THE ETHICS AND ANTI-CORRUPTION COMMISSION ACT

(No. 22 of 2011)

ANTI-CORRUPTION AND ECONOMIC CRIMES ACT

(No. 3 of 2003)

THE ETHICS AND ANTI-CORRUPTION COMMISSION

THE FOURTH QUARTERLY REPORT COVERING THE PERIOD 1ST
OCTOBER TO 31ST DECEMBER, 2016

Preamble

The Ethics and Anti-Corruption Commission is required under section 36 of the Anti-Corruption and Economic Crimes Act, 2003, to prepare quarterly reports setting out the number of reports made to the Director of Public Prosecutions (DPP) under section 35 of the Anti-Corruption and Economic Crimes Act, 2003 as read with section 11(1) (d) of the Ethics and Anti-Corruption Commission Act, 2011.

Section 36 provides that:

The Commission shall prepare quarterly reports setting out the number of reports made to the Director of Public Prosecutions under section 35 and such other statistical information relating to those reports, as the Commission considers appropriate.

A quarterly report shall indicate if a recommendation of the Commission to prosecute a person for corruption or economic crime was accepted or not accepted.

The Commission shall give a copy of each quarterly report to the Attorney-General.

The Attorney-General shall lay a copy of each quarterly report before the National Assembly.

The Commission shall cause each quarterly report to be published in the Gazette.

This report is therefore made pursuant to section 36 of the Anti-Corruption and Economic Crimes Act, 2003. The report covers the fourth Quarter and is for the period commencing 1st October, 2016 to 31st December, 2016.

INVESTIGATION REPORTS COVERING THE PERIOD 1ST OCTOBER TO
31ST DECEMBER, 2016

EACC/AT/INQ/03/2013

Inquiry into allegations of fraudulent claims amounting to KSh. 577,000,000 by Erad Supplies and General Contractors Limited against National Cereals and Produce Board in regard to the contract for importation of 40,000 metric tonnes of maize

Investigations revealed that in July, 2004, the Ministry of Agriculture communicated to the National Cereals and Produce Board (NCPB) the decision by the Government to import two million bags of maize through restricted tendering. Erad Supplies and General Contractors Limited was among the firms that won the floated tenders. In the contract signed, the bond submitted by the company was to be valid after NCPB had issued the letter of Credit. Owing to the alleged contract signed between NCPB and Erad Supplies and General Contractors Limited, the company allegedly secured the maize and had it stored at a cost. The letter of credit was not issued by NCPB and the supplier did not release the maize; consequently the maize was not imported. Due to the alleged storage costs, there arose a dispute which was presented for arbitration. A decision was made in favour of Erad and was awarded USD 3,106,00 together with an interest of 12% per annum. The High Court confirmed the award but set aside the interest of costs. NCPB has so far paid KSh. 312,842,536.70 while KSh. 264,864,285 is pending awaiting an appeal lodged by NCPB in the Court of Appeal. However the investigations established that to get a favourable outcome at the Arbitration, some officials of Erad Supplies and General Contractors Limited had used false documents.

A report was prepared and forwarded to Director of Public Prosecution (DPP) on 14th October, 2016 with a recommendation to prosecute the suspects with the offences of uttering false document contrary to section 353 of the penal code, perjury contrary to section 108 (1) of the Penal Code and fraudulent acquisition contrary to section 45 (1) (a) 46 as read with section 48 (1) of the Anti-corruption and Economic Crimes Act.

On 23rd December, 2016, the DPP concurred with the recommendation for prosecution save for directions that further investigations with a view to strengthening the case be done before suspects are charged in court.

EACC/GSA/FI/INQ/08/2014

Inquiry into allegations of irregular recruitment of the Managing Director for Garissa Water and Sewerage Company

Investigations revealed that in the recruitment process, there was an irregularity in the recommendation that was made by Board of Garissa Water and Sewerage Company in the appointment of the managing Director.

