THE ANTI-CORRUPTION AND ECONOMIC CRIMES ACT
(No. 3 of 2003)

THE ETHICS AND ANTI-CORRUPTION COMMISSION ACT

(No. 22 of 2011)

THE ETHICS AND ANTI-CORRUPTION COMMISSION

FOURTH QUARTERLY REPORT FOR THE YEARS 2011 COVERING THE PERIOD 1ST OCTOBER, TO 31ST DECEMBER, 2011

Preamble:

The Ethics and Anti-Corruption Commission is required under section 36 of the Anti-Corruption and Economic Crimes Act, 2003, to prepare quarterly reports setting out the number of reports made to the Director of Public Prosecutions under section 35 of the Anti-Corruption and Economic Crimes Act, 2003 as read with section 11 (1) (d) of the Ethics and Anti-Corruption Commission Act, 2011.

Section 36 provides that:

1. The Commission shall prepare quarterly reports setting out the number of reports made to the Attorney-General under section 35 and such other statistical information relating to those reports, as the Commission considers appropriate.
2. A quarterly report shall indicate if a recommendation of the Commission to prosecute a person for corruption or economic crime was not accepted.
3. The Commission shall give a copy of each quarterly report to the Attorney-General.
4. The Attorney-General shall lay a copy of each quarterly report before the National Assembly.
5. The Commission shall cause each quarterly report to be published in the Gazette.

This report is therefore made pursuant to section 36 of the Anti-Corruption and Economic Crimes Act, 2003. The report covers the fourth quarter of the year 2011 and is for the period commencing 1st October, 2011 to 31st December, 2011.

INVESTIGATIONS COVERING THE PERIOD 1ST OCTOBER TO 31ST DECEMBER, 2011

KACC/KSM/FI/INQ/03/2011

Inquiry into allegations of irregular procurement of road contractors by the Municipal Council of Kisii. Investigations revealed that the Kisii Town Clerk initiated the procurement process for the contractors to carry out rehabilitation works on two roads within Kisii Municipality. Investigations further established that although the works envisaged would cost between three million shillings and 16 million shillings, the Town Clerk and the Purchasing Officer did not use the appropriate procurement method as provided in the Public Procurement and Disposal Act, 2005 and the Public Procurement and Disposal Regulations, 2006. They were thus culpable for breach of the procurement procedures.

The file was forwarded to the Director of Public Prosecutions on 26th October, 2011 with the recommendation that the two officers be charged with the offences of wilful failure to comply with the law relating to procurement contrary to section 45 (2) (b) and Abuse of office contrary to section 46 of the Anti-Corruption and Economic Crimes Act, 2003.

On 2nd December, 2011 the DPP accepted the recommendation for prosecution.

KACC/KSM/FI/INQ/05/2011

Inquiry into allegations of misappropriation of Kshs. 5.5 million allocated for design and consultancy works in Rongo District Hospital and Nyarach Girls Secondary School by officials of Rongo Constituency Development Fund (CDF). Investigations established that the area Member of Parliament sought the assistance of the Ministry of Public Works in designing and carrying out survey works for the two institutions. The MP anticipated donor support to improve the two institutions. Investigations further revealed that most of the expenses relating to the said exercise were paid through per diem and imposts to the Ministry officials involved in the assignment. The investigations also established that the Treasurer of the CDF Committee took advantage and drew funds from the CDF kitty purportedly to pay per diem and related allowances. However, the alleged recipients of the money were interviewed and it was established that they did not receive the alleged payments. To account for the money that had been embezzled, the suspect prepared false

reimbursement schedules. As a result, the suspect misappropriated a sum of Kshs. 3,784,700 from the Rongo CDF.

The file was forwarded to the Director of Public Prosecutions on 10th November, 2011 with the recommendation that the suspect be charged with the offences of fraudulent acquisition of public property contrary to section 45 (1) (a) and giving a false document by agent contrary to section 41 (2) of the Anti-Corruption and Economic Crimes Act, 2003; meanwhile recovery by EACC of the misappropriated funds is underway.

On 21st December, 2011, the DPP accepted the recommendation for prosecution of the suspect.

KACC/FI/INQ/182/2009

Inquiry into allegations of misappropriation of approximately Kshs. 4.8 million from Igembe South Constituency Development Fund Kitty meant for the construction of Maua Municipal Stadium perimeter wall and dais in the 2008/2009 and 2009/2010 Financial Years. The investigation established that the Constituency Development Fund Committee (CDFC) allocated an initial sum of Kshs. 2.5 million for the project and the first phase was done by a construction company which was paid Kshs. 2 million. It was also established that after the 2007 General Elections a new Constituency Development Fund Committee was put in place and it resolved to continue with the project but with another contractor. A new contractor was engaged at a contract price of Kshs. 4,148,000 and was paid the entire contract sum. Some of the payments were made without an Interim Payment Certificate. When the works undertaken by the contractor were evaluated, it was discovered that he had received payment for incomplete work and that a sum of Kshs. 1,799,750 was paid for works not done. Investigations further revealed that the officials of the Igembe South Constituency Development Fund Committee and the Fund Manager re-allocated CDF funds from one project to another without the authority of the National CDF Board.

The file was forwarded to the Director of Public Prosecutions on 26th October, 2011 with the recommendation that the officials of the Constituency Development Fund Committee be charged with the offences of wilful failure to comply with the law relating to the management of funds contrary to section 45 (2) (b), fraudulently making excessive payment from public revenue for services not rendered contrary to section 45 (2) (a) (iii) and abuse of office contrary to section 46 of the Anti-Corruption and Economic Crimes Act, 2003.

