Investigations established that the procurement of the private agent by the Kisumu County Assembly Board to facilitate conferences in three destinations was irregular. There was no due regard to the public procurement regulations and the said agent was engaged without due competition. The method of procurement the County Assembly Service Board used was irregular, and further the Board usurped the mandate of the Tender Committee to make the award of the contract to the said agent. Investigations further established that the Kisumu Assembly Speaker received money from the said agent which was an inducement for the said irregular award.

A report was compiled and forwarded to the Director of Public Prosecutions on 10th April, 2015 recommending that the Members of the Kisumu County Assembly Service Board be charged jointly with the offence of willful failure to comply with the law relating to procurement contrary to section 45(2) (b) as read with section 48 (1) of the Anti-Corruption and Economic Crimes Act, 2003. Investigations established that the Board only discovered about the said procurement when the contract with supplier of the hatcheries had already been executed by the Chief Executive Officer. Investigations further established that, the first installment of the advance payment was made to the supplier without the company submitting the advance payment bond as per the terms of contract hence exposing the Fund to great risk. The Interim Tender Committee (ITC) contravened the law by endorsing the use of direct procurement for procuring the subject vehicles thus not ensuring that there was fair competition and that the prices at which the said vehicles were acquired was with the prevailing market rates. Further, the ITC endorsed the award of this tender to Messrs. Extreme Autos Limited through unlawful procurement method. Investigations established that the project was advertised on the print media on 10th January, 2007 Investigations also established that the tender had attracted four (4) applicants who were all present during the pre-bid sit visit conducted on 12th February, 2007. Investigations established that after due procurement process, the contract was awarded to the successful tenderer at a contract sum of KSh. 2,699,623,837.35 for the construction to bitumen standards of Kamukuywa-Kaptama-Kapsokwony-Sirisia (D285/D265) roads. The Committee's decision was communicated to the user department – Chief Engineer Roads on 13th April, 2007 and the successful and unsuccessful bidders were notified of the award whereby the successful bidder promptly accepted the offer. However, at the commencement of works on the road, the Resident Engineer proposed a redesigning of the project on the ground that the consultant who had done the designing had failed to take into account certain parameters. The Cabinet Secretary for Roads who was the Permanent Secretary, Ministry of Roads and Public Works signed a Memorandum of Understanding between his Ministry and a Construction Company that the Resident Engineer was to, in effect re-design the project, which he did. This decision taken ignored the fact that the design that had previously been done and for which the Government paid KSh. 33 million, a fact well within the knowledge of the suspect. The re-designing was to cost the Government additional costs which were not factored in for the project.

A similar request was received from Kenya Agricultural Research Institute (KARI), proposing that they be allowed to use 20 acres of the land for a potato research. The Committee then recommended that the requests be considered and approved by the Full Board of Directors. Evidence obtained revealed that a letter of offer granting the request was given to the farmer and he entered into a contract with the Institute. The letter was given by the Managing Director and Head of Procurement before the requisite approval was given by the Board.

Whereas it was alleged that the Cabinet Secretary for Agriculture was the one who had leased the land from KEVEVAPI, investigations revealed that he was not involved nor did he influence the approval given to the private farmer to lease the land.

The direct procurement of the contractor was not approved by the Tender Committee. There was no tender opening exercise in this procurement and the contractor engaged by the Embu County was not in the approved list of pre-qualified contractors for the County and the Evaluation Committee that evaluated the bids was not properly constituted as only two persons evaluated the bids instead of the three provided for in the Public Procurement and Disposal Act.

The Committee also approved use of 2009/2010 pre-qualified list of suppliers in addition to responsive bidders who participated in the Tender for the Perimeter Fence and the Gymnasium which were through the Open Tendering method. It was agreed that that Tender uses the Restricted Tendering method so as to enhance competitiveness in the bidding. As such the Tender Committee in this case did not go wrong when they used the prequalified six suppliers for the Tender for the Perimeter and Gymnasium as the Open Tender method was used to identify them during prequalification. In addition the Tender Committee used the four prequalified suppliers in this service that qualified in the year 2009/2010 thus making a total of ten suppliers. This was to fulfill the provisions of section 53(3) of the PPDR. The Clerk of Works confirmed that the work was done to his satisfaction and as per the Bill of Quantities (BQs and the contract. Investigations further revealed that it is clear that Lamu Constituency Fund Committee Members and Cattle Dip Project Management Committee members had schemed to transfer the said funds from the PMC account without due procedure. It is also clear that that the Accounts Manager and the Treasurer facilitated the said transfer. Investigations established that the negotiations between the County Government and the winning bidder were entered into and subsequently a contract price of KSh. 5,950,000 was agreed upon even before the tender had been awarded and a notification of the award given.

