- 22 Wage increments
- 23 Effective date and duration of agreement

1 The Kenya Union of Sugar Plantation Workers shall hereinafter be referred to as the Claimants and the Sugar Industry Group of F K E shall hereinafter be referred to as the Respondents

2 The parties were heard in Nairobi on 3rd and 4th September and 17th October, 1975, and relied on their written and verbal submissions

On 10th and 11th October, 1975, the Court visited the sugar belt and saw the working and living conditions of the workers at Muhoroni, Chemelil, Miwani, Kibos and Mumias

AWARDS

3 The Notification of Dispute Form "A" dated 28th June, 1975, was received by the Court on 15th July, along with the statutory certificate signed by the Labour Commissioner

The Respondents have within their membership 25 small sugar growers grouped together in the Nyanza Province employing some 700 permanent workers and in addition have four large factories namely Miwani Sugar Mills Ltd, E A Sugar Industries Ltd, Chemelil Sugar Co Ltd and Mumias Sugar Co Ltd who between them employ over 4,000 permanent employees, also as members

The parties in the past appeared before the Industrial Court *vide* Cause Nos 12/69 and 24/72 when most of the issues which are before the Court in the present dispute were also the subject matters of awards by the Court

As in the previous disputes the Court for the third time made an extensive tour of the sugar belt and visited the housing estates and factories at Miwani, Chemelil, Muhoroni, Kibos and Mumias. The Court also visited sugar estates. The Court's views gained after this visit particularly on the question of housing will be dealt with under the appropriate issues

As a result of the Court award in Cause No 24/72 the parties entered into a collective agreement dated 19th October, 1972, and the clause on effective date and duration is as follows —

"This agreement shall be implemented with effect from the 1st July, 1972. The agreement shall remain in force for a period of three years from that date provided that all workers shall receive an increase of 7 per cent of their rates as from the 1st January, 1974 thereafter it shall remain in force until such time as either party by the giving of three months notice in writing shall signify a wish to terminate or amend the agreement"

It is acknowledged by everyone concerned that the sugar industry occupies a very vital place in the economy of Kenya and in fact in terms of foreign exchange and consumption it comes next to oil in imports. It is obvious that there is a desperate need to attain self-sufficiency in sugar at the earliest

possible time. Once self-sufficiency in sugar is achieved it will be of tremendous benefit to the Kenyans in saving the valuable foreign exchange

It is imperative therefore that a suitable climate should be created and appropriate incentives afforded to the workers in the factories, in the estates owned by the factories, in the settlement schemes and those working for the outgrowers. The inescapable fact is that labour has to play a very important role in bringing about the desirable objective of being self-sufficient in sugar

The workers have to be given adequate remuneration and must be housed in conditions which would help improve their productivity

During the hearing severe criticism was made by the Claimants at the level of remuneration and the conditions under which the workers lived and it was alleged that a worker in the sugar industry was completely demoralized both physically and psychologically. The Court while not entirely agreeing with this criticism feels that there is some truth in this allegation particularly in view of the inflation that has hit the country and the poor housing conditions in some estates where the workers are housed, reference to which will be made under the issue of housing

The Claimants have demanded a sum of Sh 450 p.m. as the minimum wage for a sugar worker which figure they improved to Sh 700 p.m. during the final submissions. The Court finds that the Claimants' demand is an ideal towards which the whole country is moving but unfortunately the hard economic facts make it impossible to remunerate the sugar worker anywhere near the figure demanded by the Claimants

The Kenya Government and the Industrial Court are committed to and are striving at every possible opportunity, economic circumstances permitting, to move gradually towards the ideal of giving the Kenya workers a living wage

The sugar industry at present is not in a position to absorb without catastrophic consequences the increases suggested by the Claimants in the labour costs. At the same time there is no reason why the rural workers should be denied, if nothing else, reasonable compensation for the increase in the cost of living

The Principal Economist, Ministry of Labour, in his analysis which he prepared for the benefit of the Court and the parties, concluded his report by the following remarks —

