Reuter's Telegrams.

August 15th.—His Majesty reviewed the various Indian Contingents on the lawn of Buckingham Palace Wednesday afternoon. The troops marched from Victoria Station headed by the bands of the Coldstream Guards, and were accompanied by cheering crowds.

The excitement in France owing to the closing of the Conventual schools continues, military force employed in Brittany to support the enforcement of the decrees and many persons have been sentenced to fine and undergo imprisonment for resisting the authorities.

His Majesty returned yesterday to the Royal Yacht at Cowes. He drove accompanied by Her Majesty, Princess Victoria to Victoria Station in an open landau and followed circuitous and crowded route. His Majesty looked remarkably well.

In addition to the Naval contributions mentioned in Reuter's of 13th inst. the Colonial Conference has decided that Australia should contribute in all £200,000 per annum, New Zealand £40,000 and special arrangements under discussion with regard to Canada. The Colonies are also arranging to make a united contribution to the National Memorial in London to the late Queen Victoria. Canada has promised £30,000 Cape Colony £15,000 and Natal £10,000.

August 16th.—The resistance to the expulsion of Nuns was continued in Brittany on Thursday. A school in particular that had a most round it the people filled with water so as to prevent the authorities from entering.

M. Combes in a speech declared that in the opinion of the Cabinet the resistance to the execution of the Associations Law was not due to Catholic motives but arose through a violent Royalist movement and the Government would follow their present action by ordering judicial prosecutions.

August 18th.—The East African Troops sailed on the 15th inst. for Rotterdam to join the S.S. "Mascot" for Zanzibar. General Cooke in taking farewell complimented them on their exemplary conduct.

An Order in Council has appeared in the Official Gazette providing for the establishment of a joint appeal consisting of all the Judges in East Africa, Uganda, Central Africa and Zanzibar.

Reuter's Agent at Bangkok reports that the Troops have occupied Muangpray and that the Shans have been defeated with a loss of 200 and are now dispersing. The Europeans have been unmolested.

His Majesty in reply to an address from the Corporation of Portsmouth trusted that now we are happy in peace and the recent rejoicings of the Empire would brace us up to work with renewed earnestness for the maintenance and improvement of our noble heritage. He himself would ever be stimulated to fresh exertions for the welfare of the Empire by the ineffaceable recollection of the loyalty and affection shown him when he touched him most deeply.

The Rainfall has been deficient over the greater part of India. Both the monsoons have been considerably below the average.

The Review of the Fleet took place on Saturday. There were 105 Warships commanded by six Admirals. The pageant was superbly impressive, weather glorious and multitudes of sightseers ashore and afloat. The Royal Admiralty Yachts left Cowes at 2 p.m. steamed through the lines being saluted and cheered by each vessel that passed, then the whole Fleet joined in the final roar.

The Boer Generals contrary to expectation did not witness the Review but proceeded direct to London on board the Royal Yacht at Cowes at his invitation.

The illumination of the Fleet on Saturday night was spoiled by a thunderstorm, the violence and deluge of the rain was phenomenal drenching the enormous crowds which lined the shores and marred the effect of the like spectacle which had been prepared.

The Boer Generals returned last night to London much pleased at their reception by His Majesty. The Shah has arrived at Dover.

August 19th.—Lords Roberts and Kitchener met the Boer Generals at Southampton and accompanied them on board the "Wildfire" and proceeded with them to the Royal Yacht.

Lord Kitchener presented the Generals to His Majesty who received them in a most cordial manner. The conversation was informal and politics were not touched on, but His Majesty referred to the Boers' personal gallantry in the field and the consideration and kindness they had shown to the British prisoners and wounded. The interview lasted a quarter of an hour.

The Generals lunched with Lord Kitchener on board the "Wildfire" and then made a tour of the Fleet. Thousands of the peasants are resisting the closing of the Convent Schools. In three towns in the district troops were compelled to breach the doors and expel the peasants who had garrisoned the buildings. They sang hymns and threw filth at the troops.

Owing to heavy gale, mist, and torrents of rain the evolutions of the Fleet had to be abandoned, the ships therefore steamed to sea passing the Royal Yacht which was stationed near the Nab Lighthouse and then dispersed.

The Boer Generals sailed yesterday from the Thames in a Dutch steamer for the Hague. They intend to return to London shortly.

The Shah is now in London.

August 20th.—There were 27 casualties arising from the military enforcement of school closing in Belgium. The Boer Generals received an ovation on arriving at Rotterdam and the Hague.