Investigations further established that the Tender Committee purported to award the contract to the winning bidder even though a proper evaluation of the tender had not been carried out in accordance with the Public Procurement and Disposal Regulations. *Inquiry into allegations of irregular award of secret allocation of permits to import sugar against Cabinet Secretary in the Ministry of Agriculture, Livestock and Fisheries.*

Investigations established that the Kenya Sugar Board Directorate which is mandated to issue licenses, for purposes of accountability established an ad-hoc Regulation and Compliance Committee to consider applications for issuance of permits to import sugar. Investigations established that after the said committee approved the issuance of several permits, an official of the Sugar Directorate would then issue permits as recommended. Investigations established that the Cabinet Secretary in the Ministry of Agriculture, Livestock and Fisheries has no role in such decision making; and thus did not issue any irregular sugar import permits as alleged. Investigations however revealed that there are lapses in the issuance of sugar import permits owing to absence of Regulations.

The investigations did not establish any culpability on the part of the Cabinet Secretary.

A report was compiled and forwarded to the Director of Prosecutions on 4th June, 2015 recommending that the inquiry file be closed. The Commission however recommended that there is need for the Ministry of Agriculture, Livestock and Fisheries to liaise with the Office of the Attorney-General to formulate watertight regulations either under the Crops Act or Agriculture Fisheries and Food Authority Act to guide the process of issuance of the permits.

*Inquiry into allegations of corruption against the Cabinet Secretary, Ministry of Energy and the Nairobi Senator in a tender award at Kenya Pipeline Company (KPC).*

Investigations established that the existing KPC Line 1 pipeline was commissioned in 1978 or thereabouts, and since then regular intelligent pigging is carried out to assess the condition of the pipeline. In the course of one such pigging, it was decided that it was not economically viable to continue using the pipeline because of the high cost of maintenance. Following this decision, the KPC management and the Board decided that it was necessary to replace it with a new pipeline. A decision was made to procure a consultant to carry out design of a new pipeline to cater for demand up to year 2044, prepare tender documents for procurement of a contractor and supervise the implementation of the project.

Investigations revealed that a consultant to do the aforementioned was procured through competitive bidding and a contract signed in mid 2012. The consultant carried out the design which was reviewed and approved by KPC on the basis of which they prepared tender documents for the procurement of a contractor. Investigations established that due process was complied with in the procurement of a contractor who was awarded the tender at a contract price of USD 484,502,886.40. The evidence obtained also revealed that the Public Procurement Administrative Review Board after hearing complaints in regard to the procurement process gave the same a clean bill of health and allowed the procuring entity to enter into contract with successful bidders. The contract was signed on 1st July, 2014 after several court cases. The evidence did not establish any acts of corruption by the Cabinet Secretary and the Senator to warrant any action against them.

A report was compiled and forwarded to the Director of Public Prosecutions on 4th June 2015 recommending that the file be closed with no further action.

On 10th June, 2015, the DPP accepted the recommendation for closure of the inquiry file. The evidence obtained did not also reveal that the Cabinet Secretary was related to the said company.

*Inquiry into allegations that top Government Officials, Members of Parliament and State/Public Officers were beneficiaries of Public Land Parcel No. L.R. 3586/3 IR 31187 with double allocation to Horatius Da Gama Rose M/s Muchanga Investment Ltd and Jos Konzolo of Messrs. Telesource.Com Ltd.*

Investigations established that the subject property was owned by a private person, and was later transferred to other persons upon demise of the initial owner. The said transfer was effected by the bank which was the administrator of the estate of the original owner.

