- 3 Normal working hours
- 4 Shift differential
- 5 Maternity benefits
- 6 Effective date of agreement

1 The Kenya Chemical Workers' Union shall hereinafter be referred to as the Claimants and Vitafoam Kenya Limited shall hereinafter be referred to as the Respondents

2 The parties were heard in Nairobi on the 28th day of November, 1974, and relied on their written and verbal submissions

AWARD

3 The Notification of Dispute Form A" dated 13th September, 1974, was received by the Court on 9th October, along with the statutory certificate signed by the Labour Commissioner

The collective agreement between the parties which is being revised now and has given rise to this dispute was effective from 1st May, 1970, for a period of three years after which another year was added as a result of the Tripartite Agreement with the result that it expired on 30th April, 1974

The parties having embarked on negotiations for revising it recorded deadlock on certain items and on 8th June, 1974, the Claimants reported the existence of a trade dispute with the Respondents on the following items —

- 1 Minimum rates of pay for each grade and general wage increase to all unionizable employees of the company
- 2 Annual paid leave
- 3 Normal working hours
- 4 Shift differential
- 5 Maternity benefits

During conciliation the Respondents stated that they were not prepared to alter their stand as stated in the minutes of the previous meetings between the parties, i.e. 12½ per cent for the first year from 1st May, 1974, and 10 per cent from 1st May, 1975. The Claimants, however, after revising their previous stand demanded a wage increase of 35 per cent to all unionizable employees forthwith or 17½ per cent increase each year beginning 1st June, 1974

The Court notes that issue No 6 on effective date of agreement was added on Form 'A' without the knowledge and consent of the Claimants, apparently by the Respondents. The Court would like to rule at this stage that in view of the fact that the dispute on this item was not reported by either party to the Minister for Labour it is not proper for the Court to adjudicate on this issue especially when it has been added as an issue in dispute at the behest of one party alone. Accordingly the Court has decided not to consider this item as being before the Court for adjudication

The Court has very carefully considered the written and verbal submissions made by the parties during the hearing of this dispute and has kept in view the Guidelines that have been issued to the Court by the Minister for Finance before making its award on the various issues in dispute

The Court had also the benefit of the analysis carried out by the Employment Promotion Division of the Ministry of Labour as the issues were directly related to the Guidelines, i.e. wages, hours of work and paid annual leave. The analysis under the heading "scope for increases in labour costs" in third paragraph reads as follows —

In addition, the Claimants ask for forward compensation for both growth and price increases. The Government's Development Plan for 1974-78 has anticipated an annual per capita growth of 3.4 per cent per year, in constant prices. In the present situation, however, it is unlikely that any such growth will take place in the nearest year. Import prices are increasing at an unprecedented rate and much faster than export prices, which means that there is a clear risk that the average Kenyan may become poorer rather than richer, at least during the next few years. As we see it, this situation does not provide any basis for any advance compensation for either growth or price increases

1 *Minimum rates of pay for each grade and general wage increases to all unionizable employees of the company*

The Court awards that the existing factory and clerical grades should be increased by 14 per cent for the first year and 12 per cent for the second year provided that where a unionizable worker is already above the rate for his grade then he too shall get the increases as awarded

2 *Annual paid leave*

The court awards that the present arrangement on this issue should continue which provides for 21 consecutive working days leave which is equivalent to 24 consecutive days' leave period

3 *Normal working hours*

The Court rejects the Claimants' demand for the reduction of the working hours

4 *Shift differential*

The Court is satisfied that there is no regular shift work at the Respondents' undertaking and the Court therefore has decided not to make an award under this issue

5 *Maternity benefits*

The Court has come to the conclusion that the Respondents offer for the time being is just and fair under the circumstances and the Court therefore awards one month maternity leave with full pay to female employees with two or more years of service with the Respondents plus an additional two months' unpaid maternity leave

THE TRADE MARKS ACT

(Cap 506)

NOTICE is hereby given that any person who has grounds of opposition to the registration of any of the trade marks advertised herein according to the classes may, within 60 days from the date of this Gazette, lodge notice of opposition on Form T M No 6 (in duplicate) together with a fee of Sh 50

Notice is also hereby given that official objection will be taken under rule 21 (3) to all applications in which the specification claims all the goods included in any class unless the Registrar is satisfied that the claim is justified by the use of the mark which the applicant has made, or intends to make if and when it is registered. Where an applicant considers that a claim in respect of all the goods included in a class can be justified it will save unnecessary delay in examining applications if a claim is filed simultaneously with the application, accompanied in appropriate cases by supporting documents

The period for lodging notice of opposition may be extended by the Registrar as he thinks fit and upon such terms as he may direct. Any request for such extension should be made to the Registrar so as to reach him before the expiry of the period allowed

Formal opposition should not be lodged until after reasonable notice has been given by letter to the applicant for registration so as to afford him any opportunity of withdrawing his application before the expense of preparing the notice of opposition is incurred. Failure to give such notice will be taken into account in considering any application by an opponent for an order for costs if the opposition is uncontested by the applicant

Where it is stated in the advertisement of the applicant that the mark, upon its registration, is to be limited to certain colours, the colours are, as far as possible, indicated in the accompanying representations of the mark in the usual heraldic manner

Representations of the marks advertised herein can be seen at the Trade Marks Registry, State Law Office, Nairobi

Applications for registration in Part A of the Register are shown with the official number unaccompanied by any letter. Applications for Part B are distinguished by the letter B prefixed to the official number
