GAZETTE NOTICE No. 4553

THE ANTI-CORRUPTION AND ECONOMIC CRIMES ACT

(No. 3 of 2003)

THE KENYA ANTI-CORRUPTION COMMISSION

THE FIRST QUARTERLY REPORT FOR THE YEAR 2011 COVERING THE
PERIOD OF 1ST JANUARY TO 31ST MARCH, 2011*Preamble*

The Kenya Anti-Corruption Commission is required under section 36 of the Anti-Corruption and Economic Crimes Act, 2003, to prepare quarterly reports setting out the number of reports made to the Attorney-General under section 35.

Section 35 provides that:

1. Following an investigation, the Commission shall report to the Attorney-General on the results of the investigation.
2. The Commission's report shall include any recommendation the Commission may have that a person be prosecuted for corruption or economic crime.

Section 36 provides that:

1. The Commission shall prepare quarterly reports setting out the number of reports made to the Attorney-General under section 35 and such other statistical information relating to those reports, as the Commission considers appropriate.
2. A quarterly report shall indicate if a recommendation of the Commission to prosecute a person for corruption or economic crime was not accepted.
3. The Commission shall give a copy of each quarterly report to the Attorney-General.
4. The Attorney-General shall lay a copy of each quarterly report before the National Assembly.
5. The Commission shall cause each quarterly report to be published in the Gazette.

This report is therefore made pursuant to section 36 of the Anti-Corruption and Economic Crimes Act, 2003. The report covers the fourth quarter of the year 2010 and is for the period commencing 1st January 2011 to 31st March 2010.

INVESTIGATIONS COVERING THE PERIOD 1ST JANUARY TO
31ST MARCH 2011

KACC/MSA/FI/INQ/12/2010

Inquiry into allegations that the Chief Executive Officer at the Kenya Ports Authority (KPA) irregularly procured Rubber Tyred Gantry Cranes and paid 40% upfront in contravention of the Public

Procurement and Disposal Act, 2005. It was further alleged that the local agent of the company sponsored three Kenya Ports Authority officials for a trip to China before the tender was awarded.

The investigations established that the Management of KPA sought and received approval of the Board of Directors to purchase additional cargo handling equipment to supplement its fleet. The equipment including 10 units of Rubber Tyred Gantry (RTG) cranes were budgeted for and included in the Procurement Plan for the Financial Year 2009/2010. The procurement process was then initiated and the invitation to tender duly advertised nationally and internationally. The tenders were evaluated and the Corporation tender Committee (CTC) awarded the tender to a Chinese Company. It was further established that after the award, the Managing Director of KPA in collusion with two KPA lawyers approved the payment of 40% of the contract price of US\$6,161,600 as advance payment, while the tender documents had provided for a 20% payment.

The file was forwarded to the Attorney-General on 11th January, 2011 recommending that the three suspects namely; the Managing Director, Corporation Secretary and Senior Legal officer of Kenya Ports Authority be charged with the offences of abuse of office contrary to Section 46 as read with section 48 (1) of the Anti-Corruption and Economic Crimes Act, No.3 of 2003, and wilful failure to comply with the law relating to the procurement of goods contrary to section 45 (2) of the Anti-corruption and Economic Crimes Act, No. 3 of 2003; the Procurement and Supplies Manager of Kenya Ports Authority be charged with inappropriate influence on evaluation contrary to section 38 (1) (b) as read with section 38 (2) (a) of the Public Procurement and Disposal Act, No. 3 of 2005. On 17th March, 2011, the file was returned by the Attorney-General with recommendation for further investigations.

KACC/FI/INQ/105/10

Inquiry into allegations of loss of KSh. 1.431 million by Teso County Council through Procurement of Local Authorities Integrated Financial Operations Management Systems (LAIFOMS). It was further alleged that the project even though fully paid for, was never implemented. The investigations established that quotations were sought from three firms and processed through a Tender Committee and the lowest bidder was awarded. It further established that the computers were supplied, installed, tested and fully certified by an independent Government Ministry official. The software was installed by the Ministry of Local Government and is fully operational and functional since July 2009. Investigations did not reveal any breach of procurement procedures or loss.

The file was forwarded to the Attorney-General on 20th January, 2011 recommending that the inquiry file be closed. On 21st February, 2011, the Attorney-General accepted the recommendation for closure.

KACC/FI/INQ/163/2009

Inquiry into allegations that an accounts clerk at the World Bank Funded Project in Western Kenya embezzled an imprest of KSh.3,905,000 received by him to facilitate a training for the Water Resource Management Association members and Community Driven Development Officers at Tom Mboya Labour College in Kisumu. It was further alleged that the officer surrendered the imprest using forged documents. Investigations established that the workshop took place at the college from 12th to 24th January, 2009. The investigations also established that forged payment schedules in respect of the workshop participants were used to account for the money, and that the suspect did not use the imprest for the purpose that it was issued.

The file was forwarded to the Attorney-General on 1st March, 2011 with the recommendation that the suspect be charged with the following offences; deceiving the principal contrary to section 41 (2) as read with section 48 (1) of ACECA, fraudulent acquisition of public property contrary to section 45 (1) (a) as read with section 48 (1) of ACECA, forgery contrary to section 349 as read with sections 345 and 348 of the Penal Code; and uttering false documents contrary to section 353 of the Penal Code. On 4th April, 2011, the Attorney-General accepted the recommendation for prosecution.

KACC/FI/INQ/63/2010

Inquiry into allegations that a Senior Assistant Director of Education embezzled a sum of KSh.7,604,700 given to her as imprest to carry out workshops on training of representatives from Primary Schools on HIV/AIDS prevention and life skills at Shanzu and

Machakos Teachers Training Colleges. It was further alleged that she surrendered the imprest she received using false receipts and forged payment schedules. Investigations revealed that the workshops were held at the two colleges. However, the evidence gathered indicated that the suspect falsified the participants payment schedules and inflated the sums paid out to account for the imprest. The suspect could not account for how she expended the imprest.

The file was forwarded to the Attorney-General on 31st December, 2010, with the recommendation that the suspect be charged with the following offences; deceiving the principal contrary to section 41 (2) as read with section 48 (1) of ACECA, fraudulent acquisition of public property contrary to section 45 (1) (a) as read with section 48 (1) of ACECA and uttering false documents contrary to section 353 of the Penal Code. On 12th January, 2011, the Attorney-General accepted the recommendation for prosecution.

KACC/MSA/FI/INQ/11/2010

Inquiry into allegations that the Municipal Council of Mombasa entered into a contract with a private company for the provision of parking management services in disregard of the Public Procurement procedures. The investigation established that a contract was entered into between the Municipal Council of Mombasa and the private company for the provision of parking management services for heavy commercial vehicles within the municipality to ease congestion and obstruction.

The investigations also revealed that prior to the signing of the contract; the private company made an unsolicited proposal to the Municipal Council of Mombasa and supported its proposal by a feasibility study that it had commissioned. The proposal was tabled and presented to the Full Council and was similarly approved. The evidence gathered revealed that the Town Clerk wilfully failed to comply with the law relating to the tendering of contracts.

The file was forwarded to the Attorney-General on 17th January, 2011 with the recommendation that the accused be charged with the offence of wilful failure to comply with the law relating to the tendering of contracts contrary to section 45 (2) (b) as read with section 48 (1) of the Anti-Corruption and Economic Crimes Act, No.3 of 2003. On 27th January, 2011, the Attorney-General accepted the recommendation for prosecution.

KACC/FI/INQ/137/2009

Inquiry into allegations that the General Manager, Finance and Administration at the Kenya Investment Authority (KENINVEST), irregularly procured 20 desktop computers and 14 laptops computers valued at KSh.3,241,000. Investigations established that indeed the computers were procured single-handedly by the General Manager despite questions being raised as to the propriety of the procurement. The Managing Director of the institution authorised the payment in spite of the concerns raised.

The file was forwarded to the Attorney-General on 3rd February, 2011 with recommendations that the suspects be charged as follows; the General Manager be charged with wilful failure to comply with applicable law relating to procurement of goods contrary to section 45 (2) (b) as read with section 48 (1) of the Anti-Corruption and Economic Crimes Act, No.3 of 2003 and both the General Manager and the Managing Director be charged with offence of abuse of office contrary to section 46 as read with section 48 (1) of the Anti-Corruption and Economic Crimes Act, No.3 of 2003. On 14th March, 2011, the Attorney-General returned the file with recommendations for further investigations.

KACC/MSA/INQ/FI/08/2008

Inquiry into allegations of embezzlement of public funds at Malindi Law Court by the Accountant and the Cashier. The investigation established that various court officers collected receipt books from Treasury, received money from the public, remitted it to the Accountant in Charge and thereafter surrendered it to the District Treasury. The evidence gathered further revealed that some of the court staff receiving payments and surrendering revenue were not trained in matters of finance and accounting. From the evidence gathered, it was not possible to pin point any specific officer as being responsible for the loss of revenue. The Commission was of the view that further investigations were necessary to determine how much money was collected, who made the collections and how much was surrendered to the Treasury.

The file was forwarded to the Attorney-General on 6th January, 2011 with recommendations that the inquiry file be handed over to the

CID Malindi to continue with the investigations and pursue the criminal proceedings they had commenced in 2006. On 20th January, 2011, the Attorney-General accepted the recommendation to refer the matter to the CID Malindi.

KACC/FI/INQ/144/2010

Inquiry into allegations of abuse of office against the acting Commercial Director, Nairobi Water and Sewerage Company. It was alleged that the acting Commercial Director, Nairobi Water and Sewerage Company influenced the installation of a communal water tank in his home at Kahawa West while he was the Manager, Southern Region. It was further alleged that he supplied water to the said tank with non-revenue water from NCSW and sold the water to the public. Investigations established that due to drought persisting in the country in 2009, there was a severe water shortage in Nairobi. Several meetings were held between officials of AWSB and NCWSC and it was decided that all regions within Nairobi would be supplied with ten plastic water tanks. The tanks were to be placed in needy areas identified by the regional managers. The investigations revealed that all the regions were supplied with water tanks. One of the tanks was placed on a road reserve near the home of the acting Commercial Director, Nairobi Water and Sewerage Company which was in the Northern Region and that the tank was not actually in the acting Commercial Director's home as alleged but on a road reserve. The evidence gathered did not establish any wrong doing on the part of the suspect to warrant either institution of criminal charges or administrative action against him.

