THE NATIONAL ENVIRONMENT MANAGEMENT
AUTHORITYENVIRONMENTAL IMPACT ASSESSMENT STUDY REPORT
FOR THE PROPOSED KIBERA DEVELOPMENT PROGRAMME

INVITATION OF PUBLIC COMMENTS

PURSUANT to regulation 21 of Environmental (Impact Assessment and Audit) Regulations, the National Environment Management Authority (NEMA) has received an environmental impact assessment study report for the implementation of the proposed Kibera development programme.

The Proposed project has two main components: Water supply and Sewerage in Kibera Slum Area. The proposed project will cover the three villages of Soweto East, Silanga and Laini Saba.

The items under the water supply component will include;

- Extension of Water Supply System
- Extension of Distribution system
- Configuration of Spaghetti Pipes
- Bulk Metering

To address the sanitation situation in the area, various alternatives will be considered.

- On Site Sanitation System
- Extension of Trunk Sewers

The project anticipates the following impacts and mitigation measures:

| <i>Possible Impact</i> | <i>Mitigation Measures</i> |
|------------------------|--|
| Waste management | <ul style="list-style-type: none"> • Waste oil will be collected for transport and off-site disposal • Littering should be prevented. Adequate containers for litter removal should be supplied on site. These containers should be emptied on a regular basis and the contents removed to an appropriate and licensed waste disposal site. • The Contractor shall set up a solid waste control and removal system. • Bins shall be emptied on a daily basis. • Waste and litter shall be disposed of into scavenger – and weather proof bins. The contractor shall then remove the refuse collected from the working areas, from site at least once a week. • Refuse must be disposed at a licensed waste disposal site |
| Air quality management | <ul style="list-style-type: none"> • Ensuring that vehicles and equipment are appropriately maintained or covered to minimize emissions. • Vehicle speeds be limited to a maximum of 30km/h • No open burning of wastes to be undertaken without permission • The contractor shall ensure that appropriate dust suppression techniques are implemented when dust generation is unavoidable. • Strict measures are to be applied for the handling of construction materials in powder form such as cement, lime, concrete additives, etc. and for the disposal of the packaging. |

*Possible Impact**Mitigation Measures*

Noise management

- Best available work practices will be employed on-site to minimize occupational noise levels.
- All construction equipment will be regularly inspected and maintained in good working condition.
- Provision of ear muffs for those working with noise producing equipment.
- Combine noisy operations so that they occur at the same time. The total noise level will not be significantly louder than the level produced if the operations were to be undertaken separately;
- The contractor shall take all reasonable measures to minimise the generation of dust as a result of construction activities to the satisfaction of the NEMA.

Incidents and Complaints
/Conflicts

- Immediate action undertaken within 24 hours of receipt of a complaint
- Investigations completed within seven days of receipt of complaint.
- All corrective actions implemented by due date
- All incidents and complaints will be recorded in the contractors incident reporting system
- Reports of all incidents and complaints will be submitted to the EHS Officer at AWSB.
- Investigations completed within seven days of receipt of complaint.
- All corrective actions implemented by due date
- All incidents and complaints will be recorded in the contractors incident reporting system
- Reports of all incidents and complaints will be submitted to the EHS Officer at AWSB.

Fire Safety Management

- Label all inflammable materials and store them appropriately
- Provision of adequate firefighting equipment capable of fighting all classes of fire
- Put “No Smoking Signs” in areas where inflammables are stored
- Train workers on the use of fire fighting equipment
- Display a list of emergency contact numbers prominently

Occupational health and
safety

- Provision of appropriate working tools such as safety shoes and helmets
- Display at prominent places occupational health and safety rules.
- Test and approve equipment before use.
- Training workers on how to use various PPE and proper use of machinery.
- Provision shall be made for employee facilities including shelter, toilets and washing facilities.
- Toilet facilities supplied by the contractor for the workers shall occur at a minimum ratio of 1 toilet per 30 workers (preferred 1:15).

