GAZETTE NOTICE NO. 13411

THE LEADERSHIP AND INTEGRITY ACT

(No. 19 of 2012)

PURSUANT to section 37 of the Leadership and Integrity Act, 2012, the Ministry of ICT, Innovation and Youth Affairs prescribes the Leadership and Integrity Code set out in the Schedule hereto, to be observed by and binding upon State officers in the Ministry of ICT, Innovation and Youth Affairs.

THE LEADERSHIP AND INTEGRITY CODE FOR STATE OFFICERS IN THE MINISTRY OF ICT, INNOVATION AND YOUTH AFFAIRS

Preamble

The Code is developed for the State Officers in the Ministry of ICT, Innovation and Youth Affairs, pursuant to the provisions of section 37 of the Leadership and Integrity Act, 2012, and to give effect to Chapter Six of the Constitution of Kenya.

Objective of the Code

This Code is intended to establish standards of integrity and ethical conduct in the leadership of the Ministry of ICT, Innovation and Youth Affairs by ensuring that the State Officer(s) therein respect the values, principles and provisions of the Constitution, and any other applicable laws or policies, in the discharge of their duties to the nation.

PART I— PRELIMINARY

(4) A State Officer who receives a gift or donation shall declare the gift or donation to the Commission and the Office within fourteen days of receipt of the gift.

Wrongful or Unlawful Acquisition of Property

15. A State Officer shall not use the Office to wrongfully or unlawfully acquire or influence the acquisition of property.

Conflict of Interest

16. (1) A State Officer shall use the best efforts to avoid being in a situation where his or her personal interests conflict or appear to conflict with the State Officer's official duties.

(2) Without limiting the generality of subparagraph (1), a State Officer shall not hold shares or have any other interest in a corporation, partnership or other body, directly or through another person, if holding those shares or having that interest would result in a conflict of the State Officer's personal interests and the Officer's official duties.

(3) A State Officer whose personal interest's conflict with their official duties shall declare the personal interests to the Office and the Commission.

(4) The Commission may give directions on the appropriate action to be taken by the State Officer to avoid the conflict of interest and the State Officer shall comply with the directions, and refrain from participating in any deliberations with respect to the matter.

(5) Any direction issued by the Commission or the Office under subparagraph (4) shall be in writing.

(6) Notwithstanding any directions to the contrary under subparagraph (4), a State Officer shall not award or influence the award of a contract to—

- (a) himself or herself;
- (b) the State Officer's spouse or child;
- (c) a business associate or agent; or
- (d) a corporation, private company, partnership or other body in which the Officer has a substantial or controlling interest.

(7) Where a State Officer is present at a meeting, and an issue which is likely to result in a conflict of interest is to be discussed, the State Officer shall declare the interest at the beginning of the meeting or before the issue is deliberated upon.

(8) A declaration of a conflict of interest under subparagraph (7) shall be recorded in the minutes of that meeting.

(9) The Office shall maintain a register of conflicts of interest in the prescribed form in which an affected State Officer shall register the particulars of the registrable interests, stating the nature and extent of the conflict.

(10) For purposes of subparagraph (9), the registrable interests shall include—

- (a) the interests set out in the Second Schedule of the Act;
- (b) any connection with a person, firm or a company, whether by relation, friendship, holding of shares or otherwise, who or which has an interest in a matter for which the Office or the State Officer is responsible for;
- (c) any application for employment or other form of engagement with the Commission, by a family member or friend of the State Officer or by a law firm or corporation associated with the State Officer;
- (d) any application to the Office, by a family member or friend of the State officer, for clearance with respect to appointment or election to any public office;
- (e) Any other matter which, in the opinion of the State Officer, taking into account the circumstances thereof, is necessary for registration as a conflict of interest.

(11) The Office shall keep the register of conflicts of interest for five years after the last entry in each volume of the register.

(12) The Office shall prepare and forward to the Commission a report of the registered interests within thirty days after the close of a financial year.

