## THE INDUSTRIAL COURT

CAUSE No 3 OF 1975

Parties —

Kenya Union of Commercial Food & Allied Workers  
and

Coca Cola Bottling Company

Issue in dispute — Reinstatement of Mr Musomali

1 The Kenya Union of Commercial Food and Allied Workers shall hereinafter be referred to as the Claimants and Coca-Cola Bottling Company shall hereinafter be referred to as the Respondents

2 The parties were heard in Nairobi on the 6th day of March, 1975, and relied on their written and verbal submissions. The following witnesses were called by the parties to give evidence in Court —

Claimants — Joseph S Musomali

Respondents — Peter Barnes  
Hardev Singh

## AWARD

3 The Notification of Dispute Form 'A' dated 21st November, 1974, was received by the Court on 14th January, along with the statutory certificates signed by the Minister for Labour and the Labour Commissioner

Joseph S Musomali started working for the Respondents on 1st April, 1973, as a 'trainee checker' at a monthly salary of Sh 1,500. The first three months of his service was the probationary period after which he was confirmed. It is provided in his letter of appointment that once he became a member of permanent staff one calendar month's notice would be required to terminate his services

On 8th June, 1974 he was served with a letter of termination. In this letter the Respondents stated that they were not satisfied that he was carrying out his duties satisfactorily and in particular they were alarmed at a large loss of bottles and cases on 24th and 25th May, whilst he was on duty and in charge of the yard area. There is also a reference to a wrong entry of empties sent to Coastal Bottlers and Mr Musomali's negligence in not rectifying the mistake.

As it was a normal termination Mr Musomali received all his dues which after tax deductions amounted to Sh 4,700.

The Claimants took up the matter on his behalf and the Respondents, although at first contesting the Claimants' right to speak on behalf of a non-unionizable employee, agreed in the interest of a speedy settlement of this dispute to discuss the matter with them. The Respondents, however, maintained that since he was non unionizable he was not subject to the terms of the collective agreement between the parties.

The dispute was investigated by an official of the Ministry of Labour and the Chief Industrial Relations Officer forwarded the following findings and recommendations to the parties —

"As I gather from the investigator's report, Mr Musomali shipped the goods in question to Mombasa by mistake. The goods were not supposed to be shipped to Mombasa as such and by doing so, his action cost the company a loss of Sh 8,125/20. This to say the least, and accepting the Management's submission, was a considerable loss. Irrespective of whether Mr Musomali was careless or inefficient the action to terminate his services by giving him one month's notice in accordance with his letter of appointment plus leave pay was proper and justified."

The Claimants naturally were not happy with the investigation report and maintained that they could not accept that the Respondents had proved that they had incurred a loss of Sh 8,125/20 as a result of Mr Musomali's mistake. They were emphatic that the Respondents had suffered no such loss and the investigator had acted on an erroneous assumption. Further they pointed out that even if Mr Musomali had made a clerical error the fact remained that the Respondents had suffered no material loss and therefore a letter of warning would have sufficed.

During the hearing the Claimants retained the same position to a large extent and laid great emphasis that the Respondents had not suffered the loss of Sh 8,125/20 as alleged by them before the investigator and in their submission to the Court.

The Claimants called Mr Musomali to give evidence on oath and he stated that the alleged loss of 24th May and 25th May, 1974, was in fact a duplication and in any case if the loss was reflected on any one day such loss was in due course recovered with the result that in the end the Respondents did not suffer any loss.

The Respondents stated that following a physical stock taking it was discovered that Mr Musomali's stock sheets could not reconcile with the physical stock and the following shortages were noted —

	Sh	cts
'On 24th May 1974, 469 crates at Sh 3/60 each, value	1,688	40
On 25th May, 1974, 472 crates at Sh 3/60 each, value	1,699	20
On 25th May 1974 329 cases of bottles at 14/40 each	4,737	60
	Sh	8,125 20'

They further pointed out that there had been another error committed by Mr Musomali in that instead of sending to Coast Bottlers Mombasa 1,050 Ginger Ale bottles and 400 Tonic bottles he sent 1,450 cases of Ginger Ale bottles only thereby causing considerable inconvenience both to the Respondents and the Coast Bottlers.

The Respondents called two witnesses who explained on oath the detailed working of the "Operating Report on Bottles and Cases" sheets and stated that both on 24th and 25th May, 1974, shortages as alleged by the Respondents were noticed at the end of each day. They denied that there was any duplication in these shortages.