The file was forwarded to the Attorney-General on 24th January, 2011 with the recommendation that the inquiry file be closed. On 21st February, 2011, the Attorney-General accepted the recommendation for closure.

KACC/FI/INQ/05/2010

Inquiry into allegations that an Accounts Assistant in the Ministry of Education embezzled KSh.4,569,300/= issued to him as imprest to pay workshop participants and facilitators. Investigations revealed that the suspect surrendered the imprest he was given using false documents in which he not only inflated the transport reimbursements given to the facilitators, but also purported to have paid them lunches en route; facts denied by the participants.

The file was forwarded to the Attorney-General on 24th January, 2011 with recommendations that the suspect be charged with the offences of uttering a false document contrary to Section 353 of the Penal Code and Deceiving principal contrary to section 41 (2) of the Anti-Corruption and Economic Crimes Act, 2003. On 23rd February, 2011, the Attorney-General accepted the recommendation for prosecution.

KACC/MSA/FI/INQ/10/2010

Inquiry into allegations of abuse of office, embezzlement of public funds and failure to comply with Procurement Laws by officials of Lamu West Constituency Development Fund Committee in the award of a contract for supply of school desks. Investigations established that the process of tendering was irregular since there was no proper bidding. Investigations also revealed that the supplier received excess payment for desks that were not delivered. Evidence gathered also established that one of the members of the CDF Committee participated in the award for the supply of desks to a company belonging to his nephew.

The file was forwarded to the Attorney-General on 2nd February, 2011 with recommendations that the suspects be charged with the offences of fraudulent acquisition of public property contrary to section 45 (1) (a), fraudulent making payment from public revenue for goods not supplied contrary to section 45 (2) (a) (i), wilful failure to comply with law relating to tendering of contracts contrary to section 45 (2) (b), Knowingly holding a private interest in a contract connected with a public body contrary to section 42 (3) as read with section 48 (1) of the Anti-Corruption and Economic Crimes Act, 2003; forgery contrary to section 345 and uttering a false document contrary to section 353 of the Penal Code. On 8th March, 2011, the Attorney-General accepted the recommendation for prosecution.

KACC/MSA/FI/INQ/02/2010

Inquiry into allegations of irregular leasing of Kenya Railways Corporation Land at Voi near Total Petrol Station using a local businessman as front. Investigations revealed that a businessman applied for a lease from Kenya Railways which was granted. The

evidence obtained did not disclose any culpability on the part of any of the Corporation's officers to warrant prosecution. However, there was breach of internal Corporation guidelines by the Corporations Estate Manager and Project Manager to warrant administrative action.

The file was forwarded to the Attorney-General on 2nd February, 2011 with recommendations that the inquiry file be closed. On 21st February, 2011, the Attorney-General accepted the recommendation for administrative action.

KACC/FI/INQ/17/2010

Inquiry into allegations of misappropriation of KSh.2,966,000 belonging to the World Bank/Government Funded Kenya Education Sector Program (KESSP), by an Education Officer purportedly in conducting a Capacity Building Workshop on Management of Instructional Materials in Secondary Schools. The investigation disclosed that the suspect embarked on an elaborate scheme of forgery, falsification of documentation and fraudulent false accounting after receipt of KSh.2,966,000/= in cash which he banked in his account. The evidence gathered revealed that the suspect retained KSh.1,915,000/= in his account and used false documents to surrender the imprest.

The file was forwarded to the Attorney-General on 1st February, 2011 with recommendations that initially the provisions of section 56B (1) & (3) be invoked to formally inform the suspect of the claim against him and demand that he settles the claim within a specified period. It was further recommended that should the suspect agree to comply; an undertaking not to prosecute him be made. In the event that the suspect does not comply criminal action be taken against him for the offences of fraudulent acquisition of public property contrary to section 45 (1) (a) as read with section 48 of Anti-Corruption and Economic Crimes Act No.3 of 2003 and deceiving principal contrary to section 41 (2) as read with section 48 of the Anti-Corruption and Economic Crimes Act No.3 of 2003. On 16th March, 2011, the Attorney-General accepted the recommendation to invoke section 56B (1) and (3) of the Anti-Corruption and Economic Crimes Act, 2003, and the accused to settle the claim; and in default prosecution to ensue.

KACC/FI/INQ/28/2010

Inquiry into allegations of embezzlement of KSh.1,604,158/= by an ICT officer with the Ministry of Education while carrying out an ICT Capacity Building Workshop at International School for Medicine and Applied Technology (ISMAT), Kisumu. The investigation established that the imprest received by the suspect was not utilized for the intended purpose and that fictitious and doctored documents were also used to support expenditure at the time of surrendering the imprest.

The file was forwarded to the Attorney-General on 9th February, 2011 with recommendations that the suspect be charged with the offences of false accounting by a public officer contrary to section 331 (1) as read with section 331 (2) of the penal code, cap 63 of the Laws of Kenya and knowingly giving a false document at one's principal contrary to section 41 (2) as read with section 48 (1) of the Anti-Corruption and Economic Crimes Act, 2003. On 8th March, 2011, the Attorney-General accepted the recommendation for prosecution.

KACC.MSA.INQ/FI/25/2010

Inquiry into allegations that a clearing agent in Mombasa was colluding with Kenya Revenue Authority officers to evade payment of taxes on their imports. The investigation revealed that the clearing agent misdeclared the goods in respect of the four import entries and as a result paid lesser taxes. The investigation further established that after the KRA officers, dealing with the four import entries at the Document Processing Centre suspected that there were anomalies in the declaration, they directed that a physical verification of the goods be done. In spite of these instructions, the Verification Officer (suspect) did not carry out the verification. Instead, she posted a verification report that was misleading by indicating that the description of the goods in the containers tallied with the details in the import documents. Further scrutiny of the containers revealed that the said verification report was false.

The file was forwarded to the Attorney-General on 11th February, 2011 with recommendations that the suspects be charged as follows; the Verification Officer be charged with the offence of knowingly and deceiving principal contrary to section 41 (1) as read with section 48 (1) of the Anti-Corruption and Economic Crimes Act, 2003 and that administrative action be taken against the Head of Verification for

failure to perform his duties as required by his employer, Kenya Revenue Authority. On 8th March, 2011, the Attorney-General accepted the recommendation for prosecution.

KACC/FI/INQ/147/2010

Inquiry into allegations that the former Managing Director of Kenya Broadcasting Corporation and former Corporation Secretary irregularly committed Kenya Broadcasting Corporation (KBC) to a partnership with two media houses to broadcast FIFA World Cup 2010 that was to be held in South Africa. It was further alleged that KBC thereafter single-sourced the two media houses as its partners in the venture. Investigations established that although two other media houses had offered better terms of engagement, KBC rejected their offers and accepted the offers from the former. The investigations further revealed that in contracting with FIFA and the two media houses, the two suspects who were responsible for all the decisions relative to the venture disregarded the applicable public procurement regulations.

The file was forwarded to the Attorney-General on 16th February, 2011 with recommendations that the suspects be charged the offences of wilful failure to comply with the law relating to the tendering of contracts contrary to section 45 (2) (b) as read with section 48 (1) of the Anti-Corruption and Economic Crimes Act, No.3 of 2003. On 4th April, 2011, the Attorney-General accepted the recommendation for prosecution.

KACC/FI/INQ/103/2009

Inquiry into allegations that the Officer In-charge of Kisumu Main Prison, flouted procurement laws and abused his office to benefit himself. Investigations revealed that the suspect registered a business in his name and that of his wife. The said business was one of those pre-qualified by the Kisumu East Tender Committee for the supply and delivery of various goods and services to Government departments in Kisumu. The evidence obtained established that at the time the said firm was pre-qualified, the suspect was not a member of the Tender Committee and the investigations have not shown that he influenced the Tender Committee to make the award to his firm.

The file was forwarded to the Attorney-General on 18th February, 2011 with the recommendation that the inquiry file be closed. On 21st March, 2011, the Attorney-General accepted the recommendation for closure of the inquiry file.

KACC/FI/INQ/116/2009

Inquiry into allegations that some officials of the Ministry of Lands, irregularly and fraudulently allocated a piece of land located in Loreshe Estate to a businessman. Investigations revealed that the said piece of land had been previously allocated to a private company by the Commissioner of Lands. The investigations revealed that later the businessman, who was allocated the land under suspicious circumstances, colluded with public officers at the Lands Registry, City Council of Nairobi and licensed surveyors to alter records to facilitate the transfer of the land to him.

The file was forwarded to the Attorney-General on 1st March, 2011 with the recommendation that the suspects be charged as follows; making a document without Lawful Authority contrary to Section 357 (a) of the Penal Code, giving false information to a person employed in the Public Service contrary to Section 129 (a) of the Penal Code, forgery contrary to section 347 of the Penal Code, conspiracy to defraud contrary to section 317 of the Penal Code, falsification of register contrary to section 361 of the Penal Code, abuse of office contrary to section 46 and deceiving principal contrary to Section 41 (1) of the Anti-Corruption and Economic Crimes Act, 2003.

On 5th April, 2011, the file was returned by the Attorney-General with recommendations for further investigations.

KACC KSM. INQ/FI/03/2010

Inquiry into allegations that officials of Kisumu Municipal Council irregularly procured security services for the residence of the Mayor of Kisumu. Investigations established that the Mayor of Kisumu Municipal Council engaged the services of a private security firm to provide security at his residence situated in Milimani Area within Kisumu. The investigation further revealed that the suspect unilaterally picked the security firm without reference to the Council's Tender Committee. Whereas this was a private engagement, and the firm had no contract with the Council, the Town Clerk and the Town Treasurer authorized payments to be made to the security firm.

The file was forwarded to the Attorney-General on 21st February, 2011 with the recommendation that the suspects be charged as follows; the Mayor of Kisumu Council be charged with the offences of wilful failure with the law relating to the procurement of services contrary to section 45 (2) (b) as read with section 48 of the Anti-Corruption and Economic Crimes Act, 2003 and the two chief officers be charged with the offences of abuse of office contrary to section 46 as read with section 48 (1) of the Anti-Corruption and Economic Crimes Act, 2003 and wilful neglect to perform official duty contrary to section 128 as read with section 36 of the Penal Code. On 4th April, 2011, the Attorney-General returned the file directing that the suspect refunds the money that the Council paid for private security services provided at his residence and the file be closed in lieu of prosecution. .

