THE INDUSTRIAL COURT

CAUSE NO. 60 OF 1975

Parties:—

Kenya Management Staff Association
and
Kenya Bus Services Ltd.

Issue in dispute.—Termination of Messrs. Meliksadi Okutohi and Kungu Muhura.

1. The Kenya Management Staff Association shall hereinafter be referred to as the Claimants and the Kenya Bus Services Ltd. shall hereinafter be referred to as the Respondents.

2. The parties were heard in Nairobi on 4th and 13th November, 1975, and in addition to relying on their written and verbal submissions called the following witnesses to give evidence during the hearing:—

Claimants:

Meliksadi Okutohi.
Kungu Muhura.

Respondents:

Opwapo Ndenga.
Nicholas Ragoi.
Charles Onyango.
John Kinuthia.
M. Gikonyo.

AWARD

3. The Notification of Dispute Form "A" dated 29th May, 1975, was received by the Court on 22nd August, along with the statutory certificates signed by the Labour Commissioner and the Minister for Labour.

The two persons involved in this dispute have rendered long and unblemished services to the Respondents for many years. Mr. Okutohi started working on 1st November, 1969, and Mr. Muhura started as a driver in 1951 and after two years' service he was detained in 1953. He was in detention for one year and was released in January, 1955. On 2nd March, 1955, he rejoined the Respondents and worked only for three months when he was discharged. Thereafter he rejoined the Respondents in July, 1961. The history of Mr. Muhura's employment with the Respondents is rather important as will become evident in the award hereinafter particularly on the question of payment of terminal benefits to him by the Respondents.

On 24th May, 1974, Mr. Okutohi's services were terminated and the letter of termination reads as follows:—

"I have to inform you that your services are no longer required by the company, in which case your employment will be terminated with effect from 25th May, 1974, on payment of one month's wages in lieu of notice together with such other terminal benefits due to you."

Mr. Muhura's services were terminated on 12th June, 1974, and his letter of termination states as follows:—

"I have to inform you that your services are no longer required by this company, in which case your employment will be terminated with effect from 14th June, 1974, on payment of one month's salary in lieu of notice together with all such other benefits due to you."

The above terminations were the subject matter of an investigation by the Ministry of Labour at a fairly high level as the Claimants, acting on behalf of both these persons who were not only their members but were the Chairman and Secretary respectively of their committee at the Respondents' undertaking, had reported a trade dispute to the Minister for Labour.

The investigation was very comprehensive and the findings were detailed. The Chief Industrial Relations Officer recommended that Mr. Okutohi be reinstated into his job without loss of service and any other fringe benefits; further he be paid three months' salary as compensation for loss of earnings during the period he had been out of employment.

With regard to Mr. Muhura, because he had collected his terminal benefits it was recommended that he be re-engaged at a salary he was receiving at the time his services were terminated.

The Respondents rejected the findings and the above recommendations and the dispute is now before the Court.

It is not disputed that both Mr. Okutohi and Mr. Muhura after joining the Claimants found themselves in certain difficulty because the Respondents were against recognizing the Claimants in respect of the management staff to which category both these persons belonged.

However, the reasons for their termination were given as follows by the Respondents:—

"Mr. Okutohi:

- (a) Holding an illegal meeting in company property, i.e. Bus No. 587 at a time when this bus should have been on its scheduled service.
- (b) Attempting to incite subordinate members of the company's staff who were members of the Transport and Allied Workers' Union by making false allegations against the General Secretary of that Union.
- (c) Making false entries on his Inspector's Report for 16th May, 1974, by showing that—
 - (i) he had entered Bus No. 337 at 8.50 a.m. at Kenya Commercial Bank Bus Stop in Tom Mboya Street, and that he had alighted from this bus at Kenya Air Force Gate Bus Stop knowing the entry to be false;
 - (ii) he had entered Bus No. 577 at Kenya Air Force Gate Bus Stop at 9.20 a.m. and had travelled to Stage 22 (Tusker House Bus Stop) knowing this entry to be false."

"Mr. Muhura:

- (a) On 30th May, 1974, being absent from his place of work without authority or other cause.
- (b) On 30th May, 1974, attempting to persuade subordinate staff of the Transport and Allied Workers' Union to come out on an illegal strike called by the Kenya Management Staff Association."