(13) A State Officer shall ensure that an entry of registrable interests under subparagraph (9) is updated and to notify the Office of any changes in the registrable interests, within one month of each change occurring.

Participation in Tenders Invited by the Office

17. (1) Subject to the Constitution and any other written law, a State Officer shall not participate in a tender for the supply of goods or services to the Office.

(2) Notwithstanding subparagraph (1), a company or entity associated with the State Officer shall not be construed as trading with the Office, unless—

- (a) the State Officer has a controlling shareholding in the company or entity; or
- (b) the State Officer is a Director of the Company; or
- (c) the State Officer is a managing partner in a law firm providing services to the Office.

Public Collections

18. (1) A State Officer shall not solicit for contributions from the Office or any other person or entity for a public purpose unless the President has, by notice in the Gazette, declared a national disaster and allowed a public collection for the purpose of the national disaster in accordance with the law.

(2) A State Officer shall not participate in a public collection of funds in a way that reflects adversely on that State Officer's integrity, impartiality or interferes with the performance of the official duties.

(3) Subject to paragraph (2), a State Officer may, with the approval of the President, participate in a collection involving a private cause.

(4) Nothing in this clause shall be constructed as prohibiting a State Officer from making voluntary contributions towards a private cause.

Bank Accounts Outside Kenya

19. (1) Subject to Article 76(2) of the Constitution or any other written law, a State Officer shall not open or continue to operate a bank account outside Kenya without the approval of the Commission.

(2) A State Officer who has reasonable grounds for opening or operating a bank account outside Kenya shall apply to the Commission for approval to open or operate a bank account.

(3) A State Officer who operates or controls the operation of a bank account outside Kenya shall submit statements of the account annually to the Commission and authorize the Commission to verify the statements and any other relevant information from the foreign financial institution in which the account is held.

(4) Subject to subparagraphs (1) and (2), a person who is appointed as a State Officer in the Office and has a bank account outside Kenya shall, upon such appointment, close the bank account within three months or such other period as the Commission may from time to time prescribe.

(5) Subject to subparagraph (4), a State Officer may open or continue to operate a bank account outside Kenya as may be authorized by the Commission in writing.

Acting for Foreigners

20. (1) A State Officer shall not be an agent of, or further the interests of a foreign government, organization or individual in a manner that may be detrimental to the security and other interests of Kenya.

(2) For the purposes of this paragraph—

- (a) an individual is a foreigner if the individual is not a citizen of Kenya; and

- (b) an organization is foreign if it is established outside Kenya or is owned or controlled by a foreign government, organization or individual.

Care of Property

21. (1) A State Officer shall take all reasonable steps to ensure that public property in the Officer's custody, possession or control is taken care of and is in good repair and condition.

(2) A State Officer shall not use public property, funds or services that are acquired in the course of or as a result of the official duties, for activities that are not related to the official work of the State Officer.

(3) A State Officer shall return to the Office all the public property in his or her custody, possession or control at the end of the appointment term.

(4) A State Officer who contravenes subparagraph (2) or (3) shall, in addition to any other penalties provided for under the Constitution, the Act or any other law, be personally liable for any loss or damage to the public property.

Misuse of Official Information

22. (1) A State Officer shall not directly or indirectly use or allow any person under the State Officer's authority to use any information obtained through or in connection with the Office, which is not available in the public domain, for the furthering of any private interest, whether financial or otherwise.

(2) A State Officer shall not be deemed to have violated the requirements of subparagraph (1), if the information is given—

- (a) pursuant to a court order;
- (b) for purposes of educational, research, literary, scientific or other purposes not prohibited by law; or
- (c) in compliance with Article 35 of the Constitution and the relevant law.

