COMMISSION ON REVENUE ALLOCATION

ADDENDUM TO THE SECOND POLICY AND CRITERIA FOR SHARING REVENUE AMONG MARGINALIZED AREAS

This addendum is attached to and made an integral part of the second policy and criteria for sharing revenue among marginalized areas as published in Gazette Notice Number 1494 of Vol. CXXI No. 20 dated 15th February, 2019.

The Commission on Revenue Allocation in line with its constitutional mandate under Article 216 prepared the first three-year policy and identified 14 counties as marginalized areas in the year 2013. Out of the Equalization Fund, 12.4B was appropriated under the first policy of which, 11.4B was allocated to the 14 counties and the balance was for administration costs.

The second policy approved on 2nd October, 2018 identified 1424 marginalized areas. This addendum makes the following changes to the second policy:

1. The appropriation for the FYs 2011/12, 2012/13, 2013/14 amounting to a KSh. 7.6B be shared among the 14 counties in accordance with the first policy, as per the attached schedule.
2. The areas identified in the second policy will be appropriated from FYs 2017/18, 2018/19, 2019/20 and 2020/21.

THE COUNTY GOVERNMENTS ACT

(No. 17 of 2012)

COUNTY GOVERNMENT OF ELGEYO MARAKWET

PUBLIC SERVICE BOARD ANNUAL REPORT FOR 2017/2018 FINANCIAL YEAR

Introduction

ESTABLISHMENT OF THE COUNTY PUBLIC SERVICE BOARD

Article 235 of the Constitution requires every county to be responsible for the establishment of a County Public Service in accordance with uniform norms and standards prescribed by an Act of Parliament. Accordingly, section 57 of the County Governments Act establishes a County Public Service Board for every county. Section 58 further provides for composition of the board to comprise a Chairperson, not less than three and not more than five members and a Board Secretary who should be a certified public secretary of good professional standing, all of whom are nominated and appointed by the Governor with the approval of the County Assembly and to hold office for a non-renewable term of six (6) years.

County Public Service Boards (CPSB) are devolved governance units established for the purpose of establishing and managing professional, effective and efficient public service to enable the county governments achieve the objectives of devolution.

The powers and Functions of a County Public Service Board

The powers and functions of a County Public Service Board are set out in section 59 of the County Governments Act and relate to public officers in the county public service. Broadly, a County Public Service Board is, responsible for:

- Establishing and abolishing offices in the county public service.

Achievements

During the period under review, the County Public Service Board managed to place a total of seventy five (75) Local Authority staff, the ablution block was also completed, sensitisation of staff on values and principles in the four sub counties, the board organized a successful team building.

Challenges

(a) Inadequate office space

The building that houses the Board is shared with other departments (Lands and Finance) and is very congested.

(b) Inadequate funding. Which affected key Board functions and operations specifically; staff shortages, training, hosting of the County Human Resource Convention and civic education, and development of performance management framework have not been undertaken.

Board Plans for the Year 2018/19

In the medium term, the Board intends to:

- Put in place rewards and sanctions mechanisms by developing a reward mechanism policy and implementing an elaborate and clear recognition policy on performance.
- Enhance participatory consultative forums through continuous engagement of stakeholders responsible for public service management
- Review and formulation of Strategic Plan 2019-2023.
- Roll out adequate need-based capacity building and training program having in mind capacity building and training programs for all the staff cadres.
- Formulation of new scheme of services for some cadres in the public service that are not there.
- Conduct staff physical head count and forensic audit of the Payroll to ascertain the exact number of staff working in the county government and establish the average wage bill for human resource planning.
- Finalization of HR policies.

CONCLUSION

The Board is unwavering in its commitment to the execution of its functions and powers as provided in both the County Governments Act, 2012 and the Constitution of Kenya, 2010. It is only through this commitment that the Vision of an excellent County Public Service will become a reality.

EXECUTIVE SUMMARY

Uasin Gishu County Sports Policy is an instrument that provides a legal framework for sports development. It addresses different aspects of Sports that include talent nurturing, infrastructural development and capacity building. This policy is based on the recognition of the important role played by sports in human life. Sports permeate a wide range of socio-economic aspects of the lives of our people. It is vital for sustaining good health and wellbeing, enhances social interaction, and promotes integration and friendship among people of diverse socio-economic backgrounds.

The history of sports in the County dates back to pre-colonial period. Currently Uasin Gishu is ranked among the top sporting Counties in Kenya. The County is renowned for the athletic prowess of its inhabitants. World class athletes, particularly in track and field events, reside in the County; hence the County prides itself as *The Champions*.

