Dated the 4th February, 2015.

AMINA C. MOHAMED,
Cabinet Secretary for Foreign Affairs and International Trade.

GAZETTE NOTICE NO. 1092

ESTABLISHMENT AND APPOINTMENT OF AN EXPERT
COMMITTEE TO REVIEW AND DEVELOP A DETAILED
POLICY AND LEGAL FRAMEWORK TO REGULATE AND
MANAGE CHILD ADOPTIONS IN KENYA

APPOINTMENT

IT IS notified for the general information of the public that following Cabinet directive on the 26th November, 2014, for the review and development of a policy and legal framework to regulate and manage child adoptions in Kenya, the Cabinet Secretary for Labour, Social Security and Services establishes and appoints an Expert Committee consisting of the following—

Lydia Muiru—(*Chairperson*)
Scholastica Omondi
Rose Wasike
Joseph Gitau,
Callen Masaka
Anthony N. Gitahi

Terms of reference of the Committee:

The mandate of the Committee is to—

- (a) develop simplified guidelines for the review of resident and inter-country adoption applications that had been initiated, before the issuance of the moratorium on both resident and inter country adoptions;
- (a)(b) review and make decisions on all applications for resident and inter country adoptions that had been initiated before the issuance of the moratorium;

- (a)(c) recommend for investigations and prosecution of any person(s) or agencies found to have been involved in illegal practices in adoption;

- (a)(d) regulate and provide quality assurance of adoption activities during the transitional period; to develop standard practice guidelines so as to streamline the adoption practice and ensure quality assurance;

- (a)(e) oversee or undertake the review of legal and policy framework of adoption practice in the country; and

- (a)(f) review the structures and mechanisms of implementation of child adoption in Kenya, including those related to adoption such as family tracing and reunification, institutional care, foster care, guardianship and kinship care.

Deliverables

- (a) the committee shall develop guidelines for review of pending resident and international adoption applications initiated before the moratorium was issued;

- (a)(b) the Transition Expert Committee is expected to use the developed guidelines to give direction and address or handle the resident and international adoption applications that had been initiated before the moratorium was issued but not finalized by the courts;

- (a)(c) the direction will be, among others:

- (i) review of all the declaration reports and documentation for the children placed in international and resident adoption;

- (ii) tracing of families for children who have been placed in international adoption and resident adoption;

- (iii) allow the finalization of cases whereby placement of children happens only after family tracing has been exhausted and only if it is in the best interest of the child or;

- (iv) withdraw children who had been placed in international or resident adoption only if it is in their best interest;

- (v) identified children (who had initially been placed in resident or international adoption and whose families have been traced) are referred for psychosocial support;

- (vi) discontinue or cancel international adoption applications that had not been placed with children;

- (vii) identify applications that have not followed the necessary steps for international or resident adoption and make recommendations for legal action to be taken against all parties involved in the irregular process;

- (viii) make relevant decisions and interventions or actions in the best interest of children through family tracing and reunification and other alternative family care placement such as guardianship, kinship care and foster care;

- (a)(d) the committee shall bring out the gaps that are identified in the adoption process and also identify interventions that can help support family preservation by strengthening other forms of alternative family care such as foster care, kinship care and guardianship;

- (b)(e) the committee shall give recommendations for penalty or action to be taken on persons or agencies found to have been involved in illegal adoption practices which may include jail term, fines, cancellation of registration for practitioners (i.e. adoption societies, CCIs, law firms, judges in person)

- (c)(f) the committee shall recommend for a professionally structured government body to co-ordinate adoption activities;

- (d)(g) distinction and clarification of roles and responsibilities of adoption societies, CCIs, law firms (if necessary), court, registrar, children's office or department as well as adoptive parents (regarding legal self-representation in court);

- (e)(h) the committee shall give recommendations on policy, legal

framework and structures and mechanism of implementation of child adoption in Kenya within the child right framework.

Reporting

(a) the committee shall report to the Cabinet Secretary for labour and social security and Services; and

(b) shall regularly advise and keep the Cabinet Secretary apprised on the progress.

Mode of operation:

In performance of its mandate, the committee shall regulate its own procedure.

Duration:

The duration of the committee shall be a renewable term of three (3) years with effect from publication date of this notice.

Secretariat:

The secretariat operation office shall be as assigned by the Cabinet Secretary and will be composed of the following minimum members of staff:

Mary Mbuga.
Esther Kihara.
Grace Mwangi.
Martin Mwebia.
Maureen Maresi.

Costs:

The costs incurred by the committee, including but not restricted to facilitation and payment of allowance in respect of the members and secretariat of the committee, shall be defrayed from voted funds of the Ministry of Labour, Social Security and Services.

Revocation:

The GAZETTE NOTICE NO. 15639 of 2013 appointing the National Adoption Committee is revoked.

SAMWEL KAZUNGU KAMBI,
Cabinet Secretary for Labour, Social Security and Services.

GAZETTE NOTICE NO. 1093

STEERING COMMITTEE TO ESTABLISH THE NAIROBI METROPOLITAN AREA TRANSPORT AUTHORITY

APPOINTMENT

IT IS notified for the general information of the public that the Cabinet Secretary for Transport and Infrastructure, has constituted a Steering Committee consisting of the following—

Principal Secretary, Ministry of Transport and Infrastructure, State Department of Transport—(*Chairperson*)

GAZETTE NOTICE NO. 1192

THE COUNTY GOVERNMENT ACT

(No. 17 of 2012)

THE COUNTY GOVERNMENT OF UASIN GISHU

UASIN GISHU COUNTY PUBLIC SERVICE BOARD

REPORT FOR THE YEAR 2014

1.0 Introduction

PURSUANT to section 59 subsection 1(f) of the County Government Act 2012, the functions and powers of the County Public Service Board inter alia, is to evaluate and report to the County Assembly each December on the extent to which the values and principles referred to in Article 10 and 232 of the Constitution of Kenya, 2010 are complied with in the county public service. Further section 59 subsections 5 of the County Government Act, 2012 states that the report prepared shall include:

- All the steps taken and decisions made by the Board in the realization of values and principles;
- Specific recommendations that require to be implemented in the promotion and protection of the values and principles;
- Specific decisions on particulars of persons or public body who have violated the values and principles, including actions taken or recommendations against them;
- Any impediment in the promotion of the values and principles and
- The programmes the Board is undertaking or has planned to undertake in the medium term towards the promotion of the values and principles.