"The sugar industry is of crucial importance to Kenya's economy particularly in the present situation of sagging foreign exchange earnings and stagnating employment. The trend in earnings of workers, outgrowers and factories have not, however, been a strong incentive to the growth of production. Worse affected are the workers whose real earnings have gradually declined during a number of years. Even the small-growers have probably been suffering a decline in real income in spite of the recent increase in cane prices, due to drought and increasing costs of inputs. To accommodate legitimate interests of all parties involved in the industry, and at the same time to provide incentive for further expansion of sugar production, it will be necessary in the near future to undertake another increase in prices both of cane and processed sugar. With the permission of the Court, we shall therefore also bring the present submission to the attention of the authorities responsible for controlling these prices"

The Court has given due consideration to the aforesaid comments in addition to carefully considering the parties' submissions in arriving at its findings. The Court has also given proper weight and taken into account the Guidelines issued by the Minister for Finance. The Court would like to add that the Guidelines are an important factor which place limitation on the Court when deciding on the extent of its award

The cost of living index in June, 1972, stood at 102.5 and at the end of April, 1975, it has risen to 150.4 which means an increase of 47 per cent. As against that under the 1972 collective agreement between the parties the workers received a 7 per cent increase from 1st January, 1974

Harvest work in the sugar industry entails far heavier physical effort as compared to most other plantation industries. In any case every plantation industry, as indeed all industries, are considered on their own respective merits

Apart from the aforesaid cost of living factor the Court has come to the conclusion that the workers in the sugar industry deserves something more than a mere restoration of loss of purchasing power and the Court has also taken into consideration this factor in making its award which indeed is exceptional. This exceptional increase is due to the reasons set forth herein above in the award

Following the Presidential decree on May Day through Legal Notice No 70 of 1975, Agricultural Industry Order 1975 was promulgated as a result of which the minimum wage per month of a worker in the agricultural industry has gone up to Sh 150 p m. The workers in the sugar industry, however, have deferred acceptance of these statutory increases and are waiting for the outcome of the present dispute.

The Court makes the following award on the various issues in dispute and while making its award the Court would like to add, on the parties' own admission, that by far the most important issue in this dispute are the ones dealing with minimum rates, wage increments, housing, effective date and duration of agreement. The Court would therefore like to commence its award on these issues first.

13 Housing

(i) As stated earlier the Court visited the sugar belt and saw the working and living conditions of the workers at first hand. Before making any further comments the Court would like to draw the attention of everyone concerned to its remarks made in Cause Nos 12/69 and 24/72.

In 1969 the Court sounded a warning that sanitary conditions in some of the places were of the worst kind and if urgent measures were not taken there was a grave danger of an outbreak of an epidemic.

The Court would like to reproduce its remarks and comments made in Cause Nos 12/69 and 24/72 because unfortunately the situation is just the same and there has been no improvement —

"Housing—

This issue came up before the Court in Cause No 12/69 when the Court made the following comments—

"The President and members of the Court undertook an extensive tour of the Sugar estates and visited several housing units and factories at Muhoroni, Chemelil and Miwani. The Court found that whereas in some estates the houses provided were of reasonably good standard, at other places some of the houses were shocking and should have been condemned. It is disgraceful for the employers concerned to house their employees in such conditions. It is apparent that the Government and County Council officers whose function it is to ensure that housing which is provided for workers on the estates is up to the statutory standard have failed to do their duty.

The Court directs that these officers should immediately visit these places and take the necessary action. In fact sanitary conditions in some of the places were of the worst kind and if urgent measures are not taken there is a grave danger of an outbreak of an epidemic. Unfortunately housing is such a problem in the agricultural industry that the Court cannot do much other than to draw the authorities' attention to the state of affairs it found."

This time the Court members again visited housing estates and were disappointed to see that at the 'Okech' Housing Estate of the East African Sugar Industries Ltd instead of

there be being an improvement there was in fact a deterioration in the standard of houses provided. The Court was shown mud huts with thatched roofs which were almost in a state of collapse. To make it worse one such small hut was being shared by two families. This is all very disgusting and the employers should realize that they cannot expect much from workers who are housed so poorly with such inadequate facilities.