Political Neutrality

23. A State Officer shall not in the performance of his or her duties—

- (a) Exercise their freedom of expression and association in a manner that is incompatible with the integrity of their office or which adversely affects or appears to affect the independence or impartiality of the Office.
- (b) act as an agent for, or further the interests of a political party or candidate in an election; or
- (c) manifest support for or opposition to any political party or candidate in an election; or
- (d) engage in any political activity that may compromise or be seen to compromise the political neutrality of the Office subject to any laws relating to elections.

Impartiality

24. A State Officer shall, at all times, carry out the duties of the Office with impartiality and objectivity in accordance with principles and values set out in Articles 10, 27, 73(2)(b) and 232 of the Constitution and shall not practice favouritism, nepotism, tribalism, cronyism, religious bias or engage in corrupt or unethical practices.

Giving of Advice

25. A State Officer who has a duty to give advice shall give honest, accurate and impartial advice without fear or favour.

Gainful Employment

26. (1) Subject to subparagraph (2), a full time State Officer shall not participate in any other gainful employment.

(2) For the purposes of subparagraph (1), "gainful employment" means work that a person can pursue and perform for money or other form of compensation or remuneration which is inherently incompatible with the responsibilities of the of the State Officer or which results in the impairment of the judgement of the State Officer in the execution of the functions of the State Office or results in a conflict of interest.

Offers of Future Employment

27. (1) A State Officer shall not allow himself or herself to be influenced in the performance of his or her duties by plans or expectations for or offers of future employment or benefits.

(2) A State Officer shall disclose, in writing, to the Commission, all offers of future employment or benefits that could place the State Officer in a situation of conflict of interest.

Former State Officer in the Office

28. An appointed/former State Officer shall not be engaged by the Office in a matter in which the State Officer was originally engaged in as a State Officer, for at least two years after leaving the Office.

Misleading the Public

29. A State Officer shall not knowingly give false or misleading information to any person.

Falsification of Records

30. A State Officer shall not falsify any records or misrepresent information to the public.

Conduct of Private Affairs

31. (1) Subject to Article 78(3) of the Constitution, a State Officer who acquires dual citizenship shall lose his or her position as a State Officer.

(2) A person who holds dual citizenship shall, upon election or appointment to a State office, not take office before officially renouncing their other citizenship in accordance with the provisions of the Kenya Citizenship and Immigration Act, 2011, (No. 12 of 2011).

Citizenship

32. A State Officer shall conduct their private affairs in a manner that maintains public confidence in the integrity of the Office.

Bullying

33. (1) A State officer shall not bully another State Officer, Public Officer, Member of the public or any other person.

(2) For purposes of subparagraph (1), "bullying" includes repeated offensive behavior which is vindictive, cruel, malicious or humiliating whether or not is intended to undermine a person.

Acting through Others

34. (1) A State Officer shall not —

- (a) cause anything to be done through another person that would constitute a contravention of this Code, the Constitution or any other law if done by the State Officer; or
- (b) allow or direct a person under their supervision or control to do anything that is in contravention of this Code, the Constitution or any other law.

(2) Subparagraph (1)(b) shall not apply where anything is done without the State Officer's knowledge or consent or if the State Officer has taken reasonable steps to prevent it.

Reporting Improper Orders

35. (1) If a State Officer considers that anything required of him or her is in contravention of the Code or is otherwise improper or unethical, the State Officer shall report the matter to the Commission.

(2) The Commission shall investigate the report and take appropriate action within ninety days of receiving the report.

Confidentiality

36. (1) Subject to Article 35 of the Constitution and any other relevant law, a State Officer shall not disclose or cause to be disclosed any classified or confidential information in his or her custody to any unauthorized person.

Preferential Treatment

37. A State Officer shall not depart from their official roles to assist private entities or persons in their dealings with the Office, another public body or the government where such assistance would amount to preferential treatment to any person.

Duty to Prevent Occurrence of Corruption or Unethical Practice in the Office

38. A State Officer who believes or has reason to believe that a corrupt act or unethical malpractice has occurred or is about to occur in the Office, or has been done or is about to be done by any person shall take all necessary measures to prevent it from continuing or materializing in addition to any other appropriate action.