KACC/FI/INQ/141/2010

Inquiry into allegations that the then Ministry of Water Development irregularly made payment of KSh.80 million to a fictitious company whose name is similar to that of a contractor awarded a tender by the Ministry to undertake works on the Mombasa and Coastal Water Supply Project in 1981. Investigations revealed that there was no evidence to prove the alleged irregular payment by the Ministry. No culpability was established against any of the officers at the Ministry or any other person.

The inquiry file was forwarded to the Attorney-General on 8th March, 2011 recommending that the inquiry file be closed. The Attorney-General accepted the recommendation for closure.

KACC/MSA/FI/INQ/13/2009

Inquiry into allegations that the procurement process in the award of a contract for Geographical Information Systems (GIS) Consultancy to a private firm by the Municipal Council of Mombasa (MCM) in 2004 was fraudulent and contravened the Exchequer and Audit (Public Procurement) Regulations, 2001. The investigations revealed that there were several irregularities in the award of the consultancy contract to the private firm. However crucial documents that would support prosecution of the officers involved were not available.

The inquiry file was forwarded to the Attorney-General on 10th March, 2011, with the recommendations that the officers responsible be reprimanded and where they are still serving; be surcharged for any loss the Council may have incurred as a result of entering into the contract. It was further recommended that since there are arbitration proceedings over the contract, that the Commission be enjoined as an interested party for purposes of ensuring no payment is made on a contract that was heavily skewed against the Council. It was also recommended that the matter be investigated by the Criminal Investigation Department with a view to establishing who is responsible for the loss of these critical documents and their eventual prosecution.

On 4th April, 2011, the Attorney-General accepted the recommendations to reprimand and surcharge the officers responsible for the irregularities in the award of the contract; to enjoin the Commission as an interested party in the pending arbitration proceedings to ensure that no payment is made on a contract that was skewed against the Council and lastly the CID to investigate the loss of the critical documents.

KACC/FI/INQ/145/2010

Inquiry into allegations of conflict of interest against the Chief Executive Officer of Tanathi Water Services Board (TAWSB) . It was alleged that the officer in his capacity as the CEO routinely awarded contracts to companies in which he had personal interest. It was further alleged that in some instances, payment was made by TAWSB to his firms for goods that had not been delivered. Investigations revealed that the officer was the proprietor of some of the companies which TAWSB had contracted to supply goods during the year 2009/2010 financial year. Investigations also showed that payments were made to the suspect's firms for goods that were not supplied. It was further established that the payments were made not commensurate with the goods that were delivered, if any.

The inquiry file was forwarded to the Attorney-General on 14th March, 2011 with recommendations that the Chief Executive Officer be charged with the following offences; abuse of office contrary to section 46, fraudulently making payment from public revenues for goods not supplied contrary to section 45 (2) (a) (ii) of and conflict of interest contrary to section 42 (3) of the Anti-Corruption and Economic Crimes Act, 2003. The other suspects who colluded with the

CEO be charged with; deceiving principal contrary to section 41 (2) of the Anti-Corruption and Economic Crimes Act, 2003 and abuse of office contrary to section 46 of the Anti-corruption and Economic Crimes Act, 2003. It was further recommended that the systems at the Tana Water Services Board be reviewed.

On 4th April, 2011, the Attorney-General accepted the recommendation for prosecution and the systems review of the Board.

KACC/FI/INQ/08/2010

Inquiry into allegations that an Accountant in the Ministry of Education misappropriated KSh.8,371,200/= meant for Teacher's Advisory Centre (TAC) , Tutors and Quality Assurance and Standards Officers (QASOs) in Kaimosi Teachers Training College during the period 16th February, 2009 to 3rd April, 2009. Investigations revealed the suspect did not properly account for the imprest received and falsified documents at the time of the surrender to purport to account for the money.

The inquiry file was forwarded to the Attorney-General on 15th March, 2011 with recommendations that the suspect be charged with the following offences; knowingly deceiving a principal in a material respect contrary to Section 41 (2) as read with Section 48 (1) of the Anti-Corruption and Economic Crimes Act No.3 of 2003 and false accounting by a public officer contrary to Section 331 (1) of the Penal Code Cap 63 Laws of Kenya. On 4th April, 2011, the Attorney accepted the recommendation for prosecution, and recovery.

KACC/FI/INQ/165/10

Inquiry into allegations that the Chief Executive Officers of the Athi Water Services Board (AWSB) and Tanathi Water Services Board (TAWSB) influenced the alteration of the tender documents submitted by a tenderer for Contract No.AWSB/WaSSIP/Comp.1/W-17/2010 for the construction of Wote Bulk Water Supply. The investigation revealed that at the time of opening the bids, the bid amount offered by one of the tenderers was increased from KSh.131,292,816.80/= to KSh.173, 575,861.80. However, since this amount exceeded the budget, officers from the water board engaged the tenderer to discuss a reduction of the works. This engagement by the evaluation team with the tenderer was done before the evaluation process was finalized. This was in contravention of the public procurement regulations. No culpability was established on the part of the CEO.

The inquiry file was forwarded to the Attorney-General on 23rd March, 2011 with recommendations that the suspects be charged with the offence of unlawful disclosure of confidential information relating to the evaluation of tenders during procurement proceedings contrary to section 44 (1) (c) as read with sections 44 (4) and 137 (1) (a) of the Public Procurement and Disposal Act, No. 3 of 2005.

The Attorney-General's response is awaited.

KACC/FI/INQ/92/2010

Inquiry into allegations that a Senior Education Officer misappropriated a sum of KSh.1,905,000/= meant for the free secondary education programme while conducting Capacity Building Workshops on Management of Instructional Materials in Secondary Schools in the South Rift Region. Investigations established that the trainings took place at the Rift Valley Institute of Science and Technology (RVIST) between 28th September 2008 and 15th October, 2008, with participants drawn from various districts of the Rift Valley. The imprest received by the suspect was to cater for transport reimbursement to the participants, amongst other services. Investigations revealed that the suspect surrendered the imprest using forged documents whose authenticity was disputed by the participants.

The inquiry file was forwarded to the Attorney-General on 28th March, 2011 with recommendations that the suspect be charged as follows; fraudulent acquisition of public property contrary to section 45 (1) (a) and Deceiving Principal contrary to Section 41 (2) as read with Section 48 of the Anti-Corruption and Economic Crimes Act, 2003, and false accounting by a Public Officer contrary to Section 331 (1) and (2) of the Penal Code.

The Attorney-General's response is awaited.

KACC/FI/INQ/103 B/05

Inquiry into allegations of misappropriation of public funds amounting to KSh.2,500,000 by a former Managing Director; and a

former Finance and Administration Manager of the Kenya Wines Agencies Limited (KWAL) through the irregular purchase of a motor vehicle for the said Finance and Administration Manager. Investigations established that the Managing Director authorized an application for a car loan made by Finance Manager, whereas the former did not qualify under rules of the KWAL Staff Car Loan Scheme. Investigations revealed that the Finance & Administration Manager left the employment of KWAL before repaying the loan, thus occasioning loss to KWAL.

The inquiry file was forwarded to the Attorney-General on 28th March, 2011 with recommendations that the suspects be charged with the offences as follows; The former Managing Director be charged with the offence of abuse of office contrary to Section 46 as read with Section 48 (1) of the Anti-Corruption and Economic Crimes Act, 2003 and alternative charge of wilful failure to comply with applicable guidelines relating to the management of funds contrary to Section 45 (2) (b) and conspiracy to commit an Economic Crime contrary to Section 47 A (3) as read with Section 48 (1) of the Anti-Corruption and Economic Crimes Act, 2003. The former Finance & Administration Manager be charged with the offence of fraudulent acquisition of public property contrary to Section 45 (1) as read with Section 48 (1) of the Anti-Corruption and Economic Crimes Act, 2003. The Attorney-General's response is awaited.

KACC/INQ/FI/45/2010

Inquiry into allegations that a secretary in the Ministry of Education embezzled an imprest of KSh.1,067,550/= which she received for the purchase of stationery to be used in capacity building workshops on management of instructional materials in secondary schools. It was further alleged that she surrendered the imprest using forged receipts. Investigations revealed that the suspect did not use the imprest for the purposes it was issued, and instead surrendered the same using false documents.

KACC/PI/INQ/52/09

Inquiry into allegations that Chief Officers at Nairobi City Council colluded with officials of a private firm to enter into an irregular partnership contract. Investigations established that in the beginning of the year 2002, the City Council of Nairobi embarked on a process of preparation and implementation of a Strategic Plan known as Nairobi Metropolitan Growth Management and Development Strategy to manage Nairobi city for the next 20 to 30 years. One of the components of the Strategic Plan was introduction of a Geographical Information Systems (GIS) to manage information during the strategic planning and implementation period. The investigation revealed that a contract was entered into between the Council and the private firm which contained unfair terms to the Council. However the contract satisfied procedural propriety and was therefore binding on both parties. The contract was terminated, and the legality of the

termination is pending before court. The investigation did not unearth any wrong doing on the part of the council officials or the representatives of the private firm.

The inquiry file was forwarded to the Attorney-General on 24th March, 2011 with recommendations that the inquiry file be closed. On 4th April, 2011, the Attorney-General accepted the recommendation for closure.

THE ENERGY ACT

(No. 12 of 2006)

THE ENERGY REGULATORY COMMISSION

DISPUTE NO. 1 OF 2009

BETWEEN

FAIRLANDS INVESTMENTS LIMITED (CONSUMER)—
COMPLAINANT

AND

THE KENYA POWER AND LIGHTING COMPANY LIMITED
(LICENSEE)—(RESPONDENT)

THE DECISION OF THE COMMISSION

- On 11th May, 2005 the Complainant wrote to the Respondent to complain about repeated power fluctuations that had affected its premises at I and M Bank House at 2nd Ngong Avenue, Nairobi. The Complainant sent further letters of complaint dated 15th June, 2005, 26th August, 2005, 8th November, 2005 and 9th March, 2006.
- On 15th March, 2006 the Respondent acknowledged the Complainant's letters and stated that the frequent power failures which had affected the main line had been satisfactorily addressed and sorted out.
- According to the Complainant, despite the Respondent's above assurance, the power failures persisted and the Complainant notified the Respondent of this state of affairs vide letters dated 8th August, 2006 and 6th January, 2007.
- The Complainant filed this dispute with the Commission on 3rd May 2007 following the Respondent's failure to respond to its letters dated 8th August, 2006 and 6th January, 2007.