The scope of this report is therefore limited to evaluation and reporting to the County Assembly the extent to which the values and principles as enshrined in Article 10 and 232 of the Constitution of Kenya, 2010 are embedded in critical Board decisions and policies with a view of translating these values into practice. This is aimed at ensuring that citizens not only access quality services, but do also recognize in officers serving them a spirit of fairness, integrity and respect for their rights and human dignity.

2.0 Measures/steps taken in the Realization of National Values and Principles of Public Service.

This section outlines the steps taken by the County Public Service Board (CPSB) to realize the national values and principles of public service. These steps have been grouped into eight broad and distinctly related categories namely: sharing and devolution of power, exercise of social justice and sovereign power, protection of human rights, leadership and governance, professionalism, sustainable development, prudent use of resources and impartial and timely provision of information.

2.1 Steps taken

The CPSB took the following steps in the realization of national values and principles of public service under each broad category specified in 2.0 above in the year 2014:

2.1.1 Sharing and Devolution of Power

This is outlined in Article 10 (2) (a): *sharing and devolution of power*

The National Government devolved most of its functions to County Governments in January, 2014 as provided in Article Six (6) of the Constitution of Kenya (CoK) 2010 with a view of bringing services closer to the people. Subsequently staff who served in the devolved functions were seconded to County Government. The Board took deliberate steps of integrating the said staff within the County Public Service in line with the Transition to Devolved Government Act, 2012.

The Board also staffed areas that were critically understaffed to match the additional devolved functions to ensure services were offered promptly and efficiently. In addition the Board in accordance with section 86 (1) of the County Government Act (CGA) 2012 delegated authority to Chief Officers and the County Secretary as a deliberate step to give the said officers powers to handle Human Resource(HR) issues at their respective departments on behalf of the Board. The Board also constituted and empowered three critical committees namely: Training, Disciplinary and Human Resource Management Advisory to handle training issues, disciplinary hearing and staff promotions respectively.

2.1.2 Exercise of Social Justice and Sovereign Power

Outlined in Article 10(2)(a): *patriotism, national unity, the rule of law, democracy and participation of the people and Article 232(1) (d): involvement of the people in the process of policy making.*

The Board while developing its five year Strategic Plan (2014-2018) identified members of the key stakeholders and invited them to give their views to be incorporated in the Strategic Plan during the stakeholder's forum. Further the Board in collaboration with National Integration and Cohesion Commission also conducted a one day public forum during the year to educate members of the public.

Further, the Board has drafted the County Public Service Board Bill which once approved by the County Assembly will operationalize the Board's mandate in respect to promotion of national values and principles of public service.

2.1.3 Leadership and Governance

This is outlined in Article 10(2) (c): *Good governance, integrity, transparency and accountability* as well as Article 232 (1) (e): *Accountability for administrative acts.*

The Board advertised job opportunities in the print media and the County website with a view of attracting qualified candidates while offering equal opportunity to all. In addition, the Board conducted practical field interviews for plant operators which were witnessed by members of the public.

In the CPSB Strategic Plan, the strategic objective on governance and leadership outlines the steps to be followed in the promotion of national values and principles of public service. The Board further put in place mechanisms to ensure that it complied with good governance practices. To this end, a register of interests for its members has been opened for purposes of recording declarations of interest.

Additional efforts taken by the Board in enforcing the provisions of Chapter Six (6) of the CoK 2010 was entrenching of issues of ethics and integrity in the recruitment process of county officers by making it mandatory for applicants to seek clearance from Ethics and Anti-Corruption Commission (EACC), Higher Education Loans Board (HELB), Credit Reference Bureau (CRB), Department of Criminal Investigation (CID) and Kenya Revenue Authority (KRA) while applying for the advertised positions.

2.1.4 Professionalism

Outlined in Article 232 (a): *High standards of professional ethics*

The Board made efforts to develop its members through acquisition of necessary knowledge and skill to match its mandate. To address this, the Board sponsored its members to undertake Senior Management and Strategic Leadership Development Programme courses at Kenya School of Government. The Board also facilitated its members to attend seminars and conferences organized by various professional bodies including the Institute of Certified Public Accountants of Kenya (ICPAK), Institute of Certified Public Secretaries of Kenya (ICPSK), Kenya Institute of Management (KIM) and Institute of Human Resource Management (IHRM).

2.1.5 Protection of Human Rights

Outlined in Article 10(2) (b): *Human dignity, equity, social justice, inclusiveness, equality, human rights, non-discrimination and protection of the marginalized*; Article 232 (d): *Involvement of the people in the process of policy making*; Article 232 (h): *representation of Kenya's diverse communities* and Article 232 (i): *Affording adequate and equal opportunities for appointments, training and advancement, at all levels of the public service of; men and women, members of all ethnic groups and persons with disability.*

The Board advertised job opportunities in at least two daily newspapers with country-wide circulation and deliberately included a clause encouraging women and people with disability to apply with a view of addressing non-discrimination and protection of the marginalized to maintain inclusiveness. Further the Board applied affirmative action to satisfy provisions of inclusiveness and protection of the marginalized.

2.1.6 Sustainable Development

This is outlined in Article 10(2) (d): *Sustainable development*

The Board successfully discussed the County departmental structures with respective County Executive Committee Members (CECs) during the year with the aim of attaining optimal staffing level for each department. The Board also facilitated the development of coherent, integrated human resource planning and budgeting for personnel emoluments for County staff.

In addition, the budget for the period 2014/2015 was prepared and presented to County Assembly for approval. The CPSB Strategic Plan for 2014-2018 was also developed and launched purposely to act as a road map for the Board to execute its mandate.

An advisory on development of a training policy was provided to the department of Public Service Management (PSM) and a Training Committee comprising of Chief Officers was constituted to handle training and development of County staff.

2.1.7 Prudent use of Resources

Outlined in Article 232(b): *Efficient, effective and economic use of resources*

Efforts were initiated by the Board to ensure that departmental structures were developed to address staff placement whereby skills will be matched with the jobs to ensure efficient and effective service delivery.

2.1.8 Impartial and Timely Provision of Information

Outlined in Article 232 (c): *Responsive, prompt, effective, impartial and equitable provision of services* and Article 232 (f): *Transparency and provision to the public of timely accurate information.*

The Board advertised all job vacancies in at least two newspapers with national wide circulation and also in the county website. The names of shortlisted candidates and dates of interviews were also published in the print media to ensure accurate information reached the interested parties.

Both successful and unsuccessful candidates were also contacted promptly through phone calls and short message service (SMS) about the interview outcome.