Investigations further established that in unclear circumstances, the land was again transferred to another person who the investigations have established had long died at the time of the alleged said transfer. The evidence obtained revealed that the bona fide owners decided to subdivide the land in several plots with an intention of disposing them off. However, this owner later recalled the said subdivision and indicated that they wanted the land as one block. However, in again unclear circumstances and with the connivance of officials from the Lands office, the land was transferred to another company. This was effected through fraud and conspiracy and use of false documents.

When the investigations commenced, the Ministry of Lands and the Cabinet Secretary being the custodian of all land documents and information failed to give a clear position as to who the legitimate owner of the subject parcel of land was. The Cabinet Secretary openly interfered with the investigation by instructing her officers not to cooperate with the Commission, which necessitated the issuance of summons to Ministry officials to appear before the Commission. The Officers were under instructions not hand over documents relating to the parcel of land and not to record statements without the express permission of the Cabinet Secretary. The Cabinet Secretary acted in a manner contrary to her trust as the Cabinet Secretary; subversive to the constitution, to the great prejudice to the cause of law and justice.

*Inquiry into allegations that the Ganze Member of Parliament and the Constituency Development Funds Manager jointly with others misappropriated funds from the CDF Account through purported Constituency Development Fund projects in the Financial Year 2013/2014 and conferring benefits for themselves and causing loss of public funds amounting to KSh. 45 million.*

Investigations established that although Ganze CDFC sought approval from the CDF Board for the implementation of the various projects in Ganze Constituency, these projects were not implemented. Investigations established that the Ganze M.P. in collusion with other officials of the CDF approved several payments to various contractors for projects that were non-existent. Investigations further established that several documents were falsified in a bid to justify and authenticate the said payments which were not approved by the CDFC members. These included minutes of tender Committee minutes which were not held and payment vouchers Investigations also established that there were no tenders advertised for the purported projects in respect of which payments were made.

Investigations further established that after payments were made to the several contractors and suppliers, some of the money received was paid back to the M.P. for Ganze, the Fund manager and other officials. The money was paid out through the bank and Mpesa transactions. The contractors and suppliers also received and retained the CDF funds whereas they had not rendered any services, supplied any goods or done any works to warrant received of public funds.

Investigations established that after the contract was awarded for the construction of the main Corporation Headquarters Office Block, it was later discovered that there was need to sub-contract for the installation of structural cabling in the same building. Investigations established that the tendering for the said additional works was carried out within the provisions of the Public Procurement and Disposal Act; and the contract awarded to the lowest evaluated bidder.

With regard to the employment of unqualified employees by the Managing Director, NWPC, investigations established that the said employees had genuine certificates. There were no irregularities in their employment.

Investigations established that the consultant engaged by the Nyeri County to carry out the technical audit services was not a pre-qualified consultant for the year 2014/2015. Investigations further established that the Chief Executive Member (CEC) for Roads and Infrastructure unilaterally hand-picked and invited the consultant to undertake the consultancy works yet the procurement process had not commenced. It is clear that the suspect breached procurement rules by failing to obtain the requisite approval to use restricted tendering from the Tender Committee before he wrote to the consultant inviting them to undertake the Consultancy Audit services. Investigations further established that the Tender Committee did not approve the award of the contract to the consultant. Investigations further established that in spite of the procurement of the aforementioned contractor being flawed, the CEC Finance authorized payment to the consultant.

A report was compiled and forwarded to the Director of Prosecutions on 19th June, 2015 recommending that the County Executive Secretary, Land, Housing and Infrastructure Development, County Executive Secretary – Finance and Economic Planning and the Chief of Staff jointly be charged with the offences of Willful failure to comply with the law or applicable procedures and guidelines relating to procurement, contrary to section 45 (2) (b) as read with section 48(1) (a) of the Anti-Corruption and Economic Crimes, 2003 and Abuse of office contrary to section 46 as read with section 48 of the Anti-Corruption and Economic Crimes, 2003.

