## Note:

- The prices indicated above are a range as the conclusive price to be charged to a client will be after examination of the stone and agreement with the owner of the stone on the quality of the stone, but they will be within the gazetted range.
- The rates are derived from rates from special cutters in Nairobi, Voi and Tanzania which are higher. The proposed rates are lower than those charged by private cutters.
- The rates for faceting are classified into two, for Precious stones and semi-precious stones.
- For identification, the charges cater for the certificate, security features and design work as the certificate can be used for trading.

- The above rates will be dependent on the market. Should there be a need to review the rates due to the dynamic nature of the market, due diligence will be done.

The public is invited to submit any comments in writing to reach the Principal Secretary, Ministry of Petroleum and Mining, Nyayo House, P.O. Box 51614-00100, e-mail: ps@petroleum.go.ke, Nairobi, on or before the 16th July, 2021.

# THE ENVIRONMENTAL MANAGEMENT AND CO-ORDINATION ACT

(No. 8 of 1999)

## NATIONAL ENVIRONMENT MANAGEMENT AUTHORITY

## ENVIRONMENTAL IMPACT ASSESSMENT STUDY REPORT FOR THE PROPOSED ISIOLO-MANDERA CORRIDOR: ELWAK-RHAMU ROAD SECTION (142KM) UPGRADING PROJECT TRAVERSING ISIOLO, WAJIR AND MANDERA COUNTIES

### INVITATION OF PUBLIC COMMENTS

PURSUANT to regulation 21 of the Environmental Management and Co-ordination (Impact Assessment and Audit) Regulations, 2003, the National Environment Management Authority (NEMA) has received an Environmental Impact Assessment Study Report for the above proposed project.

The proponent, Kenya National Highways Authority proposes to construct approximately 142km of single carriageway from Elwak to Rhamu, two-lane 7.0m wide, bitumen surfaced road with 2.0m shoulders on each side in Isiolo, Wajir and Mandera counties.

The following are the anticipated impacts and proposed mitigation measures:

#### Possible Impacts Mitigation Measures

Land take and disruption of livelihoods • Project RAP Study Report should be implemented to guide the compensation and

#### Possible Impacts Mitigation Measures

resettlement process.

- Compensation for all affected properties should be done before construction commences.
- Continuous complaints and grievance management system should be maintained throughout the project implementation phase.
- Potential conflicts and disputes • Further consultation to be done with the stakeholders at community level as the issue cannot be resolved by an outsider.
- KeNHA to work with the County Government of Mandera to ensure that there is restriction of development on the land adjacent to the Rhamu Bypass.
- Impacts on traffic • Provision of alternative routes in areas where accesses have been disrupted.
- Dust suppression measures to enhance visibility at construction sites for oncoming traffic and other road users.
- Provision and maintenance of clear traffic signages of ongoing construction works, regulate speed limits and diversion signage to notify approaching traffic.
- Sensitize workers and area residents on the importance of exercising care in the project area in as far as traffic movement and other safety issues are concerned.
- Disruption of public utilities • Liaise with relevant service providers to identify affected sections of alignment of the services and provide cost to cover the relocation of the existing infrastructure.
- Relocation plans shall include adequate notification of affected customers.
- Spread of HIV/AIDS and other STDs • KeNHA/Contractor should, in liaison with approved local organisations, provide awareness training to staff and the locals and monitor the efficacy of the awareness created during the project implementation period.
- The workers should be sensitised on the services on offer in the county e.g. testing, counselling and moonlight VCT for those who fear stigma.
- Sensitize workers on the need to refrain from risky behaviours.
- Provision of condoms both male and female in the sanitary facilities.
- The unskilled workers should, as far as feasible, be recruited from among the local residents of the project area and its immediate neighbourhood.
- Excessive noise and vibration • Monitor environmental and occupational noise levels as per the NEMA Environmental Management and Coordination (Noise and Excessive Vibration Pollution) (Control) Regulations, 2009 and OSHA, 2007 requirements, respectively.
- Sensitize construction workers to switch off machinery and vehicles when not in use.
- Staff on active project sites with continuous exposure should be provided and encouraged to fit in their Personal Protective Equipment (PPEs).

