GOD SAVE THE KING.

# Kitchener's Telegrams.

JANUARY 2ND.—Kitchener reports that the Constabulary have captured 36 prisoners and 25 waggons near Bothaville.

The casualties at Tweefontein are 6 officers killed including Major Williams of the South Staffords who was temporarily in command and 8 wounded and 52 men killed. The list of men wounded has not yet been received. Half the column were prisoners.

1,200 Boers climbed the precipitous back of the Kopje whereon the camp was pitched, overwhelmed the outposts holding the edge and rushed the camp shooting the men as they emerged from the tents.

The combined Commandos of the Western Cape totalling 700, attacked on the 22nd and 23rd December, a convoy proceeding to Calvinia while traversing a long defile. The attack was repulsed the Boers losing 5 killed and about a score wounded.

Successful official experiments have taken place at Marseilles in destroying rats in ships holds by liquified carbonic acid.

The London correspondent of the Dundee Advertiser states that Sir Henry Campbell Bannerman has directly appealed to Lord Rosebery in the hope of restoring Liberal unity, but Rosebery has resolved to remain aloof from the Liberal Party in its present state.

A despatch from Kitchener states that the prisoners taken at Tweefontein have been released, and have arrived at Bethlehem.

A Royal Commission has been appointed including Coalowners, colliers and shipping interests and experts to inquire to what extent are the resources and the probable rate of exhaustion of the Coalfields of Great Britain.

The "Daily News" admits that Lord Rosebery has declined to act with the Liberal party.

Fifty one men were wounded at Tweefontein 5 of whom have since died.

Much speculation prevails regarding Rosebery's intentions, but it is believed unlikely that he will assume the lead of any Political Section. The papers consider that Campbell Bannerman has scored a strategic success in eliciting the statement while at the same time strengthening his own position.

There will be no New Year Honours apparently owing to the proximity of the King's Birthday and the New Year. It is understood that the lists will henceforth be published on the King's Birthday and the Coronation Day.

Correspondents at Pretoria continue to urge the necessity of farther reinforcements. Owing to the number of artillery men disengaged by the return of guns home, Kitchener is forming three corps of mounted Infantry of them each 1,500 strong.

The number of prisoners taken by the enemy at Tweefontein was 216.

The Queen has recovered and has gone to Sandringham with the King.

Spens chased Britz 50 miles in the Transvaal, capturing 25 fully armed men and 600 cattle.

It is announced at Washington that Britain and America will shortly negotiate the settlement of various questions at issue, including the Canadian border, the Atlantic Fisheries, and the Alaskan Frontier.

The King has deputed Lordes to attend the celebration of the Emperor's Birthday at Berlin.

Kitchener reports that the losses of the enemy for the week amount to 35 killed, 5 wounded, 227 prisoners, and 212 Rifles captured exclusive of those found on prisoners.

De Wet's losses in attacking Dartnell are reliably estimated at 30 killed and 50 wounded.

JANUARY 3RD.—In yesterday's telegrams please read: The King has deputed "the Prince of Wales" to attend the celebration of the German Emperor's Birthday at Berlin.

The French Ambassador to Italy received the French Colony in Rome on the 1st. He dwelt on the consolidation of the relations between France and Italy. He pointed out that during the past year every cause for distrust, and every ground of misunderstanding in the Mediterranean Basin between the two nations, had been removed, and as far as France and Italy are concerned there is now no longer a Mediterranean question.

M. Loubet received the members of the Diplomatic corps in Paris on the 1st. He said that the year 1901 bequeathed to the year 1902, a situation, showing only accord amongst the Powers, and in connection with certain nations a closer alliance and a fresh affirmation of friendship.

Two Intelligence officers were treacherously shot near Warmbaths.

The Boers under Botha made two attacks at Laingsnek, but were repulsed.

The Correspondent of the "Morning Post" at Pretoria states that the disaster at Tweefontein has had no appreciable effect on the progress of the war. Since the event 91 Boers have surrendered.

The official returns of the Boer losses during 1901, are 14,887 killed wounded and surrendered.

The War Office are sending to South Africa a number of mountain guns similar to those used in Indian Frontier Expeditions.

The Admiralty are placing orders on the Clyde for two Battleships of the most powerful armament in the world; also for five first class armoured Cruisers and two protected Cruisers.

JANUARY 4TH.—The Times correspondent in Paris publishes the contents of some secret documents which have been communicated to him by Dr. Ular, who has recently returned from Manchuria. These documents appear to prove that a bargain was negotiated by Li-Hung-Chang with Russia through Ukhtomsky whereby the Boxer movement, which it is hinted was fomented by Russia, was to be turned against the Foreigners.