To maintain and build on this well-earned status, the County Sports Policy will streamline all aspects of sports development to improve on existing sports and initiate new ones. This will be achieved through provision of guidelines on management of sports, sports infrastructure and resource mobilization and utilization.

CHAPTER ONE

1.0 INTRODUCTION

This policy is prepared by The County Government of Uasin Gishu based on schedule four of the Constitution of Kenya 2010 which enlists sports and sporting facilities as functions of the County Government.

Historically, sports has always been part of the activities of the inhabitants of the County who engaged in such sports as dance, wrestling, hunting, traditional archery among others. Over time and with the introduction of other sports categories, the sports industry has undergone transformation and is now practiced as a career. It is an activity which provides self-expression and fulfillment, personal achievement, skill acquisition and demonstration of abilities, social interaction, cohesion, enjoyment, good health and wellbeing. With the increasing cost of healthcare, the contribution of sports to good health could bring about significant economic value/ savings to individuals and the nation at large.

1.2 OBJECTIVES

The objectives of this policy are:

- (a) To provide a legal framework for sports development activities and infrastructure.
- (b) To streamline all aspects of sports development.
- (c) To enhance identification and promotion of sports talent.

CHAPTER TWO

2.1 Policy Direction

This section explains critical and significant policy issues which are central to the development of sports in addition to various institutional and organizational mechanisms.

2.2 Sports and Economic Development

The Sports industry is an important source of employment, income generation and wealth creation. Participation in career sports generates income among a wide spectrum of the population, thus playing a vital role in alleviating poverty. It is important to note that a number of elite athletes have invested in this County and its environs. Sports investment refers to ploughing of the rewards and benefits received from participating in sports championships or other sporting activities into assets/items that can generate income or appreciate for economic growth and safety.

Government and development partners also allocate funds for the development of sporting facilities, purchase of equipment and talent nurturing programs. Investment is key to sports development and welfare of athletes.

The County Government shall coordinate programs that:

- (a) Promote Talent identification and nurturing.
- (b) Improve sporting facilities (Infrastructure) and equipment.
- (c) Conduct capacity building programs for athletes, sports officials and stakeholders.
- (d) Provide advisory services on investment opportunities to athletes.
- (e) Encourage provision of incentives to those who wish to invest in sports in the County.
- (f) Encourage public-private and public-public partnership in the promotion of sports development.
- (g) Provide managerial and administrative expertise in sports.

2.3 Sports and Health

Participation in Sports keeps one active, flexible and healthy. It helps the flow of blood and oxygen supply in the body organs. This in turn ensures proper functioning of the human body, reducing

incidences of disease such as coronary heart disease, diabetes, hypertension and high blood pressure.

Other benefits include improved cardiovascular health, bone health, reduced body fat and obesity, improved aerobic fitness among others.

The department of sports shall partner with the department of Health and other relevant organizations to promote participation in sports as a health management and rehabilitation therapy.

2.4 Safety and Security in Sports

Owing to the nature of various sporting activities, safety must be guaranteed. It is expected that the organizers of sports events will put in place measures to ensure safe participation by all.

The county Government shall put in place legislation on safety and security of participants.

2.5 Drugs and Substance Abuse in Sports

Drugs, and substance abuse adversely affect sports development as it damages the body organs. Doping has become a reality that must be addressed.

The County Government shall put in place the following mitigation measures:

- (a) Ensure no selling of beer, cigarettes, miraa and other harmful substances to the youth during sporting events.
- (b) Encourage sports organizations to seek sponsorship from firms whose products promote good health.
- (c) Promote partnerships in sensitization campaigns against doping, drug and substance abuse.

2.6 Elite Sports

Management of athletes requires programs that sustain participation in sports as well as safeguard their education and career development. This will ensure talent nurturing, academic skills acquisition and career development within and outside sporting circles.

The County Government in collaboration with other stakeholders shall:

- (a) Provide adequate and reliable sports infrastructure, equipment and personnel.
- (b) Organize sports championships/tournaments to ensure improved standards.
- (c) Encourage upcoming athletes to join sports Talent Academies for talent development while pursuing mainstream Education.

2.7 Traditional Sports

Traditional sports include Archery, Canoeing, wrestling, dancing, among others. They were used primarily for entertainment and also to enhance preparatory skills to adulthood, develop work related skills, promote health and fitness and to foster social cohesion. With the advent of modern sports, there has been a decline in the practice of traditional sports.

