GAZETTE NOTICE No. 6862

THE CONSTITUTION OF KENYA

NATIONAL LAND COMMISSION

DETERMINATION OF REVIEW OF GRANTS AND DISPOSITIONS OF PUBLIC LAND IN RESPECT OF THE FOLLOWING GRANTS AND ORDERS

IN EXERCISE of the powers conferred by Article 68 (c) (v) of the Constitution of Kenya and section 14 of the National Land Commission Act, 2012, the Chairman of the National Land Commission informs the general public that the National Land Commission upon receipt of complaints from the National Government, County Governments and members of the public, undertook review of grants and dispositions (titles) of public land to establish their legality or otherwise. The Commission via public notices in the national dailies invited all interested parties to appear before it to inspect documents and make written and oral representations and submissions. Consequently, the Commission has made determinations in respect of the following grants/Titles and orders for revocation, regularization, upholding of the titles where applicable as indicated or give further orders. Where the order calls for revocation, the Chief Land Registrar is thereby directed to revoke as per Section 14(5) of the National Land Commission Act and attendant laws.

MUHAMMAD A. SWAZURI,
Chairman, National Land Commission.

GAZETTE NOTICE NO. 6863

NATIONAL LAND COMMISSION

REPORT ON PUBLIC HEARING ON KISUMU/ KANYAKWAR, KISUMU/MAMBOLEA, AND KISUMU/KASULE HELD ON 9TH AND 10TH NOVEMBER IN CITAM CHURCH.

Introduction:

Since its establishment in June 2014, the National Land Commission office in Kisumu County has received numerous complaints on all categories of land. These issues range from encroachment, illegal/forceful occupation, irregular/illegal allocation/alienation of land, among others. From my assessment, the biggest of all the land issues before this office has been the land conflict in the area of Kanyakwar, Mamboleo and Kibos.

The problem:

The land issue in the areas Kanyakwar, Mamboleo and Kibos which also include Kolwa, Kajulu and Kasule as originally known dates back to the year 1967 when the Government then, started involving the people living here on the proposal to extend the Kisumu Municipality boundary in order to facilitate growth of the town. Gazette Notice no. 3400 of 1976 under the Trust Land Act Cap 288 (Now repealed) set apart the land for the extension of Kisumu Municipality in Kanyakwar, South Kajulu, Manyatta and Nyalenda Pandpieri sub locations of the Kisumu District. At that time, the land was unregistered Trust Land and all interested affected parties were advised to inspect the acquisition plans at the offices of the District Commissioner Kisumu and Department of Lands Nairobi.

The said land, as per the Gazette Notice, was required to be set apart for housing and industrial developments. Further, applications for compensation by persons claiming entitlement to compensation under section 8 of the Trust Land Act (repealed), were to be submitted to the District Commissioner Kisumu beginning 15th November 1976 up to and including 15th December 1976.

Thereafter, in 1978 the affected land owners were paid via cheque for which they signed for, according to information availed to us from the relevant Government Departments. However, one person declined to take compensation saying it was inadequate. At that time, he is the only one who had a permanent house. Later he went to court but finally passed on. His structure still stands on the land and is visible from the Kisumu Kakamega Road. The other person was an Asian was offered about Ksh. 266,000.00 He signed for his cheque, but later returned it saying the compensation was inadequate. However this cheque got misplaced in the process. After compensation it is said that the people moved away, some of them further up the hill and settled in various places. However, with time, and the land having remained idle for sometime after the acquisition, these people started coming back to occupy the land.

