(No. 8 of 1999)

THE NATIONAL ENVIRONMENT MANAGEMENT AUTHORITY

ENVIRONMENTAL IMPACT ASSESSMENT STUDY REPORT FOR THE PROPOSED RESIDENTIAL HOUSING DEVELOPMENT ON PLOT NO. 6640/KAPUTIEI- NORTH/KAJIADO DISTRICT

INVITATION OF PUBLIC COMMENTS

PURSUANT to regulation 21 of Environmental (Impact Assessment and Audit) Regulations, the National Environment Management Authority (NEMA) has received an environmental impact assessment study report for the proposed development residential houses.

The proposed project will comprise construction of 121 four and three residential houses and other related facilities and will be contained in a 10 acres piece of land. The project location is on Plot No. 6640/Kaputiei-North/Kajiado District.

The project anticipates the following impacts and mitigation measures:

Possible Impacts

Solid waste and effluent management

Mitigation Measures

- Provide waste handling facilities such as waste bins and skips for temporarily holding solid waste generated at the site.
- Connect to septic tanks for discharge of sewerage emanating from the premise and exhausted regularly through a NEMA licenced Exhauster.
- Segregating waste by separating hazardous waste from non-hazardous waste for appropriate disposal
- Providing adequate number of suitable solid waste containers
- Containers or package for storing hazardous waste including used oil to be securely banded and labelled
- Contracting a NEMA licensed waste transporter to collect solid waste from the site for dumping at an approved site
- Contracting a NEMA licensed waste oil recycler for collecting used oil from the site for recycling
- Accumulating scrap metals in a safe place and contracting a scrap metal dealer with a valid license from NEMA for appropriate disposal
- Providing adequate number of sanitary facilities for the workers
- Use durable, long- lasting materials that will not need to be replaced as often, thereby reducing the amount of construction waste generated over time.
- Provide facilities for proper handling and storage of construction materials to reduce the amount of waste caused by damage or exposure to the elements of nature
- Use building materials that have minimal packaging to avoid the generation of excessive packaging waste
- Use construction materials containing recycled content where possible and in accordance with accepted standards.
- Connect to septic tanks for discharge of sewerage emanating from the premise and exhausted regularly through a NEMA licenced Exhauster.

Transportation impacts

- Ensure use of only serviceable vehicles during transportation.
- Transportation of the materials and construction works should take the shortest period possible.
- Minimize damage to existing drainage system during transportation.
- Ensure minimal grease and oil leakage.

Soil impacts

- Slope any overhanging excavations and erect soil erosion structures.
- Erect barriers to all open excavations to keep off animals and workers.
- Ensure minimal grease and oil leakage
- Ensure use of manual labor and hand tools where appropriate to minimize damage to soils

Water and soil pollution

- All fuels and oil shall be stored in a fuel store or in an appropriate bundle and secured.

Possible Impacts	Mitigation Measures	Possible Impacts	Mitigation Measures
Dust generation and emission	<ul style="list-style-type: none">The fuel store will be equipped with suitable impermeable floor to enable waste oil collection.Workers shall be trained on safe work procedures regarding control of hazardous dust exposure by use of personal protective equipments.Potential pollutants of any kind and form shall be stored and used in a manner to ensure containment of emission or spillageDust generating activities like excavation, handling and transportation of soil will be avoided during strong winds.		<ul style="list-style-type: none">Provide fire team assembly point.Training fire marshals and continue with fire drill and trainingProvide and enforce use of personal protective equipments - during construction all workers should wear protective clothing including overalls, helmets, safety boots and gloves among others where necessary.Create EHS awareness among the personnel prior to commencing work.Ensure proper storage of materials and equipments to avoid accidents occurring from falling - delivery and storage of material at appropriate locations.Provide the workers with a well-stocked first aid box and train the first aid attendants.
Noise and vibration	<ul style="list-style-type: none">Sensitization of construction truck drivers to switch off vehicle engines while offloading materials unless they are tipper types.Instruct the drivers to avoid gunning of vehicle engines or hooting especially when passing through sensitive areas such as churches, residential areas and hospitals.Construction machinery should be kept in good condition to reduce noise generation.All heavy duty equipments should be insulated or placed in enclosures to minimize ambient noise levels.Sensitize workers in the vicinity of high level to wear ear plugs as part of personal protective equipments.Limit construction activities to day-light hours only	<p>The full report of the proposed project is available for inspection during working hours at:</p> <p>(a) Director-General, the National Environment Management Authority (NEMA), Kapiti Road, off Mombasa Road, P.O. ENVIRONMENTAL IMPACT ASSESSMENT STUDY REPORT FOR THE PROPOSED RELOCATION OF PRINTING INDUSTRY ON L.R. NO. 209/10804 OFF OLD MOMBASA ROAD

