GAZETTE NOTICE No. 3311

THE INDUSTRIAL COURT

CAUSE No. 43 OF 1975

Parties:—

Amalgamated Union of Kenya Metal Workers
and
Auto Craft Services Limited

Issues in dispute:—

1. Wages.
2. Effective date and duration.

1. The Amalgamated Union of Kenya Metal Workers shall hereinafter be referred to as the Claimants and Auto Craft Services Ltd. shall hereinafter be referred to as the Respondents.

2. The parties were heard in Nairobi on the 11th day of September, 1975, and relied on their written and verbal submissions.

AWARD

3. The Notification of Dispute Form "A" dated 28th April, 1975, was received by the Court on 18th July, along with the statutory certificate signed by the Labour Commissioner.

The Respondents came into business in August, 1974, when they took over a running business from another proprietor.

The Claimants forwarded their proposals on terms and conditions of employment for the Respondents' employees on 3rd July, 1974. Agreement was reached on all the items except wages.

The Claimants' demand on the issue of wages was as follows:—

- (i) An increase of Sh. 75 p.m. to all employees earning less than Sh. 400 p.m.
- (ii) An increase of Sh. 50 p.m. for all employees earning more than Sh. 400 p.m.

The Claimants also demanded that these increases should be effective from 1st November, 1974, and should remain in force for 14 months from that date.

While the dispute was being processed through the Ministry of Labour and the parties signed the Notification of Dispute Form "A" as stated hereinabove, H.E. the President announced wage increases on May Day, 1975. The Presidential announcement forced the Respondents to adjust the wages of their employees to comply with the new directives with effect from 1st May, 1975. This adjustment implied an average increase of 24.2 per cent ranging from 11 to 57.2 per cent for the higher and lower paid employees respectively.

The Employment Promotion Division analysis has this to say on the question of cost of living increases as relevant to the present dispute:—

"Since August, 1974, when the Respondents took over the business, the costs of living have gone up by 18.3 per cent (excluding the effect of indirect taxes) up to August, 1975, for which the official Index figures are available. From 1st May the Index has increased by only 2.6 per cent up to August, 1975. These figures, as the case may be, appears to be the maximum ceiling for compensation with reference to Guideline (iv) which could only be given to the lowest paid employees."

During the hearing the Claimants alleged that the Respondents had granted increases to their employees when they fully knew that they, the Claimants, were negotiating on their behalf, and had in fact tried to undermine them. They further stated that since the employers had granted wage increases in some cases more than what the Claimants had originally demanded only proved that they were in a position to pay even higher wages. The Claimants accordingly asked the Court to award their original demand over and above the employees' wages as at 1st May, 1975.

The Claimants stated that realizing the difficulties being faced by the Respondents they would accept the effective date to be 1st May, 1975, for a duration period of 14 months as cost of living was rising so rapidly that it would be unfair to leave the wages unrevised for a longer duration.

The Respondents categorically denied that they had tried to undermine the Claimants and pointed out that they had simply complied with the Presidential May Day announcement and this had more than fully compensated their employees for the rise in the cost of living and since they were still in infancy they could not afford to pay any further increases so soon after the May Day adjustments.

The Court notes that this dispute has been overtaken by events as after the parties had signed the Notification of Dispute Form "A" on 28th April, 1975, the Respondents had no alternative but to comply with the Presidential May Day increases which resulted in their having to pay in some cases some of their employees even more than what the Claimants had demanded.

In the circumstances surrounding this dispute the Court finds it fallacious for the Claimants to argue that because an employer had implemented a Presidential decree this proved that he had money to increase the wages of his employees even higher.

The Court has carefully studied the wages of the employees as at 1st August, 1974, when the Respondents took over the business and the new wages with effect from 1st May, 1975, and after careful consideration of all the submissions made by the parties the Court awards that the workers are not entitled to any further increases provided that no worker should get less than what the Claimants had demanded as stated hereinabove after the adjustment in their wages had been taken into account necessitated by the May Day increases.

In view of the certain amount of overlapping and confusion that has arisen in this dispute on the Claimants' demands and the adjustments due to May Day increases the Court awards that the duration period of these increases should be for 14 months only because of these very special circumstances. The Court further directs that the effective day should be 1st May, 1975.

Given in Nairobi this 6th day of October, 1975.

THE TRADE MARKS ACT

(Cap. 506)

NOTICE is hereby given that any person who has grounds of opposition to the registration of and of the trade marks advertised herein according to the classes may, within 60 days from the date of this Gazette, lodge notice of opposition on Form T.M. No. 6 (in duplicate) together with a fee of Sh. 50.

Notice is also hereby given that official objection will be taken under rule 21 (3) to all applications in which the specification claims all the goods included in any class unless the Registrar is satisfied that the claim is justified by the use of the mark which the applicant has made, or intends to make if and when it is registered. Where an applicant considers that a claim in respect of all the goods included in a class can be justified it will save unnecessary delay in examining applications if a claim is filed simultaneously with the application, accompanied in appropriate cases by supporting documents.

The period for lodging notice of opposition may be extended by the Registrar as he thinks fit and upon such terms as he may direct. Any request for such extension should be made to the Registrar so as to reach him before the expiry of the period allowed.

Formal opposition should not be lodged until after reasonable notice has been given by letter to the applicant for registration so as to afford him any opportunity of withdrawing his application before the expense of preparing the notice of opposition is incurred. Failure to give such notice will be taken into account in considering any application by an opponent for an order for costs if the opposition is uncontested by the applicant.

Where it is stated in the advertisement of the applicant that the mark, upon its registration, is to be limited to certain colours, the colours are, as far as possible, indicated in the accompanying representations of the mark in the usual heraldic manner.

Representations of the marks advertised herein can be seen at the Trade Marks Registry, State Law Office, Nairobi.

Applications for registration in Part A of the Register are shown with the official number unaccompanied by any letter. Application for Part B distinguished by the letter B prefixed to the official number.