A report was prepared and forwarded to the Director of Public Prosecution on 16th December, 2016 recommending prosecution with the offence of abuse of office contrary to section 46 of the Anti-corruption and Economic Crimes Act as read with section 48 (1) of the Anti-corruption and Economic Crimes Act

On 30th December, 2016, the Director of Public Prosecutions concurred with the recommendation for prosecution.

EACC/NYR/FI/INQ/25/2015

Inquiry into allegations of irregularities in the procurement process regarding Tender No. JPIP/NCB/04/2013-2014 (proposed extension of Kangema Law Courts-Phase II)

Investigations revealed that the procurement of the works for the extension of Kangema Law Courts was done in accordance with the Public Procurement and Disposal Act and the Regulations thereto and no culpability was established.

On 14th October, 2016, a report was prepared and forwarded to Director of Public Prosecution recommending closure of the inquiry file.

On 23rd December, 2016, the Director of Public Prosecution concurred with our recommendations for closure.

EACC/MSA/EL/INQ/001/2015

Inquiry into allegations of unethical conduct by members of Kilifi County Assembly on 31st March, 2015

Investigations established that the Members of the County Assembly disrupted a session by forcefully entering the Assembly and wanting to remove the maze because their motion of removing the County Secretary could not proceed.

A report was prepared and forwarded to the Director of Public Prosecution on 14th October, 2016, with a recommendation to caution the members against the conduct and an advisory to be issued to the County Assembly Members regarding adherence to the leadership code of the County Assembly.

On 29th December, 2016, the DPP concurred with the recommendation for administrative action.

EACC/FI/INQ/50/2015

Inquiry into allegations that Mumias Sugar Company irregularly awarded tenders for procurement of fertilizer to Shah Kanji Lalji and Sons Limited and Eldoret Packers Limited at KSh. 203.4 million without the approval of the Board Tender Committee (BTC)

Investigations revealed that Mumias Sugar Company Limited is a private company and the Government holds only 20% of the shares; which means that the Government does not have the controlling shares of the company. On this basis of the shares percentage, the company does not fall within the ambit of Public Procurement and Disposal Act and Anti-corruption and Economic Crimes Act.

A report was prepared and forwarded to the Director of Public Prosecution on 26th October, 2016, recommending closure of the inquiry file.

On 28th December, 2016, the Director of Public Prosecution recommended that further Investigations be conducted.

KACC/FI/INQ/19/2011

Inquiry into allegations that Makueni County Council Clerk and some councillors colluded to unlawfully sell trees in Kitundu B Forest to loggers

Investigations established various contradictions in the evidence gathered and that the available evidence was not sufficient to sustain any charges against the suspects.

A report was prepared and forwarded to the Director of Public Prosecution on 17th November, 2016, with a recommendation to close the inquiry file

On 29th December, 2016, the DPP concurred with the recommendation for closure.

EACC/KSM/INQ/FI/83/2015

Inquiry into allegations against officers of the County Government of Bungoma for irregular purchase of nine wheelbarrows at an inflated cost of KSh. 109,320 all amounting to KSh. 993,880

Investigation revealed that the relevant Department raised a requisition of nine steel wheelbarrows to the Procurement Department. The procurement was carried out and the tender awarded at a unit cost of KSh. 109,320 per unit, a price which was in excess of the market value. It was established that some County Officials were liable for excessive payments of the nine wheelbarrows, that they failed to ensure that the expenditure incurred was in accordance with the law and that the concerned should be held liable for refund of the excess monies paid.

A report was prepared and forwarded to the Director of Public Prosecution on 17th November, 2016 recommending prosecution of the County Officials with the several offences which include wilful failure to comply with the law relating to procurement contrary to section 45 (2) (b), abuse of office contrary to section 46 and fraudulent acquisition of public property contrary to section as read with section 48 (1) of the Anti-corruption and Economic Crimes Act.

On 4th January, 2017, the DPP concurred with the recommendation for prosecution.

