GAZETTE NOTICE No. 3829

THE COMPETITION ACT

(No. 12 of 2010)

PROPOSED ACQUISITION INQUIRY ON UNSTRUCTURED SUPPLEMENTARY SERVICE DATA (USSD)

1. IT IS notified for general information that pursuant to section 18 (1) (a) of the Competition Act, 2010 the Competition Authority intends to carry out a market inquiry on competition implications of USSD pricing in mobile support services with financing from Financial Sector Deepening Program (FSD) (Kenya).

2. A Consultant has been identified to carry out the inquiry.

The Terms of Reference of the market inquiry shall be to—

- (a) review the legal and regulatory framework impacting on USSD services, mobile financial services and other specific areas of concern to the inquiry;
- (b) carry out a comprehensive audit of USSD pricing and terms across all Mobile Network Operators (MNOs) and the providers of financial services that are currently being offered over USSD channels;
- (c) carry out a comprehensive audit of USSD pricing and terms across all MNOs and the providers of financial services they make USSD sessions available to. This will include an assessment of the settling of interconnection fees by MNOs when consumers use USSD off-network and the presence or otherwise of fairness of any refusals to supply;
- (d) determine how different sized players negotiate the cost of USSD sessions with MNOs and give comparisons when price negotiations are done by aggregators on behalf of smaller players, or larger players with more leverage and smaller players directly negotiating with MNOs and assess efficiency considerations in the setting of prices, including two-part tariffs, and volume discounts;
- (e) carry out a comprehensive measurement of USSD pricing and terms that service providers such as banks and content service providers charge to consumers, both in absolute terms and in relation to the charges paid to the MNOs for USSD sessions;
- (f) undertake an assessment of market structure and market players' behaviour and its effect on competition in the provision of USSD services by MNOs, using internationally recognised competition assessment methodologies;
- (g) obtain data on the quality of USSD sessions and specifically, the volume of dropped sessions indicating the MNO provider, transaction type, and the cost implications of dropped sessions, as well as any conflicts of interest that may arise on the part of the MNO with respect to USSD session quality;
- (h) identify potential consumer protection concerns in the use of USSD to deliver mobile financial services, including the display of USSD costs to customers in a clear manner either before or after the service has been accessed, if consumers are sensitive to USSD pricing, the enrolment and opt in/opt out processes for VAS that ride on USSD channels, and if consumers get to actively select or refuse these services when they use mobile financial services;

- (i) identify regulatory barriers, if any, that may be occasioned by the current regulatory framework and assess them in the light of international experience and the economic literature, including an assessment of the manner of allocation and regulation of USSD service applications, licenses and codes;
 - (j) provide a competitive USSD pricing benchmark that gives some measure of unit economic cost by applying appropriate cost-based methodologies such as long run average incremental cost (LRIC) and marginal cost approaches;
 - (k) based on the cost analysis, make a recommendation on the optimal pricing of a USSD session after taking into consideration volume discount and other demand characteristics;
 - (l) identify public policy actions which have the potential to improve the conditions of competition in the sector and enhance consumer welfare, indicating priority actions; and
 - (m) prepare a report developing evidence-based recommendations to the Authority.
3. In the performance of its functions, the Consultant—
 - (a) shall hold such number of meetings in such places and at such times as it may, in consultation with the Authority, consider necessary for the proper discharge of its functions;
 - (b) may use official reports of any previous investigations, policies and legislation relevant to its mandate; and
 - (c) may receive views from members of the public, oral and written submissions from any person with relevant information.
 4. Members of the public are invited to make submissions to the Consultant within twenty-one (21) days of this notice through: P.O. Box 36265–00200 Nairobi, Email: info@cak.go.ke
 5. Oral submissions may be made to the Secretariat of the Consultant, which shall be based at the Authority's Offices located at the Kenya Railways Staff Retirement Benefit Scheme Building, Block "D", 1st Floor, Haile Selassie Avenue.

Dated the 12th May, 2015.

WANG'OMBE KARIUKI,
Director-General.

INTENTION TO ACQUIRE LAND

Addendum

IN Gazette Notice Nos. 11974 and 11975 of 2011, add 0.0071 ha. upon plot No. 318.

MOHAMMAD A. SWAZURI,
Chairman, National Land Commission.

GAZETTE NOTICE NO. 3915

THE LAND ACT

(No. 6 of 2012)

CONSTRUCTION OF EJINJA-BUMALA ROAD

INQUIRY

IN PURSUANCE of the transitional provisions contained in section 162 (2) of the Land Act and section 9(1) of the Land Acquisition Act (Cap. 295, repealed), in Gazette Notice No. 4262 of 2014, the National Land Commission gives notice that inquiries for hearing of claims to compensation for interested parties in the land required for the Kenya National Highways Authority (KeNHA) for the construction of Ejinja-Bumala Road, shall be held on the dates and places shown here below.

THE CONSTITUTION OF KENYA
TANA RIVER COUNTY GOVERNEMENT
OFFICE OF THE COUNTY PUBLIC SERVICE BOARD

ANNUAL REPORT ON MEASURES TAKEN AND PROGRESS ACHIEVED IN
THE REALISATION OF ARTICLE 10 AND 232 VALUES AND PRINCIPLES,
2014

MESSAGE FROM THE CHAIRPERSON

Tana River County has been marginalized for a very long time resulting into not only the numerous challenges that threaten our social, political and economic development and but also negatively impact on the realization and prioritization of our national interests. These challenges included: abuse of human rights; insecurity; proliferation of illegal arms and cattle rustling; poor management of natural resources such as land; inequitable distribution of opportunities and public resources; and challenges emanating from adverse climate and national disasters.

The values and principles enshrined in Article 10 and 232 of the revised Kenya Constitution, 2010 are at the core of the intricate relationship between the government and its citizenry. They are the yardstick that influences the nature and quality of interactions between and within these two segments of society. These values and principles are fundamental in shaping what choices individuals as well as communities make. Creating awareness on the values therefore requires a conscious and deliberate process in making sure that these values are expressed, discussed, manifested and adhered to in order to shape our dialogue. Embracing Article 10 and 232 will further enable us transform Tana River into a county of choice in the country as the values and principles instill meaning, significance and direction to all county endeavors and affirm our unique identity.

The broad objective of this report is to outline the extent to which the values and principles referred to in articles 10 and 232 are complied with in the County Public Service. The specific objectives of this report include to:

- (a) Outline all the steps taken and decisions made by the board in the realization of Article 10 and 232.
- (b) Make specific recommendations that require to be implemented in the promotion and protection of the values and principles.
- (c) outline specific decisions on particulars of persons or public body who have violated the values and principles, including action taken or recommended against them.
- (d) Enumerate any impediment in the promotion of the values and principles.
- (e) Outline the programmes the board is undertaking or has planned to undertake in the medium term towards the promotion of the values and principles.

The board is committed to the full implementation of the Constitution with a view of ensuring that all the citizens appreciate that they are members of the same community engaged in a common enterprise of national development while facing shared challenges and opportunities. To ensure national unity Board recognizes the diversity of the different communities living in the county and the country at large and has always ensured equitable representation in recruitment, equal treatment and access to services for all. The board is guided by democracy that is issue-based, people-centered, results-oriented and accountable to the public.

ADHAN NURI BERHE

Chairperson

Tana River County Public Service Board.

LIST OF TABLES

Table 1: Steps Taken and Decisions Made by the board to comply with Article 10 and 232

Table 2: Recommendations for Promotion and Protection of the Values and Principles

Table 3: Mid-Term Programmes Towards Promotion and Protection of the Values and Principles

EXECUTIVE SUMMARY

The national values and principles of governance are fundamental norms and beliefs of Kenyans that guide choices, actions, relations and behaviors of citizens. They are the foundation upon which the realization of Kenya's national interests is pegged. The values and principles of public service however depict the desirable culture and conduct of the public service.

This is the second annual report on the realization of national values and principles of governance in Tana River County. The objective of this annual reporting that is enshrined in the County Government Act, 2012 is to identify and document the measures taken, progress achieved and challenges faced in the realization of national values and principles of governance by the respective public institutions. Further, the report will provide direction, strategies and interventions that will enhance the promotion of the same.

The report is divided into seven chapters. Chapter one lays the background to the report by discussing the constitutional requirement that guides its preparation. Chapter two highlights the steps taken and decisions made by the board to comply with each value and principles referred to in articles 10 and 232. Primary focus is placed on the extent to which County Public Service Board have operationalized the values and principles. Chapter three outlines the recommendations for promotion and protection of the values and principles. The challenges faced by public institutions in their efforts to realize national values have been analyzed in chapter five. Finally, chapter six highlights mid-term programmes towards the promotion of the values and principles in Tana River County's while chapter seven outlines the way forward and conclusions.

CHAPTER ONE: INTRODUCTION

The constitution of Kenya, 2010 requires all state organs at both national and county level to be guided by the national values and principles of governance and values and principles of public Service in discharging their functions.

The national values and principles of governance are fundamental norms and beliefs of Kenyans that guide choices, actions, relations and behaviors of citizens. The values and principles of Governance influence the way individuals relate with one another, how communities engage one another and how citizens and government interact in promoting national cohesion, integration, peace and development. The National Values and Principles of Governance referred to in article 10 of the Constitution of Kenya, 2010 include:

- (a) Patriotism, national unity, sharing and devolution of power, the rule of law, democracy and participation of people.
- (b) Human dignity, equity, social justice, inclusiveness, equality, human rights, non-discrimination and protection of the marginalized.
- (c) Good governance, integrity, transparency and accountability; and sustainable development.