The Court hereby directs this particular employer to improve its housing facilities to acceptable standards consistent with the maintenance of human dignity within a period of eight months from the date of the award. In case this employer fails to comply with the Court directive the Senior Labour Officer, Nyanza Province, in conjunction with the Health Authorities, should initiate appropriate action against the firm.

The Court was satisfied with the housing facilities at the Chemilil Sugar Co and feels that other members of the Respondents' group should emulate their example.

At Miwani the Court noticed that a few stone blocks had been erected since the last Court visit. The Court finds this to be a step in the right direction but would advise this Company to accelerate its housing programme.

The Court is satisfied that unless it takes drastic action there is no hope that sugar workers at Muhoroni and Nyando will ever live in reasonable and hygienic conditions. The Court's views expressed in the past have had no effect on the E A Sugar Industries Ltd and to some extent on the Miwani Sugar Mills Ltd, but conditions at the Miwani Sugar Mills Ltd, however, are not as pathetic and disgraceful as those at E A Sugar Industries Ltd in their "Okech" Estate and at the Nyando Estate.

After careful consideration of all the submissions and notwithstanding the capital expenditure involved the Court has come to the conclusion that "Okech" Estate and Nyando Estate huts must be demolished and the Court so awards.

In order to alleviate any hardship on the workers the Court directs that the demolition of accommodation in these places should be phased so as to coincide with the better type of houses as and when they are put up. The Court was shown a few blocks of this new type of accommodation and the Court directs that the whole exercise should be completed within a period of 18 months from the date of the Court award.

The Court further directs that the Claimants should be seriously involved in consultation at all stages while the above exercise is being carried out.

As far as Miwani is concerned the Court would like to seriously sound a warning to this particular employer that housing should receive a high priority on their budget as on their own admission they had been rather slow in improving their housing units. The Court has decided to review the housing progress at Miwani after 18 months of the date of the Court award at the behest of the Claimants.

The Court would be failing in its duty were it not to commend Miwani Sugar Mills Ltd for the excellent facilities which they have developed over the years in that area and which now is a fully fledged hospital with 200 beds catering not only for their employees but also for the population nearabout. This is indeed a great achievement for which the employer deserves to be complimented.

Regarding the housing at Chemelil and Mumias the Court is satisfied with the housing facilities except that there are one or two very minor points like the water supply in some housing units being provided in the toilets. This is a matter, however, which can easily be remedied by the employers after due consultations with the Claimants and the Court directs that they should take steps in this direction at the earliest.

(ii) In pursuance of the Court's policy stated in its award in Cause No 24/72 that there should be a uniform policy on housing in the sugar industry the Court awards that all categories of unionisable employees at the E A Sugar Industries Ltd from the date of the award should be housed completely free by the employers.

(iii) The Court awards that those workers who are not housed by the Respondents should be entitled to the following house allowance —

	Sh
All workers up to grade 5	25 p m
Others	50 p m

(iv) The Court feels duty bound to record that in its opinion the medical authorities and the Labour officials in charge of the sugar belt have miserably failed in discharging their statutory duties and the Court would like the higher authorities to take note of this fact.

(v) The Court finds that there is an urgent need to bring about improvements in the sanitary conditions at all the factories and in the housing estates at Miwani.

The Court directs that the number of points providing clean water for the workers at Miwani housing estate should be increased and further the number of showers and toilets should also be increased and improved.

The Court directs the parties to enter into immediate consultations with a view to effecting these improvements and directs the Health authorities and the Ministry of Labour officials to participate in these consultations so that the workers' amenities are improved in this regard. The Court has not overlooked a contributing factor of the manner in which the workers use these facilities. However, when the aforesaid improvements are completed there is no reason why everybody should not be happy.

1 Application and union membership

The Court rules that the Claimants must strictly follow the provisions of the recognition agreement if they wish to bring about any changes therein. This issue is clearly governed by the recognition agreement and the Court is not satisfied that the Claimants have followed the procedure laid down in the recognition agreement for amending it. The Claimants' demand is therefore rejected.