EACC/KSM/FI/INQ/28/20165

Inquiry into allegations against officers of the County Government of Migori for making irregular payments of KSh. 15,323,386 to M/S Toyota Kericho for motor vehicles not delivered

Investigations revealed that Kericho Director of Health made a requisition of two ambulances. The procurement was initiated and tender awarded to Toyota Kericho. The Vehicles were delivered but it was established that the payment was in excess of the amount approved in the County Budget and that a false Inspection and Acceptance Report had been made.

A report was prepared and forwarded to the Director of Public Prosecution on 28th November, 2016 recommending prosecution of the County Officials with the several offences of wilful failure to comply with the law relating to procurement contrary to section 45 (2) (b) as read with section 48 (1) of the Anti-corruption and Economic Crimes Act and making a false document contrary to section 37 (d) (1) of the penal code.

On 4th January, 2017, the DPP concurred with the recommendation for prosecution.

CR. 342/349/2015 CF NO. ACC MSA 2346/2015

Inquiry into allegations of impersonation within Mombasa County

Investigations established that at the time the suspect was renting a house within Mombasa County and he introduced himself as an officer of EACC which was not true. He then went ahead and issued a cheque of KSh. 42,000 that later bounced. He was later traced and arrested. There was no sufficient evidence for the offence of impersonation.

A report was prepared and forwarded to the Director of Public Prosecution on 7th December, 2016, recommending prosecution of the suspects by the Director of Criminal Investigations with the offence of issuing a bad Cheque contrary to section 316A (1) (a) (4) of the penal code.

On 5th January, 2017, the Director of Public Prosecutions concurred with the recommendation for prosecution.

EACC/MLBA/FI/INQ/02/2016

Inquiry into allegations of fraudulent acquisition of public funds by officials of Nzoia Sugar Company Limited

Investigations revealed that between 2014 and 2015 there was a well orchestrated scheme to syphon money from Nzoia Sugar Company by making false claims through payments made using petty cash kitty. The claims were made on false and none existent meals and entertainment and the supporting documents like receipts alleged to be from Hotels had been forged. Despite several glaring discrepancies, the vouchers were processed and honoured leading to loss of public funds. The scheme involved officials of the Sugar Company.

A report was prepared and forwarded to the Director of Public Prosecution on 7th December, 2016 recommending several offences which include wilful failure to comply with the law relating to management of public funds section 45 (2) (b), fraudulently making payments from public revenue contrary to section 45 (2)(a), fraudulent acquisition of public property contrary to section 45 (1) (a), conspiracy to commit an offence of corruption contrary to section 47 A (3) as read with section 48 (1) of the Anti-corruption and Economic Crimes Act and making a false document without authority contrary to section 357 (a) of the Penal Code.

On 3rd January, 2017, the Director of Public Prosecutions concurred with the recommendation for prosecution.

EACC/FI/INQ/43/2015

Inquiry into allegations that the Former Permanent Secretary and Head of Public Service was influencing the Tender Evaluation Committee to recommend an award of Tender No. OOP/APHQS/06/2014 for the supply of para-military equipment to certain companies whose owners are linked to him

Investigations revealed that in 2014, the Administration Police Service advertised various tenders for the supply of different items. The procurement was done in accordance the Public Procurement and Disposal Act and the Regulations thereto and there is no evidence to show that any Company was favoured in the process. Head of Public Service did not have any relationship with the companies mentioned that were alleged to have been favoured.

A report was prepared and forwarded to the Director of Public Prosecution on 7th December, 2016, recommending closure of the inquiry file.

On 4th January, 2017, the Director of Public Prosecution concurred with the recommendation for closure.

EACC/FI/INQ/02/2013

Inquiry into allegations of embezzlement of over KSh. 70 million out of KSh. 153,639,843 disbursed by the National CDF Board to Tigania West CDF by the former Member of Parliament during the Financial Year 2007/2008, 2008/2009 and 2009/2010

Investigations established that the Member of Parliament did not embezzle any funds and that he never initiated any ghost project within the constituency with the intention to defraud the CDF Funds. There was evidence that the area constituents initiated some genuine projects but there was no evidence of any interference by the Member of Parliament.

