GOVERNMENT NOTICE No. 50.

S. 776.

EXPORT OF OPIUM, MORPHINE AND  
KINDRED DRUGS FROM THE  
UNITED KINGDOM.

THE Secretary of State for the Colonies has notified this Government that His Majesty's Government has had under consideration the framing of Regulation under the Dangerous Drugs Act, 1920, to control the export of opium, morphine and kindred drugs from the United Kingdom to other countries.

2. Licences permitting such exportation are issued by the Home Office in London.

3. A copy of an extract from a despatch from the Secretary of State to this Government setting forth the procedure to be followed by private persons wishing to import into the Colony supplies of these drugs from the United Kingdom is attached for information.

4. The Home Office will require before granting licences for the export of opium, etc., to Dominions, Colonies or Protectorates, a certificate issued under the authority of the Dominion, Colony or Protectorate guaranteeing that "the consignment in question is required exclusively for legitimate scientific and medicinal purposes, and re-export will not be permitted except to another Dominion, Colony or Protectorate upon the production of a certificate issued under the authority of the Government of the territory to which re-export is desired that the drugs to be imported are to be used exclusively for legitimate scientific and medicinal purposes, and will not again be re-exported."

5. Intending importers should apply to the Hon. Principal Medical Officer who has been authorised to issue the necessary certificate, to be sent to the exporting firm for the purpose of obtaining a licence.

Nairobi.

Dated this 27th day of January, 1922.

G. A. S. NORTHCOTE,  
*for Colonial Secretary.*

EXTRACT FROM THE SECRETARY OF STATE'S CIRCULAR  
DESPATCH, DATED THE 7TH DECEMBER, 1921.

I have the honour to inform you that a question has arisen as to the procedure to be adopted for dealing with the export of opium and other dangerous drugs from the United Kingdom to private importers in the Colonies not possessing responsible Government and Protectorates.

It is necessary that, in cases where opium and other dangerous drugs are required by a private importer in a Colony or Protectorate, a certificate should be issued by the Colonial or Protectorate Government in respect of each importation. Where the drugs are required by a private importer the certificate should be sent by the Colonial Government to the intending importer in the Colony for transmission with his order to the intending exporter in the United Kingdom. The intending exporter would then forward the certificate to the Home Office with his application for an export licence, and the Secretary of State for Home Affairs would decline to consider any application not accompanied by a certificate. This arrangement should be brought into force in the territory under your administration forthwith.