The County Government shall:

- (a) Adopt and adapt traditional sports.
- (b) Encourage Communities to set aside arenas where they can participate in traditional sports and dance.
- (c) Organize traditional sporting events.

2.8 Inclusiveness in Sports

The fundamental importance of sports overrides race, age, religion, gender and disability. None of these demographic issues should hinder participation in sports. Sports at all levels should be sports for all.

The County Government shall:

- (a) Formulate sports development programs that promote inclusion of youth, the aged, women, PLWDs, persons living with HIV/AIDS among others.

- (b) Promote community participation in development of sports programs.
- (c) Sensitize the public on the negative cultural, religious and socio-economic inhibitions to the participation of all.
- (d) Partner with other sports agencies to safeguard athletes against exploitation and abuse.
- (e) Encourage provision of recreational space, sports equipment, facilities and activities for persons with special needs.

2.9 Motivation in Sports

Motivation is crucial in sports development. It refers generally to the methods or techniques used and the efforts made towards initiating, accelerating and sustaining interest and desirable performance of an individual or team in a given activity. It is an important factor that contributes to successful performance in sports.

The County Government shall:

- (a) Encourage programs that will motivate athletes and sports officials.
- (b) Establish a Hall of fame.
- (c) Organize award galas to recognize athletes.
- (d) Devise and implement programs to honour renowned athletes.

2.10. Staff Sports

Staff form the basic human resource essential for institutional development. It is therefore important that their health and general welfare is given consideration in order for them to perform efficiently.

Participation in sports allows them to socialize, interact and integrate well amongst themselves, refreshes and breaks the work environment monotony, improves flexibility, good health and wellbeing and motivates them towards improved performance.

The County Government shall encourage, support and promote staff sports programs.

CHAPTER THREE

3.1 Institutional Framework

The institutional framework shall comprise of Governmental and other sporting organizations or institutions whose collaboration shall be crucial to the successful implementation of the sport policy. The most important institutions which shall assume the leadership role in the implementation and monitoring of the policy and ensure such institutions collaborate are the County Department in charge of sports and the County sports council.

- (a) County Department in charge of Sport, whose role shall be to formulate, implement, monitor and evaluate policy directions on sports development.
- (b) County Sports Council

The County shall establish a County Sports Council which will carry out the following functions:

- (d) Co-ordinate activities of all sporting Associations/Federations in the County.
- (e) Assist in the mobilization of resources for sporting activities, infrastructure and training.
- (f) Provide technical advice on sports matters.
- (g) Initiate partnerships in sports development.
- (h) Encourage local manufacture of sports equipment and uniforms.
- (i) Encourage donations of sports goods from various sports bodies, clubs and individuals.

The membership of the County Sports Council shall comprise:

- (i) Chief Officer in charge of Sports who will be the chairperson.
- (ii) The director in charge of sports who will be the secretary.

- (iii) 7 other members who shall be elected from a congregation of 3 delegates each from the active sporting Associations/Federations from the County.
- (c) National ministry in charge Sports who shall collaborate on issues of policy formulation and implementation, as well as Partner on development of sports infrastructure
- (d) National and International sports committees to collaborate with their affiliates on sports development matters including funding, training, standards, infrastructural development among others.
- (e) Universities and other Research institutions whose mandate will be to collaborate on issues related to research and scientific approach to sports development.
- (f) Schools and private clubs who shall collaborate on provision and use the institutional facilities, training and officiating.
- (g) Sports Associations/ Federations

These are local and regional sports bodies formed by various sporting disciplines to run their programs. They are affiliated to National and or international organizations of various sporting disciplines.

They collaborate with other agencies on the following matters:

- (i) Registration and affiliation.
- (ii) Discipline, dispute resolution and arbitration.
- (iii) Code of conduct for sports persons.
- (iv) Election of office bearers in sports organizations.
- (h) County Departments

The Department in charge of Sports shall collaborate with other departments such as Health, Education, and Public Service Management on various matters including, awareness campaigns, safety and security in all sports matters.

CHAPTER FOUR

4.1 Sports Funding

Sports development is capital intensive. The trend world-wide has gradually shifted from Government to the private sector. This is due to the advent of sports professionalism, which requires it to be run as a profit generating venture rather than a pass-time occupation.

The County Government shall:

- (a) Encourage public-public and public- private partnerships to support sports development activities and infrastructure.
- (b) Provide reasonable budgetary allocations.
- (c) Set up a County Sports fund.