| <i>Possible Impact</i> | <i>Mitigation Measures</i> |
|------------------------|---|
| | <ul style="list-style-type: none"> • The exact location of the toilets shall be approved by the Public Health Department prior to establishment. • Sanitation facilities shall be located within 100m from any point of work, but not closer than 50 m to any water body. • All temporary/portable toilets shall be secured to the ground to prevent them toppling due to wind or any other cause. • The contractor shall ensure that the entrances to toilets are adequately screened from public view. • Only approved portable toilets should be used. • These facilities shall be maintained in a hygienic state and serviced regularly. Toilet paper shall be provided • The contractor shall ensure that no spillage occurs when the toilets are cleaned or emptied and that the contents are removed from site to an approved disposal site. • Discharge of waste from toilets into the environment and burying of waste is strictly prohibited. • Wash areas shall be placed and constructed in such a manner so as to ensure that the surrounding areas, which include groundwater, are not polluted. |

- 15 No. 3 bed roomed cottages

Phase 4

- 1 No. Clubhouse
- 1 No. Office park
- ¾ of the shopping mall
- 1 No. Nursery school
- 1 No. Health clinic

The proposed development will be situated on plot L.R. No.11148/4 which has an approximate of 34.6 Ha, located about three kilometres from Thika Road turn off to Thika/Gatanga Road opposite Blue Post Hotel and ten kilometres from Thika town centre.

The project anticipates the following impacts and mitigation measures:

Possible Impacts

Disturbance of soil profile

Noise and air pollutions

Occupational health and safety

Grey water disposal

Solid waste disposal

Energy use

Mitigation Measures

- Concentrate excavation on the foundation lines, within the road carriage- way and service lines.

- Recycling soil (all soil) on the site appropriately.

- Retain all trees within the river valleys and the lower slopes

- Plant new trees as outlined in the report

- Provide dust masks to the construction workers

- Sprinkle water on loose soils on the site

- Transport sand on a covered tipper to reduce it being blown by wind

- Erect perimeter dust covers where necessary

- The machineries used on site shall be serviced time and again to reduce such exhaust emissions as gaseous emissions

- A well stocked first aid box should be stored always on site

- The workers and any other authorized person visiting the construction site should also wear protective clothing while on site

- Contract a qualified contractor

- Provide toilets for construction workers

- Avail drinking water to the construction workers

- Adequate means of grey water drainage to septic tanks

- Storm water will be collected into drains constructed and directed to the river by gravity

- Provision of refuse bins in each household

- Individual family unit to compost its waste by delivering it to the designated areas

- Proper use of drains and regular check ups to unblock blocked lines

- Put into appropriate garbage bags and disposed off by a licensed handler

- Switch off lights during the day and in rooms where it is not needed

- Consider use of solar power to heat water for bathroom and washing

FOR THE PROPOSED MULTI-STOREY OFFICE BLOCK ON
PLOT L.R. NO. 209/11456

INVITATION OF PUBLIC COMMENTS

PURSUANT to regulation 21 of Environmental (Impact Assessment and Audit) Regulations, the National Environment Management Authority (NEMA) has received an environmental impact assessment study report for the implementation of the proposed multi-storey office block for Kenya National Assembly.

The proposed project will consist of six (6) Basement floors, Ground floor and 26 no. level floors. The project is located on Plot L.R. No.209/11456, situated along Harambee Avenue opposite Parliament Buildings in Nairobi's CBD.

The project anticipates the following impacts and mitigation measures:

| <i>Possible Impacts</i> | <i>Mitigation measures</i> |
|---------------------------|---|
| Air pollution | <ul style="list-style-type: none"> Control speed/operation of vehicles. Regular maintenance of machinery and equipment. Engage sensitive operation workers. Sprinkle water on dusty areas, access routes and loose construction materials. |
| Noise pollution | <ul style="list-style-type: none"> Constant machinery maintenance to reduce noise from friction, loose parts etc. Operation activities to be restricted to daytime between 8 a.m. and 5 p.m. Workers in the vicinity of high-level noise to wear safety and protective gear. Provide barrier such as walls and trees around site boundaries to provide some buffer against noise prorogation. |
| Water resources | <ul style="list-style-type: none"> Avoid unnecessary wastage. Recycling of water at the operation phase where possible. Make use of roof catchments to provide water. Install water conserving taps that turn off automatically when water is not being used. Source water from other available places to increase water supply. |
| Degradation on vegetation | <ul style="list-style-type: none"> Maintain tree strands. Planting more trees. Creation and maintenance of waterways. |

Possible Impacts

Mitigation measures

Security

- Reduction of area to be paved.
- Provide security guards and facilities during operation period.
- The gate should always be controlled by the security men, even during operation.

