E. BROWN

Officer-in-Charge,

Reuter's Telegrams.

SEPTEMBER 1ST.—The Sultan of Morocco has released the Algerian Chief, other French demands however have not yet been settled. The letter from the Moorish Government relating to the release of this Chief contains certain terms of reservations which France will not accept, the incident therefore is not yet settled.

M. de Witte telegraphing to the Tsar announcing peace says, have honour to report that Japan has agreed your demands concerning the conditions of peace which will be established in strict conformity with your Majesty's indications. Russia will remain for ever as hitherto a great power in the Far East.

Yorkshire is first in the County Cricket Championship having won 18 matches, lost 3 and drawn 7. Lancashire comes next with 12 wins 3 lost and 10 drawn.

Marshal Oyama reports extensive fighting in the north east of Hsingching and at other places on the 27th ult: resulting in the repulse of the Russian attacks and the capture of their positions.

Reuter's Agency learns that the Anglo-Japanese Agreement was signed by Lord Lansdowne and Count Hayashi on the 12th ult: It affords mutual guarantees for the protection of Anglo-Japanese interests even if only threatened by a single hostile power, and it assures the maintenance of *status quo* in the Far East.

M. Loubet has telegraphed to the Tsar his lively congratulations at "the great event that your high wisdom has permitted to be accomplished. France, Russia's ally is glad to see a war marked with so many heroic deeds terminated by so honourable a peace."

SEPTEMBER 4TH.—M. de Taillandier on Thursday handed to the Sultan of Morocco an Ultimatum demanding complete reparation and apology in a specified time for the imprisonment of the Algerian Chief.

The French Press considers that the renewal of the Anglo-Japanese Alliance gives further strength to the Entente Cordiale rather than disturbing it.

M. Rouvier has handed to Prince von Radolin the French reply to the German Note of the 20th ult: It is understood that the exchanging of these Notes has diminished the differences between the two Powers.

A party of Chinese attacked an Indian hut on the Kleinfontein Estate hacked the inmates with knives disembowelled one and injured three. Twenty Chinese have been arrested.

The Austrian Lloyd steamer "Koerber" sailed from Port Said for Dar-es-Salaam with 232 German troops on board.

In connection with the reports of the possible liquidation of the Sugar Raffineries Egypte as the result of the suicide of Cronier it is declared in Paris that the French Courts have no jurisdiction. The Liquidator appointed in connection with Cronier's own affairs states that had he not committed suicide he would have been brought before the assises.

The Tsar telegraphed on the 1st inst: to General Linievitch notifying the conclusion of negotiations for peace.

SEPTEMBER 5TH.—The French Ultimatum to Morocco expires to-day.

The Municipality and merchants in Danzig on the evening of the 3rd inst: gave a banquet to the Admirals and senior officers of the Channel Squadrons. The military Commandant, the Civil Governor, the Burgomaster, and other notabilities were present and the proceedings were most cordial.

Official despatches received in Berlin show that the rebellion in East Africa is becoming more formidable.

The Treaty was to be signed at Portsmouth (U. S. A.) at 5 p. m. yesterday ratifiable within fifty days, the Japanese are expected to leave to-day and the Russians tomorrow.

Hitherto of 66 cases of Cholera 23 have proved fatal in Prussia.

The Peace Treaty was signed yesterday afternoon.

A case of Cholera is reported at Brest.

SEPTEMBER 6TH.—An insignificant delay in the final drafting prevented the signature of the Treaty on the evening of the 4th instant and it was signed yesterday afternoon.

Baron Rosen is appointed the new German Minister to Morocco and is about to proceed to Paris to discuss with the French Government certain questions on which an understanding is necessary before the Conference can meet.

The synopsis of the Treaty is published in fifteen Articles whereof the gist is known to be that each undertakes to employ its section of the Manchurian Railway solely for commercial and industrial purposes and to establish a junction at Quangchang, each evacuates Manchuria within 18th months afterwards, retaining 15 Railway Guards per kilometre, and each agrees to place no obstacle in the way of China for the development of Manchuria.

SEPTEMBER 8TH.—Morocco has acceded to all the French demands and has publicly apologised.

The condition in the Baku District is frightful. 500 Milltowers, besides whole quarters of the town are afire and fierce fighting continues.

Rioting continued at Tokio throughout Tuesday. The mob attacked and burned the Home Minister's residence despite the strenuous resistance of the police.

Reuter's Agent at Tokio states that the mob burned [and destroyed ten Christian Churches, one Mission house and school on the night of the 6th instant.

The situation in the Caucasus is continually becoming more alarming, hundreds have been shot by the Infantry and Artillery at Balakhany near Baku and a thousand were killed or wounded during a desperate attack on the military Camp and Provision Depots.

Reuter's Agent at Tokio states that martial law has been proclaimed. The disorders were resumed on Thursday evening and troops are now guarding the Foreign Legations.