5. On 9th May, 2007 the Commission wrote to the Respondent requesting the Respondent to review the complaint with the Complainant within 30 days and advise the Commission of the outcome.
6. On 28th May 2007 the Respondent wrote to the Commission and stated that—
 - (a) The Complainant had experienced 89 interruptions over a period of 2 years from 29th April, 2005.
 - (b) Thorough inspections and 2 shutdowns to effect maintenance had been carried out on the power supply line serving the Complainant on 24th February, 2007 and 3rd March, 2007.
 - (c) It believed that supply to the Complainant stabilized from 3rd March 2007.
7. With an intention to resolve the dispute to the satisfaction of the parties and after exchange of many correspondences, the Commission facilitated mediation meetings on 25th February 2008, 13th May 2008 and 28th August 2008 involving the Complainant, the Respondent and officers of the Commission.
8. The meetings did not bear any fruit, consequently, vide a letter dated 11th September, 2008, the Commission requested the Respondent to submit to the Commission, within 14 days, a response on the following issues, failing which the Commission would set down the dispute for hearing under Rule 15 of the *Electric Power (Complaints and Dispute Resolution) Rules, 2006*—
 - (a) A counter offer to the Complainant's claim for damages of KSh. 1,888,948.10, and
 - (b) A detailed action plan to prevent any further or future power supply interruptions, fluctuations and low voltage problems at the Complainant's premises.
9. The Respondent failed to respond to the Commission's said letter dated 11th September, 2008 and vide a letter dated 29th October, 2008 the Commission informed the parties that it would set down the dispute for hearing.
10. In the said dispute filed with the Commission on 3rd May, 2007, the Complainant seeks against the Respondent the following reliefs—
 - (a) That the Respondent do forthwith take remedial and/or corrective action to ensure that the complaint is permanently resolved and that the Complainant receives regular and uninterrupted power supply and that the aforesaid power supply interruptions and fluctuations do not recur.
 - (b) That the Respondent do forthwith pay damages to the Complainant in the sum of KSh. 1,888,948.10 as set out above.
 - (c) That the Respondent do pay to the Complainant the legal and incidental costs incurred in lodging this complaint.
11. The Complainant has provided the makeup of the amount of KSh. 1,888,948.10 sought under paragraph 10 (b) above as follows—
 - (a) KSh. 773,575.10 being the equipment repair and replacement charges, routine maintenance, installation of delay mechanisms and cost of wiring the main contactors.
 - (b) KSh. 1,115,373.00 being the cost of diesel utilized by standby generators during the time in which electric power was interrupted.
12. The damages aforesaid were, according to the Complainant, occasioned by the negligent, reckless and lackluster manner in which the Respondent handled the dispute in that it failed to -
 - (a) Issue the Complainant with the necessary notice as required by law before any scheduled disruption of power supply,
 - (b) Adequately address the power supply interruption and fluctuation problem when the same were reported, thus recurrence,
 - (c) Investigate and determine the real cause of the frequent power supply fluctuations, blackouts and/or interruptions so as to provide a permanent solution,
 - (d) Take seriously the numerous complaints raised by the Complainant as evidenced by its consistent failure to respond to correspondence from the Complainant,
 - (e) Respond in good time on being informed of power supply interruptions and fluctuations,
 - (f) Ensure that the quality of service offered by its maintenance crew and managers is helpful in the circumstances, and
 - (g) Put in place adequate mechanisms or systems to ensure timely detection and correction of power supply fluctuations, blackouts and/or interruptions with a view to preventing them so as to avoid damage to consumers.
13. In its response, the Respondent admitted that there were power interruptions and the same did not affect the Complainant's supply only but affected the main line supplying the general area where the Complainant's premises are situated. That it dealt with the Complainant's problem promptly, carefully and professionally.
14. The Respondent denied the Complainant's averments that the Respondent was negligent, reckless and lackluster in the manner in which it handled the dispute, and stated that the—
 - (a) Interruptions being unplanned or non-scheduled, the alleged notice to the Complainant could not arise,
 - (b) Respondent promptly addressed adequately the limited interruptions and fluctuations of power along the main power supply line,
 - (c) Respondent investigated and permanently solved the limited interruptions and fluctuations of power,
 - (d) Respondent took seriously the complaints by the Complainant and addressed the same promptly and adequately,
 - (e) Respondent did respond in good time to the complaints by the Complainant,
 - (f) Respondent always ensured quality service by its maintenance crew and managers to all its customers at all times including the Complainant, and
 - (g) Respondent had in place clear and working mechanisms ensuring timely detection and correction of power fluctuations and interruptions.
15. The Complainant filed with the Commission the following pleadings;
 - (a) Complaint dated 3rd May, 2007;
 - (b) Rejoinder dated 10th March, 2009;
 - (c) Written Submissions dated 30th March, 2009; and
 - (d) Supplementary Written Submissions dated 25th February, 2011.
16. On its part, the Respondent filed with the Commission the following pleadings;
 - (a) Response to the Complaint dated 18th February, 2009;
 - (b) Written Submissions dated 10th March, 2009; and
 - (c) Supplementary Written Submissions dated 4th March, 2011.
17. The hearing of dispute by way of oral evidence commenced before the Commission on 22nd May, 2009 and was heard further on 11th September, 2009. In the course of the hearing, the Commission requested the parties to negotiate some settlement. However, no settlement was reached for a considerable period of time and the hearing was fixed and completed on 18th February 2011.
18. The issues not in dispute in this Complaint are—
 - (a) The Respondent did not respond to the Complainant's letters until 15th March, 2006, a period of over 10 months.
 - (b) The Complainant had experienced power interruptions over a period of 2 years between 29th April 2005 and 3rd March, 2007.
 - (c) The Respondent resolved the power interruptions problems with effect from 3rd March, 2007, facts confirmed by Mr. George Karanja, the Complainant's Caretaker in his oral evidence before the Commission.
19. On the basis of the facts in paragraph 18 (c) above, the Commission makes a finding that the Complainant's first relief sought in its complaint dated 3rd May, 2007 has been overtaken by events. Consequently, the said relief, viz, that the Respondent do forthwith take remedial and/or corrective action to ensure that the complaint is permanently resolved and that the Complainant receives regular and uninterrupted power supply and that the aforesaid power supply interruptions and fluctuations do not recur, is hereby disposed of.

20. The main issues in dispute in this Complaint are—

- (a) Whether the Respondent was negligent for failing to resolve the Complainant's power interruptions and/or failing to respond to the Complainant's letters dated 11th May 2005, 15th June 2005, 26th August, 2005, 8th November, 2005 and 9th March, 2006 until 15th March, 2006.
- (b) Whether the Complainant is entitled to compensation amounting to KSh. 773,575.10 being the equipment repair and replacement charges, routine maintenance, installation of delay mechanisms and cost of wiring the main contactors in form of damages.
- (c) Whether the Complainant is entitled to compensation amounting to KSh. 1,115,373.00 being the cost of diesel utilized by standby generators during the time in which electric power was interrupted in form of damages.
- (d) Whether the Commission has jurisdiction to award the above damages as prayed for by the Complainant in his Complaint, in any event.

21. Whether the Respondent was negligent for failing to resolve the Complainant's power interruptions and/or failing to respond to the Complainant's letters dated 11th May, 2005, 15th June, 2005, 26th August, 2005, 8th November 2005 and 9th March, 2006 until 15th March, 2006.

- (a) If the Respondent had attended to the Complainant's power interruptions in a timely and conscientious manner, this complaint would not have been filed. Consequently, the Commission has no hesitation in finding that the Respondent was negligent in providing uninterrupted services to the Complainant.

22. Whether the Complainant is entitled to compensation amounting to KSh. 773,575.10 being the equipment repair and replacement charges, routine maintenance, installation of delay mechanisms and cost of wiring the main contactors.

- (a) The Complainant has attached a copy of a receipt in the sum of KSh. 570,100.55 which appears at page 27 of the Complaint as Annex "K" in support of the repair of Chiller II.
- (b) In his oral evidence on this item, the Complainant's witness a Mr. Stephen Mutisya, a refrigeration and air conditioner technician from Hall Equatorial Ltd, informed the Commission how he was called by the Complainant sometimes in July, 2006 because the Chiller had broken down. He stated that the motors in the compressor and the display control card had burnt. As a result, he recommended and carried out an overhaul of the compressor by installing the parts set out in a copy of their letter dated 25th July, 2006 which appears at page 16 of the Complaint. The witness attributed the damaged components in the Chiller to power fluctuations and interruptions. Mr. Mutisya denied, under cross examination, that the parts replaced on the Chiller were not burnt and were due to wear and tear.
- (c) In further proof of the claim under this head, the Complainant has attached copies of the quotations, invoices, receipts and field service reports at pages 29 to 44 of the Complaint in support of repairs to the standby generator, installation of delay mechanisms, wiring of the main contactors, trickle charger, replacement of batteries, replacement of fuses, capacitors, exchange fan and for replacement of various types of bulbs.
- (d) In his oral evidence on the repairs to the standby generator, the Complainant's witness a Mr. Paul Nganga Ndungu, a technician from Ferguson Power E. A. Ltd, informed the Commission that he had been called by the Complainant after the generator had failed to start on several occasions. That upon inspection he discovered that some components to the control panel had been burnt. As a result, he recommended and the generator was installed with delay mechanisms, wiring of the main contactors, trickle charger and replacement of 2 batteries. The witness attributed the damage to these items to power fluctuations and interruptions. Under cross examination, Mr. Ndungu admitted that the installation of the delay mechanism was to protect the generator from malfunctioning and was a form of upgrading. He further admitted that the 2 batteries were replaced as they were old as stated in their letter dated 3rd July 2006 appearing at page 40 of the complaint.
- (e) After careful consideration of the Complainant's claim under this head, the Commission finds, on a balance of probabilities,

that the Complainant has proved that the Chiller had broken due to power fluctuations and interruptions.

23. Whether the Complainant is entitled to compensation amounting to KSh. 1,115,373.00 being the cost of diesel utilized by standby generators during the time in which electric power was interrupted in form of damages.