CHAPTER FIVE

SPORTS FACILITIES AND EQUIPMENT

Sports facilities and Equipment are vital for sports talent and skills identification, nurturing and development. They motivate athletes, coaches and other sports officials leading to improved performance. They can also be a source of revenue for the Teams and the County Government.

Establishment and provision of standard facilities and equipment therefore needs efficient management to ensure durability and safety.

The County Government is committed to:

- (a) Establish and maintain diverse sports and recreation facilities of acceptable standards within its means.
- (b) Identify and safeguard Land for the establishment of sports and recreational facilities.
- (c) Ensure correct and proper management of sports facilities to avoid overuse and damage to the environment.
- (d) Ensure effective planning of sports facilities for optimum utilization.

5.1. Stadia and Sports Talent Academies

These are sporting infrastructure necessary for talent nurturing and development. They host sports and non-sporting events and are vital source of income to the County Government. They motivate athletes, officials and spectators towards participation in sporting events.

The County Government shall:

- Partner with stakeholders to put up, maintain and equip stadia and sports Talent Academies.
- Set up structures for administration and management of stadia and Sports Talent Academies.

5.2. Monitoring and Evaluation

The County Executive Committee member (CECM) in charge of Sports shall constitute a committee for monitoring and evaluation to track and assess sports development programs and projects and report back on quarterly basis.

5.3 Policy Review

This policy shall be reviewed regularly to meet the changing needs of sports actors/stakeholders.

Dated the 18th September, 2018.

THE ENVIRONMENTAL MANAGEMENT AND CO-ORDINATION ACT

(No. 8 of 1999)

THE NATIONAL ENVIRONMENT MANAGEMENT AUTHORITY

ENVIRONMENTAL IMPACT ASSESSMENT STUDY REPORT FOR THE PROPOSED DE-GAZETTING OF NGAI NDETHYA SETTLEMENT SCHEME IN KIBWEZI EAST SUB-COUNTY, MAKUENI COUNTY

INVITATION OF PUBLIC COMMENTS

Pursuant to Regulation 21 of the Environmental Management and Co-ordination (Impact Assessment and Audit) Regulations, 2003, the National Environment Management Authority (NEMA) has received an Environmental Impact Assessment Study Report for the above proposed project.

The proponent, County Government of Makueni, Department of Lands, Mining, Housing, Physical Planning and Urban Development, is proposing the de-gazetting and excision of the land from Ngai Ndehya Game Reserve. The land is approximately 21,200 Ha. The scheme has several infrastructural facilities such as schools, markets, hospitals and earth dams. The aim of de-gazetting is to enable the issuance of title deeds to beneficiaries in fully settled component schemes. This scheme is in Kibwezi East Sub-County, Makueni County.

The following are the anticipated impacts and proposed mitigation measures:

Impacts

Impacts on flora, fauna

Proposed Mitigation Measures

- Ensure proper demarcation and delineation of the project area to be set for human settlement and the National park.
- Introduction of vegetation (trees, shrubs and grass) on open spaces and their maintenance.

<i>Impacts</i>	<i>Proposed Mitigation Measures</i>
	<ul style="list-style-type: none"> • Create awareness on importance of bio-diversity amongst the local residents. • Design and implement an appropriate Reforestation/Afforestation, landscaping programme to help in re-vegetation of the project area after settlement.
Human-wildlife conflicts	<ul style="list-style-type: none"> • Changing attitudes to wildlife through education. • Ensuring that affected communities and individuals are active participants in wildlife management. • Physically separating the two by the use of barriers. • Managing the numbers of animals to reduce the risk of conflict. • Managing the size of the population to reduce the risk of human-wildlife conflict.
Increased storm water, runoff and soil erosion	<ul style="list-style-type: none"> • A storm water management plan that minimizes impervious area infiltration by use of recharge areas. • Use of detention and/or retention with graduated outlet control structure will be designed. • Apply soil erosion control measures such as terracing of farm land within the project site. • Implement silt control measures such as silt fences and silt traps. • Excavations to remain open for very short time before placement of fill.
Impacts on local infrastructure, services and natural resources	<ul style="list-style-type: none"> • All roads being used at the project site should be well maintained, and left in as good state. • Involve the community during road upgrades. • Natural resources within the project site should be conserved.
Poor health and sanitation	<ul style="list-style-type: none"> • Create awareness prevention on HIV/AIDS and other related diseases. • Avail health care services to the local community. • Provide adequate drinking water to the local community.
Project associated conflicts e.g. disputes	<ul style="list-style-type: none"> • Community support mobilization and sensitization through consultative forums, public meetings and questionnaire methods. • Draft, finalize, and implement land acquisition, compensation and resettlement plan for affected households, businesses, and other groupings. • Sufficient planning for adequate resources required i.e. financial, personnel and equipment. • Land transfer agreements should be formalized before the project starts. • Restrict project within the corridor set as much as possible.

