and forwarded to the DPP on 17th December, 2013, recommending that the MP for Kitutu Chache Constituency and the agent who purchased the sugar jointly be charged with the offence of conspiracy to commit an economic crime contrary to section 47A of the Anti-Corruption and Economic Crimes Act, 2003, that the MP be charged with Abuse of Office contrary to section 46 and the agent with the offence of fraudulent acquisition of public property contrary to section 45 (1) (a) of the Anti-Corruption and Economic Crimes Act, 2003.

On 31st December, 2013, the DPP accepted the recommendation for prosecution.

EACC/ELD/FI/INQ/03/2011

Inquiry into allegations that officials from the Municipal Council of Kabarnet and Ministry of Lands colluded to irregularly allocate public land number Baringo/Kapropita 483 to private individuals

Investigations established that the subject parcel of land belonged to the County Council of Baringo. Investigations further established that in spite of this land being public land and not available for alienation, it was irregularly subdivided and allocated to private individuals. In addition, no consent to transfer the land was obtained from the Minister for Local Government as required. The irregular allocation was facilitated by the Town Clerk of the Council, the

District Land Registrar and a Councillor who was the chairman of the Town Planning Housing and Works Committee even with the knowledge that the land was public land.

A report was prepared and forwarded to DPP on 18th November, 2013 with recommendation that all the Officers involved be charged with the offences of unlawful disposal of public property contrary to section 45(1) (b) failure to comply with applicable guidelines relating to disposal of public property contrary to section 45 (2) (b) and abuse of office contrary to section 46 of the Anti- Corruption and Economic Crimes Act, 2003.

On 23rd December, 2013, the DPP accepted the recommendation for prosecution.

KACC/AT/INQ/21/2011-F1

Inquiry into allegations that a private construction company, with intent to defraud the Government, submitted two claims totalling to KSh. 13, 648, 622.41 to the Ministry of Finance

The investigation established that in the year 2005, a private company submitted two claims to the Government's Pending Bills Committee which arose from projects undertaken by the company in Vihiga District. The Committee recommended that the company be paid a sum of KSh. 100 million as full and final settlement of the claim. The company accepted the money and was duly paid. The Directors of the company also executed agreements for the discharge of claims against the Government to the effect that the payment received was in full and final settlement of the claims for the projects.

However, in the year 2010, the said company wrote to the Ministry of Finance claiming for the payment of KSh. 13.5 billion for the same projects in respect of which full payment had been received and acknowledged.

By re-opening claims for which the company had already received payment, the Commission was of the opinion that the company intended to defraud the Government.

A report was compiled and forwarded to Director of Public Prosecutions on 6th December, 2013 with recommendation that the Director of the company be charged with the offence of attempt to commit an offence of corruption contrary to section 47 A (1) as read with section 48 (1) of the Anti-Corruption and Economic Crimes Act, No. 3 of 2003.

On 31st December 2013, the DPP accepted the recommendation for prosecution.

EACC/NYI/FI/INQ/07/2012

Inquiry into allegations of embezzlement of funds and irregularities in the procurement of works for routine repair and maintenance of roads by the Municipal Council of Chuka

Investigations established that in the 2009/2010 Financial Year, the Municipal Council of Chuka received KSh. 4,734,577 from the Kenya Roads Board to cater for routine repair and maintenance of roads within the Municipality. Five roads were earmarked for the repairs and tenders advertised. Investigations established that the tenders were opened, evaluated and awarded to the successful bidders. Investigations further established that the contractors carried out the works under the supervision of the Council Works Officer and Council Engineer.

Investigations however revealed that the procurement process for the works was riddled with irregularities in that the successful contracting companies were neither the lowest bidders nor did they comply with the law governing procurement as to competence. Investigations established that the companies awarded the contracts were not qualified. The evidence obtained revealed an elaborate scheme to defraud the Municipal Council of Chuka of the funds set aside for the maintenance of the roads.

A report was compiled and forwarded to the Director of Public Prosecutions on 19th November, 2013 with a recommendation that the suspects namely; the Acting Town Clerk and Municipal Engineer, Chuka Municipal Council be charged jointly with the directors of the various companies contracted to carry out the works with the offence of conspiracy to commit an offence of corruption contrary to section 47A of the Anti- Corruption and Economic Crimes Act, 2003.

