GOVERNMENT NOTICE No. 501.

WATER-BORING.

REGULATIONS GOVERNING HIRE OF PUBLIC WORKS DEPARTMENT
DRILLS.

In publishing the accompanying conditions for general information Government desires to notify the public that water-boring operations, in the interests of economy, will be conducted by zones. The Colony and Protectorate has been divided into twenty sections for this purpose, comprising both non-native and native areas. In the event of the bore-holes proving unsuccessful, *i.e.*, if they are found to deliver less than one gallon per minute on test, Government proposes during the experimental stage to reduce the charges to the first ten applicants in each of these twenty sections to one half of the scheduled tariff rates subject to a minimum charge of £30. Applicants in this category will be notified to this effect by the Director of Public Works.

2. It will be realised that the limited number of drills available and the expenses and difficulties of transport render it impossible to guarantee that individual applications will be acceded to in the order in which they are received.

Discretion in this respect rests with the Director of Public Works to whom applications should be addressed on the appropriate form prescribed in the annexed regulations.

Nairobi,

The 29th September, 1927.

EDWARD DENHAM,
Colonial Secretary.

REGULATIONS AND CONDITIONS FOR HIRE OF
GOVERNMENT DRILLS FOR WATER-BORING,
ETC.

1. Government drills may be hired to applicants to bore for water for agricultural and other purposes, provided that, except on the authority of the Director of Public Works, they shall not be available to bore for water for private individuals on ground within or attached to any township.

2. Government drills may, subject to the approval of the Director of Public Works, be used for boring for mining or other purposes upon such terms and conditions as may be previously arranged.

PAYMENT OF CHARGES.

3. Payment for the hire of a drill shall be made either—

- (a) by cash in advance;
- (b) by cash on demand after completion of boring operations;
- (c) by three equal annual instalments.

PAYMENT OF CHARGES BY CASH IN ADVANCE.

4. If an applicant is required to pay cash in advance for the hire of a drill, he shall deposit with such officer of the Government as may be duly authorised thereto the sum of £75 (seventy-five pounds) before the drill may proceed to the site at which boring is to take place, and thereafter such further deposits as may be required: Provided, however, that when boring operations are completed any amount which has been deposited in excess of the charges fixed under the regulations shall be refunded.

PAYMENT OF CHARGES BY CASH ON DEMAND.

5. If an applicant, whose application may have been approved, desires to pay cash on demand for the hire of a drill, he shall provide one or more approved sureties or other approved security for the due payment in cash of all boring charges on demand upon completion of the boring operations.

PAYMENT OF CHARGES BY THREE ANNUAL PAYMENTS.

6. An applicant who wishes to pay for the boring charges by means of three equal annual payments, including interest at five per cent., shall provide one or more approved sureties or other approved security for the due payment of instalments in cash on demand, the first instalment of 35 per cent. of cost on completion of the bore-hole and the two other equal instalments at 12-monthly intervals from the date of completion. He shall deposit £25 in respect of each bore-hole with the Director of Public Works or with any other duly authorised officer of the Government before the drill proceeds to the site at which boring is to take place, and this deposit will be used as part payment of the first or subsequent payments.

SUBMISSION OF APPLICATIONS.

7. Every application for the hire of a drill, except as stated under section 2, shall be submitted on Form A to the Director of Public Works, who shall make such inquiries as are necessary to ascertain if the application is in order.

APPROVAL OF APPLICATION.

8. The approval or otherwise of an application shall be subject to the discretion of the Director of Public Works.

NOTIFICATION OF APPROVAL OF APPLICATION AND LIABILITY TO CANCELLATION THEREOF.

9. When an application has been approved, notice of its approval shall be sent to the applicant but no such notice of approval shall be understood to render the Government liable to undertake boring for the applicant, and the Director of Public Works may cancel any such notice.

The applicant can cancel or withdraw his application, provided that notice of such cancellation is given in writing to the Director of Public Works before any steps have been taken to carry out the work and before the Government has incurred any expense in connection therewith.

NOTICE OF THE AVAILABILITY OF DRILL.

10. A minimum notice of 24 hours that a drill is available shall be given to the applicant in writing, and such notice shall set forth the date and place at which he shall take over the drill. If on the expiry of such notice the applicant shall not

have taken over the drill, the acceptance of his application may be cancelled and the applicant shall, if required, pay the full charge for delay as prescribed in section 22 (c) of these regulations.

The taking over of the drill shall preclude the applicant from any denial of liability for its hire.

The cancellation of his application after notice of the availability of a drill has been received by the applicant shall not absolve him from liability to pay full charges for any delay caused by such cancellation.

CLASSES OF GOVERNMENT DRILLS.

11. The class of drill provided under these regulations shall be at the discretion of the Director of Public Works.

LABOUR.

12. The Department shall provide a foreman and such other labour as is considered necessary for the satisfactory operation of the drill.

The foreman shall have the entire direct charge of the drill and boring operations.

Should the applicant have any complaint to make, he shall submit it in writing without delay to the Director of Public Works..

TRANSPORT.

13. (a) The Department shall bear the cost of transport of the drill, appliances, drill staff and baggage to the railway station or siding nearest the farm of the applicant who first hires the drill in any district; or in the case of districts remote from the railway, to some convenient central point determined by the Director of Public Works.

(b) The applicant who hires the drill first in any district shall provide transport for the drill, its appliances, the drill staff and baggage from the railway station or centre to his farm, and shall use all expedition in this respect.

