GAZETTE NOTICE No. 1105

THE INDUSTRIAL COURT

CAUSE No. 80 of 1975

Parties:—

Kenya Union of Commercial Food and Allied Workers
and

Kenya Farmers Association (Co-operative) Ltd.

Issue in dispute.—Wage increase.

1. The Kenya Union of Commercial Food and Allied Workers shall hereinafter be referred to as the Claimants and Kenya Farmers Association (Co-operative) Ltd. shall hereinafter be referred to as the Respondents.

2. The parties were heard in Nairobi on the 9th day of March, 1976, and relied on their written and verbal submissions.

AWARD

3. The Notification of Dispute Form "A" dated 4th November, 1975, was received by the Court on 30th December along with the statutory certificate signed by the Labour Commissioner.

This dispute has arisen because of the Claimants' demand against the Respondents for a 20 per cent wage increase to all unionizable employees in order to compensate them for the increase in the cost of living which demand the Claimants have based on H.E. the President's May Day 1975 decree.

The parties have a valid collective agreement in force for a period of three years effective from 1st December, 1974. In this agreement the Respondents' employees were given a wage increase of 30 per cent in two instalments as follows:—

(a) 17½ per cent for the first period of 18 months (1-12-1974 to 31-5-1976).

(b) 12½ per cent for the second period of 18 months (1-6-1976 to 30-11-1977).

In the same agreement the parties have specified as follows in the preamble:—

"That by mutual recognition of the effects of inflation only the increases in wages and salaries be back-dated to 1st August, 1974, for employees who were in employment as at 31st July, 1974, and who continuously remained and are employed at the time of implementation of this agreement, such implementation being the month after the registration of this agreement."

It should be noted from the above that those employees who were in employment as at 31st July, 1974, received the aforesaid first instalment of wage increase of 17½ per cent from 1st August, 1974, instead of 1st December, 1974.

Paragraph 10 of the same preamble to the collective agreement reads as follows:—

"That subject to any industrial statutory directive, no further negotiations or amendments shall be entered into in respect of the above or any other items relating to the terms and conditions of employment until two months to the expiry of three years as stated hereinabove, should there be need for revision of any part of the terms and conditions of employment."

The Claimants have based their demand of 20 per cent wage increase on this part of the preamble and have referred to the Tripartite Meeting between COTU (K), Federation of Kenya Employers and the Government in April, 1975, after which certain directives were conveyed to the parties by the Permanent Secretary, Ministry of Labour. These directives will be referred to as and when necessary hereinafter in the award.

In addition to this the Claimants have reinforced their demand by the Presidential decree of May Day, 1975. The Claimants explained that H.E. the President had directed that the trade unions and the employers in the private sector should negotiate voluntarily in order to give workers wage increases to compensate them for the loss of purchasing power due to inflation.

The Respondents have strongly resisted this demand on the ground that the workers had been adequately taken care of in the current collective agreement under which the workers were to benefit by a 30 per cent wage increase as stated above.

Despite the Claimants' argument that the Respondents were a commercial organization competing with small retailers all over the country the fact remains that they are since their formation dating back to over 50 years a co-operative society and according to the latest figures in the register citizen membership has reached a record level of 2,700 out of 2,800 registered members which membership includes nearly all the farming co-operatives in the Republic.

The Court is satisfied that there is a lot of weight in the Respondents' argument that they are playing a very vital role in the country's socio-economic development as follows:—

- "(a) Income redistribution in favour of the poor members of our society;
- (b) increasing agricultural production at reduced costs which acts or should act as a check on the pace of urbanization and the exodus of rural labour;
- (c) increasing the level of incomes by providing agricultural services to the rural population."

The Respondents at present operate 35 branches throughout the Republic and have 1,633 persons in employment. Some of these branches are being run solely for the benefit of the farming community although they are economically not viable.

Regarding the Claimants' criticism of the Respondents that they were a luxury undertaking spending over one million shillings in new motor vehicles the fact remains that such an enterprise requires adequate and efficient means of communication and transportation to render proper services to the farming community. In any case, this expenditure does not really affect the issue in dispute.

The Court has to determine if sufficient and strong reasons have been disclosed by the Claimants to tamper with a valid collective agreement which had clearly taken into account the effects of inflation as is stated in the preamble quoted above.

The cost of living in respect of wage earners has gone up by 25.2 per cent from 1st December, 1974, up to February, 1976, and from August, 1974, when the employees in employment as at 1st July, 1974, got the first increase the index has gone up by 27.7 per cent up to the end of February, 1976. During the same period the wage increases which have been given amount to 17.5 per cent in addition there were small increases in fringe benefits.

It is obvious from the above that for the first 18 months of the agreement the workers' wages have been eroded by nearly 10 per cent and as against that the workers will be getting a wage increase of 12.5 per cent effective from 1st June, 1976.

As is the practice, for any increases in the cost of living for the remaining duration of the current collective agreement the workers would be entitled to wage increases to offset such increases when the agreement is revised on its expiry date.

Had the Court been satisfied that the workers would have suffered a real hardship if they were not given an immediate wage increase to compensate them for the high cost of living the Court has no doubt that the directive issued by the Minister for Labour in April, 1975, would have entitled the Claimants to such a revision and that the latest revised Guidelines would not affect this dispute as it had arisen and had been forwarded to

the Court in December, 1975. The fact, however, remains that the Court is satisfied after a careful consideration of all the submissions that the current collective agreement should be allowed to run its full life under which the workers are entitled to get a 12½ per cent increase from 1st June, 1976.

The Court accordingly rejects the Claimants' demand.

Given in Nairobi this 5th day of April, 1976.

GAZETTE NOTICE No. 1108

THE TRADE MARKS ACT
(Cap. 506)

NOTICE is hereby given that any person who has grounds of opposition to the registration of any of the trade marks advertised herein according to the classes may, within 60 days from the date of this Gazette, lodge notice of opposition on Form T.M. No. 6 (in duplicate) together with a fee of Sh. 50.

Notice is also hereby given that official objection will be taken under rule 21 (3) to all applications in which the specification claims all the goods included in any class unless the Registrar is satisfied that the claim is justified by the use of the mark which the applicant has made, or intends to make if and when it is registered. Where an applicant considers that a claim in respect of all the goods included in a class can be justified it will save unnecessary delay in examining applications if a claim is filed simultaneously with the application, accompanied in appropriate cases by supporting documents.

The period for lodging notice of opposition may be extended by the Registrar as he thinks fit and upon such terms as he may direct. Any request for such extension should be made to the Registrar so as to reach him before the expiry of the period allowed.

Formal opposition should not be lodged until after reasonable notice has been given by letter to the applicant for registration so as to afford him any opportunity of withdrawing his application before the expense of preparing the notice of opposition is incurred. Failure to give such notice will be taken into account in considering any application by an opponent for an order for costs if the opposition is uncontested by the applicant.