On 31st December, 2013 the DPP accepted the recommendation for prosecution.

EACC/FI/INQ/21/2013

Inquiry into allegations of irregular procurement of a private medical provider by NHIF to provide outpatient medical services to NHIF members under a Pilot Scheme

The evidence obtained revealed that after NHIF decided to extend outpatient medical services to its members, it was resolved that health providers be identified. In this regard, investigations established that NHIF advertised an Expression of Interest and responses were received from several health providers. Investigations further established that after evaluation of proposals, NHIF identified appropriate providers. The successful bidders were therefore engaged by NHIF to provide outpatient medical services to NHIF members through their four health outlets in Nairobi.

Investigations further established that due procurement process was followed in engaging these providers and no irregularities were established. The evidence obtained further revealed that the health providers engaged under the Outpatient Pilot Scheme adequately offered services and were duly paid the contract sum. No culpability was established on the part of any of the officers involved in the implementation of the Out Patient Pilot Scheme.

A report was compiled and forwarded to the Director of Public Prosecutions on 28th October, 2013, recommending the closure of the file.

The DPP accepted the recommendation for closure of the inquiry file.

EACC/FI/INQ/35/2013

Inquiry into allegations of failure to comply with procurement procedures in the disposal of a Mercedes Benz by the Insurance Regulatory Authority (IRA)

Investigations established that in December, 2009, a Circular was issued by the Permanent Secretary, Secretary to the Cabinet and Head of Public Service on the implementation of a Government Transport Policy stipulating that senior officials in Government were only allowed to have official vehicles with an engine capacity not exceeding 1800cc. Investigations further established that prior to this circular being issued the Insurance Regulatory Authority had acquired a Mercedes Benz. Although its engine capacity was within the allowed limit, IRA decided to dispose it off and use the proceeds to buy a Passat for the CEO.

Investigations established that the process of disposal was initiated and bids invited through advertisement. After receiving the bids, IRA observed that the highest bid was below the reserve price. A re-advertisement was done and the highest price offered was KSh. 4 million. The Tender Committee approved the sale to the said bidder. Investigations however established that, the CEO as the accounting Officer, was of the opinion that the price of KSh. 4 million was way below the market price and he thus decided that the vehicle be retained by IRA and thus the sale did not materialize. No irregularities were established with regard to the intended disposal. In addition, the action of the CEO as the accounting Officer was not arbitrary since it was his responsibility to ensure that IRA got value for money from the sale of the vehicle. No culpability was established on the part of IRA officials to warrant any action against them.

A report was compiled and forwarded to Director of Public Prosecutions on 30th September, 2013 with recommendation that the inquiry file be closed.

On 3rd October, the DPP accepted the recommendation for closure of the inquiry file.

EACC/FI/INQ/39/2012

Inquiry into allegations that a Senior Immigration Officer was extorting money from aliens who were seeking Passports, Visas and Work Permits

Investigations established that an Inter-Ministerial Committee on citizenship and work permits in the Immigration Department is charged with the responsibility of determining whether applicants satisfy the requirements for being issued with work permits, visas and passports. Investigations further established that whereas it was alleged that the Senior Immigration Officer was extorting money to issue work permits, visas and passports to aliens, no such evidence was revealed. In addition members of the Citizen Advisory Committee

confirmed that the officer did not influence the decisions of the Committee. Investigations also established that the officer alleged to be collecting bribes was not a member of the Vetting Committee. The evidence obtained neither disclosed any impropriety on the part of the officer nor linked him with any wrong doing.

A report was compiled and forwarded to Director of Public Prosecutions on 4th December, 2013 with a recommendation that the inquiry file be closed.

On 30th December, 2013 the DPP accepted the recommendation for closure of the inquiry file.

EACC/F1/INQ/55/2013

Inquiry into allegations of irregularities in the procurement of hotel facilities for a luncheon for the Insurance Regulatory Authority (IRA) Board

The investigation established that it was an annual activity by the IRA Board to hold a luncheon in which meeting the Board and the management would take stock of the achievements of IRA discuss the projected activities for the next year. Investigations established that a budget to hold the 2011 annual luncheon was approved and procurement for a venue commenced. A hotel was identified for the event. However, investigations established that the approval for the identified venue was not sought from the IRA Procurement Committee as required under the Public Procurement and Disposal Act. Investigations established that this lapse occurred when the officers responsible for ensuring that the Procurement Committee met to give approval were away from office.

