## --- FAMINE RELIEF FUND. ---

At a Committee Meeting held on the 1st instant the Balance Sheet of the accounts, which Mr. Bowring the Local Auditor has kindly audited was submitted (the balance sheet as audited by him appears below).

It will be seen that there is a considerable sum standing to the credit of the fund, and it was consequently resolved to call a meeting of subscribers to decide what should be done with the balance in hand.

The explanation of the amount of this balance is shortly as follows :—

The first public meeting to consider the question of Famine Relief was held on August 12th 1899. On September 1st the first distribution of food took place. By October 21st the Committee had spent between Two and Three thousand rupees in excess of their then available funds and were consequently compelled to reduce the amount of relief they could grant, pending the result of their appeals home and elsewhere.

At the beginning of December rain unexpectedly but fortunately came and the demands for food from upcountry diminished. At the same time the Committee received (mostly from home) some Twelve thousand rupees, which under the circumstances have not been expended.

Notice is hereby given that the Public meeting referred to above will be held in the Protectorate Court on Monday 3rd June 1901 at 4 p.m.