A report was prepared and forwarded to the Director of Public Prosecution on 30th September, 2016 recommending closure of the file with no further action.

On 29th December, 2016, the Director of Public Prosecutions concurred with the recommendation for Closure.

EACC/EL/INQ/13/2016

Inquiry into corruption allegations that the CEO-NGO Co-ordination Board used forged certificate to secure employment to the said Board

Investigations revealed that by the time the CEO was being appointed, he did not have a Degree Certificate which was a basic requirement for the said position. Without the Degree Certificate, it meant that he was not qualified for the position during the time of his appointment.

During investigations the Commission sought to obtain the forged degree certificate that the CEO had presented purporting to have graduated but the same was not traced. It was suspected that the same may have been removed from his personal file and concealed. In the absence of the said forged certificate, a prosecution against him could not be sustained.

A report was prepared and forwarded to the Director of Public Prosecution on 16th December, 2016, recommending Administrative action against the CEO on account that he was not qualified for the position as at the time of the appointment.

On 4th January, 2017, the Director of Public Prosecutions recommended that further investigations be conducted.

THE ENVIRONMENTAL MANAGEMENT AND
CO-ORDINATION ACT

(No. 8 of 1999)

THE NATIONAL ENVIRONMENT MANAGEMENT
AUTHORITYENVIRONMENTAL IMPACT ASSESSMENT STUDY REPORT
FOR THE PROPOSED NAIROBI WESTERN BYPASS PROJECT
IN KIAMBU COUNTY

INVITATION OF PUBLIC COMMENTS

PURSUANT to regulation 21 of the Environmental Management and Co-ordination (Impact Assessment and Audit) Regulations, 2003, the National Environment Management Authority (NEMA) has received an Environmental Impact Assessment Study Report for the above proposed project.

The proponent, Kenya National Highways Authority (KeNHA) Nairobi Western Bypass Project In Kiambu County. The proposed Nairobi Western Bypass project starts from the end point of Nairobi Southern Bypass and links with trunk roads of the Kabete-Limuru Road (A104), Lower Kabete Road (E422J2), Getathuru road (D378), Ngong Road (E425J1), Limuru road, and D408 in loop type, and terminates at Nairobi Ruaka town where it connects with the starting point of the Northern Bypass. The overall length of the main alignment is 16.358 km, with 17.351 km service roads (excluding ramps). The project proposes to construct major interchanges at Dirt (Kwa Magu), Wangige, Ndenderu, Kihara, Rumingi and Ruaka.

The following are the anticipated impacts and proposed mitigation measures:

<i>Impacts</i>	<i>Proposed mitigation measures</i>
Loss of vegetation cover	<ul style="list-style-type: none"> • Right-of-way clearing should be limited to the areas required for construction. • Tree plantation along the road shall be undertaken as per permit conditions issued by the Kiambu County-Department of Forests and Agriculture. • The species shall be suitable for local climate. • Proper care shall be taken to increase survival rate of saplings like regular watering, pruning, provision of tree guards, manure for better nourishment, etc. including timely replacement of perished saplings.
Changes on topography and landscape	<ul style="list-style-type: none"> • Ensure all construction wastes are disposed as per EMCA(Waste Management) Regulations, 2006. • Cut slopes should be vegetated immediately after construction activities to prevent soil erosion and improve appearance.
Noise and excessive vibrations	<ul style="list-style-type: none"> • Maintain construction equipment properly as most noise originates from equipment. For example replacement of worn, loose or unbalanced machine parts that cause vibration, keeping machines well lubricated to reduce friction and adjusting belts valves and tightening bolts. • Damp noisy parts and equipment by installing sound absorbing materials or vibration isolation system's. • Be careful when selecting equipment to avoid use of old or damaged machinery with high level of noise emissions that would have a negative impact in the environment. • Maximize the offset distance between noisy equipment and residential and institutional receptors. • Ensure compliance with the permissible environmental noise standards stipulated

in Environmental Management and Coordination (Noise and Excessive Vibration Pollution) (Control) Regulations, 2009 and occupational noise limits provided by Occupational Safety and Health Act (Noise prevention and Control) rules, 2005 as well as other provisions relevant to the construction activities.