Duty of the State Officer to Promote Ethics, Integrity and Best Practices in Public Service

39. (1) It shall be the duty of the State Officer to, subject to the Constitution and any other written law, take measures to ensure that all persons serving in the Office uphold and practice the highest attainable degree of integrity in the performance of their duties.

(2) In discharging the duty imposed under sub-section (1), the State Officer may subject to the Constitution or any other written law, suspend or cause to be suspended a Public Officer who is a subject of investigations or upon the recommendations of the Commission.

Exercise of Authority

40. Authority assigned to a State Officer shall be exercised in a manner that—

- (a) is consistent with the Core Values of the Office;
- (b) demonstrates respect for the people of Kenya;
- (c) brings honor and dignity to the Office;
- (d) promotes public confidence in the integrity of the Office and the criminal justice system; and

THE WATER ACT

(No. 43 of 2016)

KISUMU WATER AND SANITATION COMPANY

APPROVED TARIFF STRUCTURE FOR THE PERIOD 2120/2022 TO 2024/2025

Kisumu Water and Sanitation Company (KIWASCO) applied to the Water Services Regulatory Board (WASREB) for a review of tariffs for water services, for the period 2021/2022 to 2024/2025 as per section 72 (1) b of the Water Act, 2016.

Public consultation on the KIWASCO application was carried out in accordance to the requirements of section 139 of the Water Act, 2016.

After considering the application, the written and oral submissions by all stakeholders during the consultation period and based on latest available data, WASREB has determined an upward tariff review for KIWASCO is justified in order to improve service delivery, operate sustainably and protect consumer interests by meeting the tariff conditions attached to the tariff.

WASREB gives a one (1) months' notice to all existing and potential customers of KIWASCO that the approved tariffs for the four financial years 2021/22, 2022/23, 2023/24 and 2024/25 shall be as follows:

THE ENVIRONMENTAL MANAGEMENT AND
CO-ORDINATION ACT

(No. 8 of 1999)

NATIONAL ENVIRONMENT MANAGEMENT AUTHORITY
ENVIRONMENTAL IMPACT ASSESSMENT STUDY REPORT
FOR THE PROPOSED KITALE TOWN SEWERAGE SYSTEM

INVITATION OF PUBLIC COMMENTS

PURSUANT to regulation 21 of the Environmental Management and Co-ordination (Impact Assessment and Audit) Regulations, 2003, the National Environment Management Authority (NEMA) has received an Environmental Impact Assessment Study Report for the above proposed project.

The proponent, Central Rift Valley Water Works Development Agency, proposes to rehabilitate and expand the Kitale Sewerage System (Phase 1) involving rehabilitation of the existing 43km sewer network, construction of 45km trunk sewers and 53km secondary sewers, new plot connections including reconnection for realigned sewers, decommissioning of Bidii and Machinjoni WWTPs and Matisi maturation pond, construction of WWTPs at Sirende and Rafiki sites and associated works.

The following are the anticipated impacts and proposed mitigation measures:

Possible Impacts	Mitigation Measures
Impacts on water resource	<ul style="list-style-type: none"> Discharge of grey water or uncontrolled discharges from the site/working areas (including wash down areas) to adjacent rivers shall not be permitted. Water containing pollutants such as cements, concrete, lime, chemicals and fuels shall be discharged into a conservancy tank for planned removal from site. Works that are likely to generate silt-laden runoff such excavations will be undertaken preferentially during the drier months of the year; December–March. The drainage system will be developed to prevent silt-laden runoff from entering surface water drains and streams. Where possible an 8m buffer strip of existing vegetation will be maintained along the affected rivers such as River Koitobos and River Katalele. Earth stockpiles will be seeded and, covered with geotextile mats or surrounded by a bund to minimise the risk of sediment-rich runoff. Discharge into watercourses and water bodies will only be carried out under consent of the relevant governing bodies such as WRA.
Impacts on soil resource	<ul style="list-style-type: none"> Vegetation clearing and topsoil disturbance will be minimised where possible. Contouring temporary and permanent access roads / laydown areas to minimise
Possible Impacts	<p><i>Mitigation Measures</i></p> <p>surface water runoff and erosion.</p> <ul style="list-style-type: none"> Sheet and rill erosion of soil shall be prevented where necessary through the use of sandbags, diversion berms, culverts, or other physical means. Topsoil shall be stockpiled to a 2m height separately from subsoil and shall be located away from drainage lines protected from rain, wind erosion and contamination. Topsoil shall be evenly spread across the cleared areas when reinstated. Accelerated erosion from storm events during construction shall be minimised through managing storm water runoff (e.g. velocity control measures). Soil backfilled into excavations shall be replaced in the order to preserve the soil profile. Mulch generated from indigenous cleared vegetation shall be spread across exposed soils after construction. Strict adherence to EMP.
Impacts on vegetation cover	<ul style="list-style-type: none"> Compensatory planting of trees i.e. plants at least twice the number of trees, within the project area. Clearing of vegetation will be carried out during construction of works if deemed necessary. Staged vegetation clearance is also recommended so as not to clear the entire corridor all at once. The use of existing cleared or disturbed areas for the Contractor's Camp, stockpiling of materials etc. shall be encouraged. Whenever possible, all damaged areas shall be reinstated and rehabilitated upon completion of the contract to as near pre-construction conditions as possible. Reinstatement of temporary construction sites and pioneer camps (if needed) should be done as swiftly as possible and always with suitable native grasses and other plants.
Impacts on air quality	<ul style="list-style-type: none"> Developing a Dust Management Plan (DMP). Recording all dust and air quality complaints, identifying cause(s), taking appropriate measures. Liaising with local communities to forewarn of potentially dusty activities. Close monitoring of dusty activities, noting that this may be daily visual inspections, or passive/active monitoring as parameter. Planning potentially dusty activities so that these are located as far from receptors as feasible. Erecting solid screens if feasible around stockpiles and concrete batching. Removing dusty materials from construction sites as soon as possible if not being re-used. re-used materials should be covered or vegetated if