- (a) The Complainant has attached copies of receipts and invoices in the sum of KSh. 1,115,373.00 which appear at pages 45 to 63 of the Complaint as Annex "L" in support of the cost of diesel utilized by standby generators.
- (b) In his oral evidence on this item, the Complainant's witness a Mr. George Karanja, the Caretaker of the premises hereof informed the Commission that the Complainant experienced frequent power fluctuations and interruptions between April 2005 and April 2007 and during that period they utilized a lot of diesel on the generators. Under cross examination, Mr. Karanja admitted that there was no comparative data showing power bills when the power supply was normal *vis a vis* when the generator was utilized to justify diesel expenses claimed. In addition the Complainant did not isolate the costs of running the generator on occasions other than due to power fluctuations.
- (c) The finding of the Commission on this head of claim is that, in the absence of comparative data as alluded to by the Respondent's counsel, it is difficult to make a fair determination hereof. Consequently, the Commission rejects the Complainant's claim amounting to KSh. 1,115,373.00 being the cost of diesel utilized by the standby generators.

24. Whether the Commission has jurisdiction to award the above damages as prayed for by the Complainant in his Complaint, in any event

- (a) The Respondent's counsel has raised this issue in his supplementary submissions dated 4th March 2011 and stated that the Commission has held in its previous findings that it has no jurisdiction to award damages.
- (b) The Respondent's counsel has relied upon the Complaint of Joseph Kinyanjui Mwai T/A Sandworth Printing and Packaging –vs- Kenya Power and Lighting Company Limited: Dispute NO.2 of 2009 (Gazette Notice No. 2618 dated 13th March 2009) for the said proposition.
- (c) The Commission notes that this is a point of law which should have been raised in the Respondent's pleadings or which the Respondent should have issued a notice to the Complainant that it would be raised at the hearing to give the Complainant the opportunity to present any arguments to counter it. This is not the case here. Consequently, it would be unfair to the Complainant if the Commission made any finding on this point.
- (d) In any event, the two cases are distinguishable by the nature of reliefs sought hence the Joseph Kinyanjui Mwai dispute is not relevant in the instant case.

25. The decision of the Commission on this dispute is as follows-

- (a) THAT Respondent shall pay within 30 days of the gazetting of this decision the—
 - (i) sum of KSh. 570,100.55 to the Complainant,
 - (ii) Complainant's advocates reasonable costs based on (i) above as may be agreed on between the parties or to be determined by the Commission upon presentation of a bill of costs,
 - (iii) The Commission's costs.
- (b) THAT balance of the Complainant's claim in the sum of KSh. 1,318,847.55 (KSh. 1,115,373.00 being the cost of diesel utilized by standby generators and KSh. 203,474.55 being the cost repairs to the standby generator and replacement of two old batteries) is hereby disallowed.

Orders accordingly.

Dated and signed at Nairobi this 1st day of April, 2011.

THE ENVIRONMENTAL MANAGEMENT AND
CO-ORDINATION ACT
(No. 8 of 1999)

THE NATIONAL ENVIRONMENT MANAGEMENT AUTHORITY

ENVIRONMENTAL IMPACT ASSESSMENT STUDY REPORT
FOR THE PROPOSED RENOVATIONS OF A PETROL STATION
IN TIGONI ALONG OLD LIMURU ROAD
ON PLOT L.R. NO. 11893

INVITATION OF PUBLIC COMMENTS

PURSUANT to regulation 21 of Environmental (Impact Assessment and Audit) Regulations, the National Environment Management Authority, (NEMA) has received an environmental impact assessment study report for the implementation of the proposed renovations of a petrol station.

The proposed project highlights include:

- Renovating the canopy over the pumps.
- Renovating the sales office.
- Rehabilitating the septic tank and soak pits.
- Repairing the underground fuel tanks.
- Repairing the drive ways, walkways, acceleration and deceleration lanes.
- Repairing the Interceptor tank.
- Renovating the washrooms.

The proposed project site is located at Tigoni Centre, a few metres from the road. The land reference number is L.R. No. 11893 which is a 0.3161Ha piece of land.

The following are the anticipated impacts and proposed mitigation measures:

Possible Impacts	Suggested Mitigation Measures
Air pollution	<ul style="list-style-type: none"> • Control speed and operation of construction vehicles. • Prohibit idling of vehicles. • Spray water on excavated areas.

Possible Impacts

Suggested Mitigation Measures

Noise pollution

- Maintenance of construction plant and equipment.
- Sensitize construction workers.
- All bare areas should be landscaped after construction.
- Workers should be provided with dust masks if working in sensitive areas.
- Maintain plant equipment.
- Construction should be carried out only during daytime i.e 0800 – 1700 HRS.
- Workers to wear ear muffs if working in noisy section.
- Management to ensure that noise from the residents is kept within reasonable levels.

Traffic density

- Proper signage put in place to notify neighbours of the activity and presence of heavy vehicles and to direct traffic.
- Presence of boards directing patrons to the site.
- Strict adherence to traffic rules.

Soil erosion & compaction

- Provide soils conservation structures on the areas prone to soil erosion to reduce impact of erosion.
- There should be designated pathways and driveways for movement within the compound to avoid unnecessary compaction.

Solid waste

- All bare areas should be well landscaped after completion.
- Construction debris should be collected by a licensed private contracted waste collection company.
- Excavation waste should be re-used or backfilled.
- Waste generated should be collected by a privately contracted waste collection company and the contractor should ensure the construction of a central waste collection point with bulk storage facilities.

Oil leaks and spills

- The site should have waste receptacles with bulk storage facilities at convenient points to prevent littering during occupation.
- Machinery should be well maintained to prevent oil leaks.

Security

- Contractor should have a designated area where maintenance is carried out and that is protected from rain water.
- All oil products should be stored in a site store and handled carefully.
- The site will be fenced off using iron sheets during renovation.
- Demolish all temporary kiosks on site.
- Round the clock security for the facility.
- Adequate lighting and an alarm system installed at strategic points.

Occupational Health and Safety

- Provide Personal Protective Equipment.
- Train workers on personal safety and how to handle equipments and machines.
- Report any accidents / incidences and treat and compensate affected workers.
- Provide sufficient and suitable sanitary conveniences which should be kept clean.
- The site will be fenced off using iron sheets during renovation.

The full report of the proposed project is available for inspection during working hours at:

- (a) Director-General, the National Environment Management Authority (NEMA), Popo Road, off Mombasa Road, P.O. Box 67839-00200, Nairobi.
- (b) Permanent Secretary, Ministry of Environment and Mineral Resources, N.H.I.F. Building, Community, P.O. Box 30521, Nairobi.
- (c) Provincial Director of Environment, Central Province.
- (d) District Environment Officer, Kiambu West District.

The National Environment Management Authority invites members of the public to submit oral or written comments within thirty (30) days from the date of publication of this notice to the Director-General, NEMA, to assist the Authority in the approval process of the project.

GAZETTE NOTICE No. 4227

THE ENVIRONMENTAL MANAGEMENT AND CO-ORDINATION ACT (No. 8 of 1999)

THE NATIONAL ENVIRONMENT MANAGEMENT AUTHORITY

ENVIRONMENTAL IMPACT ASSESSMENT STUDY REPORT FOR THE PROPOSED 80MW THERMAL POWER PLANT AT THIKA ON PLOT NUMBER L.R. 8380/2

INVITATION OF PUBLIC COMMENTS

PURSUANT to regulation 21 of Environmental (Impact Assessment and Audit) Regulations, the National Environment Management Authority, (NEMA) has received an environmental impact assessment study report for the implementation of the proposed 80MW thermal power plant.

The proposed project will consist of five MAN 4-stroke medium speed diesel engines 18V48/60 and a steam turbine with a combined capacity of 80 MW, transformers, cables, switchgear, protection and metering equipment. Generation will be at 15 kV for step-up to 132 kV by a sub-station that will be constructed for the subsequent transmission of the generated electricity.

The project proposed site is along Nairobi-Thika Highway, about 38 km from Nairobi City Centre and 6 km to Thika Town. The site is on plot number L.R. 8380/2, measuring approximately 4 ha (10 acres) next to Mang'u High School and opposite Witeithie Village.

The following are the anticipated impacts and proposed mitigation measures:

Possible Impact	Mitigation measures
Extraction site impacts to ensure efficient use of raw materials in construction	<ul style="list-style-type: none"> Source building materials from local suppliers who use environmentally friendly processes in their operations. Ensure accurate budgeting and estimation of actual construction material requirements to ensure that the least amount of material necessary is ordered. Ensure that damage or loss of materials is kept minimal through proper storage.
Loss of vegetation cover	<ul style="list-style-type: none"> Ensure proper demarcation and delineation of the project area to be affected by construction works. Introduction and maintenance of vegetation (trees, shrubs and grass) on open spaces and around the site. Design and implement an appropriate landscaping programme to help in re-vegetation of part of the project area after construction.

Possible Impact Mitigation measures

Air pollution by dust and VOCs generated during construction process.

- All personnel working on the project will be trained prior to starting construction on methods for minimizing air quality impacts during construction.
- Construction heavy earth moving vehicle drivers will be under strict instructions to minimize unnecessary trips, refill petrol fuel tanks in the afternoon and minimize idling of engines.
- Careful screening of construction site to contain and arrest construction-related dust.
- Exposed stockpiles of e.g. dust and sand, will be enclosed, covered, and watered daily, or treated with non-toxic soil binders.
- All workers will be required to wear protective gear while on site.
- Ensure construction machinery and equipment are well maintained to reduce exhaust gas emission.

Pollution from Hazardous waste

- Handling of the materials using the material safety data provided by the manufacturers.
- Appoint a safety officer to ensure that proper disposal guideline are observed.
- Ensuring that maintenance and/or piece of work carried out on any piece of equipment or construction work is undertaken by qualified personnel.
- In case of spillage emergency spillage control measures to be instituted.
- Containerization of any wastes and disposal through a licensed waste handler.

Noise and vibration by construction activities

- Use of equipment designed with noise control elements will be adopted where necessary.
- Trucks used at construction site shall be routed away from noise sensitive areas where feasible.
- Idling time for pick-up trucks and other small equipment will be minimized to limited time.
- All workers operating in noisy areas or operating noisy equipment will be provided with earpieces to protect against extreme noise.
- Comply with L.N. 25: Noise prevention and control rules, 2005.