The current situation:

From my investigations, consultation with other state and non-state agencies, various categories of complaints, this long standing land issue can be summarized as follows:

1. Claim of ancestral land by the local community:

These are people who claim to be the original inhabitants in these areas. They say they were forcefully evicted and their parcels of land taken away from them. These have categorized themselves into groups as follows:

- a. Kanyakwar Kogolla Clan;
This group says it was evicted from Kanyakwar in 1978 to pave way for expansion of the town without any form of compensation. Their plea to the Commission is that due diligence is conducted on all claimants of ancestral land, investigations be done on all subsequent allocations; the land reverts back to the original owners; compensation for the loss of earnings and officers involved in the said actions take responsibility.
- b. KIKAKO Welfare Association.
This group has been claiming ancestral land by Kanyakwar, Kajulu and Kolwa clans. They claim they have lived and utilized the land for a long time. Their plea is that Commission intervenes and solves the land dispute between them and the parties claiming to have been allocated by Government Agencies.
- c. Kajulu Kithimo Welfare Association.
This group is claiming ancestral land as well in Kibos, Miwani, Kibigori and Chemelil. They state that the leases granted to other people have expired and so they are appealing for the land to revert back to the community. They say had been living on the land until 1902 when they were evicted.
- d. Kokal Ramba Community.
This consist of the clans of Okal, Ogolla and Menya. They were forcefully evicted by a gang called 'Angola Msumbiji' from Kanyakwar in 1978. In 1999 the land was still unoccupied, they went back in the year 2000 and settled on the land. Their appeal to the National Land Commission is for them to get back their land and issued with title documents.
- e. Kolwa Development Association.
This group comprises of people of Kokumu clan bordering Kibos Railways Station and Kasule bordering Manyatta 'B' and Migosi estates. They claim to have been evicted in 1976 in the first eviction and between 2010 – 2011 by the defunct Municipal Council of Lisumu. They also say their land was not mentioned on gazette Notice No. 3400. Their plea is to get back their land and the parcels of land be restricted as well.

NB. All these associations have presented their detailed petitions to the Commission.

2. Allocations by the former office of the Commissioner of Lands

After the land acquisition plan has been prepared, the land was designated mainly for housing and industrial development. It was then allocated to different institutions, state and non-state like SACCOs, Government Departments (offices), Religious Organizations, Educational Institutions, among others, as well as other private developers. This was done under the Registration of Titles Act Cap 281. Grants were issued on 99 years leases some took possession and have developed over time; others have not.

3. Allocations by the defunct Municipal Council of Kisumu between years 2009 – 2010

The Municipal Council of Kisumu then advertised for repossession and reallocations of plots in Kanyakwar, Kibos, Migosi, Mamboleo, Millimani Block 5 and Nyalenda areas vide Daily Nation Newspaper of 18th October 2010 and 10th November 2010. The reason was due to non-payment of land rates by the allottees given the land by the then Commissioner of Lands. The repossessioned lands, which had already been allocated under the RTA were subdivided into smaller plots and allocated to the applicants. These are the allocations that fueled the dispute further.

4. Extension of freehold tenure to leasehold tenure in Kanyakwar.

This issue mostly affects the Kogony area where freehold parcels of land were created overlapping leasehold interest, ending up in double registration, by way of a parcel No. being subdivided into many other sub plots with a combined acreage that is bigger than that of the original number.

Summary of emerging issues;

- The people claiming ancestral land have coalesced around groupings taking the form of welfare associations and communities to claim back the land.
- Over time, these claimants have been slowly coming to occupy the land they claim is ancestral. Of late, they have been putting up semi-permanent structures and are currently living there. This is prevalent in the Kanyakwar area.
- Those with RTA titles have registered complaints of constant threats by the local community, mostly citing KIKAKO welfare association as the greatest source such threats. As such, many have been unable to take possession and develop the land.
- Some of those allocated by the defunct Municipal Council Kisumu have developed the plots. Such developments are sitting on RTA titles.
- Some of those freehold parcels that have extended to the leasehold interest have been developed.

Recommendation and way forward:

This land conflict has dragged for many years now. Past interventions to address it has have not borne much fruit. Now that the Commission has taken it over, we believe that after thorough investigations, detailed analysis, a lasting solution to the matter will be reached and the conflict put to rest.