INVITATION OF PUBLIC COMMENTS

PURSUANT to regulation 21 of Environmental (Impact Assessment and Audit) Regulations, the National Environment Management Authority (NEMA) has received an environmental impact assessment study report for the proposed label printing Industry.

The Proposed project involves refurbishment of an already existing building comprising of godowns and the mezzanine floor. The new development aims at providing quality offices for the management and staff and a production/printing section unit, to maximize on full utilization of the plot.

The proposed project is located on L.R. No. 209/10804, Old Mombasa Road, Nairobi. It is situated off Old Mombasa Road via North Airport Road.

The project anticipates the following impacts and mitigation measures:

<i>Possible impacts</i>	<i>Mitigation Measures</i>
Noise	<ul style="list-style-type: none"> • Restrict activities to daytime • Provide ear muffs to employees exposed to high noise levels
Water pollution	<ul style="list-style-type: none"> • Ensure proper oil handling to avoid spills • Prepare an oil spill management plan • Block all water drainages to the municipal drain until installation completed
Health and safety hazards	<ul style="list-style-type: none"> • Document Emergency Response Procedures • Document all Operational Procedures • Provide PPEs to all operators
Air pollution	<ul style="list-style-type: none"> • Keep lids on chemical containers and fit taps to reduce evaporation • Reduce use of toxic raw materials, including alcohol and solvent-based inks. • Consider processes that use fewer solvents. E.g. waterless printing reduces VOCs emissions because fewer chemicals are required. • Regularly maintain printing equipment:
Waste management	<ul style="list-style-type: none"> • Reuse and recycle materials, including filters and developers. • Use paper that has a high recycled content and is easy to recycle.

<i>Possible Impact</i>	<i>Mitigation Measures</i>
	<ul style="list-style-type: none"> • Review ink use and switch to products that are less hazardous and easier to

- recycle. Also recycle solvents wherever possible.
- Energy use
- Use of automotive procedures and Computer Integrated Management Systems (CIMS).
 - Automated paper feeding;
 - Regularly monitor energy consumption and prepare an Energy Management Plan
- Water Pollution
- Make sure that any chemical spill or leak is contained and doesn't enter the storm-water system.
 - Keep chemicals in a banded and covered storage area
 - Ensure all water from the factory is directed to the septic tank.
 - Develop a septic tank inspection maintenance schedule.

The full report of the proposed project is available for inspection during working hours at:

- (a) Director-General, the National Environment Management Authority (NEMA), Kapiti Road, off Mombasa Road, P.O. Box 67839-00200, Nairobi.

NAIROBI ON L.R. NO. 9042/18, L.R. NO. 9042/229 AND L.R. NO.
9042/230

INVITATION OF PUBLIC COMMENTS

PURSUANT to regulation 21 of Environmental (Impact Assessment and Audit) Regulations, the National Environment Management Authority (NEMA) has received an environmental impact assessment study report for the proposed Kenya Airways Staff Housing Project.

The Proposed Housing project involves the construction of affordable residential dwellings in the middle-income segment. It covers one hundred and thirty five units and the accompanying basic residential amenities including car park bay, waste disposal sites and greenery. The project will be located on L.R. No. 9042/18, L.R. No. 9042/229 and L.R. No. 9042/230. The proposed site is approximately 2.699 ha.

