NOTICE

We are asked to announce that the dedication of the Memorial Cathedral at Mombasa has been unavoidably postponed until May 31st.

OBITUARY.

It is with deep regret that the death is recorded of Mr. R. B. Newton, Assistant in the Survey Department on the 10th instant.

The deceased was traversing the Morendat river and to reach a station point on the other side of the stream attempted to ford the river. It appears that after wading a few yards he suddenly disappeared below the surface and was never seen again. Investigation has shewn that at this point a deep hole exists the bottom of which is covered with sticky mud and weeds. It is surmised that the deceased slipped into the hole and became entangled in the long grass. Diligent search only resulted in the recovery of the body by Police Inspector Rayne on the morning of the 14th instant. The remains were buried at Naivasha the same afternoon.

The deceased who was only 24 years of age was a most conscientious and efficient worker, popular with all with whom he came in contact, and the Government in his death sustains a most regrettable loss.

Reuter's Telegrams.

APRIL 15TH.—A telegram from Manila has reached New York from Admiral Train commanding the American Squadron who has received news of the arrival of the Hospital Ship "Orel" at Saigon yesterday morning with many wounded.

Reuter at Tokio states that an Imperial Ordinance proclaims an immediate state of Siege of Mako Harbour in the Pescadores Islands which the Japanese believe is being used as a base by the Russians.

The Tokio report of the fighting off Saigon is officially denied at St. Petersburg. It is also announced that the "Orel" had no wounded on board.

General Oyama reports that two thousand Russian Cavalry and Infantry were encountered and defeated on the 12th inst., thirty miles east of Mukden. They retreated northeast towards Hailungcheng fighting every step.

The "Orel" remained 36 hours at Saigon, shipped 900 tons of coal besides food and medical supplies.

The strikers at Limoges have pillaged the porcelain factories and armourers shops and erected barricades in the streets. The Military have charged and dispersed the mob several times.

Reuter's Agent at Hongkong wires that the steamer "Telemachus" reports having heard firing 150 miles north of Matuna Islands. Also the Nord Deutsche Liner "Prinz Heinrich" sighted 18 of the Baltic Fleet in Kamranh Bay Annam, at noon on Friday, no Japanese wire visible.

APRIL 18TH.—The portion of the Baltic Fleet in Kamranh Bay includes five Battleships and six Cruisers.

Their Majesties have landed at Algiers. The place was lavishly decorated with French and British flags, they visited the Governor-General and will remain until Wednesday taking motor excursion in the neighbourhood.

A general strike has commenced on the Italian Railways.

Admiral Dejonquire has left Saigon on board the Cruiser "Descartes" for Kamranh Bay. A French steamer has also sailed taking cargo and provisions for the Baltic Fleet.

The Japanese have captured a large number of colliers off the coast of Vladivostok. The port is now free of ice.

The American Destroyers "Barry" and "Chauncey" have arrived at Labuan on their way to join the Cruiser "Raleigh."

The Russian Press are elated with the daring and skill of Admiral Rozhdiestvensky who they state is coaling and cleaning his fleet at Kamranh Bay prior to engaging the Japanese.

APRIL 19TH.—The Porcelain strikes at Limoges in attempting to storm the prison in order to release their comrades erected barricades to prevent the troops interfering. The troops repeatedly charged but were driven back by a hail of stones, finally the troops fired without order, several strikers were killed and wounded and the barricades eventually carried.

The prolonged stay of the Baltic Fleet in Kamranh Bay is evoking protests from Tokio on the ground of breach of neutrality on the part of the French Government.

The Italian Railway strike has collapsed, even the Socialist Leaders condemned it.

The Fifth Japanese Domestic Loan of ten million sterling will be issued on the 1st of May.

Their Majesties have decided to prolong their stay at Algiers.

The Limoges rioting on the 17th has created much excitement in France. The Socialists vehemently attacked the Government for utilizing troops but the Chamber supports the Ministry with a large majority; apparently nearly 200 officers and soldiers were wounded during the riots. The town is now quiet.