The Respondents' Traffic Manager had made his inquiries before a decision to terminate their services was taken but the Court is not satisfied in view of the manner in which this investigation was conducted that it was an impartial investigation. The Court therefore does not intend to place much reliance on this inquiry.

Mr. Okutohi was authorized to receive the following terminal benefits:—

- "(a) May, 1974, wages up to and including 24th May.
- (b) One month's wages in lieu of notice.
- (c) 15 days' wages for each year of service from 30th November, 1959 to 30th June, 1966 (98 days' wages).
- (d) 13 days' leave pay.

- (e) His own contribution to Provident Fund totalling Sh. 4,895/65 less deductions and advance of Sh. 1,090/70 leaving a net payment of Sh. 3,804/95."

Mr. Muhura was paid the following terminal benefits:—

	Sh.	cts.
"(a) June, 1974, wages up to and including 13th	502	70
(b) One month's wages in lieu of notice ...	1,100	00
(c) Service pay amounting to 225 days' pay ...	8,146	00
(d) 26 days' leave pay ...	940	00
(e) Own contributions to Provident Fund ...	629	55
	11,318	25."

In brief the Claimants have strongly alleged that their two members have been victimized for their trade union activities and as such they have asked the Court to order their reinstatement without loss of any benefits and privileges.

The Respondents on the other hand while admitting that there was a certain amount of activity taking place regarding the question of the Claimants' recognition by them and that there was rivalry between the members of the Transport and Allied Workers' Union and the Claimants stated the fact remained that the services of these two persons were terminated with full justification for the reasons set out hereinabove.

After having gone through the submissions and having heard the evidence given by the various witnesses the Court cannot get away from the fact that the alleged incidents against these two persons are inextricably linked with their having joined the Claimants and their subsequent efforts to get the Respondents to recognize them.

In a letter dated 16th October, 1974, written by the Respondents' Executive Assistant (A) to the Investigator, Ministry of Labour, the following two paragraphs are of special significance to this dispute:—

"You will recall at our meeting of 6th September, 1974, that the company gave written notice that as it did not recognize the Kenya Management Staff Association as representing its management staff, the company could not agree that there was a trade dispute between the company and that Association.

However, the company made it quite clear at the meeting that if Messrs. Okutohi and Kungu wish the company to consider their re-employment, they must write to the company individually and without representation from the K.M.S.A. setting out the reasons why the company should consider their reinstatement."

The Court is satisfied that all along the Respondents were resisting recognition of the Claimants and in fact on 29th May, 1973, the Traffic Manager had given notice to all Inspectors saying that the Respondents were aware that some Inspectors wished to be members of the Claimants but pointed out that before such a move is made the Respondents wished to let them know that the membership will depend on whether the Claimants are afforded full recognition by them, the Respondents. During his evidence Mr. Ragoi had no answer when he was confronted with the question as to how a trade union could approach an employer for recognition without first enrolling into its membership the workers on whose behalf the union was making approaches for recognition.

Now turning to the alleged incidents; first in case of Mr. Okutohi the Court has great doubts as to the alleged illegal meeting which he is supposed to have had because although it is stated by the Respondents' witnesses that over 30 drivers and Inspectors attended that meeting the fact remains that only one bus out of all the buses scheduled to leave at the material time was five minutes late. Further if Mr. Okutohi's evidence regarding his movements at the material time as appearing in the Inspectors' Daily Report are to be rejected then the Court must find that the conductor was also in league with him in the falsification of this Report because the conductor has also initialed the time as shown in the Report by Mr. Okutohi. There is however no evidence to show that Mr. Okutohi and the conductor were in league. In fact the conductor was called as a witness by the Respondents.

In any case if there was a meeting about which the Court has doubt it must have been a very short one of not more than five minutes' duration and this certainly in the Court's view would not entitle the Respondents to sack a long service employee like Mr. Okutohi who at the material time was also engaged in securing recognition for the Claimants.

It should be noted that Mr. Okutohi and Mr. Muhura were elected Chairman and Secretary on 25th March, 1974, to represent the Claimants and the Claimants were informed of their election on 2nd April, 1974.