3.0 Milestones in the Promotion of National Values and Principles of Public Service

3.1 Introduction

Uasin Gishu County Public Service Board and the County at large in its efforts to realize the provisions made in Article 10 and 232 of the CoK 201 have made remarkable progress. The major focus is the extent to which the board has proactively put in place mechanisms to domesticate and operationalize national values and principles of public service. The Board developed a Strategic Plan that will serve as a road map in fulfilling its mandate. Further progress was realized through open and transparent job advertisements, delegation of authority and establishment of committees.

3.2 Milestones

Progress has been made as follows:

3.2.1 Sharing and devolution of power

This is outlined in Article 10 (2) (a): *sharing and devolution of power*

The National Government devolved staff to County Governments in January, 2014 and CPSBs were mandated to manage these staff. In this regard the Board integrated the said staff within the County Public Service in line with Transition to Devolved Government Act, 2012. In addition budgetary provisions towards personnel emoluments were enhanced in 2014/15 Financial Year courtesy of advisory from the Board to cater for devolved staff salaries.

In order to match the increased functions, additional staffs were recruited by the Board in departments that had staff shortages. This was aimed to ensure that services were offered in prompt and timely manner to the people of Uasin Gishu.

Three crucial committees namely: Disciplinary, Training and Human Resource Management Advisory were also constituted by the Board, informed by section 86 of the CGA 2012 on delegated authority. These committees drew its membership from the Chief Officers, County Secretary and County Human Resource Manager. These committees will further delegate authority within the County Public Service to address issues affecting staff promptly.

3.2.2 Exercise of Social Justice and Sovereign Power

Outlined in Article 10 (2) (a): *patriotism, national unity, the rule of law, democracy and participation of the people* and 232 (1) (d): *involvement of the people in the process of policy making*.

The Board has made great strides in promoting peace and cohesion of all communities living in Uasin Gishu County by partnering with National Cohesion and Integration Commission and conducting jointly public sensitization meetings on promotion of National Values and Principles of governance. In August, 2014 a successful meeting was held between a team from National Cohesion and Integration commission, members of Uasin Gishu CPSB and members of the public at Eldoret Polytechnic. While developing its Strategic Plan, the Board invited views from stakeholders to be incorporated in the document.

Advisories on pension arrangements, performance contracting, staff benefits, disciplinary controls, staff transfers and appointment of staff were independently given by the Board to County Government. The advisories were backed by relevant legal provisions and were geared towards ensuring that the rule of law was upheld.

The Board also observed gender distribution in all recruitments conducted and surpassed the thirty per cent legal requirement.

3.2.3 Leadership and Governance

This is outlined in Article 10(2) (c) *Good governance, integrity, transparency and accountability* as well as Article 232 (1) (e) *Accountability for administrative acts*.

To promote transparency, the Board advertised job vacancies in two daily newspapers with countrywide circulation and uploaded the same in the County website to attract qualified candidates from across the country. Internal job advertisements were also placed in all Notice Boards of County Departments; authorized officers were advised to encourage qualified officers in their respective departments to apply. The Board underscored the fact that she is an equal opportunity employer and women and persons with disabilities were encouraged to apply. The Board observed Constitutional provisions that promote equity and inclusiveness.

The Board handled two disciplinary cases conclusively and others are in progress (Two officers were interdicted while three others were suspended pending the determination of their cases).

The findings and recommendations for the two concluded cases were forwarded to Public Service Commission of Kenya for action. Induction of Chief Officers and Sub-County Administrators on delegated authority which included disciplinary control and promotion of values and principles was conducted by the Board. Thereafter the delegated authority was operationalized through appointment of Disciplinary, Human Resource Advisory and Training Committees.

The Board further formed internal working committees namely; Recruitment, Selection, HR Policy and Audit, Administration and Governance, Disciplinary Control and Training Committee and Board Affairs which will eventually be transformed into directorates.

The Board has been collaborating with Government Institutions inter alia National Cohesion and Integration Commission of Kenya and Transitional Authority on matters of promotion of National Values and Principles of public service, devolution and staff rationalization.

3.2.4 Professionalism

Outlined in Article 232 (a): *High standards of professional ethics*

Recruitment, selection and placement of all job opportunities were done professionally. There were no litigations arising from the exercise.

3.2.5 Protection of Human Rights

Outlined in Article 10(2) (b) *Human dignity, equity, social justice, inclusiveness, equality, human rights, non-discrimination and protection of the marginalized*; and Article 232 (i): *Affording adequate and equal opportunities for appointments, training and advancement, at all levels of the public service of; men and women, members of all ethnic groups and persons with disability*.

Considerations were taken to ensure affirmative action was applied without compromising the minimum requirement for the advertised positions.

In all the job advertisements, the Board provided riders encouraging women and persons living with disabilities to apply.

3.2.6 Sustainable Development

Outlined in Article 10 (2) (d) *Sustainable development*

The Board successfully held and concluded discussions with all respective County Departments on departmental structures during the year. The output of these discussions was the establishment of optimum staffing levels for each department. An advisory on development of a training policy was given by the CPSB to the relevant department and a training committee comprising of Chief Officers was thereafter constituted to handle Training and Career Progression needs of County staff.

In addition, the Board prepared 2014/2015 Annual Budget which was presented to the County Assembly for approval. The CPSB Strategic Plan 2014/2018 was developed and launched as road map for the Board to execute its mandate.

3.2.7 Prudent use of Resources

Outlined in Article 232 (b): *Efficient, effective and economic use of resources*

The Board has successfully concluded discussions on County Organizational Structures which addresses staff rationalizations and ensure that skills are matched with the right jobs hence efficient and effective service delivery.

The Board is monitoring the progress of Capacity Assessment and Rationalization of the Public Service (CARPS) and intends to fully adopt the findings and recommendations thereof.

3.2.8 Impartial and Timely Provision of Information

Outlined in Article 232 (c) *Responsive, prompt, effective, impartial and equitable provision of services* and Article 232 (f) *Transparency and provision to the public of timely accurate information*

To attract required skills, the Board managed to advertise all job vacancies in at least two newspapers with country wide circulation and in the county website. There were also internal adverts which gave opportunities for growth to existing county staff. Shortlisted candidates and dates for interviews were published in the print media.

Both successful and unsuccessful candidates were contacted through telephone calls and short text message service (SMS) to inform them of the interview outcomes.

4.0 Challenges Encountered in the Realization of National Values and Principles of Public Service

4.1 Sharing and Devolution of Power

There have been instances where lack of understanding of key issues around devolution has generated mistrust amongst stakeholders. There is inadequate infrastructure to support devolved units thus causing delays in service provision to the public. Devolved staff

remains apprehensive due to perceived invasion of their previous scope of authority.

