KENYA REVENUE AUTHORITY

REPORT OF THE CONTROLLER AND AUDITOR GENERAL ON THE FINANCIAL STATEMENTS OF THE KENYA REVENUE AUTHORITY FOR THE YEAR ENDED 30 JUNE, 2006

I have audited the financial statements of the Kenya Revenue Authority for the year ended 30 June, 2006 in accordance with the provisions of Section 8 of the Public Audit Act, 2003 and Section 18 of the Kenya Revenue Authority Act, Cap 469. I have obtained all the information and explanations which, to the best of my knowledge and belief, were necessary for the purpose of the audit. The financial statements are in agreement with the books of account.

Respective Responsibilities of the Management and the Controller and Auditor General

The Management of the Kenya Revenue Authority is responsible for the preparation of financial statements which give a true and fair view of the Authority's state of affairs and its operating results. My responsibility is to express an independent opinion on the financial statements based on my audit.

Basis of Opinion

The audit was conducted in accordance with the International Standards on Auditing. Those standards require that the audit be planned and performed with a view to obtaining reasonable assurance that the financial statements are free from material misstatement. An audit includes an examination, on a test basis, of evidence supporting the amounts and disclosures in the financial statements. It also includes an assessment of the accounting policies used and significant estimates made by the Management, as well as an evaluation of the overall presentation of the financial statements. I believe the audit provides a reasonable basis for my opinion.

Property, Plant and Equipment

As disclosed in Note 3(ii) to the financial statements, the Authority does not have title documents for some of its properties with a carrying value of KShs. 82,585,000.00. Further the Authority has not been issued with title documents for Times Tower Building which is carried in the financial statements at a valuation figure of KShs 2,594,391,058.00. I am therefore unable to confirm ownership of these properties.

Opinion

Except for the foregoing reservations, in my opinion, proper books of account have been kept and the financial statements give a true and fair view of the state of affairs of the Authority as at 30 June, 2006 and of its deficit and cash flows for the year then ended in accordance with the International Financial Reporting Standards and comply with the Kenya Revenue Authority Act, Cap 469 of the Laws of Kenya.

Dated the 11th June, 2007.

P. N. KOMORA,
Controller and Auditor-General.

NOTES TO THE FINANCIAL STATEMENTS

ESTABLISHMENT

Kenya Revenue Authority was established by an Act of Parliament, The Kenya Revenue Authority Act, and CAP. 469. The Authority's objectives are the assessment and collection of revenue, administration, enforcement of laws relating to and accounting for revenue collected under the Act.

ACCOUNTING POLICIES

(a) Basis of Accounting

The financial statements are prepared on the historical cost basis of accounting modified by the revaluation of certain assets. They are presented in Kenya Shillings (Kshs) rounded to the nearest thousand shillings and comply with International Financial Reporting Standards (IFRS).

(b) Revenue Recognition

In accordance with the Kenya Revenue Authority Act CAP 469, income to the Authority is 1.5% of total estimated revenue to be collected by the Authority on behalf of the Exchequer. Income is recognised when earned. In addition, the Authority is entitled to a Bonus of 3% of the surplus revenue collected above the estimates and also earns income from appropriation in aid and other activities.

(c) Development funding and asset Contributions by the Treasury

Contributions by the Treasury in form of assets or funding for acquisition of major assets or development projects are recognised as a financing reserve when received. No repayment of the financing is expected by the Authority.

(d) Property, Plant and Equipment

In the current year, the Authority has adopted the requirements of International Accounting Standard Number 17 and the interpretation issued by the Institute of Certified Public Accountants of Kenya on the same in respect of accounting for leasehold land. The effects of the changes resulting from the adoption are detailed in notes 3(b), 11 and 12.

Property, plant and equipment are stated at cost or valuation less accumulated depreciation. No depreciation is provided on freehold land. Depreciation is calculated to write off the cost or valuation of each asset to its residual value where applicable, over the expected useful life of the asset in equal installments. A full year's depreciation is charged in the year of purchase but no charge is made in the year of disposal.

The estimated useful life is as follows:

Plant & Machinery	8 years
Equipment/Furniture/Fittings	8 years
Boats	8 years
Motor Vehicles	5 years
Computers	3 years
Buildings	40 years

Gains or losses on property, plant and equipment are determined by reference to their carrying value and are taken into account in determining the surplus / (deficit) for the year.

The Authority changed the depreciation policy for Computers from a useful life of four years to three years.

(e) Translation of foreign currencies

Transactions in foreign currencies during the year are converted into Kenya Shillings at rates ruling at the transaction dates. Assets and liabilities at the balance sheet date, which are expressed in foreign currencies, are translated into Kenya Shillings at the rate ruling on that date. The resulting differences are dealt with in the income and expenditure statement in the financial year in which they arise.

(f) Retirement Benefits Obligations

The Authority operates a hybrid pension scheme with a defined benefit section and a defined contribution section for the permanent and pensionable employees. The pension costs relating to this scheme are assessed in accordance with advice of a qualified actuary. The assets of the scheme are held in a separate trustee-administered fund. The cost of providing pension and other post-retirement benefits for employees is charged to the income and expenditure account.

(g) Cash and Cash equivalents.

For purposes of the cash flow statement, cash and cash equivalents comprise cash in hand and short-term deposits held with banks.

(h) Leave Allowance Provision

Employee entitlements to annual leave are recognized when they accrue to employees. A provision is made for the estimated liability for annual leave as a result of services rendered by the employees up to the balance sheet date.

(i) Taxation

The Authority is exempt from taxation on investment income.