August 21st.—A statement issued by His Majesty's Ministers, also Lord Lansdowne, other French Officers, from Donarnenez. Although the welcome was decidedly small and the execution of the plan. His Majesty landed at where luncheon was served. The Boer Generals visited a tour in Holland before lecturing in the Governor of Capri as soon as the 1

August 21st.—A state banquet was held on the 19th instant in honour of the Shah. The Prince of Wales presented his Majesty and among the guests were Mr. Balfour, Lord George Hamilton, Lord Lansdowne and other ministers, also Lords Roberts and Kitchener.

Another French Officer has been imprisoned in a fortress for refusing to participate in the expulsion of the Boers from Donarnenez.

Though the welcome to the Boer Generals both at Rotterdam and Hague was cordial the crowds were expectedly small and showed very little enthusiasm, a great contrast to the exuberant greeting given them in England.

The execution of the expulsion decrees in France has now been completed.

His Majesty landed yesterday at Portsmouth and received the Shah together they proceeded to the Royal Yacht where luncheon was served. Royal salutes were fired and all the ships in the Harbour were dressed.

The Boer Generals visited Mr. Kruger at Utrecht then returned to the Hague. They have abandoned their proposed tour in Holland and Belgium and are returning to London instead in order to confer with the colonial authorities before lecturning in the United Kingdom.

The Governor of Cape Colony in his speech opening the Cape Parliament announced that martial law will be removed as soon as the Indemnity Bill has been passed.

August 22nd.—The Shah returned to London on Wednesday evening.

His Majesty started westward yesterday in the Royal Yacht escorted by H. M. S. "Crescent." It is understood that he intends to circumnavigate Great Britain anchoring nightly in some harbour. The trip will finish in Aberdeen and from there His Majesty will go to Balmoral.

General Cronje, his wife with a thousand Boers have sailed from St. Helena for the Cape.

His Majesty has granted a Royal Charter of incorporation to the British Academy for the promotion of Historical, Philosophical, and Philological studies. The Corporation consists of 49 Fellows and there is scarcely a British scholar of first rank absent, the Fellows will elect their President and Council from among themselves.

His Majesty anchored last night at Portland in the Yacht, to-night at Falmouth and to-morrow night at Plymouth.

The postponement of the official reception to the Boer Generals at Amsterdam was very sudden the arrangement had to be changed owing to the Generals hurried departure for Brussels in order to attend the funeral of a Dutch statesman there. The postponement has much surprised the Dutch and it is now thought that the reception at Amsterdam will be altogether abandoned.

August 23.—Good rains have fallen in Western India. The crops are saved and the fear of immediate famine is removed. The Central Provinces have also benefited.

Owing largely to the omission in the Governor's speech of Bills dealing with sedition, the importation of arms, and other measures considered essential to ensure a period of tranquillity in the Cape 21 members including the suspensionists have adopted unanimously a vote of want of confidence in Sir Gordon Sprigg and have elected Dr. Smartt their leader.

Ras Makonnen embarked yesterday at Marseilles for Aden on his way home.

Mr. H. W. Forster has been re-elected for Seven Oaks receiving 5333 votes against 4442 for Morice the Liberal candidate.

The French Government are paying marked attention to Sir Wilfred Laurier who has been entertained at several public functions. He will have to-day an audience with M. Delcassé regarding reciprocal tariff between France and Canada and the Joint subsidising of a direct line of steamers.

August 25.—The Royal Yacht with His Majesty on board anchored on Friday night at Milford haven. The Conservative papers admit that the result of the seven Oaks election indicates considerable discontent against the Government which they attribute mainly to the campaign against the Educational Bill and the Income Tax.

In the Cape Assembly the Parliamentary and Financial indemnity Bills were read for a second time. Sir Gordon Sprigg stated that he believed that Martial Law would be repealed in a week hence.

M. Delcassé received Sir Wilfred Laurier and conferred for 35 minutes.

In the Cape Assembly a motion by the Progressive for the immediate filling of parliamentary vacancies was carried, the Ministers voting with the Bond members against their fellow progressives.

The proposed meeting for the formation of a Political Association in Johannesburg has been indefinitely postponed owing to much opposition having arisen and a number of influential men having withdrawn their names.

Mr. Roosevelt speaking at Providence in New England indicated that fresh legislation with regard to Trusts was necessary. He admitted that these Trusts were the necessary outcome of modern conditions, but he maintained that national control was required to prevent their having an evil influence.

