INVESTIGATION REPORTS COVERING THE PERIOD 1ST
OCTOBER TO 31ST DECEMBER, 2015

EACC/NYR/FI/INQ/02/2015

*Inquiry into Allegations of Abuse of Office and Failure to follow
Procurement Laws in Respect of Consultancy Services for Review
of Liabilities of Coffee Farmers*

Investigations established that the County Government of Nyeri, Jomo Kenyatta University of Agriculture and Technology (JKUAT)

and Jomo Kenyatta University of Agriculture and Technology Enterprises Ltd (JKUATES) prepared an MOU which became the first official document and which was signed on 17/6/2014 a day after the CES-Finance and Economic Planning Officer's advice by Governor and County Secretary for Nyeri County Government, Vice Chancellor JKUAT and the Managing Director of JKUATES. As per the MOU, the agreement was between County Government of Nyeri and JKUATES. It is further alleged that the CES-Agriculture tabled a proposal by JKUATES to the Executive committee chaired by the Governor, to conduct audit/inquiry at the proposed cost of KSh. 5,975,000 excluding VAT for 40 days.

Investigations established that the County Government single sourced consultancy of audit services for review of liabilities of coffee farmers from Jomo Kenyatta University of Agriculture and Technology Enterprises Ltd (JKUATES) a private Company fully owned by JKUAT without adhering to the applicable provisions of Procurement Act and the Regulations. This was on the basis that the said engagement was exempt from procurement rules being a contract between Government to Government under section 4(2) (c) of the Public Procurement and Disposals Act, 2005 (PPDA).

The Executive resolved that the investigative audit be done by JKUATES subject to agreement on fees and that the terms of reference (TORs) for engagement be reviewed to ensure its comprehensive by the CES-Agriculture and Leal Advisor. Further, the relevant Excom sub-committee unanimously approved JKUATES professional fees of KSh. 22,500,000, facilitative fees of KSh. 3,982,000 and VAT of KSh. 3,600,000 in a meeting. This figure was inflated considering that there was no competitive procurement. Investigations established that the CES-Finance and in-charge of procurement, Acting Chief Officer Finance and Chief Officer – Agriculture as accounting officers authorized the payment of KSh. 3,982,000 to JKUATES with a balance of KSh. 22,500,000. As per contract agreement signed a balance of KSh. 22,500,000 being professional fees remain outstanding. Investigations established that this approval of the professional fees for the benefit of JKUATES was irregular. This irregular/illegal approval of fees by Executive Secretary-Agriculture and the subsequent contract agreement entered into on behalf of Nyeri County Government occasioned the county government a loss of KSh. 3,982,000 and may occasion a further loss of KSh. 22,500,000 given the inflated pricing and the lack of clear understanding by both parties on alleged government to government contracting.

A report was compiled and forwarded to the Director of Public Prosecutions on 5th October, 2015 recommending that the Executive Secretary – Agriculture and Chief Officer- Agriculture be charged jointly with the offence of abuse of office contrary to section 46 as read with section 48(1) of the Anti-Corruption and Economic Crimes Act No.3 of 2003.

On 26th January, 2016, the DPP resubmitted file with advice for further investigations.

EACC/FI/INQ/75/2014

Inquiry into Allegations of Financial Irregularities against Former Speaker, Kiambu County Assembly

Investigations established that the Supplementary Estimates I on Recurrent and Development Expenditure for the year 2013/2014 for the County Government of Kiambu had made provision for the Office of the Speaker for Foreign Travel and Subsistence and other transport costs for the sum of KSh. 3,100,000. The Speaker of the County Assembly of Kiambu traveled to Brazil on 30th November, 2013 and returned on 4th December, 2013 to participate in the Law Society of Kenya retreat organized for its members. The payment for the out of pocket allowance was calculated and made to cater for the Eight (8) days the he was to be away in Brazil. It was done on the understanding that he would stay for the entire period. However, he only stayed for four (4) days because he returned on 4th December, 2013 instead of 8th December, 2013. He was thus required to surrender out of pocket allowance equivalent to the Four (4) days that he did not stay in Brazil. The out of pocket allowance was given to the Former Speaker of Kiambu County Assembly was for the sum of KSh. 65,816 and the amount which would have been surrendered was KSh. 32,908. Investigations revealed that the Speaker did not refund the amount for the period that he did not stay in Brazil.