2 Safari allowance

The Court awards as follows on this issue —

An employee required to be absent from his normal place of work on safari shall be paid an allowance of Sh 50 when he has to spend a night out from his place of work and no accommodation is provided. In the case of an employee who goes on safari but does not spend a night out he will be paid an allowance of Sh 6 for breakfast, Sh 10 for lunch and Sh 12 for dinner.

3 Nyanza or attendance allowance

The Court finds that in an independent country this allowance has outlived its usefulness. There is no reason why the workers should not willingly come forward and offer their services in an industry which is of such vital importance to the country. This is a colonial legacy and it must go. The Court accordingly awards that this allowance in respect of grades 3, 4 and 5 should be consolidated into the rates for these grades. This consolidation should take place after the workers' increases as awarded above have been worked out.

4 Shift allowance

The Court awards as follows —

Where a Company operates a three shift roster which includes night work employees on the third shift shall receive in addition to their normal earnings a night shift allowance of cents 15 per hour for hours worked on the night shift.

5 Discipline

6 Termination of Employment

The Court rules that there should be no changes in these clauses.

7 (i) Annual leave

The Court has decided not to vary the present arrangements on this issue.

(ii) Leave allowance

The Court awards as follows —

Where an employee is granted annual leave once in each year he will be paid a leave allowance as follows—

	Sh
Grade I to IV	20
Grade V to IX	35
Clerical	35

8 Severance pay on redundancy

9 Hours of work

10 Overtime

11 Sick leave

On all these issues the Court finds that the existing provisions are adequate and there will be therefore no change in them.

12 Public holidays

The Court awards that the workers shall be entitled to the following public holidays —

New Year's Day
Easter Monday
Good Friday
Labour Day
Madaraka Day

Kenyatta Day
Jamhuri Day
Christmas Day
Idd ul Fitr
Boxing Day

14 Medical treatment

The current clause on this item was awarded by the Court in Cause Nos 12/69 and 24/72 and apart from the fact that at Muhoroni in reference to E A Industries Ltd where the Court on its visit was told that a doctor was not in regular attendance and at Mumias where the Claimants alleged that the workers had to wait for nearly four hours before they were attended to in the clinic there is no other evidence of any complaints having been forwarded to the Respondents of any hardship which had been suffered by the workers

The Court directs E A Sugar Industries Ltd and Mumias Sugar Co Ltd that they should immediately make arrangements whereby the workers are provided proper medical treatment without having to wait for such long periods. Except for this the Court does not propose any further change in the existing clause

15 Maternity leave

The Court awards as follows —

Maternity leave shall consist of the balance of any sick leave not taken during the calendar year in question. Any additional period required in order to bring the total of maternity leave to twelve weeks will be unpaid without loss of service benefits, twelve weeks being the maximum period allowed for maternity leave

Such leave will be granted subject to production of a medical certificate signed by a registered medical practitioner to the effect that the female employee concerned is pregnant

The time at which maternity leave is taken shall be at the discretion of the individual female employee concerned

16 Uniforms, overalls and safety gears

The Court finds that the existing provisions are adequate for the time being except that workers who carry loads of sugar cane on their shoulders must be provided with some sort of protection as the Court found that the performance of such tasks left deep marks on the workers' shoulders

The Court further finds that the workers on duty at the "lagoons" have also got to be provided with protective clothing

The Court awards that these two categories of workers should be provided with protective clothing to be recommended by the Chief Inspector of Factories, Ministry of Labour, in consultation with the parties

17 Transfer of employees

18 Vacancies

The Court makes nil award on these two issues

19 Casual labour

The Court touched on this point in its award in Cause No 24/72 under the issue of employment and the Court feels that its comments made therein are adequate for the time being. The Court had this to say in the aforesaid award —

"On the question of casual labour the Court finds that the employers have the right to offer monthly or casual employment as indeed a worker has the right to work on casual or monthly terms. What is not right is that this system of casual employment should be abused. The Court has very carefully examined the policy document of the Federation of Kenya Employers and finds that it is a fair document and can form a basis for eliminating abuse of casual employment. The Court awards that the Claimants and the Employers should ensure in accordance with the said F K E directive that casual workers are not exploited at the various sugar estates. The local union officials and the estate manager should see that the provisions of the document are being complied with

