Description		
<p>The aim of the PHC Support Programme is to improve PHC with focus on reproductive, maternal, new-born, child and adolescent health. Given the 2020 COVID-19 crisis, there is a significant risk that other essential health services such as antenatal care, deliveries with skilled birth attendants, child vaccination and family planning may suffer in the short and medium term, which even further amplifies the relevance of the Engagement. The engagement includes two main elements: Conditional grants to primary care at county level and long-term advisor support. The engagement will provide conditional grants to all 47 counties in Kenya to support outreach, operations and maintenance at public gazetted level 2 and 3 health facilities as well as level 1 community health services. Existing institutional structures at national and county levels will, in line with the Constitution and aid effectiveness principles, be used to implement this engagement. County governments will be responsible for implementation of the conditional grants, whilst national Ministry of Health (through a Project Management Team) and Council of Governors, supported by a long-term Danida Financial Management Advisor and M&E Advisor, will be responsible for directing the project and monitoring. Two long-term Danida Advisors will have a primary focus on providing overall advice and capacity building in their respective fields of expertise within Financial Management and</p>

M&E as well as facilitating the implementation of the Danish support.		

Duration of this Memorandum of Understanding

This Memorandum of Understanding is intended to cover the duration of the Engagement January 2021 - December 2025. If required, reviews of the Memorandum of Understanding will be conducted periodically and addendum to the Memorandum of Understanding developed as necessary. A review will notably be required when the existing Project Management Team in the MOH ends at the end of World Bank support (exact date TBC) and a new management solution will need to be discussed and agreed upon among all parties.