DETERMINATION OF THE COMMISSION

1. The Commission upholds all the allocations by the Commissioner of Lands
2. The Commission finds all the allocations by the predecessor of the County Government of Kisumu illegal
3. The Commission revokes all the allocations by Municipal Council of Kisumu
4. The Kanyakwar Kogolla clan, Kikako Welfare Association Kajuu Kithimo welfare Association, Kokal Ramba Community and Kolwa Development Association have no claim on the land. They may pursue their claim under Section 15 of the National Land Commission Act as a Historical Injustice.
5. The Commission orders the individuals or groups who have invaded the Kanyakwar lands to vacate the properties with immediate effect.

MUHAMMAD A. SWAZURI,
Chairman, National Land Commission.

GAZETTE NOTICE NO. 6864

THE CONSTITUTION OF KENYA
THE NATIONAL LAND COMMISSION ACT
(No. 5 of 2012)

The National Land Commission is established under Article 67 of the Constitution. Its functions include managing public land on behalf of the national and county Governments.

Under Section 14 of the National Land Commission Act, the Commission shall on its own motion or upon a complaint by the national or a county government, a community or an individual, review all grants and dispositions (titles) to public land to establish their propriety or legality.

Following complaint lodged on 6th May 2016 by the Ethics and Anti-Corruption Commission regarding the alleged unlawful and/or irregular allocation of land reserved for Government Housing within Kiambu County, the National Land Commission sought to review the legality of the grants listed herein.

In line with Section 14(3) of the National Land Commission Act, the Commission issued notice of its intention to review the legality of the subject grants and or occupation of Government Houses by way of publication of notice on 30th October 2016 and 18th January 2017. Hearing of the matter was conducted from 1st to 3rd February 2017.

Following review proceedings and following ground visit, the Commission hereby finds as follows;

That the listed parcels either comprised government houses or fell within open spaces within government houses. In view of section 3 of the Government Lands Act Cap 300, these parcels were therefore not available for alienation without due process. The properties the subject review, having been developed with government houses or hived off from parcels with government houses, in addition to the provisions of the Government Land Act on alienation, were also subject to the Exchequer and Audit Act Cap 412, and the Government Financial Regulations and Procedures.

Section 4(1) of the Exchequer and Audit Act required all persons concerned with the collection, receipt, custody and payment or issue of public moneys, stores, stamps, securities or other Government property to obey all such instructions as they may from time to time receive from the Treasury.

On the other hand, the Government Financial Regulations and Procedures existing at the time of the alleged allocations of the subject parcels required that whenever it was the intention of the government to dispose of government property or assets by way of gift, transfer or sale as the result of the transfer of duties or responsibilities of Government, the prior approval of Treasury was required if the value of the property was Kshs 200,000; that if it was more than Kshs 200,000, the prior concurrence of Treasury to sanction the transaction was required; and that the concurrence of Parliament, obtained by tabling a sessional paper by the concerned Ministry prior to the transaction taking place, was also required.

This was never the case.

The Commission hereby finds that the allocation of the suit properties was not approved by Treasury nor was Parliament informed through a sessional paper; that the allocation was contrary to the Government Financial Regulations and Procedures, the Exchequer and Audit Act Cap 412 and the Government Lands Act Cap. 300, and was therefore illegal, irregular and unlawful.

Having found the allocation of the subject grants to be unlawful, the Commission is of the considered view that revocation of all the grants would not be the most efficacious remedy in the circumstance.

We take cognizance of the prior efforts made by Government in 2007 in attempt to address the issue of unlawful allocation of government houses vide its circular dated 24th January 2007. Under clause G of the circular of validation of irregularly alienated government houses, the Ministry of Housing had made the following recommendations;

- I. Where the house identified for sale has remained intact but the occupant is a;
 - a. Non civil servant, the allottee compensates the Government for the loss of rent, the cost of the building and market value of the land at the time of alienation plus interest on loss of capital.
 - b. Civil servant who has been paying rent to the Government but the allocation was to a non-civil servant, the Government to repossess the house and sell to the occupying civil servant.
- II. Where the property has been alienated to a civil servant who has;
 - a. A title deed and upto date in rent, the allottee to pay the sale price at the time of sale less the alienation cost paid.
 - b. Obtained a title deed to the house and stopped paying rent to the Government, the allottee pays the market value of the property, lost rent and interest thereon less alienation cost paid.
 - c. More than one allocation, conditions (a) or (b) apply to one property but pays market value for the other property (ies) as at the time of alienation plus loss of interest on market value.