M. Rouvier questioned in the French Chamber states that France will do everything necessary to assure French neutrality in the Far East.

M. Delcasse speaking in the French Chamber states that Morocco had accepted in principle the French proposals, and that negotiations were now proceeding on that basis. Should Germany consider the explanations regarding Morocco insufficient, he was prepared to complete them to reassure all interests and remove all misunderstandings.

The House of Commons has adjourned until the 2nd of May.

Bay but that Admiral Djonquiere has taken all measures to ensure French neutrality.

The correspondent of the "Daily Express" in Calcutta wires that Lord Kitchener has intimated that he cannot retain the office of Commander-in-Chief in India unless the powers of the Military Member of the Council are restricted. The friction between Lord Kitchener and Sir Edmond Elles has reached the acutest stage.

APRIL 22ND.—The Japanese Minister in Paris has called the attention of M. Delcasse to the presence of the Russian ships in Kamranh Bay. It is maintained on behalf of France that she has taken precisely the same measures as when Japanese cruisers lately visited Kamranh Bay, moreover it is affirmed that the Baltic Fleet has quitted territorial waters.

The King and Queen are still prolonging their visit in Algeria and have been received with immense cordiality everywhere. The visit is regarded as strengthening the "entente cordiale."

It is reported in Paris that the Russians left the coast of Annam yesterday.

Prince George at the opening of the Cretan Chamber recalled his own efforts to secure the union with Greece, but condemned a rising. He immediately departed and the Chamber unanimously proclaimed the union simultaneously expressing confidence in Prince George. The Deputies then swore allegiance to King George and informed the Consuls of what had occurred.

The Japanese resentment towards France is growing.

At St. Petersburg the Admiralty has represented to Admiral Rozhdiestvenskyt hat his remaining in the proximity of the coast of Annam will gravely endanger the Peace of Europe. It is believed that he will obey the formal instructions sent to him.

M. Delcasse has resigned, and the position of the Government has been shaken. During a debate on Wednesday the adversaries of the Government contended that the Kaiser would never have intervened had Delcasse considered the German susceptibilities.

APRIL 24TH.—M. Loubet has summoned M. Delcasse to the Elysee to endeavour personally to induce him to withdraw his resignation. M. Bienvenu Martin, Minister of Instruction has expressed a conviction that the matter will be arranged.

M. Delcasse has withdrawn his resignation. He insisted that complete harmony must exist in the Cabinet with regard to Foreign Policy and has received satisfactory assurances to this effect.

The strike at Limoges has ended.

The French Government have been officially informed that the Baltic Fleet left Kamranh Bay on Sunday for unknown destination.

The Socialist adversaries of M. Delcasse are blamed for taking advantage of the Morocco question and thus playing into the hands of Germany. M. Delcasse's resignation would have been a triumph to the Kaiser.

The French Chamber has adopted the Article in the Church Separation Bill relating to the partition of ecclesiastical property among the New Clerical Associations formed under the Bill.

Official reports from the Caucasus describe numerous encounters between peasants and troops, the former are armed with pickaxes, bludgeons, and occasionally with revolvers. Many of peasants have been killed or wounded by Cossack charges.

APRIL 29TH.—Admiral Rozhdiestvenski finally left Kamranh Bay on the evening of the 26th.

Two squadrons consisting of 8 and 7 vessels respectively presumably under Admiral Niegobatoff were sighted on the evening of 27th 60 miles south of Penang steering towards Singapore.

The French Press are delighted at Mr. Lowther's pending visit to Fez, they look upon same as a demonstration that Great Britain supports France with regard to Morocco.

Several British Officers will accompany Mr. Lowther to Fez.

The determined and deliberate policy of Germany in connection with Morocco is regarded in Paris as becoming an increasingly grave factor in European politics even warranting the watchfulness of France on her eastern frontier.