The Court is convinced that the allegations against Mr. Okutohi were all really very minor incidents which have been blown up out of all proportion because of his trade union activities in furthering the cause of the Claimants' recognition by the Respondents. On a balance of probabilities the Court has decided to give him the benefit of doubt and the Court believes his evidence which he gave on oath during the hearing as against the evidence of the Respondents' witnesses on the various incidents.

Mr. Muhura is alleged to have been absent from his place of work without authority and inciting subordinate members of staff who were members of Transport and Allied Workers' Union to come out on strike against the advice of this Union's Secretary General.

To begin with absence from place of work without authority for a day at the most merits a warning, and regarding the incitement of subordinate members of staff the Court finds that there is scant evidence on this point against Mr. Muhura. All that he did was to tell a couple of other employees at a bus stop that there was a strike. All the evidence on this particular point led by the Respondents was very weak and in any case whatever Mr. Muhura told these other employees had no effect because he was confronted by a militant shop steward of Transport and Allied Workers' Union.

One other very damaging incident against the Respondents is the fact that Mr. Muhura was paid terminal benefits far in excess of what was due to him; in fact for years he was not in the service of the Respondents. The Court does not accept that the Respondents' Executive Assistant (A) had made an error in calculating and recommending his terminal benefits but the Court believes what Mr. Muhura said that the Executive Assistant (A) told him that the Respondents would help him with some money to assist him although there were no dues for him provided he used his influence to get the other people to leave the Claimants' membership and that he should also persuade Mr. Okutohi to come and collect his dues. The Court further believes that he was offered re-engagement and that he was not required to sign for the money to be given to him.

The Court has no doubt whatsoever that Mr. Muhura is telling the truth on this particular point.

After a careful consideration of all the submissions the Court accepts and endorses the findings and recommendations as conveyed to the parties by the Chief Industrial Relations Officer on 19th November, 1974. The Court is completely satisfied that the services of these two persons were terminated for actively taking part in trade union activities on behalf of the Claimants and they have therefore been victimized.

The Court has in the past emphasized that it will not tolerate victimization of workers for their legitimate trade union activities and that the Court would protect such workers at all times.

In the present dispute the Court having found that these two persons were victimized for their trade union activities, finds further that they have suffered wrongful dismissal in terms of industrial relations.

The Court awards that Mr. Okutohi be reinstated into his job with effect from 1st January, 1976, without loss of service and any other benefits and that he be also paid six months' salary as compensation for the wrongful dismissal he has suffered.

The Court further awards that Mr. Muhura be re-engaged with effect from 1st January, 1976, at a salary he was receiving at the time his services were terminated.

Given in Nairobi this 30th day of December, 1975.

GAZETTE NOTICE No. 69

THE INDUSTRIAL COURT

CAUSE No. 62 OF 1975

Parties:—

Kenya Union of Commercial Food and Allied Workers
and
Kleenway Contracts Ltd.

Issues in dispute:—

1. Wages.
2. Hours of work.
3. Effective date.

1. The Kenya Union of Commercial Food and Allied Workers shall hereinafter be referred to as the Claimants and Kleenway Contracts Ltd. shall hereinafter be referred to as the Respondents.

2. The parties were heard in Nairobi on 19th November, 1975, and relied on their written and verbal submissions.

AWARD

3. The Notification of Dispute Form "A" dated 13th June was received by the Court on 5th September along with the statutory certificate signed by the Labour Commissioner.

The Respondents have two branches in Nairobi and Mombasa and they are engaged in carrying out cleaning service for offices on contractual basis.

Their Mombasa branch was managed by a firm called Kenya Kazi on the basis of a management fee. This agreement continued until 1974 since when the Respondents have operated their Mombasa branch themselves but maintain that its operations are entirely separate from those of their Nairobi branch. The Respondents stated that both the branches are maintained separately.

The Claimants and the Respondents entered into a recognition and collective agreement which was effective from 1st July, 1972. The Claimants pointed out that in the clause on recognition it was nowhere stated that the collective agreement was to apply to the Respondents' Nairobi branch only. They maintained that they had a recognition agreement with the Respondents for all their operations in Kenya.