*Possible Impacts Mitigation Measures*

Contamination by liquid waste and hydrocarbon spills	<ul style="list-style-type: none"> <li>• Machinery maintenance should be done only on purpose-built garages that meet hydrocarbon containment measures and controlled drainage.</li> <li>• Minor service and washing areas placed/constructed with containment basins to ensure that the surrounding areas (including groundwater) are not polluted.</li> <li>• All grey water runoff or uncontrolled discharges from the site/working areas (including wash down areas) to water courses shall be contained, treated and properly channelled.</li> </ul>
Construction dust	<ul style="list-style-type: none"> <li>• Unnecessary vegetation clearance to be avoided through clear demarcation of construction areas.</li> <li>• Where practicable, re-vegetate disturbed areas to minimize ground exposure.</li> <li>• Sprinkling water (at least twice a day) on the accesses and excavated surfaces during the construction period to suppress dust generation.</li> <li>• Limit the speed of construction vehicles (maximum speed limit 40 kph/25 mph) on earth road.</li> <li>• Maintenance of vehicles and machinery in accordance with the equipment specifications and manufacturer's standards.</li> <li>• Demolition of existing structures shall be done in a manner that the dust from demolitions can be controlled.</li> <li>• Undertake regular air quality (dust level) monitoring and conduct corrective adjustments where necessary.</li> </ul>
Generation of solid wastes	<ul style="list-style-type: none"> <li>• Waste be managed as per Environmental Management and Coordination (Waste Management) Regulations, 2006.</li> <li>• Segregation of solid wastes and provision of suitable and well labelled waste receptacles within the camp and at active construction sites.</li> <li>• Establish a segregation and grading waste management system to manage garbage and other forms of waste generated.</li> <li>• Prioritize options of waste reduction, reuse and recycling, particularly papers, polythene bags and plastic wrappers and containers and other materials that can possibly be recycled.</li> </ul>
Increased soil erosion incidences	<ul style="list-style-type: none"> <li>• Excavated material should be properly piled, sprinkled with water and covered (where possible) to prevent possible wash-out into seasonal watercourses. Stock piling areas should have levelled ground and away from sensitive areas like slopes, water courses.</li> <li>• Re-vegetation of completed sections should be done in tandem with construction activities to avoid exposure of bare ground to agents of erosion.</li> <li>• Enforce landscaping and restoration of the construction site prior to decommissioning of the construction site.</li> </ul>
Increased incidences of poaching and human-wildlife conflicts	<ul style="list-style-type: none"> <li>• Engage KWS to monitor wildlife distribution and movement in relation to the project during construction and subsequent stages to advise accordingly.</li> </ul>

*Possible Impacts Mitigation Measures*

	<ul style="list-style-type: none"> <li>• Liaison with KWS on handling dangerous wildlife like snakes, wild carnivores. Contractor should liaise with KWS to capture reptiles (especially snakes) hiding under rocks and sheltered terrains and safely release them in suitable habitats.</li> </ul>
Vegetation loss	<ul style="list-style-type: none"> <li>• Restrict vegetation clearing to project sites by clear demarcation of areas to be used.</li> <li>• Thickets and bush shrubs should be preserved wherever possible through selective clearing, especially along the seasonal riverine areas.</li> </ul>
Spread of invasive and alien species	<ul style="list-style-type: none"> <li>• Sensitize workers on invasive alien species, some of which they may improperly handle or transfer to other locations such as <i>Prosopis juliflora</i> and <i>Calotropis procera</i>.</li> <li>• Re-vegetate bare surfaces with native species as soon as possible, in order to avoid colonization by opportunistic and invasive species. Monitor re-vegetated sites in liaison with KFS and county government to ensure survival of the seedlings.</li> </ul>
Habitat loss and disturbance	<ul style="list-style-type: none"> <li>• Where practical, locate project temporary features like camps and batching plants in areas already disturbed or outside of wildlife habitat. Construction activities should be confined on the demarcated corridor and discourage movement or intrusion into wildlife habitats.</li> <li>• To avoid random off-road driving that leads to trampling of vegetation in sensitive habitats, vehicles should be provided with designated routes. Existing diversions and diversions should be considered before opening up new ones during construction.</li> </ul>
Occupational safety and health hazards	<ul style="list-style-type: none"> <li>• Contractors' selection criteria should include ability to demonstrate having some defined minimum requirements for Safety and Health Management System. OSHA 2007 requirements can be used to set the requirements.</li> <li>• Contractor must obtain a registration of workplace certificate from DOSHS and comply with the subsequent requirements of the Health and Safety Committee Rules, 2004 of the OSHA Act.</li> <li>• Provision of a standard first aid kit at active construction sites at all times and a designate qualified first-aider as per the OSHA requirements.</li> <li>• Establish a Health and Safety Committee for the project construction team as per the Health and Safety Committee Rules, 2004 of the OSHA, Act.</li> <li>• Provide appropriate and adequate Personal Protective Equipment (PPE) to workers.</li> <li>• Provide medical care for all staff as necessary as allowed in the Kenyan Law including securing a worker insurance cover as required under WIBA.</li> </ul>
Security challenges	<ul style="list-style-type: none"> <li>• KeNHA to support the contractor in liaison with government security agencies for security planning and continuous surveillance.</li> <li>• Emergency contact list shall be maintained on site and by various teams. This should incorporate satellite communication services between camp based and Nairobi based offices.</li> </ul>

*Possible Impacts Mitigation Measures*

THE KENYA GAZETTE**

THE following notes are for the guidance of persons submitting "copy" for inclusion in the *Kenya Gazette, Supplement*, etc.:

- (1) *The Kenya Gazette* contains Notices of a general nature which do not affect legislation. They are, therefore, submitted to the Government Printer directly.
- (2) *Legislative Supplement* contains Rules and Regulations which are issued by the National or County Governments. Because of this, they must be submitted to the Government Printer through the office of the Attorney-General.
- (3) *Bill Supplement* contains Bills which are for introduction in the National Assembly, Senate or County Assemblies.
- (4) *Act Supplement* contains Acts passed by the National Assembly, Senate or County Assemblies.

All "copy" submitted for publication should be prepared on one side of an A4 sheet no matter how small the Notice is, each page being numbered and should be typed with double spacing. Copy should be clear, legible and contain no alterations.

Particular attention should be paid to the following points:

- (i) Signature must be supported by rubber-stamping or typing the name of the signatory in capital letters.
- (ii) Must be correct and filled in where necessary.
- (iii) Care should be taken to ensure that all headings to Notices and references to legislation are up to date and conform with the Revised Edition of the Laws of Kenya.
