TRANSPORT OF PADDY CROP ON MWEA IRRIGATION SETTLEMENT (KIRINYAGA DISTRICT)

TENDERS

TENDERS are invited from established haulage contractors to transport the paddy crop on the Mwea Irrigation Settlement from the tenants holdings to two central collection points on the Settlement.

The crop is expected to be in the neighbourhood of 160,000 bags, each bag weighing approximately 190 lb.

Harvesting will take place over the period 15th December, 1963, to 30th April, 1964, with the heaviest deliveries in January, February and March. Approximately one-half from the Mwea area. The tenants holdings vary in distance from the collecting points from a minimum of one mile to a maximum of seven miles. The main roads are murramed and secondary roads are black cotton soil. Owing to road surfaces and the size of bridges five-ton lorries have found to give the best results.

The crop is expected to be available for transport from the holding to each collecting centre at the rate of about 2,000 bags per working day at the height of the season.

Loading of the trucks in the field and off-loading at the collection points will be carried out by the tenants.

Tenders should state clearly the price per bag to be charged. Damage to or loss of paddy while in the possession of the transporters will be for their account.

Sealed tenders should be submitted marked "TENDER: MWEA" on the outside of the envelope to the Permanent Secretary for Agriculture and will close at 14th November, 1963.

Tenders will be opened at the Ministry of Agriculture on 15th November, 1963.

The lowest or any tender will not necessarily be accepted.