<i>Possible Impacts</i>	<i>Mitigation Measures</i>	<i>Possible Impacts</i>	<i>Mitigation Measures</i>
	possible.		environment.
	<ul style="list-style-type: none"> Imposing speed limits on haul routes and in construction compounds to reduce dust generation. Minimizing drop heights when loading stockpiles or transferring materials. Watering shall be done to attenuate dust near sensitive receptors. The duration and frequency shall be set out in the Dust Management Plan and will consider water availability and any stakeholder grievances. Revegetation of exposed areas if feasible. 		<ul style="list-style-type: none"> Contractor and self-employed contractors will assess the Health and Safety risks related with the tasks to be performed during the construction phase. Pre-employment medical assessments will be put in place as a workforce risk management tool to screen individuals for risk factors that may limit their ability to perform a job safely and effectively. Contractor will ensure that training on health and safety measures is provided to all construction workers prior to starting to work. Provision of PPE's to workers. Contractor will implement regular health and safety checks and audits of workers, contractors and subcontractors and implementing sanctions in case of breaches of national standards and the Project's specific standards. Contractor will establish a procedure for the recording and analysis of incidents. Contractor will ensure that facilities and work sites are designed and maintained such that robust barriers are in place to prevent accidents. Contractor will ensure that adequate clean water, adequate food and access to medical care is provided to all workers on the worksite and at accommodation.
Noise and vibrations impacts	<ul style="list-style-type: none"> Siting noisy plant and equipment as far away as possible from human settlement, and use of barriers (e.g. site huts, acoustic sheds or partitions) to reduce the level of construction noise wherever practicable. Works expected to generate significant noise will be executed during the day. Alternatives to diesel and petrol engines and pneumatic units, such as hydraulic or electric-controlled units, will be used, where practical. For machines with fitted enclosures, doors and door seals will be checked to ensure they are in good working order and that the doors close properly against the seals. Throttle settings of plant and equipment will be minimized or turned off when not in use. Equipment will be regularly inspected and maintained to ensure it is in good working condition. Additionally, mufflers, fittings and silencers will be routinely checked. 	Pollution of water resources by raw sewage from blocked sewer pipes and manholes.	<ul style="list-style-type: none"> NZOWASCO will ensure proper and periodic maintenance of sewers and wastewater treatment plants. NZOWASCO will activate a community watch group for information sharing on the status of the sewers. Regular cleaning of grit chambers and sewers to remove grease, grit, and other debris that may lead to sewer backups. Design manhole covers to withstand anticipated loads and ensure that the covers can be readily replaced if broken to minimize entry of garbage and silt into the sewer system. Ensure sufficient hydraulic capacity to accommodate peak flows and adequate slope in gravity mains to prevent build-up of solids and hydrogen sulphide generation. Regular inspection of the system to ensure performance is maintained at high levels. Blockages should be detected and promptly replaced.
Community health safety and security impacts	<ul style="list-style-type: none"> Contractor will develop and monitor the implementation of a Community Health and Safety Management Plan (CHSMP). Contractor will develop Emergency Response Plans (ERPs) in cooperation with local emergency authorities and hospitals. Contractor will extend the Worker Code of Conduct to include guidelines on worker –community interactions and will provide training on the worker code of conduct to all employees including contractors and subcontractors and truck drivers as part of the induction process. Contractor will provide primary health care and first aid at construction camp sites to avoid pressure on local healthcare infrastructures. 		
Worker health and safety and workers management impacts	<ul style="list-style-type: none"> Contractor will develop a Human Resources Policy, which will outline worker rights to be included in all contracts. Contractor will prohibit the use of alcohol or drugs, which could adversely affect the ability the employee to perform the work safely or adversely affect the health and safety of other employees, community members or the 	Odour menace from wastewater treatment works	<ul style="list-style-type: none"> NZOWASCO will ensure that the pond series have adequate water flow and aeration to reduce the potential of odour formation. The perimeter of the proposed site should be vegetated with trees and plants of varying heights thereby forming windbreaker and reduce dispersion of odour. Repairing dilapidated roofs of the sludge drying beds to ensure quick drying of sludge and appropriate disposal to reduce

<i>Possible Impacts</i>	<i>Mitigation Measures</i>
	odour emanating from wet sludge.
Risks associated with sludge from the WWTP	<ul style="list-style-type: none"> NZOWASCO will dry sludge on the drying beds before disposing it off. Dried sludge could be used to make briquettes as a charcoal substitute or be sold to farmers as fertilizers. Excess sludge can be disposed in a designated landfill which shall only be for disposing dry odorless sludge.
Solid wastes impacts at WWTP screens	<ul style="list-style-type: none"> NZOWASCO will develop a comprehensive Waste Management Plan (WMP) for management of solid wastes from screen chambers. NZOWASCO will employ personnel who will be in charge of maintaining hygiene and cleanliness of the WWTP including removal of solid wastes from screen chambers. Properly labelled and strategically placed waste disposal containers shall be provided at all places within the WWTP. Solid wastes once removed from screens shall be collected and disposed appropriately as required by waste Management Regulations of (2006) and Trans Nzoia County Government by laws.
Inversion of birds and reptiles to the WWTP	<ul style="list-style-type: none"> Secure barriers to keep off the animals from interfering with the plant operations and safety will be put in place. In the event of larger wildlife e.g. hippos, NZOWASCO will ensure appropriate consultations with the Kenya Wildlife Services (KWS) on appropriate management actions.