Solid and liquid waste

- Use of integrated solid waste management system.
- Enhance cooperation between city council authority and the public/residents.
- Proper design of the sewerage system.
- Prompt maintenance of the system.
- Cleanliness of the system.
- Provision of reliable water supply.

THE ENVIRONMENTAL MANAGEMENT AND CO-ORDINATION ACT

(No. 8 of 1999)

THE NATIONAL ENVIRONMENT MANAGEMENT AUTHORITY

ENVIRONMENTAL IMPACT ASSESSMENT STUDY REPORT FOR THE PROPOSED INLAND CONTAINER DEPOT, AND SUPPORT FACILITIES ON PLOTS L.R. NOS. 4178, 4180, 4404 AND 4405/VI/MN OFF MAKUPA CAUSEWAY WITHIN MOMBASA MUNICIPALITY

INVITATION OF PUBLIC COMMENTS

PURSUANT to regulation 21 of Environmental (Impact Assessment and Audit) Regulations, the National Environment Management Authority (NEMA) has received an environmental impact assessment study report for the implementation of the proposed construction of inland container depot.

The proposed project activities will include site preparation activities, excavation, casting foundation, building of a boundary wall, construction of the depot area and a 2 storey office block. Also included are a fire station, paving works for the container stacking yard and the truck marshalling area. The 33KV high tension power supply line will be rerouted and commercial supply installed at the facility.

The proposed project will be located on plots L.R. Nos. 4178, 4180, 4404 and 4405/VI/MN off Makupa Causeway within Mombasa Municipality.

The project anticipates the following impacts and mitigation measures:

| <i>Possible impacts</i> | <i>Mitigation Measures</i> |
|---|---|
| Decommissioning and rehabilitation of the dumpsite area | <ul style="list-style-type: none"> Observe the conditions of use of the land as stipulated in the title deeds. Analyze the characteristics of solid waste at the site. Remove all waste from construction site to the municipal site or temporary holding. Prepare landfill cells. Construct leachate collection system. Discontinue dumping at the site. |
| Vegetation disturbance | <ul style="list-style-type: none"> Ensure proper demarcation and delineation of the project area to be affected by the construction works. Specify location for trailers and equipment, and areas of the site which should be kept free of traffic, equipment and storage. Designate access routes and parking within the site. |