On 1st December, 2011 the DPP accepted the recommendation for prosecution of the CDF Committee officials.

EACC/AT/INQ/143/2010

Inquiry into allegation that the Chairperson of the Board of Trustees of the Kenya Railways Staff Retirement Benefits Scheme and the former Chief Executive Officer had colluded to use the Scheme funds and resources to pay for personal air travel and hotel accommodation for the Chairperson and her family members on the basis that there existed an official agreement that the costs incurred would be offset from chairperson's monthly honoraria of Kshs.40,000 (Kshs.28,000 after tax). Investigations revealed that the Chairperson on several occasions had her personal expenses catered for from the Scheme funds. These payments, totalling Kshs. 2,184,653, were authorized by the former Chief Executive Officer and the Finance Manager. This was contrary to the provisions of the Retirement Benefits Act, and the Kenya Railways Staff Retirement Benefits Scheme Trust Deed and Rules on the management of the scheme funds.

The file was forwarded to the Director of Public Prosecutions on 26th October, 2011 with recommendation that the suspects be charged with the offences of abuse of office contrary to section 46, unlawful acquisition of public property contrary to section 45 (1) and wilful failure to comply with the law relating to the management of funds contrary to section 45(2) (b) of the Anti-Corruption and Economic Crimes Act, 2003; and the recovery of the money that the chairperson of the Board unlawfully received from the Scheme.

On 28th November, 2011 the DPP accepted the recommendation for prosecution of the suspects.

KACC/MSA/FI/INQ/02/2011

Inquiry into allegations that in January 2011, an exporter misdeclared sheep skin as sheep wool in an attempt to underpay related export duty and livestock development levy. Investigations revealed that the exporter engaged the services of a clearing agent to facilitate the export of a consignment of hides and skins. The clearing agent

lodged export entry and indicated the consignment as sheep wool which attracts no excise duty and wrote to the Commissioner of Customs requesting him to provide an officer to attend stuffing of the wool into a container. When physical verification was conducted at the Kenya Ports Authority by various stake-holders it was confirmed that the container contained sheep skin and not sheep wool. Investigation further revealed that persons working with public bodies, namely, Kenya Revenue Authority and Ministry of Livestock Development, were involved and colluded with the exporter in this mis-declaration.

The file was forwarded to the Director of Public Prosecutions on 12th October, 2011 with recommendations that the concerned persons be charged with the offences of knowingly making a false statement to one's principal, abuse of office and fraudulent failure to pay taxes and levies payable to Kenya Revenue Authority and the Ministry of Livestock Development contrary to sections 41(1), 46 and 45(1)(d), respectively, of the Anti-Corruption and Economic Crimes Act, 2003.

On 30th November, 2011 the DPP accepted the recommendation for prosecution of the concerned persons.

KACC/KISUMU/FI/INQ/04/2011

Inquiry into allegations of misappropriation of CDF funds allocated to Early Childhood Development (ECD) schools in Rangwe by officials of Rangwe Constituency Development Fund Committee (CDFC). The investigations revealed that sometime in October 2008, a sum of Kshs. 500,000 was allocated to five ECD schools in the constituency. Investigations further revealed that the five ear-marked projects did not receive the sum allocated. The CDF officials deliberately refused to inform the officials of the beneficiary projects about the allocation, and instead purported to have appointed other officials for the projects. The CDF officials also reallocated the money for the projects to a road project that was not planned for, and purportedly paid the entire sum of Kshs. 500,000 to the contractor who carried out works on the road. Investigations however revealed that the purported payment was never made to the contractor, and the money was not utilized for the road project as alleged by the CDF officials. Instead the CDF officials misappropriated the money, and are hence culpable.

The file was forwarded to the Director of Public Prosecutions on 26th September, 2011 with recommendations that the four suspects be charged with the offence of misappropriation of funds contrary to section 51 of the Constituencies Development Fund Act, 2003.

On 22nd November, 2011, the DPP accepted the recommendation for prosecution of the suspects.

KACC/MSA/FI/INQ/15/2011

Inquiry into allegations that the Fund Account Manager of Ganze Constituency Development Fund took an imprest of Kshs. 300,000/= from the Ganze Constituency Development Fund (CDF) account at the Ganze District Treasury, purporting that she was going to use it to facilitate the exercise of baseline survey of all Constituency Development Fund projects within Ganze Constituency, during the period of 2003 to the month of June, 2011, as per the directions allegedly given by the Constituency Development Fund Board.

Investigations revealed that the suspect had already received Kshs. 55,000/= from the National Programme Coordinator of the CDF Board for the same purpose but did not disclose that fact to the other CDF members. Investigations further revealed that after receiving the imprest of Kshs. 300,000, the suspect purported to account for the imprest using false payment schedules inflating the amounts paid to the persons who were involved in carrying out the baseline survey. The expenditure of the Kshs. 300,000 was authorized by the District Development Officer Ganze District, without appropriate documentary support to show that the expenditure had been approved by the Ganze Constituency Development Fund Committee as required under the provisions of the CDF Act.

The file was forwarded to the Director of Public Prosecutions on 26th October, 2011 with the recommendation that the Fund Manager be charged with the offences of abuse of office contrary to section 46 of the Anti-Corruption and Economic Crimes Act, 2003, uttering false documents contrary to section 353 and false accounting contrary to section 331 of the Penal Code as well as misappropriation of funds contrary to section 51 of the CDF Act; and that the District Development Officer be charged with the offence of wilful failure to comply with the law relating to incurring of expenditure contrary to section 45 (2) (b) of the Anti-Corruption and Economic Crimes Act, 2003.