The project anticipates the following impacts and mitigation measures:

Possible Impact	Mitigation Measures
Solid waste	<ul style="list-style-type: none"> • Waste minimization by avoiding

unsustainable construction practices

- Provision of dustbins to temporarily hold the waste before disposal
- Reuse where possible or sale to authorized waste handlers/collectors
- Solid waste generated at the apartments is disposed off appropriately at authorized dumping sites on a daily basis
- Proper handling and storage of construction materials to reduce the amount of waste caused by damage or exposure to the elements

Water resources

- Construction of drainage systems
- Prevention of pollution during construction activities to minimize effects that may arise during surface runoff
- Prevention of any pollution resulting from construction activities
- Instituting water saving strategies to minimize water use
- Construction of drainage channels for proper waste water handling

Air and noise pollution

- Limiting construction traffic movement and operation to efficient and necessary activities
- Routine maintenance of vehicles and other machinery to be used during construction process to reduce any chances of emissions
- Minimizing transportation activities to day time only
- The road leading to the site be sprinkled with water to mitigate excessive dust emission
- Limiting construction activities to day time only
- Sensitize construction drivers and machinery operators to switch off engines when not being used

Soil

- Excavating only necessary areas
- Containment of soil heaps to prevent erosion caused by runoff
- Reduce the use of heavy machinery whenever possible
- Use of light machinery at the site during construction process
- Re-vegetate exposed areas on the site through proper landscaping

Effluent discharge

- Effluent discharge shall be channeled to the main sewer line that serves the area
- Alternative ways of handling sewage waste such as septic tanks should be considered
- All effluent to meet NEMA standards for discharge

Visual intrusion

- Fencing out the construction site
- Landscaping and gardening to restore biodiversity and aesthetic qualities of the project site

Possible Impact

Mitigation Measures

Ecosystem disturbance

- Ensure proper demarcation and delineation of the project area to be

affected by construction works

- Designate access routes and parking within the site
- Preserve the existing trees within the project site and if possible plant more trees of fast maturity period within the site
- Design and implement an appropriate landscaping programme to help in re-vegetation of part of the project area after construction

The full report of the proposed project is available for inspection during working hours at:

- Director-General, the National Environment Management Authority (NEMA), Kapiti Road, off Mombasa Road, P.O. Box 67839-00200, Nairobi.

**IMPORTANT NOTICE TO SUBSCRIBERS TO
THE KENYA GAZETTE**

THE following notes are for the guidance of persons submitting "copy" for inclusion in the *Kenya Gazette, Supplement*, etc.:

- (1) *The Kenya Gazette* contains Notices of a general nature which do not affect legislation. They are, therefore, submitted to the Government Printer directly.
- (2) *Legislative Supplement* contains Rules and Regulations which are issued by the Central Government. Because of this, they must be submitted to the Government Printer through the office of the Attorney-General.
- (3) *Bill Supplement* contains Bills which are for introduction in the National Assembly.
- (4) *Act Supplement* contains Acts passed by the National Assembly.

All "copy" submitted for publication should be prepared on one side of an A4 sheet no matter how small the Notice is, each page being numbered and should be typewritten with double spacing. Copy should be clear, legible and contain no alterations.

Particular attention should be paid to the following points:

- Signature must be supported by rubber-stamping or typing the name of the signatory in capital letters.
- Dates must be correct and filled in where necessary.
- Care should be taken to ensure that all headings to Notices and references to legislation are up to date and conform with the Revised Edition of the Laws of Kenya.

EXTRACT FROM THE CODE OF REGULATIONS, SECTION D—

Kenya Gazette

"D 34. (1) Communications for the *Kenya Gazette* should reach the Government Printer not later than 9 a.m. on Friday of the week before publication is desired. The Government Printer will not publish communications received after that hour until the next subsequent issue of the Gazette.

(2) Ministries will be required to pay for the *Kenya Gazette* and to meet the cost of advertising in it.

It is emphasized that these notes are for guidance only, but it is requested that persons submitting copy for publication first satisfy themselves that such copy is complete in every respect.