The values and principles of Public Service are fundamental norms and beliefs of public servants that shape the culture in public service. The values and principles of Public Service form the foundation upon which the realization and prioritization of national interests is anchored. Article 232 provides the values and principles of Public Service. This include:

- (a) High standards of professional ethics.
- (b) Efficient, effective and economic use of resource.
- (c) Responsive, prompt, effective, impartial and equitable provision of services.
- (d) Involvement of the people in the process of policy making.
- (e) Accountability for administrative acts.
- (f) Transparency and provision to the public of timely accurate information.
- (g) Subject to paragraphs (h) and (i), fair competition and merit as the basis of appointments and promotions.
- (h) Representation of Kenya's diverse communities; and
- (i) Affording adequate and equal opportunities for appointment, training and advancement, at all levels of the public service of—

- (i) men and women;
- (ii) the members of all ethnic groups; and
- (iii) persons with disabilities

In its preamble the Constitution of Kenya, 2010 recognizes the aspirations of all Kenyans for a Government based on the essential values of human rights, equality, freedom, democracy, social justice and the rule of law. Further, the Constitution in Article 4 (2) emphasizes the importance of national values and provides that "The Republic of Kenya shall be a multi-party democratic state founded on the national values and principles of governance."

The County Public Service Board is mandated by section 59 1 (f) of the County Government Act to evaluate and report to the County Assembly on the extent to which the values and principles referred to in articles 10 and 232 are complied with in the County Public Service.

This report outlines all the steps taken and decisions made by the board, specific recommendations that require to be implemented in the promotion and protection of the values and principles; specific decisions on particulars of persons or public body who have violated the values and principles, including action taken or recommended against them; any impediment in the promotion of the values and principles; and the programmes the board is undertaking or has planned to undertake in the medium term towards the promotion of the values and principles.

CHAPTER TWO: STEPS TAKEN AND DECISIONS MADE BY THE BOARD

The Tana River County Public Service Board is committed to the values and principles referred to in Articles 10 and 232. To promote and ensure compliance with the values and principles the board has instituted the following measures.

Table 1: Steps taken and decisions made by the board to comply with Article 10 and 232

National values and principles of governance referred to in Article 10	Steps taken and decisions made by the board
Article 10 (2) (a): Patriotism, national unity, the rule of law, democracy and participation of the people	<p>Compliance with the Kenya Heroes Bill, 2013 and National Honours Act No.11 of 2013 and other relevant legislative provisions.</p> <p>Participation in national public holidays.</p> <p>The County Government has embarked on comprehensive reforms in the public service which include among others leadership development.</p> <p>The board fosters national unity by recognizing diversity of the different communities living in the county and the country at large. board services are rendered to all.</p> <p>To foster the rule of law all the board performs its functions in accordance with the Public Service policies and guidelines on Human resource management and development.</p> <p>While making decisions the board is guided by democracy that is issue-based, people-centered, results-oriented and accountable to the public.</p> <p>The board is committed to enacting, reviewing and/or implementing policies and legislation that will transform the Public Service and facilitate the realization of sustainable work force.</p> <p>Implementation of the policy on national cohesion and integration which provides a guide for the promotion of national unity by all</p>

	<p>institutions and establishes a coordination framework for national unity initiatives.</p> <p>Honoring heroes and heroines who have made tremendous achievement in leadership, respect for the flag hoisting ceremonies.</p>
Article 10 (2) (a): Sharing and devolution of power	<p>In order to operationalise the devolved system of Government, the board established the sub-county county and ward administrator offices and recruited officers to hold the offices.</p> <p>The board has established Human Resource Management units in the health department to facilitate handling of human resource issues particularly personnel records administration</p> <p>Compliance with legislative provisions supporting devolution such as; the Transition to Devolved Governments Act, 2012 which provides a framework for the transition to devolved government; the County Governments Act No. 17 of 2012, that provides for county governments powers, functions and responsibilities to deliver services; the Urban Areas and Cities Act No. 12 of 2012 that provides for the classification, governance and management of urban areas and cities; Intergovernmental Relations Act, 2012 that establishes a framework for consultation and co-operation between the national and county governments and amongst county governments; and County Government Public Finance Transition Act, No. 8 of 2013 that provides a framework of establishment and functions of transition county treasuries, the transition county budget process, transition revenue raising measures and expenditures .</p> <p>Various departments are devolving their functions for instance the finance and planning department has established revenue offices in each sub-county.</p>
Article 10 (2) (b): Human dignity, equity, social justice, inclusiveness, equality, human rights, non-discrimination and protection of the marginalized	<p>To protect the Bill of Rights the board established compliance and Enforcement department to establish internal checks and balances to guard against violation of values and principles.</p> <p>To address inequality the board ensured equitable representation in recruitment, equal treatment and access to services for all. As at January, 2015 65% of the staff establishment in Tana River County Government comprised of persons from dominant communities in the county while 35% are persons from other communities. Of this 63% are male while the female are 37%.</p> <p>To address equity in delivery of services, social justice and protection of the marginalized the board recruited over 150 health staff and confirmed all the ESP staff in the county whose contract with the national Government had expired to ensure health services</p>

	<p>are being offered to the citizens at all health centres and dispensaries in the county.</p> <p>Reservation of 5% of employment opportunities in the County Public Service establishment for persons with disabilities and compliance with their set their retirement age of 65 years for entire Public Service.</p> <p>Some positions were ring fenced for marginalized communities in the county.</p>
Article 10 (2) (c): Good governance, integrity, transparency and accountability	<p>Compliance with various laws providing for good governance for instance the Leadership and Integrity Act, No. 19 of 2012, as well as the Ethics and Anti-corruption Commission Act, No. 22 of 2011. Other legislations include the Public Financial Management Act, No.18 of 2012, chapter six of the Constitution.</p> <p>Compliance with public procurement procedures by ensuring open and transparent tendering procedures as well as the periodic monitoring, evaluation and reporting by the board.</p> <p>All job opportunities in the County Public Service are published in the local newsprint in circulation in the county to encourage women, persons with disabilities and the marginalized groups to apply.</p>
Article 10 (2) (d): sustainable development	<p>Enforcement of the MTP II policy measures which outlines a broad macro-economic framework that guides policies, legislations, institutional and structural reforms toward implementation of the Kenya Vision 2030.</p> <p>The board has aligned its programmes to the County Integrated Results Transformation Framework that is inclined to the MTP II and vision 2030.</p> <p>The board in collaboration with the County Government has embarked on a programme of developing specialized skills to provide impetus to the economic growth and sustainable development. Such skills are being developed in the field of mining, health and petroleum engineering.</p> <p>Compliance with legislation that support promotion of sustainable development including the Environmental Management and Co-ordination Act, No. 8 of 1999 which provides for the establishment of an appropriate legal and institutional framework for the management of the environment.</p> <p>To enhance County security for sustainable development the Board is recruiting 80 more enforcement officers.</p>
Values and principles of Public Service referred to in Article 232	Steps taken and decisions made by the board
Article 232 (1) (a): High standards of professional ethics;	The Board incorporates professional qualifications and membership to professional bodies as a requisite for persons holding or acting in the

	<p>technical offices to foster professionalism.</p> <p>In filling vacancies in the public office the Board ensures that the person satisfies all the prescribed qualifications for holding that public office.</p> <p>Development of County codes of conduct that outline ethical behaviour and how members of staff discharge their duties.</p> <p>Enforcement of the code of conducts and ethics.</p> <p>Introduction of suggestion / Complaints Box and customer complaints desk.</p>
Article 232 (1) (b): Efficient, effective and economic use of resource;	<p>The board has developed the board strategic plan, service charter and the integrated performance management and accountability framework.</p> <p>The board has signed a performance agreement and staff performance evaluations and appraisal.</p> <p>Compliance with the Public Financial Management Act, No. 18 of 2012 that provides for effective management of public finances.</p> <p>Build the capacity of the County Public Service through induction and career development.</p>
Article 232 (1) (c): Responsive, prompt, effective, impartial and equitable provision of services;	<p>The board endeavors to recruit fit for purpose work force.</p> <p>Leverage the use of ICT in communication</p> <p>According employment opportunities to diverse communities in the county. The County public service has staff from across the county</p>
Article 232 (1) (d): involvement of the people in the process of policy making;	<p>Advertisement of vacancies and tenders in the newspapers with national circulation.</p> <p>Incorporation of citizen views and suggestions in budgeting.</p>
Article 232 (1) (e): Accountability for administrative acts;	<p>Use of the Integrated Payroll Personnel Data system and technical manuals and adherence to internal payroll controls in the county payroll system to ensure accountability, efficiency and effectiveness in payroll management.</p> <p>Compliance with the Public Financial Management Act, No.18 of 2012 that provides for effective management of public finances by national and county governments</p>
Article 232 10 (1) (f): Transparency and provision to the public of timely accurate information	Compliance with Leadership and Integrity Act No. 19 of 2012 as well as the Ethics and Anti-corruption Commission Act, No. 22 of 2011 and chapter six of the Constitution
Article 232 10 (1) (g): Fair competition and merit as the basis of appointments and promotions;	<p>Advertisement of vacancies in the newspapers with national circulation to all competition.</p> <p>Adherence to the indents specified in the recruitment request from the user department.</p> <p>Promotions to be based on the performance of the individual staff as evidenced by their staff performance</p>

	appraisal report.
Article 232 10 (1) (h): Representation of Kenya's diverse communities; and	The Board endeavors to provide adequate and equal opportunities for all Kenya's diverse communities as a basic tenet of ensuring equitable representation of Kenya's diverse communities in Public appointments.
Article 232 10 (1) (i): Affording adequate and equal opportunities for appointment, training and advancement, at all levels of the public service	The board has committed itself in ensuring that all policies promoting cohesiveness are implemented. These include the Policy on National Cohesion and Integration, Disability Policy of 2006, National Youth Policy of 2006 and National Gender Policy of 2000.

CHAPTER THREE: RECOMMENDATIONS FOR PROMOTION AND PROTECTION ARTICLE 10 AND 232

The board recommends the following measures to promote and protect the values and principles in Article 10 and 232.