| <i>Possible Impacts</i> | <i>Mitigation measures</i> | <i>Possible Impacts</i> | <i>Mitigation measures</i> |
|--|--|--|---|
| Increased storm water, runoff and soil erosion | <ul style="list-style-type: none"> • Introduction of vegetation (trees, shrubs and grass) on open spaces and around the project site and their maintenance. • Design and implement an appropriate landscaping programme to help in re-vegetation of part of the project area after construction. • Surface runoff and roof water shall be harvested and stored in underground reservoir for reuse. • A storm water management plan that minimizes impervious area infiltration by use of recharge areas and use of detention and/or retention with graduated outlet control structure will be designed. • Apply soil control measures such as leveling of the project site to reduce run-off velocity and increase infiltration of storm water into the soil. • Ensure that any compacted areas are ripped to reduce run-off. • Site excavation works to be planned such that a section is completed and rehabilitated before another section begins. • Interconnected open drains will be provided on site. • Roof catchments will be used to collect the storm water. | Noise and vibration | <ul style="list-style-type: none"> • Sensitize construction vehicles drivers and machinery operators to switch off engines of vehicles or machinery not being used. • Ensure that construction machinery are kept in good conditions to reduce noise generation. • Ensure that all generators and heavy duty equipment are insulated or placed in enclosures to minimize ambient noise levels. • Adhere to provisions of Legal Notice 61 of 2009 regarding noise level limits at the workplace. |
| Increased solid waste generation | <ul style="list-style-type: none"> • Use of an integrated solid waste management system i.e. through a hierarchy of options: Source reduction, Recycling, Compositing and reuse, Combustion, Sanitary land filling. • Provide facilities for proper handling and storage of construction materials to reduce the amount of waste caused by damage or exposure to the elements. • Use of building materials that have minimal or no packaging to avoid the generation of excessive packaging waste. • Reuse packaging material such as cartons, cement bags, empty metal and plastic containers to reduce waste at the site. • Waste collection bins to provided at designated positions at the site. | Increased energy consumption | <ul style="list-style-type: none"> • Ensure electrical equipment, appliances and lights are switched off when not being used. • Install energy saving fluorescent tubes at all lighting points instead of bulbs which consume higher electric energy. • Ensure planning of transportation of materials to ensure that fossil fuels (diesel, petrol) are not consumed in excessive amounts. • Monitor energy use during construction and set targets for reduction of energy use. |
| Dust emissions | <ul style="list-style-type: none"> • Ensure strict enforcement of on-site speed limit regulations. • Avoid excavations works in extremely dry weathers. • Sprinkle water on graded access routes when necessary to reduce dust generation by construction vehicles. • Personal Protective Equipment to be worn at all times | High water demand | <ul style="list-style-type: none"> • Install water conserving taps that turn off automatically when water is not used • Promote recycling and reuse of water as much as possible • Install a discharge meter at water outlets to determine and monitor total water usage • Promptly detect and repair of water pipe and tank leaks |
| Exhaust emission | <ul style="list-style-type: none"> • Vehicle idling time shall be minimized. • Alternatively fuelled construction equipment shall be used where feasible equipment shall be properly tuned and maintained. • Sensitize truck drivers to avoid unnecessary racing of vehicle engines at loading/ offloading points and parking areas, and to switch off or keep vehicle engines at these points. | Generation of wastewater | <ul style="list-style-type: none"> • Provide means for handling sewage generated by construction workers (mobile toilets). • Conduct regular checks for sewage pipe blockages or damages since such vice can lead to release of effluent into land and water bodies. • Monitor effluent quality regularly to ensure that the stipulated discharge rules and regulations are not violated to comply with Legal Notice No. 120 of 2006. |
| | | Incidents, accidents and dangerous occurrences | <ul style="list-style-type: none"> • Ensure that provisions for reporting incidents, accidents and dangerous occurrences during construction using prescribed forms obtainable from the local Occupational Health and Safety Office (OHSO) are in place. • Enforcing adherence to safety procedures and preparing contingency plan for accident response in addition safety education and training shall be emphasized |
| | | Machinery/equipment safety | <ul style="list-style-type: none"> • Ensure that machinery, equipment, personal protective equipment, appliances and hand tools used in construction do comply with the prescribed safety and health standards and be appropriately installed maintained and safeguarded. |
| | | <i>Possible Impacts</i> | <i>Mitigation measures</i> |

- Chemical safety
- Ensure that equipment and work tasks are adapted to fit workers and their ability including protection against mental strain.
 - Arrangement must be in place to train and supervise inexperienced workers regarding construction machinery use and other procedures/operations.
 - Develop a suitable system for the safe collection, recycling and disposal of chemical wastes, obsolete chemicals and empty chemical containers to avoid their reuse for other purposes and to eliminate or minimize the risks to safety, health and environment.

The full report of the proposed project is available for inspection during working hours at:

- (a) Director-General, the National Environment Management Authority (NEMA), Kapiti Road, off Mombasa Road, P.O. Box 67839-00200, Nairobi.

ENVIRONMENTAL IMPACT ASSESSMENT STUDY REPORT FOR THE PROPOSED 2X1MW GARISSA THERMAL POWER PLANT PROJECT IN GARISSA DISTRICT

INVITATION OF PUBLIC COMMENTS

PURSUANT to regulation 21 of Environmental (Impact Assessment and Audit) Regulations, the National Environment Management Authority (NEMA) has received an environmental impact assessment study report for the implementation of the proposed 2X1MW thermal power plant project.