The full report of the proposed project is available for inspection during working hours at:

- (a) Director-General, NEMA, Popo Road, off Mombasa Road, P.O. Box 67839-00200, Nairobi.

- (b) Principal Secretary, Ministry of Environment and Forestry, NHIF Building, Community, P.O. Box 30126-00100, Nairobi.

- (c) County Director of Environment, Makueni County.

The National Environment Management Authority invites members of the public to submit oral or written comments within thirty (30) days from the date of publication of this notice to the Director-General, NEMA, to assist the Authority in the decision making process of the plan.

THE NATIONAL ENVIRONMENT MANAGEMENT AUTHORITY

ENVIRONMENTAL IMPACT ASSESSMENT STUDY REPORT FOR THE PROPOSED RESIDENTIAL APARTMENTS BUILDING PROJECT ON PLOT L.R. NO. 209/11011/3, OFF MOSES TANUI ROAD, IMARA DAIMA, NAIROBI CITY COUNTY

INVITATION OF PUBLIC COMMENTS

Pursuant to Regulation 21 of the Environmental Management and Co-ordination (Impact Assessment and Audit) Regulations, 2003, the National Environment Management Authority (NEMA) has received an Environmental Impact Assessment Study Report for the above proposed project.

The proponent, Mater Limited, is proposing to construct an eight storey building block (ground floor plus 8 floors) comprising of 144 units. The ground floor will comprise 45No. vehicle car park and 1No. retail outlet unit. Floors 1-8 will comprise 6No. 2 bedroomed apartments and 12No. 1 bedroomed apartments, driveways, sidewalks and other associated facilities and amenities on Plot L.R. No. 209/11011/3; off Moses Tanui Road, Imara Daima in Nairobi City County.

The following are the anticipated impacts and proposed mitigation measures:

<i>Impacts</i>	<i>Proposed Mitigation Measures</i>
Exploitation of raw materials	<ul style="list-style-type: none"> • Source building materials from local suppliers who use environmentally friendly processes in their operations. • Ensure accurate budgeting and estimation of actual construction material requirements to ensure that the least amount of material necessary is ordered. • Ensure that damage or loss of materials at the construction site is kept minimal through proper storage. • Use atleast 5%-10% recycled, refurbished or salvaged materials to reduce the use of raw materials and divert material from landfills.
Storm water management	<ul style="list-style-type: none"> • Surface runoff and roof water shall be harvested and stored in underground reservoir tanks for reuse. • Apply soil erosion control measures such as leveling of the project site to reduce run-off velocity and increase infiltration of storm water into the soil. • Ensure that construction vehicles are restricted to existing graded roads to avoid soil compaction within the project site. • Ensure that any compacted areas are ripped to reduce run-off.