Workers accidents and hazards when handling hazardous wastes.

- Adequate collection and storage of waste will be provided on site, and safe transportation to, and display methods at designated areas.
- All receptacles for storing hazardous wastes shall be adequately covered.
- All employees will be required to wear protective gear when handling hazardous wastes.
- All workers will be adequately insured against unforeseen accidents.

Generation of solid waste

- Wastes to be collected regularly to control air pollution and vermin/insects etc.
- Receptacles will be provided for waste storage prior to collection.
- Resource recovery will be encouraged once the project takes off so as to shrink waste stream and recover non-recyclables.

Possible Impact Mitigation measures

- Refuse collection vehicles will be covered to prevent scatter of wastes by wind.
- Wastes will be collected by a licensed operator to avoid illegal final dumping at unauthorized sites.
- All persons involved in refuse collection shall be in full protective attire.
- All workers will be sensitized before construction begins, on how to control accidents related to construction.
- A comprehensive contingency plan will be prepared before construction begins, on accident response.

*Possible Impact**Mitigation measures*

- Accordingly, adherence to safety procedures will be enforced.
- All workers to wear protective gear during construction, including helmets.
- Construction work will be limited to daytime only.

ENVIRONMENTAL IMPACT ASSESSMENT STUDY REPORT
FOR THE PROPOSED RESIDENTIAL ESTATE ON A 144 ACRE
PLOT, L.R. NO. 24605/4 ALONG HILL CREST PARK ROAD OFF
MOMBASA ROAD, MAVOKO MUNICIPALITY, MACHAKOS

INVITATION OF PUBLIC COMMENTS

PURSUANT to regulation 21 of Environmental (Impact Assessment and Audit) Regulations, the National Environment Management Authority, (NEMA) has received an environmental impact assessment study report for the implementation of the proposed residential estate.

The proposed project entails construction of three thousand mixed housing units. The development will be implemented in phases depending on the success of the predecessor phases and it will entail apartments, maisonettes, duplex units, community clinic/dispensary, and sewer treatment plant, artificial lake, Bus Park and many other supporting utilities.

The project is located on plot L.R No. 24605/4, Athi River, Mavoko Municipality next to sun-rose Flowers Ltd along Hill Crest Park Road (approximately 4Km from Mombasa road).

The following are the anticipated impacts and proposed mitigation measures:

*Possible Impact**Mitigation measures*

Soil erosion and

- The contractor will provide adequate

compaction

soil conservation structures to ensure that areas prone to soil erosion are protected from runoff.

- Avoid steep slopes.
- Areas susceptible to erosion shall be properly sloped and compacted to reduce the effect of runoff, and shall be seeded immediately.
- Rehabilitation of exposed sites as soon as practicable.
- Ensure that the proposed project does not increase in erosion and sedimentation of the river.
- The site preparation activity should be scheduled.
- Riverine vegetation shall be minimally disturbed during the construction phase to reduce soil erosion and safeguard river bank protection.
- Re-plant degraded areas with local species common in the area to complement natural vegetation regeneration to improve ground cover.

Occupational health and safety

- Ensure that building plans are approved by Mavoko Municipality Council.
- Workers will be provided with adequate PFEs during the construction phase, these will include working boots, overalls, helmets, goggles, earmuffs and goggles. Workers will also be provided with harnesses and proper secure equipment s for scaling heights.
- Workers will be provided with a well stocked first aid box, which will be replenished at all times and managed by trained first aiders.
- The proponent will ensure that the contractor thro' the project manager obtain a workmen's act, as well as ordinance and regulations.
- Adequate sanitary facilitates will be provided with proper segregation for both genders where applicable.
- The contractor will ensure that people providing food to the workers have been sensitized on the safe handling of food to avoid outbreaks of food poisoning.

Air and dust pollution

- The contractor to protect stockpiles of friable material subject to wind- throw by wetting, or with barrier, vegetable, or windscreen.
- Restrict speed on loose surface roads during dry or dusty conditions; incidence.
- Suppress dust during dry periods by use of water sprays.
- Maintain equipment in good running condition-no vehicle to be used that generates excessive black smoke.
- Enforce vehicle load restrictions to avoid excess emissions from engine overloading.
- The contractor shall institute appropriate measures to minimize or avoid air quality impacts. This can be achieved through formulation of air quality management plan.

*Possible Impact**Mitigation measures*

- The contractor to minimize/control emission of dust due to traffic movement

	and erosion of stockpile material and exposed soil.
Noise pollution and excessive vibration	<ul style="list-style-type: none"> The contractor to ensure that all equipment used and all facilities erected on site are designed and operated to control the emission of smoke, dust, fumes and any other air impurity into the atmosphere. The contractor shall comply with the legal requirements for the managements of the noise impact specified in the recently gazetted noise quality regulations. The contractor shall formulate noise management plan for minimizing the generation of noise and vibration from construction activities occurring on site and its impact on surrounding residents, businesses and workers. All internal combustion equipment will have properly functioning silencers or mufflers. Neighbours to the site to be notified about the construction schedule and activities, including blasting, should it be required. Noise generating activities that take place near residential or sensitive institutional receptors will be restricted to between 0600-2000hrs, which is defined as 'daytime' in the Kenyan noise regulations.
Increase in solid waste	<ul style="list-style-type: none"> Proponent will use an integrated solid waste management system by source reduction, recycling, composting, reuse or sanitary land filling. The proponent will ensure that debris is collected by a NEMA approved waste handlers. There will be central collection point for waste generated preferably with segregation of the same. The proponent will provide or construct proper waste receptacles to avoid littering.
Effluent disposal	<ul style="list-style-type: none"> The proponent will use waste treatment plant as shown on the site plan for effluent management. The proponent will ensure that the materials used for construction are of the right standards as per the building code. The proponent will ensure that required standards of effluent are maintained before disposal is done through quarterly laboratory analysis. The proponent will ensure that there are routine checks for the sewer lines to ensure that there are no leakages.
Security	<ul style="list-style-type: none"> The proponent will ensure that guards are available and proper intrusion surveillance equipments are installed and are working all the times.
Traffic movement for construction vehicles	<ul style="list-style-type: none"> The proponent will ensure that there is adequate lighting in all areas and risk assessment is done regularly to identify any new threats.
Possible Impact	Mitigation measures
	<ul style="list-style-type: none"> The proponent will ensure the neighbours are informed through signage about irregular movements and

Water resources and water quality	<ul style="list-style-type: none"> guards to be used to direct traffic Measures shall be instituted to minimize erosion and sediment transport, especially during construction activities. These measures should include: limiting areas cleared of vegetation, stabilizing the soils on the sloppy areas with stone pitching and planting of grass. Remedial measures shall be implemented by the Contractor in the event of erosion resulting in the sedimentation of surrounding areas after due consideration of the costs and benefits of such removal activity
Possible Impact	Mitigation measures
	<ul style="list-style-type: none"> Infrastructure shall be designed to ensure that contaminated run-off does not reach watercourses In the event of an oil spill the procedures contained in the emergency response plan will come into effect.

ENVIRONMENTAL IMPACT ASSESSMENT STUDY REPORT FOR THE PROPOSED BULK LPG STORAGE AND PACKING FACILITY ON PLOT NO. L.R. NO. 277 RUIRU TOWNSHIP

INVITATION OF PUBLIC COMMENTS

PURSUANT to regulation 21 of Environmental (Impact Assessment and Audit) Regulations, the National Environment Management Authority, (NEMA) has received an environmental impact assessment study report for the implementation of the proposed bulk LPG storage and packing facility.

The proposed project involves off loading and loading zones, LPG pump, LPG compressor, water pump, water storage, cooling tower system, roto gauge, vapour line and storage-packed LPG.

The project is situated on plot No. L.R. No. 277 Ruiru Township, 2 kilometers from Ruiru Town, Central Business District along the Ruiru-Kiambu Road. The site is in industrial area.

The following are the anticipated impact and proposed mitigation measures:

Possible Impact	Mitigation measures
Regulatory requirements	<ul style="list-style-type: none"> Comply with Energy Act, 2006. The Energy (Liquefied Petroleum Gas) Regulations, 2009, Scheme of Supervision and Control for Storage and

	filling of LPG according to KS 1938–4:2005 (Kenyan specifications for the construction, handling, storage and distribution of petroleum products KS 1938 as set out by the Kenya Bureau of Standards (KeBS).		
Change in hydrology/impended drainage	<ul style="list-style-type: none"> • Proper installation of drainage structures. • Install cascades to break the impact of water flowing in the drains. • Ensure efficiency of drainage structures through proper design and maintenance. • Provide gratings to the drainage channels. • Regular checks on any sludge along drainage channels. • Visual checks of oil interceptors and drainage channels of any leaks. 		<ul style="list-style-type: none"> • Design of sewerage system should be as provided in the plans. • Provide First Aid kits on the site. • Sensitize residents/workers on environmental management. • Ensure there is no ponding to eliminate breeding of mosquitoes during construction. • Workers should be trained on occupational health and safety and First Aid administration. • Train staff on LPG handling.
Soil erosion	<ul style="list-style-type: none"> • Control any earthworks. • Rehabilitate degraded environment to avoid siltation and wash offs. • Compact loose soils. • Landscaping. • Ensure management of excavation activities. • Control activities especially during rainy conditions. • Provide soil erosion control and conservation structures where necessary. • Proper disposal of excavated loose soil (black cotton soil). 	Possible Impact	Mitigation measures
Air pollution through dust and gaseous emissions	<ul style="list-style-type: none"> • Prohibit idling of vehicles. • Water should be sprayed during the construction phase of excavated areas. • Regular maintenance of construction plant and equipment. • Engage sensitive construction workers. • Proper use of PPEs. 	Vegetation	<ul style="list-style-type: none"> • Sensitize workers on HIV and AIDS • Landscaping and planting all disturbed areas. • Planting flowers/grassing should be done just before the rains or irrigated on dry spells.
Noise pollution	<ul style="list-style-type: none"> • Maintain plant equipment (if present/used). • Construction activities to be restricted to daytime. • Workers in the vicinity of or involved in high-level noise to wear respective safety and protective gear i.e. earplugs and earmuffs. 	Fire safety training/emergency response procedures (ERPs)	<ul style="list-style-type: none"> • To enhance health and safety preparedness among stakeholders. • Ensure equipment is in good working condition. • Put up emergency response contacts. • Put up ERP notification instructions. • Put up simple instructions on how to handle fires, product spills, LPG incidents, armed robbery and product contaminations.
Oil pollution	<ul style="list-style-type: none"> • Appropriate selection of machinery. • Proper storage, handling and disposal of new oil and used oil and related wastes. • Maintain plant and equipment to avoid leaks. • Provide oil interceptors along the drains leading from LPG filling area. 	Fire outbreaks	<ul style="list-style-type: none"> • Install fire-fighting equipment as provided by RMC fire department. • Sensitize the residents on fire risks i.e. conduct regular fire drills. • Adapt effective emergency response plans. • Provide emergency numbers at strategic points.
Water resources	<ul style="list-style-type: none"> • Management of water usage. • Recycling of water at the construction phase where possible. • Use of water conservation signs at the wash rooms and install water conserving taps. 	Water quality/waste management	<ul style="list-style-type: none"> • Follow NEMA regulations. Ensure registration of contracted garbage handlers with NEMA for compliance with prevailing regulations.