On 1st December, 2011 the DPP accepted the recommendations for prosecution of the Fund Manager and the District Development Officer.

KACC/MSA/FI/INQ/19/2011

Inquiry into allegations that an Advocate practising in Mombasa colluded with officials of the Ministry of Lands to defraud a businessman of Kshs. 1.6 million on the pretext of selling him two plots namely MN/1/5396 & MN/1/5397. Investigations revealed that the businessman was informed that the two parcels of land were up for sale. On the belief that this was a clean sale, the businessman signed a sale agreement in the office of the lawyer whom he was informed was acting on behalf of the owner of the plots. Investigations revealed that the businessman deposited a sum of Kshs. 1.6 million with the lawyer. Investigations further revealed that the purported sale of the land was done without the knowledge of the registered owner. The fraud involved a lawyer, auditor and a businesswoman who was posing as the wife of the owner. Investigations also revealed that the title documents given to the buyer had anomalies which were identified by the Registrar of Titles.

The file was forwarded to the Director of Public Prosecutions on 21st December, 2011 with the recommendation that the three suspects involved in the conspiracy be charged with the offences of conspiracy to defraud contrary to section 317 and obtaining money by false pretences contrary to section 313 of the Penal Code.

On 29th December, 2011 the DPP accepted the recommendation for prosecution of the suspect.

KACC/MSA/FI/INQ/016/2011

Inquiry into allegations that a Traffic Base Commander in Malindi, whilst declaring his wealth for the period of 1st November, 2007 to 31st October, 2009 submitted to the Public Service Commission false information regarding his assets and income. Investigations revealed that the Wealth Declaration form submitted to the Public Service Commission by the accused under the Public Officer Ethics Act No. 4 of 2003, for the period of November, 2007 to October 2009, did not give the correct statement of the properties he owned at the relevant time. Investigations further revealed that during the said period the suspect operated 3 bank accounts and that credit balances held in these three accounts were not declared in the Wealth Declaration form.

The file was forwarded to the DPP on 22nd December, 2011 with recommendation that the suspect be charged with the offence of submitting misleading information in the Wealth Declaration of Income, Assets and Liabilities in contravention of Part VI of the Public Officers Ethics Act, No. 4 of 2003.

The advice of the DPP is awaited.

KACC/MSA/INQ/FI/24/2010

Inquiry into allegations that land belonging to Kenya Meat Commission (KMC) was irregularly auctioned on instructions from a lawyer and then transferred to a private company. The investigations established that sometime in 2006, the Municipal Council of Mombasa through an advocate engaged by a company that was contracted by the Council to enhance revenue collection, sued Kenya Meat Commission which was one of the rate defaulters. Investigations revealed that resultant to the said suit, the land was put up for sale through auction. Investigations further revealed that the sale of the property had irregularities. At the time of sale, the property was encumbered since KMC had charged it to a bank to secure a loan for the sum of Kshs. 160 million. This was not brought to the attention of the court. In addition, some of the proceeds of the sale were retained by the advocate and the auctioneer who carried out the sale. The retention of some of the proceeds of the sale was irregular and unjustifiable.

The file was forwarded to the Director of Public Prosecutions on 20th December, 2011, with the recommendation that the inquiry file be closed; meanwhile the Ethics and Anti-Corruption Commission to institute civil recovery proceedings in respect of the sums of money retained by the lawyer and the auctioneer.

On 30th December, 2011, declined the recommendation for closure and instead advised that criminal proceedings for stealing by agent contrary to section 283 of the Penal Code be instituted against the auctioneer, and that a complaint of misconduct be made against him to the Auctioneers Licensing Board under section 24 of the Auctioneers Act, Chapter 526 of the Laws of Kenya.

KACC/FI/INQ/102/2009

Inquiry into allegations that the County Council of Narok made fictitious and/or fraudulent payments of professional legal fees to a firm of Advocates in the Financial Year 2007/2008. The investigations revealed that the firm of Advocates in question was in the panel of the Council's lawyers. In the 2007/2008, the said firm along with two others were appointed to provide legal services to the Council. The investigations further revealed that the law firm received payment of fees from the Council for services rendered. The said payments were neither fictitious nor fraudulent as alleged. There was therefore no culpability on the part of the Council or the law firm to warrant any criminal charges being preferred.

The file was forwarded to the Director of Public Prosecutions on 21st November, 2011 with the recommendation that the inquiry file be closed.

On 28th December, 2011, the DPP accepted recommendation for closure of the file.

KACC/FI/INQ/15/2011

Inquiry into allegations of irregular procurement of a motor grader by Thika Municipal Council. The investigations revealed that the Council invited tenders for the supply of a grader. Upon receipt of bids from several firms, an evaluation was carried out, and the tender was awarded to the most responsive evaluated bidder at a price of Kshs. 17,980,000. Investigations further revealed that prior to entry into a contract with the successful bidder, the Council's Tender Committee annulled the award after receiving a negative report from another local authority that the same bidder had supplied a grader which had not performed satisfactorily. A further evaluation of the first three bidders was thus carried out and the award made to a bidder, other than the first successful bidder. Investigations also revealed that the aggrieved bidder appealed to the Public Procurement Oversight Authority (PPOA) which cancelled the award citing breach of the Procurement Regulations. The evidence obtained showed that since no contract had been signed between the first successful bidder, under the provisions of the PPDA, the Council was at liberty to cancel the award. Moreover, the Council exercised due caution to ensure that the grader they procured could carry out the required works satisfactorily.