Guided by the Principles espoused in Article 60(1)(g) and 67(1)(f) of the Constitution and Section 5(1)(f) of the NLC Act, the Commission nonetheless shall tailor its determination as follows;

1. In respect of all grants which were validated, payments made in full and properties developed or undeveloped, the legality of the grants are upheld.
2. In respect of all grants which were validated, partial payments made and properties developed or undeveloped, the legality of the grants are upheld subject to payment of the entire validation amount.
3. In respect of grants which were not gazetted under the validation exercise, but payments were made and properties developed, the Commission directs regularization of the allocation by way of validation.
4. In respect of all grants not validated but developed, the Commission directs regularization of the allocation by way of validation.
5. In respect of all grants not validated, not paid and undeveloped, the Commission hereby directs the Chief Land Registrar to revoke the same.

The above directions shall apply as herein below:

MUHAMMAD A. SWAZURI,
Chairman, National Land Commission.

GAZETTE NOTICE NO. 6865

NATIONAL LAND COMMISSION

The National Land Commission is established under Article 67 of the Constitution. Its functions include managing public land on behalf of the national and county Governments.

Pursuant to Article 68(c)(v) of the Constitution and under Section 14 of the National Land Commission Act, the Commission shall on its own motion or upon a complaint by the national or a county government, a community or an individual, review all grants and dispositions (titles) to public land to establish their propriety or legality.

Pursuant to the above provisions of the law the National Land Commission has reviewed the legality of the grants listed herein. In line with Section 14(3) of the National Land Commission Act, the Commission issued notice of its intention to review the legality of the subject grants and or occupation of Government Houses by way of publication of notice on 30th October 2016 and 18th January 2017. Hearing of the matters was conducted from 30th January, 2017 to 3rd February 2017.

Following review proceedings and following ground visit, the Commission hereby finds as follows;

MUHAMMAD A. SWAZURI,
Chairman, National Land Commission.

GAZETTE NOTICE NO. 6866

THE CONSTITUTION OF KENYA

NATIONAL LAND COMMISSION

DETERMINATION OF REVIEW OF GRANTS AND DISPOSITIONS OF PUBLIC LAND IN RESPECT OF THE FOLLOWING GRANTS AND ORDERS

IN EXERCISE of the powers conferred by Article 68 (c) (v) of the Constitution of Kenya and section 14 of the National Land Commission Act, 2012, the Chairman of the National Land Commission informs the general public that the National Land Commission upon receipt of complaints from the National Government, County Governments and members of the public, undertook review of grants and dispositions (titles) of public land to establish their legality or otherwise. The Commission via public notices in the national dailies invited all interested parties to appear before it to inspect documents and make written representations and submissions. Consequently, the Commission has made determinations in respect of the following grants/Titles and orders for revocation, regularization, upholding of the titles where applicable as indicated or give further orders. Where the order calls for revocation, the Chief Land Registrar is thereby directed to revoke as per Section 14(5) of the National Land Commission Act and attendant laws.

KILIFI CHEMBE KIBABAMSHE SCHEME—KILIFI COUNTY

INTRODUCTION

The outstanding historical land issues affecting the Coastal Region and land complaints emanating from Kilifi County informed the concern by the National Land Commission (NLC) on the need for a plot verification exercise in three land registration sections namely Kilifi Chembe/Kibabamshe, Kilifi/Jimba & Kilifi/Madeteni in Kilifi County where land adjudication and registration had taken place. The Commission then undertook hearings as per Sec. 14 of the National Land Commission Act at Chembe Kibabamshe section between 7th Sept. - 17th Sept 2015 and 3rd Feb. - 5th Feb. 2016 at Malindi where land owners appeared before the Commission sitting at Malindi.