4.1.2 Exercise of Social Justice and Sovereign Power

There have been different interpretations of the roles of County Secretary, County Public Service Board and County Executive Committee in-charge of Public Service Management leading to turf wars in aspects of human resource management.

4.1.3 Leadership and Governance

Lack of support from the public in dealing with fraudsters especially in recruitment where job seekers are conned in the pretext of securing employment. Equally there is a slow pace of action from law enforcement institutions in dealing with reported cases of such fraud. On the other hand, members of the public lack clear understanding of the recruitment process and feel that the Board is biased and rigid on the requirements of the job opportunities available.

4.1.4 Professionalism

There was inadequate reporting by supervisors on cases of professional malpractices in the work place leading to inability of the Board to deal with such cases.

4.1.5 Protection of Human Rights

Members of the minority and marginalized in some cases do not have the requisite minimum qualifications for certain appointments thus making it difficult for the board to apply affirmative action. There is a perception from these groups that jobs are already allocated to the dominant ethnic group hence they do not apply. Additionally the public rely on grape vine as opposed to formal communication from the Board and fail to seek clarification leading to misinformation.

4.1.6 Sustainable Development

There was slow process of putting in place a County Organizational Structure this has which affected rationalization of staff. Further there was resistance to change which is evident particularly on the health sector where staff have not embraced devolution.

4.1.7 Prudent use of Resources

Processes aimed at staff rationalization by the different authorities for instance human resource capacity assessment audit (Transition Authority), Skills Audit (Department of Public Service Management) and Capacity Assessment and Rationalization of the Public Service (Ministry of Devolution and Planning) have led to wastage of resources and subjected to uncertainty and subsequent underperformance.

4.1.8 Impartial and timely Provision of Information

The limited access by the public to print and electronic media curtails accessibility to information released by the Board in relation to recruitment within the County Public Service.

5.0 Recommendations and Way Forward

5.1 Recommendations

While implementing the requirements of Article 10 and 232 of the Constitution, challenges were inevitable. To address the various challenges encountered by the Board, the following recommendations are made:

1. Parameters of good governance should be identified from the Constitution and other legal provisions so as to provide a frame work for implementation.
2. Governance structures to be put in place to allow the roll out of various activities that promote National Values and Principles of Governance to County staff and members of the public.
3. Put in place a monitoring and evaluation tool to gauge performance levels in all departments.
4. Draw a programme of activities that targets the sensitization of various cadres of officers on Constitutional requirements pertaining to good governance.
5. Fast track the CPSB Bill to operationalize the Board's mandate.

5.1 Way Forward

Outlined in The County Government Act 2012 section 59 (5) (e): *The programmes the Board is undertaking or has planned to undertake in the medium term towards the promotion of the values and principles.*

In the CPSB Strategic Plan (2014-2018), the Board undertakes to improve the governance index in the Public Service by promoting National Values and Principles of Governance and Values and Principles of Public Service in the County Public Service. To achieve this, the Board will:

1. Determine the parameters for good governance from the constitution and any other written law through identification of activities, within the County Public Service, that promote National Values and Principles of Governance and Values and Principles of Public Service as well as sensitization of public officers and the public on parameters of good governance.
2. Establish a system for implementation of good governance in the County Public Service through a County Governance framework that entails putting in place a Governance Committee and facilitation of the development and roll out of a County Public Service code of conduct.
3. Annually measure and evaluate the governance index through establishment of the key performance indicators, setting of annual targets based on established parameters and undertaking an annual survey to determine the governance index within the County Public Service.

Other measures to be undertaken by the Board in promotion of the National Values and Principles of Governance and Values and Principles of Public Service are:

- (a) Continuous sensitization of County Public Service Officers on the provision of the Constitution and other applicable Laws.
- (b) Providing regular advisories to the County Executive Committee on aspects of human resource management and development that enhance the practice of good governance.
- (c) Through the County Public Service Board Bill 2014, the Board will formulate a policy framework to guide its activities relating to informing and educating the public on National Values and Principles of Governance and Values and Principles of Public Service.

Dated the 22nd December, 2014.

MR/6901334 BEN K. SAMOEI,
Secretary.

GAZETTE NOTICE NO. 1196

THE KENYA INFORMATION AND COMMUNICATIONS ACT

(Cap. 411A)

APPLICATION FOR LICENCES

NOTICE is given that the following applicants have, pursuant to the provisions of the Kenya Information and Communications Act, made applications to the Communications Authority of Kenya for the grant of licences as appears against their respective names.

<i>Name and Address</i>	<i>License Category</i>
Kindred Movers Limited, P.O. Box 730–Intracity 00200, Nairobi	Postal/Courier Operator
Sendy Limited, P.O. Box 18618–00300, Regional Nairobi	Postal/Courier Operator
Globe flight Worldwide Express Limited, P.O. Box 52967–00200, Nairobi	International Operator

The reason for the grant of the licence is to enable the applicants to

operate and provide Postal Courier Systems and Services as indicated above against their respective names. The grant of these licences may affect public and local authorities, companies, persons or bodies of persons within the country.

Any public or local authority, company, person or body of persons desirous of making any representation on or objection to the grant of such licences as aforesaid must do so by letter addressed to the Director-General, Communications Authority of Kenya, Waiyaki Way, P.O. Box 14448-00800, Nairobi indicating the license category on the outside of the cover enclosing it on or before expiry of thirty (30) days from the date of this notice and must forward to the applicant a copy of such representation or objection.

Dated the 16th February, 2015.

FRANCIS W. WANGUSI,
Director-General.

Dated the 6th January, 2015

MR/6901192 CHARLES ONGWAE,
Secretary, National Standards Council.

GAZETTE NOTICE NO. 1199

THE PHYSICAL PLANNING ACT

(Cap. 286)

COMPLETION OF PART DEVELOPMENT PLAN

(PDP No. 140/KWL/01/2014 for Existing Site for Plan International, Kenya)

NOTICE is given that the above-mentioned development plan has been completed.

The development plan relates to land situated within the Kwale Township, Kwale County.

Copies of the part development plan has been deposited for public inspection at the offices of the County Physical Planning Officer, Kwale.

The copies so deposited are available for inspection free of charge by all persons interested at offices of County Physical Planning Officer, Kwale, between the hours of 8.00 a.m. to 5.00 p.m. Monday to Friday.

