SEPTEMBER 2ND.—The inability of Foreign Ministers to accept the Edict regarding the importation of arms threatens to cause a fresh hitch in Peking.

M. Constans had a long interview with M. Delcassé in Paris on the 30th. The Sultan has done nothing with regard to the Quays Question since M. Constans left Constantinople.

M. Constans interviewed by a reporter stated that he hoped a favourable issue would be arrived at and that the idea of actual hostilities between France and Turkey was quite out of the question.

Lord Cranborne speaking at Rochester stated that as long as we were at war, the war must be carried on at all costs; that the country was rich enough to bear the burden and that her spirit was sufficiently strong to support the Government.

Lord Kitchener's Proclamation is having a good effect in the Orange Colony. Small parties surrender almost daily.

A number of Coloured aliens have arrived at Melbourne from Calcutta. Barton has issued instructions preventing them landing unless they prove themselves to be British subjects, as the Colony will not permit an undue influx of aliens pending the passing of the Restriction Act.

The Pall Mall Gazette announces that it is now almost certain that Lord Salisbury who was believed to be about to retire has deferred his withdrawal until after the Coronation.

The Tzar and Tsaritsa have sailed for Copenhagen. From there they go to Kiel, where the Tsaritsa visits her sister Princess Henry of Prussia. The Tzar proceeds to Dantzic revisiting Kiel, and ultimately sailing from thence to Dunkirk. It is officially announced that Count Lamsdorff attends the Tzar at his interviews, both with the Emperor William and Mon. Loubet.

The Sultan is levying taxes on the French Religious Orders in Turkey. The "Times" Correspondent in Paris states that this is part and parcel of the New Ottoman Policy of Nationalism.

450 Boers have crossed the Orange River in the Vryburg and Philipstown districts, and have entered the Cape Colony, Scheepers has moved South West, invading the hitherto undisturbed portion of Cape Colony.

It appears that Leyds has unsuccessfully approached M. Delcassé and Count Lamsdorff to obtain an interview for Mr. Kruger with the Tzar on the occasion of the latter's visit to France.

The Tzar arrives at Dunkirk on the 18th. M. Loubet meets their Majesties outside the harbour.

Lord Kitchener reports that a train was blown up on the 31st of last month in South Samans Kraal. 250 Boers immediately attacked and set fire to the trucks. Vandeleur of the Irish Guards was killed. Other casualties have not yet been reported.

Turkey has requested the resumption of relations with France giving vague assurances with regard to the questions in dispute. It is not considered likely that France will consent on such terms.

It is stated that the Porte is endeavouring in Berlin to obtain the arbitration of Germany with regard to the matter in dispute.

Scheepers and Vandermerwe's Commandos are nearing the sea. Heavy firing was heard west of Muntshoorn,

Lord Kitchener advises that the casualties at Samans Kraal besides Vandeleur were 9 killed and 17 wounded, principally belonging to the West Riding Regiment. The Boers burnt the train and decamped. The escort numbered 45.

SEPTEMBER 3RD.—The Turkish ambassador has quitted Paris.

Hostilities are imminent between Venezuela and Columbia. 9,000 Venezuelan Regulars are amassed on the frontier ready to assist the Revolutionists.

Turkey has solicited Germany's mediation and not arbitration.

The Tzar and Tsaritsa have arrived at Copenhagen.

Roumania and Germany are to participate in the Brussels Sugar Conference which will probably meet in October.

Milner in replying to the Outlander Committee said that no object was nearer his heart than the return of the Outlanders for which end he will work ceaselessly.

The Palace of Ancestors and Imperial City of Peking have been formally restored to the Chinese by the Plenipotentiaries of the Powers.

It is stated that Herzog's and Latigan's Commandos have been driven back into the Orange Colony. The Middelburg, Cradock Graafrinet and Steynsburg districts are nearly clear of the enemy.

SEPTEMBER 4TH.—Krause the ex-governor of Johannesburg who after swearing allegiance has resided in England for the last 4 months was arrested on the evening of the second, in London, and charged with supplying information to the enemy.

The Kaiser has waved his demand that the Chinese Mission should "Kowtow," also that there should be a procession through the streets of Berlin, and now agrees to receive Chun alone at Potsdam accompanied only by an interpreter. The Mission has accordingly left Basel.

Krause has been charged with High Treason in connection with the Transvaal. He has been remanded for a week and bail refused.

Chun arrived at Potsdam.

The Royal Commission that has been appointed in connection with Tuberculosis will investigate whether the disease that attacks animals and men is identically the same and whether it is reciprocally transmissible.