- Ensure formation of community liaison avenues to deal with the residents' concerns and seeking resolutions of the same at an early stage in an amicable manner.
- Undertake baseline noise levels in sections with sensitive receptors such as residential, institutions and trading centres. These shall form the benchmark against which the contractor shall work not to exceed by 5 decibels.
- Schedule regular inspection and spot checks for all noise generating equipment.
- If the EIA license permits night construction, then the contractor shall regulate night time uses of certain noisy machines, such as concrete vibrators and pile drivers. Such machines should be used during the day.
- Limit the times of construction to daylight hours (8am-5pm) in the vicinity of sensitive receptors.
- Further to minimize noise impacts near sensitive receptors (particularly schools), operation of excavator and other heavy machineries should be carried out mostly during off-hours eg. 3.30 pm to 7 pm and on holidays (Saturday and Sundays).
- Undertake follow up noise monitoring during the construction phase.
- Put up signage to prohibit hooting at areas where there are institutions and religious establishments.

Air quality degradation

- Undertake air quality baseline survey so as to establish baseline conditions to benchmark against during construction.
- Construction sites, transportation routes, diversions and materials handling sites to be water-sprayed on dry and windy days, especially if near sensitive receptors, such as the areas occupied by the major shopping centres, residential clusters and institutions such as schools and churches.
- Trucks to be covered with clean impervious sheeting during haulage of friable and loose construction materials to ensure that dusty materials does not leak from the vehicles.
- Dust generating project activities sites will be cordoned off with dust trappers to minimise dust migration to nearby facilities by wind e.g. excavation works
- Travel speeds of construction vehicles especially through business centres and institution areas will be controlled by use of signage, speed bumps and driver awareness programs. The maximum speed limit shall be 50km/hr.
- Construction equipment will be maintained in good operating condition to reduce exhaust emissions.