The full report of the proposed project is available for inspection during working hours at:

NATIONAL ENVIRONMENT MANAGEMENT AUTHORITY
ENVIRONMENTAL IMPACT ASSESSMENT STUDY REPORT
FOR THE PROPOSED SEWERAGE NETWORK
REHABILITATION, EXPANSIONS AND INTERCONNECTIONS
(LAST MILE CONNECTIVITY WORKS) FOR KAKAMEGA
TOWN, KAKAMEGA COUNTY

INVITATION OF PUBLIC COMMENTS

PURSUANT to regulation 21 of the Environmental Management and Co-ordination (Impact Assessment and Audit) Regulations, 2003, the National Environment Management Authority (NEMA) has received an Environmental Impact Assessment Study Report for the above proposed project.

The proponent, Rift Valley Water Works Development Agency, proposes to rehabilitate and expand the sewerage system within Kakamega Town for the following lines; Kakamega Town Main Market-Kenya Farmers Association, Amalemba sewer, Referral Hospital sewer and the Milimani - Masinde Muliro University of Science and Technology (MMUST) sewer interconnections in the last mile connectivity works in Kakamega County.

The following are the anticipated impacts and proposed mitigation measures:

<i>Possible Impacts</i>	<i>Mitigation Measures</i>
Air pollution	<ul style="list-style-type: none"> Drivers should be instructed on the benefits of driving practices that reduce both the risk of accidents and fuel consumption, including measured acceleration and driving within safe speed limits. Ensure that all vehicles involved in the transport of construction material and staff, and machinery involved in the construction is properly maintained and serviced. Machines must not be left idling for unnecessary periods of time; this will save fuel and reduce emissions. Use of dust control methods, such as covers water suppression. Ensure that all trucks carrying aggregate and sand are covered during delivery to the site. Ensure that all material (sand and aggregate) stockpiled on the site to be used in construction activities are regularly sprayed to reduce the effects of wind whipping. Care must be taken in the unloading construction materials (aggregate, sand and cement) to prevent spillage. If a spill occurs, this should be cleaned up as soon as possible thereafter. Retain a buffer area of trees and other vegetation generally around the perimeter of the development site which will serve as a natural windbreaks which may reduce the level of dispersion of dust particles generated during this phases of the development. All raw materials must be sourced as close as possible to the construction site thus reducing the emissions from vehicular traffic. All waste must be transported off-site for processing, not burnt or stored for any longer than is absolutely necessary.
Water pollution	<ul style="list-style-type: none"> If diesel and motor oil are to be stored on site, ensure that they are properly contained in a bounded area (With capacity to contain 1½ times the amount of substances stored). This area must have signs indicating the storage of these substances erected. Provide workers at the development site with chemical toilets during this phase of the development. A reasonable ratio would be fifteen (15) workers per toilet. Store all raw materials away from the vicinity of water bodies located on the property to avoid contamination in these