The Court must emphasize that in bottling industry the empties of both bottles and crates play a very important part in the whole undertaking. It is no doubt for this reason that the Respondents have worked out an elaborate system of taking the daily stock of the empties received and dispatched with further checks which in the words of one of their witnesses were triangular in nature.

The Court is satisfied that the way the system works there can be no undue allegation of a shortage as every day shortages are recorded separately with a running shortage figure for the whole month also appearing in another column. The Court called for the Operating Report sheets from 15th May, 1974, to 25th June, 1974, and studied them in great detail. The Court also has taken into consideration the summary of 1974 losses re bottles and empty cases which was produced by the Respondents. All this clearly shows that from January to May the losses were enormous and from June to December there is a dramatic decrease in the losses, in fact after Mr Musomali's services had been terminated.

The Court accepts that during the time of Mr Musomali and his other colleague whose services were terminated prior to Mr Musomali's, the Respondents suffered big losses in bottles and empty cases, further that after May, 1974, the losses were considerably reduced.

The Court does not accept Mr Musomali's contention that the losses in bottles were reduced from June, 1974, onwards because the Respondents had installed a new machine at that time. The Court was told by the Respondents' witnesses that if anything, the new machine caused more breakages than the old one and in any case the machine breakages were kept entirely separate from the yard breakages.

The Court must discount Mr Musomali's belated effort, probably an after thought where he alleged during his evidence that there was a personal grudge which a senior officer bore against him as being the reason why his services were terminated. The Court finds there to be absolutely no truth in this allegation.

The Court got an impression that the Respondents suffered these losses when Mr Musomali and his other colleague were in their employment more due to sheer carelessness than due to any other reason. In fact the Respondents' one witness told the Court that he had seen Mr Musomali at least on four occasions making simple mathematical mistakes and he had on every occasion warned him to be more careful.

The Court is completely satisfied that the Respondents have suffered a loss of Sh 8,125/20 as alleged by them and that Mr Musomali should bear responsibility for this loss in that it was while he was on duty that the shortages were incurred.

The Court notes that Mr Musomali has not suffered a summary dismissal but the Respondents have terminated his services by giving him one month's pay in lieu of notice and have also given him other dues with the result that he was paid Sh 4,700.

After careful consideration of all the submissions the Court rejects the Claimants' demand for either reinstating Mr Musomali to his job or awarding him any compensation for loss of his employment. The Court finds that the Respondents had full justification for terminating his services under the circumstances quoted hereinabove.

GAZETTE NOTICE No 1180

### THE TRADE MARKS ACT (Cap 506)

NOTICE is hereby given that any person who has grounds of opposition to the registration of any of the trade marks advertised herein according to the classes may, within 60 days from the date of this Gazette, lodge notice of opposition on Form T M No 6 (in duplicate) together with a fee of Sh 50

Notice is also hereby given that official objection will be taken under rule 21 (3) to all applications in which the specification claims all the goods included in any class unless the Registrar is satisfied that the claim is justified by the use of the mark which the applicant has made, or intends to make if and when it is registered. Where an applicant considers that a claim in respect of all the goods included in a class can be justified it will save unnecessary delay in examining applications if a claim is filed simultaneously with the application, accompanied in appropriate cases by supporting documents.

The period for lodging notice of opposition may be extended by the Registrar as he thinks fit and upon such terms as he may direct. Any request for such extension should be made to the Registrar so as to reach him before the expiry of the period allowed.

Formal opposition should not be lodged until after reasonable notice has been given by letter to the applicant for registration so as to afford him any opportunity of withdrawing his application before the expense of preparing the notice of opposition is incurred. Failure to give such notice will be taken into account in considering any application by an opponent for an order for costs if the opposition is uncontested by the applicant.

Where it is stated in the advertisement of the applicant that the mark, upon its registration, is to be limited to certain colours, the colours are, as far as possible, indicated in the accompanying representations of the mark in the usual heraldic manner.

The undermentioned applications are proceeding in the name of SHELL INTERNATIONAL PETROLEUM COMPANY LIMITED, merchants, of Shell Centre, London SE 1, England, and c/o Messrs Atkinson, Cleasby & Satchu, advocates, P O Box 90121, Mombasa.
