#### MEMORANDUM OF OBJECTS AND REASONS

This Bill will give effect to the Report of the Select Committee appointed to review the working of the Hospital Services Scheme, which Report was accepted and approved by the Legislative Council in January, 1950

The principal changes as compared with the Hospital Services (European) Ordinance, 1946, are—

- (a) a change in the constitution of the Hospital Authority which will now be known as the European Hospital Fund Authority and will consist of—
  - (i) a person appointed by the Member for Health,
  - (ii) a person appointed by the Member for Finance,
  - (iii) four persons appointed by the European Elected Members,
- (b) the powers of the Authority have been restricted in the following respects, namely, the Authority will no longer be empowered to—
  - (i) provide hospital treatment for contributors or to enter into any agreements with hospitals for that purpose,
  - (ii) provide hospital treatment for a person who is not a contributor,
  - (iii) acquire by purchase any real property,
  - (iv) raise loans for the purposes of the Ordinance,
- (c) the Authority will not be empowered to incur any capital expenditure and its duties will, therefore, be merely to administer the Fund which will be known as the European Hospital Treatment Relief Fund,
- (d) contributions will in future be based on the total income instead of the chargeable income within the meaning of the Income Tax Ordinance, and the rates of contributions have necessarily been altered as a result of the widening of the margins of income between which the rate of contribution varies. This change has been made to facilitate collection. The differences in the rates of contribution of contributors are very small and result in persons in the lower income groups paying slightly less while those in the higher income groups pay a little more,
- (e) provision is made for an actuarial review every three years

The provisions of *clause 13* of this Bill, if passed into law, will result in an expenditure of public moneys of an amount comparable with that now expended pursuant to section 13 of the Hospital Services (European) Ordinance. The amount at present expended is estimated at £18,000 per annum