The failure to surrender the said imprest issued to him was tantamount to an administrative flaw with the repercussions of a surcharge of the amount owing since it would be considered as a late surrender beyond the stipulated forty-eight (48) hour period.

A report was compiled and forwarded to the Director of Public Prosecutions on 10th October, 2015 recommending the closure of the inquiry file and that recovery proceedings commence for the sum of KSh. 32,908 from the former Speaker of the Kiambu County Assembly being the amount of money not surrendered after the trip to Brazil for the LSK annual retreat of 2013.

On 5th November, 2015, the DPP accepted recommendation for closure and recovery of the un-surrendered imprest.

EACC/MSA/FI/INQ/03/15

Inquiry into a Complaint that a Senior Principal Magistrate at the Mombasa Law Courts Irregularly gave Bond to Persons accused of Drug Trafficking

Investigations established that the Magistrate approved the sureties in a drug related case without the involvement of the Prosecution Counsel. Being a judicial function, it was mandatory that the Magistrate approve the sureties in the presence of both the prosecution and the defence counsel. The Senior Magistrate's conduct in handling the matter raised suspicions that he may have been corrupted and the approval of sureties and issuance of the Release Order was irregular. This action by the Magistrate was however revoked by the High Court which ordered that due process be followed in the approval of the sureties and subsequent issuance of a Release Order. The Magistrate did not exercise the highest standards or professionalism and this led to the credibility of his decisions being put to question. However, investigations did not establish any corrupt conduct on the part of the Magistrate. Nonetheless, he failed to conduct the affairs of his office in a transparent and accountable manner. This was in breach of Article 10(2) (c) of the Constitution, 2010 and Section 10 (b) of the Leadership and Integrity Act, 2012 which requires that state and/or public officers to carry out their duties while ensuring good governance, integrity, transparency and accountability in the performance of those duties.

The Judicial officer was also in breach of Section 11 (a), (b) and (e) of the said Act, requiring him to carry out the duties of his office in a manner that maintains public confidence in the integrity of the office, maintaining of high standards of performance and professionalism within the Judiciary as well all observing and sustaining to the code of conduct of the Judiciary.

A report was compiled and forwarded to Director of Public Prosecutions on 12th October, 2015 with recommendation that the Judicial Service Commission takes administrative action against a Magistrate in Mombasa Law Courts.

On 3rd November, 2015, the DPP rejected the recommendation for administrative action and instead directed that the inquiry file be closed.

EACC/FI/INQ/81/2015

Inquiry into Allegations that the Secretary to the Cabinet Allocated Himself and Close Relatives Thirty One (31) Government Vehicles

Investigations established that suspect was the former Permanent Secretary of Provincial Administration and Internal Security, and later became the Secretary to the Cabinet. Investigations established that as he was changing the offices, he moved with some vehicles which were later returned to the Ministry of Internal Security. Further investigations revealed that in the office of the Secretary to the Cabinet the suspect had officially been allocated only 6 vehicles and he would use two vehicles at a time and other vehicles would be parked in the official parking. Investigations also revealed that upon visiting his various homes, there was no evidence of use of the Government vehicles. Investigations did not establish that the Secretary to the Cabinet in abuse of his office allocated himself and his relatives Government vehicles as alleged. No culpability was established on his part.

A report was compiled and forwarded to the Director of Public Prosecutions on 15th October, 2015, recommending closure of the file.

On 12th November, 2015, the DPP accepted recommendation for closure of the file.

EACC/FI/INQ/23/2015

Inquiry into Allegations of Irregular Procurement of Rig Move Services at Geothermal Development Company in the Financial Year 2012/2013

Investigation revealed that Geothermal Development Company (GDC) a state owned company formed by the Government as a special Purpose Vehicle to fast track the development of geothermal resources in the country; in the financial Year 2010/2011, entered into a contract with a Clearing and Forwarding Company for rig Move Services, at a cost of KSh. 19, 550, 000 per Rig move. Investigations established that in the F/Y 2012/2013, GDC again procured the same services from the same company at a cost of KSh. 42,746,000 per Rig move after a competitive procurement process. This price of KSh. 42,746,000 per rig move offered by GDC in the F/Y 2012/2013 was very high and more than 100% increase from the previous year. In the F/Y 2013/2014 Kenya Generating Company Limited (KENGEN) had contracted the same services from the same company at a cost of KSh. 20, 253,660 per Rig Move. Whereas during the evaluation process the issue of the high bid price by the said company as compared with other bidders was raised, the Tender Committee did not take this into consideration. The price offered by the company awarded the contract for the rig move services was not guided by the prevailing market rates and as such the Government never got value for its money.