The parties have a valid collective agreement in force for the Nairobi branch only effective from 1st January, 1975, for a period of two years. It is quite clearly stated on top of this agreement that the agreement covers the unionizable employees in Nairobi only. The Claimants alleged that the Respondents had blackmailed them into agreeing to this condition as otherwise the agreement would have been considerably delayed and the workers would have suffered hardship.

The Court does not accept this allegation by the Claimants that they were blackmailed into agreeing to the aforesaid condition because it is all a part of give and take which is an essential in the process of collective bargaining.

In clause 18 of this agreement it is provided as follows:—

"(a) *Minimum consolidated wages per month* (inclusive of housing allowance):—

	Sh.
Foreman	380
Cleaners	300

(b) Wage increase

- (i) As a result of setting the new minimum above, every employee should benefit by not less than Sh. 50 to cover the first 12 months.
- (ii) After the first 12 months from 1st January, 1975, every employee shall be given a further wage increase of Sh. 40 to cover the next succeeding 12 months."

The Claimants' demand is that the Nairobi agreement should apply in toto to the Respondents' Mombasa branch as Nairobi and Mombasa are on the same basis in every respect as far as living conditions of workers at these two places are concerned.

The Respondents, however, pleaded that the finances of their Mombasa branch do not permit them to accept that as the business in Mombasa is marginal; even their manager there worked on part-time basis. The Respondents further pointed out that from 1st May, 1975, all their employees were at the new

statutory minimum of Sh. 300 p.m. and that the four foremen in Mombasa were paid Sh. 365 and Sh. 380 p.m.

The Court is satisfied that it was never the intention of the parties that the Nairobi collective agreement should apply to the Respondents' Mombasa branch and it is clear that the collective agreement for Mombasa branch was to be negotiated separately.

The Court, however, is in no doubt that the Nairobi and Mombasa branches are owned by the Respondents in their entirety, and the Court finds that they should be at par in respect of wages and terms and conditions of employment except working hours as far as their employees at these two places are concerned.

On the question of working hours the Court awards that the present 40 working hours per week should be maintained in Mombasa. These hours are less than the Nairobi working hours. The Court rejects the suggestion made by the Claimants to make an award on this issue on the same lines as contained in the Nairobi collective agreement because in any case the employees in Mombasa in line with the current practice there would work only 36 hours per week.

After careful consideration of all the submissions the Court awards that the Respondents should implement the same wages as contained in clause 18 (a) (b) (ii) of the collective agreement in respect of their Mombasa branch with effect from 1st January, 1976, and that it should remain in force for a period of 12 months from that date.

The Court further awards that the hours of work should be 40 per week.

Given in Nairobi this 2nd day of January, 1976.

GAZETTE NOTICE No. 70

THE INDUSTRIAL COURT

CAUSE No. 65 OF 1975

Parties:—

Kenya Union of Commercial Food and Allied Workers
and
Distilling and Bottling Group

Issue in dispute:—Wages increase.

1. The Kenya Union of Commercial Food and Allied Workers shall hereinafter be referred to as the Claimants and Distilling and Bottling Group shall hereinafter be referred to as the Respondents.

2. The parties were heard in Nairobi on the 20th day of November, 1975, and relied on their written and verbal submissions.

AWARD

3. The Notification of Dispute Form "A" dated 6th August, 1975, was received by the Court on 11th September, 1975, along with the statutory certificate signed by the Labour Commissioner.

The parties have in the past negotiated collective agreements with the Respondents' group accepting the same wages and salaries and terms and conditions of employment for all their members. The current agreement became effective from 1st November, 1973, and runs up to 31st October, 1976.

The Claimants had put forward a demand in September, 1974, for an increase in wages on account of the rise in the cost of living and they demanded an increase of 30 per cent.

The Respondents, however, rejected the suggestion and pointed out that they did not intend to review the collective agreement before its expiry date.

The Claimants, however, pursued their demand and at a meeting held on 17th June, 1975, the Distilling Group only made certain offers while the Bottling Group could not make any offer.

The dispute was subsequently reported to the Minister for Labour and on 30th July, 1975, at a conciliation meeting the Distilling Section of the Group made an offer which was accepted by the Claimants as follows:—

Grades A-G.—15 per cent increase of the basic consolidated wage excluding service increments.