120 Boers surprised a patrol of 25, under Captain Walis at Oudtshoorn. Three escaped, 3 were killed, and 4 wounded. The remainder surrendered and were subsequently released.

SEPTEMBER 5TH.—The "Morning Post" states that the negotiations in connection with the proposed Sugar Conference at Brussels have reached a hopeless stage and that they will probably be abandoned.

The Boer leader in Cape Colony has issued orders to shoot all Colonials found with arms after the 15th of this month.

The Indictment against Krause is on its way to England. No one knows the nature of the charges. Letters addressed to certain "Suspects" have been stopped and important correspondence seized.

In spite of the statement in the "Morning Post" it is understood that the negotiations with regard to the Sugar Conference have made good progress. The principal Powers are agreed.

The Kaiser dressed in white uniform with cape, received Chun yesterday. He remained seated on the throne and beckoned to Chun who approached and made three bows on arriving and departing. Chun handed the Kaiser a letter from the Emperor of China expressing the latter's regrets for what had happened. The Kaiser in a stern speech said that he was willing to admit that the Emperor himself had held aloof from the crimes committed, but this made the guilt of his advisers all the greater.

SEPTEMBER 6TH.—It is reported that the French Government intends expelling to-day the Turkish Police Agents from France.

Reuter's Agent at Pretoria reports that Lord Kitchener's Proclamation has not produced any very apparent results, and that the authorities are now permitting the wives of men still in the field to go and warn their husbands of the serious consequences entailed by further resistance.

The "Columbia" has been selected to defend the Cup on behalf of America.

The Imperial Edicts the non-arrival of which delayed the signing of the Protocol, have now arrived in Peking.

Various columns are actively harrying the fragmentary Commandos now in Cape Colony. Scheeper's Commando is proceeding Northward.

SEPTEMBER 7TH.—The Times Correspondent in Paris states that it is expected that the result of the Tzar's visit will be the signing of a Treaty of Commerce.

The correspondent of the Daily Telegraph in Pretoria has been authorised to state that Lord Kitchener is not going home, but will stay to finish his task. General Lyttelton replaces General Hildyard who goes on furlough.

Colonel Scabell on the morning of the 5th captured the whole of Lotter's Commando 103 men and 200 horses near Petersburg in Cape Colony. 12 Boers were killed and 46 wounded.

SEPTEMBER 9TH.—President McKinley while holding a reception at Buffalo Exhibition was shot twice once in the breast, and once in the stomach, while in the act of shaking hands with his assailant who concealed a revolver covered by a handkerchief in his left hand. After medical treatment in the Emergency Hospital at the Exhibition President McKinley was conveyed to the residence of a Senator. The bullet in his chest was extracted; it had only made a flesh wound. The second bullet however has penetrated the back walls of the stomach and has not been extracted. The latest reports state that the patient is rallying satisfactorily. The assailant is a Pole, and has been arrested.

President McKinley has passed a fair night without pain. His temperature is 102 with a quick pulse.

The afternoon Bulletin states that President McKinley's condition is unchanged. The Doctors are mostly apprehensive of blood poisoning. The American authorities are convinced that this attempted assassination forms part of a deliberate plot, and they are searching for a suspicious character who immediately preceded the assassin in shaking hands with the President.

Czologsz is the assailant's real name. The Protocol has been signed at Peking. Yesterday evening the Bulletin reports that the President's condition was unchanged. He responded well to the Medical treatment, and slept well last night. His temperature is 102.6.

Six men and three women have been arrested at Chicago and charged with conspiring with Czologsz to assassinate Mr. McKinley. Three other men who are alleged to be anarchists have been arrested.

Prominent Burghers in Pretoria are now compelled to accompany trains on the Petersburg Line to prevent train wrecking.

The Physicians have assured Mr. Roosevelt that the President will recover. The Bulletin this morning states that he passed a good night, that his mind is clear, that he is resting well, and that the state of the wound is very satisfactory. There is no indication of Peritonitis.

A later Bulletin states condition satisfactory and that the patient has slept well.

His Majesty landed at Elsinore. There he was ceremoniously received by the Tzar, Tsaritsa, the Dowager Empress and the Tsaritch. The whole party proceeded to Fredensborg.

SEPTEMBER 10TH.—The attempt to assassinate President McKinley has put an end to the hopes of the French that the Tzar will visit Paris. The strictest surveillance on anarchists has now been instituted in France. Long lists of undesirable individuals have been prepared and they will be arrested on bogus charges before the arrival of the Tzar, and afterwards released.

