3 Each application should be accompanied by a statement indicating —

(a) The outline proposals of the applicant for the development of the site, which may include sketch designs and should show—

- (i) principal access,
- (ii) an indication of the number of bedrooms,
- (iii) the number and nature of public rooms to be provided,
- (iv) the applicant's proposals for dealing with traffic circulation and car parking on the plot.

(b) The amount of capital available for development together with a statement from the applicant's bankers, or from the representative of some other financial institution acceptable to the Commissioner, certifying that this amount is either immediately available, or will to the best of his belief become available during the course of the construction of the hotel.

4 The successful tenderers will be required to pay within 28 days of notification that their tenders have been accepted the stand premium set out in the Schedule together with the proportionate amount of rent, the survey fees and fees payable in respect of the preparation and registration of the title together with the stamp duty (which is approximately 2 per cent of the purchase price and 1 per cent of the rent).

6 The stand premium and annual rent will be as laid down in the Schedule.

General Conditions

1 The grant will be made under the Government Lands Act (Cap 280 of the Revised Edition of the Laws of Kenya) and title will be issued under the Registration of Titles Act. The term of the grant will be 99 years from the first day of the month following the notification of approval of the grant.

Special Conditions

1 No buildings shall be erected on the land nor shall additions or external alterations be made to any buildings otherwise than in conformity with plans and specifications previously approved in writing by the Commissioner of Lands and the Local Authority. The Commissioner shall not give his approval unless he is satisfied that the proposals are such as to develop the land adequately and satisfactorily.

2 The grantee shall within six months of the commencement of the term submit in triplicate to the Local Authority and the Commissioner of Lands plans (including block plans showing the positions of the buildings and system of drainage for the disposal of sewage, surface and sullage water), drawings, elevations and specifications of the buildings the grantee proposes to erect on the land and shall within 36 months from the commencement of the term complete the erection of such buildings and construction of the drainage system in conformity with such plans, drawings, elevations and specifications as amended (if such be the case) by the Commissioner.

3 The grantee shall maintain in good and substantial repair and condition all buildings at any time erected on the land.

4 The land and buildings shall only be used for hotel purposes and shops ancillary thereto.

The floor area of any basement wholly below ground level may be excluded from the calculation.

6 The land shall not be used for the purposes of any trade or business which the Commissioner of Lands considers to be dangerous or offensive.

7 The grantee shall not subdivide the land.

8 The grantee shall not sell, transfer, sublet, charge or part with the possession of the land or any part thereof except with the prior consent in writing of the Commissioner of Lands. No application for such consent (except in respect of a loan required for building purposes) will be considered until Special Condition No 2 has been performed.

9 The grantee shall pay to the Commissioner of Lands on demand such sum as the Commissioner may estimate to be the proportionate cost of constructing all roads and drains and sewers serving or adjoining the land and shall on completion of such construction and the ascertainment of the actual proportionate cost either pay (within seven days of demand) or be refunded the amount by which the actual proportionate cost exceeds or falls short of the amount paid as aforesaid.

Provided that 50 per cent of the estimated service charges only shall be payable initially at the same time as the stand premium and initial rent and the balance in such manner as may be specified thereafter by the Commissioner of Lands.

10 The grantee shall from time to time pay to the Commissioner of Lands on demand such proportion of the cost of maintaining all roads and drains serving or adjoining the land as the Commissioner may assess.

11 Should the Commissioner of Lands at any time require the said roads to be constructed to a higher standard the grantee shall pay to the Commissioner on demand such proportion of the cost of such construction as the Commissioner may assess.

12 The grantee shall pay such rates, taxes, charges, duties, assessments or outgoings of whatever description as may be imposed, charged or assessed by any Government or Local Authority upon the land or the buildings erected thereon including any contribution or other sum paid by the President in lieu thereof.

13 The President or such person or authority as may be appointed for the purpose shall have the right to enter upon the land and lay and have access to water mains, service pipes and drains, telephone or telegraph wires and electric mains of all descriptions, whether overhead or underground, and the grantee shall not erect any building in such a way as to cover or interfere with any existing alignments of main or service pipes or telephone or telegraph wires and electric mains.

NOTICE is hereby given that any person who has grounds of opposition to the registration of any of the trade marks advertised herein according to the classes may, within 60 days from the date of this Gazette, lodge notice of opposition on Form T M No 6 (in duplicate) together with a fee of Sh 50

Notice is also hereby given that official objection will be taken under rule 21 (3) to all applications in which the specification claims all the goods included in any class unless the Registrar is satisfied that the claim is justified by the use of the mark which the applicant has made, or intends to make if and when it is registered. Where an applicant considers that a claim in respect of all the goods included in a class can be justified it will save unnecessary delay in examining applications if a claim is filed simultaneously with the application, accompanied in appropriate cases by supporting documents

The period for lodging notice of opposition may be extended by the Registrar as he thinks fit and upon such terms as he may direct. Any request for such extension should be made to the Registrar so as to reach him before the expiry of the period allowed

Formal opposition should not be lodged until after reasonable notice has been given by letter to the applicant for registration so as to afford him any opportunity of withdrawing his application before the expense of preparing the notice of opposition is incurred. Failure to give such notice will be taken into account in considering any application by an opponent for an order for costs if the opposition is uncontested by the applicant

Where it is stated in the advertisement of the applicant that the mark, upon its registration, is to be limited to certain colours, the colours are, as far as possible, indicated in the accompanying representations of the mark in the usual heraldic manner