Grade H and I.—10 per cent increase of the basic consolidated wage excluding service increments.

The above increments are effective from 1st August, 1975.

The Bottling Group refused to make any offer and the matter is now before the Court in respect of the Claimants' dispute with them.

The Claimants submitted that the cost of living from 1st November, 1973 to August, 1975, had gone up by 33.9 per cent but keeping in view the various difficulties which had been put forward by the Bottling Group of the Respondents their demand now was 15 per cent for Grades A to G and 10 per cent for Grades H and I the same as the Distilling Group's agreement.

The Claimants pointed out that although the effective date of the increases had been agreed to be 1st May, 1975, they had in the spirit of give and take moved from 1st May to 1st August, 1975.

The Claimants criticized the Respondents' Bottling Group for not supplying all the necessary information as demanded by the Claimants and as recommended in the relevant I.L.O. Convention.

The Bottling Group of the Respondents have vigorously opposed any increase in wages in respect of their employees because the Kenya Government had decided not to continue the supply of sugar at a subsidized price to manufacturing organizations. This decision was communicated to them in a letter dated 21st January, 1975. This had completely upset the costings and the profitability of many companies that are heavily dependent on sugar as a major ingredient in their products.

The Bottling Group further stated that although they had applied for a 35 cents increase in their prices to the Price Controller, approval had been granted for only 5 cents increase as published in the Kenya Gazette Supplement No. 40 of 12th July, 1975.

The Bottling companies had yet to see whether or not they will be able to institute sufficient economic measures to continue in business without redundancies.

The Respondents referred in great details to the various financial aspects of their undertaking in respect of their request that the Claimants' demand be rejected.

The Employment Promotion Division report has this to say in one of its paragraphs:—

"As to the second question we are not convinced that it has such a decisive importance as implied by the Respondents' submission. According to Appendices E and F of their submission total labour costs amount to a little more than 10 per cent of total costs. An additional increase of the size requested by the Union will add slightly more than Sh. 200,000 to production costs or slightly over 1 per cent of the total. It should be noted that half of this additional increase has in fact already been anticipated in the Coca Cola Company's submission to the Price Controller (the items 'Labour' and 'Salaries' in Appendix E)."

After careful consideration of all the submissions the Court has come to the conclusion that all the members of the Respondents' Group should continue to apply uniform wages and salaries and that it would be a retrograde step to allow them at this stage to break up the Group. The Court, however, is mindful of the difficulties which have been put forward by the Bottling Group but at the same time the Court cannot ignore the documentary evidence produced by the Claimants that the price of sugar had fallen drastically in the world market.

The current collective agreement is of a three-year duration and up to October, 1975, the cost of living index had risen by

36 per cent. The employees were given an increase of 7 per cent in May, 1975, as provided for in the agreement. The Court has come to the conclusion that the circumstances in this dispute justify the revision of wages only during the lifetime of the current collective agreement.

The Court awards that the Bottling Group should grant their employees the same wage increases as have been granted by the Distilling Group but with effect from 1st December, 1975. These increases are as follows:—

Grades A to G.—15 per cent of the basic consolidated wage excluding service increments.

Grades H and I.—10 per cent of the basic consolidated wage excluding service increments.

Given in Nairobi this 6th day of January, 1976.

THE INDUSTRIAL COURT

CAUSE No. 66 OF 1975

Parties:—

E.A. Federation of Building and Construction Workers' Union
and
Kenya Association of Building and Civil Engineering Contractors

Issues in dispute:—

1. The Association's refusal to enter into a collective agreement with the Union.
2. Effective date and duration of the proposed agreement on wages, terms and conditions of employment negotiated between the parties.
3. Amendments to paragraph 13 of the collective agreement—redundancy.

1. The E.A. Federation of Building and Construction Workers' Union shall hereinafter be referred to as the Claimants and the Kenya Association of Building and Civil Engineering Contractors shall hereinafter be referred to as the Respondents.

2. The parties were heard in Nairobi on the 18th day of November, 1975, and relied on their written and verbal submissions. The Claimants called Moses Mungai Karia to give evidence during the hearing.