The file was forwarded to the Director of Public Prosecutions on 13th December, 2011 with the recommendation that the inquiry file be closed; meanwhile the Ethics and Anti-Corruption Commission to undertake a systems audit of the Thika Municipal Council in order to determine the level of compliance of their procedures with the Public Procurement and Disposal Act, 2005, for appropriate corrective action.

On 29th December, 2011 the DPP returned the file with the advice that there is sufficient evidence to charge the suspect with the offences of wilful failure to comply with applicable procedures and guidelines relating to procurement and abuse of office contrary to sections 45(2)(b) and 46 of the Anti-Corruption and Economic Crimes Act, 2003.

KACC (KSM) CR.032/17/2011—CF. KAKAMEGA ACC. NO. 3/2011

Inquiry into allegations that a Public Health Officer at the Kisumu District Hospital solicited for a benefit from the complainant as an inducement to release a soft drink bottle which had been found to contain impurities. The investigation established the solicitation and receipt of the benefit. The suspect was arrested and charged before the Kakamega Anti-Corruption Court with the offences of soliciting and receiving a benefit contrary to section 39(3) (a) as read with section 48(1) of the Anti-Corruption and Economic Crimes Act, 2003.

The file was forwarded to the Director of Public Prosecutions on 5th October, 2011 with the recommendation that the matter be prosecuted to its logical conclusion.

On 25th October, 2011 the DDP accepted the recommendation for prosecution of the suspect.

KACC.CR.225/226/2011 - CF. NYERI ACC. NO.4/2011

Inquiry into allegations that a State Counsel based at Nyeri State Law office had corruptly demanded a benefit from the complainant as an inducement so as to recommend prosecution in a case referred to him for perusal and advice by the Criminal Investigation Department (CID) Central Province. The investigation established the solicitation and receipt of the benefit. The suspect was arrested and charged before the Nyeri Anti-Corruption Court with the offences of soliciting and

receiving a benefit contrary to section 39(3) (a) as read with section 48(1) of the Anti-Corruption and Economic Crimes Act, 2003.

The file was forwarded to the Director of Public Prosecutions on 5th October, 2011 with the recommendation that the case be prosecuted to its logical conclusion.

KACC.CR.141/411/2011—CF NAIROBI (MILIMANI) ACC. NO. 22/2011

Inquiry into allegations that an employee of an Engineering Company in Nairobi corruptly solicited for a benefit from the complainant who was the Headmistress of a school in Nairobi, as an inducement to facilitate electricity connection to the school. The investigation established the solicitation and receipt of the benefit. The suspect was arrested and charged before the Nairobi (Milimani) Anti-Corruption Court with the offences of soliciting and receiving a benefit contrary to section 39(3) (a) as read with section 48(1) of the Anti-Corruption and Economic Crimes Act, 2003.

However, upon careful consideration of the evidence on the file, it emerged that at the time the suspect solicited for the benefit, he was not an agent of the company. Therefore, the charges of soliciting and receiving a benefit as envisaged by section 39 of the Anti-Corruption and Economic Crimes Act, 2003 would not be tenable.

The file was forwarded to the Director of Public Prosecutions on 26th October, 2011 with the recommendation that the charges of corruption against the suspect be withdrawn and be substituted with the offence of obtaining money by false pretences contrary to section 313 of the Penal Code, and that the case be prosecuted to its logical conclusion.

On 22nd December, 2011 the DPP accepted recommendation to withdraw charges but disagreed with the recommendation for the prosecution of the suspect on a charge of obtaining money by false pretences. His advice was that the inquiry file be closed with no further action.

EACC.CR 021/62/2011 - CF/MSA/ACC.11/2011

Inquiry into allegations that an Administration Police Officer attached to Lutsangani Police Post in Kinango district within Kwale County corruptly solicited for a benefit from the complainant as an inducement so as to release his motor cycle which had been detained on the suspicion of being stolen. The investigation established the solicitation and receipt of the benefit. The suspects were arrested and charged before the Mombasa Anti-Corruption Court with the offences of soliciting and receiving a benefit contrary to section 39(3) (a) as read with section 48(1) of the Anti-Corruption and Economic Crimes Act, 2003.

The file was forwarded to the Director of Public Prosecutions on 26th October, 2011 with the recommendation that the case be prosecuted to its logical conclusion.

On 30th November, 2011 the DPP accepted the recommendation for prosecution of the suspect.

KACC (NYERI) CR.221/349/2011 - CF NYERI ACC. NO. 5/2011

Inquiry into allegations that two members of the Kirinyaga Land Disputes Tribunal corruptly solicited for a benefit from the complainant as an inducement to make a favourable ruling in a land dispute between the complainant and another. The investigation established the solicitation and receipt of the benefit. The suspects were arrested and charged before the Nyeri Anti-Corruption Court with the offences of soliciting and receiving a benefit contrary to section 39(3) (a) as read with section 48(1) of the Anti-Corruption and Economic Crimes Act, 2003.

The file was forwarded to the Director of Public Prosecutions on 9th November, 2011 with the recommendation that the case be prosecuted to its logical conclusion.

On 21st November, 2011 the DPP accepted the recommendation for prosecution of the suspects.