Yesterday Morning's Bulletin with regard to Mr. McKinley's condition was still more satisfactory. At 3 in the afternoon, he was steadily improving, was free from pain and there was no sign of any unfavourable symptom. His temperature was 101. All the Doctors in attendance are sanguine that recovery is certain, seeing the absence of all complications in the President's condition.

The Emperor of Austria when closing the Hungarian Diet stated that the understanding between Austria and her allies was most intimate; that his relations with all Powers were friendly, and that the general situation warrants the hope of the continuance of Peace.

SEPTEMBER 11TH.—The evening Bulletin of the 9th reports that Mr. McKinley's condition continues favourable.

The European Press are all discussing the question of anarchists. They advocate another International Conference, with the view of organizing an International Police Force whose duties will be to watch anarchists. They also recommend that the Anarchist Propaganda should be treated as a Crime.

A Bulletin issued late last night announces that Mr. McKinley's condition is eminently satisfactory, and that unless complications develop rapid convalescence may be expected.

Krause reappeared at Bow street yesterday. The Treasury brought forward a fresh charge of Incitement to murder based on a warrant issued in Transvaal. They applied for remand until the papers arrived. The remand was granted.

Lord Kitchener telegraphs on the 9th that for the week commencing on the 2nd, 681 Boers have been accounted for including 67 killed and 67 wounded. 65,211 rounds ammunition and 3,400 horses have been captured.

SEPTEMBER 12TH.—The "Times" correspondent in Paris states that the objects of the Tzar's visit are to prepare a way for the raising of a new, larger, Loan, and to remove the bitterness caused in France by the presence of the Russian Ambassador at the Banquet given in Metz in May last.

Miss Goldman whose anarchist lectures inspired Czolgosz to attempt the assassination of Mr. McKinley has been arrested at Chicago and charged with inciting to murder.

The Bulletin issued at 10-30 yesterday stated that Mr. McKinley's condition remained unchanged that the sealing of the wound had been delayed in consequence of irritation caused by a fragment of the President's coat, which the bullet carried beneath the skin. This fragment was removed on Friday and no complications are feared.

The following is the result of the St. Leger:—

1. Doricles.
2. Volodyovski.
3. Revenue.

Later reports of Mr. McKinley state that his progress continues excellent.

Lord Kitchener reports that Methuen successfully engaged Vantouder and Delarey on the 6th and on the 8th driving them from a strong position. The Boers lost 18 killed and 41 prisoners.

The Tzar has arrived at Dantzig. The Emperor William put to sea in the Hohenzollern and met him outside the harbour.

SEPTEMBER 13TH.—The Federal Government have refused to allow 50 Afghans who have arrived at Melbourne from Tonkin on board the Messageries Steamer to land unless they prove themselves to be British subjects.

The Tzar went on board the Hohenzollern, and made a tour of the German Fleet and was warmly cheered by the Crews. He afterwards visited 4 warships.

The Tzar embarked again and himself and the Emperor William chatted on board the "Hohenzollern" until midnight. Both the harbour and all the ships were illuminated.

Their Majesties yesterday witnessed a great sham fight. The ships of war attacked the coast defences.

The fight between Methuen and Delarey was severe and lasted for some hours. General Lemmer and Field Cornet Joubert were killed. Our losses were 15 killed and 30 wounded.

Lord Kitchener reports that Kruger's youngest son has surrendered.

SEPTEMBER 14TH.—All the Physicians in attendance on President McKinley were at his bedside at 3 o'clock yesterday morning; afterwards they authorised the announcement that the condition of the patient was critical.

The Emperor William had a long interview on Thursday with Count Lamsdorff.

The change in President McKinley's condition was quite sudden and in the early hours of Saturday gave rise to the gravest apprehension. The bowels which on Friday night were not acting were moved on Saturday morning but the heart remains quite unresponsive though stimulated with Strychnine, Digitalis and other powerful drugs; Mr. McKinley is conscious and calm.

Mr. McKinley is just holding his own by the help of drugs to strengthen the heart. There is very little hope and the suddenness of the relapse has caused general consternation, the markets are demoralised, the latest reports are little more hopeful.

The Mikado received yesterday the Chinese expiatory mission and accepted the apologies tendered.

President McKinley is dying.

—:O:—

On Wednesday last the large oil tanks, which have been erected on the beach between the Kilindini Customs House and Messrs. Smith Mackenzie and Co's. house, were filled from the "Euplectela." The operation was most expeditiously performed, the tank being full early on Thursday. With the plentiful supply of oil, which will now be available, it is to be hoped that the last has been seen of the days of scarcity and high prices, with which Mombasa has been familiar in the past.