Table 2: Recommendations for promotion and protection of the values and principles

National Values and principles of governance referred to in Article 10	Recommendations for promotion and protection of the values and principles
Article 10 (2) (a): Patriotism, national unity, the rule of law, democracy and participation of the people	<p>Holding of monthly prayers for the country and county.</p> <p>Institutionalizing legal, policy, institutional and administrative measures that create an enabling environment for the realization of patriotism, national unity, the rule of law, democracy and participation of the people.</p> <p>Routine national flag hoisting ceremonies and theme events depicting pride in our nationhood.</p> <p>Use of sports in the promotion of national unity, loyalty and patriotism.</p> <p>Promote citizens understanding for purposes of peace and national cohesion.</p>
Article 10 (2) (a): Sharing and devolution of power	<p>Dissemination of copies of the Kenya Constitution 2010, the County Government Act and other legislations supporting devolution.</p> <p>Decentralization of functions.</p>
Article 10 (2) (b): Human dignity, equity, Social justice, Inclusiveness, equality, Human rights, non-discrimination and protection of the marginalized	<p>Mainstreaming Human Rights Based Approach (HRBA) in Devolution and Planning.</p> <p>Continuous civic education through various Government agencies.</p> <p>Incorporating gender, youth, disability, and minority concerns in planning, reporting, monitoring and evaluation in order to address gender disparities and inequalities inclusiveness and non-discrimination.</p> <p>Establishment of the Huduma Kenya centres in the county to facilitate access of information and services by members of the public in an open and transparent manner to ensure inclusiveness and non-discrimination.</p> <p>Enforcement of the Government's affirmative action policy providing for a minimum of 30% of government</p>

	<p>tenders to be reserved for women, youth and persons with disability.</p> <p>Promotion of the rights of the marginalized, minority and indigenous people through sensitization and advocacy for their rights.</p> <p>Involvement of staff, stakeholders and customers in decision making processes.</p> <p>Continually conduct sensitization programs on disability and gender to ensure equal treatment of staff, stakeholders and customers.</p> <p>The Board should develop strategies and requisite structures necessary for leveraging on information, education and communication to enhance operational efficiency in service delivery.</p> <p>Installation of CCTV cameras in strategic places to address crime and insecurity.</p>
Article 10 (2) (c): Good governance, integrity, transparency and accountability	<p>Continuous sensitization of staff on management and integrity issues in public institutions.</p> <p>Training of integrity assurance officers to carry out corruption risk assessment and coordinate the implementation of corruption prevention programs with the assistance of the Ethics and Anti-Corruption Commission (EACC).</p> <p>Undertaking corruption risk assessment,</p> <p>Establishment of corruption prevention committees.</p> <p>Instituting sanctions on officers who engage in dishonest and corrupt practices.</p> <p>Conducting a countywide public awareness campaign to effect fundamental changes in the attitude and behavior of citizens towards corruption.</p> <p>Provision of platforms for dialogue with other sectors of the society such as the media breakfast meeting and peace meetings organized to foster peace and unity across the county.</p>
Article 10 (2) (d): sustainable development	<p>Build and nature Public Private Partnerships in line with Public Private Partnerships (PPP) Act, No. 15 of 2013 which provides for the framework for the participation of the private sector in the financing, construction, development, operation or maintenance of infrastructure or development projects of the government through concession or other contractual arrangements.</p> <p>undertake advocacy on core development issues such as agriculture, education, health, security, economics, sustainable environment among others.</p>
Values and principles of Public Service referred to in Article 232	Recommendations for Ppotion and protection of the values and principles.
Article 232 (1) (a): High standards of professional ethics;	Include professional trainings in the staff training plan.
Article 232 (1) (b):	Design instruments for ensuring

Efficient, effective and economic use of resource;	efficient and effective delivery of the public services ¹ . This includes the website and a lean organization structure. Implementation of the Staff performance evaluations and appraisal recommendations.
Article 232 (1) (c): Responsive, prompt, effective, impartial and equitable provision of services;	Compliance with the constitutional provision on the promotion of equalization in regard to persons with disabilities, minorities and other marginalized groups. Identifying and train bright students from across the county and bond them to provide services to the stations within their localities. The Board shall be developing a HR strategic plan. Networking Board offices.
Article 232 (1) (d): Involvement of the people in the process of policy making;	Establishment of strategies that facilitate continuous engagement of the general public for instance through public barazas, use of electronic and print media and surveys that inform decision making among others. Conducting periodic Public Private Partnership forums to promote participation of the private sector in government's socioeconomic development initiatives. Development of a framework for public participation. Integrate public participation in the operations through public service open days
Article 232 (1) (e): Accountability for administrative acts;	To establish functional mechanisms to report feedback in case of service deficiency.
Article 232 10 (1) (f): Transparency and provision to the public of timely accurate information	Develop service charters to demonstrate the Board's mandates and inform clients the quality of services to expect and the charges they are expected to pay hence transparency.
Article 232 10 (1) (g): Fair competition and merit as the basis of appointments and promotions;	To establish uniform norms and standards for county Public service management and development through Operationalisation of the Tana River County Human Resource policies and procedure Manual.
Article 232 10 (1) (h): Representation of Kenya's diverse communities; and	Evaluation and reporting on staff establishment ethnic representations.
Article 232 10 (1) (i): Affording adequate and equal opportunities for appointment, training and advancement, at all levels of the public service	An all inclusive training plan that matches the training programmes with the staff competency gap.

CHAPTER FOUR: ACTIONS AGAINST PERSONS VIOLATING ARTICLE 10 AND 232

In the year 2014 the Board did not identify any person violating the national values and principles and therefore no action or decision to this effect was made. The short period within which the board was in office is responsible for the feedback.

CHAPTER FIVE: IMPEDIMENT IN THE PROMOTION OF ARTICLE 10 AND 232

While undertaking measures to promote the values and principles referred to in articles 10 and 232 are complied with in the County Public Service Board faced several challenges which are discussed below.

Misinterpretation of the Constitution: The Constitution of Kenya 2010 has distinct provisions that seek to promote the creation of national identity. However, majority of the public officers in the county lack capacity to interpret and fully implement the provisions of the Constitution thus impacting negatively on the creation of a national identity and exercise of sovereign power.

Low levels of awareness of the Constitution amongst County and non-state actors : The low levels of awareness of the Constitution amongst state and non-state actors has been an impediment on the processes towards the creation of national identity.

Marginalization: For a very long time Tana River was sidelined leading to feelings of marginalization among the residents. The County is characterized by poor infrastructure and inadequate resources breeding the feelings of marginalization consequently affecting the creation of a national identity and exercise of sovereign power.

Inadequate awareness on the constitutional provisions that seek to enhance promotion of values and principles: The low levels of awareness on the Constitution, public misunderstanding and misinterpretation of legislation and administrative procedures is an impediment to the promotion of values and principles.

Inadequate funding: Inadequate funding for training and civic education has led to minimal sensitization and advocacy making the electorate vulnerable to manipulation.

Unclear roles definition: Lack of a common understanding of roles between the County Assemblies and the County Executives; the Senate and the Governors; Senate and the National Assembly has also contributed in undermining the implementation of devolution processes

Inadequate capacity building and sensitization on the constitutional provisions on devolution and other relevant legislations: Inadequate information on devolution has largely affected the devolution process and impacted negatively on the operations of the county governments.

Lack of understanding of financial and budgetary regulations: There is also the lack of understanding of financial and budgetary regulations including the procurement procedures. These have among other things led to misuse of the available funds and sometimes failure to use the funds altogether.

High levels of illiteracy: The high illiteracy levels in the county especially amongst women and persons with disabilities have resulted to implementation gaps in the levels of representation of the marginalized groups, particularly, women and people with disabilities. The marginalized communities hardly access formal education and even those who have hardly progress to secondary school and institutions of higher learning. This limits their chances of being engaged in high cadre jobs thus affecting the Board's ability to comply with regional and ethnicity balance in the county public service

Inadequate implementation of policies, legislations and guidelines that protect the Bill of Rights: The County has not yet developed an affirmative policy or a county equality law neither does the National Gender and Equality Commission have a comprehensive framework to administer or issue advisories to other agencies on affirmative action.

Lack of county database for persons with disabilities: The County does not have a complete record of the persons with disabilities to facilitate promotion of the affirmative actions. This impedes protection of the marginalized.

Resistance to change by certain working groups and political interference

Inadequate implementation of policies and guidelines on transparent and accountable management of resources: The culture of corruption is still entrenched in most sectors and continues to be a threat to stability and attainment of the aspirations and goals . Lack of cooperation from staff involved in unethical behaviour is an impediment to fighting corruption since it slows down the

processes geared towards the promotion of good governance, transparency and accountability. Lack of honesty and professionalism among some members of staff, stakeholders and customers was also a deterrent to integrity promotion efforts.

Structural bureaucracy and vested interests in recruitment and tendering processes: Conflict of interest and structural bureaucracy to comprise in service delivery.

Inadequate implementation of policies and legislations that seek to promote sustainable development: Weak legal, policy and institutional frameworks that are meant to guide sustainable development have been found to impact negatively on the development processes.

Global competition, climate changes and natural disasters: Harsh weather and climate patterns coupled natural and manmade disasters such as acts of terrorism and flooding in the County have continually affected the realization of sustained social/economic development.

CHAPTER SIX: MID-TERM PROGRAMMES TOWARDS THE PROMOTION OF ARTICLE 10 AND 232

The Board has undertaken suggested the following strategies to promote national values and principles in the Mid-term.

Table 3: Mid-Term Programmes Towards Promotion and Protection of the Values and Principles.