KACC. CR. 5111/327/2011 – CF EMBU ACC NO. 8/2011

Inquiry into allegations that a Lecturer at the Kenya Medical Training College, Garissa, corruptly solicited for a benefit from the complainant as an inducement to give favourable results to the complainant in the College Qualifying Examinations. The investigation established the solicitation and receipt of the benefit. The suspect was arrested and charged before the Embu Anti-Corruption

Court with the offences of soliciting and receiving a benefit contrary to section 39(3)(a) as read with section 48(1) of the Anti-Corruption and Economic Crimes Act, 2003.

The file was forwarded to the Director of Public Prosecutions on 15th November, 2011, with the recommendation that the case be prosecuted to its logical conclusion.

On 21st December, 2011 the DPP accepted the recommendation for prosecution of the suspect.

EACC. CR. 313/546/2011—CF. NO. MALINDI ACC 1/2011

Inquiry into allegations that the Chief of Mpeketoni Location, Lamu West District corruptly solicited for a benefit from the complainant as an inducement to release a liquor licence which had been previously confiscated from his business premises situated within Mpeketoni Division. The investigation established the solicitation and receipt of the benefit. The suspect was arrested and charged before the Malindi Anti-Corruption Court with the offences of soliciting and receiving a benefit contrary to section 39(3)(a) as read with section 48(1) of the Anti-Corruption and Economic Crimes Act, 2003.

The file was forwarded to the Director of Public Prosecutions on 30th November, 2011 with the recommendation that the case be prosecuted to its logical conclusion.

On 20th December, 2011, the DPP accepted the recommendation for prosecution of the suspect.

KACC. CR.521/97/2011- CF NO. EMBU. ACC.7/2011

Inquiry into allegations that the District Registrar of Persons, Mandera East, corruptly solicited for a benefit from the complainant as an inducement to forward the complainant's application to the National Registration Bureau for issuance of an identity card. The investigation established the solicitation and receipt of the benefit. The suspect was arrested and charged before the Embu Anti-Corruption Court with the offences of soliciting and receiving a benefit contrary to section 39(3)(a) as read with section 48(1) of the Anti-Corruption and Economic Crimes Act, 2003.

The file was forwarded to the Director of Public Prosecutions on 14th December, 2011 with the recommendation that the case be prosecuted to its logical conclusion.

KACC. CR.141/536/2011- CF NAIROBI ACC. NO. 3/2011

Inquiry into allegations that the accused person had solicited a benefit from the complainant as an inducement to release to her a Rescinding Order issued in a bankruptcy case that the accused was handling. The investigation established the elements of the offence of corruptly soliciting and receiving a benefit. The suspect was arrested and charged before the Nairobi (Milimani) Anti-Corruption Court with the offences of soliciting and receiving a benefit contrary to section 39(3)(a) as read with section 48(1) of the Anti-Corruption and Economic Crimes Act, 2003.

The file was forwarded to the Director of Public Prosecutions on 22nd December, 2011 with the recommendation that the case be prosecuted to its logical conclusion.

On 29th December, 2011, the DPP accepted the recommendation for prosecution of the suspect.

THE ENVIRONMENTAL MANAGEMENT AND CO-ORDINATION ACT

(No. 8 of 1999)

THE NATIONAL ENVIRONMENT MANAGEMENT AUTHORITY

ENVIRONMENTAL IMPACT ASSESSMENT STUDY REPORT FOR THE PROPOSED LONGONOT GEOTHERMAL POWER PROJECT IN LONGONOT CONCESSION, SOUTH OF LAKE NAIVASHA

PURSUANT to regulation 21 of Environmental (Impact Assessment and Audit) regulations, the National Environmental Management Authority (NEMA) has received an Environmental Impact Assessment Study Report for the implementation of the proposed longonot geothermal power project.

The project will involve construction of associated steam field and infrastructure.

comprising approximately of 26 production wells, eight injection wells and seventeen well pads.

The proposed Longonot geothermal prospect is located in the Kenya Rift Valley approximately 60 km northwest of Nairobi and 10 km east of the Olkaria geothermal development.

The following are the anticipated impacts and proposed mitigation measures:

<i>Environmental Issues</i>	<i>Mitigation Measure</i>
Vegetation and habitat disturbance	<ul style="list-style-type: none"> • Protect migration routes. • Minimise periods of well testing to minimize disturbance to animals. • Timing of well testing to avoid effects on hunter prey dynamics. • Protect any local populations of protected, important or endangered species.
Avian behavior	<ul style="list-style-type: none"> • Incorporate spikes on top of the well head separators (towers next to wells) to prevent use by birds of prey. • Use of dual circuit transmission lines – these have 2 x 3 power lines in a vertical alignment with sufficient space between them to prevent collision with large birds. • Use of insulation around connections on pylons to prevent electrocution of birds. • Avoiding habitat removal during the breeding bird season. • Use of horizontal separators which reduce the volume of steam emissions.
Minimizing habitat loss	<ul style="list-style-type: none"> • Using temporary fencing to prevent inadvertent damage to habitats adjacent to the construction area. • Ensure the way leave area width is at its minimum for least Removal of vegetation. • Re-planting of vegetation where appropriate with locally occurring vegetation to prevent the incursion of opportunistic invasive species. • Undertake selective clearance by removing tall woody species leaving saplings, for quick regeneration of vegetation along the way-leave. • Avoid pilling of clear-felled vegetation on standing live vegetation which would hinder movement of wildlife.
Disrupting key Wildlife corridors	<ul style="list-style-type: none"> • Throughout the design stage ensure that the plant layout does not site near key corridors. • Protect migration routes. • Raise pipelines in key locations.
Pollutant emissions from well testing	<ul style="list-style-type: none"> • Minimise periods of well testing.
Vehicle emissions during construction	<ul style="list-style-type: none"> • Turn off idling vehicles. • Design well pad to ensure haul roads are as far away as possible from sensitive habitats.
Fugitive dust emissions from the construction of road infrastructure	<ul style="list-style-type: none"> • Construction equipment will be designed and used in a manner which minimizes dust generation. • Water spray dampening of soils and spoil will be undertaken to prevent dust blow during hot, dry weather conditions. • Careful location, grading and management of stockpiles of soil and similar materials to prevent wind blow • Sealing and / or revegetation of completed earthworks will be undertaken as soon as reasonably practicable. • Preparation of surfaced site roads early