*Inquiry into alleged irregular leasing ambulance services by Garissa County Government from Emergency Plus (E-Plus) Medical Services Ltd, a Company owned by the Kenya Red Cross.*

Investigations established that after the need arose for the purchase of ambulances by the Garissa County Government, a tender was advertised for interested persons to sell ambulances. Investigations however revealed that before the completion of the procurement

process, the Governor of Garissa and other County Officials engaged negotiations with E-Plus Medical Services Limited, a company affiliated to the Kenya Red Cross for the lease of ambulance services. This was a departure from the initial process which envisaged purchase of ambulances. The hire of ambulance services from the said company was not budgeted for nor approved by the County Assembly.

Investigations further established that the open tendering process for the purchase of ambulances was thus shelved and E-PLUS Medical Services was directly procured to lease ambulance services to the Garissa County Government. The Governor of Garissa and other County officials negotiated and signed a contract for the lease of ambulance services at a monthly cost of KSh. 600,000 per ambulance for six ambulances. There was no budgetary allocation for this engagement, the Supplementary budget for the County was passed two months after the County Government had already entered into a contract with the Kenya Red Cross and the latter had already billed the County for services rendered in March and April, 2014. Investigations further established that the Tender Committee of the Garissa County purported to award the contract to E-PLUS after purporting to evaluate bids from several ambulance providers. These other providers were categorical that they did not place any bids to lease ambulance services to the County. The purported award by the Tender Committee was thus a sham and a means to justify the contract with E-PLUS Medical Services Limited. It was also established that in engaging the said company no due regard was made to the prevailing market prices to confirm whether the payments made to the company were within the market prices.

A report was compiled and forwarded to the Director of Public Prosecutions on 25th June, 2015 recommending that Governor of Garissa County Government be charged with the offences of Abuse of office contrary to section 46 and Careless failure to comply with the law relating to management of public funds contrary to section 45(2) (b) as read with section 48 of the Anti-Corruption and Economic Crimes Act, 2003; The Members of the Garissa County Government Tender Committee be charged with the offence of Willful failure to comply with the law relating to procurement contrary to section 45(2) (b) as read together with section 48 of the Anti-Corruption and Economic Crimes Act, 2003. It was further recommended that the Chief Officer of Health, Garissa County Government be charged with the offence of Engaging in a project without prior planning contrary to section 45(2) (c) as read with section 548 of the Anti-Corruption and Economic Crimes Act, 2003.

Investigations established that the Governor, personally filled and signed the self-declaration form dated 11th December, 2012 under oath and submitted the same to the Ethics and Anti-Corruption Commission on the 11th December, 2012. In the said declaration, the suspect affirmed that he had not been convicted of any criminal offence a fact he knew was false. Investigations established that he had been convicted and sentenced to pay a fine of KSh. 400,000 in default to serve six months in prison in criminal case No. 2322 of 2010 at the Makadara Chief Magistrates Court on 3/8/2012.

A report was compiled and forwarded to Director of Public Prosecutions on 7th May, 2015 with recommendation that (i). The Chairman, Commissioners and Chief Executive Officer (NPSC), and the County Works Officer and Chief Superintendent be charged jointly with the offence of willful failure to comply with the law relating to procurement contrary to section 45 (2) (b) as read with section 48 (1) of the Anti-Corruption and Economic Crimes Act, 2003. *An inquiry into allegations that the Former Secretary to the Cabinet used his office to irregularly acquire a Kenya Railways Corporation's House set aside for purchase by Former Employees of the said Corporation.*

Investigations established that former Secretary to the Cabinet leased a house from the Kenya Railways Corporation. The house is situated within Kileleshwa. Investigations further established that the Secretary entered into a two year Tenancy Agreement with Kenya Railways in 2009 and since then he has been paying rent which qualifies him as a tenant and not the owner of the said house. The evidence further reveals that the suspect refurbished the house without the permission of the Corporation due to the Corporation's inability to observe its obligations of ensuring timely maintenance and repairs of

the house to make it habitable. This notwithstanding, the renovation has enabled the Corporation to fetch rent equivalent to that paid for similar KR houses in that area which is a beneficial to the Corporation. *Inquiry into allegations that the Cabinet Secretary, Ministry of Lands, Housing and Urban Development conspired with valuers working in her Ministry and the alleged owner and vendor of Plot Number Mombasa MN/1/397 (Waitiki Farm) to inflate the cost of the said plot earmarked for purchase by the Government.*

Investigations established that the property Mombasa/Mainland North/1/397 belongs to Kencent Holdings Ltd. It is situated at Northern side of Mombasa County in Shanzu area famously known as Kwa Mbulo and measures approximately 86.84 acres. The said property was bought through a public auction way back on 10th November, 2006 in consideration of the sum of KSh. 43,945,000/- . Investigations established that squatters trespassed on the said land. Since it was becoming increasingly impossible for the bona fide owner of the land to occupy the same, the Government offered to purchase the land to settle the squatters.