<i>Possible Impacts</i>	<i>Mitigation Measures</i>	<i>Possible Impacts</i>	<i>Mitigation Measures</i>
	areas.		the landscaping activities.
Solid wastes	<ul style="list-style-type: none"> General refuse generated during these phases of the development must be stockpiled in one central area of the development site, away from existing water bodies and collected, transported and disposed of appropriately at the designated disposal site. Clearance of vegetation must be avoided in periods of heavy rainfall. 		<ul style="list-style-type: none"> Determine Access roads which are to be used by machinery used in the construction and site clearance phase development to avoid the unnecessary trampling of vegetation that will be maintained within the development area. Ensure that green belts' which have been proposed for the STW are large as possible as small patches may not be able to support viable populations of some species and these small patches tend to more susceptible to edge effect.
	<ul style="list-style-type: none"> Use an integrated wastes management system observing the following hierarchy of options: Reduction at source, Recycling, Reuse, Combustion and Land filling. Incorporation of waste management commitments contained in the Waste Management Guidelines. Agreement with suppliers to accept the return of unused materials. Agreement with and license details of companies to be used for the off-site transport of wastes. Workforce training programs in waste minimization practices. Waste oil will be collected for transport and off-site disposal littering, specifically of the natural areas, should be prevented. Bins shall be emptied on a daily basis. Waste and litter shall be disposed of into scavenger – and weather proof bins. 	Disturbance of traffic and difficulty of access	<ul style="list-style-type: none"> Provide diversion routes where possible. Give a construction itinerary in advance. Erect warning signs of ongoing works. Expedite construction works so as to reduce the times where roads are blocked. Traffic department should approve crossing plan prior to construction, and should approve obstruction times during construction Access of residents should be facilitated by installing appropriate temporary bridges over the pipeline trenches. Suitable warning signs should be placed at near locations and should be visible at night. A guard should be available 24 hours to help people access across pipeline trenches. Alternatives access ways should be communicated to the community.
Noise and vibration	<ul style="list-style-type: none"> Best available work practices will be employed on-site to minimize occupational noise levels. Combine noisy operations so that they occur at the same time. Noisy operations will be carried out strictly during the day time. Switch off engines when not in use. Access roads should be cut that are exclusively used for the transportation of workers, goods and materials. Where possible silenced machinery and instruments should be employed to reduce the impact of noise on the existing residents and workers. Machinery, vehicles and instruments that emit high levels of noise should be used on a phased basis to reduce the overall impact. Temporary barriers such as earth berms, zinc fencing and sound dampening fencing such as acoustic screens should be employed to reduce the impact of noise to the existing residents. Ensure that construction activities for the development of the project are staggered to decrease the levels of noise and vibration in the area. Construction hours should be limited to the hours of 8.00 a.m. and 6.00 p.m. daily. 	Damage of underground infrastructure	<ul style="list-style-type: none"> Get maps of the underground infrastructure from the relevant institutions. Sensitize workers carrying out Excavations so that they exercise caution to minimize chances of underground infrastructure damage. Work closely with the responsible institutions so that in case of damage, the services are restored within the shortest time. Reroute sensitive infrastructure where possible. Notify affected parties if service needs to be temporarily relocated or was affected by the project works.
		Soil erosion	<ul style="list-style-type: none"> Re vegetation of disturbed surfaces should be done as soon as possible.
		Occupational accidents	<ul style="list-style-type: none"> Ensuring that the drivers and machine operators hired to work on the site are qualified. Workers on site must be provided with appropriate PPE. Appropriate signs must be erected on the site to warn workers and visitors. There should be safety policy clearly displayed on the site.
Biodiversity loss	<ul style="list-style-type: none"> Only clear vegetation that is absolutely necessary for the construction activities. Avoid the use of Invasive Alien Species in 		<ul style="list-style-type: none"> A first aid kit should be provided and a trained first aider should always be on site.

**IMPORTANT NOTICE TO SUBSCRIBERS TO
THE KENYA GAZETTE**

THE following notes are for the guidance of persons submitting "copy" for inclusion in the *Kenya Gazette, Supplement*, etc.:

- (1) *The Kenya Gazette* contains Notices of a general nature which do not affect legislation. They are, therefore, submitted to the Government Printer directly.
- (2) *Legislative Supplement* contains Rules and Regulations which are issued by the National or County Governments. Because of this, they must be submitted to the Government Printer through the office of the Attorney-General.
- (3) *Bill Supplement* contains Bills which are for introduction in the National Assembly, Senate or County Assemblies.
- (4) *Act Supplement* contains Acts passed by the National Assembly, Senate or County Assemblies.

All "copy" submitted for publication should be prepared on one side of an A4 sheet no matter how small the Notice is, each page being numbered and should be typed with double spacing. Copy should be clear, legible and contain no alterations.

Particular attention should be paid to the following points:

- (i) Signature must be supported by rubber-stamping or typing the name of the signatory in capital letters.
- (ii) Must be correct and filled in where necessary.
- (iii) Care should be taken to ensure that all headings to Notices and references to legislation are up to date and conform with the Revised Edition of the Laws of Kenya.