Any interested person who wishes to make any representation in connection with or objection to the above-named part development plan may send such representations or objections in writing to be received by the County Physical Planning Officer, P.O. Box 230, Kwale, within sixty (60) days from the date of publication of this notice and such representation or objection shall state the grounds on which it is made.

ALI BUDZUMA,
MR/6901440 for Director of Physical Planning.

GAZETTE NOTICE NO. 983

THE ENVIRONMENTAL MANAGEMENT AND CO-ORDINATION ACT

(No. 8 of 1999)

THE NATIONAL ENVIRONMENT MANAGEMENT AUTHORITY

ENVIRONMENTAL IMPACT ASSESSMENT STUDY REPORT
FOR THE PROPOSED ESTABLISHMENT OF A 2.5 MW
BIOMASS POWER PLANT USING PROSOPIS JULIFLORA AS
FEEDSTOCK ABOUT 1 KM FROM GARISSA TOWN TOWARDS
RIVER TANAIN GARISSA COUNTY

INVITATION OF PUBLIC COMMENTS

PURSUANT to regulation 21 of the Environmental Management and Coordination (Impact Assessment and Audit) Regulations, 2003, the National Environment Management Authority (NEMA) has received an Environmental Impact Assessment Study Report for the above proposed project.

The proponent (Northern Energy Limited) is proposing to establish a biomass power plant to produce 2.5MW of electricity using *Prosopis juliflora* (SW) DC as a feedstock about 1 Km from Garissa Town towards River Tana in Garissa County.

The following are the anticipated impacts and proposed mitigation measures:

Impacts	Mitigation measures
Vegetation loss and Soil erosion	<ul style="list-style-type: none"> The developer will undertake grass and flower planting to avoid the soils being washed or carried by wind. Places of least vegetation cover will be identified and only construction points will be completely cleared to ensure minimum vegetative disturbance. Wherever possible vegetation within the biomass plant site should be preserved and where plants must be uprooted they should be recycled into use as construction materials, firewood or converted into soil manure. Plant and maintain flowers and ornamental trees along the paths and around the buildings.
Soil disturbance by vehicle movements, digging of pits and scooping of	<ul style="list-style-type: none"> Movement of vehicles outside the designated areas to be minimized as much as possible.

Surface soil	<ul style="list-style-type: none"> • Alterations of soil surface should be avoided as much as possible. 		needed.
Air pollution from moving vehicles	<ul style="list-style-type: none"> • Spray water on paths used by vehicle to reduce dust. • When possible vehicles should be used off the peak hours of people and livestock movement. 		<ul style="list-style-type: none"> • Care will be taken not to interfere with the course of the seasonal streams, by leaving clearance of at least 30m from the operations points. This is in keeping with the Legal Notice 120 – Water Quality Regulations 2006.
Noise from machineries and movement of Vehicles	<ul style="list-style-type: none"> • Use vehicle and machineries and equipment that are of good mechanical condition. • Ensure the machines used are adequately serviced. • Noise level should be kept within acceptable limits as stipulated in EMCA (Noise and excessive vibrations pollution) • Workers exposed to high noise should wear PPE e.g., ear plugs. 	Emission of hazardous materials	<ul style="list-style-type: none"> • All hazardous materials generated and emitted from the plant must be handled by a competent and licensed handler. • Emissions to be monitored on the types and amounts of gases being emitted to make sure they are within acceptable limits as per regulations.
Vibrations on the ground	<ul style="list-style-type: none"> • Avoid using heavy equipment that causes vibrations on the ground. • Use mechanisms (where applicable) to reduce transmission of vibrations to the ground. • There should be no vibrations at night when people and most of animals are asleep. 	Loss of plant life and associated bio-communities	<ul style="list-style-type: none"> • Although plant diversity is low at the proposed site, the proponent will incorporate greater species diversity in their rehabilitation and landscaping programmes. • Services of knowledgeable curator/botanist will be employed to implement this feature. • Close collaboration and assistance will be sought and built with the Kenya Forest Service and for supply of appropriate forbs seeds and establishing tree nurseries in the rehabilitation programme.
Dust	<ul style="list-style-type: none"> • Trucks to avoid driving off road and to spray water on the road during dry seasons to reduce dust. 	Increased surface runoff and soil erosion	<ul style="list-style-type: none"> • Will construct surface rainwater trap pits and cut-off drains to check occasional runoff. • Roof catchment gutters connected to tanks will harvest excess rainwater in the site. • The water would also be used for irrigating planted vegetation, outdoor cleaning such as of vehicles and toilet cleaning, thereby reducing demand on water supply.
Flooding	<ul style="list-style-type: none"> • Drainage of surface water must be done to avoid water collecting on the surface. • Drainage channels should lead the water to River Tana. 	Air pollution from dust and engine exhaust gases	<ul style="list-style-type: none"> • Prompt compaction of loose soils and aggressive grass replanting will be implemented. • Water will be sprinkled onto the disturbed soil to reduce flying dust. • Employees/ workers will be provided with personal protective equipment (PPE), to reduce possible dust and noxious gas inhalation.
Contamination of water resources	<ul style="list-style-type: none"> • Water collected from roof catchments and gutters will be treated control growth contaminant organisms. • Storage tanks will be supplied to trap water and use it for irrigating planted vegetation. 	Disposal of Waste into the Environment including solid wastes	<ul style="list-style-type: none"> • The construction site will be equipped with toilet and washing facilities fully connected to septic tanks. • Enlisting of a licensed private company specialized in handling oils and solid wastes. • Biodegradable organic wastes will be composted on site for tree planting manure. • A Good housekeeping as part of the company policy will be implemented at the facility.
Solid wastes during construction	<ul style="list-style-type: none"> • All solid waste must be collected into waste bins and sorted out before taken to landfills. • Wastes should be sorted, re used, and recycled as much as possible. • All wastes to be handled by qualified waster handlers and be disposed in official designated areas. 	Fire hazards in the power plant	<ul style="list-style-type: none"> • Fire fighting equipments must be installed in all buildings and placed at strategic places within the power plant site. • First aid kits installed should have first aid medicines to treat burns.
Liquid wastes during construction	<ul style="list-style-type: none"> • All liquid waste must be disposed to pits for evaporation. • All wastes to be handled by qualified waster handlers and be disposed in official designated areas. 	Dangers of exposed live	<ul style="list-style-type: none"> • The site engineer should make sure there are no un insulated live electricity wires
Sanitation	<ul style="list-style-type: none"> • All workers must have access to toilets, hand washing stations at all times • Mobile toilets if provided should serviced accordingly. 		
Cultural conflicts between locals and the incoming workers	<ul style="list-style-type: none"> • The incoming workers of different cultural backgrounds should not interfere with the local cultures. • Incoming workers should be instructed to respect the local cultural values. 		
Soil disturbance Interference with visual aesthetics	<ul style="list-style-type: none"> • The stripped top soils from the site leveling and clearing will be used to build and strengthen the perimeter wall if 		