	<ul style="list-style-type: none"> • Construction work should be undertaken by an experienced and duly registered contractor with a verifiable sense of environmental awareness and responsibility. • The location and operation of asphalt batch plants to be sited as far as possible from sensitive receptors. • Staff working in dust generating activities e.g. site preparation, excavation, concrete mixing, stone dressing should be provided with appropriate dust masks. • Wet crushing of aggregate to curtail or reduce dust emission. • Maintain and service all construction vehicles periodically to ensure efficiency in fuel combustion thus reducing exhaust emissions. 	<ul style="list-style-type: none"> • Installation of barriers to deter pedestrian access to the roadway except at designated crossing points. • Designating passage ways for road users. • Undertake regular internal and annual statutory Occupational Safety and Health audits. • Establishment of work zones to separate workers on foot from traffic and equipment. • Routing of traffic to alternative roads when possible. • Closure of lanes and diversion of traffic to the remaining lanes if the road is wide. • use of protective barriers to shield workers from traffic vehicles. • Regulation of traffic flow by warning lights, avoiding the use of flaggers if possible. • Design of the work space to eliminate or decrease blind spots. • Reduction of maximum vehicle speeds in work zones; • Initiate toolbox talks before commencement of each day's work on issues of safety. • Training of workers in safety issues related to their activities, such as the hazards of working on foot around equipment and vehicles; and safe. • practices for work at night and in other low-visibility conditions, including use of high-visibility safety apparel and proper illumination for the work space (while controlling glare so as not to blind workers and passing motorists). • Ladders should be used according to pre-established safety procedures for proper placement, climbing, standing, as well as the use of extensions. • To reduce noise, the use of personal hearing protection by exposed personnel and implementation of work rotation programs to reduce cumulative exposure. • Falls prevention: • Establishment of a fall protection system should be appropriate for the structure and necessary movements, including ascent, descent, and moving from point to point. • Installation of fixtures on bridge components to facilitate the use of fall protection systems. • Maintenance of work vehicles and machinery to minimize air emissions. • Reduction of engine idling time in construction sites. • Use of extenders or other means to direct diesel exhaust away from the operator. • Provision of adequate ventilation in tunnels or other areas with limited natural air circulation. • Designate a Safety Environment and Health Officer to develop safety and health management plan and to monitor implementation. This should be developed before the project starts.
Increased solid wastes	<ul style="list-style-type: none"> • Waste from road construction shall be disposed in designated waste receptacles only. • Waste generators to ensure that waste is transported by a company which is licensed to transport and dispose of waste in designated waste facilities. • Use the 3R Waste Management Approach, i.e. Reduce, Reuse and Recycle whereby waste shall be segregated – plastics, glass, tins, papers, wood, metals etc. (later to be re-used or recycled). • Licensed solid waste handlers to collect the solid waste at regular intervals. • Engage a hazardous waste handler to collect hazardous wastes. • Licensed private artisan groups (Jua Kali) to provide avenue for reuse of old and disposable items hence reducing the volume of the garbage at the site during the whole project cycle. • Re use excess fill materials where possible e.g. to improve earth roads in the neighbourhoods. • Keep records of waste volumes/masses and types collected by the contracted entity. • Education and training for employees to help ensure that proper waste reduction, sorting, and disposal procedures are followed. 	
Safety and health outcomes	<ul style="list-style-type: none"> • Main is the development of a comprehensive Occupational, Health and Safety Plan. • Adoption of safe equipment and machinery use methods, training programs and occupational health and safety management systems. Such may include compliance to all international, national and local health and safety standards that may exist, issuance and training of all personnel in the use of Personal Protective Equipment (PPEs) and chemical handling and clear marking of work site hazards and training in recognition of hazard symbols and accident investigation and prevention initiatives; and development of and training in site emergency response plans. 	