National values and principles of Governance referred To In Article 10	Mid-Term programmes towards promotion and Protection of the values and principles.
Article 10 (2) (a): Patriotism, national unity, the rule of law, democracy and Participation of the People	1. Operationalise the website. 2. Establish structures for citizen participation.
Article 10 (2) (b): Human dignity, Equity, social justice, Inclusiveness, equality, human rights, Non-discrimination and protection of the marginalized	1. Civic education 2. Huduma Kenya Centres in the county
Article 10 (2) (b): Good governance, integrity, transparency and accountability.	1. Training integrity assurance officers to carry out corruption risk assessment 2. Operationalise the County Public Service codes of conduct
Article 10 (2) (b): Sharing and Devolution of Power	1. Create awareness on devolution and governance 2. Design delegation instruments
Article 10 (2) (d): Sustainable Development	1. Public private partnerships
Values and Principles of Public Service Referred to in Article 232	Mid-Term Programmes towards promotion and protection of the values and principles
Article 232 (1) (a): High standards of professional ethics;	1. Staff training and development programme
Article 232 (1) (b): Efficient, effective and economic use of resource;	1. Development of the 2014-2018 Strategic Plan 2. Operationalising the county organization structure 3. Develop the integrated performance management and accountability framework 4. Staff performance appraisal
Article 232 (1) (c):	1. Development of the strategic HR

Responsive, prompt, effective, impartial and equitable provision of services;	Plan to inform recruitment timeline 2. Establish results coach network to identify champions across the county in various fields 3. Networking board offices
Article 232 (1) (d): Involvement of the people in the process of policy making;	Development of a framework for public participation.
Article 232 (1) (e): Accountability for administrative acts;	Operationalise the suggestion and Customer complaints box
Article 232 10 (1) (f): Transparency and provision to the public of timely accurate information	Operationalise the board service charter
Article 232 10 (1) (g): Fair competition and merit as the basis of appointments and promotions;	Document the HR policies and procedure Manual
Article 232 10 (1) (h): Representation of Kenya's diverse communities; and	Staff ethnic audit and rationalization programme
Article 232 10 (1) (i): Affording adequate and equal opportunities for appointment, training and advancement, at all levels of the public service	Operationalise the HR policies and procedure Manual

CHAPTER SEVEN: CONCLUSION AND WAY FORWARD

Full operationalisation of Article 10 on national values and principles of governance and Article 232 on values and principles of Public Service will ensure a cohesive, integrated and united Kenyan society and efficient and effective Public Service. These values and principles in Article 10 and 232 build on various current and future legislations including the Ethics and Ant-corruption Commission Act, the Leadership and Integrity Act and the Economic Crimes Act. The Bill of Rights provides for equality and freedom from discrimination guaranteeing the basic economic and social rights of all while encouraging respect for diversity and fostering a sense of belonging.

As enshrined in the Constitution of Kenya, 2010 the national and Public Service values are a deliberate effort to facilitate far reaching transformation in the interaction between the Government and its citizenry as well as cultivating an effective and efficient Public Service that is fit for purpose. Going forward the board in collaboration with the County Government should establish a Steering Committee and a secretariat drawn from a cross-section of devolved units to undertake intensive and elaborate sensitization on national values to all stakeholders across the county and to continuously monitor the realization of national values in all sectors of the society. The committee will also receive and receive, collate and analyze reports from identified devolved units and prepare an annual County Assembly report on measures taken and progress made in the realization of values and principles in Article 10 and 232.

To ensure effective implementation of programmes and activities on the promotion of values and principles in Article 10 and 232, the County Government through the board and the Public Service unit shall conduct a baseline survey to establish the status of the realization of national values in the county. The baseline survey shall cover all the devolved units in the county, including the private sector. The baseline survey will largely inform the implementation process of the of values and principles in Article 10 and 232 in regards to resource mobilization and distribution as well as the implementation strategies.

ADHAN NURI BERHE,

Chairperson,
Tana River County Public Service Board.

GAZETTE NOTICE No. 3545

THE ENVIRONMENTAL MANAGEMENT AND
CO-ORDINATION ACT

(No. 8 of 1999)

THE NATIONAL ENVIRONMENT MANAGEMENT AUTHORITY
ENVIRONMENTAL IMPACT ASSESSMENT STUDY REPORT
FOR THE PROPOSED KISERIAN SEWERAGE SYSTEM AND
SEWERAGE TREATMENT WORKS IN KISERIAN LOCATION,
NGONG DIVISION OF KAJIADO COUNTY

INVITATION OF PUBLIC COMMENTS

PURSUANT to regulation 21 of the Environmental Management and Co-ordination (Impact Assessment and Audit) Regulations, 2003, the National Environment Management Authority (NEMA) has received an Environmental Impact Assessment Study Report for the above proposed project.

The proponent (Athi Water Services Board) is proposing to establish a System and Sewerage Treatment Plant located on the foothills of Ngong Hills, Kiserian Town, Kiserian Location, Ngong Division of Kajiado County on the coordinates 1° 25' 39" North and 36° 41' 52" East, approximately 30 Km to the South West of Nairobi City.

The project has two main components i.e the sewers and the sewage treatment works which have been designed to handle 6000m³ of waste water per day. The area to be served by the proposed project is approximately 6.0 km² and comprises of the built-up areas of Kiserian Town that can be connected to a gravity-based sewerage system that drains into a sewage treatment works to be located at a position downstream of Kiserian Dam.

The following are the anticipated impacts and proposed mitigation measures:

Potential Impact	Mitigation Measures
CONSTRUCTION PHASE	
Air pollution	<ul style="list-style-type: none"> • Implement a program for construction equipment, machines and vehicles. • Adhere to safe work procedures and instructions to avoid machine idling. • Implement dust control methods on-site and offsite i.e. during material transportation.
Water pollution	<ul style="list-style-type: none"> • Provide sanitation facilities on site. • Implement proper material storage facilities on site to prevent spillages. • Develop and implement a proper waste management programme on site. • Restore disturbed areas as work progresses to avoid siltation of the nearby water body. • Clearance of vegetation must be avoided especially during rainy season.
Soil erosion and contamination	<ul style="list-style-type: none"> • Only remove vegetation from areas for the STW/sewers construction. • Install appropriate drainage systems to direct water away from slopes. • Avoid traversing of bare soil by vehicles to reduce soil compaction. • Designate a main access route for heavy machinery. • Proper containment of hazardous materials e.g. diesel and train workers of emergency response.
Solid wastes	<ul style="list-style-type: none"> • Implement an integrated solid wastes management system to ensure proper containment, collection, disposal or treatment as may be necessary. • Train workers on solid waste management.
Noise and vibration	<ul style="list-style-type: none"> • Employ best available work practices to minimize occupational noise levels. • Regular inspection and maintenance of

equipment.

Disturbance of traffic
and difficulty of
access

- Follow safe work procedures/instructions
- Implement noise conservation programme.
- Provide diversion routes where possible and erect warning signs of ongoing works.
- Expedite construction works so as to reduce the times where roads are blocked.
- Alternatives access ways should be communicated to the community.

Damage of underground
infrastructure

- Sensitize workers carrying out excavations.
- Work closely with the responsible institutions so that in case of damage, the services are restored within the shortest time.

Occupational health and
safety management

- Implement an occupational health and safety programme.

Sanitation and hygiene

- Provide adequate water supply and sanitation facilities.

Social conflicts

- Implement a community engagement programme.

Displacement of people

- Implement the Resettlement Action Plan.

OPERATIONAL PHASE

Water and soil pollution
from leaks and
sewage overflow

- Ensure sufficient hydraulic capacity to accommodate peak flows and adequate slope in gravity mains to prevent build-up of solids and hydrogen sulphide generation.

- Design manhole covers to withstand anticipated loads and ensure that the covers can be readily replaced if broken to minimize entry of garbage and silt into the system.

- Develop and implement a maintenance programme to ensure regular cleaning, repairs, inspection and monitoring.

- Implement emergency response mechanism to ensure that leakages, blockages are reported and actioned on promptly.

Accidents and injuries

- Implement safety program to identify all the risks, associated hazards and mitigation measures.

- Implement accident prevention, reporting and investigation programme.

- Train workers on safety and accident prevention.

- Implement community safety programme.

Exposure to hazardous
chemicals

- Implement a training program for operators who work with chlorine and ammonia regarding safe handling practices and emergency response procedures.

- Provide appropriate personal protective equipment and training on its proper use and maintenance.

- Develop and implement hazardous materials safety program and train workers on it.

- Implement emergency response and preparedness in regards to hazardous materials and train workers on it.

- Continuously monitor air quality in work areas for hazardous conditions (e.g. explosive atmosphere, oxygen deficiency).

Liquid effluents

- Ensure that the sewerage treatment plant

	is well designed and is efficiently working so as to achieve the quality of effluent discharged is consistent with applicable national requirements or internationally accepted standards.
Solid waste such as sludge	<ul style="list-style-type: none"> • Implement effluent sampling and analysis program to ensure periodic monitoring and maintenance of the quality within acceptable limits. • Develop, implement and ensure adherence to safe operating procedures.
	<ul style="list-style-type: none"> • Develop and implement fecal sludge management system including appropriate sludge treatment technologies, collection methods, disposal and/or reuse. • Implement an integrated solid waste management program.
Offensive Odours	<ul style="list-style-type: none"> • Provide adequate buffer area, such as trees, or fences, between processing areas and potential receptors. • Cover emission points and implement air emission monitoring programme. • Consider alternate aeration technologies or process configurations to reduce volatilization where necessary.
Public health issues related to irrigation with treated sewage	<ul style="list-style-type: none"> • Consider use of drip irrigation of treated wastewater, which minimizes worker exposure and the amount of water needed. • Adequate treatment of wastewater and sludge to acceptable quality. • Limit irrigation with treated wastewater to crops that are cooked before eating;
Risks of wildlife and rodents attractions to the site	<ul style="list-style-type: none"> • Properly secure the treatment plant. • Maintaining high standards of hygiene at the site throughout the operation phase of the facility. • Proper solid waste management.