(c) A succeeding applicant shall similarly provide transport from the previous farm to his own farm and the last applicant shall, if required, provide transport back to the nearest railway station, siding or centre.

(d) The applicant shall provide transport between his farms and the railway station, siding or centre for all stores required to conduct the boring operations.

(e) The applicant shall provide the foreman with means of communication to and from the nearest post and telegraph office at least once each week.

CASING.

14. The Department will provide the necessary standard casings for any bore-hole at cost price delivered at the nearest station, siding or centre.

The casing considered necessary for any bore-hole will be at the discretion of the drill foreman.

WORKING HOURS.

15. Working hours shall be calculated on a basis of eight hours per day. No work shall be done on Sundays.

SUPPLIES BY APPLICANT.

16. (a) The applicant shall supply at his own expense all such additional labour as may be required for unloading, erecting, dismantling and loading up the plant and equipment.

(b) The applicant shall supply and transport at his own expense sufficient fuel of good quality and water for the efficient and full-time working of the drill, also for the use of the drill staff.

(c) The applicant shall generally give such other assistance as the foreman may require to perform his work efficiently.

SELECTION OF SITES AND RESPONSIBILITY FOR SUCCESS.

17. The Department will, if required, render technical assistance in the matter of selection of sites for bore-holes, but does not guarantee any successful results from the boring operations in any circumstances, although every reasonable assistance will be given towards a successful issue.

LIMIT OF NUMBER OF BORE-HOLES.

18. The number of successful bore-holes to be drilled on any one property under one application shall be at the discretion of the Director of Public Works.

CESSATION OF BORING.

19. Boring shall be stopped—

(a) at the applicant's request, submitted in writing to the Director of Public Works through the drill foreman;

(b) when a fair and reasonable supply of water has been obtained. This will be a matter for settlement with the Director of Public Works prior to operations commencing;

(c) at the discretion of the Director of Public Works, when there is likely to be damage to the drill or when further boring is unlikely to yield satisfactory results.

ERECTION OF HAND PUMP.

20. At the request of the applicant the Department may undertake the erection of a hand pump on a completed bore-hole, provided all necessary material is supplied by and at the expense of the applicant immediately upon completion of the bore-hole at which the pump is to be erected. The Department accepts no responsibility for the satisfactory working of the pump after the departure of the drill from the applicant's farm.

SPECIAL CONDITIONS.

21. The Director of Public Works reserves the right in circumstances of an unusual or exceptional nature to impose special conditions in addition to the ordinary terms of payment, but the work shall not be undertaken unless the applicant shall have notified in writing his acceptance of such conditions.

CHARGES.

22. The charges to be paid for the hire of a drill by applicants under section 1 of these Regulations shall be as follows :—

- (a) For each day while the drill is being erected or dismantled, and during pumping tests after the completion of drilling not exceeding one day, the sum of £3.
- (b) For each day while the drill and staff are engaged in boring or operations connected therewith, including erection of pumps, the sum of £5/10/0.
- (c) The sum of £5 per day for any delay due to the applicant.
- (d) A minimum sum of £50 will be charged for any bore-hole.
- (e) No charge will be made for periods during which a drill may be stopped on account of bad weather, a breakdown or the illness of the drill foreman.
- (f) Where for any reason any person requires a preliminary report as to the prospects of obtaining water by boring on his property previous to an application being lodged, the Department may supply an officer to undertake such inspection, provided the applicant agrees to defray the cost incurred for travelling and transport at tariff rates.

23. The cost of any casing supplied by the Department to the applicant shall be added to the boring charges and paid for as provided in sections 4, 5 and 6 hereof.

24. In the case of dispute arising as to the interpretation of these regulations, the decision of the Director of Public Works shall be accepted as final.

SPECIAL OFFER. During 1923, Kei Aple plants will be sold at the following rates subject to orders being booked 7 months before they are required at the Forest Department, Box 337, Nairobi:—

Quantities of 10,000 and over, Sh. 50/- per 1,000.

" " 1,000 " " Sh. 60/- " 1,000.

" under 1,000 at the usual rate of Sh. 7/- per 100.

To obtain this special rate, orders must be placed 7 months before they are required, otherwise the charge will be Sh. 7/- per 100 pro rata all quantities.

The prices of plants include the cost of plant trays. Plant trays returned will be credited at the rate of 3 cents per good sound shingle.

Eucalyptus in the nurseries in the Ulu Native Reserve may be sold to bona fide natives of the Reserves for their own planting at the rate of three shillings (Sh. 3/-) per 100 exclusive of planting trays, which, if not returned, will be charged for at the rate of 75 cents each.

Applications for young trees should be addressed to the Conservator of Forests, Nairobi; and must be accompanied by a remittance in cash or postal order. Cheques cannot be accepted in payment unless initialled by the Bank on which they are drawn, and should be crossed "National Bank of India, account Kenya Colony and Protectorate."

Owing to the large number of orders to be dealt with, unavoidable delays in transport invariably occur. Purchasers are therefore kindly requested to give a few days' notice, when ordering plants.

No telegram, advising despatch of plants, will be sent unless previously paid for by the purchaser.

Carriage of plants: Plants are supplied f.o.r. Nairobi and consigned carriage forward.

While the greatest possible care is exercised, plants are offered subject to being unsold and without warranty or responsibility for the crop in any way.

No plants can be delivered unless they have been previously paid for.

Seed List may be obtained on application.

NAIROBI,
23rd September, 1927
