**HIS BRITANNIC MAJESTY'S COURT OF APPEAL FOR EASTERN AFRICA.**

The next Sessions of His Britannic Majesty's Court of Appeal for Eastern Africa is hereby fixed to be holden at Zanzibar and to commence on Monday 8th day of February 1904. All Appeal papers should be forwarded to Registrar H. B. M. Court of Appeal for Eastern Africa at Zanzibar, and must be filed not later than 4 weeks previous to the date fixed for holding these Sessions.

G. BETTESWORTH PIGGOTT,

President H. B. M. Court of Appeal for Eastern Africa.

Zanzibar, 7th October 1903.

Reuter's Telegrams.

OCTOBER 1ST.—The "Financial News" states that influential representations have been made to Government with a view to the creation of a uniform British three per cent stock, and it is believed that the suggestion has been received sympathetically.

It is understood that Great Britain is now urging upon both Russia and Austria to extend and improve their Reform Scheme and especially to provide the necessary machinery to ensure the scheme being carried out.

Lord Rothschild stated to an interviewer that he did not believe a word with regard to the statement published by the "Financial News."

The Tsar accompanied by Count Lamsdorff arrived in Vienna.

OCTOBER 2ND.—Mr. Chamberlain has written a Preface to a series of articles on "Imperial Reciprocity" which have appeared in the "Daily Telegraph." These articles are now being issued in pamphlet form, and Mr. Chamberlain declares that they constitute a conclusive indictment against our one sided system of free imports which system is at present showing evident signs of failure.

Mr. Chamberlain repudiates the assertion made by his opponents that fiscal reformers are prepared to restore the evils of the anticon law times which reduced the masses of the people to starvation. He asserts that the duty imposed on food stuffs with a view to securing preferential trade with the Colonies will be very small indeed and will probably wholly and certainly partly be paid by the foreigner also that the additional cost of living to the working class will be fully met by an equivalent reduction in other equally necessary articles of food such as tea and sugar. On the other hand he maintains that the tariffs should be revised with a view to securing an increased trade with our fellow subjects who after all are our best customers, and also to give us the necessary power to enable the Government to bargain with foreign competitors.

Mr. Balfour speaking at Sheffield stated that the present state of affairs was absolutely inconsistent with Free Trade as Mr. Cobden understood it, that during the past fifty years a wall of tariffs had been built against Great Britain and her Colonies on the protection system which will eventually make it difficult for us to export any cargo abroad. Turning to protected countries he said that "Free Trade" was a vain force as Mr. Cobden had never dreamed of such a thing as the "Trust System" and injury it would do to us. For the present state of affairs he knew no cure, but he knew a palliation and he asked the country to give the Government something in their hands to enable to negotiate with foreign countries. He was convinced that the present state of public opinion would not permit of tax on food.

OCTOBER 3RD.—The "Graphic," "The Standard," and the "Daily Chronicle" are disappointed that Mr. Balfour has not yet given a definite statement with regard to the Government's policy and has given no answer to the question that is now occupying the public mind.

The "Daily Telegraph" considers that Mr. Balfour has shown himself completely in agreement with Mr. Chamberlain, that Mr. Chamberlain's proposals are the inevitable and indispensable preliminaries to the adoption of that gentleman's policy.

The "Daily News" considers that Mr. Balfour has thrown off his mask and has declared a protection pure and simple.

Lord Milner has returned to the Continent

Mr. Balfour speaking at Sheffield announced that Lord Milner had declined the offer of Colonial Secretaryship.

Lord Milner remains abroad for the present, but will return to England about the middle of the month prior to sailing for South Africa.

OCTOBER 5TH.—It is understood that Mr. Balfour has completed his Cabinet but the announcement will be made to-day.

Lord Selborne who is now regarded as the most probable successor to Mr. Chamberlain went to Balmoral on Friday night.

A semiofficial communication regarding the deliberations of the Emperors says that the programme of Turkish reforms has been essentially extended and elaborated. The Tsar has left Austria for Darmstadt.

His Holiness the Pope has issued his first Encyclical letter in which he says his only programme is to re-establish the Empire of Christ on Earth and calls the Bishops to co-operate in this work by adherence to the doctrines of the Church, and emphasizes the necessity of devoting attention to the education of the young while inculcating the people's duty to submit to the Governments.

The Pope claims complete independence for the Church.

Austria and Russia intend to communicate to the Powers the decisions of their Imperial Conference in identical notes.

A telegram from Jibutit states that 2 British and 2 Italian Officers have arrived to join the Abyssinian forces in a new campaign against the Mullah.

OCTOBER 6TH.—It is stated in Sofia that fighting occurred between Bulgarian and Turkish Troops at Dimirkapu on the frontier resulting in losses on both sides.

Austria and Russia have notified the Port that while insisting on the execution of reforms, it is their urgent duty to assist the peaceful victims of the deplorable cruelties and excuses committed by the Turks in suppressing disorders fostered by the Revolutionaries, by supporting the starving, repatriating the refugees, and restoring destroyed villages.

A sensation has been caused in Liberal circles by the excommoner Samuel Storey, President of the Northern Liberal Federation seceding and joining Mr. Chamberlain.

The Duke of Devonshire has resigned.

The following are the appointments in the New Cabinet :—

Chancellor of the Exchequer Mr. Austen Chamberlain.

Secretary for the Colonies : Hon Alfred Lyttleton.

Secretary for War : Mr. Arnold Foster.

Secretary for India : Hon. St. John Brodrick.

Secretary for Scotland : Right Hon : Andrew Graham Murray.

Postmaster General : Lord Stanley.