The full report of the proposed project is available for inspection during working hours at:

(a) Director-General, NEMA, Popo Road, off Mombasa Road, P.O. Box 67839-00200, Nairobi.

(b) Principal Secretary, Ministry of Environment and Mineral Resources, NHIF Building, Community, P.O. Box 30521, Nairobi.

(c) County Director of Environment, Kajiado County.

The National Environment Management Authority invites members of the public to submit oral or written comments within thirty (30) days from the date of publication of this notice to the Director-General, NEMA, to assist the Authority in the decision making process of the plan.

Z. O. OUMA,
for Director-General,

MR/7413688

National Environment Management Authority.

GAZETTE NOTICE No. 3546

THE ENVIRONMENTAL MANAGEMENT AND CO-ORDINATION ACT

(No. 8 of 1999)

THE NATIONAL ENVIRONMENT MANAGEMENT AUTHORITY ENVIRONMENTAL IMPACT ASSESSMENT STUDY REPORT FOR THE PROPOSED MAKANYANGA IRRIGATION DEVELOPMENT PROJECT IN MERU SOUTH SUB-COUNTY, THARAKA NITHI COUNTY

INVITATION OF PUBLIC COMMENTS

PURSUANT to regulation 21 of the Environmental Management and Co-ordination (Impact Assessment and Audit) Regulations, 2003, the National Environment Management Authority (NEMA) has

received an Environmental Impact Assessment Study Report for the above proposed project.

The proponent (Ministry of Agriculture, Livestock and Fisheries) is proposing to put up a small scale horticulture development on an estimated 206 ha land which will lead to food security and make it possible for the local communities to draw economic benefits from the land and water resources available located in Igambang'ombe District, Igambang'ombe Division, Kanjuki Location, Makanyanga, Rianthiga and Marengo Sub-locations, Tharaka Nithi County,

The proposed system will consist of diversion works, conveyance, mainlines, distribution and infield systems which will comprise of the following; Plot hydrant placed at off-take to the farm, Upvc plot feeder pipes, 4 field hydrant, uPVC field hydrant feeder pipes, HDPE lateral pipes to supply sprinklers (24m per acre), 2 sprinklers per acre, 2 tripod stands per acre, 2 GI stand pipe, 1 HDPE pipe coupler (connector), 1 HDPE female adaptor or starter coupler, 3 HDPE male adaptors, 12 GI tee, 1 GI elbow and 12 hexel nipples.

The following are the anticipated impacts and proposed mitigation measures:

Impacts	Mitigation measures
Loss of biodiversity	<ul style="list-style-type: none"> • Establishment of tree nurseries. • Planting of vegetation to restore the lost vegetation. • Restoration of the lost biodiversity.
Soil erosion and siltation	<ul style="list-style-type: none"> • Compaction of the loose soil. • Landscaping. • Slope stabilization. • Planting of grass and other vegetation to hold the soil firmly. • Building of gabions where severe effects are expected. • Provision of silt traps in drainage structures.
Pollution	<ul style="list-style-type: none"> • Sprinkling water during construction phase to avoid dust being blown by wind or construction vehicles. • Regular servicing of the machines and construction vehicles to avoid the emission of smoke and other gases. This will also reduce the intensity of the noise being generated. • Proper collection and disposal of waste oil and grease to avoid soil and water pollution. • Servicing of vehicles and plant in proper garages or workshop.
Interference with traffic flow	<ul style="list-style-type: none"> • Proper and clearly visible road signs should be erected. • Alternative routes to be established as well as upgrading the gravel road to the intake. • Provide traffic wardens.
Occupational health and safety	<ul style="list-style-type: none"> • Training of workers should be provided so as to acquaint them on the operation of the machinery and equipment to avoid danger to users. • The management should provide the workers with safety instruction manuals and safety gear. • Provide footpaths and diversions as necessary. • Enhance supervision of workers. • Install warning and directional signs to control traffic. • Station traffic wardens on work sites along the roads and crossings. • Maintain roads in good state of repair. • Provision of health safety and welfare plans and procedures to workers on site. • Comply with Kenyan safety policy and safe working procedures, laws,

regulation.

- Appointment of Health, Safety and Environment Officer (HSEO).
- Establishment of a clinic for emergency response plans.
- Establish and monitor performance of health and safety committee as per the safety regulations.
- Develop a site safety action plan detailing safety equipment to be used, emergency procedures, restrictions on site, frequency and personnel responsible for safety inspections and controls.
- All injuries that occur on site must be recorded in the accident register and corrective actions for their prevention be instigated as appropriate (section 62 of the Factories and Other Places of Work Act).
- Emergency preparedness programme should be established.
- Spill mitigation equipment including adsorbents, leakage-plugging devices, foam coverspraying equipment, oil skimmers and water spraying equipment should be provided.

- Careful collection and disposal of used oil.
- Properly designed vehicle and plant washing facilities.
- Washing in rivers and open areas to be prohibited.
- Repair works to be carried in designated workshops and not on roadside.

- Interference with the flow of River Runguti
- Provision of sluice gates and spillways to ensure continuous flow is enhanced
- Soil erosion and siltation
- Establishment of tree nurseries.
 - Silt traps should be put in place.
 - De-silting of the silt traps should be done regularly.

Protection of steep cuttings should be done by landscaping and to some extent building of gabions where necessary.

- Terracing also should be done to reduce the velocity of water flow and hence reduced erosion.
- Planting of vegetation like grass, trees and shrubs in the disfigured environment.
- The catchment should be conserved by planting of woodlands and other relevant flora.

- Pollution from agrochemicals
- Proper training on application of agrochemicals.
 - Use of natural fertilizers.
 - Practicing organic farming.

- Insecurity
- Setting up of an effective internal security unit to work in liaison with the police and administration.
 - The construction camp should be well secured and patrolled at all times.
 - Provide fire prevention installations and alarm in the compound.

The full report of the proposed project is available for inspection during working hours at:

(a) Director-General, NEMA, Popo Road, off Mombasa Road, P.O. Box 67839-00200, Nairobi.

(b) Principal Secretary, Ministry of Environment and Mineral Resources, NHIF Building, Community, P.O. Box 30521, Nairobi.

(c) County Director of Environment, Tharaka Nithi County.

The National Environment Management Authority invites members of the public to submit oral or written comments within thirty (30) days from the date of publication of this notice to the Director-General, NEMA, to assist the Authority in the decision making process of the plan.

Z. O. OUMA,
for Director-General,
National Environment Management Authority.

MR/7413726

GAZETTE NOTICE No. 3547

THE ENVIRONMENTAL MANAGEMENT AND CO-ORDINATION ACT

(No. 8 of 1999)

THE NATIONAL ENVIRONMENT MANAGEMENT AUTHORITY

ENVIRONMENTAL IMPACT ASSESSMENT STUDY REPORT FOR THE PROPOSED MIXED USE DEVELOPMENT LOCATED IN RUNDA AREA ON PLOT NUMBER L.R. NO. 20091, OFF KIAMBU ROAD, NEXT TO GITHOGORO SLUM IN NAIROBI CITY COUNTY

INVITATION OF PUBLIC COMMENTS

PURSUANT to regulation 21 of the Environmental Management and Co-ordination (Impact Assessment and Audit) Regulations, 2003, the National Environment Management Authority (NEMA) has received an Environmental Impact Assessment Study Report for the above proposed project.

The proponent, Runda Gardens Development Limited, is proposing to construct a Mixed Use Development on Land Title No. 20091 along Kwaheri Road, off Kiambu Road, next to Githogoro slum in Nairobi County. The project plot area measures about 30 Acres. The project will entail putting up a multiple use premise; a residential component of about 21 Acres on which a total of 121 residential units of maisonettes will be constructed, a school component of about 7 Acres and a community centre component and associated facilities like parking bays in the remaining portion of the plot. The following are the anticipated impacts and proposed mitigation measures

Expected Impacts

Project implementation disputes

- Sufficient planning for adequate resources required i.e. financial, personnel and equipment.

- Land transfer agreements should be formalized before the project starts as per the laws of the land.

- Community support mobilization and sensitization through consultative forums.

Increased storm water, runoff and soil erosion

- Storm water to be harvested and recycled for utilization within the project site. Disposal of storm water that will not be harvested will be via surface drain off.

- Apply soil erosion control measures such as leveling of the project site to reduce run-off velocity and rip any compacted areas.

- Ensure that construction vehicles are restricted to existing graded roads to avoid soil compaction within the project site.

High Demand of Raw material

- Source building materials from local suppliers who use environmentally friendly processes in their operations.