The Court does award, however, that if a worker has been offered work regularly as a casual for a period of three months, he should immediately be converted to monthly terms

The parties should realize that non compliance with the Court's directives can lead to industrial strife. In order to protect such workers, the Court directs the Senior Labour Officer, Nyanza Province to institute regular checks to ensure that the Court's directives are being carried out"

20 Long service increments

The Court makes a nil award on this issue

23 Effective date and duration of agreement

The Court awards that the agreement should be effective from 1st July, 1975, with the exception of wages for which special provision has been made and it should remain in force until 30th April, 1977

Given in Nairobi this 27th day of November, 1975

THE INDUSTRIAL COURT

CAUSE No 55 OF 1975

Parties —

Kenya Union of Commercial Food and Allied Workers
and

B A T Kenva Limited

Issue in dispute —

Employer's version — Failure to reduce dismissal of Mr Kiprotich arap Chumo, driver Grade 6, to normal termination of service entitling him to full terminal benefits

Union's version — Wrongful dismissal of Mr Kiprotich arap Chumo

1 The Kenya Union of Commercial Food and Allied Workers shall hereinafter be referred to as the Claimants and B A T Kenya Ltd shall hereinafter be referred to as the Respondents

2 The parties were heard in Nairobi on the 23rd day of October, 1975, and relied on their written and verbal submissions

AWARD

3 The Notification of Dispute Form "A" dated 3rd July, 1975, was received by the Court on 16th August, 1975, along with the statutory certificates signed by the Minister for Labour and the Labour Commissioner

The parties have given their respective versions of the issue in dispute but it really boils down to two fundamental differences, that is, the Claimants are alleging that their member, Mr Kiprotich arap Chumo, suffered a wrongful dismissal and therefore merits a reinstatement without loss of any benefits and the Respondents maintain that the only issue in dispute is whether or not his dismissal should be reduced to normal termination entitling him to full terminal benefits

Mr arap Chumo started working for the Respondents as a driver on 25th July, 1962, and he was summarily dismissed on 15th January, 1974. At the time of his dismissal he was earning Sh 720 p.m. as a driver in grade 6

The facts leading to his dismissal very briefly are that on 14th January, 1974 Mr arap Chumo disobeyed the order of the Shift Manager in that he flatly refused instructions conveyed to him through a supervisor to report to the Shift Manager prior to taking workers home

The next day he was summoned to the Factory Engineer's office where the complaint against him arising out of the alleged refusal to obey the order of the Shift Manager the night before was discussed. It is alleged that during discussions he referred at one stage to the Shift Manager as "that Jaluo" and later on when he was advised that he would be given a letter suspending him from duty he asked "barua kitu gani Kamau"

The Court was given the respective versions by both the parties as to what took place during the night of 14th January, 1974, and the Court has noted what the Claimants state that the canteen Supervisor, Miss Kisoso herself joined the other group of workers when they entered a car driven by Mr arap Chumo and did not wait to be driven home with the Shift Manager

The dispute was a subject matter of investigation by the Ministry of Labour and on 18th February, 1975, the Chief Industrial Relations Officer forwarded the Ministry's findings and recommendations as follows to the parties —

"Findings"

There is no reason to disbelieve the accusation by the Shift Manager that Mr Chumo disobeyed his lawful command and neglected his duty which was contrary to

the Rules of his Employment. A meeting was held to look into Mr Chumo's case and in the face of Factory Manager he bluntly displayed complete rudeness through the answers that he gave to the questions asked. All these elements amounted to gross insubordination.

Recommendations

In view of the above remarks it is pertinent that the dismissal of Mr Chumo was justified in all the material circumstances of the case is a rather pitiful case in which this long serving employee messed up himself at a critical period of his employment. Having made the above conclusion and considering Mr Chumo's long service of over ten years and his apparent good record during this period I appeal to the Management on humanitarian grounds to reduce this dismissal to normal termination of service with full benefits."