Whereas there was this breach, there was no evidence of fraud in the procurement of the hotel and no loss of public funds. The Commission was therefore of the view that a prosecution would not be sustained in the circumstances. Nonetheless, this breach pointed towards lack of proper systems at the IRA.

A report was compiled and forwarded to the Director of Public Prosecutions on 2nd December, 2013 with recommendation that the inquiry file be closed and that IRA be advised to put its procurement systems in order.

On 30th December, 2013, the DPP accepted the recommendation for closure of the inquiry file.

NAIROBI ACC. NO.10/2013

Inquiry into allegations of corruption against an Assistant Commissioner, Domestic Tax Department at the Kenya Revenue Authority (KRA)

The investigations established that the suspect who is an Assistant Commissioner, KRA corruptly solicited for a benefit of 57,000 USD (KSh. 5 million) from the complainant as an inducement to forbear charging the complainant with an offence of failure to submit self-assessment returns to KRA. The suspect also received a benefit from the complainant.

A Report was compiled and forwarded to the Director of Public Prosecutions on 28th October, 2013 recommending that the suspect be charged with the offences of corruptly soliciting for and receiving a benefit contrary to section 39 (3) (a) as read with section 48 (1) of the Anti-Corruption and Economic Crimes Act, No. 3 of 2003.

On 23rd December, 2013, the DPP accepted the recommendation for prosecution.

CR.141/336/2013

Inquiry into allegations of corruption against a Police Constable based at the Nairobi Area Traffic Police Headquarters

The investigation established that the suspect corruptly solicited for a benefit from the complainant as an inducement to facilitate the signing of a Kenya Revenue Authority Form necessary for application for a PSV licence. The suspect also received a benefit from the complainant.

A Report was compiled and forwarded to the DPP on 2nd October, 2013 recommending that the suspect be charged with the offences of corruptly soliciting for and receiving a benefit contrary to section 39 (3) (a) as read with section 48 (1) of the Anti-Corruption and Economic Crimes Act, No 3 of 2003.

On 3rd October, 2013 the DPP accepted the recommendation for prosecution.

EACC/INQ/9/2013

Inquiry into allegations that an Immigration Officer at Nyayo House corruptly solicited for a benefit of KSh. 20,000 from the complainant as an inducement to facilitate the processing of a passport for her son and Dual Citizenship.

The investigation established that the suspect solicited for a bribe. The suspect also received a benefit of KSh. 20,000 from the complainant. The Commission was of the opinion that the evidence obtained was sufficient to sustain the charges of corruption against the suspect. However, the complainant in the matter who is a resident of and works in Sweden indicated that she would not be available during the trial as she is in full employment in Sweden. She also indicated that she did not wish to proceed with the case. On the basis of this indication by the complainant, the prosecution of the suspect would not be sustained.

The basis of this recommendation in lieu of prosecution was that the complainant who made the complaint in her statement was categorical that she did not wish to proceed with the case. She is a resident of Sweden on full time employment and therefore she indicated that she will not be available during the trial. Her son who was also present during the time of solicitation and receipt of the benefit also lives abroad and did not record a statement. Without the evidence of the complainant, the prosecution would not have been sustained.

A Report was compiled and forwarded to the Director of Public Prosecutions on 23rd October, 2013 recommending that instead of prosecution, administrative action be taken against the suspect.

On 12th November, 2013, the DPP accepted the recommendation for administrative action.

EACC/KSM/OPS/INQ/5/2012

Inquiry into allegations of corruption against the acting District Commissioner, Borabu District in Nyamira County and an Administration Police Officer attached to the same office

The investigations established that the suspects corruptly offered and gave a benefit of KSh. 40,000 to Military Officers who were conducting recruitment of officers to the Kenya Defence Forces at Menyenya High School in Nyamira County.