SEPTEMBER 9TH.—Violent earthquakes occurred yesterday morning in Italy particularly in Calabria where

The Channel Squadrons have arrived at Copenhagen.

347 persons were killed in the earthquake at Calabria.

The latest telegrams from the Caucasus are vague and confused and it is impossible to say whether the rising is spreading or subsiding.

Against reassuring Official telegrams there are private messages recounting the wholesale massacres of Armenians.

SEPTEMBER 11TH.—Reuter's Agent at Tokio states that an informal meeting of Members of Parliament was held on Saturday when Count Kabura made a reassuring statement showing that Japan had not promised not to fortify the Laperouse Strait but had only guaranteed a free passage, besides this Japan acquires a free hand in Korea and other advantages. The Minister of Marine who was present emphasized the fact that the capture of Vladivostok would have demanded far greater sacrifices from Japan than was necessitated at the capture of Port Arthur. These statements have tended to tranquillize public opinion.

Baron Rosen has commenced negotiations with regard to Morocco with M. Rouvier.

The King has arrived in London.

The Italian Government are taking special measures to relieve the terrible distress caused by the earthquake. Soldiers are working unceasingly to rescue the thousands who are without any resources whatever. The mortality is still undetermined.

The latest report of the earthquake in Italy show 300 dead at Pargheli, 200 at Japplo and 2000 killed and injured at Marterano. Fresh shocks have been felt at Reggio in Calabria on Saturday afternoon, and the population are panic stricken.

The Kaiser in a speech at Hamburg referred to his childhood impressions of the horrors of War, in 1870 and stated that this was the reason that his chief care was to preserve the peace of his own country.

M. Rouvier has informed the French Cabinet that he has every hope that an agreement with Germany with regard to Morocco will be reached within the next ten days.

The French Press express satisfaction that the French demands are settled, and French honour has been vindicated without recourse to force.

The settlement of the affairs of the late M. Cronier (Sugar speculator) is proceeding normally.

Tokio is quieting down in consequence of the reassuring official statements and no further disorders are feared. The guards on the Foreign Legations have been withdrawn.

It is believed that the Japanese Government will resign when the Diet meets.

Count Komura has suddenly been taken ill with intestinal trouble.

SEPTEMBER 12TH.—The Italian Minister of Public Works proceeded to Calabria in a Relief train. The country is described as one vast cemetery, villages are wiped out and putrefying corpses litter the ground. The demented population mobbed the train clamouring for help. Fissures in the earth are visible for miles.

Rough weather in Channel prevented the crossing of Val d' Or. He will therefore not compete in the St. Leger.

Excellent rains have fallen in Rajputana and in other drought stricken districts.

The King of Italy is motoring from village to village personally questioning the sufferers and encouraging the authorities in the relief work.

A crowded train was derailed in New York on the elevated Railway. A car fell into the street 10 passengers were killed and 30 injured.

SEPTEMBER 13TH.—Despatches from Baku dated Monday afternoon state that the situation there is becoming worse every minute. The town is full of troops who have practically destroyed a large portions of the place with artillery fire. Tartars and Kurds still continue plundering.

Cicero is a doubtful starter for the St. Leger.

Generals Fukushima and Ovanovsky the Japanese and Russian Armistice Commissioners will meet at Shahobu to-day to arrange details.

Cicero has been scratched for the St. Leger.

Reuter's Agent at Tokio states that the Battleship "Mikasa" caught fire and sank on Monday morning.

The fire reached her aft magazine an explosion occurred blowing a huge hole on her side below the waterline and causing her to sink immediately. There were 599 casualties including men from the other ships who were assisting to extinguish the fire, its cause is unknown.

SEPTEMBER 14TH.—The Russian Peace Commissioner have sailed from New York for Russia.

Count Komura starts to-day for Japan despite his illness.

The Ironclad "Mikasa" was anchored at Sasebo. The fire first started at the base of her main-mast spread with the greatest rapidity exploding the Magazine within an hour after its commencement. She sank in shallow water and it is believed that she is repairable. Admiral Togo was not on board.

The following is the result of the St. Leger.

- 1 Challacombe
- 2 Polymelus. (Lord Crewe's)
- 3 Cherry Lass. (Mr. W. Hall Walker's).

Diplomatic relations between Greece and Rumania are interrupted owing to the latter's refusal to redress various grievances of Greek subjects leaving in Rumania.

Three fresh shocks between 8 p. m. and 2 a. m. yesterday were felt at Cosenza in the district of Calabria. Further damages have been done and the panic is increasing.

It is believed that Count Komura is suffering from typhoid fever, a specialist has been summoned and his return to Japan is postponed indefinitely. Count Tarabira remains with him.

In the negotiations which are being carried on between M. Rosen and M. Rouvier on the Morocco question the former is acting in the most conciliatory spirit and it is expected that an agreement with regard to the coming Conference is imminent.