OCTOBER 7TH.—The published correspondence which has passed between the Duke of Devonshire and Mr. Balfour shows that the former resigned on account of Mr. Balfour's Sheffield speech which he regards as direct encouragement to the advocates of protection.

Mr. Chamberlain in a speech at Glasgow roughly outlined his proposals viz Two shillings duty on foreign corn; no duty on maize, a corresponding tax on flour, five percent duty on Foreign meat and Dairy produce, substantial preference for the colonies, as regards wine and fruit, reduction of duty on tea by three quarters, Sugar by half and a corresponding reduction on Coffee and Cocoa.

OCTOBER 8TH.—The Press comments on Mr. Chamberlain's speech reveal no change from previous opinions, all including his bitterest opponents recognise the ability of his presentation of the case, the sincerity of his appeal, and the absence of rancour.

OCTOBER 9TH.—A general feeling prevails that Mr. Chamberlain has opened the campaign auspiciously. His speech has produced a marked effect and given an impulse to the growing tendency to discuss the question from a nonparty standpoint.

Mr. Chamberlain in a speech delivered at Greenock dwelt on the question of retaliation and declared that despite the predictions of Cobden the protectionists countries had greatly prospered, their tariffs which excluded British manufactures ruining British industries. He gave the sugar industry as an instance.

Though the manufacturers are disinclined to favour further reduction in duties on British manufactures, Mr. Chamberlain's speech has been received with general enthusiasm. In Canada the

Opposition has approached the Premier with a view to passing an unanimous pro-Chamberlain resolution. Public opinion in South Africa including the Cape is generally favourable.

Though the Transport in Somaliland has been reorganised the deficiency in Camels renders an advance unlikely until November.

OCTOBER 10TH.—It is reported that the main features of the general arbitration Treaty between Great Britain and France have been concluded on the lines of the Hay-Pauncefote Treaty between Britain and America, and is only awaiting signature.

Semi official papers in Paris state that the Sultan instigated the recent Moorish attacks upon French Convoys. France has demanded explanation, and this seems to imply forthcoming action.

Diplomatic circles in Constantinople are convinced that war has been averted during the present year.

Fasken has been appointed to the command of a brigade in Somaliland and Swayne to command the lines of communication, the appointments have been confirmed.

The main lines of the Angh-French arbitration Treaty have been settled, but it is still undetermined what questions are to be arbitrated. Any how the treaty applies only to future controversies.

The French Cabinet has announced its intention to persevere in its policy in Morocco which has already been announced in the Chamber, but has decided to enrol and arm a body of local Mounted Infantry to protect the southern Frontier from incursion.

Earl Percy has been appointed Under Secretary for Foreign Affairs, The Hon : Victor Cavendish Financial Secretary to the Treasury.

OCTOBER 12TH.—On the 8th instant a Turkish Battalion in broad daylight crossed the Bulgarian Frontier near Kustendil attacked a block house, plundered a village, and withdrew on the approach of Bulgarian Troops. The Turks lost three killed and the Bulgarians one wounded.

It is stated that Mr. William Bromley-Davenport has been appointed financial Secretary to the War Office.

The proposed arbitration Treaty is not general but intended to refer only to differences of a juridical character especially the interpretation of existing Treaties : there are even some restrictions in this respect.

The appointment of Mr. William Bromley-Davenport has been confirmed.

The Mullah is reported to be only 6 miles from Obbia whither the Italian warship "Lombardia" has proceeded.

A punitive expedition in the Aden Hinterland lost seven British soldiers wounded one of which a Dublin Fusilier mortally in a fight with Arabs.

The Turks have almost concluded military operations in Monastir. The last band of insurgents numbering 93 being annihilated on the 6th inst after a desperate fight.

Although negotiations are proceeding in Constantinople between Bulgaria and Turkey, the situation on the Frontier is serious. The Bulgarian Government ordered on the 10th inst. mobilization of the first and second class Reservists in the Kustendil District. The Government has complained to the Porte of the frequent violation of her frontier. There are about twenty thousand refugees in Bulgaria.

OCTOBER 13TH.—It is officially announced that Lord Salisbury has been appointed keeper of The Privy Seal with a seat in the Cabinet.

Captain Pretymau M. P. Secretary to the Admiralty, Lord Balcarres Junior Lord of Treasury and the Marquis of Hamilton Treasurer to the Royal Household.

A daily supply of alarming rumours from Japan directs general attention to the Far East. All that is positively known is that Russia has taken a determined attitude about Manchuria, but there is no reason to suppose that Japan or any of the Powers are disposed to thwart Russia in a desire to safeguard her own peculiar interests in Manchuria provided the Treaty rights are respected.

OCTOBER 14TH.—Mr. Austen Chamberlain in a speech at Birmingham stated that the Government would not dissolve until the lessons from the War Commission Report had been applied and the War Office re-organised. He foreshadowed a reduction in the Income Tax.

The Tsar has postponed his visit to Rome presumably acting on advice from the Police.

The Japanese Minister has received an official Telegram indicating that there is no need whatever for alarm. It is believed that this was sent because the alarmist rumours which were circulating through Europe had reached Japan.

The Tsar's decision which is tantamount to the abandonment of his visit is deeply felt in Rome, and is generally believed to be due to the situation in the East, there being no fear of any Socialist demonstration.

Mr. Chamberlain is in bed suffering from a sharp attack of gout, but hopes to speak at Newcastle on the 20th instant.

The King and Queen of Italy started yesterday afternoon for Paris. Elaborate preparations for their welcome are being made and extraordinary precautions for their safety during the journey and their visit.
