E. BROWN

Officer-in-Charge.

Reuter's Telegrams.

AUGUST 15TH.—M. Rouvier stated to a Reporter that he was greatly impressed by the British welcome to the French Fleet. The magnificence and heartiness of it aroused the most sincere satisfaction among all classes in France and he was quite sure that France would know how to reciprocate the feelings shown.

His Majesty has started for Marienbad.

The French Fleet left Portsmouth yesterday morning the departure being witnessed by great and cheering crowds both afloat and ashore.

The King is the guest of the Emperor Francis Joseph at Ischl to-day and proceeds to Marienbad to-morrow morning.

AUGUST 16TH.—It is reported from Portsmouth (U. S. A.) that Articles II and III were settled on the 14th instant and relate to the evacuation of Manchuria with the abandonment of Russian rights there and the cession of the Chinese Eastern Railroad South of Harbin.

The Channel Cruiser Squadrons of 11 Battleships and 8 Cruisers have left Portsmouth to cruise in the Baltic.

From later reports from Portsmouth (U. S. A.) it appears the Chinese railroad clause was not settled even yesterday but a clause which comes later with regard to the restoration of Chinese Administration in Manchuria is settled.

AUGUST 17TH.—The Russian and Japanese Plenipotentiaries announce that Article V relating to Sakhalin was discussed on the 15th but owing to a divergence of views it was decided to proceed with the other Articles. They then disposed of Article VI.

Owing to certain negotiations for the Morocco Conference the French Press has been sharply commenting on the proposal that German Bankers lend the Sultan half a million sterling.

The German Legation at Tangier now announces that the Contract has been signed.

After a cordial visit to the Emperor Francis Joseph at Ischl His Majesty proceeded to Marienbad.

The last Test Match has resulted in a draw.

AUGUST 18TH.—The Sultan has rejected the French Minister's demand for the release of the Algerian Chief who was brought to Fez in chains, and serious developments are possible.

British and Russian Detachments have met with slight casualties in skirmishes against the Cretan Insurgents in the Districts of Candia and Retines respectively.

Reuter's Agent at St. Petersburg telegraphs that an Imperial Decree authorises the Minister of France to issue an internal loan of Two hundred million roubles at five per cent.

It was expected in connection with Article IX which refers to the question of Indemnity and which was down for discussion yesterday that it would probably be necessary to refer the matter to St Petersburg, but a later telegram states that the Conference discussed the Indemnity Article the whole of yesterday morning but failed to agree, and it was temporarily laid aside while they proceeded to consider the surrender of interned warships.

AUGUST 19TH.—A French official statement declares that the attention of Germany has been called to Count Tattenbach's proceedings at Fez and anticipates that the present exchange of views will lead to a satisfactory solution of the incidents complained of.

The Tsar has issued a Manifesto to be read to-morrow in all the churches granting constitution and hopes the new Assembly will meet not later than the middle of January next. The Manifesto confers on the Assembly a certain amount of Legislative power and financial control but there are many restrictions.

AUGUST 21ST.—The Conference has adjourned until Tuesday afternoon when the Protocols will be signed, meanwhile the Envoys will consult with their respective Governments as the final decision rests with Tokio and St. Petersburg.

It is noteworthy that the Japanese representatives at Portsmouth (U. S. A.) are confident of peace and contrast with the Russians who talk of failure.

It is stated in Portsmouth (U. S. A.) that M. de Witte has declined to entertain Article XI but has intimated that Russia has no intention of maintaining a Naval force in the Far East constituting thereat Japan as the other Power.

Germany has instructed Count Tattenbach to cooperate with the French representatives to secure satisfaction over the arrest of the Algerian Chief.

Baron Rosen dined with President Roosevelt last night and it is concluded that the latter is endeavouring to prevent a rupture in the negotiations.

A French Communiqué published on the 18th inst. is regarded as a reminder to Germany that the July Agreement requires abstention from private negotiations.

Reuter's correspondent at Fez telegraphs that the Germans explain that the Loan is in nowise an act of the German Government but merely an advance by Financiers.

President Loubet and His Majesty and M. Rouvier and Lord Lansdowne have exchanged telegrams emphasizing the sympathy shown between the British and French Navies. Admiral Caillard has been gazetted a Grand Officer of the Legion of Honour.