A report was prepared and forwarded to the Director of Prosecution on 28th October, 2015 recommending prosecution of the Managing Director and members of the Tender Committee with the offences of abuse of office contrary to section 46, willful failure to comply with the law relating to procurement contrary to section 45(2) (b) of the Anti- Corruption and Economic Crimes Act, 2003. It was further recommended that the Managing Director be charged with the offence of willful failure to comply with the law relating to management of public funds contrary to section 45(2) (b) of the Anti-Corruption and Economic Crimes Act, 2003, and inappropriate influence on evaluation contrary to section 38 (1) (b) as read with section 38 (2) (a) of the Public Procurement and Disposal Act, 2003..

On 12th November, 2015, the Director of Public Prosecution accepted recommendation for prosecution.

EACC/NKR/INQ/FI/27/2015

Inquiry into Allegation of Corruption in the Procurement Procedures Against Bomet County Government Officials in the Leasing of Ambulance Services From Kenya Red Cross Society (KRCS) – Emergency Plus Medical Services Ltd.

Investigation established that the County Executive committee, chaired by the Hon. Governor met and approved a proposal from the Executive Committee Member in charge of Health and sanitation to lease ambulance services. This was a deviation from the initial budgetary appropriation for purchasing. Investigations further revealed that without approval of the County Assembly, the process of leasing of the ambulances services was initiated contrary to the appropriation legislation. The Executive committee Member in charge of Heal and Sanitation illegally used direct tendering process which

was also endorsed by the Tender committee without sufficient basis as provided in the Public Procurement and Disposal Act.

Investigations also revealed that the Chief Financial Officer who is the Accounting Officer requisitioned from Exchequer Account, KSh. 24 million for the purchase of ambulances and paid a sum of KSh. 12,031,612.61 for the leased ambulance services. Investigations further revealed that out of KSh. 24 million, KSh. 7,545,638 was not accounted for.

A report was prepared and forwarded to the Director of Public Prosecution on 28th October, 2015 recommending prosecution of the suspects.

On 12th November, 2015, the DPP accepted recommendation for prosecution.

EACC/FI/INQ/59/2015

Inquiry into Allegation of Irregular Payment of KSh. 30 Million to Redline Limited by Kenya Pipeline Company through their Account Domiciled at Commercial Bank of Africa for the Supply, Installation and Commissioning of Three Autotransformers Procured from Agecelec Industry of France

Investigation revealed that Kenya Pipeline Corporation (KPC) procured autotransformers from M/s AGECELEC INDUSTRIE of France (AIF) through the local agent, M/s Redline Limited. Redline Ltd., the agent of AIF entrusted with the duty of performing this contract, only delivered the autotransformers but never installed any autotransformer as per the negotiated agreement. Investigations further revealed the procurement was done through direct procurement. Upon award of the contract, the Managing Director who was the Accounting Officer failed to enter into a written contract with Redline. This was in contravention of Section 75 of the Public Procurement and Disposal Act which required that all contracts arising from direct procurement must be in writing. Investigations further established that whereas the company awarded the contract was required to supply, install and commission the auto transformers, it only supplied the same. This notwithstanding, the company was paid the full contract price. The Company thus received a sum of Euros 8,695.65 for services not rendered. Investigations also established that the company received the full contract price with the full knowledge that it had not rendered the services in full.

A report was compiled and forwarded to Director of Public Prosecution on 28th October 2015 with recommendation to prosecute the Managing Director, KPC, the members of the Tender Committee and Redline Ltd with the offences of abuse of office contrary to section 46 of the Anti- Corruption and Economic Crimes Act, 2003 Wilful failure to comply with the law relating to procurement contrary to section 45 (2) (b) of the ACECA, Redline Ltd to be charged with the offence of fraudulent acquisition of public property contrary to section 45 (2) (a) of the ACECA. The Commission also instituted recovery proceedings against Redline Ltd for receiving payment from KPC for services not fully rendered.

On 13th November, 2015, the DPP accepted recommendation for prosecution.