The proposed development will involve procuring, installing and commissioning two (2) additional Caterpillar Generator Engines with capacities of 1000KW each. The 2X1MW Generator Sets are to be installed on fast track basis. Upon completion of these additional engines the total installed capacity will increase from 4100 to 6100KW. This project is to cover Garissa town.

The project anticipates the following impacts and mitigation measures:

| Possible Impacts | Mitigation Measures |
|------------------|--|
| Air Quality | <ul style="list-style-type: none"> • Use of low sulphur content fuel; • Regular timely maintenance of the Generators; • Use of fuel additives to minimize emission; |
| Possible Impacts | Mitigation measures |

| | |
|--|---|
| Noise and Vibrations | <ul style="list-style-type: none"> • Water spraying to suppress dust emissions during construction; • Use of dust masks during construction; • Periodic monitoring of exhaust emission and annual audits • New machines equipped with silencers and spring mountings; • Construction of perimeter stone wall of 2.5-3 meters high; • Planting 2-3 rows of trees along the perimeter wall; • Operation of the plant with the power house doors closed; • Regular maintenance of construction equipment engines and auxiliaries; • Periodic monitoring of noise levels and annual audits • Sensitize and train construction workers on effects of high frequency noise, importance of signage and need for use of Personal Protective Equipment (PPE) e.g. ear plugs and muffs; • Provide and enforce use of PPE • Restriction of length of working hours |
| Solid Waste | <ul style="list-style-type: none"> • Implementation of good site practices consisting of: • Systematic collection, segregation, and storage of solid waste in secured containers and proper disposal; • A waste management program consisting of reduction, re-use and recycling of waste materials; • Ensure proper handling, transport and disposal of waste to designated sites and recycling firms |
| Waste Oil and Sludge Disposal and Oily Wastewater Discharges | <ul style="list-style-type: none"> • Regular inspection for oil leakages; • Timely maintenance of the engines; • Installation of oily wastewater separator; • Proper handling, transfer, storage and transportation of waste oil and sludge for re-use; and • Discharge of oily wastewater to maintenance service tank and re-use of the water for cooling after completion of engine or auxiliary equipment maintenance works. |
| Loss of Vegetation | <ul style="list-style-type: none"> • Restrict clearing of trees to necessary areas only; • Landscaping and planting of trees in all disturbed areas and maintaining them until they are fully established |
| Labour, Goods and Services | <ul style="list-style-type: none"> • Utilize local labour (particularly for unskilled and semi-skilled jobs), goods and services, whenever available; • Consider distributing employment opportunities to include women and the youth |
| Public Health and Safety | <ul style="list-style-type: none"> • Restrict entry into construction sites to authorized persons only; • Reduce dust emission levels through regular watering of opened grounds, • Provision of safe and clean drinking water to the workers; |
| Possible Impacts | Mitigation measures |

- Occupational Health and Safety
- Awareness creation and sensitization of employees and local community on diseases such as HIV and AIDS and preventive measures
 - Monitor noise levels;
 - Adhere to Safety Policy and Work Procedures for construction, operation and demolition works that include:
 - Training and provision of health safety and welfare plans
 - Provision of and enforcement of use of Personal Protective Equipment (PPE) e.g. protective clothing

ENVIRONMENTAL IMPACT ASSESSMENT STUDY REPORT FOR THE PROPOSED MIXED DEVELOPMENT ON LR.12715/546, OFF MOMBASA ROAD

INVITATION OF PUBLIC COMMENTS

PURSUANT to regulation 21 of Environmental (Impact Assessment and Audit) Regulations, the National Environment Management Authority (NEMA) has received an environmental impact assessment study report for the implementation of the proposed mixed development.

The proposed housing development will be comprised of 8 Godowns, Private Filling Station, Office Blocks and Residential Flats.

The site is located on LR. NO 12715/546, measuring 2.057ha. This project is located abutting JKIA Country club opposite Kapa Oil Refineries Ltd, off Mombasa Road.

