(viii) the Commissioner shall conform with the following instructions—

- (1) that evidence adversely affecting the reputation of any person, or tending to reflect in any way upon the character or conduct of any person, shall not be received unless the Commissioners are satisfied it is relevant to the inquiry, and that all reasonable efforts have been made to give such persons prior warning of the general nature of the evidence, and that, where no such warning has been given, the general nature of the evidence has been communicated to such person;
- (2) that such person shall be given such opportunity as is reasonable and practicable to be present, either in person or by his advocate, at the hearing of such evidence, to cross-examine any witness testifying thereto, and to adduce without unreasonable delay material evidence on his behalf in refutation of or otherwise in relation to such evidence;