INVITATION OF PUBLIC COMMENTS

PURSUANT to regulation 21 of Environmental (Impact Assessment and Audit) Regulations, the National Environment Management Authority, (NEMA) has received an environmental impact assessment study report for the implementation of the proposed service station and restaurant development.

The premise facilities will include a forecourt, canopy, service bay, carwash, tyre repair section, shop, restaurant and stores among other facilities.

The project will be located on Plot No. LOC 6/Gikarangu/2123, Maragua District.

Possible impacts	Mitigation measures
Loss of biodiversity and soil erosion	<ul style="list-style-type: none"> Minimize disturbance to flora and fauna in the neighbouring areas. Apply soil erosion control measures and carryout landscaping.
Air and noise pollution	<ul style="list-style-type: none"> Ensure that noisy machineries are insulated/temporarily fenced. Ensure strict enforcement of on-site speed limits. Avoid excavation works in dry weather and sprinkle water to reduce dust. Restrict construction activities to day time only.
Waste management	<ul style="list-style-type: none"> Contract a licenced waste collection and disposal company. Segregate, separate and re-use construction wastes. Connect to a proper septic system and internal sewer network. Provide an efficient drainage system and oil interceptor. Fit hoses with improved nozzle to minimize fuel spills.
Traffic	<ul style="list-style-type: none"> Provide acceleration and deceleration lanes. Provide proper warning signs.
Fire safety	<ul style="list-style-type: none"> Install proper fire fighting equipments and sensitize workers on fire safety. Avoid storage of flammable materials near possible fire source.
Occupational health and safety, security	<ul style="list-style-type: none"> Provide and enforce use of PPEs. Shield construction activities to minimize accidents. Provide first aid facilities and training. Provide adequate security.
Water & energy use	<ul style="list-style-type: none"> Harvest rain water and reuse water where possible. Install water conserving taps and energy conserving lighting system. Raise awareness on water and energy conservations
Regulatory compliance	<ul style="list-style-type: none"> Obtains all necessary permits & licences prior to operation.

ENVIRONMENTAL IMPACT ASSESSMENT STUDY REPORT
FOR THE PROPOSED CONSTRUCTION OF RESIDENTIAL
APARTMENTS ON PLOT L.R. NO. 12715/503, SYOKIMAU,
MACHAKOS DISTRICT

INVITATION OF PUBLIC COMMENTS

PURSUANT to regulation 21 of Environmental (Impact Assessment and Audit) Regulations, the National Environment Management Authority, (NEMA) has received an environmental impact assessment study report for the implementation of the proposed construction of residential apartments.

The proposed project entails construction of eighty two (82) housing units each with four (4) bedroom apartments and related supporting infrastructure.

The project is located on plot L. R. NO. 12715/503, Syokimau, Athi River Townships, Mavoko Municipality. The site is currently vacant and is surrounded by othe upcoming residential apartments. The following are the anticipated impact and proposed mitigation measures.

Possible Impacts	Mitigation measure
Increased solid waste	<ul style="list-style-type: none"> Use of integrated solid waste management of options ie. Source reduction, recycling, composting and re-use, combustion and sanitary land filling. Ensure that construction materials left over at the end of construction will be used in other projects rather than being disposed. Dispose waste more responsibly by damping at designated damping sites. Waste collection bins to be provided at designated points on site. Re-use packaging materials such as cartons, cement bags, empty metals and plastic containers to reduce waste at the site. Use construction materials containing recycled content when possible and in accordance with accepted standards. Use building materials that have minimal or no packaging to avoid the generation of excessive packaging waste. Use of durable, long lasting materials that will not need to be replaced as often.
Dust Emission	<ul style="list-style-type: none"> Avoid excavation works in extremely dry weather. Ensure strict enforcement of on site speed limit regulations.

Noise vibrations	<ul style="list-style-type: none"> • Covering of all haulage vehicles carrying sand, aggregate and cement. • Stock piles of fine materials (eg. Sand and ballast) should be wetted or covered with tarpaulin during windy conditions. • Access roads and exposed grounds must be wetted in a manner at a frequency that effectively keeps down the dust. • Workers in dusty areas on the site should be issued with dust masks during dry and windy conditions. • Providing appropriate enclosure for the concrete mix-up. • Use of dust nets at high levels of the building. • Sensitize construction drivers to avoid running of vehicles engines or hooting especially when passing through sensitive areas such as church, schools or hospitals. • Ensure the construction machinery are well kept in good condition. • Sensitize construction drivers and machinery operators to switch off engines while not being used. • Ensure all generators and heavy machines are insulated or placed in an enclosure to minimize ambient noise levels. • Restrict noisy construction activities to normal working hours (8 am – 5 pm). • Inform local residents before hand via notices and advisories, of pending noisy periods and solicit their tolerance well before the commencement of piling works. • Workers operating equipment that generate noise should be equipped with noise protection gear including ear muffs and plugs. Workers operating equipment generating noise levels than 80 dBA continuously for 8 hours or more should use ear muffs whereas those experiencing prolonged noise levels of 70 – 80 dBA should wear ear plugs. • Limit pick-up trucks and other small equipment to an idling time of 5 minutes, observe a common sense approach to vehicle use, and encourage workers to shut off vehicle engines whenever possible. • All construction equipment should be regularly inspected and serviced. 	<p>Hydrology and Water quality Degredation</p> <ul style="list-style-type: none"> • within and around the construction site. • Hazardous substance control and emergency response plan that will include preparations for quick and safe clean-up of accidental spill. • Hazardous materials handling procedures to reduce the potential for a spill during construction to be prescribed. • Identify areas where refueling and vehicle maintenance activities and storage of hazardous materials, if any, will be permitted. <p>Generation of Waste Water</p> <ul style="list-style-type: none"> • Provide means for handling sewage generated by construction workers will be through pit latrines. • Ensure the toilets are clean and piping is done up to standards. <p>Occupational health and Safety Risks</p> <ul style="list-style-type: none"> • Train workers on use of machines and simple maintenance. • Provision of fire fighting mechanisms. • Sensitization campaign in STDs and AIDS in the workers. • Monitoring solid and effluent disposal. • Proper signage on site to warn workers of safety requirements as regards machines with moving parts and other equipment at site. • Provide a first aid box and have a trained person to handle site emergencies and incidences. Display in the site telephone numbers of ambulances or provide a site vehicle to specifically transport the injured to hospital. • Provide fire-fighting mechanism at site. Display emergency call numbers that can be used in case of a site fire. • Provide safe scaffoldings and railings at heights. • Provide washing (enclosed bathrooms) and toilet facilities at site with both drinking and washing water. The number of workers engaged determines the number of toilets and bathrooms provided. • Providing safety helmets , safety masks (welders), safety shoes (loaders), uniforms and hand gloves to the workers. <p>Soil Erosion and Storm Water/Runoff</p> <ul style="list-style-type: none"> • Ensure that any compacted areas are ripped to reduce run-off. • Site excavation works to be planned such that a section is completed and rehabilitated before another section begins. • Ensure that the construction vehicles are restricted to graded roads to avoid soil compaction within the project site. • Apply soil erosion control measures such as leveling the project site to reduce run-off velocity and increased storm water into the soil. • Construction of pavement. • Planting of grass. 	
Oil/Hazardous materials spills	<ul style="list-style-type: none"> • A designated garage section of the site fitted with oil trapping equipment to be planned for changes. Such area will protect the soil from contamination. • Refueling and maintenance of large vehicles will not take place at the construction site. • All hazardous materials to be stored in appropriately bonded containers and placed on concrete floors. • Maintaining spill response kits at the site office. • Prepare and display on site spill response procedures. 		
<i>Possible Impacts</i>	<i>Mitigation measure</i>	<i>Possible Impacts</i>	<i>Mitigation measure</i>
Safety and Security	<ul style="list-style-type: none"> • Training of workers on spill response and management. • Ensure the general safety and security at all times by providing day and night security guards and adequate lighting 		<ul style="list-style-type: none"> • Lining of storm water drains with PCC slabs and invert drains. • Designing of a storm water management plan that minimizes impervious area infiltration by use of recharge areas and use of retention with graduated outlet

Fire Control	control structure.
	<ul style="list-style-type: none"> • Installation of fire extinguishers at strategic points eg. Stores. • Have maintenance contract with suppliers and records of inspection kept. • Display warning signs eg. "Danger". • "NO SMOKING" prominently within the construction site especially in parts where inflammable substances are stored. • Train workers on emergency procedures.
Traffic Control	<ul style="list-style-type: none"> • Issue notices/advisories of pending traffic inconveniences and solicit tolerance by local residence before the commencement of construction works. • As far as possible, transport of construction materials should be scheduled for off-peak traffic hours. • Appropriate traffic warning signs, informing road users of a construction site entrance ahead and instructing them to reduce speed, should be placed along the main road in the vicinity of the entrance to the site during the construction period. • Flagmen should be employed to control traffic and assist construction vehicles as they enter and exit the project site. • Maintain on site a record of incidents and accidents.

The full report of the proposed project is available for inspection during working hours at:

- (a) Director-General, the National Environment Management Authority (NEMA), Popo Road, off Mombasa Road, P.O. Box 67839-00200, Nairobi.