AWARD

3. The Notification of Dispute Form "A" dated 19th August, 1975, was received by the Court on 15th September along with the statutory certificate signed by the Labour Commissioner.

Issue No. 3 which had been added in the dispute at the request of the Respondents was withdrawn by them during the hearing and the Court was asked to make an award on the first two issues only.

The Claimants have brought this dispute to get an award from the Court to require the Respondents to enter into a proper collective agreement with them. Their demand is a radical departure from a system which the parties had voluntarily followed for practically the last 20 years. This briefly was that the parties would first embark on negotiations re wage and salary rates and other terms and conditions of employment after which the agreement arrived at at that level would be forwarded to the relevant Wages Council for the parties' agreement to be issued as a Regulation of Wages Order for the building industry. In other words the agreement made between the parties was extended to the whole of the building industry through the necessary legal instrument.

The latest Wages Order was issued in December, 1974, and came into operation on the 13th of that month—the Regulation of Wages (Building and Construction Industry) Order, 1974. The procedure as stated above was followed prior to the publication of this Order.

This year the parties commenced further negotiations in May, 1975, and concluded them towards the end of July. The Claimants have, however, insisted this time that the Respondents should enter into and sign a formal collective agreement with them after which it could be forwarded to the Wages Council for the building industry to be translated into a legal order.

The Claimants bitterly complained that they had in the past on several occasions tried to get the Respondents to sign a formal collective agreement with them but the Respondents had always found some reason not to do so. This had resulted in the Claimants being unable to hold their members secure full benefits of the terms and conditions of employment which they had negotiated with the Respondents the reason being that once a legal order had been issued then the Claimants were at the mercy of the Labour Officers and the way they interpreted the various legal provisions. The Claimants emphasized that they were deprived of their right to bring their complaints if unresolved to the Industrial Court.

The Respondents referred the Court to the recognition agreement between the parties where they had agreed to continue to support a Wages Council for the building and civil engineering industry and that their agreements and decisions shall where necessary be referred to a Wages Council for the industry to become operative to the industry as a whole.

The Respondents emphasized that in a highly competitive labour intensive industry it is not practical to have different levels of wages for some workers and the only way this can be achieved is by continuing the present method of gazetting all variations in wages and conditions through Wages Council Regulations. They asked the Court to uphold a system which had operated successfully for the last 20 years or so.

The Court can see no reason why the parties should not have a formal collective agreement duly executed in respect of the workers employed by the members of the Respondents. The fact that there would be a proper collective agreement between the parties to the dispute is no bar to the Wages Council for the building industry considering what is stated therein for the purposes of incorporating it in the Wages Council Order which would then be applicable to the whole industry in the country.

The Court finds that the Claimants are entitled to a proper collective agreement duly signed by them and the Respondents and the Court so awards.

The Court, however, would like to point out that this award does not mean that the Court accepts that whatever the parties have agreed at their own level is within the Guidelines issued by the Minister for Finance and that the Court would accept that agreement for registration in accordance with the provisions of the Trade Disputes Act.

The parties should clearly understand that their collective agreement after proper execution shall be forwarded to the Minister for Labour for onward transmission to the Court for the purpose of registration and it will be at that time that the question of it being within the Guidelines will be considered.

The Court would like to recall that only in December, 1974, the official minimum wage in the building and construction industry was increased by an average of 20 per cent over its previous level established in July, 1973. From that date up to October, 1975, the cost of living index has risen by 18 per cent.

The Employment Promotion Division Report has this to say which the parties will not doubt bear in mind when concluding their collective agreement:—

“The Ministry of Labour is not in favour of increasing the statutory minimum wages at this point in time. First it is still less than a year since the wage level was last reviewed. Second and more important, the building industry has been receding during the last year to a lower level of activity and employment, a trend which may easily be reinforced if wages were to be pushed upward at the rate desired by the parties. It is possible that the next few months will see a recovery of activity but the Ministry wants to be positively assured of an upturn, before a major pay revision can be undertaken. The building workers enjoy the highest legal minimum wages in the present set of orders and it is felt that some patience may be

justified on their part in the interest of maintaining employment. It must be remembered that many lower paid workers in Kenya have suffered a worse decline in purchasing power than have so far the building workers.”