<i>Impacts</i>	<i>Proposed Mitigation Measures</i>	<i>Impacts</i>	<i>Proposed Mitigation Measures</i>
	<ul style="list-style-type: none"> Open drains all interconnected will be provided on site. 		<ul style="list-style-type: none"> Use construction materials containing recycled content when possible and in accordance with accepted standards.
Surface and groundwater contamination	<ul style="list-style-type: none"> Hazardous substance control and emergency response plan that will include preparations for quick and safe clean-up of accidental spills. Hazardous-materials handling procedures to reduce the potential for a spill during construction to be prescribed. Identify areas where refueling and vehicle maintenance activities and storage of hazardous materials, if any, will be permitted. Ground water, will be collected during construction contained and disposed of in accordance with all applicable regulations. 		<ul style="list-style-type: none"> Dispose waste more responsibly by dumping at designated dumping sites or landfills only.
Increased water demand	<ul style="list-style-type: none"> Connect to the existing NW&SCo main supply. Harness rainwater for construction activities usage. Install a discharge meter at all water outlets to determine and monitor total water usage. Promptly detect and repair of water pipe and tank leaks. Ensure taps are not running when not in use. 	Increased energy use	<ul style="list-style-type: none"> Ensure electrical equipment, machinery and lights are switched off when not being used. Install energy saving fluorescent tubes at all lighting points instead of bulbs which consume higher electric energy. Ensure planning of transportation of materials to ensure that fossil fuels (diesel, petrol) are not consumed in excessive amounts. Monitor energy use during construction and set targets for reduction of energy use.
Noise and excessive vibrations	<ul style="list-style-type: none"> Sensitize construction vehicle drivers and machinery operators to switch off engines of vehicles or machinery not being used. Use quiet equipment (i.e. equipment designed with noise control elements such as mufflers). Install portable barriers to shield compressors and other small stationary equipment where necessary and locate stationary noise sources as far from existing sensitive receptors as possible. Ensure that construction machinery are kept in good condition to reduce noise generation. Ensure that all generators and heavy duty equipment are insulated or placed in enclosures to minimize ambient noise levels. 	Air pollution	<ul style="list-style-type: none"> Provide 2.4 m high hoarding along site boundary. Provide effective dust screen, sheeting or netting where a scaffolding is erected around the perimeter of a building. Water all active construction areas when necessary. Cover all trucks hauling soil, sand and other loose materials. Down wash of trucks (tyres) prior to departure from site. Personal Protective equipment to be worn by all staff members. Vehicle idling time shall be minimized. Alternatively fuelled construction equipment shall be used where feasible equipment shall be properly tuned and maintained.
Solid waste generation	<ul style="list-style-type: none"> Use of an integrated solid waste management system i.e. through a hierarchy of options including: Source reduction, Recycling, Reuse, Combustion and Sanitary land filling. Through accurate estimation of the sizes and quantities of materials required, order materials in the sizes and quantities they will be needed. Ensure that construction materials left over at the end of construction will be used in other projects rather than being disposed off. Ensure that damaged or wasted construction materials will be recovered for refurbishing and use in other projects. Provide facilities for proper handling and storage of construction materials to reduce the amount of waste caused by damage or exposure to the elements. Use building materials that have minimal or no packaging to avoid packaging waste. 	Occupational health and safety	<ul style="list-style-type: none"> Provide adequate well stocked first aid boxes across the site and adequately train all staff on basic first aid administration. Adequate warning/inductions and instruction signs must be prominently displayed on the project site. Ensure that workers at the site are adequately protected through provision of suitable personal protective gears. Limit public access to the construction site. Ensure that all construction machines/equipment are operated by experienced personnel and regularly serviced in order to avoid any accidents.
		Increased traffic obstruction	<ul style="list-style-type: none"> Ensure all construction vehicles to and from the construction site use the designated Entry/Exit to the project site. All transportation of construction raw materials and excavated materials are to be conducted at traffic off peak hours only. Sensitize truck drivers to avoid unnecessary road obstruction. Cover all trucks hauling soil, sand and other loose materials to avoid spillage and dust emissions that may interfere with smooth motoring.

The full report of the proposed project is available for inspection during working hours at:

- (a) Director-General, NEMA, Popo Road, off Mombasa Road, P.O. Box 67839-00200, Nairobi.
- (b) Principal Secretary, Ministry of Environment and Forestry, NHIF Building, Community, P.O. Box. 30126-00100, Nairobi.
- (c) County Director of Environment, Nairobi City County.

The National Environment Management Authority invites members of the public to submit oral or written comments within thirty (30) days from the date of publication of this notice to the Director-General, NEMA, to assist the Authority in the decision making process of the plan.

THE ENVIRONMENTAL MANAGEMENT AND CO-ORDINATION ACT

(No. 8 of 1999)

THE NATIONAL ENVIRONMENT MANAGEMENT AUTHORITY

ENVIRONMENTAL IMPACT ASSESSMENT STUDY REPORT FOR THE PROPOSED DUALLING OF EASTERN AND NORTHERN BYPASS ROADS IN KIAMBU AND NAIROBI CITY COUNTIES

INVITATION OF PUBLIC COMMENTS

Pursuant to Regulation 21 of the Environmental Management and Co-ordination (Impact Assessment and Audit) Regulations, 2003, the National Environment Management Authority (NEMA) has received an Environmental Impact Assessment Study Report for the above proposed project:

The proponent, Kenya Urban Roads Authority, is proposing to undertake the dualling of both the Eastern and the Northern Bypasses involving increasing the current two lanes to four lanes, construction of service lanes and roads in highly developed locations, construction of overpasses and underpasses, construction of footbridges and footpaths and provision of matatu bus stops.