	<ul style="list-style-type: none"> • Ensure accurate budgeting and estimation of actual construction material requirements to ensure that the least amount of material necessary is ordered. • Ensure that damage or loss of materials at the construction site is kept minimal through proper storage. • Use at least 5%-10% recycled, refurbished or salvaged materials to reduce the use of raw materials and divert material from landfills. 			<ul style="list-style-type: none"> • Ensure that construction machinery are kept in good condition to reduce noise generation and are insulated or placed in enclosures. • Comply with the provisions of Noise Prevention and Control Rules 2005, Legal notice no. 24 regarding noise limits at the workplace.
Vegetation disturbance	<ul style="list-style-type: none"> • Ensure proper demarcation and delineation of the project area. • Specify locations for trailers and equipment, and areas of the site which should be kept free of traffic, equipment, and storage. • Designate access routes and parking within the site. • Design and implement an appropriate landscaping programme to help in re-vegetation of part of the project area after construction. 		Increased energy consumption	<ul style="list-style-type: none"> • Ensure electrical equipment, appliances, lights, and vehicles are switched off when not being used. • Install energy saving fluorescent tubes at all lighting points instead of bulbs which consume higher electric energy.
Increased solid waste generation	<ul style="list-style-type: none"> • Use of an integrated solid waste management system i.e. through a hierarchy of options: 1. Source reduction 2. Recycling 3. Composting and reuse 4. Combustion 5. Sanitary land filling. • Order materials in the sizes and quantities they will be needed rather than cutting them to size, or having large quantities of residual materials. • Use of durable, long-lasting materials that will not need to be replaced as often and those that can stay unused over time, thereby reducing the amount of construction waste generated over time. • Provide facilities for proper handling and storage of construction materials to reduce the amount of waste caused by damage or exposure to the elements. • Use construction materials that have minimal or no packaging and those containing recycled content to avoid the generation of excessive waste. • Private waste disposal company to be contracted to transport and dispose the solid waste from site. 		High water demand	<ul style="list-style-type: none"> • Install water conserving taps that turn-off automatically when water is not being used. • Promptly detect and repair water pipe and tank leaks. • Sensitize staff to conserve water.
			Generation of wastewater	<ul style="list-style-type: none"> • Ensure that the effluent generated is monitored for its quality should meet the stipulated standards and it's directed to the existing sewerage treatment plant. • Conduct regular checks for pipe blockages or damages.
			Incidents, accidents and dangerous occurrences.	<ul style="list-style-type: none"> • Ensure that provisions for reporting incidents, accidents and dangerous occurrences during construction are in place. • Enforcing adherence to safety procedures and preparing contingency plan for accident response in addition safety education and training shall be emphasized.
			Emergency preparedness and evacuation procedures	<ul style="list-style-type: none"> • Design suitable documented emergency preparedness and evacuation procedures that must be tested at regular intervals, to be used during any emergency. • Ensure that adequate provisions are in place to immediately stop any operations where there is an imminent and serious danger to health and safety and to evacuate workers. • Ensure that emergency telephone numbers posters are prominently and strategically displayed within the construction site.
			First Aid	<ul style="list-style-type: none"> • Train workers in first aid by a recognized body. • Well stocked first aid box which is easily available and accessible, should be provided within the premises.
Dust emission	<ul style="list-style-type: none"> • Ensure strict enforcement of on-site speed limit regulations. • Sprinkle water on graded access routes when necessary to reduce dust generation by construction vehicles. • Personal Protective equipment to be worn always when at work place. 		Increased Pressure on Infrastructure	<ul style="list-style-type: none"> • Upgrade existing infrastructure and services, where feasible. • Ensure the general safety and security at all times by providing day and night security guards and adequate lighting within and around the construction site.
Exhaust emission	<ul style="list-style-type: none"> • Vehicle idling time shall be minimized and engines running at loading/offloading points and parking areas switched off. • Fuelled construction equipment shall be used where feasible equipment shall be properly tuned and maintained. 		Insecurity	<ul style="list-style-type: none"> • Body-search the workers on entry, to avoid getting weapons on site, and leaving site to ensure nothing is stolen. • Ensure only authorised personnel get to the site. • Security alarms will be installed.
Noise and vibration	<ul style="list-style-type: none"> • Sensitize construction vehicle drivers and machinery operators to switch off engines of vehicles or machinery not being used and to avoid hooting especially in sensitive areas. 			

The full report of the proposed project is available for inspection during working hours at:

(a) Director-General, NEMA, Popo Road, off Mombasa Road, P.O. Box 67839-00200, Nairobi.

(b) Principal Secretary, Ministry of Environment and Mineral Resources, NHIF Building, Community, P.O. Box 30521, Nairobi.

(c) County Director of Environment, Nairobi County.

The National Environment Management Authority invites members of the public to submit oral or written comments within thirty (30) days from the date of publication of this notice to the Director-General, NEMA, to assist the Authority in the decision making process of the plan.

Z. O. OUMA,
for Director-General,

MR/7413618

GAZETTE NOTICE NO. 3548

THE ENVIRONMENTAL MANAGEMENT AND CO-ORDINATION ACT

(No. 8 of 1999)

THE NATIONAL ENVIRONMENT MANAGEMENT AUTHORITY

ENVIRONMENTAL IMPACT ASSESSMENT STUDY REPORT
FOR THE PROPOSED AVIC INTERNATIONAL AFRICA
HEADQUARTERS IN WESTLANDS, PLOT L.R. NO. 209/73/1, 6;
209/74/3, 4, 6 NAIROBI COUNTY

INVITATION OF PUBLIC COMMENTS

PURSUANT to regulation 21 of the Environmental Management and Co-ordination (Impact Assessment and Audit) Regulations, 2003, the National Environment Management Authority (NEMA) has received an Environmental Impact Assessment Study Report for the above proposed project.

The proponent, Avic-International Real Estate (Kenya) Limited, is proposing to develop a Mixed Development Project on Plot L.R. Nos: 209/74/3, 4, 6 (East of Chiromo Lane) and 209/74/3, 4, 6 (West of Chiromo Lane), off the main Nairobi-Nakuru highway (Chiromo Road), along Chiromo Lane, Westlands, Nairobi City County.

The project involves construction of an Office Tower; Hotel Tower; 4 Apartment Towers, a 2 levels bridge over Chiromo Lane and an underground tunnel below Chiromo Lane connecting a Commercial Podium on the Western side of Chiromo Lane to Podium on the Eastern side of the lane among other auxiliary facilities. The total project area shall be on approximately 7.5 acres (30,736 m²) of land with the built up area being approximately 24,588.80m².

The following are the anticipated impacts and proposed mitigation measures:

Possible Impacts	Mitigation measures
Increased solid waste generation	<ul style="list-style-type: none"> Use of an integrated solid waste management system i.e. through a hierarchy of options: 1 Source reduction, 2. Recycling, 3. Composting and reuse, 4. Combustion, 5 sanitary land filling. Engaging NEMA registered waste disposal/handling company for transport and dispose the solid waste from site. Use of durable, long-lasting materials that will not need to be replaced as often and those that have minimal or no packaging. Order materials in the sizes and quantities they will be needed. Provide facilities for proper handling and storage of construction materials to reduce the amount of waste caused by damage or exposure to the elements.
Noise pollution	<ul style="list-style-type: none"> Install portable barriers to shield compressors and other small stationary equipment where necessary. Workers in the vicinity in areas with high level noise to wear appropriate safety and protective gear. Ensure that construction machinery are kept in good condition to reduce noise generation.

Project implementation disputes	<ul style="list-style-type: none"> Sensitize construction vehicle drivers and machinery operators to switch off engines of vehicles or machinery not being used. Land transfer agreements should be formalized before the project starts as per the laws of the land. Sufficient planning for adequate resources required i.e. financial, personnel and equipment. Community support mobilization and sensitization through consultative forums or questionnaire methods.
High Demand of Raw material	<ul style="list-style-type: none"> Proper storage of materials to reduce damage or loss of materials at the construction site. Ensure accurate budgeting and estimation of actual construction material requirements. Proper storage of materials to reduce damage/loss of materials at the construction site.
Increased energy consumption	<ul style="list-style-type: none"> Ensure electrical equipment, appliances, lights, and vehicles are switched off when not being used. Install energy saving fluorescent tubes at all lighting points instead of bulbs which consume higher electric energy.
High water demand	<ul style="list-style-type: none"> Install water conserving taps that turn-off automatically when water is not being used. Promptly detect and repair water pipe and tank leaks. Sensitize staff to conserve water. Promote recycling and reuse of water as much as possible.
Generation of wastewater	<ul style="list-style-type: none"> Conduct regular checks for pipe blockages or damages. Ensure that the effluent generated is monitored for its quality should meet the stipulated standards and it's directed to the existing sewerage treatment plant.
Dust generation	<ul style="list-style-type: none"> Spray uncovered and loose earth surfaces with water. Cover all trucks hauling soil, sand and other loose materials. Personal Protective equipment to be worn always when at work place. Ensure strict enforcement of on-site speed limit regulations. Use of dust nets to harness possible dust from the development.
Increased storm water, runoff and soil erosion	<ul style="list-style-type: none"> Install appropriate drainage infrastructures. Ensure management of excavation activities. Construction vehicles to be restricted to existing graded roads to avoid soil compaction within the project site. Landscaping of disturbed and open surfaces. Compacted areas should be ripped to reduce run-off. Harvest and recycle storm water for utilization within the site.

- | | |
|------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Exhaust Emissions | <ul style="list-style-type: none"> • Vehicle idling time shall be minimized • Equipment shall be properly tuned and maintained. • Modern Equipment with high combustion rates shall be used by the contractor. • Vehicles and machinery not in use shall be switched off. |
| Road Safety and Traffic Congestion | <ul style="list-style-type: none"> • Road signs on main roads. • Enforce speed limits for construction vehicles. • Implement a comprehensive Traffic Management Plan. • Minimize the haulage and transportation of construction of materials during peak hours using public roads. • Use of reflective jackets among other PPEs to avoid accidents. |
| Occupational Health and Safety | <ul style="list-style-type: none"> • Provide suitable safety gear for all personnel in various construction areas. • Equipment such as fire extinguishers must be examined by a government authorized person. • Well stocked first aid box which is easily available and accessible, should be provided within the premises. • Train workers in first aid by a recognized body. • Conducting Environmental Health and Safety Audits as per the EMCA 1999 and OHS, 2007. |
| Vegetation disturbance | <ul style="list-style-type: none"> • Design and implement an appropriate landscaping programme to help in re-vegetation of part of the project area. • Introduction of vegetation (trees, shrubs and grass) on open spaces and their maintenance. • Designate access routes and parking within the site. • Ensure proper demarcation and delineation of the project area to be affected by construction works. |
| Insecurity | <ul style="list-style-type: none"> • Body-search the workers on entry, to avoid getting weapons on site, and leaving site to ensure nothing is stolen. • Ensure only authorized personnel get to the site. |

The full report of the proposed project is available for inspection during working hours at:

(a) Director-General, NEMA, Popo Road, off Mombasa Road, P.O. Box 67839-00200, Nairobi.

