His Majesty's Sub-Commissioner in Ukamba shall annually nominate one Protectorate official, two Railway officials, whose names shall be furnished to him by the Chief Engineer for that purpose, and three of the leading merchants or other residents in the township of Nairobi (not being Protectorate or Railway officials) to act with him as a Committee for the purposes of these Regulations.

3. Meetings of the Committee shall be held at regular intervals. Special meetings may be convened as required by the Sub-Commissioner on his own motion, or upon the written request of two members of the Committee, provided that one week's notice of such special meeting shall have been served on every member of the Committee by notice left at his local address. Three members of the Committee shall form a quorum for the transaction of business. All resolutions of the Committee shall be passed by a majority of the members present, and in the event of there being an equal number of votes the Sub-Commissioner, who shall be the Chairman of the Committee, shall have a casting vote.

4. The Sub-Commissioner shall in the month of December in every year submit to the Committee an estimate of the cost of policing, lighting, and cleaning the township of Nairobi for the ensuing year. Such estimate shall be considered by the Committee, and may be approved by them with or without amendment.

5. When such estimate has been so approved, the Committee shall proceed to declare and levy such rate upon the rateable value of all property hereinafter described as may be necessary to provide for the estimated cost as aforesaid.

6. All lands and buildings, of whatever nature, within the limits of the township of Nairobi shall be assessed by the Committee upon the estimated annual gross value or rental thereof respectively, and such assessment when made shall be deemed to be the rateable value of such lands and buildings: Provided that any lands used as arable or pasture ground only, and any woodlands or market gardens, shall be assessed in proportion of one-fourth only of the annual gross value: Provided also that no rate shall be levied or be charged upon any lands or buildings for the time being in the occupation of His Majesty or of any Department of His Majesty's Government, or of the Government of the Protectorate, or Railway Administration, and used for public purposes only, or appropriated exclusively to public worship, public roads, public schools, public libraries, public hospitals, public lunatic asylums, or public burial-grounds, or which, with the approval of the Commissioner or of the Railway Committee, if within the Railway zone, have been appropriated to public gardens.

7. Notice of such assessment shall be served upon the occupier of every such building, or if the occupier is not known or cannot be found, shall be affixed to the door of such building, and thereupon the occupier shall be deemed to have been duly served.

In so far as the Committee may refuse to accede to such objections, the occupier may, within one month of receipt of notice of such refusal, lodge a notice of appeal with the Sub-Commissioner, and such appeal shall be heard by the Protectorate Judge or such other Judge as the Commissioner may from time to time appoint for the purpose, whose decision shall be final.

11. If no increase is made in the assessment of any lands or buildings at the time of annual assessments it shall be unnecessary to serve a fresh notice of assessment on the occupier, provided that the occupier may in the month of April in any year lodge a notice of objection to his assessment in the manner aforesaid, but notice of any increase in the assessment shall be served as aforesaid.

13. All rates collected under the provisions of these Regulations shall be expended exclusively in policing, cleansing and lighting the township of Nairobi, and in defraying the necessary expenses of the Committee.

14. From the date when a rate has been levied and has been notified to the public in the Official Gazette, the amount due in respect of any rateable property shall become a debt due from the occupier thereof to the Committee, and recoverable accordingly, and it shall, also be a first charge upon the property, and shall rank in priority to all other liens, mortgages, or charges whenever created for the period of three years from the date of the aforesaid publication in the Official Gazette, but no longer.

15. The Committee may from time to time, with the approval of the Commissioner, make bye-laws for the preservation of public health and good order within the township and any breach of such bye-laws shall be a breach of these Regulations and punishable with such penalties not exceeding Rs. 50 fine and imprisonment of either description for one month, as the bye-laws may prescribe, provided that the Committee shall call for a report from a Protectorate Medical Officer before making any bye-law relating to public health, and provided that in case of urgency declared in any such bye-laws the same shall take effect before such approval and shall continue to have effect unless and until they are disallowed by the Commissioner and until notice of such disallowance is received and published by the Committee, and such disallowance shall be without prejudice to anything done or suffered under such bye-laws in the meantime.

16. The Commissioner may from time to time declare any area adjacent to the township of Nairobi, as defined by these Regulations, to be part of the township of Nairobi, and such declaration shall take effect from the date on which such declaration is published in the Official Gazette.

17. "The Nairobi Municipal Regulations, 1900," are hereby repealed.
