MEMORANDUM OF OBJECTS AND REASONS

The European Hospital under the jurisdiction of the Trans Nzoia District Council is used also by Europeans residing in the Kitale Municipal area. The Trans Nzoia District Council has levied a hospital rate of twenty shillings per annum per head on all adult male Europeans resident in the Trans Nzoia district. It is considered that a similar rate should be paid by all adult male Europeans residing in the Kitale Municipality, and the purpose of this Bill is to give the Kitale Municipal Board the power to levy such a rate, a power which they have not got at present.

It is not expected that any additional expenditure of public funds will be incurred if the provisions of this Bill become law.

GENERAL NOTICE No 3130

UGANDA FOREST DEPARTMENT

TENDERS FOR TIMBER CONCESSIONS IN SOUTH MENG0, BUGANDA

TWO timber concessions will be available for exploitation in the South Mengo Region of Buganda after 1st July, 1952, and exploitation and milling must commence not later than 31st December, 1952

Tenders are invited for one or other of these concessions. It is unlikely that both will be granted to one applicant. One concession will be in the Mabira Forest commencing in the western portion of the forest. The other will cover the remaining forests of South Mengo, commencing in those forests which lie between miles 18 and 24 on the Kampala-Mubende road

In each concession it will be compulsory to fell certain species of trees. These species with one exception are at present compulsory in the existing concessions of South Mengo and comprise those for which markets are already well established. The maximum cut of compulsory species in any one year will be

210,000 hoppus feet of logs in each concession, but it will be possible for the miller to increase his output by developing other species which are not compulsory. Moreover any compulsory species greater than 14 ft 6 in girth will be regarded as additional to the figure stated

The minimum annual permissible cut of compulsory species (under 14 ft 6 in girth) will be 170,000 hoppus feet of logs in each concession

The basis of tenders shall be the forest fees offered in cents per cubic foot (hoppus measure, Forest Department tables). Tenders of less than Sh 1 per hoppus foot for mvule, 75 cents for other Class I timbers, 60 cents for Class II timbers and 50 cents for Class III timbers will not be considered. The classes of timber are defined in Part B of the First Schedule to the Forest Rules as amended. If at any time during the currency of the licence the forest fees as gazetted in the Forest Rules are increased, those of the licensee will be increased by the same amounts. Cess shall be paid at the rates of 25 cents per hoppus foot round timber on mvule and other first-class timbers, 15 cents per hoppus foot on second class timbers and 10 cents per hoppus foot on third-class timbers. These rates are subject to any alterations in the gazetted rates of cess

Each miller will be required to lodge a deposit of £500 with the Conservator of Forests on receipt of his licence. This sum will be a guarantee of fulfilment of the conditions of the licence and will be returnable on the expiry of the licence but not if the licence is cancelled through any default on the part of the miller

Two years from the granting of the licence will be allowed for millers to develop the concession to the minimum intake of 170,000 hoppus feet of compulsory species a year and during that time forest fees and cess will be payable on the timber actually cut and removed. From the commencement of the third year, however, a minimum annual royalty and cess will be payable and forest fees and cess due in excess of this minimum will be paid on submission of accounts by the Forest Department. Initially the minimum annual royalty and cess will be £6,600, subject to any revision of forest fees and cess during the currency of the licence

Within six months of the issue of licences millers will be required to submit to the Conservator of Forests for approval a complete plan of forest operations showing main cutting areas and extraction roads covering the first five years of the licence

Each concession will be granted for a period of ten years in the first place with the option of renewal for two further consecutive periods of ten years at the discretion of the Conservator of Forests

Applicants must submit with their applications a plan or plans of the sawmill which it is proposed to erect, showing the layout of the mill and the type and capacity of the machinery and equipment to be installed. This must include provision for dipping of susceptible timbers and stacking sheds for seasoning. Applicants must state what transport equipment they propose to use

Forms of licence and plans of the forests may be viewed at the Forest Office, George Street, Kampala by appointment with the Provincial Forest Officer (P.O. Box 204, Kampala, telephone 625)

All applications must be in writing and must reach me under seal not later than 15th February, 1952

Registered companies submitting applications must state the names of their directors and shareholders