August 26th.—Their Majesties anchored at Douglas on Sunday night.

Sir Wilfred Laurier was interviewed at Paris, and stated that he did not believe it would be found possible to establish an Imperial Colonial Lollverein, that the object of his visit to France was to develop the Franco-British trade.

The United States Attorney-General Mr. Knox has left for Paris in connection with the acquisition of the Panama Canal, its rights and properties by the Americans.

Their Majesties landed at Ramsey. The Naval Reserve men drew their carriage along the pier. Their carriages then drove to chief points of interest in the Island. Euthusiastic crowds broke the cordon and followed the carriage cheering. This is the first time in the history of the Island that a British Monarch has landed there.

The Shah has left for Paris.

August 27th.—The Attorney General in introducing in the Cape Assembly a bill indemnifying the Government for all acts committed under Martial Law, announced that the Ministry had asked the Governor to appoint a Special Commission to enquire into the working Martial Law. The President of the Afrikaner Bond stated that he would not oppose this Bill, and that he welcomed an enquiry into the sufferings of a people oppressed and illused under the British Flag. The Progressives opposed the enquiry on the ground that same would promote racial animosity.

His Majesty arrived at Brodick in Arran yesterday.

Sir Wilfred Laurier together with the Canadian Ministers for Finance and Customs as well as the British Ambassador in Paris conferred and had lunch with M. Loubet, M. Delcassé was also present.

AUGUST 28TH.—M. Delcassé gave a dinner on Tuesday night at the French Foreign Office in honour of Sir Wilfred Laurier and his colleagues.
King Victor Emmanuel on his way to Berlin dined with the Swiss President and members of the Government. The most cordial speeches were exchanged dealing with the relations between the two countries.
His Majesty landed yesterday at Brodick and drove across the island. He is stated now to be thoroughly restored to health.
Mont Pelee is again in violent eruption.
King Victor Emmanuel arrived yesterday at Potsdam. He was received by the Emperor, the Crown Prince and the Emperor's three other sons, and Counts Von Buelow and Waldersee. The Monarchs repeatedly embraced one another.

AUGUST 29TH.—A series of earthquakes are occurring in the Moro District of the Philippines quite close to the American Headquarters. Sixty natives have been killed, but no Americans up to the present.
As a result of the experiences gained by the Boer War, the Italian Minister for War proposes to reduce military compulsory service to two years.
Their Majesties witnessed sheepdog trials near Brodick and the King participated in a deerstalk and shoot stag. Their Majesties sailed yesterday afternoon for Oban.
The Shah lunched with M. Loubet at Rambonillet yesterday, subsequently returning to Paris.
King Victor Emmanuel and the Kaiser drove to Berlin yesterday morning and met with a civic welcome at the Brandenburg gate.

AUGUST 30TH.—At a state Banquet on Thursday the Kaiser toasting King Victor Emmanuel referred to the renewal of the Triple Alliance which he stated continued in its old strength and had woven itself into the lives of the three nations. King Victor Emmanuel in the course of his reply stated "that our nations would advance in the paths of civilization protected by this Alliance which was now recognised as the most effective safeguard of peace."
M. Loubet gave a lunch to the Shah yesterday at Laturs Hotel in Paris.
Count von Buelow had a long conference yesterday with M. Prinetti and subsequently King Victor Emmanuel received Count von Buelow and conversed with him for a considerable time.

A Cricket Match was played on the 15th and 16th instant at Mnazi Moja, between teams representing H. M. Ships of the Squadron, and the Mombasa Sports Club, which resulted in a easy win for the latter.

Having won the toss, Mombasa sent in Messrs. Bailey and Boustead to oppose the bowling of Messrs. Allison and Lewin. A very fine stand was made, and the first wicket fell at the score at 70. With six wickets down for 154 Messrs. Ingram and Croall carried the score to 251 when the innings was declared closed.

The ships team started very badly in the batting and 2 wickets went down for 1 run only. Messrs. Lewin and Allison however, brought the score to 63, when the latter was smartly caught at leg. With the exception of Mr. Fraser who was 16 (not out) the others made little show against the bowling, and they were all out for 97 before lunch.

On resuming play the bowling of Messrs. Dinshaw and Long was most deadly, wickets were down for 6 runs.

The naval band played selections during the afternoon, by kind permission of the Officer Commanding H. M. S. "Gibraltar."