ENVIRONMENTAL IMPACT ASSESSMENT STUDY REPORT

FOR THE PROPOSED RESIDENTIAL DEVELOPMENTS FOR MTWAPA HEIGHTS LIMITED IN MTWAPA ON PLOT NO. MN/III/3464, KILIFI DISTRICT

INVITATION OF PUBLIC COMMENTS

PURSUANT to regulation 21 of Environmental (Impact Assessment and Audit) Regulations, the National Environment Management Authority, (NEMA) has received an environmental impact assessment study report for the implementation of the proposed residential development for Mtwapa heights limited in Mtwapa on plot MN/III/3464, Kilifi District.

The proposed project entails putting up:

- (a) 90 units of 3 bedroom houses on four storey building in a 1.8 acres.
- (b) 66 units of 4 bedroom maisonettes on a 0.0778 acres.
- (c) 10 units of 2-bedroomed house and 5 shops.
- (d) Club house, swimming pool.

The project is located along Mombasa-Kilifi Highway behind Coca Cola coastal bottlers which is about two kilometres from Mtwapa Town on plot MN/III/3464, Kilifi District. Current site has old building at the core used to be site office for the former four farms limited which will be demolished during project preparations.

The following are the anticipated impacts and proposed mitigation measures.

Possible Impacts	Mitigation Measures
Increased exploitation of raw materials	<ul style="list-style-type: none"> • Source building materials from suppliers who use environmentally friendly processes in their operations. • Ensure accurate budgeting and estimation of actual construction material requirements to ensure that the least amount of material necessary is ordered. • Ensure that damage or loss of materials at the construction site are kept minimal through proper storage. • Use at least 5% to 10% recycled refurbished or salvaged materials to reduce the use of raw materials and divert material from landfills.
Ecosystem disturbance	<ul style="list-style-type: none"> • Ensure proper demarcation and delineation of the project area to be affected by construction works. • Specify locations for trailers and equipment, and areas of the site which should be kept free of traffic, equipment, and storage. • Designate access routes and parking within the site. • Preserve of trees and plant more after construction. • Design and implement an appropriate landscaping programme to help in re-vegetation of part of the project area after construction.

Possible Impacts Mitigation Measures

Run off and soil erosion	<ul style="list-style-type: none"> • Create storm water management practices, such as piping systems or retention tanks, which can be carried over after the building is complete.
--------------------------	---

Solid waste generation	<ul style="list-style-type: none"> • Apply soil erosion control measures such as levelling of the project site to reduce run-off velocity and increase infiltration of storm water into the soil. • Ensure that construction vehicles are restricted to existing graded roads to avoid soil compaction within the project site. • Ensure that any compacted areas are ripped to reduce run-off. 	Air pollution	<ul style="list-style-type: none"> • Sensitise truck drivers to avoid unnecessary racing of vehicle engines at loading/offloading points and parking areas, 2. switch off or keep vehicle engines at these points. • Ensure proper planning of transportation of materials to ensure that vehicle fills are increased in order to reduce the number of trips done per vehicle or the number of vehicles on the road.
	<ul style="list-style-type: none"> • Through accurate estimation of the sizes and quantities of materials required, order materials in the sizes and quantities they will be needed, rather than cutting them to size, or having large quantities of residual materials. • Ensure that construction materials left over at the end of construction will be used in other projects rather than being disposed of. ○ Ensure that damaged or wasted construction materials including cabinets, doors, plumbing and lighting fixtures, marbles and glass will be recovered for refurbishing and use in other projects. • Donate recyclable/reusable or residual materials to local community groups, institutions and individual local residents or home owners. • Use of durable, long-lasting materials that will not need to be replaced as often, thereby reducing the amount of construction waste generated over time. • Provide facilities for proper handling and storage of construction materials to reduce the amount of waste caused by damage or exposure to the elements. • Purchase of perishable construction materials such as paints should be done incrementally to ensure reduced spoilage of unused materials. • Use building materials that have minimal or no packaging to avoid the generation of excessive packaging waste. • Use construction materials containing recycled content when possible and in accordance with accepted standards. • Reuse packaging materials such as cartons, cement bags, empty metal and plastic containers to reduce waste at the site. • Dispose waste more responsibly by dumping at designated dumping sites or landfills only; the use of a registered waste disposal company is encouraged. 	Noise Pollution	<ul style="list-style-type: none"> • Sensitize construction vehicle drivers and machinery operators to switch off engines of vehicles or machinery not being used. • Sensitize construction drivers to avoid gunning of vehicle engines or hooting especially when passing through sensitive areas such as churches, residential areas and hospitals. • Ensure that construction machinery are kept in good condition to reduce noise generation. • Ensure that all generators and heavy duty equipment are insulated or placed in enclosures to minimize ambient noise levels.
Air/ Dust pollution	<ul style="list-style-type: none"> • Ensure strict enforcement of on-site speed limit regulations. • Avoid excavation works in extremely dry weathers. • Sprinkle water on graded access routes each day to reduce dust generation by construction vehicles. 	Depletion of energy resources	<ul style="list-style-type: none"> • Ensure electrical equipment, appliances and lights are switched off when not being used. • Install energy saving fluorescent tubes at all lighting points instead of bulbs which consume higher electric energy. • Ensure planning of transportation of materials to ensure that fossil fuels (diesel, petrol) are not consumed in excessive amounts. • Monitor energy use during construction and set targets for reduction of energy use.
Possible Impacts	Mitigation Measures	Exploitation of water resources	<ul style="list-style-type: none"> • Promptly detect and repair of water pipe and tank leaks. • Ensure taps are not running when not in use. • Install water conserving taps that turn-off automatically when water is not being used. • Promote recycling and reuse of water as much as possible. • Install a discharge meter at water outlets to determine and monitor total water usage.
		Effluent emissions	<ul style="list-style-type: none"> • Provide means for handling sewage generated by construction workers and premises while in operation. • Conduct regular checks for sewage pipe blockages or damages since such vices can lead to release of the effluent into the land and water bodies. • Monitor effluent quality regularly to ensure that the stipulated discharge rules and standards are not violated.
		Possible Impacts	Mitigation Measures

Violation of rules and Regulations.	<ul style="list-style-type: none"> • Ensure that all building plans are approved by the Local Authority and the local Occupational Health and Safety Office. • Registration of the premises under the Occupation health and safety Act 2007. • A general register should be kept within the facility as stipulated in Occupation health and Safety Act 2007
Mishaps	<ul style="list-style-type: none"> • The abstract of the Occupational Health and Safety must be displayed at prominent places within the site. • Ensure that provisions for reporting incidents, accidents and dangerous occurrences during construction using prescribed forms obtainable from the local Occupational Health and Safety Office (OHSO) are in place. • Ensure that the premises are insured as per statutory requirements (third party and workman's compensation). • Develop, document and display prominently an appropriate SHE policy for construction works.
Injuries caused by machineries and equipments.	<ul style="list-style-type: none"> • Ensure that machinery, equipment, personal protective equipment, appliances and hand tools used in construction do comply with the prescribed safety and health standards and be appropriately installed maintained and safeguarded. • Ensure that equipment and work tasks are adapted to fit workers and their ability including protection against mental strain. • All machines and other moving parts of equipment must be enclosed or guarded to protect all workers from injury. • Arrangements must be in place to train and supervise inexperienced workers regarding construction machinery use and other procedures/operations. • Equipment such as fire extinguishers must be examined by a government authorised person. The equipment may only be used if a certificate of examination has been issued. • Reports of such examinations must be presented in prescribed forms, signed by the examiner and attached to the general register.
Catastrophes	<ul style="list-style-type: none"> • Well stocked first aid box which is easily available and accessible should be provided within the premises. • Provision must be made for persons to be trained in first aid, with a certificate issued by a recognized body. • Fire fighting equipment such as fire extinguishers and hydrant systems should be provided at strategic locations such as stores and construction areas. • Regular inspection and servicing of the equipment must be undertaken by a reputable service provider and records of such inspections maintained. • Signs such as "NO SMOKING" must be prominently displayed within the premises, especially in parts where inflammable materials are stored.

Possible Impacts

Mitigation Measures

Food and toxins.	<ul style="list-style-type: none"> • Develop a suitable system for the safe collection, recycling and disposal of chemical wastes, obsolete chemicals and empty chemical containers to avoid their reuse for other purposes and to eliminate or minimize the risks to safety, health and environment. • Ensure that all chemicals used in construction are appropriately labelled or marked and that material safety data sheets containing essential information regarding their identity, suppliers classification of hazards, safety precautions and emergency procedures are provided and are made available to employees and their representatives. • Keep a record of all hazardous chemicals used at the premises, cross-referenced to the appropriate chemical safety data sheets. • There should be no eating or drinking in areas where chemicals are stored or used.

IMPORTANT NOTICE TO SUBSCRIBERS TO THE KENYA GAZETTE

THE following notes are for the guidance of persons submitting "copy" for inclusion in the *Kenya Gazette, Supplement*, etc.:

- (1) *The Kenya Gazette* contains Notices of a general nature which do not affect legislation. They are, therefore, submitted to the Government Printer directly.
- (2) *Legislative Supplement* contains Rules and Regulations which are issued by the Central Government. Because of this, they must be submitted to the Government Printer through the office of the Attorney-General.
- (3) *Bill Supplement* contains Bills which are for introduction in the National Assembly.
- (4) *Act Supplement* contains Acts passed by the National Assembly.

All "copy" submitted for publication should be prepared on one side of an A4 sheet no matter how small the Notice is, each page being numbered and should be typewritten with double spacing. Copy should be clear, legible and contain no alterations.

Particular attention should be paid to the following points:

- (i) Signature must be supported by rubber-stamping or typing the name of the signatory in capital letters.
- (ii) Dates must be correct and filled in where necessary.
- (iii) Care should be taken to ensure that all headings to Notices and references to legislation are up to date and conform with the Revised Edition of the Laws of Kenya.

EXTRACT FROM THE CODE OF REGULATIONS, SECTION D—

Kenya Gazette

"D 34. (1) Communications for the *Kenya Gazette* should reach the Government Printer not later than 9 a.m. on Friday of the week before publication is desired. The Government Printer will not publish communications received after that hour until the next subsequent issue of the Gazette.

(2) Ministries will be required to pay for the *Kenya Gazette* and to meet the cost of advertising in it.

It is emphasized that these notes are for guidance only, but it is requested that persons submitting copy for publication first satisfy themselves that such copy is complete in every respect.
