GAZETTE NOTICE NO. 1494

THE CONSTITUTION OF KENYA

THE COMMISSION ON REVENUE ALLOCATION

THE SECOND POLICY AND CRITERIA FOR SHARING REVENUE AMONG MARGINALISED AREAS IN KENYA

1. *Purpose of the Policy*

The purpose of this policy is to identify marginalised areas and determine the criteria for sharing revenue from the Equalisation Fund among the marginalised areas. The Equalisation Fund is a national government Fund which is allocated one half percent of all audited approved revenues collected by the national government. The Fund is to be used to improve services in marginalised areas to the extent necessary to bring the quality of services to levels generally enjoyed by the rest of the nation.

2. *Mandate of the Commission on Revenue Allocation*

Article 216 (4) mandates the Commission to determine, publish and regularly review a policy in which it sets out the criteria by which to identify the marginalised areas for purposes of Article 204 (1), which establishes the Equalisation Fund

3. *Marginalised Area*

The Constitution does not define a marginalised areas. However, Article 260 defines a marginalised community, as (a) a community that, because of its relatively small population or for any other reason, has been unable to fully participate in the integrated social and economic life of Kenya as a whole; (b) a traditional community that, out of a need or desire to preserve its unique culture and identity, has remained outside the integrated social and economic life of Kenya as a society; (c) an indigenous community that has retained and maintained a traditional lifestyle and livelihood based on a hunter or gatherer economy; or (d) pastoral persons and communities, whether they are nomadic; or a settled community that, because of its relative geographic isolation, has experienced only marginal participation in the integrated social and economic life of the Kenyan society. This policy considers that marginalised communities, live in areas that are geographically defined such that any form of policy action earmarked for these areas will improve service provision among them. The underlying reasoning is buttressed by the interchangeable use in which the Constitution applies the terms marginalised communities and marginalised areas as captured in Article 204 (3) (b) and Article 216 (4), respectively. For purposes of the Second Policy, the Commission has used the sublocation as the smallest administrative unit with data to define a marginalised area.

4. *Criteria for Identifying Marginalised Counties*

Marginalised areas are identified using a deprivation index developed using five parameters, namely; primary school attendance, secondary school attendance, access to water, access to electricity, and use of improved sanitation.

5. *Criteria for sharing Revenue from the Equalisation Fund*

The criteria for sharing revenue from the Equalisation Fund among the 1,424 areas is based on the area's deprivation index and its population.

6. *Duration of the Second Policy*

This policy will be used to share revenue from the Equalisation Fund among the areas identified as marginalised for financial years 2011/12; 2012/13/ 2013/14, 2017/18; 2018/19; 2019/2020 and 2020/21.