The following are the anticipated impacts and proposed mitigation measures:

Impacts	Proposed Mitigation Measures
Material sourcing	<ul style="list-style-type: none"> Construction materials will be sourced from approved sources. Contractor to prepare a tracking document of materials received vis a vis utilization to ensure proper materials management to avoid wastage.
Biodiversity loss	<ul style="list-style-type: none"> Contractor to ensure clear delineation of construction work areas to avoid unnecessary vegetation clearance. Obtain prior authorization for felling trees from relevant authorities. Where invasive species are identified, disposal of cleared vegetation will be done a manner as not to allow for invasive species to be transferred in other areas.
Blockage of access of properties adjacent to the bypasses	<ul style="list-style-type: none"> Inform the property owners prior to start of the work in places where accesses may be blocked. Provide temporary alternative accesses to the affected properties. For Embakasi Garrison, Administration Police Training College, Embakasi and General Service Unit Training School, Embakasi, KURA should liaise with the Inspector-General and the Principal

Proposed Mitigation Measures

Secretary, Ministry of Defence, for guidance on how to handle their accesses during the construction phase.

- Timely liaison with the affected service providers to ensure that the relocation of services is done first before we kick-off any construction activities in that area.
- Observe the requirements of the Kenya Roads Act, 2007 section 27 when handling utility infrastructure and services along the A8 road and A8-South.
- Liaise with service providers to ensure that all the affected consumers are notified of the anticipated inconveniences at least one week prior to disruption as well inform them the date of reinstatement.
- Design team will consult with utility providers to ensure proper accommodation of the utilities in the new designs.
- Adopt soil conservation best practice method.
- Ensure clear delineation of construction work areas to avoid unnecessary vegetation clearance and soil loosening.
- Implement planned erosion control measures to avoid erosion in areas that are prone to erosion.
- Where possible, vegetation clearance and excavation activities will be scheduled to occur outside of the rainy season, to reduce the anticipated volume of runoff during construction.
- Workers shall use ear protectors when performing noisy operations.
- Post appropriate notices to warn drivers against unnecessary hooting of vehicles.
- Switch off engines or reduce idling time when not in use.
- Noise levels at the construction site boundary should be kept within acceptable limits of 60 dB(A) during the day and 35 dB(A) during the night as stipulated within the Environmental Management and Co-ordination (Noise and Excessive Vibration Pollution) (Control) Regulations, 2009.
- Dust suppression by regularly spraying water on the diversion roads and work sites.
- Wetting or covering stockpiles in dry weather.
- Covering loaded trucks during the transportation of material.
- Activities generating dust (excavation, blasting, handling and transport of soils) to be carried out in calm weather.
- Strict adherence to Air quality Regulations, 2014.
- Provision of suitable, segregated and well labelled solid waste containers to proper disposal of the wastes.
- Proper segregation of solid waste prior to disposal.
- Reuse of top soil for landscaping of the site.
- Reduction of generation of solid waste at the source.

<i>Impacts</i>	<i>Proposed Mitigation Measures</i>
	<ul style="list-style-type: none"> Contract a licensed waste handler as stipulated in the Environmental Conservation and Management (Waste Management) Regulations, 2006.
Pollution and sedimentation of existing natural water sources	<ul style="list-style-type: none"> Implement Standard Operating Procedures (SOPs) for working in water. Storage areas for fuels, oils or any other liquid chemical will be located far away from surface drains. Hydrocarbon/chemical storage areas will be built with an impermeable base and bund with a capacity of 110% and would not drain directly into the surface water drains. Where necessary, drainage from storage compounds would be passed through oil interceptors prior to discharge. In case of soil contamination, the contaminated soil will be handled as hazardous waste and will be properly removed from site and disposed off safely as required by the Environmental Management and Coordination (Waste Management) Regulation, 2006.
Increased Water demand	<ul style="list-style-type: none"> Ensure that water is used efficiently at the site by sensitizing construction workers to avoid irresponsible water use. An assessment and evaluation of the identified water sources should be done against the estimated water demand during construction. These details should be provided to the Water Resource Management Authority before a license for abstraction is issued.
Waste water management	<ul style="list-style-type: none"> Properly channel all grey water runoff or uncontrolled discharges from the site/working areas (including washdown areas) to nearby water courses. Discharge any water containing pollutants such as cements, concrete, lime, chemicals and fuels into a conservancy tank for removal from site. Potential pollutants of any kind and in any form will be kept, stored and used in such a manner that any escape can be contained so as the water table not endangered. Develop a wastewater management plan and emergency procedure on remedying any pollution incidents on site.
Traffic impact	<ul style="list-style-type: none"> Develop an implementable traffic management plan. Install temporary road signs that are visible both during the day and at night indicating road works and restrictions along the active construction sites. We will plan schedules for construction traffic and update it on a regular basis. Set aside parking bays for heavy goods vehicles and public transport vehicles where feasible.
Negative social change	<ul style="list-style-type: none"> Establish a community liaison system to handle any complaints from the community. We will establish a grievance management system to handle internal and external complaints.