The War Office published a reply from Lord Roberts to a correspondent who forwarded a cutting from a German Paper. Lord Roberts assures that the statements therein regarding officers and soldiers violating Boer women and girls despatched to Pretoria for immoral purposes from the female concentration camps to be absolutely without foundation.

Some papers have been recently urging an authoritative denial of Continental slanders.

The Chinese Court have arrived at Potingfu, and have notified the ministers that they will reach Peking on Tuesday next.

JANUARY 6TH.—The reassembling of the Sugar Conference has been postponed 2 or 3 weeks.

The Vienna and Berlin Press are keenly discussing the New Franco-Italian agreement, in connection with the Mediterranean, whereby France agrees to respect the Italian Aspirations in connection with Tripoli, and Italy acts in the same way towards France with regard to Morocco.

Lord Kitchener wires that Bruce Hamilton since the 29th has captured 100 Boers including General Erasmus. An additional list of 40 wounded at Tweefontein has been published.

An officer at Jena has killed a student of the University there in a duel. The student assaulted the officer after an altercation.

Telegrams from Argentina represent the situation as again critical. Chili is accused of underhand proceedings during the negotiations and it is stated that Argentina has resolved to break off relations and place both the army and the navy on a war footing. Nothing is known in Europe which throws any light on these constant changes in the situation.

The Panama Company have formally offered the whole property to America for forty million Dollars.

An agitation has been started in Malta to protest against the substitution of the English language in place of the Italian; also against the imposition of new taxes, authorized by an Order in Council. The Archbishop and Chapter of the Cathedral have presented a petition to the Governor, for submission to His Majesty against the change.

Strong drafts of Artillery and Infantry have left Aldershot for Southampton to embark for South Africa. Another draft nearly 300 strong has been ordered to leave Dover early next week.

JANUARY 7TH.—A party of Scots Grey were ambushed near Brockhorstspuit. Six were killed and thirteen wounded. After two hours fighting the Boers retired.

An Exhibition will be held at Capetown in 1903.

The British force at the front has been reduced in December by 69 officers 2,232 of other ranks. Our total losses in killed during the month were 220.

Lord Kitchener states that the report concerning the treacherous shooting of some Intelligence officers at Warmbaths is unfounded.

London's Agent at Paris advises that the existence of a signed understanding between France and Italy concerning Tripoli is authoritatively denied. Prinetti and Deleassé have merely exchanged assurances of a negative character similar to those with regard to the Anglo-French agreement dealing with Tripoli and Hinterland. Neither France nor Italy intend interfering with the Sultan's Sazeranty.

Constabulary under Major Beresford had an engagement with the Boers in the Central Orange River Colony on the 4th. One field-cornet and 10 men were killed and two field-cornets and 33 men captured.

JANUARY 8TH.—Eight Roman Catholic Missionaries from Millhill College have started for Uganda.

Mr. Chamberlain speaking at Birmingham urged the claims of Imperialism and said that Britain must depend on her splendid isolation, surrounded and supported by her kinsfolk in Australia, Canada and other colonies. He denied that there was an industrial crisis in Britain and asserted that the prospects of trade were excellent.

The Chinese Court entered Peking with great pomp.

Lord Kitchener reports that Plumer engaged Christian Botha to the North of Amersfoort on the 3rd and 4th. The enemy were driven off but a portion of the force under Major Vallentin of the Somerset's suffered severely, Major Vallentin being killed and 33 wounded.

JANUARY 9TH.—Earl Grey speaking at Newcastle, said that if unity was to be obtained it must be on the lines of Lord Rosebery's Chesterfield speech. They might as well talk of "dropping the atmosphere" as the Irish question. They might drop some questions but not that.

In the fight mentioned in yesterday's issue besides Major Vallentin 18 were killed.

Count von Buelow speaking on the Reichstag said that the Triple alliance continued in the best of health, and did not preclude the members from continuing on good relations with the other Powers. The Franco-Italian agreement was in no wise in opposition thereto, and he spoke in confident terms of the prospects of European Peace. Referring to Mr. Chamberlain's Edinburgh speech he said that should that Minister try to justify his policy by foreign examples, great caution would have to be shown, otherwise there were risks of its being misunderstood thereby hurting foreign feelings. He was ready to assume, however, that after assurances had been received, the Powers would be bound to believe that no such intention existed in this case.

JANUARY 10TH.—The Sugar Conference reassembles at Brussels on the 20th instant.

Botha is reported to be concentrating a considerable force on the Zulu border.

London's correspondent at Johannesburg states that the Boer irreconcilables no longer expect independence, and are only struggling to make the loss of their independence as expensive as possible to the British.

Lord Kitchener reports that the second gun lost at Bakaibakge previously reported as having been destroyed has been recovered.