	<ul style="list-style-type: none"> • Provide condom dispensers and locate them in prominent areas within the contractor's campsite such as in the worker toilets and changing rooms. • Intensify awareness on HIV/AIDS by use of billboards and free VCT services within the campsite accessible to members of the public. • Comply with the provisions of OSHA 2007. 		<p>Management Authority (WRMA) and NEMA as well.</p> <ul style="list-style-type: none"> • Monitor water use and keep records. • Conduct regular audits of water systems to identify and rectify any possible water leakages.
Land degradation	<ul style="list-style-type: none"> • Avoid wherever possible clearing areas of highly erodible soils and steep slopes which are prone to water and wind erosion. 	Natural drainage system	<ul style="list-style-type: none"> • Culverts should be designed to overcome waterlogging problem in the area. • Monitor the natural flow system during heavy rains and make improvements where necessary. • Clear blocked drainage channels.
	<ul style="list-style-type: none"> • Vegetate and mulch progressively as each section of works is completed. The interval between clearing and vegetation should be kept to an absolute minimum. • Coordinate work schedules, if more than one contractor is working on a site, so that there are no delays in construction activities resulting in disturbed land remaining un-stabilized. • Program construction activities so that the area of exposed soil is minimized during times of the year when the potential for erosion is high, for example during rainy season. 	Disruption of utility services	<ul style="list-style-type: none"> • Necessary planning and coordination with concerned authorities in charge of utilities. • The responsible authority should communicate, giving considerable notice, of any intended disruption of the services to enable the people to prepare for alternatives. • The relocation of services to be done by the responsible authority; and • Pollution incidences should be reported to NEMA, Kiambu County immediately.
Water pollution	<ul style="list-style-type: none"> • Implementation of erosion and sediment control measures such as silt fences. • Cover open stockpiles of construction materials with tarpaulin or similar fabric during rainy season. • Grit traps to be incorporated as part of the drainage system. • Removal of soil vegetative cover should be kept at minimum and should only be carried out with absolute necessity. • Installation of oil/grease interceptors at the service yard bridge before waste water is discharged into the septic/soak pits at the campsite. • Proper maintenance of the oil waste water treatment plant to ensure maximum efficiency. • Waste water discharged from the oil waste water treatment station into the sewer line/soak pit should comply with the standards set out in the fifth schedule of the EMCA (Water Quality) Regulations, 2006. • Separate storm water drainage and sewerage systems. • Storm water drains should be well separated from storage areas containing dangerous goods or hazardous waste where spills are possible so as to prevent disposal in the storm waterway. • Absorbent materials such as saw dust should be available at maintenance and repair areas and at storage areas, in order to clean up small spills from leaks or due to repairs. 	Traffic congestion and diversions	<ul style="list-style-type: none"> • Develop a comprehensive traffic management plan. • Information and warning signs about diversions should be deployed at strategic locations during construction to provide accurate and timely information to motorists, and enable them to make rational decisions on routing choices. • Construction activities that might substantially disrupt traffic e.g. delivery of materials should not be performed during peak travel periods to the maximum extent practicable. • Temporary manual traffic control should be used when construction occurs at signalized intersections on adjacent arterials or roadways. • It is recommended that to further mitigate the negative impacts due to traffic, the contractor is expected to adhere to Kiambu County government traffic by-laws and Kenya traffic law.
	<ul style="list-style-type: none"> • Proper maintenance of the oil waste water treatment plant to ensure maximum efficiency. • Waste water discharged from the oil waste water treatment station into the sewer line/soak pit should comply with the standards set out in the fifth schedule of the EMCA (Water Quality) Regulations, 2006. • Separate storm water drainage and sewerage systems. • Storm water drains should be well separated from storage areas containing dangerous goods or hazardous waste where spills are possible so as to prevent disposal in the storm waterway. • Absorbent materials such as saw dust should be available at maintenance and repair areas and at storage areas, in order to clean up small spills from leaks or due to repairs. 	Disruption of livelihoods, income and loss of revenue	<ul style="list-style-type: none"> • Relocation of PAPs with the objective of livelihood restoration. • The County Government of Kiambu should find alternative market places as resettlement sites for the traders to be displaced.

**IMPORTANT NOTICE TO SUBSCRIBERS TO
THE KENYA GAZETTE**

THE following notes are for the guidance of persons submitting "copy" for inclusion in the *Kenya Gazette, Supplement*, etc.:

- (1) *The Kenya Gazette* contains Notices of a general nature which do not affect legislation. They are, therefore, submitted to the Government Printer directly.
- (2) *Legislative Supplement* contains Rules and Regulations which are issued by the Central Government. Because of this, they must be submitted to the Government Printer through the office of the Attorney-General.
- (3) *Bill Supplement* contains Bills which are for introduction in the National Assembly.
- (4) *Act Supplement* contains Acts passed by the National Assembly.

All "copy" submitted for publication should be prepared on one side of an A4 sheet no matter how small the Notice is, each page being numbered and should be typewritten with double spacing. Copy should be clear, legible and contain no alterations.

Particular attention should be paid to the following points:

- (i) Signature must be supported by rubber-stamping or typing the name of the signatory in capital letters.
- (ii) Must be correct and filled in where necessary.
- (iii) Care should be taken to ensure that all headings to Notices and references to legislation are up to date and conform with the Revised Edition. of the Laws of Kenya.

EXTRACT FROM THE CODE OF REGULATIONS, SECTION D—

Kenya Gazette

"D 34. (1) Communications for the *Kenya Gazette* should reach the Government Printer not later than 9 a.m. on Friday of the week before publication is desired. The Government Printer will not publish communications received after that hour until the next subsequent issue of the Gazette.

(2) Ministries will be required to pay for the *Kenya Gazette* and to meet the cost of advertising in it.

It is emphasized that these notes are for guidance only, but it is requested that persons submitting copy for publication first satisfy themselves that such copy is complete in every respect.