Inquiry into Allegations of Procurement Irregularities in the Purchase of Land by National Housing Corporation from Bangal Trading Company

Investigation commenced after receipt of an anonymous report that that the National housing Corporation (NHC) stands to lose over KSh. 300 million if a land purchase transaction entered into with M/s Bangal Trading Company goes through. It was alleged that, whereas the 9.8 acre land in Imara Daima that NHC intended to purchase was valued at KSh. 493,000,000 the vendor was disposing it to NHC at an exorbitant price of KSh. 790,000,000/=. Investigations further established that the NHC Tender Committee had advertised for the purchase of land. However, when they failed to identify a suitable parcel, a re-advertisement was made.

Investigations established that after re-advertisement the bids submitted were evaluated. At the preliminary evaluation stage, none of interested sellers met all the requirements set out in the Tender. Another evaluation was conducted and an addendum report was submitted to the Tender Committee. The Tender Evaluation Committee recommended that the Tender Committee considers the

parcel of land offered by M/s Bangal Trading Company Limited. A due diligence was carried out on 4 companies and a report submitted.

The Tender Committee directed that due diligence on M/s Bangal Trading Company Limited be subject to 9 specific areas. A further evaluation by the Evaluation Committee titled "resubmission of the third addendum report" recommended that the Tender Committee considers and approves procurement of the parcel offered by M/s Bangal Trading Company. Investigations revealed that after due diligence was again sought and after it was established that there were court proceedings relating to the identified parcel of land, there was an exchange of several communication between the lawyers for the seller and NHC. Ultimately, the seller pulled out of the deal and thus NHC did not buy and pay for the parcel of land in question

A report was prepared and forwarded to the Director of Public Prosecution recommending closure of the inquiry file since there was no sufficient evidence to warrant a prosecution.

On 16th December, 2015, the DPP recommended further investigation.

EACC/AT/INQ/21/2015

Inquiry into Allegation that a Building (Integrity Centre) Belonging to Trust Bank Limited was Irregularly Transferred to Private Entities to the Detriment of the Interest of Depositors of Trust Bank Limited

Investigation revealed that a Limited Liability Company took a loan of KSh. 152.2 million from Trust Finance Bank Ltd. The Company used the loan to buy the building and used it as a security for the loan, in addition to some 2,500 shares held by Samir Trustees in trust for Trust Finance Ltd. Trust Finance Ltd (TFL) was a wholly owned subsidiary of Trust Bank Ltd (TBL).

Investigation established that the Central Bank of Kenya (CBK) placed TBL under statutory management in 1998 and under liquidation of Depository Protection Fund Board (DPFB). Before then the TBL had acquired all liabilities and assets of the TFL including the liabilities and assets of company. Investigation further established that when the CBK took over the management of TBL there was no proper securitization of the loan advanced to company. TFL had just registered a caveat "claiming a chargee's interest absolutely". In the circumstances the statutory manager through the court process managed to perfect the charge over that property in favour of the TFL for the sum of KSh. 152,500,000.00. CBK thereafter appointed a receiver manager in order to collect rent from the building and remit the rent to TBL Account held at CBK towards settlement of the debt. The Receivers opened an account at Commercial Bank of Africa (CBA) in the name of company under receivership for purposes of managing the rent collections and disbursements to CBK.

It was established that DPFB tried to sell this property to a number of interested parties to no avail since the property was charged to TFL and not TBL hence the uncertainty as to the legitimacy of the DPFB as the liquidator of TBL in dealing in the subject property and the remaining lease period was too short.

Investigation showed that the DPFB and the company entered into negotiations and finally reached settlement on the loan whereupon the TBL was allowed to pay back KSh. 115 million as full and final settlement. The investigation did not establish culpability on the part of the officials of the DPFB in the aforesaid settlement to warrant any action against them.

A report was prepared and forwarded to Director of Public Prosecution on 11th December, 2015 recommending closure of the file with no further action.

On 13th January, 2016, the DPP returned file recommending further investigations.

EACC/FI/INQ/87/2014

Inquiry into Allegation that the County Government of Turkana Awarded a Contract to Rehabilitate Lodwar-Napeikar-Moruese Road at KSh. 11,160,000 Whereas Kenya Rural Roads Authority (Kerra) had done Similar Work on the Same Road for KSh. 1,190,160.00

Investigation revealed that in the financial year 2013/2014 Turkana County Government allocated a huge portion of its budget for the rehabilitation of several roads within the County. One of the roads which was identified for rehabilitation and the contract awarded to a contractor was the 28km Lodwar-Napeikar-Moruese Road. Since it was alleged that the said contractor charged KSh. 11,160,000.00 compared to KSh. 1,190,160.00 the Kenya Rural Roads Authority spent in the Financial Year 2011/2012 on the same road, the investigations sought to establish the veracity of the said allegation.