Further investigations revealed that the proposal for the sale of the said property to the government was agreed upon by the Cabinet Secretary. An offer to sale the said property was tabled to her for consideration of the sum of KSh. 20,000,000 per acre. Thereafter, the Cabinet Secretary held a meeting with the Ministerial Tender Committee to deliberate on the issue of purchasing the said property and the Committee approved the purchase of the said properties at the Government Valuation price. Investigations established that negotiations with the owner went on with the Cabinet Secretary and

were subsequently escalated to the Office of the President. She then held several meetings with the owner to negotiate on the said offer.

The owner was offered KSh. 1,000,000,000 but he declined for the reasons that the same was on the lower side way beyond the offer in the valuation. Investigations further established that the Cabinet Secretary, Ministry of Lands and Urban Development made a request for allocation of 2 billion from the Agricultural Settlement Fund for purposes of the purchase of Waitiki Farm at KSh. 1,000,000,000 but property L.R. Number Mainland North 1/397 was kept pending for consideration. An additional sum of KSh. 1.1 billion was approved for the settlement Fund Trustees to enable the Ministry of Lands, Housing and Urban Development to acquire land for settlement of squatters.

The evidence did not establish that the offer price for the land was inflated nor was any collusion established between the Cabinet Secretary, the valuers and the owners of the subject property. There was no culpability established on the part of the Cabinet Secretary, Ministry of Lands and Urban Development and the owner of the Waitiki Farm, to warrant any action against them.

A report was compiled and forwarded to Director of Public Prosecutions on 22nd May, 2015 with a recommendation that the inquiry file be closed.

On 28th May, 2015, the DPP accepted the recommendation for closure of the inquiry file.

EACC/EL/4/2015

*Inquiry into allegations of irregular appointments of Members to the National Social Security Fund Board by Cabinet Secretary for Labour.*

Investigations established that Cabinet Secretary for Labour appointed members to the Board of Trustees of the NSSF whereas they held positions in public office. This was contrary to the provisions of the NSSF Act contravening the provisions and regulations of the Act and the Constitution. The Cabinet Secretary alleged that he was not aware that the appointees were public officers.

A report was compiled and forwarded to the Director of Public Prosecutions on 25th May, 2015 recommending that the Cabinet Secretary for Labour be charged with the offence of Abuse of office contrary to section 46 as read with section 48(1) of the Anti-Corruption and Economic Crimes Act No. 3 of 2003.

On 28th May, 2015, the DPP did not accept the recommendation for prosecution. He advised that the inquiry file be closed.

*Inquiry into allegations of abuse of office and failure by the Management of Kenya Airport Authority to comply with the provisions of Public Procurement and Disposal Act, 2005 and Regulations, 2006 together with other statutory provisions in the procurement of proposed Greenfield Terminal Project, Tender Number: KAA-ES/JKIA/658-DB.*

Investigations established that Kenya Airports Authority (KAA) in the year 2011 identified the need to expand the Jomo Kenyatta International Airport (JKIA) terminal so as to meet the demands of passenger increase, safety and other security related issues. KAA Board of Directors (BOD) approved the construction of the green-field passenger terminal complex and associated works as JKIA at a budget of USD 499,730,725.40. KAA commenced the necessary procurement process and finally awarded the tender to an Engineering Group Company in joint venture with an International Engineering Corporation. However, the KAA BOD resolved in a Board meeting to terminate the procurement process mainly because the Ministries of Finance and Transport had not given their respective concurrence for the process. The winning bidder got wind of the termination and filed a reference at the Public Procurement Administrative Review Board (PPARB) challenging the decision. PPARB finally ruled in favour of the winning bidder directing KAA to sign the contract for the subject project within twenty eight days of that decision. Investigations further revealed that the Tender Committee on 27/7/2012 cancelled the tender process before the delivery of PPARB ruling and the signing of the contract. The said Tender Committee action accorded will with section 36 of PPDA which entitles a procuring entity to cancel a procurement process at any time before the signing of a contract. That means all those infractions are of no legal effect. All those responsible for the impugned processes and decisions suffer no criminal culpability.