The Nord Deutsche in an article evidently inspired and intended to allay the excitement produced by the cruise of the Channel Squadrons in the Baltic states that the visit is merely a reply to the repeated visits of German Warships to British ports, and every sober minded Briton and German wishes that the visit will contribute to the mutual esteem of the two great civilized nations.

The Channel Squadrons have arrived at Esberg.

It is stated that Lord Curzon has resigned and that Mr. Balfour has communicated his resignation to the King.

The Russian and Japanese Envoys have disagreed over Article X as to the disposal of interned warships and the Article is shelved. They have also disagreed over Article XI on the limitation of the Russian Navy in the Far East; but the consideration of the latter will be resumed to-day.

AUGUST 22ND.—The Times correspondent at Portsmouth (U. S. A.) states that a telegram was received on the evening of the 20th from the Tsar who had held a council which finally decided that no further concession can be made.

Owing to the rising in German East Africa Germany is despatching 150 Maxim machine guns and two small cruisers from China.

The French Minister at Fez presented a vigorous demand for the release of the Algerian Chief on the 19th inst. and the payment of an indemnity. It is understood that France contemplates a demonstration either on the Algerian Frontier or a Moorish port as a lesson to the Sultan.

AUGUST 23RD.—The Russian and Japanese Envoys were yesterday waiting instructions from their home Government pending a resumption of their duties. The attitude is pessimistic but not hopeless.

It is believed that the real reason for the postponement of the Conference is that M. de Witte is awaiting final instructions from St. Petersburg. A representative of President Roosevelt conferred with M. de Witte and Baron Rosen yesterday.

There are symptoms of general indignation in Russia at the meagre character of the Constitutional concessions and widespread dissatisfaction aggravated by the unsatisfactory economic conditions of the country.

The Portsmouth (U. S. A.) Conference is postponed until to-morrow, the non completion of the Protocols is assigned as the reason.

The Morning Post correspondent at Portsmouth (U. S. A.) states that the Treaty of Peace will be signed shortly and provides for Russia paying Japan a sum which is not large for the keep of the Prisoners and wounded ceding the southern half of Sakhalin and Japan abandoning her claim to the interned warships and the limitation of Russia's naval power in the Far East.

AUGUST 24TH.—Extraordinary scenes were witnessed at Moscow on 22nd instant when the Mayor proclaimed the Tsar's Manifesto. The crowd greeted same with an uproar and sang the Marseillaise. Fierce speeches followed expressing contempt at the Manifesto and the Municipality and resolutions were passed accepting the constitution merely as a preliminary and demanding freedom of speech press and meeting.

Reuter's Agent at Portsmouth (U. S. A.) telegraphs that in well informed circles it was considered that the final rupture would take place yesterday but that it was impossible to know.

President Roosevelt's proposal consists of Russia repurchasing all or part of Sakhalin for a sum which if the Belligerents disagree would be determinable hereafter. This together with the Chinese payment for the cession of the Railway and the Russian payment for the maintenance of her prisoners would equal Japan's total war costs.

A later telegram states that the Conference met but nothing yet is disclosed.

AUGUST 25TH.—The Conference is adjourned till Saturday as M. de Witte is desirous of referring to St. Petersburg the Japanese compromise asking Russia to repurchase half of Sakhalin at twelve hundred million yen.

It would appear that the Peace negotiations are now no longer in the hands of the delegates but that the issue rests with the Tsar who yesterday had a conference of three hours with the American Ambassador.

The Municipality of St. Petersburg have passed a resolution similar to that of the Moscow Municipality in which they formally thank the Tsar but demand freedom of speech for public meetings and for the Press.

Count Lamsdorff has authorised Reuter's Agent at St. Petersburg to declare that Russia will pay neither directly or indirectly any indemnity nor make any concession of territory.

The Bridge over the Vistula Railway was blown up near Radom.

Martial law has been declared throughout the Government of Warsaw.

The French Government have definitely decided to make a military demonstration unless the French Algerian subjects captured are immediately released.

AUGUST 28TH.—Prince von Radolin handed M. Rouvier on Saturday last Germany's reply to the French proposals re Morocco.