	<p>in the construction programme – on unsurfaced areas of the site, vehicle speeds will be limited to less than 20 mph.</p> <ul style="list-style-type: none"> • Sheeting of lorries during transportation of friable construction materials and spoil. • Minimising drop heights for material transfer activities, such as unloading of friable materials. • Cleaning of surfaced roads and maintenance of unsurfaced roads to reduce offsite transport of soils and to avoid dust generation Wheel washing facilities for vehicles entering the public road system. 	Drill cuttings and fluids	<ul style="list-style-type: none"> • Reuse of drilling fluid, where feasible • Disposal of water based drilling fluids into the bore hole following toxicity assessment. Water based cuttings are typically reused if they are non-toxic (e.g. as construction fill) or disposed of in a suitable facility.
Emitting harmful gases	<ul style="list-style-type: none"> • Technological options that include total or partial reinjection of gases with geothermal fluids. • Timing venting to when the ambient conditions are suitable. • Use of abatement systems to remove H₂S and Hg emissions from NCGs. 	Construction waste can cause pollution, contamination and a burden to the local waste infrastructure	<ul style="list-style-type: none"> • Minimise construction waste through use of construction waste management plan. • Grade and sort benign waste such as wood off-cuts on site into different categories and make this available at no cost to the local community to take away and reuse. • All waste metals generated on site during the construction Phase should be collected separately and stored in a suitable, secure location prior to disposal. Contaminated waste metals will require recovery by a suitable waste contractor for decontamination, if available. "Clean" waste metals can be recycled within the community.
Noise emissions from well testing and from HDVs	<ul style="list-style-type: none"> • Well maintained plant and vehicles. • Localized screening where appropriate. • Selecting equipment with lower sound power levels or further reducing source noise levels by increasing the performance of attenuators. • The location of noise emitting plant as far as practicable from any sensitive receptors and directivity could be used, particularly with regard to fans and cooling systems. 		<ul style="list-style-type: none"> • Wherever possible, uncontaminated building rubble will be utilized within the site for hardcore or other land reclamation purposes. Contaminated building rubble will be sent off site to a suitable disposal facility capable of treating or disposing of the material without the loss of contamination at the disposal site, either by leaching or other mechanism.
Presence of Workers Camp	<ul style="list-style-type: none"> • Produce Social Management Plan. • Produce a Construction Camp Management Plan. 	Health and Safety	<ul style="list-style-type: none"> • Produce a Health and Safety system based on the requirements of ISO18001. • Health and Safety Plan to include a process hazard analysis and HAZOP. • Blowout and Pipeline Failure Plan. • Fire Safety and Emergency response Plans. • Fire and emergency alarms/ precautions etc to be implemented in the design.
Soil erosion during well pad formation and construction of facility	<ul style="list-style-type: none"> • Appropriate design of foundation installations taking into account the management of soils and water and the possibility of encountering shallow groundwater. 	Interaction between the development/ workforce and the local community	<ul style="list-style-type: none"> • Produce a HIV/AIDS framework in line with IFC guidelines. • Produce a Community Development Plan to guide community interactions. • Consultation Programme.
Spillages	<ul style="list-style-type: none"> • Best site management practices will be adopted to reduce the potential for leaks/spillages of potentially polluting substances. 		
Creating slurry from the damping down of dust.	<ul style="list-style-type: none"> • Mitigation includes ensuring excess water is not used in damping down operations. 		
Discharges of wastewater	<ul style="list-style-type: none"> • Waters from the process should be reinjected. 		
Reduction of lake water levels and degradation of ground water resource	<ul style="list-style-type: none"> • The use of brine and/or steam condensate from the first wells will be investigated. This would significantly reduce the temporary raw water supply requirements. • Undertake water supply options assessment. 		
Increased storm water runoff from roads and well pads	<ul style="list-style-type: none"> • Storm water from the production and injection pads will be collected separately on each pad site. Storm water generated within any high risk area of any well pad will drain to the drilling sumps and soak into ground. Other storm water generated from within the well pads will collect at the pad boundaries where it will be allowed to soak into ground. Drainage will likely consist of V-shaped miter drains on either side of the access roads with soak away sumps at 200m intervals to prohibit excessive runoff and sediment erosion.

ENVIRONMENTAL IMPACT ASSESSMENT STUDY REPORT
FOR THE PROPOSED RESIDENTIAL DEVELOPMENT ON
TITLE NO. NGONG/NGONG/52926 IN NGONG-MATASIA,
OLKEJUADO COUNTY

PURSUANT to regulation 21 of Environmental (Impact Assessment and Audit) regulations, the National Environmental Management Authority (NEMA) has received an Environmental Impact Assessment Study Report for the implementation of the proposed residential development.

The project entails construction of 54 maisonettes (4Br with servant quarter each) in addition to two shops, a borehole and an effluent treatment plant.