The project anticipates the following impacts and mitigation measures:

| <i>Possible Impacts</i> | <i>Mitigation Measures</i> |
|-------------------------|--|
| Soil erosion | <ul style="list-style-type: none"> • Control earthworks • Install drainage structures properly • Compact loose soils • Landscaping • Ensure management of excavation activities |

Possible Impacts

Mitigation measures

Air pollution

- Control activities especially during rainy conditions
- Provide soil erosion control and conservation structures where necessary.
- Observe efficiency of erosion control measures
- Control speed and operation of construction vehicles
- Prohibit idling of vehicles
- Water should be sprayed during the construction phase of excavated areas
- Regular maintenance of construction plant and equipment
- Engage sensitive construction workers.

Noise pollution

- Sensitize drivers of construction machinery on effects of noise
- Maintain plant equipment (if present)
- Construction activities to be restricted to daytime
- Workers in the vicinity of or involved in high level noise to wear respective safety & protective gear

Oil pollution

- Proper storage, handling and disposal of new oil and used oil and related wastes
- Maintain construction plant and equipment avoid leaks
- Maintenance of construction vehicles should be carried out in the contractors yard (off the site)

Water Sources

- Provide oil interceptors along the drains leading from car wash and service bays.
- Management of water usage. Avoid unnecessary wastage
- Recycling of water at the construction phase where possible
- Make use of roof catchments to provide water i.e. for general purpose

Road safety.

- Enforce speed limits for construction vehicles especially along roads leading to the site
- Provide bill boards at the site/entrance to notify motorists about the development.

Public health and occupational safety

- Ensure proper solid waste disposal and collection facilities
- Ensure effective wastewater management
- Design of sewerage system should be as provided in the approved plans
- Provide First Aid Kits
- Sensitize residents on environmental management

Vegetation

- Replant areas where vegetation is unnecessarily removed
- Landscaping and planting all disturbed areas
- Plating and grassing should be done just before the rains or irrigated on dry spells.

Possible Impacts

Mitigation measures

- | | |
|---|---|
| Fire safety training/Emergency response | <ul style="list-style-type: none"> • To enhance health and safety preparedness among stakeholders |
| Fire outbreak | <ul style="list-style-type: none"> • Ensure equipment is in good working condition • Install firefighting equipment as provided elsewhere in the report • Sensitize the residents on fire risks i.e. conduct regular fire drills • Adapt effective emergency response plan • Maintain fire fighting machinery regularly • Provide emergency numbers at strategic points |
| Security | <ul style="list-style-type: none"> • Provide security guards and facilities during construction period • The gate should always be controlled by the security men, even during occupation |

IMPORTANT NOTICE TO SUBSCRIBERS TO THE KENYA GAZETTE

THE following notes are for the guidance of persons submitting "copy" for inclusion in the *Kenya Gazette, Supplement*, etc.:

- (1) *The Kenya Gazette* contains Notices of a general nature which do not affect legislation. They are, therefore, submitted to the Government Printer directly.
- (2) *Legislative Supplement* contains Rules and Regulations which are issued by the Central Government. Because of this, they must be submitted to the Government Printer through the office of the Attorney-General.
- (3) *Bill Supplement* contains Bills which are for introduction in the National Assembly.
- (4) *Act Supplement* contains Acts passed by the National Assembly.

All "copy" submitted for publication should be prepared on one side of an A4 sheet no matter how small the Notice is, each page being numbered and should be typewritten with double spacing. Copy should be clear, legible and contain no alterations.

Particular attention should be paid to the following points:

- (i) Signature must be supported by rubber-stamping or typing the name of the signatory in capital letters.
- (ii) Dates must be correct and filled in where necessary.
- (iii) Care should be taken to ensure that all headings to Notices and references to legislation are up to date and conform with the Revised Edition of the Laws of Kenya.

EXTRACT FROM THE CODE OF REGULATIONS, SECTION D—

Kenya Gazette

"D 34. (1) Communications for the *Kenya Gazette* should reach the Government Printer not later than 9 a.m. on Friday of the week before publication is desired. The Government Printer will not publish communications received after that hour until the next subsequent issue of the Gazette.

(2) Ministries will be required to pay for the *Kenya Gazette* and to meet the cost of advertising in it.

It is emphasized that these notes are for guidance only, but it is requested that persons submitting copy for publication first satisfy themselves that such copy is complete in every respect.