There is also a clear indication in the report which in this case is signed on behalf of the Permanent Secretary that the Ministry will seriously question the justification of a special Wages Order in the building and construction industry. The parties will no doubt go into all these points at the relevant time. Just now the Court having ruled that the Claimants are entitled to have a collective agreement signed by the Respondents and themselves there is no more that the Court can do for the parties at this stage.

Issue No. 2.—This issue is very closely linked with the first issue and it is only but natural that in view of a clearly recorded disagreement on the question of effective date that the parties should consider this matter further in view of what has been stated hereinabove under Issue No. 1 and in the event of a deadlock the matter may be referred to the Court once again along with the contents of the agreement re wages and salary rates particularly to enable the Court to fix an equitable effective date. At that time the parties' agreement on the wage and salary rates would be scrutinized and analysed by the Employment Promotion Division for the benefit of the Court.

In the minutes of the Joint Industrial Council (J.I.C.) meeting held on 27th June, 1975, where the parties agreed on the new wage rates it is stated as follows on the question of effective date:—

“It was agreed that provided the increases were gazetted by the end of July, 1975, the increases would be effective from 1st July, also both parties agreed to persuade Government to hold an early meeting of the Wages Council in order to gazette the increases in July.”

Subsequently in the minutes of the J.I.C. meeting held on 14th July, 1975, the following is recorded on this particular point:—

“There appeared to be some confusion over the effective date. The employers and the Chairman stating that in their opinion the minute as printed was a correct record while the Union felt otherwise. Eventually the minutes were accepted with the exception of the paragraph under page 4 under effective date. With the Union representatives stating that the effective date was 1st July, 1975, while the employers stated that the minute as written was correct there was therefore a recorded disagreement on this particular matter.”

The Union also wished to record that they had expressed the wish to enter into a collective agreement and do away with the Wages Council Order. This was not acceptable to the employers.”

In view of the aforesaid documentary evidence the Court is not inclined to accept the evidence tendered by the Claimants and their witnesses that the effective date was agreed to be 1st July, 1975, and that it was not dependent on the publication of the Wages Council Order for the building industry.

In view of what has been stated hereinbefore in the award the Court feels that the parties should approach this problem realistically particularly in view of the fact that the Claimants have now won the right to depart from a 20-year old practice in the building industry. If there is still a deadlock on this issue then it should come to the Court again as a fresh dispute. Then all the relevant factors will be taken into account by the Court before making an award on it.

GAZETTE NOTICE No. 81

THE TRADE MARKS ACT

(Cap. 506)

NOTICE is hereby given that any person who has grounds of opposition to the registration of any of the trade marks advertised herein according to the classes may, within 60 days from the date of this Gazette, lodge notice of opposition on Form T.M. No. 6 (in duplicate) together with a fee of Sh. 50.

Notice is also hereby given that official objection will be taken under rule 21 (3) to all applications in which the specification claims all the goods included in any class unless the Registrar is satisfied that the claim is justified by the use of the mark which the applicant has made, or intends to make if and when it is registered. Where an applicant considers that a claim in respect of all the goods included in a class can be justified it will save unnecessary delay in examining applications if a claim is filed simultaneously with the application, accompanied in appropriate cases by supporting documents.

The period for lodging notice of opposition may be extended by the Registrar as he thinks fit and upon such terms as he may direct. Any request for such extension should be made to the Registrar so as to reach him before the expiry of the period allowed.

Formal opposition should not be lodged until after reasonable notice has been given by letter to the applicant for registration so as to afford him any opportunity of withdrawing his application before the expense of preparing the notice of opposition is incurred. Failure to give such notice will be taken into account in considering any application by an opponent for an order for costs if the opposition is uncontested by the applicant.

Where it is stated in the advertisement of the applicant that the mark, upon its registration, is to be limited to certain colours, the colours are, as far as possible, indicated in the accompanying representations of the mark in the usual heraldic manner.

Representations of the marks advertised herein can be seen at the Trade Marks Registry, State Law Office, Nairobi.

Applications for registration in Part A of the Register are shown with the official number unaccompanied by any letter. Applications for Part B are distinguished by the letter B prefixed to the official number.