Investigations established that there was need for the grading and gravelling of the subject road and the budgetary allocation of KSh. 11,160,000.00 for the project was included in the budgetary estimates of the Ministry of Transport, Road, Housing and Public works for the Financial Year 2013-2014.

Investigation further established that the procuring entity commenced the procurement process by putting up a tender Notice inviting bidders for purposes of pre-qualification for the construction works. Several contractors were pre-qualified in the said category of construction works.

Investigation established that the procuring entity awarded the contract for the construction of the aforementioned road to a contractor through restricted tendering. However, the approval of the Tender Committee was not obtained when this was done. This was in contravention of the Public Procurement and Disposal Act, 2005. Investigations further established that upon completion of the works, no Inspection and Acceptance Committee was constituted to inspect the road works to ascertain that they were done to the required specifications. Instead completion certificates were issued by two officers contrary to the PPDR. It was further established that the officer supervising the works was an employee of KERRA and did not have the authority to supervise the works. In addition, whereas he was a public officer he received a sum of KSh. 106,604 from the County as supervision fees for the road project.

A report was prepared and forwarded to Director of Public Prosecution on 28th December, 2015 with recommendation that the CEC Roads, and the County Superintendent of works be charged with the offences of abuse of office, Unlawful acquisition of public property contrary to section 45 (2) (a) and the members of the Tender Committee be charged with the offence of willful failure to comply with the law relating to procurement contrary to section 45 (2) (b) of the Anti- Corruption and Economic Crimes Act, 2003. The Commission will also institute recovery proceedings for the sum of KSh. 106,604.

On 4th February, 2016, the DPP accepted recommendation for prosecution.

Investigations established that indeed the sugar consignment was stored at a go down along the Mombasa-Malindi highway within the VOK area. Since it was alleged that the suspects had received the bribe and were going to bank it, the Commission investigators pursued them to the bank and arrested them. Investigation however revealed that the suspects were able to explain that the source of the money in their custody and which they were going to deposit in the bank was in regard to a land transaction. Investigations did not establish that the two suspects solicited for and received a benefit as reported.

A report was prepared and forwarded to the Director of Public Prosecution on 24th December, 2015 recommending closure of the file.

On 10th February, 2016, the DPP accepted recommendation for closure.

Inquiry into Allegations of Embezzlement of KSh. 116 Million for Purchase of Houses for Prison Officers from the Ministry of Housing

The Commission commenced investigations following an anonymous complaint against a Permanent Secretary (PS) in the Office of the former Vice-President and Ministry of Home Affairs, that among other things, that during his tenure funds amounting to KSh. 116 million meant for the construction of one hundred and twenty (120) housing units to house prison officers were embezzled and or misappropriated. Investigations established that in deed the said sum was allocated for construction of residential houses for warders at the Langata Prison. The houses were constructed, but were not occupied by the Prison Warders. Instead, they were taken over by the Ministry of Housing. At the time the former PS was appointed to the said docket the project had already been initiated and completed.

Investigation established that the then Permanent Secretary made several attempts to have the Ministry of Housing refund the money that the Ministry of Home Affairs had paid towards the housing the project but he did not succeed. By the time he left the Ministry, the money had not been received back.

The investigations did not establish that the PS had misappropriated and or embezzled the funds set aside for the purchase of the housing units as alleged. No culpability was established on his part to warrant any action against him.

A report was prepared and forwarded to the Director of Public Prosecution on 15th December, 2015 recommending closure of the file for lack of evidence.

On 13th January, 2016 the DPP declined the recommendation for closure and instead recommended further investigation.

Inquiry into Allegations of Irregular Procurement in the Renovation and Refurbishment of County Executive Committee Members Offices by the County Government of Machakos

Investigations established that the Transition Authority published in the Nation Newspaper facilities identified to serve as Interim County Government offices and requested that the respective departments ensure that offices are vacated to facilitate renovation and refurbishment. Following the General elections that were held in 2013, the Governor of the Machakos County Government of Machakos, appointed County Ministers who in order to carry out their duties required office space.