<i>Impacts</i>	<i>Proposed Mitigation Measures</i>
	<ul style="list-style-type: none"> The contracts for project employees will detail codes of conduct with regard to interaction with the local community, use of public and social amenities in the locality, handling of complaints from the local community.
Oil and fuel spills	<ul style="list-style-type: none"> Vehicle/machinery maintenance will be done on purpose-built impervious concrete platforms with oil and grease traps. Ensure that all equipment are in good condition, clean and free from leaks. Excavated material to be stockpiled at designated locations within the construction zone as approved by the Resident Engineer/Consulting Engineer.
Increased storm water generation	<ul style="list-style-type: none"> KURA together with relevant authorities such as Nairobi City County and Kiambu County Government should ensure that the storm water drainages along the two bypasses are well maintained and functional to avoid flooding incidences.
HIV/AIDS	<ul style="list-style-type: none"> The Contractor in collaboration with local health facility will carry out HIV/AIDS sensitization, awareness and management for both skilled and semi-skilled staff on site. Provide condoms at strategic points within the contractor's camp, dispensers near lodges and hospitals where people are likely to pick them. Liaise with the nearest VCT centres to offer visit services to workers and neighbouring community. We will institute STIs and HIV/AIDS awareness and prevention campaign amongst workers for the duration of the contract.
Occupational health and safety	<ul style="list-style-type: none"> The contractor to employ traffic marshalls to ensure flow of traffic in diversions and construction sites. The contractor should provide adequate Personal Protective Equipment (PPE) for use by the workers. Conduct relevant training to workers e.g. training on proper use of PPE and safety issues.
Land acquisition	<ul style="list-style-type: none"> The proponent will compensate land and asset owners for loss of land or properties before the project commences.

The full report of the proposed project is available for inspection during working hours at:

- Director-General, NEMA, Popo Road, off Mombasa Road, P.O. Box 67839-00200, Nairobi.
- Principal Secretary, Ministry of Environment and Forestry, NHIF Building, Community, P.O. Box 30126-00100, Nairobi.

IMPORTANT NOTICE TO SUBSCRIBERS TO THE KENYA GAZETTE

THE following notes are for the guidance of persons submitting "copy" for inclusion in the *Kenya Gazette, Supplement*, etc.:

- (1) *The Kenya Gazette* contains Notices of a general nature which do not affect legislation. They are, therefore, submitted to the Government Printer directly.
- (2) *Legislative Supplement* contains Rules and Regulations which are issued by the Central Government. Because of this, they must be submitted to the Government Printer through the office of the Attorney-General.
- (3) *Bill Supplement* contains Bills which are for introduction in the National Assembly.
- (4) *Act Supplement* contains Acts passed by the National Assembly.

All "copy" submitted for publication should be prepared on one side of an A4 sheet no matter how small the Notice is, each page being numbered and should be typed with double spacing. Copy should be clear, legible and contain no alterations.

Particular attention should be paid to the following points:

- (i) Signature must be supported by rubber-stamping or typing the name of the signatory in capital letters.
- (ii) Must be correct and filled in where necessary.
- (iii) Care should be taken to ensure that all headings to Notices and references to legislation are up to date and conform with the Revised Edition of the Laws of Kenya.

EXTRACT FROM THE CODE OF REGULATIONS, SECTION D—

Kenya Gazette

"D 34. (1) Communications for the *Kenya Gazette* should reach the Government Printer not later than 9 a.m. on Friday of the week before publication is desired. The Government Printer will not publish communications received after that hour until the next subsequent issue of the Gazette.

(2) Ministries will be required to pay for the *Kenya Gazette* and to meet the cost of advertising in it.

It is emphasized that these notes are for guidance only, but it is requested that persons submitting copy for publication first satisfy themselves that such copy is complete in every respect.