- electricity wires that may affect people, livestock and wildlife.
- Proper signage to warn public on dangerous areas within the plant.
- Health deterioration of facility workers
- Dust containment and suction systems will be installed on the plant site.
 - Use of PPEs will be strictly enforced. Welders will be provided with respirators, eye protection equipment and dustcoats to minimize inhalations.
 - Regular medical checks will be done and records maintained of the employees.
 - Staff working at the plant will have medical cover.
 - Sanitation related education and practice would form part of the facility's regular routine, to avoid incidences of infections such as cholera, bilharzias and malaria.
 - Swapping of work stations for staff will reduce levels of exposure.
- Bodily injuries and accidents
- The contractor will ensure supervision of work and handling of equipment is restricted to only skilled and experience personnel to prevent accidents.
 - Debriefing on safety procedure for site workers will precede any such works.
 - Both the contractor and proponent will observe work ethics and worker's compensation in case of injury or loss.
 - PPE like helmets, overalls, nose and eyes protection hand gloves and boots, all of suitable quality will be used. Use of PPE like earmuffs will be enforced.

(a) Director-General, NEMA, Popo Road, off Mombasa Road, P.O. Box 67839-00200, Nairobi.

(b) Principal Secretary, Ministry of Environment and Mineral Resources, NHIF Building, Community, P.O. Box 30521, Nairobi.

(c) County Director of Environment, Garissa County.

The National Environment Management Authority invites members of the public to submit oral or written comments within thirty (30) days from the date of publication of this notice to the Director-General, NEMA, to assist the Authority in the decision making process of the plan.

Z. O. OUMA,
for Director-General,

MR/6901012 National Environment Management Authority.

GAZETTE NOTICE NO. 984

THE ENVIRONMENTAL MANAGEMENT AND CO-ORDINATION ACT

(No. 8 of 1999)

THE NATIONAL ENVIRONMENT MANAGEMENT AUTHORITY ENVIRONMENTAL IMPACT ASSESSMENT STUDY REPORT FOR THE PROPOSED HOUSING SCHEME ON L.R. NO. 209/19715 AT IMARA DAIMA IN NAIROBI COUNTY

INVITATION OF PUBLIC COMMENTS

PURSUANT to regulation 21 of the Environmental Management and Coordination (Impact Assessment and Audit) Regulations, 2003, the National Environment Management Authority (NEMA) has received an Environmental Impact Assessment Study Report for the above proposed project.

The proponent (Bangal Trading Company Limited) is proposing to construct a Housing Scheme located off Tegla Lorupe road on L.R. No. 209/19715 at Imara Daima in Nairobi County. The proposed project will entail the construction in phases of 4 blocks containing

167 one Bedroom units, 6 Blocks containing 160 Two Bedroom units, Kindergarten and Commercial Centre with shops, and a restaurant with parking spaces for residents and visitors on the ground floors.

The following are the anticipated impacts and proposed mitigation measures:

<i>Impact</i>	<i>Proposed Mitigation Measures</i>
Vegetation Clearing	<ul style="list-style-type: none"> • Minimal clearing of vegetation. • Removal of vegetation to take place only within demarcated construction site. • Non-essential removal of vegetation to be avoided. • No development on slopes with a gradient > 16% <p>Re-vegetation should incorporate natural vegetation.</p>
Solid wastes	<ul style="list-style-type: none"> • Efficient use of materials to minimise on solid waste. • Housekeeping to ensure no littering from packaging materials. • Separation of plastic and paper waste before appropriate disposal. • Paper and glass to be sent for reuse/recycling. <p>Disposal of solid waste in accordance with NEMA solid waste disposal regulations.</p>
Liquid Wastes	<ul style="list-style-type: none"> • Concrete batching and mixing should occur at one particular point and the site should be paved and drains provided to ensure polluted water is drained at a particular point. • Prudent use of water to reduce liquid waste volumes.
Noise pollution and visual intrusion	<ul style="list-style-type: none"> • Schedule noisy activities during the normal working hours of between 8am to 5pm. No work should be undertaken at night or very early in the morning. • Put off machines and equipments when not in use. • Ensure machinery is well maintained to reduce noise emitted. • The contractor should adhere to the provision in the Environmental Management and Coordination (Noise and Excessive Vibration pollution) (control) regulations, 2009 • Provide worker with appropriate PPEs when working under noisy environment e.g. ear plugs • Ensure site is maintained in a cleanly fashion; • Construction completed on time; • Site vegetation correctly according to rehabilitation guidelines stated in the EMP; and • Construction waste is not to enter the biophysical or socio-economic environment. Contractors to produce waste management plans to mitigate potential impacts.
Air/Dust Pollution	<ul style="list-style-type: none"> • Practice dust management techniques, including watering spraying to suppress dust;