Investigations established that several offices previously occupied by officials of the County Council of Machakos were earmarked for renovation for use by the County Executives. Investigations established that restrictive tendering method was used to identify the various contractors to carry out the renovations. It was however established that during the identification of the office space and areas that required refurbishment, one of the contractors who was subsequently awarded almost all the renovation contracts was present which was contrary to Procurement Regulations. It emerged therefore that the subsequent purported procurement process was a sham since this particular bidder already had information with regard to the requirements of the County Government. It was further established that some of the contractors invited to bid were not pre-qualified contractors.

Investigations further established that some of the County officials involved in the procurement process and subsequent payment of the successful contractor received money from the contractor via Mpesa which was deemed to be a benefit and or reward for awarding the contractor to the said contractor to the exclusion of others.

Investigations established several infractions of the Public procurement and Disposal Act in the award of the tenders for the renovation of the offices.

A report was prepared and forwarded to Director of Public Prosecution on 19th November, 2015 recommending prosecution of the Interim County Secretary, Chief Officer, Transport and Roads, Interim Head of Supply Chain Management and the Governor's Personal Assistant with several counts of wilful failure to comply with the law or applicable procedures and guidelines relating to procurement contrary to section 45(2) (b), abuse of office contrary to section 46 and corruptly receiving a benefit contrary to section 39 (3)(a) of the Anti-Corruption and Economic Crimes Act No. 3 of 2003. It was further recommended that the said suspects jointly with the contractor awarded the contracts for refurbishment be charged with conspiracy to commit an offence of corruption contrary to section 47A (3) of the Anti-Corruption and Economic Crimes Act No. 3 of 2003.

On 15th December, 2015, the DPP accepted recommendation for prosecution.

The EACC officers witnessed as a one hundred shilling note was thrown at the police officer by a moving bus which is the new trend of giving bribes to traffic officers. Investigations further established that while interviewing the police officers, one of them lifted his official cap and threw to the ground a bunch of money and which the EACC officers recovered a sum of KSh. 800.00 plus the KSh. 100.00 note thrown to the police officer. A search was conducted at the scene of incident later and KSh. 2000 was recovered in a black polythene bag hidden under a rock.

Since the KSh. 2,000 was recovered much later when the suspects had already been taken to the Police Station, there was no sufficient evidence to prove that they had collected the money and hidden it from where it was recovered. Therefore charges based on the said recovery would not be sustained.

A report was prepared and forwarded to Director of Public Prosecution on 10th November, 2015 recommending administrative action to the suspects.

On 30th November, 2015, the DPP accepted the recommendation for prosecution and administrative action on the suspects.

MURANG'A COUNTY

INVITATION OF PUBLIC COMMENTS

PURSUANT to regulation 21 of the Environmental Management and Co-ordination (Impact Assessment and Audit) Regulations, 2003, the National Environment Management Authority (NEMA) has received an Environmental Impact Assessment Study Report for the above proposed project.

The proponent Resorts and Cities Ltd, have proposed to develop their property into a resort city. When complete the development will comprise of self-constructed residential house, hotels, schools, churches, an 18-hole golf course, sports facilities and the associated infrastructure on approximately 1000 acres piece of land on plot L.R. Nos. 4929 and 4744 in Kakuzi area, Kakuzi Location, Makuyu Division located in Maragua Sub-county of Muranga County. The proposed project to be undertaken by the proponent is the development of infrastructure (roads, perimeter fence, gate, water reticulation and electricity supply services, sewerage system and IT connections to serve the plots, and sites for the common or commercial usage. It is expected that individual plot buyers will construct their own houses at their cost and the buyers of commercial properties like hotels, schools and shops will do the same. It is also expected that buyers of commercial plots for construction of hotels, schools, shops etc. will seek NEMA certification for their developments.

The following are the anticipated impacts and proposed mitigation measures:

<i>Expected Negative Impacts</i>	<i>Recommended Mitigation Measures</i>
High demand of raw material	<ul style="list-style-type: none"> Source building materials from local suppliers who use environmentally friendly processes in their operations. Ensure accurate budgeting and estimation of actual construction material requirements to ensure that the least amount of material necessary is ordered. Ensure that damage or loss of materials at the construction site is minimal through proper storage. Use at least 5%-10% recycled, refurbished or salvaged materials to reduce the use of raw materials and divert material from landfills.
Vegetation disturbance	<ul style="list-style-type: none"> Ensure proper demarcation and delineation of the project area affected by construction works. Specify locations for trailers and equipment, and areas of the site which should be kept free of traffic, equipment,

and storage.