A report was compiled and forwarded to Director of Public Prosecutions on 18th November, 2013 with the recommendation that two suspects be charged with the offences of corruptly offering and giving a benefit contrary to section 39 (3) (b) as read with section 48 (1) of the Anti-Corruption and Economic Crimes Act, No. 3 of 2003 and conspiracy to commit an offence of corruption contrary to section 47A of the Anti- Corruption and Economic Crimes Act, 2003.

On 6th January, 2014, the DPP returned the file and advised that further investigations be undertaken.

THE NATIONAL ENVIRONMENT MANAGEMENT AUTHORITY

ENVIRONMENTAL IMPACT ASSESSMENT STUDY REPORT FOR THE PROPOSED PETROLEUM FILLING STATION ON PLOT L.R. NO. BAHARINI ALONG ELDORET JUA KALI ROAD, ELDORET WEST DISTRICT, UASIN GISHU COUNTY

INVITATION OF PUBLIC COMMENTS

PURSUANT to regulation 21 of the Environmental Management and Co-ordination (Impact Assessment and Audit) Regulations, 2003, the National Environment Management Authority (NEMA) has received an Environmental Impact Assessment Study Report for the above proposed project.

The Proponent (Farah Mowlid Khalif) is proposing to develop a petroleum dispensing filling station with two dispensing pumps, two underground storage tanks, acceleration and deceleration lanes, parking areas, oil/water interceptor, washrooms, and associated piping work.

Below is a summary of the anticipated impacts and the proposed mitigation measures:

Impact *Proposed Mitigation Measures*
Loss of biodiversity, soil • Minimize disturbance to flora and fauna

- erosion in the neighboring areas.
 - Apply soil erosion control measures and carryout landscaping.
- Air and noise pollution
 - Ensure that noisy machineries are insulated/temporarily fenced.
 - Avoid excavation works in dry weather and sprinkle water to reduce dust.
 - Restrict construction activities to day time only.
- Waste Management
 - Contract a NEMA licensed waste collection and disposal company
 - Segregate, separate and re-use construction wastes.
 - Connect to a proper septic system and internal sewer network.
 - Provide an efficient drainage system and oil interceptor.
 - Fit hoses with improved nozzle to minimize fuel spills.
- Traffic
 - Provide an acceleration and deceleration lanes.
 - Provide proper warning signs.
- Fire safety
 - Install proper fire fighting equipments and sensitize workers on fire safety e.g. fire extinguishers, sand buckets, water storage tank.
 - Train workers on basic fire fighting techniques.
 - Avoid storage of flammable materials near possible fire source.
- Occupational health and safety, Security
 - Provide and enforce use of PPEs.
 - Shield construction activities to minimize accidents.
 - Provide first aid facilities and training.
 - Provide adequate security including security guards, perimeter fence, security lights
- Water & energy use
 - Harvest rain water & reuse water where possible.
 - Install water conserving taps and energy conserving lighting system.
 - Raise awareness on water and energy conservations.
- Regulatory compliance
 - Obtain all necessary permits & licenses prior to operation including approval by Physical Planning, Energy Regulatory Commission, Wareng County Council and NEMA.

The full report of the proposed project is available for inspection during working hours at:

(a) Director-General, NEMA, Popo Road, off Mombasa Road, P.O. Box 67839-00200, Nairobi.

(b) Principal Secretary, Ministry of Environment and Mineral Resources, NHIF Building, Community, P.O. Box 30521, Nairobi.

(c) County Director of Environment, Uasin Gishu County.

The National Environment Management Authority invites members of the public to submit oral or written comments within thirty (30) days from the date of publication of this notice to the Director-General, NEMA, to assist the Authority in the decision making process of the plan.

MGUMOPATSA/MAZERAS/856

INVITATION OF PUBLIC COMMENTS

PURSUANT to regulation 21 of the Environmental Management and Co-ordination (Impact Assessment and Audit) Regulations, 2003, the National Environment Management Authority (NEMA) has received an Environmental Impact Assessment Study Report for the above proposed project.

The Proponent (Green Energy Limited) is proposing to construct an LPG storage and bottling facility consisting of the following: a boundary wall of at least 3m high, two (2) aboveground 60 Metric Ton tanks and all associated Civil Works, an LPG cylinder filling and storage warehouse, paving of all driveways within the facility, installation of one 80-tonne platform weighbridge for weighing bulk LPG trucks/trailers, construction of the office and ablution blocks, a Genset house, installation of fire fighting System for the entire plant, construction of a fire water storage tank, installation of borehole, LPG tanks containment, appropriate drainage channels and lines, access road.