A report was compiled and forwarded to the Director of Public Prosecutions on 25th May, 2015 with the recommendation that the inquiry file be closed with no further action.

On 2nd June, 2015, the DPP accepted the recommendation for closure.

*Inquiry into allegation of Breach of Chapter Six of the Constitution and Provisions of the Leadership and Integrity Act, 2012 against the Senator of Nairobi County.*

Investigations established that on 26th December, 2014, a truck registration number KBY 259P was ferrying water passed through the Mtwaipa Weigh Bridge. The said truck was ferrying water to the residence of the Senator of Nairobi County. At the Weigh Bridge the truck was weighed and found to have exceeded the axle load by 6440 kg. The driver of the truck was instructed to park the aside. It was at that juncture that the Senator stormed the Weigh Bridge demanding that the truck be released. He threatened the officers on duty at the Weigh Bridge. After making a lot of noise, the suspect was seen making several calls and later the officers were instructed to release the truck by an Engineer of the Kenya National Highways Authority (KenHa). There is sufficient evidence that the suspect created disturbance in a manner likely to cause a breach of the peace, intimidation and incitement to disobedience of the law and that his conduct contravened Chapter Six of the Constitution to warrant action by the Speaker of the Senate.

A report was compiled and forwarded to the Director of Public Prosecutions on 25th May, 2015 recommending that the matter be referred to the Directorate of Criminal Investigations. Secondly, with regard to breach of Chapter Six of the Constitution, the Commission recommended that the Senate, being the responsible Commission take appropriate administrative action against the suspect.

On 28th May, 2015, the DPP accepted the recommendations by EACC.

The following are the anticipated impacts and proposed mitigation measures:

#### Environmental Impact Mitigation Measures

Noise

- Sheltering of the site.

- Restricting demolition to day time only.
  - Using well-conditioned demolition machines.
  - Providing those working at the site with PPE such as ear muffs and earplugs to reduce the levels of noise reaching the inner ear.
- Solid waste generation
- Recover the reusable and recyclable components of the waste either for use in the new construction or for sale to other constructors/ recyclers.
  - Contract the services of a NEMA licensed demolition waste handler to deal with the non-usable, non-recyclable waste.
- Workforce effluent
- Procure portable toilet facilities to be emptied regularly.
- Air pollution
- Demolition will be conducted within the shortest time possible.
  - Restricting demolition to daytime at times when the wind intensity is low.
  - The site will be sheltered from the other parts of the premise.
  - The rubble will be sprinkled with water.
  - Workers on site will be provided with the necessary PPE such as dust masks.

  - Accidents will be investigated and appropriate measure to prevent recurrence.
  - Demarcate and sign post routes and parking for traffic into the site.
  - Only allow the number of vehicles that can be accommodated at the designated parking at a time.
- Unused soak pit and septic tank
- The sewage in the septic tanks and soak pit will be pumped out by contracted NEMA accredited sewage handlers and transported offsite for disposal.
  - The septic tanks will be deslugged and the sludge likewise taken off site for disposal.
  - The septic tanks should first be emptied of all residues and cleaned preferably with lime which acts as a disinfectant.
  - Once soak pits are emptied, lime can also be used as a disinfectant.
  - The holes should then be filled up with either sand or gravel to ground level. The disturbed areas once backfilled should be properly graded and seeded/ planted ( if necessary) with appropriate vegetation ( trees and grass).
  - For the purposes of the planned new developments the proponent should keep a record of the location of the decommissioned septic tanks and soak pits.
- Change of user conflicts
- Change of user to be approved by the County Government of Mombasa and the Ministry of Lands.
  - Proponent to commit to implementation of the Environmental Management Plan at operational phase to mitigate change of user impacts.