	<ul style="list-style-type: none"> • Move earth and sand in covered vehicles/ transport to avoid it being blown by wind increasing suspended particulate in the atmosphere; • All plant to be of good condition with acceptable smoke emissions; • Practice selective clearing of vegetation; • Set up dust barriers/ screens at strategic locations; • Provide and enforce the appropriate use of Personal Protective Equipment (PPE) against dust such as dust masks. 	<p>certified health and safety advisor so as to enable ensure machinery safety, construction safety, fire safety and electrical safety as well as workplace inspection technique;</p> <ul style="list-style-type: none"> • Provide and enforce the use of Personal Protective Equipment (PPE) to workers as appropriate such as overalls, safety boots, hand gloves; • The contractor should provide and install firefighting equipment such as fire extinguishers to fight different classes of fire (Class A, B, and C, D).
Soil Erosion and Sedimentation	<ul style="list-style-type: none"> • Practice selective vegetation clearing where necessary; • Install adequate storm water management measures; • Replant cleared vegetation as soon as possible; • Avoid vegetation clearing during the rainy season; • Schedule earth moving activities during the dry season. 	<ul style="list-style-type: none"> • The Contractor should erect safety and informative signage for hazardous is taking place such deep excavations, electrical hazard, signage for personal protective equipment such as helmets, hand gloves and boots and prohibited activities such as smoking; • The contractor should ensure that all plants to be used during construction such as pressure vessels, lifting machines and cylinders for compressed gas to be examined and inspected by an approved inspector before starting using them to ensure safe usage;
Increased water demand due to construction works	<ul style="list-style-type: none"> • The contractor should sensitize construction workers on the importance of proper water management through clerks of works by having talks with them when doing their rounds around the site; • Replace or repair leaking pipes supplying water to the construction sites to minimized wastage. • The Contractor should ensure provision of adequate water storage facilities on the construction site to meet project needs during periods of high demand externally and refill of storage tanks during periods of low demand. 	<ul style="list-style-type: none"> • The contractor should develop site Health and Safety guidelines which are to adhered to by construction workers and visitors to the construction site; • Only allow trained and certified workers to handle delicate equipment. • Maintain an incident/accident register, in accordance with the Occupational Safety and Health Act, 2007, and report incidences to DOHSS.
Occupational Health & Safety	<ul style="list-style-type: none"> • Contractor should ensure registration of all construction works by the Director, Directorate of Occupational Health and Safety Services (DOHSS) in compliance with the Buildings and Works of Construction Engineering Rules, 1984; • Contractor should contract a qualified Health and Safety advisor to conduct training and monitoring of construction works; • The contractor should construct a temporary clinic on site to be run by a qualified nurse who will treat opportunistic ailments and injuries such as cold, malaria etc • Contractor should provide a standard First Aid Kit on site; • The Contractor should train several workers in First Aid depending on the number of workers on site as stipulated in the First Aid Rules 1977 through DOSHS certified First Training institution e.g. Red Cross, St. John Ambulance • Dangerous works should be protected, fenced, demarcated or cordoned off; • Workers should be inducted with training on health and safety by DOSHS 	<p>Fire Risks/ Management</p> <ul style="list-style-type: none"> • Place portable fire extinguishers at suitable locations; • Train and induct workers on the use of fire extinguishers and other fire fighting equipments; • Train all staff on fire safety and procedures; • Allocate a fire assembly point; • Ensure safety warnings are prominently displayed at appropriate locations where fires are likely to occur; • Provide and enforce the use of Personal Protective Equipment (PPE); • Develop a Fire Safety Plan through a qualified specialist and implement the provision of the plan at the workplace. <p>Ground and surface water quality</p> <ul style="list-style-type: none"> • No water abstraction for construction from streams or river; • No mixing of concrete to occur on bare ground. Concrete mixing should be done bunded surface to avoid soil pollution and contaminating the ground and surface water; • Appropriate containment structures to be provided to store contaminated water from the construction site. The contractor should ensure these waters are properly disposed and not allowed to be drained on site; • No construction activities to occur in any wetlands;

	<ul style="list-style-type: none"> No concrete batching to occur directly on the ground. Concrete batching area should be bunded to prevent contamination of soils and surface water features; All fuel storage to be appropriately bunded and provided with a canopy ; Plant to have drip trays to contain any potential leakages of fuels and oils; and Ablutions for construction workers to enable proper disposal of fecal matter and avoid contamination of surface water features which could be a cause of waterborne diseases. 		<ul style="list-style-type: none"> Allocate a fire assembly point. Ensure safety warnings are prominently displayed at appropriate locations;
Loss of Biodiversity	<ul style="list-style-type: none"> vegetation within the drainage lines is not to be cleared; modifications to the design of the development to ensure spaces are left to allow for regeneration of loss biodiversity; Post project restoration of loss habitat through vegetation of affected areas. Compensation by the relocation of important grassland habitats from the development site to another area identified as suitable (using techniques such as soil or turf transfer), or the creation of new habitats. 	Increased pressure on existing utilities	<ul style="list-style-type: none"> Recycling of waste water from the different houses and the recycled water used for irrigation of lawn and flushing of toilets. Installation of solar panels on each structure to provide alternative source of power for household use;
		Noise and vibration	<ul style="list-style-type: none"> Scheduling all the decommissioning works within the normal working hours of between 8am and 5pm. Adherence to the Environmental Management and Coordination (Noise and Excessive Vibration Pollution) (Control) Regulations, 2009.
		Air pollution	<ul style="list-style-type: none"> Water spraying to suppress dust especially where dust activities are taking place; Cordoning the site using meshed cloth to capture particulates during demolition of the structures. Providing workers involved with appropriate protective personal equipments such as dust masks or respirators.
Material management	<ul style="list-style-type: none"> To minimize impact of material and waste disposal during the delivery on site the following mitigation measure has been proposed: Avoid overloading trucks and cover trucks to minimize dust and loss of load from trucks during transportation; For aggregate and sand, use water sprays or covered chutes to reduce dust emission during loading and unloading of materials from barges; Maintain mixing plants in good working condition so as to reduce emission from the plant; As far as possible, plan truck trips to material source and to the sites during low traffic hours; and Implement safety procedures to reduce the potential for road accidents in village or urban areas. 	(a) Director-General, NEMA, Popo Road, off Mombasa Road, P.O. Box 67839-00200, Nairobi.	
		(b) Principal Secretary, Ministry of Environment and Mineral Resources, NHIF Building, Community, P.O. Box 30521, Nairobi.	
		(c) County Director of Environment, Nairobi County.	
		<p>The National Environment Management Authority invites members of the public to submit oral or written comments within thirty (30) days from the date of publication of this notice to the Director-General, NEMA, to assist the Authority in the decision making process of the plan.</p> <p style="text-align: right;">Z. 		(No. 8 of 1999)	
		THE NATIONAL ENVIRONMENT MANAGEMENT AUTHORITY	
		ENVIRONMENTAL IMPACT ASSESSMENT STUDY REPORT	
		FOR THE PROPOSED EXPANSION OF KRYSTALLINE SALT LTD. MARERENI SALT WORKS ON LAND REFERENCE	
		NUMBER 13427 OFF MALINDI- LAMU ROAD, MARERENI	
		SUB-LOCATION, FUNDI ISA LOCATION, GONGONI DIVISION, MAGARINI SUB-COUNTY KILIFI COUNTY	
		INVITATION OF PUBLIC COMMENTS	
		PURSUANT to regulation 21 of the Environmental Management and Coordination (Impact Assessment and Audit) Regulations, 2003, the National Environment Management Authority (NEMA) has received an Environmental Impact Assessment Study Report for the above proposed project.	
		The proponent (Krystalline Salt Limited (Marereni)) is proposing to expand Krystalline Salt Limited (Marereni salt works) on Land Reference Number 13427 off Malindi- Lamu Road, Marereni Sub-Location, Fundi Isa Location, Gongoni Division, Magarini Sub-County Kilifi County.	
		The proposed expansion will involve construction of evaporators, dykes and one pump.	