The situation at Portsmouth (U. S. A.) has in no way developed, the Russian attitude is unchanged and it does not appear as if Japan had made any fresh proposals. It is however understood that Mr. Roosevelt is still working for peace.

The American Ambassador in St. Petersburg conferred with Count Lamsdorff on Saturday afternoon.

A published report from the Police Department admits that the situation in the Riga District is exceedingly critical. The Revolutionary and Anarchist movement started in the Baltic Provinces has developed quickly during the last few months and the peasants have been supplied with arms by the agitators.

After an hour and a half sitting the Peace Conference adjourned on Saturday until Monday afternoon.

The adjournment of the Peace Conference is regarded as a hopeful sign.

The Moorish Government have replied to the representations made by the French Envoys declining to release the French Algerian subjects and repudiate French jurisdiction. It is however believed that the Sultan will yield at the last moment.

The embezzlement of £100,000 sterling by a clerk in the employ of the Comptoir Escompte de Paris has caused a sensation in Paris. The clerk masqueraded as a wealthy Baron absconded chartered a yacht and sailed for Bahia where he was arrested.

It is believed that the French Government besides demanding the release of the Algerian Chief insist on an apology from the Moorish Government.

The tone of the St. Petersburg Press is now pessimistic and the Russian Government still ostensibly affirm their refusal to concede to an indemnity in any form.

AUGUST 29TH.—The Peace Conference postponed until to-day at the request of Count Takahira who explained that he had received no reply from Tokio.

The revolt in German East Africa is spreading south, sharp fighting occurred in the Kipo District where a thousand rebels partly armed with rifles were driven across the river.

The British Channel Squadron has arrived at Swinemunde in the Baltic Sea.

The "Times" Correspondent at Portsmouth (U. S. A.) quotes a high Russian Authority for saying that a far stronger influence than that of Mr. Roosevelt, namely Great Britain, is working for peace, also that a new treaty of alliance between England and Japan was signed not many days ago.

Count Takahira interviewed yesterday and asked if he considered the situation hopeless replied no but almost so.

Admiral Wilson yesterday exchanged visits with the authorities at Swinemunde; the German Baltic Squadron has arrived at Swinemunde.

Reuter's Agent at Tokio wires that yesterday a prolonged conference was held between the members of the Cabinet and the Elder Statesmen. Subsequently they all proceeded to the Palace where deliberations were continued under the presidency of the Emperor himself.

AUGUST 30TH.—A great sensation has been caused in Paris by the suicide of the Financier Cronier as a result of disastrous speculations in Sugar. His liabilities are estimated at 2½ Million sterling.

The Tsar in an Ukase dated the 19th instant has ordered the mobilisation of troops in thirteen Governments to reinforce the Army in the Far East.

It is understood at Portsmouth (U. S. A.) that Count Komura has been authorised by the Council held on Monday in Tokio to submit to M. de Witte a new basis for a compromise.

It is telegraphed from Portsmouth that yesterday the Peace conference arrived at a complete agreement on all questions, and it has now been decided to proceed to elaborate a treaty.

It is stated that Japan has yielded on all the points resisted by Russia, has also accepted the Russian proposal that there should be no indemnity. The Island of Sakhalin will be divided without payment of redemption money. Articles X and XI of the original peace proposals relative to the surrender of interned warships and the limitation of Russian naval power in the Far East are withdrawn. An armistice will probably be arranged this afternoon.

AUGUST 31ST.—In consequence of the Sultan of Morocco's rejection of the French demands the French Mission is preparing to leave Fez.

Some correspondent in Portsmouth (U. S. A.) assert that a secret understanding has been arrived at between Russia and Japan regarding the payment of an indemnity. The Japanese officials there however declare that Japan only receives the actual cost of the maintenance of the Russian prisoners.

A very clear view of the Eclipse of the Sun was observed at Spax near Tunis. At the moment of the total eclipse the natives were much concerned and shouted for joy when the sun reappeared. Successful observations were also made at Burgos the Spectral Corona affording a striking spectacle.

Mr. Roosevelt has been overwhelmed with telegrams of congratulations at the conclusion of peace including messages from King Edward and the Kaiser. The Austrian and German Press welcome the conclusion of peace.