The plot is located off Kiserian-Ngong Road, Lower Matasia area about 4.5 km. from Ngong Town or about 5 km. from Kiserian Shopping Centre. It is about 0.7 km. off the Ngong-Kiserian Road to the East. The plot size is approximately 6 acres and currently vacant.

The following are the anticipated impacts and proposed mitigation measures:

<i>Environmental Issues</i>	<i>Mitigation Measures</i>
Occupational health and safety	<ul style="list-style-type: none"> • Provision of PPEs to workers. • Erecting a protective fence. • Erect scaffoldings and dust screens. • Install safety signs. • Document and display on site emergency procedures. • Create health and safety awareness. • Switch of equipment not in use. • Carry out activities with high noise levels and high vibrations during the day. • Construct temporary toilets during construction. • Maintain high standards of hygiene and cleanliness. • Provide and maintain high levels of cleanliness and conducive sanitation. • Create health and safety awareness of occupants. • Install safety signs. • Ensure adequate evacuation capacity. • Provision of protective clothing.
Traffic obstruction	<ul style="list-style-type: none"> • Stagger deliveries and collections of materials. • The neighborhood association shall enlist new neighbours in infrastructure development and maintenance.
Improper effluent disposal into natural water systems	<ul style="list-style-type: none"> • The proposed effluent treatment plant proposed has been evaluated and approved by NEMA and Nairobi City Council. The effluent plant discharge shall be monitored monthly to ensure the discharge meets legal specifications all the time.
Negative effects on flora and fauna	<ul style="list-style-type: none"> • Ensure effluent treatment plant discharge water meets environmental standards.
Improper solid waste disposal	<ul style="list-style-type: none"> • During construction, re-use materials excavated materials where possible. • Ensure all solid waste is corrected by an authorized waste handler.
Exhaust Emission to the environment	<ul style="list-style-type: none"> • To minimize emission from construction vehicles/equipment, idling of shall be prohibited. • Implementation of a regular maintenance programme on vehicles and equipment to reduce emissions shall be

done.

Insecurity

- This shall be a gated community.
- Control of access and movement within the premises.
- There shall be security guards at all times.
- Ensure adequate lighting of common.

Fire risk

- The completed project shall be fitted with safety facilities including alarm, firefighting equipment and fire exits.
- There shall be detailed emergency response plan that shall be communicated to all residents.

The full report of the proposed project is available for inspection during working hours at:

- Director-General, NEMA, Popo Road, off Mombasa Road, P.O. Box 67839-00200, Nairobi.

FOR THE PROPOSED LONGONOT GATE GOLF RESORT AND
HOLIDAY HOMES PROJECT ON L.R. NO. NAIVASHA/
MARAIGUSHU BLOCK 10/13 IN KEDONG RANCH VILLAGE,
LONGONOT LOCATION, NAIVASHA DISTRICT, NAKURU
COUNTY

PURSUANT to regulation 21 of Environmental (Impact Assessment and Audit) regulations, the National Environmental Management Authority (NEMA) has received an Environmental Impact Assessment Study Report for the implementation of the proposed Longonot gate golf resort and holiday homes project.

The project will involve construction of residential houses, golf course, electrification and solar powered electrical perimeter fence, road networks, dams, water supply and reticulation, septic tanks, drilling 4 boreholes, police post and cemetery.

The proposed project is located on L.R. No. Naivasha/Maraigushu Block 10/13 (Kedong), Kedong ranch village, Munyo sub location, Longonot location, Longonot Division, Naivasha district in Rift Valley Province. The area targeted for development measures approximately 2400 acres located on the foot hills of Mt. Longonot bordering Mt. Longonot National Park. On the northern side the fresh water Lake Naivasha is approximately 10 kilometres from the northern end of the proposed development.

The following are the anticipated impacts and proposed mitigation measures:

<i>Environmental Issues</i>	<i>Mitigation Issues</i>
Changes in land use	<ul style="list-style-type: none"> • Ensure compliance with existing planning policy. • Landscaping and introduction of Vegetation.