The Court is satisfied that the Respondents had good reasons for dispensing with the services of Mr arap Chumo. As to the incident of the night of 14th January, 1974, the Court has come to the conclusion that that in itself did not merit a dismissal or a termination, probably a warning would have sufficed. This incident, however, taken with what took place in the afternoon of 15th January, 1974, in the office of the Factory Engineer makes it more serious. There is no doubt that Mr arap Chumo was extremely discourteous and rude in using words like "that Jaluo" and "barua kitu gani Kamau". These remarks, however, when viewed in the circumstances they were uttered, while perfectly entitling the Respondents to terminate the services of such discourteous and rude employee, did not in the opinion of the Court justify the Respondents imposing a summary dismissal on Mr arap Chumo.

The Court finds that Mr arap Chumo's dismissal should be reduced to normal termination but not on humanitarian grounds as suggested by the Ministry of Labour. The facts of the case did not warrant anything harsher than a normal termination.

The Claimants were prepared to accept the dismissal being reduced to normal termination but since the Respondents rejected this recommendation the Claimants have pressed their demand for his reinstatement.

The Court rejects the Claimants' demand for reinstatement of Mr arap Chumo and awards that his dismissal be reduced to normal termination which would entitle him to a month's notice or pay in lieu being Sh 720 and the Respondents' provident fund contributions being Sh 6,858/85.

The Court directs that Mr arap Chumo's benefits should be paid to him without delay.

GAZETTE NOTICE NO 3834

THE INDUSTRIAL COURT

CAUSE No 56 OF 1975

Parties —

Kenya Game Hunting and Safari Workers' Union
and
Naro Moru River Lodge Ltd

Issue in dispute —

Union recognition

1 The Kenya Game Hunting and Safari Workers' Union shall hereinafter be referred to as the Claimants and Naro Moru River Lodge Ltd shall hereinafter be referred to as the Respondents.

2 The parties were heard in Nairobi on the 28th day of October, 1975, and relied on their written and verbal submissions.

AWARD

3 The Notification of Dispute Form "A" dated 18th June, 1975, was received by the Court on 21st August, 1975, along with the statutory certificate signed by the Labour Commissioner.

The Claimants are seeking recognition from the Respondents in respect of what they allege are certain workers employed by the Respondents on safari work in that they act as guides

and porters for any tourists who want to go up to Mt Kenya National Park.

The Respondents are hoteliers part of the Alliance Hotel Group associated with some other hotels in the country. They are members of the Kenya Hotelkeepers' Association and through that Association they have a recognition and terms of service agreement with the Domestic and Hotel Workers' Union.

Some time in 1971 the Domestic and Hotel Workers' Union approached the Claimants asking them whether they could organize and represent the "safari" employees as one of them had died during duty and there was the matter of compensation to be taken up with the Respondents on his behalf.

The Claimants were only too happy to organize such persons and they having done so approached the Respondents in October, 1971, for recognition. These persons also elected their committee and shop stewards.

The next development was the formation of a club called Mt Kenya Guides and Porters Safaris Club. The Claimants strongly objected to this club and made representations to the authorities. This club was advised by the authorities that they could not undertake the activities which would amount to their acting as labour agents.

The Claimants reported the existence of a trade dispute between them and the Respondents but in the meantime a new organization came into being called Mt Kenya Tourist Enterprises Ltd. It appears that the directors of this new enterprise are the former officials of Mt Kenya Guides and Porters Safaris Club.

The Claimants submitted that they had no doubt that the porters and guides were in fact employees of the Respondents and they were being badly exploited. They even gave details of their earnings out of which they alleged the Mt Kenya Tourist Enterprises Ltd and the Respondents deducted 60 cents for every shilling paid to these people.

The Respondents while confirming the factual background set out hereinabove vigorously denied that they ever employed any guides or porters and stressed that they had always been self-employed persons to whom work is contracted and they the Respondents merely acted as a contacting agent through which visitors to Mt Kenya could engage porters. This activity later on had been taken over by the aforesaid club whose activities eventually were taken over by Mt Kenya Tourist Enterprises Ltd. The Respondents pointed out that from the date of the formation of this company which was registered with the Ministry of Tourism as a regulated tourist enterprise all the guides and porters are directly employed by that company and not by the respondents.