Below is a summary of the anticipated impacts and the proposed mitigation measures:

<i>Negative Impacts</i>	<i>Mitigation Measures</i>
Vegetation damage, habitat loss and invasion by exotic species at the LPG Plant Site	<ul style="list-style-type: none"> Utilize appropriate clearing techniques (e.g. Hand clearing as opposed to mechanized clearing) by using human labour as opposed to heavy machinery Maintain native ground cover and low growing vegetation by selective removal of obstructing trees Minimizing clearing and disruption to the site vegetation. Replant disturbed sites with native plant species
Soil Erosion	<ul style="list-style-type: none"> Soils excavated for the construction of the LPG facility shall be disposed offsite or used for backfilling where possible. Soils shall not be left exposed to wind/water for long; Existing vegetation shall be minimally disturbed during the construction Reduction of soil erosion and safeguard biodiversity protection; Re-plant degraded areas with local species to improve ground cover.
Air Pollution (dust, fuel emissions)	<ul style="list-style-type: none"> Control speed of construction vehicles; Prohibit idling of vehicles; Water shall be sprayed during the construction phase on excavated areas to reduce dust emission; Regular maintenance of plant and equipment; Provision of dust masks for use while working- in dusty conditions. Use of serviceable vehicles and machinery to avoid excessive smoke emission
Noise pollution	<ul style="list-style-type: none"> Noise reduction/ hearing protection devices when working with noisy equipment. Use serviceable equipment with low

	noise emission
Management of Solid Waste	<ul style="list-style-type: none"> Instruct truck and machinery operators to avoid raving of engines Provide solid waste collection facility for the temporary storage of waste prior to disposal. The storage yards should be provided with solid waste disposal facilities such as waste bins/chutes. Excavation activities to be done preferably during the dry season to avoid soil erosion
Site Area & Groundwater Water Pollution	<ul style="list-style-type: none"> No domestic or any other hazardous waste is disposed of at the project area Ensure that machinery and used oil from vehicles is not released to the ground through the provision of mode of collection and appropriate disposal. Clear instruction to machine and vehicle servicing personnel on this provision to be made available. Construct a drainage system within and around the depot site leading to an interceptor. Carry out regular drainage and interceptor maintenance including cleaning the interceptors of rubbish to avoid clogging and overflow
Risk of fire	<ul style="list-style-type: none"> Install mounded LPG Tanks and include the use of fireproof electrical installations at the facility Install adequate firefighting equipment and provide adequate water storage. Provide emergency stop switch around the facility will be done at appropriate locations to facilitate the cutting off of power in case of emergency Installation of Gas Detectors Provide a "First Aid Box", with proper equipment with proper training of Depot staff on how to administer first aid Address the depot fire prevention and control capacity. Install Fire alarms, smoke detectors, etc. for fire warning and prevention Staff training and regular drills on fire prevention and control will be encouraged to ensure proper preparedness for fire control in the depot The fire control equipment will be regularly serviced after installation to ensure efficient performance when required
Physical Hazards	<ul style="list-style-type: none"> Use appropriate hand and foot protection (PPE) Adopting ergonomic work flow designs that fit physical tasks to employees and not vice versa while maintaining a balance with productivity;
Working at heights	<ul style="list-style-type: none"> Use construction site barrier tapes to isolate the site(working) area to bar intruders from accessing the area in case of a dropping object Test structures for integrity prior to undertaking work; Implement a fall protection program that includes training in climbing techniques and use of fall protection measures, Provide Safety Belts Inspection, maintenance, and

	replacement of fall protection equipment.
	<ul style="list-style-type: none"> • Provide first aid facilities at the site • Use of helmets and other protective devices will mitigate against scratches, bruises; lacerations and head injuries due to dropping objects,
Workers Falling sick during construction and operation (HIV/Aids education awareness)	<ul style="list-style-type: none"> • Provision & use of mosquito repellent nets by the construction workers • Conduct HIV Aids awareness campaigns among employees regularly (yearly) • Avail over the counter medicine for use in case of sickness to staff. • Provide condoms to staff. • Emergency response plans/procedures including details (phone numbers and location) of the nearest dispensaries, hospitals to be provided to the construction site manager
Gas Leak/Fire	<ul style="list-style-type: none"> • Provision of Gas and Smoke Detectors • Provision of Fire Alarm System • Provision of Firefighting Equipment
Increased cost of energy bills	<ul style="list-style-type: none"> • Formal procedures to be put in place for energy saving to minimize energy use • Encourage the staff to turn off lights and water taps as necessary • Set of guidelines for the staff on energy saving procedures.