(b) Principal Secretary, Ministry of Environment and Mineral Resources, NHIF Building, Community, P.O. Box 30521, Nairobi.

(c) County Director of Environment, Nairobi County.

The National Environment Management Authority invites members of the public to submit oral or written comments within thirty (30) days from the date of publication of this notice to the Director-General, NEMA, to assist the Authority in the decision making process of the plan.

THE ENVIRONMENTAL MANAGEMENT AND CO-ORDINATION ACT

(No. 8 of 1999)

THE NATIONAL ENVIRONMENT MANAGEMENT AUTHORITY

ENVIRONMENTAL IMPACT ASSESSMENT STUDY REPORT
FOR THE PROPOSED CONSTRUCTION OF ADDITIONAL
WHITE OILS STORAGE TANKS AND ACCESSORIES AT PUMP
STATION 10 (NAIROBI TERMINAL) CONTRACT NO.
SU/QT/784N/13, WITHIN KPC COMPOUND IN NAIROBI
COUNTY

INVITATION OF PUBLIC COMMENTS

PURSUANT to regulation 21 of the Environmental Management and Co-ordination (Impact Assessment and Audit) Regulations, 2003, the National Environment Management Authority (NEMA) has received an Environmental Impact Assessment Study Report for the above proposed project.

The Proponent (Kenya Pipeline Company (KPC) Limited) is proposing to construct 4 (four). Additional product tanks and accessories at Nairobi Terminal (PS 10) to enhance its capacity to 30-days stock for the products at Pump Station 10(Nairobi Terminal) Contract No. SU/QT/784N/13, within KPC Compound in Nairobi County.

The main objective of setting up the Company (Kenya Pipeline Company (KPC) Limited) was to provide efficient, reliable, safe and cost effective means of transporting petroleum products from Mombasa to the hinterland.

The following are the anticipated impacts and proposed mitigation measures:

CONSTRUCTION PHASE

<i>Environmental/social aspect</i>	<i>Recommended mitigation, monitoring and/or management measure</i>
Loss of habitat for local Birds due to vegetation clearing and conversion	<ul style="list-style-type: none"> • The clearing of vegetation should be strictly controlled and be limited to what is absolutely necessary and will not be done indiscriminately. Diligence on the part of the Contractor and proper supervision of the workforce is important in this respect. • Consider appropriate landscaping in unpaved areas.
Air pollution	<ul style="list-style-type: none"> • Construction materials and excavated soils should be covered during transport and storage. • Water spraying should be done around the construction sites. • The contractor should conduct workers training on management of air pollution from vehicles and machinery. • All construction machinery should be maintained and serviced in accordance with the manufacturers' specifications.
Noise pollution	<ul style="list-style-type: none"> • Noise levels shall be kept within acceptable limits by NEMA. • Use of ear protectors by workers when performing noisy operations.
Occupational health and safety concerns	<ul style="list-style-type: none"> • Establish a Health and Safety Plan (HASP) to guide construction processes. • Appoint a health and safety coordinator. • Provide an emergency First aid kit on site. • Conduct mandatory safety inductions for all workers and visitors to the site. • Maintain a register of workers on site. • Provide workers with gloves, ear gears, sturdy rubber boots and overalls to protect their skin from the effects of cement. • Designate an emergency assembling

Solid waste generation and disposal	<p>point.</p> <ul style="list-style-type: none"> • Construction waste should be managed as follows. • Provide suitable and well labelled solid waste containers. • Proper segregation of solid waste. • Install oil interceptors along the storm water drainage channels. • The use of the “3Rs” philosophy of reuse, recycle and reduce will be adopted. • Use a NEMA registered waste collector to dispose wastes. 		<p>will find their ways into the drainages.</p> <ul style="list-style-type: none"> • Future groundwater sampling should be done to monitor and address any contamination. • Future Soil Gas Survey and sampling should be carried out periodically once the project becomes operational to ensure there is no contamination as a result of project activities.
Spillage of oil and fuel	<ul style="list-style-type: none"> • Document spill prevention procedure & response plan and display at a site easily visible to staff. • Major maintenance operations to be carried out offsite. • Maintain spill response kits at the site. 	Security risk	<ul style="list-style-type: none"> • KPC should come up with a strategy of controlling public movement along the above mentioned public road. • Security should be boosted around the tanks especially to monitor the activities happening after the security wall fence after the proposed tanks within a radius of 500m from the project site.
Increased traffic	<ul style="list-style-type: none"> • Schedule delivery of materials to the site during off peak hours unless an urgent situation arises where delivery is to be done during peak hours. • The contractor can use an alternative means of transport such as the railway siding behind the proposed project site. 	Fire hazards	<ul style="list-style-type: none"> • All permits be acquired before any welding or cutting work commences near live tanks or in areas considered to hold considerable fuel vapour. • Carry out pre-incident response planning to identify hazards, a fire’s potential to develop into a major incident and the required and available resources.
Vapour emissions and offensive odours	<p>OPERATIONAL PHASE</p> <ul style="list-style-type: none"> • As proposed in the tank designs the tanks should be fitted with well-structured domes to ensure minimal vapour escapes from the tanks. • Automated Leak Detection System should be installed in the terminal to aid identification of leakages and stopping escaping vapour emissions. 		<ul style="list-style-type: none"> • Ignition from hot work will be controlled by following established hot work permit procedures. • An integrated fire prevention plan will be drafted before “start-up” of the facilities. • Ignition from electrical equipment will be prevented by: <ul style="list-style-type: none"> • Following appropriate electrical standards. • Assuring that equipments are in good operating condition, properly installed and suitable for area’s electrical hazard classification.
Noise pollution	<ul style="list-style-type: none"> • Noise levels shall be kept within acceptable limits by NEMA; • Use of ear protectors by workers when performing noisy operations. 		
Liquid waste (Waste water)	<ul style="list-style-type: none"> • Waste water treatment design should include a retention facility and separator with oil skimming system. • Properly designed spill containment systems at product storage areas to minimize the volume of storm water that becomes intermingled with contaminants within the containment system. • Effluent from separator should be treated to meet the NEMA prescribed standards for waste water before discharge into public storm water drainage. • Oil separator compartments should be cleaned regularly and the sludge properly disposed off to a registered and licensed NEMA waste collector. 		<ul style="list-style-type: none"> • Proper Tank spacing as part of the design to minimize fire hazard and the exposure risk to adjacent tanks, equipment, and buildings if a fire occurs as indicated in NFPA 30 Table 4.3.2.1.1 (a) and Table 4.3.2.1.1 (b). • Bund wall and floor construction and penetration joints will be leak-tight. Surfaces should be free from any cracks, discontinuities and joint failures that may allow relatively unhindered liquid trans-boundary migration. As a priority, bunds will be checked and any damage or disrepair, which may render the structure less than leak-tight, will be remedied.
Contamination of soil and ground water sources in case of accidental spillages	<ul style="list-style-type: none"> • Automated Leak Detection System should be installed in the terminal to aid identification of leakages and stopping escaping vapour emissions. • The contractor, should ensure that the tanks and the domes comply with API 650 in terms of assemblage of construction equipment and installation; specifically sections G.4.2.1, G.4.2.2, G.1.1 and 1.4.1 and ensure all the tanks are tested before commissioning. • Develop a comprehensive spill response action plan with other oil marketers and display it in a strategic place. • Ensure that all drainages are fitted with oil interceptors to retain any oils that 		<ul style="list-style-type: none"> • Site-specific planning of firewater management and control measures should be undertaken with active participation of the local Fire and Rescue Service team. • Appropriate and portable fire extinguishers will be availed at or near places of which fires are likely to occur. The fire extinguishing systems will comply with requirements of NFPA 10 section 5.4. • Comply with NFPA 30 section 4.5.4 and 4.5.5 on Management of fire hazards and control. • Staff working at the facility will be trained in fire systems activation as well as operational procedures. This will also include fire drills. • The fire detection system will be

designed and installed at the terminal during its operation to activate automatically manually or both (automatic with manual activation).

- Arrangements for on-site emergency response and firefighting planning and preparations are drawn up. It will detail the following:
 - Actions and responsibilities of employees in reporting a fire.
 - Responsibilities and actions to be taken to control vapors and prevent ignition of vapors resulting from spills.
 - Actions and procedures to be taken in fighting fires both manually and by activation and deactivation of fixed systems.
 - Notification of appropriate emergency authorities.
- Maintaining integrity of storage tanks and piping systems containing flammable or combustible liquids essential for prevention of fires in around tanks.
- Hydrocarbon and smoke detectors should be installed and automated to act as warning systems in case of any leakages from the fuel tanks or any smoke from live fires that may trigger fire outbreaks.
- Emergency contacts for hospitals, ambulances, firefighting department should be availed at strategic places.
- Capacity building and public awareness should be done extensively to ensure that the workers and the public are aware on how to conduct themselves in case of a fire outbreak.

HAZARDOUS EVENTS RELATED TO TERMINAL OPERATIONS

Hazardous Event	<ul style="list-style-type: none"> • Proposed Prevention and Mitigation Control Measures.
Major mechanical failure of tanks	<ul style="list-style-type: none"> • Tanks should be designed to API 650. • Conduct regular maintenance and inspection Procedures. • Ensure that Tank and site fire protection facilities are always available. • Explosions only occur when ullage vapour is between LEL and UEL. • As per the project description the tanks should be as follows: 2 nos of internal floating roof vertical tank and 2 no of Dome roof vertical tank.
Tank roof failure	<ul style="list-style-type: none"> • Implement an Internal floating roof with mechanical shoe seal for MSP Tank. • Provide for Foam injection system. • Provide a Fire fighting system. • Ensure regular maintenance and inspection procedures. • Tanks should have level alarms and controlled tank filling mechanisms.
Pipe failure (i.e. new piping within the terminal)	<ul style="list-style-type: none"> • Conduct regular maintenance and inspection procedures. • Install emergency isolation valves on the new tanks. • Avail Firefighting system (including foam). • Conduct Pipelines surge study. • Ensure that the piping is designed to ASME B31.3 to resist the combined

effects on internal pressure due to contents, wind loads, earthquake forces and hydrostatic test loads.