The parties requested the Court to see the conciliation file of the Ministry of Labour. The Conciliator has summarized the dispute in his views as follows —

"In summary, the Management insisted that they could not recognize any other union except the Domestic and Hotel Workers' Union who represents all the unionizable employees in their employ. The Union in dispute could not also prove or give any information leading to the proof that he actually represented any of the employees working at Naro Moru River Lodge.

All guides and porters who would be termed as "Safari Workers" wrote to the Registrar of Companies asking him to confirm the above information and an appended copy of the letter is enclosed herewith for your information.

The Union should seek recognition from Mt Kenya Tourist Enterprises Ltd who employs all guides and porters. Naro Moru River Lodge hires porters or guides from the above named company."

After careful consideration of all the submissions the Court is satisfied that the Claimants have not made out a case for their recognition by the Respondents and the Court confirms the Conciliator's views. If the Claimants wish to be recognized on behalf of guides and porters then clearly they should make their representations for recognition to the Mt Kenya Tourist Enterprises Ltd. For the foregoing reasons the Court rejects the Claimants' demand.

THE TRADE MARKS ACT

(Cap 506)

NOTICE is hereby given that any person who has grounds of opposition to the registration of any of the trade marks advertised herein according to the classes may, within 60 days from the date of this Gazette, lodge notice of opposition on Form T M No 6 (in duplicate) together with a fee of Sh 50

Notice is also hereby given that official objection will be taken under rule 21 (3) to all applications in which the specification claims all the goods included in any class unless the Registrar is satisfied that the claim is justified by the use of the mark which the applicant has made, or intends to make if and when it is registered. Where an applicant considers that a claim in respect of all the goods included in a class can be justified it will save unnecessary delay in examining applications if a claim is filed simultaneously with the application, accompanied in appropriate cases by supporting documents

The period for lodging notice of opposition may be extended by the Registrar as he thinks fit and upon such terms as he may direct. Any request for such extension should be made to the Registrar so as to reach him before the expiry of the period allowed

Formal opposition should not be lodged until after reasonable notice has been given by letter to the applicant for registration so as to afford him any opportunity of withdrawing his application before the expense of preparing the notice of opposition is

incurred. Failure to give such notice will be taken into account in considering any application by an opponent for an order for costs if the opposition is uncontested by the applicant

Where it is stated in the advertisement of the applicant that the mark, upon its registration, is to be limited to certain colours, the colours are, as far as possible, indicated in the accompanying representations of the mark in the usual heraldic manner

Representations of the marks advertised herein can be seen at the Trade Marks Registry, State Law Office, Nairobi

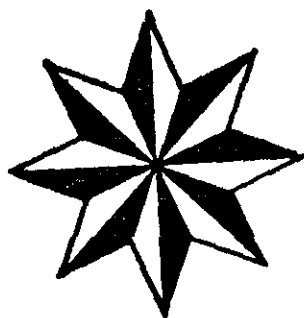

Applications for registration in Part A of the Register are shown with the official number unaccompanied by any letter. Applications for Part B are distinguished by the letter B prefixed to the official number

THE MUNICIPAL COUNCIL OF NYERI

SITE VALUE RATES FOR 1976

NOTICE is hereby given that the Municipal Council of Nyeri has imposed the following site value rates in respect of the year 1976, viz:—

A rate of 5 per cent has been struck in respect of unimproved site value of land which appears in the Nyeri Municipal Council Valuation Rolls for 1976

These rates are due on 1st January, 1976, and will be payable at the offices of the Nyeri Municipal Council by not later than 30th June, 1976

Interest shall become payable at the rate of 1 per cent per month or part thereof or any rate remaining unpaid after 30th June, 1976

It is also hereby notified for the information of ratepayers that, whilst every effort will be made to deliver to every person liable a demand note stating the amount due, failure so to deliver such demand note will not be held to absolve the debtor from any liability or penalty attaching to non payment of the rates