THE NATIONAL ENVIRONMENT MANAGEMENT AUTHORITY ENVIRONMENTAL IMPACT ASSESSMENT STUDY REPORT FOR THE PROPOSED AERIAL CHEMICAL SPRAYING FOR CONTROL OF GREY LEAF SPOT DISEASE (GLS) IN SEED MAIZE AT KIKWAMET AREA SABOTI DIVISION, TRANS NZOIA COUNTY

INVITATION OF PUBLIC COMMENTS

PURSUANT to regulation 21 of the Environmental Management and Co-ordination (Impact Assessment and Audit) Regulations, 2003, the National Environment Management Authority (NEMA) has received an Environmental Impact Assessment Study Report for the above proposed project.

The Proponent (Kenya Seed Company Limited) is proposing to spray seed maize in an 800 acre farm in Kikwamet area, Saboti Division, Trans-Nzoia County for purposes of controlling the Grey Leaf Spot (GLS) disease.

Below is a summary of the anticipated impacts and the proposed mitigation measures:

<i>Impacts</i>	<i>Proposed Mitigation Measures</i>
Water Pollution	<ul style="list-style-type: none"> • Sensitize the community members not to consume (suspected polluted) water in the period spraying is being done. • Use chemicals that do not affect water quality. • Ensure that while spraying only the target area is sprayed.
Air Pollution	<ul style="list-style-type: none"> • Use Chemicals that have short lifespan in the air. • Provide PPE to persons within and outside the project site. • Ensure the Aircraft flies at a low height above the maize fields. • Sensitize the community to avoid target areas and its environs during spraying. • Engage qualified and certified air spraying personnel.
Soil pollution	<ul style="list-style-type: none"> • Use the selected chemical that has no long-term negative effects on soil quality.
Pollution/poisoning of non-target crops	<ul style="list-style-type: none"> • The pilot to maintain a low flying height. • Use dispersal equipment that applies droplet spectrum than the conventional nozzles sprays. • Advise the community to stay away from project target site. • Use of Droplet technology rather than nozzle technology.
Noise and vibration	<ul style="list-style-type: none"> • The aircraft should be fitted with noise muffler/silencer engine.
Community members health and safety	<ul style="list-style-type: none"> • Provide PPE to persons participating in spraying. • Ensure the Aircraft flies at a low height above the maize fields. • Sensitize the community to avoid target areas and its environs.
Accidents	<ul style="list-style-type: none"> • The pilot to be cautious to avoid crash landing. • The pilot to ensure the Aircraft has enough fuel.
Inhalation	<ul style="list-style-type: none"> • Move the victim to fresh air. • If breathing is irregular or stopped, administer artificial respiration. • Keep patient warm and at rest. • Call a physician or poison control center immediately.
Skin Contact	<ul style="list-style-type: none"> • Take off all contaminated clothing immediately. • Wash off immediately with plenty of water. • If skin irritation persists, call a physician. • Wash contaminated clothing before re-use.
Eye contact	<ul style="list-style-type: none"> • Rinse immediately with plenty of water, also under the eyelids, for at least 15 min. • Remove contact lenses. • Call for immediate medical attention required.
Ingestion	<ul style="list-style-type: none"> • If swallowed, seek medical advice immediately and show this container or label.

The full report of the proposed project is available for inspection during working hours at:

THE NATIONAL ENVIRONMENT MANAGEMENT AUTHORITY
ENVIRONMENTAL IMPACT ASSESSMENT STUDY REPORT
FOR THE PROPOSED PETROL SERVICE STATION AND
PETROLEUM STUDIES SITE AT KENYATTA UNIVERSITY
MAIN CAMPUS, KIAMBU COUNTY

INVITATION OF PUBLIC COMMENTS

PURSUANT to regulation 21 of the Environmental Management and Co-ordination (Impact Assessment and Audit) Regulations, 2003, the National Environment Management Authority (NEMA) has received an Environmental Impact Assessment Study Report for the above proposed project.