The Home Papers generally express regret at the tone of Count von Buelow's speech as little calculated to assist the recent efforts to improve the feeling between the two people. They also resent the omission of an official repudiation of the many calumnies of Britain that have appeared in the German Press.

JANUARY 11TH.—The "Daily Graphic" states that no diplomatic effort whatever is made in Britain to play any construction on Mr. Chamberlain's speech other than it bears on the surface, and points out that whatever complaints have been made come from Britain and that Sir Frank C. Lascelles recently called attention to the malicious perversions of Mr. Chamberlain's speech which were being circulated in Germany.

In the Reichstag Count von Buelow severely censured a Deputy for vilifying Mr. Chamberlain and the British army. Any popular resentment, he said, even of the appearance of aspersion of the German army was quite comprehensible, but if they wished to make, that, the excuse for changing Germany's attitude towards the South African War, or creating unfriendly relations with a people with whom Germany is bound by weighty interests, he would have nothing to do with it.

JANUARY 13TH.—Mr. Balfour speaking at Manchester and referring to the Continental calumnies of the British troops said that it was impossible to more highly praise any army than to say it reached the standard of our soldiers in South Africa in courage and humanity.

Elliot's column is pursuing De Wet, who is being driven towards the mainline. He has a large force with him but refuses battle.

The Kaiser is sending Prince Henry of Prussia on board the "Hohenzollern" to New York to attend the launch of the Kaiser's new racing Yacht. He has exchanged telegrams of the most cordial nature with Roosevelt.

Count von Buelow stated in the Reichstag that Signor Prinetti, Italian Minister of Foreign affairs, unreservedly endorsed his recent speech delivered in the Reichstag on the subject of the Triple Alliance.

Mr. Chamberlain in a speech delivered in the Town Hall Birmingham made a vigorous reply to Count von Buelow. He said he withdrew nothing, qualified nothing, would defend nothing and would not follow the examples set him. He did not want to give lessons to Foreign Ministers and would not accept any. He was responsible to no one but his Sovereign and Countrymen.

Wablock Rousseau at Saint Etienne reviewed a period of successful Republican legislation and said that the 2nd century was rising out of the ruins of Royanism, Orleansism and Imperialism which had disappeared for ever.

Colonel Wing on the 11th surprised a Laager near Ermelo and captured 42 including 3 of the Chief Officers of the Staats artillery.

JANUARY 14TH.—Bruce Hamilton's column has accounted for 105 Boers in a ten day's expedition on the Swazi frontier.

A Boer Doctor reports that in the fight on the 4th instant the Boers under Christian Botha lost 42 killed and 73 wounded.

The majority of the English papers declare that Mr. Chamberlain's popularity has been increased by his reply to Count von Buelow.

The Hohenzollern will sail on Saturday for America. Prince Henry will sail at a later date aboard a liner. The Americans are preparing a royal reception. The Prince will be the guest of the nation.

Sir Henry Campbell Bannerman speaking to the London Liberal Federation said, that the war could only be terminated by a Policy of conciliation, not subjugation; that he was unable to discover any substantial difference between his own and Lord Rosebery's opinion on the question of peace; that he rejoiced at the reappearance of Lord Rosebery, whom he had both publicly and privately urged to rejoin the party; and that he considered that the Chesterfield speech showed that Lord Rosebery himself desired to return.

## NOTES.

The "Globe" of November 9th, 1901, deals with the question of importation of potatoes into Cape Colony, the climate of which it appears is unfavourable to the growth of this almost indispensable article of food. As the consumption of potatoes there is a very large one, it naturally follows that importation, in this line, must reach a high figure. The variety most in demand is the "Early Rose," which is generally of good quality and of fine and regular form, but being somewhat watery it does not keep well in hot climate. Any other sort of a rosy skin, and white or a little yellow inside would do as well, if not better.

This would be an interesting matter for the Agricultural Society at Nairobi to investigate more fully with a view of a possible market being found for European Kikuyu-grown potatoes.

## ZEBRAS.

The Baron Broussart von Sheblendorff's experiments in capturing and taming wild Zebra having proved a success he is now in a position to supply these animals at rates as quoted below, within nine months of the receipt of orders. The Zebra is quite tamable, has an extremely powerful chest with full muscular development and strong tendons; above all it is immune to the tse-tse fly and epidemics generally; in character it much resembles that of the horse, which varies according to the individuals.

Prices, according to points, character, age, sex and degree of training, as follows:

|   |                |
|---|----------------|
| Tamed Zebras, but not broken in .....         | Rs. 200 to 300 |
| Zebras tamed and broken in as per order ..... | „ 400 to 600   |