Land Adjudication in Kilifi District

The Minister for Lands and Settlement applied the adjudication Act (cap. 284) vide Legal Notice number 155 of 1970 to Land within the former protectorate of Kenya of Kilifi District, Kilifi/Chembe /Kibabamshe, Kilifi/Madeteni, Kilifi/Jimba and Kilifi/Mtondia Roka Adjudication sections. The effect of the Minister's action was that the aforementioned areas were adjudicated and registered between 1974 and 1986. The areas were Trust lands and therefore the land adjudication programme was applied and sections declared as adjudication sections. After the finalization of the adjudication exercise, the sections were registered in 1978 and titles issued under Registered Land Act cap 300. However, the then Commissioner of Lands through his Circular Ref. 113936/55 of 28th May, 1986 and Gazette Notice No. 2505 of 30th May, 1986 declared the areas as Government Land and therefore not subject to the application of the Adjudication Act (Cap. 284).

The Commissioner of Lands then instructed the District Land Registrar, Kilifi to cancel titles already registered and re issue individuals with Registered Land Act (RLA) titles. Land owners were asked to return their titles in exchange of RLA titles, but in the process some returned and never got RLA titles instead plots were issued to new individuals.

This action led to many complaints and this necessitated a presidential directive that land owners should be given land, and the government initiated a Settlement programme on the sections. Due to the confusion on the three registration regimes being applied on the sections, an embargo was placed on the sections in 1986, where land transactions could not be applied on the plots despite the many task force reports that have been produced.

BACKGROUND HISTORY FOR KILIFI CHEMBE KIBABAMSHE SECTION

Chembe Kibabamshe was declared an adjudication section on 2nd Oct. 1974, and finalized on 26th May 1978 with a total of 440 parcels. Registration took place in 1978 and titles issued under Registered Land Act cap 300 (Repealed). However the registration was nullified by the government triggering numerous Court suits which continue up to-date.

Settlement programme was also applied in the same section in 1998, there was a presidential directive that land owners be allocated land owing to many complaints from the region. A total of 443 parcels were re allocated to land owners covering an area of 1,107.5 ha.

The former Commissioner of Lands through a gazette notice in 1986 declared the areas as falling under government land and ordered cancellation of the registrations where land owners returned their titles in exchange of titles under Registration of Titles Act Cap

Justification;

The Commission after the public hearings to determine the legality and propriety of the allocations and registration concluded as follows;

1. The government erred by applying three registration regimes in an area thus resulting in various types of allocations and registration. The tenure system that the Chembe Kibabamshe area falls is trust land and not government land and therefore the adjudication regime should be upheld.
2. It's on the basis of public interest that the commission initiated the public hearings in a view of lifting the embargo.
3. The historical injustice to the land owners.

4. ADR

TABLE 19— KILIFI CHEMBE KIBABAMSHI SCHEME—KILIFI COUNTY

<i>Plot Reference Number</i>	<i>Interested Parties/ Registered Owner</i>	<i>Who Appeared</i>	<i>Allocation Status</i>	<i>Determination</i>	<i>Remarks</i>

Plot No.426	Jacob Mukwambo	Kingi Kazungu Ngumbao	Registered to Jacob Mukwambo who leased to Liana Ltd. Kingi Kazungu is a claimant. A portion is claimed by a Sec. sch. claim to the property; Jacob Mukwambo, Kingi Kazungu Ngumbao, Johnson Matano, Liana Ltd and Kingi Kazungu.	First allocated by way of adjudicated to Jacob Mukwambo, a freehold title was issued in 1982. The property was then leased to Liana Limited. The freehold title was recalled and the green card cancelled by the Commissioner of Lands in exchange for leasehold title. A certificate of lease was issued Liana Limited and a lease issued on 29th April, 1994 by the Commissioner for Lands. Jacob Mukwambo did not transfer, either by way of sale, gift or surrender to any third party. Therefore Kingi Kazungu Ngumbao could not possibly hold a valid letter of allotment on top of an existing title, the letter of allotment should be cancelled. Kingi Kazungu and Johnson Matano Kalama did not produce any documents to support their claim of ownership hence their	Cleared