The full report of the proposed project is available for inspection during working hours at:

(a) Director-General, NEMA, Popo Road, off Mombasa Road, P.O. Box 67839-00200, Nairobi.

(b) Principal Secretary, Ministry of Environment and Mineral Resources, NHIF Building, Community, P.O. Box 30521, Nairobi.

(c) County Director of Environment, Nairobi County.

The National Environment Management Authority invites members of the public to submit oral or written comments within thirty (30) days from the date of publication of this notice to the Director-General, NEMA, to assist the Authority in the decision making process of the plan.

SALOME MACHUA,
for Director-General,

MR/7413749

National Environment Management Authority.

GAZETTE NOTICE NO. 3921

THE ENVIRONMENTAL MANAGEMENT AND CO-ORDINATION ACT

(No. 8 of 1999)

THE NATIONAL ENVIRONMENT MANAGEMENT AUTHORITY ENVIRONMENTAL IMPACT ASSESSMENT STUDY REPORT FOR THE PROPOSED REALIGNMENT OF THE STANDARD GAUGE RAILWAY (SGR) WITHIN NAIROBI NATIONAL PARK, NAIROBI COUNTY

INVITATION OF PUBLIC COMMENTS

PURSUANT to regulation 21 of the Environmental Management and Co-ordination (Impact Assessment and Audit) Regulations, 2003, the National Environment Management Authority (NEMA) has received an Environmental Impact Assessment Study Report for the above proposed project.

The proponent, Kenya Railways Corporation, is proposing a realignment of the Standard Gauge Railway (SGR) within Nairobi National Park, Nairobi County.

The Project involves the line construction at mileage range DK455+650 - DK464+500 within Nairobi National Park and with total length of 8.85km, including the construction of subgrade, culverts and bridge engineering. The SGR will be a single track railway with a track gauge of 1435mm, with design speed of 120Km/h for passenger train and 80Km for freight transport. The rail track will be made of ballast with internal combustion traction category with reserved conditions for future electrification.

The following are the anticipated impacts and proposed mitigation measures:

Environmental Impact Proposed Mitigation Measures

Loss of wildlife habitat and habitat fragmentation	<ul style="list-style-type: none"> • Restrict vegetation clearance to only the working area of 130m. • Where possible avoid cutting down the indigenous trees within the 130m but out of the actual rail route. • Compensate for lost vegetation through landscaping with suitable indigenous plants. • KWS and KRC to compensate lost wildlife habitat by identifying a parcel of land suitable for wildlife conservation and acquiring it for that purpose.
Potential increase in poaching	<ul style="list-style-type: none"> • Sensitize all persons involved in the SGR construction work within the national park area on the importance of conservation and that they should not engage in illegal activities within the Park. • Prepare and provide conservation awareness materials in the project site. This to include large posters with information on conservation, procedures to be followed when operating in a protected area, park rules and regulations. • Provide information on the legal implication of anyone found dealing wildlife products. • Enhance KWS security patrols in the area.
Human wildlife conflicts	<ul style="list-style-type: none"> • Sensitize all personnel working on the project on park rules and regulations. • Ensure a new electric fence is constructed connecting the two fences before demolishing sections of the existing eastern boundary fence. • Enhance KWS problem animal control efforts. • KWS Nairobi National Park management to provide a hotline for reporting HWC incidents.
Fire risk	<ul style="list-style-type: none"> • Sensitize the workers on park rules and regulations. • Provide fire extinguishers in the working area and or provide emergency numbers for the Nairobi fire brigades.
Land and soil degradation	<ul style="list-style-type: none"> • Avoid unnecessary movement of soil materials from the site and provide soil conservation structures on the areas prone to soil erosion mostly to reduce impact by the surface run-off • Depending on the period, monitor construction activities for appropriate and effective control measures of erosion e.g. during rainy / wet conditions, ensure suitable barriers on potential water erosion paths. • Conduct standard landscaping after project completion i.e. resurface (pave) open areas after the completion of the project and introduce suitable (indigenous plants) and well-managed vegetation to generate surface covers on the open areas; to control soil movement by erosion agents. Grasses found in the area like Pennisetum mezianum, Themeda triandra, Digitaria scalarum and Sporobolus pyramidalis

Air pollution

Noise pollution

Solid waste disposal

Oil leaks and spills

- Ensure suitable storm water drainage channels. Such channels need to be regularly maintained and repaired to avoid point discharges which have pronounced effect on soil erosion in case of breakages or blockages.
- Restrict operation in the 130m land use area.
- Provide personal protective equipment, materials and clothing such as nose masks and goggles to workers during construction.
- Ensure regular and prompt maintenance of construction machinery and equipment. This will minimize generation of hazardous gases and other suspended particulate matter.
- Sprinkle water in areas being excavated and along the tracks used by the transport trucks within the site.
- Use environmentally friendly fuels such as unleaded gasoline.
- Ensure that vehicles drive only on designated roads/driveways (avoid off road driving as much as is possible). Vehicles transporting construction materials to the site move at the recommended park speed of 40Km/hr.
- Construction works should be carried out only during the specified time i.e. from 0700 hours to 1800 hours on the section that is within the NNP.
- Sensitize construction vehicle drivers and machinery operators to switch off engines of vehicles or machinery when not in use.
- Machineries should be maintained regularly to reduce noise.
- There should be no unnecessary hooting of the involved machinery and vehicles.
- Workers should be provided with relevant personal protective equipment (PPE).
- Observe the provisions of the Environmental Management and Coordination (Noise and Excessive Vibration Pollution) (Control) Regulations, 2009.
- Generated waste should be handled and disposed through sound waste management strategies as per the prevailing regulatory provisions in the Environmental Management and Coordination (Waste Management) Regulations, 2006.
- During all the project phases waste should be properly segregated to encourage recycling of some useful waste materials; i.e. some stone and concrete materials remains can be used as backfills. This calls for source reduction, recycling and reuse.
- During the operation phase sensitize the railway users on waste management and provide waste receptacles at designated points like terminals and in the passenger and freight locomotives for use while on transit.
- Ensure use of serviceable machinery.
- Maintenance services should be carried out in known designated service bays more suitably outside the project area.

- All oil products and materials should be stored in the site store and should be handled appropriately to avoid spills and leaks.
- Visual intrusion
 - On completion the worked area should be restored through proper landscaping and planting of more vegetation so as to blend with existing environment.
 - All solid waste and debris of spoil material from construction activities must be collected upon completion.
- Occupational safety and health
 - All workers should be provided with Appropriate personal protective gear. These include working overalls, helmets, goggles, earmuffs, masks, and gloves among others.
 - The requirements of the Occupational Safety and Health Act, 2007, the Building Code and other relevant regulations should be strictly adhered to.
 - A first aid kit(s) should be provided within the site and it should be fully equipped at all times during construction.
 - At least one person in the workforce should be trained in administering first aid.
 - The contractor should not expose workers to stress inducing factors.

The full report of the proposed project is available for inspection during working hours at:

- Director-General, NEMA, Popo Road, off Mombasa Road, P.O. Box 67839-00200, Nairobi.
- Principal Secretary, Ministry of Environment and Mineral Resources, NHIF Building, Community, P.O. Box 30521, Nairobi.
- County Director of Environment, Nairobi County.

The National Environment Management Authority invites members of the public to submit oral or written comments within thirty (30) days from the date of publication of this notice to the Director-General, NEMA, to assist the Authority in the decision making process of the plan.

Z. O. OUMA,
for Director-General,

MR/7413860 National Environment Management Authority.

**IMPORTANT NOTICE TO SUBSCRIBERS TO
THE KENYA GAZETTE**

THE following notes are for the guidance of persons submitting "copy" for inclusion in the *Kenya Gazette, Supplement*, etc.:

- (1) *The Kenya Gazette* contains Notices of a general nature which do not affect legislation. They are, therefore, submitted to the Government Printer directly.
- (2) *Legislative Supplement* contains Rules and Regulations which are issued by the Central Government. Because of this, they must be submitted to the Government Printer through the office of the Attorney-General.
- (3) *Bill Supplement* contains Bills which are for introduction in the National Assembly.
- (4) *Act Supplement* contains Acts passed by the National Assembly.

All "copy" submitted for publication should be prepared on one side of an A4 sheet no matter how small the Notice is, each page being numbered and should be typewritten with double spacing. Copy should be clear, legible and contain no alterations.

Particular attention should be paid to the following points:

- (i) Signature must be supported by rubber-stamping or typing the name of the signatory in capital letters.
- (ii) must be correct and filled in where necessary.
- (iii) Care should be taken to ensure that all headings to Notices and references to legislation are up to date and conform with the Revised Edition of the Laws of Kenya.

EXTRACT FROM THE CODE OF REGULATIONS, SECTION D—

Kenya Gazette

"D 34. (1) Communications for the *Kenya Gazette* should reach the Government Printer not later than 9 a.m. on Friday of the week before publication is desired. The Government Printer will not publish communications received after that hour until the next subsequent issue of the Gazette.

(2) Ministries will be required to pay for the *Kenya Gazette* and to meet the cost of advertising in it.

It is emphasized that these notes are for guidance only, but it is requested that persons submitting copy for publication first satisfy themselves that such copy is complete in every respect.