The following are the anticipated impacts and proposed mitigation measures:

<i>Impact</i>	<i>Mitigation Measures</i>	
Vegetation clearing	<ul style="list-style-type: none"> Ensuring endemic species of plants at the proposed project site are preserved. Mature trees including the large baobab trees to be preserved. Vegetation within the seasonal wetland and at the periphery of the seasonal wetland to be preserved. A twenty meter vegetation greenbelt to be maintained between the boundary of the adjacent learning institutions (Mareleni Primary School and Mareleni Secondary School) and the proposed project site and between the boundary of the adjacent farms and the proposed project site and between the boundary of the adjacent villages and the proposed project site. Vegetation removal to be done in stages as opposed at once on the entire area to be developed. Management to substantially invest in tree planting and developed in all open areas that are not earmarked for developed but are within the boundaries of the company land. Management to support tree planting efforts outside company land but within the community to boost overall tree cover in the area to offset trees that will be lost from vegetation to be cleared at the proposed project site. 	<p>preserved.</p> <ul style="list-style-type: none"> Any downstream seasonal swamps outside the proposed project site to be preserved.
Disturbance of local and migratory fauna habitat including avifauna	<ul style="list-style-type: none"> Preserving key habitats of the fauna such as the large baobab trees. Preserving the seasonal swamp which is a habitat for local amphibians and avifauna. Identifying feeding areas of the fauna including avifauna and preserving them by maintaining pockets of vegetation within the proposed project site in identified strategic fauna feeding areas. Ensuring there is no capturing and or removal of any fauna from the proposed project site during implementation. Minimising noise and vibration from equipment activity during construction phase that might course some fauna to hyparnate and or relocate. Maintain ecological sensitive vegetation that is essential for the sustenance of local fauna. 	<p>Environmental pollution from poor disposal of bitten and effluent</p> <ul style="list-style-type: none"> All solid waste to managed and disposed as provided for in the Environmental Management and Coordination (Waste Management) Regulations 2006. All liquid waste to be managed and disposed as provided for in the Environmental Management and Coordination (Water Quality) Regulations, 2006. All bitten generated to be drained into properly constructed bitten ponds which are lined with impermeable material at the bottom to ensure no ground seepage of the bitten. The bitten to be held in the bitten pond and be used to produce low grade salt i.e. cattle salt. There should be no disposal of any bitten at any time to the environment. Effluent from salt washing to be sent to settling tanks where particles settle down and before recycling back into the salt washing process. There should be no disposal of any effluent from salt washing at any time into the environment.
Blockage of the seasonal stream that drains water to seasonal swamp	<ul style="list-style-type: none"> Ensuring that the seasonal stream that drains its waters into the local seasonal swamp (Lake Sudi) is not blocked but left to flow as it is currently. 	<p>Air, water and soil pollution from proposed project activities</p> <ul style="list-style-type: none"> All solid waste to managed and disposed as provided for in the Environmental Management and Coordination (Waste Management) Regulations 2006. All liquid waste to be managed and disposed as provided for in the Environmental Management and Coordination (Water Quality) Regulations, 2006. All bitten generated to be drained into properly constructed bitten ponds which are lined with impermeable material at the bottom to ensure no ground seepage of the bitten. The bitten to be held in the bitten pond and be used to produce low grade salt i.e. cattle salt. There should be no disposal of any bitten at any time to the environment. Effluent from salt washing to be sent to settling tanks where particles settle down and before recycling back into the salt washing process. There should be no disposal of any effluent from salt washing at any time into the environment.
Phasing out of the seasonal swamp	<ul style="list-style-type: none"> The section of the proposed project site occupied by the seasonal swamp (Lake Sudi) to be curved out of the area to be developed and maintained as undeveloped to sustain the seasonal swamp. 	<p>Occupational accidents, injuries and diseases arising from the work environment</p> <ul style="list-style-type: none"> All workers to be provided with appropriate personal protective equipment. All workers to be trained in the appropriate use of personal protective equipment provided. Management to enforce on the use of provided personal protective equipment. Working equipment to be serviced and maintained on Schedule. Workers to have the appropriate training on operation and use of work tools and equipment. Workers to be appropriately trained in
Phasing out of shallow wells at project site	<ul style="list-style-type: none"> The vegetation within the seasonal swamp and around the seasonal swamp to be preserved for the preservation of the waters of the seasonal swamp and the fauna that live there in. Any existing upstream seasonal swamps outside the proposed project site to be 	

safety.

- Equipment operating manuals to be provided.
- Welfare facilities such as first aid boxes, canteen, potable water, changing rooms to be provided and maintained in good condition.
- Pre- employment and post-employment medical examination of workers.

**IMPORTANT NOTICE TO SUBSCRIBERS TO
THE KENYA GAZETTE**

THE following notes are for the guidance of persons submitting "copy" for inclusion in the *Kenya Gazette, Supplement*, etc.:

- (1) *The Kenya Gazette* contains Notices of a general nature which do not affect legislation. They are, therefore, submitted to the Government Printer directly.
- (2) *Legislative Supplement* contains Rules and Regulations which are issued by the Central Government. Because of this, they must be submitted to the Government Printer through the office of the Attorney-General.
- (3) *Bill Supplement* contains Bills which are for introduction in the National Assembly.
- (4) *Act Supplement* contains Acts passed by the National Assembly.

All "copy" submitted for publication should be prepared on one side of an A4 sheet no matter how small the Notice is, each page being numbered and should be typewritten with double spacing. Copy should be clear, legible and contain no alterations.

Particular attention should be paid to the following points:

- (i) Signature must be supported by rubber-stamping or typing the name of the signatory in capital letters.
- (ii) must be correct and filled in where necessary.
- (iii) Care should be taken to ensure that all headings to Notices and references to legislation are up to date and conform with the Revised Edition of the Laws of Kenya.

EXTRACT FROM THE CODE OF REGULATIONS, SECTION D—

Kenya Gazette

"D 34. (1) Communications for the *Kenya Gazette* should reach the Government Printer not later than 9 a.m. on Friday of the week before publication is desired. The Government Printer will not publish communications received after that hour until the next subsequent issue of the Gazette.

(2) Ministries will be required to pay for the *Kenya Gazette* and to meet the cost of advertising in it.

It is emphasized that these notes are for guidance only, but it is requested that persons submitting copy for publication first satisfy themselves that such copy is complete in every respect.