Increased solid waste generation

- Designate access routes and parking within the site.
- Introduction of vegetation (trees, shrubs and grass) on open spaces and their maintenance.
- Design and implement an appropriate landscaping programme to help in re-vegetation of part of the project area after construction.
- Use of an integrated solid waste management system i.e. through a hierarchy of options: 1. Source reduction 2. Recycling 3. Composting and reuse 4. Combustion 5. Sanitary land filling.
- Through accurate estimation of the sizes and quantities of materials required, order materials in the sizes and quantities they will be needed rather than cutting them to size, or having large quantities of residual materials.
- Waste collection bins to be provided at designated points on the site.
- Private waste disposal company to be contracted to transport and dispose the solid waste from site.
- Running educational campaigns amongst employees, e.g. through use of posters, to encourage reuse or recycling of the solid waste.

Dust emission

- Ensure strict enforcement of on-site speed limit regulations.
- Avoid excavation works in extremely dry weathers.
- Sprinkle water on graded access routes when necessary to reduce dust generation by construction vehicles.
- Personal Protective equipment to be worn always when at work place.

Exhaust emission

- Vehicle idling time shall be minimized.
- Alternatively fuelled construction equipment shall be used where feasible equipment shall be properly tuned and maintained.
- Sensitize truck drivers to avoid unnecessary racing of vehicle engines at loading/offloading points and parking areas, and to switch off vehicle engines at these points.

Noise and vibration

- Sensitize construction vehicle drivers and machinery operators to switch off engines of vehicles or machinery not being used.
- Sensitize construction drivers to avoid gunning of vehicle engines or hooting especially when passing through sensitive areas such as churches, residential areas and hospitals. Ensure that construction machinery are kept in good condition to reduce noise generation. Ensure that all generators and heavy-duty equipment are insulated or placed in enclosures to minimize ambient noise levels.
- The noisy construction works will entirely be planned to be during daytime when most of the neighbors will be at work.
- Comply with the provisions of Noise Prevention and Control Rules 2005, Legal notice no. 24 regarding noise

- limits at the workplace.
- Increased energy consumption
- Ensure electrical equipment, appliances and lights are switched off when not being used.
 - Install energy saving fluorescent tubes at all lighting points instead of bulbs which consume higher electric energy.
 - Ensure planning of transportation of materials to ensure that fossil fuels (diesel, petrol) are not consumed in excessive amounts.
 - Monitor energy use during construction and set targets for reduction of energy use.
- High water demand
- Install water conserving taps that turn-off automatically when water is not being used.
 - Promote recycling and reuse of water as much as possible.
 - Install a discharge meter at water outlets to determine and monitor total water usage.
 - Promptly detect and repair water pipe and tank leaks.
 - Sensitize staff to conserve water by avoiding unnecessary water use.
 - Ensure taps are not running when not in use.
- Generation of wastewater
- Ensure that liquid effluent generated by construction workers is directed to the existing sewerage treatment plant.
 - Conduct regular checks for pipe blockages or damages since such vices can lead to release of the effluent into the land and water bodies.
 - Monitor effluent quality regularly to ensure that the stipulated discharge rules and standards are not violated.
- Emergency preparedness and evacuation procedures
- Design suitable documented emergency preparedness and evacuation procedures to be used during any emergency.
 - Such procedures must be tested at regular intervals.
 - Ensure that adequate provisions are in place to immediately stop any operations where there is an imminent and serious danger to health and safety and to evacuate workers.
 - Ensure that the most current emergency telephone numbers posters are prominently and strategically displayed within the construction site.
 - Provide measures to deal with emergencies and accidents including adequate first aid arrangements.

The full report of the proposed project is available for inspection during working hours at:

- (a) Director-General, NEMA, Popo Road, off Mombasa Road, P.O. Box 67839-00200, Nairobi.
- (b) Principal Secretary, Ministry of Environment and Natural Resources, N.H.I.F. Building, Community, P.O. Box 30126-00100, Nairobi.
- (c) County Director of Environment, Murang'a County.

The National Environment Management Authority invites members of the public to submit oral or written comments within thirty (30) days from the date of publication of this notice to the Director-General, NEMA, to assist the Authority in the decision making process of the plan.