The Proponent (Kenya University) is proposing to put up a petrol service station inside the Kenya University Main campus compound along Nairobi-Thika Road. The site is currently undeveloped and is located on the land next to Thika Road near Gate B.

The station will have PMS, AGO, IK and various types of lubricants for packaged products among others. The proponent will install three underground storage tanks (USTs) for PMS 15 M3, AGO 15M3 and IK 15M3 and associated pipe work, dispensing pumps, sales office, store, air compressor, tyre pressure gauge and fire alarm.

Below is a summary of the anticipated impacts and the proposed mitigation measures:

<i>Source of Impact</i>	<i>Proposed Mitigation Measures</i>
Vehicular emissions	<ul style="list-style-type: none"> Ensure that the vehicles are switched off while at the station. The potential for the accumulation of emissions in the premises is however very low since the station is spacious and well aerated.
Oil spills	<ul style="list-style-type: none"> Fit hoses with quick-acting leak-proof cock or with an approved nozzle. Train and supervise staff to ensure minimal spillage of fuel.
Lubricant containers and packaging materials	<ul style="list-style-type: none"> Proper waste collection, handling and disposal (see section on waste management)
Office wastes	<ul style="list-style-type: none"> Ensure efficient waste collection, handling and disposal (see section on waste management)
Wastewater	<ul style="list-style-type: none"> Construct proper drainage system Treatment of water through oil interceptors prior to discharge into the environment. Should meet the effluent standards as per waste water regulations of 2006, Water Resources Management Authority discharge standards and local government by-laws (see section on

- waste management)
- Leakages
- Use of approved fuel tanks and monitor fuel quantities to detect leakages.
 - To prevent any leaks from getting into the environment, the tanks should be properly treated.
 - A layer of clay should so be used to encase the tanks during installation.
 - The underground tanks must satisfy the national standards.
- Noise
- The noise levels are not likely to exceed the minimum standards.
 - Ensure the switching off engines while at the station.
 - Ensure that noise regulations 2009 are adhered to.

The full report of the proposed project is available for inspection during working hours at:

- (a) Director-General, NEMA, Popo Road, off Mombasa Road, P.O. Box 67839-00200, Nairobi.

**IMPORTANT NOTICE TO SUBSCRIBERS TO
THE KENYA GAZETTE**

THE following notes are for the guidance of persons submitting "copy" for inclusion in the *Kenya Gazette, Supplement*, etc.:

- (1) *The Kenya Gazette* contains Notices of a general nature which do not affect legislation. They are, therefore, submitted to the Government Printer directly.
- (2) *Legislative Supplement* contains Rules and Regulations which are issued by the Central Government. Because of this, they must be submitted to the Government Printer through the office of the Attorney-General.
- (3) *Bill Supplement* contains Bills which are for introduction in the National Assembly.
- (4) *Act Supplement* contains Acts passed by the National Assembly.

All "copy" submitted for publication should be prepared on one side of an A4 sheet no matter how small the Notice is, each page being numbered and should be typewritten with double spacing. Copy should be clear, legible and contain no alterations.

Particular attention should be paid to the following points:

- (i) Signature must be supported by rubber-stamping or typing the name of the signatory in capital letters.
- (ii) Dates must be correct and filled in where necessary.
- (iii) Care should be taken to ensure that all headings to Notices and references to legislation are up to date and conform with the Revised Edition of the Laws of Kenya.

EXTRACT FROM THE CODE OF REGULATIONS, SECTION D—

Kenya Gazette

"D 34. (1) Communications for the *Kenya Gazette* should reach the Government Printer not later than 9 a.m. on Friday of the week before publication is desired. The Government Printer will not publish communications received after that hour until the next subsequent issue of the Gazette.

(2) Ministries will be required to pay for the *Kenya Gazette* and to meet the cost of advertising in it.

It is emphasized that these notes are for guidance only, but it is requested that persons submitting copy for publication first satisfy themselves that such copy is complete in every respect.