Changes in hydrology or impended drainage	<ul style="list-style-type: none"> • Maintenance of landscaped gardens, conservation and management of vegetation and gardens. • Proper installation of drainage structures • Install cascades to break the impact of water flowing in the drains. • Ensure efficiency of drainage structures through proper design provide gratings to the drainage channels. 		<ul style="list-style-type: none"> • Identify suitable solid waste disposal arrangements. • Ensure that materials that have to be disposed are handled by a licensed handler. • Ensure that materials to be disposed are dumped in designated areas. • Provide an appropriate storage facilities for building materials and wastes to avoid littering the compound.
Vegetation clearance	<ul style="list-style-type: none"> • There should be minimal removal of indigenous plants. • Areas not used for construction should be demarcated and plants left undisturbed. • An appropriate landscaping programme should be designed. 		<ul style="list-style-type: none"> • Provide solid waste handling facilities such as waste bins and skips.
Public health and occupational safety	<ul style="list-style-type: none"> • Train staff/workers on occupational health and safety. • Provide full protective gear & workmen's compensation cover in addition to the right tools and operational instructions & manuals. • Adopt sound waste management system to ensure proper solid waste disposal and collection facilities Adopt sound housekeeping practices. • Engage the services of qualified personnel and/or ensure training. • Ensure use of standard construction materials and to the specifications. Avoid undesirable, substandard, hazardous or unauthorized materials during construction & maintenance. • Sensitized staff on social/health issues such as drugs. • Ensure machinery and equipment servicing and maintenance as per schedules & legal requirements. • Post strategically the Factories and Other Places of Work Act Abstract & provide material safety data sheets. • Post clear warning signs eg. 'No unauthorized use of machines', ensure there are guards on moving parts etc. • Provide fully equipped First Aid kits & train staff on its use. • Ensure adherence with the legal requirements- Factories Act. 	Dust emissions	<ul style="list-style-type: none"> • Ensure that water is poured in areas where dust is emitted to avoid emitting dust into the air. • Avoid excavations in very dry weather. • Speed of vehicles should be limited.
		Exhaust fumes	<ul style="list-style-type: none"> • Construction machines should be serviced regularly to avoid excess emission of fumes. • Vehicle used should be in good mechanical condition. • Drivers and other machine operators should be instructed to minimize emissions.
		Noise pollution	<ul style="list-style-type: none"> • Signs to warn people on noise. • Use of machines that make less noise. • Plant trees around the site to reduce noise transmission around the campus.
		Fire safety and preparedness	<ul style="list-style-type: none"> • Firefighting equipment should be installed in easily accessible places. • Signs of assembly points in case of fire should be made at appropriate point (s). • Conduct training on fire fighting, evacuation and emergency response. • Adapt effective emergency response plan. • Maintain/service fire fighting machinery regularly. • Provide emergency numbers at strategic points. • Sensitize the residents on fire risks i.e. conduct regular fire drills.
		Road safety	<ul style="list-style-type: none"> • Enforce speed limits for vehicles especially along roads leading to the site. • Provide bill boards at the site/entrance to notify motorists about the development. • Construct safe & un-obstructed acceleration and deceleration.
Solid waste management	<ul style="list-style-type: none"> • Follow the prevailing NEMA regulations on waste collection, storage, transportation and disposal. • Construct adequate & standard Septic tanks. It must be monitored for timely exhaustion. • Incorporate suitable facilities for collection, segregation and safe disposal of solid wastes. • Provide a waste collection centre and appropriately labelled bin preferably colour coded for various categories of waste into organic remains, plastics and polythenes, glass, paper, metal, wood etc. • Dustbin cubicles must be protected from animals and rain. • Bins should be regularly cleaned and disinfected. • Provide possibilities for waste recycling options - in-house and off-site. 	Oil pollution	<ul style="list-style-type: none"> • Proper storage, handling and disposal of oil and oil wastes. • Maintain plant and equipment to avoid leaks. • Maintenance of construction vehicles should be carried out in the contractors yard off the site.
		Air pollution	<ul style="list-style-type: none"> • Enclose the site with dust-proof net. • Control speed and operation of construction vehicles. • Discourage idling of vehicles. • Spray to dry soils in excavated areas to suppress dust. • Regular maintenance of construction plant and equipment.

Soil disturbance	<ul style="list-style-type: none"> • Engage sensitive construction workers. • Use of clean fuels. • Provide barriers such as walls and trees around site boundaries to provide some buffer against dust propagation. • Control earthworks. • Install drainage structures Properly. • Compact loose soil. • Landscaping. • Ensure management of excavation activities. • Control activities specially during rainy conditions. • Provide soil erosion control structures on the steep side during construction phase. 	<ul style="list-style-type: none"> • unnecessary toilet flushing. • Ensure taps are not running when not in use. • Install water conserving taps that turn-off automatically when water is not being used. • Install a discharge meter at water outlets to determine and monitor total water usage.
Water quality	<ul style="list-style-type: none"> • Water storage tanks and pipe work should be well maintained and checked regularly for integrity and defective installation be removed and replaced appropriately. • Inspect the drainage system regularly and ensure that it is free of debris including slit and other materials which may reduce its efficiency. • Ensure use well designed septic tanks. • Provide sanitary facilities for construction workers. 	<p>The full report of the proposed project is available for inspection during working hours at:</p> <p>(a) Director-General, NEMA, Popo Road, off Mombasa Road, P.O. IMPORTANT NOTICE TO SUBSCRIBERS TO THE KENYA GAZETTE

THE following notes are for the guidance of persons submitting "copy" for inclusion in the *Kenya Gazette, Supplement*, etc.:

- (1) *The Kenya Gazette* contains Notices of a general nature which do not affect legislation. They are, therefore, submitted to the Government Printer directly.
- (2) *Legislative Supplement* contains Rules and Regulations which are issued by the Central Government. Because of this, they must be submitted to the Government Printer through the office of the Attorney-General.
- (3) *Bill Supplement* contains Bills which are for introduction in the National Assembly.
- (4) *Act Supplement* contains Acts passed by the National Assembly.

All "copy" submitted for publication should be prepared on one side of an A4 sheet no matter how small the Notice is, each page being numbered and should be typewritten with double spacing. Copy should be clear, legible and contain no alterations.

Particular attention should be paid to the following points:

- (i) Signature must be supported by rubber-stamping or typing the name of the signatory in capital letters.
- (ii) Dates must be correct and filled in where necessary.
- (iii) Care should be taken to ensure that all headings to Notices and references to legislation are up to date and conform with the Revised Edition of the Laws of Kenya.

EXTRACT FROM THE CODE OF REGULATIONS, SECTION D—

Kenya Gazette

"D 34. (1) Communications for the *Kenya Gazette* should reach the Government Printer not later than 9 a.m. on Friday of the week before publication is desired. The Government Printer will not publish communications received after that hour until the next subsequent issue of the Gazette.

(2) Ministries will be required to pay for the *Kenya Gazette* and to meet the cost of advertising in it.

It is emphasized that these notes are for guidance only, but it is requested that persons submitting copy for publication first satisfy themselves that such copy is complete in every respect.
